From the President

We at Missouri Southern want our students to have the best possible college experience. That’s why we offer excellent academic programs and the professors who teach at Southern are dedicated to helping students learn.

The heart of any university is academics, but we also believe that what students do outside the classroom is important for a healthy education. That’s why we support the academic mission in a variety of ways. For example, we have tutorial services for students who need extra attention and counseling services for students who want to know about careers or just need to talk with someone about a pressing issue. We have a first-year course that helps students learn how to be successful at Southern.

We have numerous clubs and a vibrant Student Senate that has an active voice in campus affairs. For students who want to live on campus, we have student housing and, since I’ve eaten at the campus dining areas, I can testify that the food is good and there’s lots of it. We also have thriving athletic programs, so students can become part of the excitement of cheering the Lions to winning seasons. Each student also has access to the state-of-the-art Biemdiek Recreation Center that includes fitness equipment and three basketball courts. The Biemdiek Recreation Center also houses the Willcoxon Health Center that looks and functions like a top-of-the-line physicians’ office!

Students come to Southern with different backgrounds and we try very hard to ensure that we appreciate where students have been as we help them figure out where they are going. That’s why our goal is to offer a college experience tailored to a student’s needs, an education that will not only provide students with wonderful memories but also will give them the total educational experience necessary to be successful citizens. As you think about which university to attend, consider the many benefits of a Missouri Southern education and please call me at 417.625.9501 if you have any questions.

Bruce W. Speck
President
Dear Student,

If you’re entering the university for the first time or even coming back after several years’ absence, you’ll need information in this catalog. It’s not the most exciting bedtime reading, but it does pack a lot of information about our academic programs into your university experience.

This catalog and our helpful staff can answer your questions, but here are answers to questions students frequently ask:

1. Can I get financial help with university costs?
   Yes, a full range of financial aid programs are available to qualified students. Kathy Feith, Director of Student Financial Aid and her staff can provide you with information and applications in Hearnes Hall 114, 417.625.9325, feith-k@mssu.edu. (Financial Aid, page 30)

2. I haven’t decided on a major yet. What do I do?
   Southern has trained academic advisers to help you discover what your best interests and attributes might be. Visit with Kelly Wilson, Director of Advising, Counseling and Testing Services (ACTS), Hearnes Hall, 417.625.9324, wilson-k@mssu.edu. (ACTS, page 22)

3. I’m concerned about the transition from high school to college. Is there someone to help?
   Yes, the Advising, Counseling and Testing Services (ACTS) department can help here too, as well as your First Year Experience class. Visit with Faustina Abrahams, First-Year Advising Coordinator, Hearnes Hall, 417.625.9521, abrahams-f@mssu.edu, or Susan Craig, Director, First Year Experience Program, Hearnes Hall, 417.625.9732, craig-s@mssu.edu. (ACTS, page 22 and/or First Year Experience Program, page 58, 256)

4. Do you have an Honors Program?
   Southern has an excellent and challenging Honors Program which includes opportunities for international travel. Talk to Michael Garoute, Director of Honors Program, Webster Hall 118, 417.625.9748, garoute-m@mssu.edu. (Honors Program, page 56)

5. What activities and organizations are available?
   A host of special events, student activities and departmental organizations are available throughout the year. Drop by the Student Activities Office, Billingsly Student Center, 210, 417.625.9669, CAB@mssu.edu (Student Activities, page 40. See also individual departments.)

   Additional information is available at the Southern website: www.mssu.edu
Our Mission

Missouri Southern State University is a state-supported, comprehensive university offering programs leading to undergraduate and graduate degrees. Central to our mission is a strong commitment to international education, liberal arts, professional and pre-professional programs and the complementary relationship that must exist among them to prepare individuals for success in careers and lifelong learning.

Vision

Missouri Southern State University will be recognized as a leader in offering undergraduate and graduate degree programs that foster the total education of each student. In order to remain loyal to the trust given to the University by the people of the State of Missouri, Missouri Southern State University will:

- fulfill its mission and objectives in an honorable and ethical manner;
- periodically review its mission in light of contemporary changes in society and in the needs of the people of Missouri and our communities;
- continually assess the effectiveness of its programs in order to ensure their quality and integrity.

Values

International Education
The University prepares its students to be global citizens in fulfillment of its statewide mission.

Liberal Arts Education
The University commits to a comprehensive program of general education requirements for all students.

Teaching and Learning
The University provides exemplary teaching and learning as supported by scholarship and creative expression.

Student Success
The University commits to the academic, personal and career success of its students.

Community Service
The University leads the intellectual, creative, cultural and economic advancement of our communities.
In July 1995, Missouri Governor Mel Carnahan signed into law House Bill No. 442, which designed Missouri Southern as “a statewide institution of international or global education.” The bill directed the university to “develop such academic support programs and public service activities it deems necessary and appropriate to establish international or global education as a distinctive theme of its mission.”

The faculty and administration of Missouri Southern developed over the next year the outline of a comprehensive plan of international education. Included was the establishment of the Institute of International Studies, charged with overseeing the internationalizing of the campus. Our International Mission efforts have included:

- Adding new majors in International Business, International Studies, French and German.
- Adding new minors in Japanese, Chinese and Russian and courses in Arabic.
- Designing “themed semesters,” where the Fall semester of every year focuses on a particular country, continent or region of the world.
- Expanding opportunities and providing grants for some 2,500 MSSU students to study abroad.
- Signing agreements with 16 international universities for student exchange: 3 in Japan, 2 in China, 2 in Sweden, 2 in Germany, 2 in France, 1 in Russia, 1 in Finland, 1 in Costa Rica, 1 in Taiwan and 1 in Canada.
- Joining the International Student Exchange Program (ISEP), in order to exchange students with universities around the world.
- Joining the Missouri London Program and Missouri Greece Program consortia along with other universities from the State of Missouri. Students and faculty can spend an entire semester in London or Athens.
- Infusing the curriculum with 150 new courses that are either international courses or courses with a predominantly international focus.
- Establishing an International Trade & Quality Center and becoming the headquarters of the International Society of Weekly Newspaper Editors (ISWNE).
- Developing an International English Program, to help students from all over the world improve their spoken and written English in an academic setting.
- Establishing the Gockel International Symposium, which brings world-renowned scholars to campus every year.
- Creating the McCaleb Initiative for Peace to examine the causes and prevention of war. At least one Missouri Southern student-faculty team receives up to $5,000 every year for an in-depth research project that involves traveling to the sites of former wars and conflicts.
Student's Guide to the Baccalaureate Degree

Non Scholae Sed Vitae Discimus  
“Education not for a living, but for life.”

We, the faculty at Missouri Southern, believe that you achieve a complete education through an interrelated program of study which includes the General education curriculum and your major, as well as the extra-curricular opportunities that complete the total collegiate experience. We realize that over a lifetime many of you will change occupations and careers several times. While specialized knowledge in your field is essential, we believe that certain lifelong thinking and learning skills and a common body of knowledge are critical for an understanding of yourself and your larger community and for career advancement in the 21st-century marketplace. Specifically, we are committed to assist you as an undergraduate to:

- Acquire knowledge, both in breadth and depth, through exposure to a wide variety of disciplines and through majoring in your chosen field.
- Communicate with precision and style and to think clearly and critically.
- Achieve competence in quantitative skills.
- Know the methods of inquiry and thought necessary for understanding nature, society and self.
- Sharpen your awareness and appreciation of cultures around the world with their differing values, traditions and institutions.
- Develop lasting intellectual and cultural interests.
- Recognize and appreciate the importance of creativity and imagination in the human experience.
- Achieve greater social maturity and tolerance for human diversity through the experience of working closely with a wide variety of fellow students and faculty members.
- Recognize and examine the formation of personal ethical values in a diverse society.

General education curriculum
The General education curriculum at Missouri Southern is a carefully designed series of courses that all students earning a bachelor’s degree must complete. It is our effort to furnish you a liberal education. But why? What about the General Education is so important that it constitutes nearly half of the credit hours necessary for your degree?

One way to answer that question is to reflect on another: What does it mean to be well-educated? While the question has generated much debate and there is no simple answer, most agree that a well-educated person possesses certain fundamental intellectual skills, a broad knowledge of the world and a deep knowledge of a particular subject. While pursuit of a major field of study furnishes knowledge in depth, it is the General education curriculum that seeks to arm you with the intellectual skills and the breadth of knowledge that characterize well-educated and socially responsible individuals.

Goals of the General education curriculum
The University accepts four intellectual skills as essential for well-educated people:

Communicating: Well-educated people develop effective use of the English language and quantitative and other symbolic systems essential to their success in school and in the world. Students should be able to read and listen critically and to write and speak with thoughtfulness, clarity, coherence and persuasiveness.

Higher-Order Thinking: Well-educated people develop the ability to distinguish among opinions, facts and inferences; to identify underlying or implicit assumptions; to make informed judgments; and to solve problems by applying evaluative standards.

Valuing: Well-educated people develop abilities to understand the moral and ethical values of a diverse society and to understand that many courses of action are guided by value judgments about the way things ought to be. Students should be able to make informed decisions through identifying personal values and the values of others and through understanding how such values develop. They should be able to analyze the ethical implications of choices made on the basis of these values.
Well-educated people develop an understanding of how cultures and societies around the world are formed, sustained and evolve. Students should understand world affairs, international issues and cultures other than their own as seen through the history, geography, language, literature, philosophy, economics or politics of the cultures. Students will acquire empathy for the values and perspectives of cultures other than their own and an awareness of the international and multicultural influences in their own lives.

Health and Wellness: Well-educated people develop the knowledge and self-management skills that will assist them in adopting healthy lifestyles. This encompasses all areas of wellness: physical, emotional, spiritual, social and intellectual. Students will understand the relationship between lifestyle management, quality of life and societal health and productivity.

In addition to the General Education goals and to equip students to meet the technological demands of the 21st century, MSSU requires all its graduates to demonstrate computer literacy.

While you are a student at Missouri Southern, you will also benefit from the emphasis placed, both in the General Education and the majors, on two essential areas, writing and international education. First, because writing is among the most crucial skills, Southern ensures that writing permeates the total course of study, starting in freshman composition courses and continuing through writing intensive courses in each major. Second, as detailed elsewhere in this catalog, Southern has a special emphasis in international education. An awareness of other peoples, languages and cultures is becoming increasingly necessary. Southern strives to promote a global perspective in every possible course, including those in the General Education.

Thanks to technological resources and the commitment of our faculty, students have the opportunity to complete many of the General Education courses in modes that suit their individual schedules and needs. While Missouri Southern offers all of the General Education courses in traditional classroom settings, students who possess the skills and responsibility required for success in General Education courses offered in non-traditional modes, such as on-line and televised courses, will be able to do so.

