CIS 0410  (F)  3 hrs. cr.
Information Systems II  (Writing Intensive)
Continued development of the ability to analyze and design computer-based information systems. Includes coverage of analysis and design methodologies, computer-aided software engineering tools and project management techniques. Topics are illustrated with in-depth case studies. Emphasizes teamwork. Prerequisites: CIS 202 and 310 with a grade of ‘C’ or above.

CIS 0425  (S)  3 hrs. cr.
Database Management Systems II  (Writing Intensive)
Includes a survey of database management theories with experience in the application of database technology. An emphasis will be placed on the relational model. Functions of database management systems, data modeling and database systems design and implementation in a client/server environment are stressed through case studies. Prerequisites: CIS 310 and CIS 410, with a grade of ‘C’ or above.

CIS 0430  (Demand)  3 hrs. cr.
Introduction to Artificial Intelligence
Introduces the process of developing intelligent computer software. Topics covered include knowledge abstraction and representation, heuristic search techniques, game playing, expert systems and meta-programming. Prerequisite: CIS 350 with a grade of ‘C’ or above.

CIS 0435  (Demand)  3 hrs. cr.
Data Mining
Introduces data warehousing and data mining. The former being a standard approach to archiving summary data for analysis; the latter being techniques of analysis intended to discover subtle and unexpected relationships in the historical data, for use in design, marketing, research and engineering. Topics include concepts, principles and architectures and the design and implementation of Data Mining applications. Prerequisites: CIS 310 and (GB 321 or MATH 310 or MATH 361 or BIO 290) with a grade of ‘C’ or above.

CIS 0440  (S)  3 hrs. cr.
Computer Forensics I
Introduces the basics of computer forensics. Topics covered include backups and data recovery, hard drive imaging and forensic analysis of recovered data, data hiding and encryption techniques, reconstruction of past events, techniques used to compromise and safeguard computers, surveillance tools, analysis of data and collection and preservation of electronic evidence. Students will be introduced to forensic techniques and available electronic tools for forensic analysis. A basic knowledge of networks and UNIX/Linux, as well as a thorough knowledge of Windows is assumed. Prerequisites: CIS 315 and CIS 345 with a grade of ‘C’ or above.

CIS 0445  (F)  3 hrs. cr.
Computer Forensics II
A continuation of Computer Forensics I with an emphasis on the use of the professional forensic software tools like Access Data’s Forensic Tool Kit and Guidance Software’s EnCase. Prerequisite: CIS 440 with a grade of ‘C’ or above.

CIS 0450  (F)  3 hrs. cr.
Operating Systems  (Writing Intensive)
Fundamental concepts of operating system design. Emphasis is placed on identifying the problems an operating system must solve and considering the range of alternative solutions that may be implemented. Topics include process management, memory management, processor management, auxiliary storage management and security. The Linux operating system is highlighted. Prerequisite: CIS 350 with a grade of ‘C’ or above. Co-requisite: CIS 345.

CIS 0498  (Demand)  1-3 hrs. cr.
Advanced Topics in Computer Information Science
Addresses emerging topics in computer science and management information systems. Each offering will be on a subject not normally included in another course. Prerequisite: May be specified in each course syllabus.

CIS 0499  (Demand)  1-3 hrs. cr.
Independent Study
The adviser, with approval of the department head, structures an independent study course. Prerequisite: Upper division standing with an overall GPA of 3.0 or above. The adviser, the department head and the dean of the school must approve registration in the course.

Mission
The mission of the Criminal Justice Administration Department is to encourage lifelong learning and scholarship, to produce qualified and knowledgeable graduates and to foster development of ethical professionals prepared for leadership positions in the criminal justice and justice fields. The department is devoted to emphasizing quality teaching and learning, to providing an international perspective and to promoting the value of community service. The Department seeks to further the study and understanding of criminal justice through our teaching, service to the University and service to the community.

In addition to the extremely versatile Bachelor of Science degree in Criminal Justice Administration and the Associate of Science in Law Enforcement, the Criminal Justice Department offers the Bachelor of Science in Juvenile Justice. Another recent addition is the dual degree in Computer Forensics, offered with the Computer Information Science Department.

These exciting degree programs are complemented by four minors, including criminal justice administration, juvenile justice, corrections and the very popular CSI-Crime Scene Investigation. The many new combinations offer a myriad of opportunities for students who are seeking careers in the justice system and justice related fields.

The Criminal Justice Administration degree offers academic training coupled with “real world” practical training for students pursuing careers as criminal justice professionals. The Criminal Justice program provides a varied and flexible curriculum, small classes, faculty who provide individual academic attention, international educational opportunities and a unique learning environment.

The Criminal Justice Administration degree program offers a varied curriculum to meet the needs of a diverse student body. The program prepares students for a wide variety of careers as criminal justice professionals as well as graduate programs in law, criminal justice and other related fields. The Criminal Justice program prepares students for careers in traditional fields such as law enforcement, juvenile justice, corrections, probation and parole and private or industrial security. The program also prepares students for investigative positions with federal agencies, state and local agencies, insurance companies and other private enterprises. In addition, a criminal justice administration degree will prepare students for the many new opportunities in the areas of safety and security.
The Criminal Justice Department offers a flexible curriculum to serve the needs of the student body. In addition to day and evening courses, students can obtain the Criminal Justice Administration degree and the Associate of Science degree over the Internet. The many hybrid courses combine the benefits of the classroom experience with the flexibility of the Internet courses. By meeting on campus weekly, monthly or at other intervals, but conducting much of the course via the Internet. The Department offers criminal justice professionals who have experience in the field college credit for work experience through the portfolio process. The Department also recommends that all students participate in the internship program, where students receive college credit for working side by side with practicing criminal justice professionals.

Our faculty members are attentive to student needs and strive to prepare students for challenging criminal justice careers. They have 100 years of combined practical experience in criminal justice fields, including experience as law enforcement officers, juvenile officers, assistant prosecutors, legal advisors, criminal investigators and child abuse investigators. In addition, our faculty members have experience in private law practice, security administration, mental health coordination and non-profit agency administration.

The Criminal Justice Department emphasizes the international mission and provides students with opportunities to study and travel abroad to view first-hand other criminal justice systems around the globe. Our faculty and students have explored the justice systems in England, France, Australia, New Zealand, Morocco, Italy, Israel, Spain and Costa Rica. In the years since the international mission was implemented, approximately 350 criminal justice students have studied abroad.

The state-of-the-art Mills Anderson Public Safety Center is the busy home of the Criminal Justice Administration Department at Missouri Southern State University. The Department boasts a high-tech mobile Crime Scene Investigation Unit. The facility features a modern indoor "live-fire" firearms range and two firearms training simulation systems. The auditorium provides a forum for lectures and meetings as well as for advanced training seminars for practicing criminal justice professionals. These seminars are taught by nationally recognized criminal justice professionals, allowing students to learn from the experts and network with potential employers.

The Criminal Justice Department at Missouri Southern State University also operates the 600-hour Basic Law Enforcement Training Academy. (See Law Enforcement.)

The Criminal Justice Administration degree will allow students to take advantage of the many traditional career opportunities as well as the multitude of new opportunities in criminal justice, especially in the areas of homeland security and global security.