Your Major
The University offers more than 100 majors in a wide variety of fields. Your pursuit of your major will furnish you with the knowledge in depth that is also characteristic of a well-educated person. Some students come to Southern with a clearly defined idea of their major; others come uncertain, relying on their exposure to the General education curriculum and on experimenting with a few elective courses to help them choose.

In either case, when you emerge with your baccalaureate degree, you will have mastered a body of knowledge that sets you apart from well-educated people in other fields. Often it is your mastery of a particular discipline that makes you of great value
in the workplace. Not only do you emerge knowing a great deal, but you also emerge armed with the power to learn more, to extend your knowledge.

**Special Features of Missouri Southern**

A comprehensive education fostering life-long learning is the aim of our liberal arts curriculum. Southern strives to present the best in higher learning. The following features distinguish our university.

**Emphasis on Teaching:** The heart of Missouri Southern is that of an undergraduate university where the interaction between teacher and student is of primary importance in the learning experience. Here you will be taught by professors with degrees from the most prestigious universities across the nation.

**International Mission:** The world is changing rapidly and dramatically. The future will belong to those who have an understanding and appreciation for the world beyond the boundaries of their country. That is why Missouri Southern has chosen to emphasize a global perspective throughout our entire curriculum and wherever possible to add an international dimension to our courses.

**Enrichment Programs:** Your opportunity for total education is enriched through a variety of special programs including the Honors Program, internships and independent study opportunities, involvement with the student media and “themed” semesters that focus on a country, continent or section of the world. Study abroad opportunities include the Summer in Sweden art program; language immersion programs in France, Germany, Mexico and Spain; and semester-long exchange programs throughout the world. Short-term study abroad experiences, including comparative trips and on-site classes, introduce students to aspects of another country’s culture in order to expand their views beyond the U.S. perspective.

**Total Collegiate Experience:** A great deal of college education happens outside the classroom. An array of extracurricular activities is offered to meet almost every academic and social interest. In addition, numerous services are available for the student to meet educational and personal needs.

**Assessment of Outcomes:** Missouri Southern continually assesses the effectiveness of its programs, including the General education curriculum and all the majors. The assessment information helps us revise and improve our programs. In this way, we ensure our curriculum is dynamic and up-to-date.

**Diverse Student Body:** Students at Southern represent a wide variety of ages and places of origin. The sizable enrollment of nontraditional students (those over 25) and international students is a great advantage. On our campus, students come to see each other as friends and allies and learn to develop healthy and supportive relationships with a variety of people.

**Flexible Class Scheduling:** Day and evening classes, hybrid classes, delayed start and intersession classes are available to students for the purposes of flexible scheduling. The Division of Lifelong Learning provides a variety of forms of access to education to meet the needs of today’s students. Access to educational opportunities is provided through Internet, televised, blended Internet and TV and DVD correspondence, video hybrid, blended video, streaming video and weekend hybrid classes.

More complete information on each of these features is found in the catalog. And of course, our faculty and staff are always willing to help you to make the most of your college experience. Don’t hesitate to ask. We’re here for you!
Assessment of Outcomes

Goals of Assessment of Outcomes
Assessment is an ongoing, cyclical effort of identifying goals, developing programs to achieve those goals, evaluating the effectiveness of the programs, analyzing results, redefining goals and improving programs. That cycle is a basic responsibility of all faculty and administrators. Stated goals of outcomes assessment at Missouri Southern are:

1. Evaluation of institutional effectiveness by research and assessment of:
   a. Core Curriculum programs and school departments
   b. Academic and developmental student outcomes
2. Improvement of both academic and student affairs programs:
   a. To increase student academic and developmental outcomes
   b. To increase student retention and degree completion
3. Provision of data needed for assessment, program review and strategic planning to fulfill the university mission
4. Fulfillment of governmental mandates

In its mission, Missouri Southern is committed to developing effective programs to fulfill the needs of the students while developing knowledge, skills and positive attitudes so they can be successful and responsible citizens of a diverse world. In order to accomplish that goal, ongoing assessment is conducted not only by professors in classes offered each semester, but also by faculty and administration in program evaluation processes. The Center for Assessment and Institutional Research assists faculty and administration in gathering data for those studies. In addition, a Faculty Assessment advisory Committee meets regularly to study current assessment methods and make recommendations for improvement of the University’s assessment program.

Program for Assessment of Outcomes
Importance of assessment for college accountability is underscored by a Board of Governors policy requiring that students participate in assessment activities when requested. Information obtained from standardized tests, faculty developed tests, surveys, student research, portfolio reviews, student interviews and performances is used to develop both quantitative and qualitative data needed for the analysis phase of our assessment plan. Three identified areas of student outcomes are assessed each year: General Education, programs and student development. In addition, follow-up studies of alumni and their employers are conducted periodically.

General Education: Data for study is gathered each year by administering a standardized test and needed surveys to incoming freshmen and exiting seniors. The Proficiency Profile from the Educational Testing Service is a standardized test used to measure the impact of the General education curriculum on students as they complete a degree program. Students are called upon to analyze, synthesize, apply and evaluate information within several academic contexts, rather than just to recall or recognize content. Missouri Southern seniors consistently score at or above the national average on this test.

Program Level: The faculty and administration of each department are responsible for evaluating the effectiveness of their programs. Departments have mission statements, goals and objectives that are drawn from our institutional mission and values. Evidence is gathered through multiple measures and analyzed in an atmosphere of shared responsibility among department faculty and administrators.

Following guidelines from the Higher Learning Commission in determining the role of assessment in affirming and improving student learning, departments are asked to respond to the following questions:

1. How are your stated student learning outcomes appropriate to your mission, programs and degrees?
2. What evidence do you have that students achieve your stated learning outcomes?
3. In what ways do you analyze and use evidence of student learning?
4. How do you ensure shared responsibility for assessment of student learning?
5. How do you evaluate and improve the effectiveness of your efforts to assess and improve student learning?
6. How do you insure your student learning outcomes are shared with campus constituencies and the public?
A variety of assessment methods are used by the various departments. Some departments that offer degrees leading to state or national certifications use the required standardized tests for certification as their quantitative measures. These departments include computer information science, dental hygiene, education, medical technology, radiological technology, respiratory care and nursing. Departments that use standardized major field tests offered by the Educational Testing Service, PA-CAT, Inc. or by their particular professional organizations include biology, business administration, chemistry, criminal justice administration, English, environmental health, history, mathematics, physics, sociology, music and psychology.

In major areas where standardized tests are currently unavailable, departmentally developed assessments are used. They utilize one or more of the following methods: faculty developed exams, portfolio review, student interviews, external examiners, capstone projects and simulations, among others. The art, communications, kinesiology, political science, foreign language and theatre departments have developed such plans.

**Student Development:** The impact of a college is not limited to the classroom. While General education curriculum and departmental major assessment is focused on knowledge and skill outcomes, student development assessment focuses on social and personal growth of students both inside and outside of the classroom. Surveys are the primary method of gathering data to assess student development. Data are collected from entering and graduating students each year to assess current attitudes and opinions as well as trends in that information.

**Results of Assessment of Student Learning Outcomes**

As our assessment program matures, we have an ongoing commitment to use the data collected from tests, surveys, etc. to analyze trends and link results to the review and planning processes. Teams of students, faculty, administrators and staff are involved in these activities.

Evaluation of our assessment process continues as we make improvements and confirm successes to insure the integrity of our assessment efforts.
Fee Policies

Please visit our homepage at www.mssu.edu for our online schedule of classes that contains the most up-to-date listing of tuition and incidental fees.

The University reserves the right to change fees without notice.

Payment of Fees

1. Tuition and Incidental Fees
   For all students who have pre-registered for fall, spring or summer semesters, 100% of the semester charges must be paid by the published deadline for each respective semester. Failure to remit the balance due may result in an immediate cancellation of the student's class schedule, prior to regular registration. Students enrolled in intersession classes must have their fees paid in full prior to the first day of class.

   For students who enroll during regular registration, payment of 100% of the fees charged will be due and payable by the last working day of the second week of classes. The last working day of the first week of classes for summer. Failure to remit the balance due may result in an immediate cancellation of the student's class schedule.

   Students are required to view their student account balance via LioNet at www.mssu.edu upon enrollment. No invoice will be mailed. Students are responsible for any outstanding balance and are required to remit payment by the published due date.

   It is extremely important to realize that a financial obligation is incurred at the time of enrollment. Services are rendered as of the first day of class so unless a student officially withdraws prior to that day, fees will be assessed in full. No reduction in charges according to the University refund policy will be credited to the students account until an official withdrawal is completed. Students dropped for non-payment does not relieve their financial obligation. An official withdrawal is required.

   Students expecting their fees to be paid through financial aid sources must have all necessary documentation filed with the Financial Aid Office by April 1st for the Fall term and by November 1st for the Spring term in order to receive consideration for payment deferment.

   Students enrolled in evening, weekend Internet and televised classes for regular college credit courses, applicable toward an associate or baccalaureate degree, are subject to the same fees, rules and regulations as set forth for students attending day classes. Any special fees associated with a course will be listed in the schedule of classes.

   Appeals concerning special problems pertaining to fees should be directed in writing to the Bursar in Hearnes Hall, Room 210.

2. Residence Hall
   As stated in the contract agreement, students will be responsible for the full semester fee at the time that all other student account charges are due. The security deposit will be refunded only if the terms of the contract have been fulfilled.

Explanation of Fees

Admission Application Fee - a non-refundable administrative fee required upon submission of an application for admission.

Change of Class Schedule Fee - an administrative fee charged for each class change (add or withdrawal) made after the first week of the semester.

Distance Learning Fee - a fee charged to offset costs unique to the distance learning environment including: development of specialized Internet courses, fees to broadcasters for carrying televised courses, transmitter and tower costs for televised courses, host servers for Internet courses and video and Internet materials developed by independent producers.

Equipment Fee - an incidental fee assessed each semester, which enables the University to provide the most technologically current equipment for use in the classroom and laboratories. All fees collected will be used solely for the purchase of equipment, which will directly benefit the students in their university course work.

Late Registration Fee - an administrative fee assessed to students who enroll for classes after the first full week of the semester.

Parking Fee - an incidental fee assessed each semester to cover all costs associated with vehicle registration, roadway and sidewalk maintenance and campus security.

Records Fee - an incidental fee assessed to all students each semester to cover an unlimited number of transcripts, cap and gown and diplomas. This replaces the old transcript and commencement fees.

Special Course Fees - fees are charged for additional course materials and/or services for specific courses. Courses include but are not limited to art, music, education, dental hygiene, nursing, radiology and photography.

Student Activity Fee - an incidental fee assessed each semester to support various aspects of campus life including student activities, student government, student publications and other events and services provided by the University.
Student Health Center Fee - an incidental fee assessed each semester to help defray the cost of students’ basic office visits to the Missouri Southern State University’s Student Health Center, including first aid, injury care and screening for certain illnesses. The Student Health Center is staffed with a full-time family nurse practitioner, a part-time women’s health nurse practitioner and a physician who is available for daily consultation. Additional fees are charged for professional services such as laboratory tests, physical examinations, x-ray, prescriptions, etc.

Lion Card ID Fee – a one-time fee assessed to all new students for the Lion Card allowing the issuance of a photo identification card. The Lion Card is a single card solution for official MSSU identification, meal plan tracking, debit (Lion Bucks) account purchases, electronic door access control and special access to campus privileges venues such as the Beimdike Recreation Center. Please see www.lioncard.mssu for additional information about MSSU’s Lion Card Program. The types of debit transactions vary from vending machine purchase with “tap-and-go” convenience to book store purchases. In addition to purchases, the Lion Card allows you to gain access to the many privileges you are entitled to as a student such as Beimdike Recreation Center access and Wilcoxson Student Health Center visits.

Student Recreation Center Fee – An incidental fee assessed each semester for access to and use of the Student Recreation Center. This facility houses a student health center, three-court gymnasium, elevated jogging track, weight and cardiovascular areas, locker rooms, showers and a 150 seat theater auditorium.

Textbook Rental Fee - a per credit hour fee assessed for the use of rental textbooks. The University operates a rental system through the University Bookstore which allows the use of the required textbook by the student for one semester. It should be noted that some classes may require the purchase of supplemental books and materials not available through the rental system. Textbooks must be returned no later than 10 A.M., Monday following the week of finals. A book drop box will be available inside Billingsly Student Center on the second floor entrance for weekend and after-hour drop-off. Textbooks not returned by this time will be charged to the student’s account at the retail price. This fee may be reduced to a late fee equal to the current rental fee when returned after this time through the Wednesday following the week of finals. Books are non-returnable after this date. Payment of bookstore charges are required by the published due date.

Refund Policy (Except for Residence Hall Charges)
During the course of any semester, if a student finds it necessary to drop individual classes or fully withdraw from the University, the fee refund policy is as follows:

For Fall and Spring Semesters
Prior to the end of the first two weeks of classes .................100% refund
Third and fourth week ........................................50% refund
After the fourth week ........................................0% refund

For Summer Semester
Prior to the end of the first week
of classes .............................................100% refund
Second week ............................................50% refund
After second week ........................................0% refund

For Intersession
No refund of fees after first day of intersession classes.

Withdrawal from classes during the 50% refund period means that the student will be responsible for 50% of the cost of tuition and fees. Withdrawal from some classes after the fourth week, the student will be responsible for 100% of the cost of tuition and fees.

NOTE: Dates may vary for Off-Schedule classes. Withdrawal and refund of fees information listed only pertains to full-term classes. Students must contact the Registrar’s Office for information on off-schedule courses.

To be eligible for a refund, the student must formally complete a drop form and submit it to the Registrar’s Office within the refund period. If the student is withdrawing from the University completely, he or she must complete a withdrawal form with the University Exit Counselor within the published deadline dates.
Failure to attend classes will not constitute a withdrawal.

**NOTE:** The above refund policy does not apply to students with Federal Financial Aid.

If the student withdraws after payment of any or all fees for the semester, any monies due to the student will be mailed after fee refunds have been applied. However, if the university costs have been paid partially or fully by financial aid (scholarships, grants, loans, other government assistance programs, etc.) the refund monies will be first applied to the financial aid program source. Please see the repayment notice of Title IV aid paragraph below for further explanation. Once these awards have been fully refunded, any remaining balances will be forwarded to the student.

All refunds must be claimed during the term for which the refund applies. Students who feel that individual circumstances warrant exceptions to this policy may appeal in writing to the Bursar. This appeal must be made during the term for which the refund applies.

**REPAYMENT NOTICE FOR FEDERAL FINANCIAL AID**

Students who withdraw on or before the 60% point of the semester will be subject to repayment of part or all of their aid as determined by Federal Regulations.

- Students will be notified in writing of any amount due. A hold will be placed on the student’s account until repayment is made in full.
- Students must make repayment of their portion of financial aid within 45 days. Failure to make repayment within 45 days will result in:
  1. Referral to the Federal Government for collection.
  2. Ineligibility for Federal Financial Aid from all colleges and universities until the overpayment of aid and interest due is paid to the U.S. Department of Education.

For policies concerning fee refunds for Residence Hall charges, please refer to the Residence Life contract.
## Academic Calendar

### 2010 Fall Semester

- **August 19** .......... Class Registration
- **August 19** .......... Freshman Assessment Day
- **August 20** .......... Faculty Study Conference & Class Registration
- **August 23** .......... **CLASSES BEGIN**
- **August 30** .......... Drop/Add Fees & Late Registration Fees Begin
- **September 3** .......... Last Day Full Refund of Fees
- **September 6** .......... Dismissal for Labor Day
- **September 17** .......... Withdrawal after This Date No Refund of Fees
- **October 18-19** .......... Fall Break
- **November 5** .......... Last Day to Withdraw from a Class with a “W”
- **November 24-26** .......... Dismissal for Thanksgiving Holiday
- **December 6** .......... Last Day for Complete Withdrawal with all “Ws”
- **December 10** .......... Last Day of Classes
- **December 13-17** .......... Final Examinations
- **December 17** .......... End of Semester
- **December 18** .......... Commencement

### 2011 Spring Semester

- **January 13** .......... Class Registration
- **January 14** .......... Faculty Study Conference & Class Registration
- **January 17** .......... **CLASSES BEGIN**
- **January 24** .......... Drop Add & Late Fees Registration Begin
- **January 28** .......... Last Day Full Refund
- **February 11** .......... Withdrawal after This Date No Refund of Fees
- **February 23** .......... Senior Assessment Day
- **March 21-25** .......... Spring Break
- **April 8** .......... Last Day to Withdraw from a Class with a “W”
- **May 9** .......... Last Day for Complete Withdrawal with all “Ws”
- **May 11** .......... Last Day of Classes
- **May 12** .......... Reading Day – No Finals
- **May 13-19** .......... Final Examinations
- **May 19** .......... End of Semester
- **May 21** .......... Commencement
- **May 23-June 4** .......... Intersession

### 2011 Summer Semester

- **June 1-2** .......... Class Registration
- **June 6** .......... **CLASSES BEGIN**
- **June 9** .......... Last Day Full Refund of Fees
- **June 16** .......... Withdrawal After this Date No Refund of Fees
- **July 4** .......... Dismissal for 4th of July Holiday
- **July 14** .......... Last Day to Withdraw from a Class with a “W”
- **July 25** .......... Last Day for Complete Withdrawal with all “Ws”
- **July 25-28** .......... Final Examinations (Evening Classes)
- **July 28** .......... Final Examinations (Day Classes) & End of Semester

### 2011 Fall Semester

- **September 17** .......... Withdrawal after This Date No Refund of Fees
- **November 5** .......... Last Day to Withdraw from a Class with a “W”
- **November 19-26** .......... Dismissal for Thanksgiving Holiday
- **December 6** .......... Last Day for Complete Withdrawal with all “Ws”
- **December 10** .......... Last Day of Classes
- **December 13-17** .......... Final Examinations
- **December 17** .......... End of Semester
- **December 18** .......... Commencement

### 2011 Spring Semester

- **January 13** .......... Class Registration
- **January 14** .......... Faculty Study Conference & Class Registration
- **January 17** .......... **CLASSES BEGIN**
- **January 24** .......... Drop Add & Late Fees Registration Begin
- **January 28** .......... Last Day Full Refund
- **February 11** .......... Withdrawal after This Date No Refund of Fees
- **March 23** .......... Senior Assessment Day
- **April 8** .......... Last Day to Withdraw from a Class with a “W”
- **May 9** .......... Last Day for Complete Withdrawal with all “Ws”
- **May 11** .......... Last Day of Classes
- **May 12** .......... Reading Day – No Finals
- **May 13-19** .......... Final Examinations
- **May 19** .......... End of Semester
- **May 21** .......... Commencement
- **May 23-June 4** .......... Intersession

### 2011 Summer Semester

- **June 1-2** .......... Class Registration
- **June 6** .......... **CLASSES BEGIN**
- **June 9** .......... Last Day Full Refund of Fees
- **June 16** .......... Withdrawal After this Date No Refund of Fees
- **July 4** .......... Dismissal for 4th of July Holiday
- **July 14** .......... Last Day to Withdraw from a Class with a “W”
- **July 25** .......... Last Day for Complete Withdrawal with all “Ws”
- **July 25-28** .......... Final Examinations (Evening Classes)
- **July 28** .......... Final Examinations (Day Classes) & End of Semester
**Academic Calendar**

**2011 Fall Semester**

- August 18: Class Registration
- August 18: Freshman Assessment Day
- August 19: Faculty Study Conference & Class Registration
- August 22: CLASSES BEGIN
- August 29: Drop/Add Fees & Late Registration Fees Begin
- September 2: Last Day Full Refund of Fees
- September 5: Dismissal for Labor Day
- September 16: Withdrawal after this Date No Refund of Fees
- October 17-18: Fall Break
- November 4: Last Day to Withdraw from a Class with a “W”
- November 23-25: Dismissal for Thanksgiving Holiday
- December 5: Last Day for Complete Withdrawal with all “Ws”
- December 9: Last Day of Classes
- December 12-16: Final Examinations
- December 16: End of Semester
- December 17: Commencement

**2012 Spring Semester**

- January 12: Class Registration
- January 13: Faculty Study Conference & Class Registration
- January 16: CLASSES BEGIN
- January 23: Drop Add & Late Fees Registration Begin
- January 27: Last Day Full Refund
- February 10: Withdrawal after this Date No Refund of Fees
- February 22: Spring Break
- March 19-23: Spring Break
- April 13: Last Day to Withdraw from a Class with a “W”
- May 7: Last Day for Complete Withdrawal with all “Ws”
- May 9: Last Day of Classes
- May 10: Reading – No Finals
- May 11-17: Final Examinations
- May 17: End of Semester
- May 19: Commencement
- May 21 - June 2: Intersession

**2012 Summer Semester**

- May 30-31: Class Registration
- June 4: CLASSES BEGIN
- June 7: Last Day Full Refund of Fees
- June 14: Withdrawal After this Date No Refund of Fees
- July 4: Dismissal for 4th of July Holiday
- July 12: Last Day to Withdraw from a Class with a “W”
- July 23: Last Day for Complete Withdrawal with all “Ws”
- July 23-26: Final Examinations (Evening Classes)
- July 26: Final Examinations (Day Classes) & End of Semester

Purpose and Objectives
Because all education does not take place in the classroom, the Student Affairs staff provides a wide variety of support services for students at Missouri Southern. The department includes the Admissions, Advising Counseling and Testing, Career Services, Dean of Students, Financial Aid, Food Service, International Recruiting, Learning Center and Disability Services, Office of the Registrar, Public Safety, Residence Life, Student Activities, Student Health Services, Student Government, Student Life Center, Student Wellness and Recreation, TRIO Programs (Project Stay, Upward Bound and Talent Search).

With the goal of helping students to fully develop and achieve their educational goals, professional staff members are trained to support students by:

1. providing a campus climate in student residence and campus affairs that is conductive to academic achievement;
2. providing services which will assist in the self-development of all students and promote the understanding of their own purposes for being in college;
3. providing, through student government, student organizations and other activates, both an opportunity to practice democratic living, with both rights and responsibilities and a chance to learn to work effectively and cooperatively with others;
4. providing an opportunity for those individuals who are capable of profiting from higher education by providing financial assistance, when necessary, in the form of scholarships, grants, loans and employments;
5. helping each student develop a sense of individual responsibility and self-discipline;
6. interpreting college objectives, policies and rules to students and communicate student attitudes, opinions and activities to the faculty, administration and general public;
7. providing student health services that meet the emergency and temporary medical needs of all students;
8. providing an opportunity for students to gain information about the world of work and job opportunities; and
9. providing assistance and direction in matching student qualifications with job requirements.

ADVISING, COUNSELING & TESTING SERVICES (ACTS)

Kelly E. Wilson, Director
Hearnes Hall, 417.625.9324
Email: acts@mssu.edu

Staff: Faustina Abrahams, Natalie Bruce, Heather Bullock, Erik Hilgendorf, Debbie Howerton, Mary Parker

The primary goal of the Advising, Counseling and Testing Services (ACTS) department is to promote the student’s academic and personal development. Services are provided for individuals with educational, academic, personal and social concerns. Experienced professional staff and clinical counselors provide individual counseling for academic, career and short-term personal concerns as well as offer a variety of tests, inventories and referral services. Such services are considered confidential.

Advising Services
MSSU Academic Advising Mission
The Academic Advising mission at Missouri Southern is an educational process that, by intention and design, facilitates students’ understanding of the meaning and purpose of higher education and fosters their intellectual and personal development toward academic success and lifelong learning.

Vision
At Missouri Southern State University, academic advising provides students with the opportunity to build a relationship with their adviser for the purpose of gaining assistance in planning their educational career, in learning the skills needed for academic success and in learning how to access the variety of resources and services available to them on the Missouri Southern campus.

Academic advising is an extension of teaching. Academic advising is a collaborative educational process whereby students and their advisers are partners in meeting the essential
learning outcomes, facilitating student academic success and outlining the steps for achievement of the students’ personal, academic and career goals. This adviser/student partnership requires participation and involvement of both the adviser and the student as it is built over the student’s entire educational experience at Missouri Southern. Both the student and the adviser have clear responsibilities for ensuring the advising partnership is successful.

Missouri Southern State University adopts the National Academic Advising Association (NACADA, 2006) Core Values and the Council for the Advancement of Standards in Higher Education (CAS, 2007).

Students with Declared Majors
Students, who have declared an academic major, will be assigned to a faculty member in the department of their major. Adviser assignments for new freshman will take place during the UE 100 University Experience Class. Adviser assignments are made at the departmental level.

Undecided Students
Students who have not declared an academic major area of study will be assigned an adviser from the ACTS staff. Approximately 60 percent at the beginning of each semester, the ACTS staff conducts group advising sessions for their undecided students. These sessions are then followed up with an individual appointment with the academic adviser to discuss an academic plan and preparation for enrollment into the next semester classes. Advisers work closely with students in exploring their educational and degree options. Goal: The responsibility for satisfying all requirements rests with the student. Advisers, faculty and administration assist in meeting this responsibility.

Career Exploring
Students who are uncertain of their major are encouraged to make an appointment with a counselor with ACTS or with the Career Services department to identify, understand and explore academic/career related concerns. Interest and personality inventories are available, as well as a career library to assist in the career decision-making process. Career and Life Planning classes are offered each semester for exploring students.

Do What You Are, a computer based career information system, is available and designed to assist students in clarifying values, assessing competencies and interests, making decisions, securing information on occupations, educational opportunities and selecting appropriate career development strategies.

Lion Alert
Lion Alert was developed as part of our Student Success Initiatives to provide support and interventions for students who have been identified as academically at-risk. The focuses of the Lion Alert efforts are on actions taken by the student and on behalf of students early in their semester and early in their college studies. Early referral and early response allows for resources to be provided before any prolonged struggle. Referrals are made online through Missouri Southern’s Lionet portal. If family or friends outside of the university are concerned about a student they can refer a student through the university website at http://www.mssu.edu/acts/lionalert.htm.

Counseling Services
Confidential, personal counseling is available to students who may be struggling with relationship issues, anxiety, stress, depression, adjustment issues, grief, trauma or problems with eating disorders or drug or alcohol abuse. Contact the ACTS department in person or by phone to set up an appointment. Clinical Counselors are licensed professionals. Referrals to additional resources may be given as appropriate.

Consultation and Referral: Clinical Counselors are available, upon request, to provide consultation to the administration, faculty, staff and students. The staff also will facilitate referrals to outside agencies and to licensed professionals as needed.

Emergency
Crisis intervention is provided to deal with situations requiring immediate attention. Call MSSU Department of Public Safety after hours—24/7 at 417-626-2222 or a police department at 911.

Non-Traditional Student Program
Students who have been out of school for several years often have unique concerns about returning to college. Workshops to ease the transition to college are offered periodically.

Prevention Outreach
Missouri Southern actively participates in the statewide coalition Partners in Prevention (PIP). PIP’s mission is to create a campus, city and state environment that supports responsible decision making in regards to alcohol by the college students. PIP’s focus is on decreasing at-risk drinking by students on Missouri’s college and university campuses. Nationally recognized Missouri Partners in Prevention has been selected as a recipient of CADCA’s 2009 Got Outcomes! For more information about these efforts visit http://pip.missouri.edu/

Prevention Programming includes: Wellapalooza, Connect 2U (Mental Health Week), Healthy Relationship Week, Eating Disorder Awareness Week, Gambling Awareness, Safe Spring Break Week and Final Madness. During these events we educate students in a variety of ways and activities.

Other Services
Outreach: Special programs and workshops designed to define and/or to prevent problems and to improve the quality of college life are presented. These offerings provide information, techniques and skills relevant to specific topics of interest such as: stress management, test anxiety, self-esteem and building successful relationships.

Testing Services
Missouri Southern is a national testing center for the following examinations:

1. ACT (Placement test for college entrance)
2. Praxis Series (National Teachers Exam)
3. GED (General Education Development high school equivalency test)
4. MAT (Miller’s Analogy Test for graduate school)
5. CLEP (College Level Examinations Program)
6. Michigan Test (English Language Proficiency)
7. LSAT (Placement test for law school)
The CLEP (College Level Examination Program) is administered by appointment. The student must contact the ACTS department to register prior to the testing time/day. This program is designed to allow students to receive, upon attaining a passing grade, proficiency credit for General Education Requirements. In order to receive credit for a CLEP examination, a student must have the following qualifications:

(a) not have taken an examination over the course within the preceding six months;
(b) not have credit in a more advanced course in the same field;
(c) be working toward a degree at Missouri Southern State University;
(d) not use the examination to replace a previously earned grade.

Proctoring Tests
The ACTS department also provides proctors and a testing room for students taking correspondence courses from other accredited institutions. Appointments must be made prior to taking the test. A fee will be charged for each test administered.

TOEFL: All students whose native language is not English, who wish to transfer with 24 hours are required to have either the TOEFL or the Michigan College English Test. For more information on the TOEFL exam visit Educational Testing Services at www.ets.org.

Minimum TOEFL scores are:
- Score of 520 + for TOEFL paper based plus TOEFL writing 4.0 +
- Score of 190 + for TOEFL computer-based plus TOEFL writing 4.0 +
- Score of 68 + for TOEFL internet based plus TOEFL writing 4.0 +

The Michigan College English Test (Melicet): This exam is administered and scored on campus. A passing grade on the Michigan Test is 80%. If proficiency on the Michigan Test is not achieved, the student must wait 60 days to retake the test. There is a fee for this test and a passport or green card is required for identification.

GED: The ACTS department also provides the GED (General Education Development) High School Equivalency Test as a service to the people of Southwest Missouri who were unable to complete their high school education. The person making an acceptable score on the GED test will receive a high school equivalency certificate from the Missouri State Department of Education. Applications for GED testing are available from the ACTS department.

First-Year Academic Advising Program
Faustina Abrahams, First Year Advising Coordinator
Advising, Counseling, Testing Services
Hearnes Hall, 417.625.9324

Because the “First Year Matters” at Southern, a strong academic advising component exists. The University adopted Advising as Teaching as our advising model. Southern students benefit from participating in shared responsibility advising for planning their academic career. Students are introduced to our advising program through Advising 101 and 102 presentations during the Southern Welcome. Students are then officially assigned an adviser as part of their University Experience Class. Students will meet with their adviser several times during their first year to discuss their academic goals.

The College Student Inventory is part of our advising program initiative. This assessment, given during the University Experience Class, helps determine how students learn. Students and their academic advisers will receive a report with the results. The report will help them plan a program of support to match the students’ needs.

“Each of us learns in a different way. We focus attention on somewhat different dimensions of the world around us, we have somewhat different understandings of the world and we strive for quite different kinds of personal growth. We can only achieve our full potential when these forces of individuality are meshed smoothly with the learning process.”

Michael L. Stratil

Path to Academic Success (PASS)
PASS is an early warning program designed to assist freshmen students who are academically at-risk. The program aims at enhancing academic success through a variety of academic success services including personalized academic success plans, individual academic coaching, strategic workshops and periodic progress checks. This program is not a class; it is an academic support system.
approved test centers five times a year. Missouri Southern is a test center. Students over the age of 21 applying as first-time freshmen are not required to submit an ACT score; however, ACT or MSSU placement tests must be taken if no math or English class has been completed prior to enrolling in those classes. Either ACT or SAT scores are acceptable.

(3) Application: Missouri Southern admits students on a rolling basis. Students are encouraged to apply early. The application for admission must be submitted to the Admissions Office one week before the first day of enrollment (see University calendar on page 16). This includes all credentials required by the Admissions Office.

(4) Application Fee: A fee of $15 must be included with the application for admission. (This fee is non-refundable and non-applicable to other college fees.)

(5) Miscellaneous Requirements: Additional credentials may be required from students whose application credentials raise questions about their acceptability into the student body. While the University makes every effort to give each applicant an opportunity for a college education, it reserves the right to deny admission when the University’s ability to meet the need of the student and/or the welfare of the student body is in question. Students who do not attend Missouri Southern within one year after making application must submit new credentials when seeking admission.

High School Core Curriculum Requirement
The University strongly encourages high school students to follow the Core Curriculum requirements outlined by the Missouri Coordinating Board for Higher Education. The core includes:

**English, 4 units.** Two units emphasizing composition or writing skills are required. One unit may be speech or debate.

**Mathematics, 3 units.** The units must include Algebra I, Algebra II and Geometry. A fourth higher level mathematics course is strongly recommended.

**Social Studies, 3 units.** Courses should include United States history and courses selected from world history, government, geography and economics.

**Science, 2 units.** General Science does not count. One unit must include a laboratory. Biology, physics and chemistry are strongly recommended.

**Visual/Performing Arts, 1 unit.** Fine arts courses include such areas as visual arts, music, dance or theatre.

**Electives, 3 units.** Electives may be selected from world geography, higher level mathematics, additional science, foreign languages (if a language is chosen as an elective, the University recommends 2 units of the same language), advanced placement courses or a combination of the core courses listed above.

**Admission requirements are subject to change without notice.**

Admissions Review Committee
Individuals who do not meet the University’s admission criteria will have their application forwarded to the review committee. The committee may make one of four decisions: grant regular admission, admit conditionally, deny admission or admit as a special non-degree seeking student.

Students With Previous College Experience
**Former MSSU Students:** Former Missouri Southern State University, Jasper County Junior College and Joplin Junior College students must inform the Admissions Office of their intention to return. Students will be required to update their credentials by using the re-admission application form. No application fee is required.

**Transfer Students:** First time transfer students who have completed the State of Missouri general education curriculum (42 semester hours) or have earned the Associate of Arts (AA) degree from a two-year or four-year regionally accredited institution prior to enrolling at MSSU are assumed to have met Areas A through H of the MSSU general education curriculum requirements with the possible exception of the state legislation requirement for the U.S. Constitution, Missouri Constitution and American History. See the Academic Affairs section of the catalog under State Legislation Requirements for more details. Transfer students must additionally meet requirements for Area I of the general education curriculum.

Transfer students who have not completed the above general education curriculum will have their courses evaluated on a course-by-course basis. Credits from an accredited two-year college will be accepted to meet lower division (100-200 level) requirements only.
MSSU will accept unlimited lower division transfer hours from accredited two-year colleges. In order to graduate from MSSU, students transferring from two-year colleges must earn a minimum of 60 semester credit hours at Missouri Southern or any other accredited four-year institution provided these existing policies are also met:
1. Students must earn 30 of the last 36 hours at MSSU.
2. One-half of the major requirements must be earned at MSSU.
3. Forty upper-division (300-400) hours are required for graduation.
4. Writing intensive and computer literacy requirements.
The following credentials must be submitted to the Admissions Office:
1. Official transcripts from all previously attended institutions.
2. Eligibility to return to last institution attended.
3. Payment of the $15 non-refundable application fee.
4. ACT or MSSU placement tests must be taken if no math or English class has been completed prior to enrolling in those classes.

Transfer students who have been awarded a baccalaureate degree from a regionally accredited U.S. college or an accepted foreign equivalent, prior to enrolling at MSSU, are assumed to have fulfilled all lower division general education curriculum requirements except the state legislation requirements. All transfer and post graduate students must also fulfill the state legislation requirement for the U.S. Constitution, Missouri Constitution and American History, see the Academic Affairs section of the catalog under State Legislation Requirements.

Transfer students seeking admission to Missouri Southern State University from colleges or universities not accredited by a regional association may be given full recognition for their credits earned when the credit is appropriate to the student's degree programs and after Missouri Southern State University has validated the courses. Applicants must meet the following conditions:
1. The student must be in good standing at the institution from which they are transferring.
2. The student must have a cumulative GPA of 2.0 or higher (on a 4.0 scale) for all work attempted.

Any transfer student falling below a 2.0 GPA but above the University’s standards of progress may be considered for admission on probation.

Transcripts submitted to Missouri Southern State University become the property of the university and cannot be returned to the student or forwarded to other institutions.

Transfer Articulation Appeal Process
Transfer students have the right to appeal course articulation from transferring institutions. If you feel a course has not been given proper credit at MSSU, please contact the Transcript Analyst from the Office of the Registrar at MSSU regarding the appeal process. Issues that can be resolved by the Transcript Analyst require no further action by the student or institution.

Courses from non-regionally accredited schools may be challenged for credit by completing a General Academic Petition. The petition must be accompanied with a course syllabus and credentials of the course instructor. Petitions are routed to the department of the course for review and final determination of credit.

Courses from regionally accredited schools that have not been articulated for course credit may be challenged for academic credit toward a degree by completing the General Academic Petition. Appeals require approval from both the department of the course and the department of the major.

Disputes regarding how a course was articulated may be challenged through the appeal process also. The academic department has final determination on course articulation.

Transfer students may request the assistance of the articulation officer from the sending institution in reviewing the situation and giving advice on the merits of the appeal. For additional information from the Missouri Department of Higher Education regarding course articulation please visit: IV. Procedures for Review of Credit Transfer Policy and Compliance found at http://www.dhe.mo.gov/gedtransferpolicy.shtml#appeals process.

Transient Students: Students in good standing at other colleges and universities may wish to enroll at Missouri Southern for the purpose of transferring back to their institutions the credit earned. Admission requires completion of the non-degree application form and payment of the $15 non-refundable application fee. Students wishing to continue course work at Missouri Southern State University must complete the degree seeking admission application and meet admission criteria.

International Students: International students not citizens of the United States who wish to apply for admission should contact the Admissions Office or access the Admissions website (www.mssu.edu/admissions) for the proper application forms and instructions. In addition to the admission credentials required of all students on page 24, international students must satisfy these concerns: (a) academic competency (b) ability to read and speak the English language adequately for college level study (c) ability to finance the cost of education at Missouri Southern. All applicants from non-English speaking nations must score in the 75th percentile on the Michigan Test for English as a Foreign Language or score 68 or higher on the TOEFL internet based test or score 520 on the TOEFL computer-based test or a minimum of 190 on the TOEFL computer-based test and at least 4.0 on the writing score. The Institute for International Studies office must receive all application and accompanied credentials by the following dates:

<table>
<thead>
<tr>
<th>Term</th>
<th>Date</th>
</tr>
</thead>
<tbody>
<tr>
<td>Fall Semester</td>
<td>November 1</td>
</tr>
<tr>
<td>Spring Semester</td>
<td>April 1</td>
</tr>
</tbody>
</table>

Students who are citizens of the United States and use English as a second language must pass English language competency. A TOEFL internet based test score of at least 68 or TOEFL score of 520 on the TOEFL computer-based test or a minimum of 190 on the TOEFL computer-based test or a score in the 75th percentile on the Michigan Test and at least 4.0 writing score is required of these students.

International English Program: Students who do not meet the English competency standards on the TOEFL or the Michigan Test are required to take courses in the International English Program (IEP) before they can enroll in college level courses. As prerequisite courses the IEP courses are graded and count as hours enrolled/earned in determining student status.

Dual Credit: The Dual Credit Program enables high school students to enroll in college courses and simultaneously earn both high school and college credit for those courses (subject to the agreement of the high school). Missouri Southern is pleased to participate in this program. Admission to the Dual Credit Program is limited to high school students who have completed their sophomore year, have a cumulative high school GPA of at least 3.0 on a scale of 4.0, are pursuing the state-designated college preparatory high school core curriculum, score at proficient or above on the MAP and have the recommendation of their principal or counselor. Students
should obtain a dual credit application and information about available courses from the Assistant Vice President for Academic Affairs, Hearnes Hall Room 201, 417.625.9555.

Credit-in-Escrow: The credit-in-escrow program consists of college studies for outstanding high school students who have completed their sophomore year, have a cumulative GPA of 3.0 on a 4.0 scale, are pursuing the state-designated college preparatory high school curriculum and have the recommendation of their principal or counselor. A $15 application fee and high school transcript are required with the application.

Admission to Selective Programs

The Health Sciences (nursing, dental hygiene and radiologic technology): Admission to Missouri Southern does not automatically confer admission to the programs of nursing, dental hygiene, radiologic technology, respiratory therapy. In addition to meeting the admission requirements for the University, candidates who are interested in these health career programs are required to apply for admission to the department. Application forms may be obtained from the nursing department office anderson Justice Center; the dental hygiene department office, Ummel Technology Building; or the radiology department of St. John’s Regional Medical Center. Applications should be submitted by January 31 preceding the fall semester in which the student wishes to enroll. Each application is reviewed by the Admissions Committee of the respective department. See Nursing Department (page 231), Dental Hygiene Department (page 210) or Radiologic Technology (page 238) or Respiratory Therapy Department (page 240) for full information on admission and acceptance criteria.

Teacher Education: Admission to Missouri Southern does not automatically confer admission to the Teacher Education Program. In addition to meeting the admission requirements to the University, candidates interested in the Teacher Education Program are required to apply for admission to the Teacher Education Department. For more details, please see the Teacher Education section of the catalog (page 184).

Honors Program: This program is intended to encourage academic excellence by providing special opportunities and challenges for exceptional students. Entrance into the program is by invitation. Interested students should write the Director of Honors Program for an application form.

Special Admission

A student who wishes to enroll in college but does not meet regular admission requirements may be permitted to enroll in classes as a non-degree seeking student. College hours completed in this status cannot be counted toward a degree until the student meets regular college admission criteria. Special admission classification is not eligible for financial aid.

Students who possess a high school diploma or GED may request reclassification by achieving one of the following:

1. Meeting all of the University’s admission criteria.
2. Successfully completing 21 hours with a 2.0 GPA.

Students without a diploma or GED must complete 59 hours with a 2.0 GPA before a request for reclassification can be considered.

60-Plus Program

The 60-Plus Program is designed to serve interested individuals 60 years of age and over. Community residents may enroll in a course on a space-available basis without providing previous transcripts. Compliance with course prerequisites is necessary and is the student’s responsibility. Enrollment takes place at the same time as regular student enrollment. Information concerning enrollment times, reduced fees and tuition costs can be found in the University schedule. A student may elect to receive a grade and credit for their course or they may audit the course with the permission of the instructor. If a student desires to become a regular student, he or she must make application to Missouri Southern for future semesters.

CAMPUS CARD SERVICES CENTER

Chris Owens, Manager
Billingsly Student Center 109, 417.625.5463
Email: lioncard@mssu.edu

Located in the lower level of Billingsly Student Center, the Campus Card Service Center and Ticket Office is a convenient location for students to obtain their Lion Card IDs, place value in Lion Bucks debit accounts and obtain register for parking permits. In addition to managing all functions of the Lion Card administration, the Campus Card Service Center is home to the MSSU Ticket Office.

The Lion Card is a single card solution that serves as Missouri Southern’s official MSSU identification, tracks meal plans, provides debit account (Lion Bucks) purchasing capability, electronic door/facility access control and provides access to special campus venues such as the Biemdiek Recreation Center privileges.

Value placed in a Lion Bucks debit account can be used to purchase food at the Billingsly Student Center food court and Mayes Dining Hall, complete vending transactions at selected locations on campus, print in University personal computer labs, purchase, purchase tickets at the Lion Card Service Center, purchase merchandise at the University Bookstore, for print and mail services at Office Services and to purchase services at the Wilcoxon Student Health Center. A variety of venues on campus including vending machines with “tap-and-go” convenience, dining services, bookstore, ticket office, athletic concessions, copy machines, campus copy center and student health center.

In addition to purchases, the Lion Card system controls allows you to gain access to the many access to privileges you are entitled to as a student such as Biemdiek Recreation Center access and Wilcoxon Student Health Center and Spiva Library resources. visits.

All vehicles must be registered in order to use campus parking facilities. This Vehicles may be registered and parking permits ration and additional information about traffic on campus may be obtained at the Campus Card Service Center or the Public Safety Office.
Tickets for selected athletic events and on and off-campus events can be obtained at the Ticket Office located in Campus Card Service Center. Please see www.mssu.edu/ticketoffice for ticket information.

CAREER SERVICES

Patricia Hurley, Director
Spiva Library 207, 417.625.9343

Staff: Lora Burch, Barbara Poppe

Career Services assists students and alumni in the development of employability skills necessary to conduct a successful job search and in the location of full-time employment. Seniors and alumni can take advantage of on-campus interviews with representatives from business, industry, government and educational institutions. All students are encouraged to visit the Office of Career Services and/or register with the Southern Job Network (an online resume database system) at www.mssu.edu/career to take advantage of the resume referral system, job listings, Career Development Day, Spring Job Expo, Education Job Fair, career success workshops, mock interviews, career advising and assistance in preparing resumes.

CHILD DEVELOPMENT CENTER

Nikki D. Tappana, Acting Director
Taylor Hall 246, 417.625.9360, 417.625.3178

Staff: Dana Forsythe, Nikki Tappana, Julie VanDine

The Child Development Center (CDC) serves as the child care center for children of students, faculty, staff and alumni. The CDC has been in operation since 1986. It is licensed by the Missouri Department of Health and Senior Services to care for children between the ages of two through five years old. The CDC has been accredited by Missouri Accreditation since 1996. The center is also utilized by students in various departments for child observation, research and practicum experiences. The Child Development Center is committed to providing high quality care and early education in a safe, nurturing and supportive environment for optimal growth and development of the children enrolled.

For information regarding the enrollment of children, contact the director of the Child Development Center.

DEPARTMENT OF PUBLIC SAFETY

Ken Kennedy, Chief of Campus Police
Director, Department of Public Safety
417.625.9741

Services Provided by DPS Officers
Performing directed and random patrols on campus
In an attempt to reduce fear/apprehension of crime on campus, DPS Officers will provide a visible presence to help promote an atmosphere of safety for students, faculty/staff and all visitors.

Answering calls for service
DPS Officers will respond to calls for service on campus, i.e., disturbance, trespassing, property destruction, theft, accident, etc. They will intervene in disturbances and investigate reported crime on campus. They will contact emergency services when needed and (since becoming a campus police department in March of 2008) commissioned officers will investigate all criminal activity, including submitting cases to the Jasper County Prosecutor’s office for the filing of charges. In addition to police functions, the officers are trained as first responders to deal with injuries and/or serious illness on campus through training in basic first aid, CPR and the use of the Automatic External Defibrillator.

Compiling reports for incidents and accidents
DPS Officers will compile reports documenting crimes, significant occurrences, accidents, etc. that occur on campus. Copies of those reports are available at the DPS Office at no charge.

Enforcing all traffic and parking regulations on campus
In order to assure that handicapped persons have adequate parking, that emergency personnel have access and to facilitate safety and order on campus, DPS Officers will enforce all traffic and parking regulations on campus. Campus police officers may also enforce all Missouri State Statutes on campus.

Providing security for sports events, concerts etc., on campus
DPS Officers provide security services at events on campus to insure that participants can enjoy the events with little concern for disruptions.

Checking buildings to insure that they are secure
In addition to the various other duties, DPS Officers check to insure that buildings are properly locked in the evening hours. They also unlock doors to allow access for authorized persons entering buildings in the early morning hours and on weekends.

Monitoring activities in the dorms
To insure the safety of all students and Student advisers in the dorms, DPS Officers are on duty during the midnight hours to watch for unauthorized persons and to enforce the rules of the dorms. DPS Officers are committed to making sure the campus remains free from drugs/alcohol and violence.
Providing courtesy services for students
DPS Officers provide many courtesy services for students and faculty/staff, i.e., unlocking cars, jump starts, escorts, etc. Any student or faculty/staff member are encouraged to contact a DPS Officer with any problem and they will directly assist or direct the person to the agency/service who can provide the assistance.

Fire Safety and Hazardous Materials
A fire Safety / Haz Mat officer is responsible for gathering and disposing of all biological and chemical hazardous materials on campus. He is also responsible for the inspection and maintenance of fire suppression items on campus.

Providing Timely Warnings
The Clery Act requires a timely warning to be given to the campus community in certain instances. In accordance with the act, the MSSU DPS will issue a crime alert in a timely manner for on-going threats to safety and to aid in the prevention of similar crimes. Specifically, these crimes will include situations that are reported to the DPS and that are considered serious or continuing threats to the campus population. Warnings will be communicated via text messages (Rave system), e-mails, posted notices and/or media sources at the discretion of the Director of the Department of Public Safety.

Providing safety information to students
DPS Officers provide literature regarding ways to be safe on and off campus, as well as how to keep property from being stolen. Those types of materials can be picked up at the DPS Office at the West end of the campus. DPS Officers are also available to address classrooms or groups about a number of topics including: Avoiding date rape/date rape drugs, target hardening for property, personal safety, dangers of drugs and alcohol, etc. To schedule a presentation or to ask question about the Department of Public Safety, please call the DPS Director (Campus Police Chief) at 417.625.9741.

Judy Elimelech, Coordinator for Disability Services
417.659.3725
elimelech-j@mssu.edu;  www.mssu.edu/disabilityservices

Missouri Southern State University strives to assure that no qualified person with a disability shall, solely by reason of the disability, be denied access to, participation in or the benefits of any program or activity operated by Missouri Southern. Reasonable accommodations are provided to ensure equally effective access to the University. Access can mean many different things. On one level, we are a “young” campus, our buildings are all accessible. Each building is equipped with automatic door openers, elevators and accessible facilities. Access also applies to what happens in the classroom. Our instructors are committed to a meaningful learning environment for all students. Qualified students with documentation may access services such as note takers, books on CD/MP3 Players, testing outside the classroom, sign language interpreters, enlarged materials, extra tutoring, etc. Access also means use of adapted and modified equipment. The University owns many different pieces of specialized equipment and software. A student’s individual needs are taken into consideration and specialized technology can be acquired based on the student’s needs and documentation.

A student seeking accommodation must make his/her request to the Coordinator for Disability Services. Preferably, the student will make this request in person. If it is not feasible for the student to meet in person, the request for accommodation can be made in writing or via electronic mail. Requests for accommodation made to University personnel other than the Coordinator for Disability Services are not an official request for accommodation.

The request for accommodations should be made far enough in advance to allow for adequate time to respond to the request. The time required to put accommodations into place will vary with the type of accommodation. For example, arranging to take a test in the Learning Center requires 48 hours notice. Requesting a sign language interpreter should be done at least three months prior to the start of classes to ensure the availability of an interpreter. The specific time allowances and how to request different accommodations can be found in the Disability Services Policies and Procedures, Procedure 6.00, available from the Coordinator for Disability Services or on the website: www.mssu.edu/disabilityservices.

All students are asked to provide documentation when requesting accommodations for two reasons (1) To establish that the individual is a person with a disability (2) To determine appropriate accommodations. The documentation must establish that the person has a substantial limitation in a major life activity and is therefore an individual with a disability. Documentation may be required from more than one professional source in order to clearly identify the need for accommodations for individuals with multiple disabilities.

All documentation, regardless of source, should contain the following six essential features:

1. A diagnostic statement identifying the disability, date of the current diagnostic evaluation and the date of the original diagnosis.
2. A description of the diagnostic criteria or diagnostic tests used.
3. A description of how the disability affects one of the major life activities and the current functional impact of the disability.
4. Treatments, medications, assistive devices/services currently prescribed or in use.
5. A description of the expected progression or stability of the impact of the disability over time should be included.
6. Information describing the certification, licensure and or the professional training of individuals conducting the evaluation.

The age of the documentation will vary dependent on the type and nature of the disability. This variance occurs because some disability-related needs are static while others change rapidly. Detailed guidelines for documentation for each area of disability are available from the Coordinator for Disability Services.
The Coordinator for Disability Services shall make determina-
tion of reasonable accommodations for students based on ap-
propriate documentation provided by the student. The authority
to make such decisions on behalf of the institution has been as-
signed by the Vice President for Academic Affairs for academic
program issues and by the Vice President for Business Affairs
for non-academic program issues.

Once appropriate documentation has been supplied to the Co-
ordinator for Disability Services and the determination has been
made that the documentation supports the need for accommo-
dation, the student and Coordinator for Disability Services will
draw up an Accommodation Plan. The Accommodation Plan
will remain in effect until either (1) the plan’s date of expira-
tion passes or (2) the student requests an accommodation not
previously listed on the plan. In the event of the second, the
Accommodation Plan will be adjusted in accordance with the
student’s documentation supporting the request.

The student is responsible for notifying faculty of any accom-
mmodations that he or she may be accessing in relationship to
the faculty member’s class. The student will be given a memo
from the Coordinator for Disability Services detailing the autho-
rized accommodations.

If the accommodations listed in the Accommodation Plan are
not provided or are not effective in providing equal access, the
student or faculty member should follow the procedures for fil-
ing a grievance listed in Policy and Procedure 9.00. All other is-
issues (i.e. housing, sporting events, facility access, etc.) should
follow the grievance procedures outlined in Procedure 9.02.
The Grievance Procedures are available from the Coordin-
tor for Disability Services, the Dean of Students or the Vice
President for Academic Affairs or our website: www.mssu.edu/
disabilityservices.

Missouri Southern State University may consider a course sub-
stitution and/or waiver as a reasonable accommodation when it
is shown that a student’s disability severely impacts his or her
ability to complete a required course(s) for a degree program.
The student should see the Coordinator for Disability Services
to initiate this process.

The mission of the Financial Aid Office at Missouri Southern
State University is to make education possible for students who
would normally be deprived of a University education because
of inadequate funds. Based on the belief that higher education
should not be a privilege reserved only for those who can
afford to purchase it and that educational opportunities should
not be limited by the financial resources of the student and their
family, the University will seek out funds making them available
to current and prospective students so as to meet their demon-
strated academic ability and financial need without regard to
race, creed, national origin, age, sex or disability.

Missouri Southern participates in a variety of aid programs to
assist qualified students who would otherwise not be able to
attend the University. These funds – from private, institutional,
state and federal sources – are coordinated to meet the indi-
vidual student’s need. There are programs based on various
criteria such as financial need, performing ability and aca-
demic excellence. Each program has requirements for main-
taining the award and students must meet satisfactory aca-
demic progress guidelines for continued assistance. It should
be noted that institution standard requirements must be equal
to or greater than federal aid. Foreign students are required to
present a financial statement certifying they have sufficient
funds to pay for all educational expenses. Information in this
catalog regarding financial aid is subject to change without
notice. Missouri Southern reserves the right to adjust a student’s
financial aid package to reflect a true change in the student’s
financial situation. Financial aid awards are subject to changes
in institutional policy and State and Federal regulations.

For applications and detailed information concerning financial aid,
view our website at http://www.mssu.edu/finaid. There is a wealth
of financial aid available in many forms from a variety of sources.
How to Apply for Financial Aid

1. All applicants must complete the Free Application for Federal Student Aid (FAFSA) and request an electronic Personal Identification Number (PIN) which will be used in processing federal documents. MSSU prefers the electronic application on the Web at www.fafsa.gov, where you may request a Personal Identification Number (PIN). Likewise, all applicants must have a current e-mail address where financial aid information will be sent. Application priority date is February 15 and the deadline for priority processing is April 1; however, all applications will be processed. The FAFSA application will generate a Pell Grant, if applicant is eligible and will be used to apply for employment, student loans and the Access Missouri Program. Students who have not submitted all necessary financial aid documentation by May 1 for the Fall term and November 1 for the Spring term are expected to pay their fees in full by the deadlines set out in this catalog. Payment deferments will only be available to students who meet all application deadlines, provide all required documentation for eligibility determination for Financial Aid and who accept their awards on LioNet in a timely manner.

2. Applicants selected for verification must bring or mail a copy of their own and if under 24 their parents’ 1040 Income Tax Form to the Financial Aid Office. These signed documents must be on file before any aid will be processed.

3. Applicants must indicate on their application the type of assistance for which they wish to apply. In addition, applicants for PLUS loans must contact the Financial Aid Office for special instructions.

4. Applicants for Patron Scholarships must complete a scholarship application and return it to the Scholarship Office by March 1.

5. Transfer students must request an academic transcript for each college or university previously attended and have it evaluated by the Registrar’s Office before aid can be processed.

6. Applicants for performing awards should contact the director of the program in which they wish to participate.

7. Applicants for special programs should contact the Financial Aid Office for instructions.

8. All students receiving any type of institutional scholarships or other types of aid processed through the Financial Aid Office must complete the FAFSA each academic year to continue to be eligible for aid.

Repayment Notice for Federal Financial Aid

Students who withdraw prior to the 60% completion of the semester will be subject to repayment of part or all of their aid, as determined by federal regulations.

Students will be notified in writing of any amount due. A hold will be placed on the student’s account until repayment is made in full.

Students must make repayment of their portion of financial aid within 45 days. Failure to make repayment within 45 days will result in:

1. Ineligibility to receive federal financial aid from all colleges and universities until the overpayment of aid and interest due is paid to the U.S. Department of Education.

Policies and Regulations

Academic Standards: Federal Aid

In order to remain eligible to receive Title IV Funding*, a student must be making satisfactory academic progress. Both grade-point average and the time frame that a student takes to complete a normal educational degree program are factors which must be evaluated when measuring satisfactory academic progress.

Students must maintain a 2.0 cumulative GPA (3.0 if pursuing a Master’s degree) and successfully complete 70% of the courses they have attempted to remain eligible for federal financial assistance. Attempted hours include hours earned, hours transferred in from other schools, hours which are attempted at another institution which are not transferable, hours withdrawn, hours audited, repeated courses, failed courses and pass/fail credit courses. Successful completion is defined as the absence of failing grades and voluntary or involuntary withdrawals. Satisfactory academic progress is monitored on a semester basis. Students who fall below the required 2.0 cumulative GPA at 59 attempted hours and/or the 70% completion rate lose eligibility for federal financial assistance the following term. Students may be granted a one semester probationary period upon completion and return of the SAP probationary contract. During this probationary period, students must successfully complete all courses with a grade of C or higher and cannot withdraw from or audit any courses.

Students who fail to make progress during the probationary period will be ineligible to receive federal financial assistance until the student obtains a cumulative 2.0 GPA and 70% course completion rate. Students who successfully complete the probationary contract term will remain eligible for financial assistance as long as they do not withdraw from classes and continue to pass all coursework with a grade of C or higher or obtain a cumulative 2.0 GPA and 70% completion ratio. Should a student’s instructor report that a student has never attended or has stopped attending a course while the student is on probation, the student is no longer eligible to receive federal financial assistance.

Although students will be notified in writing should they fall below satisfactory academic progress standards, it is the student’s responsibility to know their academic standing in regards to this policy. Failure to receive notification does not dispute or reverse the termination of a student’s eligibility to receive financial assistance.

In addition, the federal government requires an institution to establish a timeframe in which a student must complete their degree program. Undergraduate students seeking an associate’s degree must complete their program within 93 attempted hours (6 semesters). Students seeking a baccalaureate degree must complete their degree program within 186 attempted hours (12 semesters). Students pursuing a master’s degree must complete their program within 54 attempted hours (6 semesters). NOTE: Students are no longer eligible for aid when they reach either the hour or semester limit.

Once an institution is aware that a student cannot complete their degree program within the established timeframe, the student is no longer eligible to receive federal financial assistance. Students approaching the maximum time frame (130

Normal

attempted hours) are required to submit a Plan of Study Form to the Financial Aid Office. Financial assistance will be delayed until this form is reviewed and it is determined that the student can complete their program of study before exceeding the maximum limit.

Students may submit a written appeal to the Financial Aid Office if there are documentable extenuating circumstances that caused the student to fall below the required satisfactory academic progress standards. Appeals may be typed and submitted with documentation that can substantiate the validity of the appeal and that the circumstances of the appeal clearly caused the student to drop below the required standards. Students may also submit the appeal application online.

Other Duties and Responsibilities of Financial Aid Recipients
Missouri Southern operates on a financial aid data base system which processes applications and awards electronically. It is to the applicant’s advantage to use forms and applications which are capable of processing data electronically. The electronic system requires student signatures or electronic use of Federal Personal Identification Numbers (PINs) so they can update application data, sign promissory notes, perform entrance counseling and exit counseling and make corrections. “S” IDs and Passwords to access LioNet are used to view billing, requested documentation, award acceptance and financial aid messages before funds can be processed. In addition, students must maintain a current e-mail address and monitor it for requested documentation, award information, notices and correspondence from the Financial Aid Office.

Students must report the following changes to the Financial Aid Office:
1. withdrawal from school,
2. added or dropped classes during the semester,
3. a name change,
4. change of address or email address or change of parents’ address,
5. transfer to another college.

Work Study recipients must contact the Student Employment Office for job placement within five days of the beginning of the semester.

Financial aid funds will be credited to the student account. Once all direct university costs have been satisfied, balance funds will be disbursed to the student. Checks are printed and mailed starting with the end of the second week and every week thereafter throughout the semester. Student employment and other checks must be picked up in person at the Business Office upon notification of their availability.

Veterans must sign up for veterans’ benefits at the beginning of each semester in the Financial Aid Office.

Food service is bid by the University and handled by a professional food service company (Sodexo). The dining hall operates on funds received from board payments and cash sales of individual meals.

All residence hall students must contract for board. Board contract includes a choice of three meal plans. Individual meals feature salad bar and unlimited servings, including entrees.

Commuter students interested in taking some or all of their meals at the University Dining Hall may purchase meal plans in the Student Services Office. Also, Lionbucks are available in the (Sodexo) Food Service Office.

The Lion’s Den food court, located on the 2nd floor of Billingsly Student Center, offers a variety of food options for students.

University dining service also features a gourmet coffee shop, University Java, located on the lower level of the Spiva Library.

The purpose of the Missouri Southern Athletics Department is to empower student-athletes with the confidence and ability to succeed in life as well as on the playing field. The Athletics Department feels its most important responsibility is to assist its student-athletes in reaching their highest potential as they strive for excellence academically, athletically and socially within a diverse and challenging society.

We are proud to be NCAA Division II members. The Division 2 membership as a whole prides itself on finding balance in the world of collegiate athletics. Student-athletes in the Division 2 ranks can compete at very high levels athletically, but more importantly are encouraged to fully apply themselves toward getting a quality education and ultimately a college degree.

In addition to being an NCAA Division 2 member, Missouri Southern participates in the Mid-America Intercollegiate Athletics Association. We annually enroll nearly 350 student-athletes and our university teams compete on the intercollegiate level in baseball, basketball, cross country, football, golf, softball, track & field and volleyball.
Collegiate athletics in general receives tremendous media coverage and public attention. We in the Missouri Southern Athletics Department intend to use this public stage to bring positive attention to Missouri Southern State University as a whole. We will accomplish this goal by being active in our community, by engaging our community and fans by competing with tremendous effort on our fields of play and by encouraging our student-athletes to conduct themselves with Lion Pride.

Student-Athlete Success Program
Erik Hilgendorf, Coordinator
Hearnes Hall, 417.625.9324

Academic Excellence
The top priority of Missouri Southern is that all student-athletes obtain a well-rounded education and earn an undergraduate degree. The Student-Athlete Success Program academic counseling unit is out of the office of Advising, Counseling & Testing Services (ACTS).

Goal
Our goal is to maximize academic potential by providing an atmosphere that enhances: learning skills, career development and personnel counseling. Each student athlete is held accountable for his/her academic performance. The ACTS staff will work hard to provide support needed for athletes to be successful students.

Ongoing process includes:
• Monitoring and reporting on academic and eligibility progress hours
• Assisting in the registration of freshman and sophomore athletes
• Referring student-athletes for tutoring, counseling or other academic assistance
• Helping student-athletes to maintain a balance between personal, scholastic and athletic lives.

These services are intended to help student-athletes reach their goals by providing the information and guidance that will enable them to use existing campus resources to enhance their academic performance.

Champs Life Skills Program
MSSU was accepted into the NCAA Champs Life Skills Program in the spring of 2001. The mission of the NCAA is to maintain intercollegiate athletes as an integral part of the campus educational program and the athletes as an integral part of the student body. With this in mind, the CHAMPS Life Skills program was created to support the student development initiatives of its member institutions and to enhance the quality of the student-athlete experience within the university setting.

• Commitment to Academic Excellence-To support the academic progress of the student-athlete toward intellectual development and graduation.
• Commitment to Athletic Excellence-To build philosophical foundations for the development of athletic programs that are broad-based, equitable and dedicated to the well-being of the student-athlete.
• Commitment to Personal Development-To support the development of a well-balanced lifestyle for student-athletes, encouraging emotional well-being, personal growth and decision-making skills.
• Commitment to Career Development-To encourage the student-athlete to develop and pursue career and life goals.

Dr. Eileen Godsey, Director
417.659.3725

Staff:
Dr. James Brown, Writing
Judy Elimelech, Coordinator for Disability Services
Dr. Jan Holmes, Reading and Academic Skills

Mission
The Learning Center endeavors to provide a campus academic environment conducive to student success. The Center offers a wide range of academic support programs to students.

Classes
Basic Composition – Prepares students for college writing courses. Students write at least six major papers with special attention given to organization, syntax, grammar and mechanics.

College Academic Skills – A course designed to develop and strengthen an understanding of student responsibility, goals and attitudes necessary for the successful transition to college. Active learning through critical thinking, reading and writing to support academic success at the University level will be practiced. Students will identify learning styles and strengths and weaknesses associated with their learning processes.

Speed Reading – A course designed specifically to increase reading speed. Students must be capable college level readers to benefit from this computerized format. In addition, students will become aware of factors influencing reading speed and efficiency. This one hour class presents a non-threatening environment for students to practice increasing speed while maintaining an acceptable level of comprehension.

Tutor Training – Provides tutors with an educational foundation of the methods and techniques needed to tutor students in a higher education setting.

Services – All services are free to MSSU students

Tutoring in Content Areas – Peer and faculty tutors are available. Some drop-in tutoring is offered, although an appointment is recommended. Both short- and long-term assistance is provided.

Writing Lab Services – Trained peer tutors instruct and coach students in all aspects of writing, such as writing process strategies, research paper documentation and correct mechanics.

Computer Lab – The Learning Center offers a networked computer lab with Microsoft Office programs and Internet access.

Services for Students with Disabilities
The Learning Center is the designated office on campus for the provision of academic accommodations for students with documented disabilities. Students who wish to request accommodations should begin the process by contacting the Learning Center. Students are responsible for providing appropriate documentation and initiating the request for accommodations.
PROJECT STAY

Julie Moss, Director  
417.625.9830

Staff: Stephanie Hopkins, Dory Kinler, Shavonne McCoy

Mission
“To identify and provide comprehensive resources to ease student transitions into and through college and on to graduate education and professional life.”

Project Stay is a federally funded Student Support Services grant program designed to identify and provide comprehensive resources to ease student transitions into and through college and on to graduate education and professional life. Services provided by the Project include: academic advising, priority enrollment (for freshmen and sophomores), career and personal counseling, tutoring, laptop and calculator loan program, assistance with applying to graduate school and travel to area cultural sites. The Project serves 170 students. To qualify, students must be either first-generation college students (neither parent has a bachelor’s degree), meet an income guideline or be a student with a disability. To get more information or an application, call the Project Stay office at 417.625.9830 or visit www.mssu.edu/projectstay.

RECREATIONAL SERVICES

Leslie Willis, Director  
Billingly Student Center 241, 417.625.9392  
Cindy Webb, Director of Fitness  
Billingly Student Center 241, 417.625.9878  
Heather Arnold, Director of Aquatics and Wellness  
Billingly Student Center 241, 417.625.9533

The Department of Recreational Services is comprised of six program areas under the Division of Student Services. The purpose of the Recreational Services Program is to provide a wide variety of fitness, wellness, recreational, outdoor and sport related activities to the college community. The Campus Recreation Program offers activities for students, faculty, staff and their families. The Recreational Services Program also offers activities on various days and times in an attempt to meet the needs of traditional and non-traditional students. The Recreational Services Program conducts programming in the following areas: Intramural Sports, Wellness, Fitness, Aquatics, Outdoor Adventures, Open Recreation and Special Events.

REGISTRAR

Cheryl Dobson, Director  
Hearnes Hall 100, 417.625.9515

FAMILY EDUCATIONAL RIGHTS & PRIVACY ACT (FERPA) 1974

Notice of Student Rights and Responsibilities
The Family Educational Rights and Privacy Act of 1974, as amended (also referred to as the Buckley Amendment), is a federal law regarding the privacy of student educational records and the access provided to these records. Any educational institution that receives funds under any program administered by the U.S. Secretary of Education is bound by FERPA requirements.

What Are Educational Records?
Under FERPA, educational records are defined as records that are directly related to a student and are maintained by an institution or by a party acting for the institution. Educational records can exist in any medium, including: typed, computer generated, videotape, microfilm and email, among others.

• The law applies to all students in higher education, regardless of age, once they begin attending classes. The law continues to apply to students even after they have graduated, but ceases to apply upon the death of the student.

• The University will not release information, other than directory information, from a student’s educational record without the student’s prior written consent, except to authorized persons and organizations. Even parents are not permitted access to their child’s educational records unless the student has provided written authorization permitting access.

• Authorized persons and organizations are those who have a legitimate educational interest.
1. A legitimate educational interest means that the person or organization is required to perform certain duties and these duties involve the use of student data.

- Authorized persons include employees of Missouri Southern State University, the U.S. Department of Education and other education authorities carrying out official duties, as well as financial aid lenders. Also included are organizations which MSSU has contracted as agents of the University. An example is the National Student Clearinghouse.

- There are exceptions to the rule of non-disclosure, which involve health and safety. This means that to prevent sickness, injury or death, the University may disclose information usually held to be protected. Also, an agent of the court with a properly issued court order or subpoena may receive student data, though we will first attempt to notify the student before complying with the subpoena.

Directory Information
Directory Information at MSSU will be made available to the general public unless the student completes a Privacy Request form in the Office of the Registrar. In the case of a Privacy Request, the University will not release any information, even directory information. This restriction does not apply when providing information to those who have a legitimate educational interest.

The following is considered Directory Information:
Student’s name, address, email address, telephone listing, date and place of birth, photograph, major field of study, year in school, grade level, dates of attendance, enrollment status (full-time or part-time), degrees, honors and awards received, participation in officially recognized activities and sports (includes height and weight of team members), most recent previous educational agency or institution attended and next of kin or spouse (emergency only).

STUDENTS HAVE CERTAIN RIGHTS UNDER FERPA, THESE INCLUDE:

- The right to inspect and review their educational records within 45 days of a request for access. Students should submit to the Registrar a written request that identifies the record(s) they wish to inspect. The Registrar will make arrangements for access and notify the student of the time and place where the records may be inspected. The institution may refuse to provide a copy of a student’s education record provided such refusal does not limit access.

- The right to request the amendment of education records that the student believes are inaccurate. The student should write the University Registrar, clearly identify the part of the record they want changed and specify why it is inaccurate. If the University decides not to amend the record as requested by the student, the University will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

- The right to file a complaint with the U.S. Department of Education concerning alleged failures by the University to comply with the requirements of FERPA.

Limitations exist on students’ rights to inspect and review their education records. For example, the institution is not required to permit students to inspect and review the following:

- Records which do not contain educational information or do not fall into the category of educational records because of how they are maintained.
- Financial records of parents.
- Confidential records placed in education records prior to 1975 if they are used as intended.
- Confidential recommendations or receipts of honors if the student has waived the right of access to such information.
- Documents containing information on more than one student.

For Academic Policies see the Academic Affairs section, pg. 45.
The University is not responsible for the loss of or damage to any personal property of students.

Accessible residence hall rooms are available for students with disabilities. In addition, the Dianne Mayes Student Life Center and the dining hall are accessible. Specific accommodation needs can be met upon request. If you need accessible housing, please fill out the appropriate section on the application contract. If you have questions about accessible living, please contact the Director of Housing (417.659.4460) or the Coordinator for Disability Services (417.659.3725). For detailed rules and regulations governing residence hall living at Missouri Southern, contact the Residence Life Office.

**STUDENT ACTIVITIES**

Jessica Pope, Director of Student Activities
*Billingsly Student Center 210C, 417.625.9669*

The Director of Student Activities works closely with other Student Services personnel and the Campus Activities Board in providing a variety of services for students at Missouri Southern.

Meaghan Leon, Coordinator of Student Activities
*Billingsly Student Center 224, 417.625.9320*

The Coordinator of Student Activities works closely with the Director of Student Activities, other Student Services personnel and the Beimdiek Recreation Center staff in providing a variety of services for students at Missouri Southern.

**Billingsly Student Center**
417.625.9760 for reservations

The Billingsly Student Center (BSC) is centrally located to provide convenient access to student services and facilities. The Recreational Services Office oversees reservations of the buildings, meeting rooms, lounges, ballrooms and equipment for departmental, student organization and off-campus meetings and events held in the Student Center. BSC is home to the University Bookstore, the students’ source of rental and purchase textbooks, classroom materials, campus clothing and gift shop. The Campus Card Services Center and Ticket Office handles ticket sales for both on-campus and off-campus activities and entertainment. The Lion’s Den Food Court, serving breakfast and lunch, offers a variety of foods and beverages for every appetite. There is also a large lounge perfect for studying and watching TV.

**Student Activities Office**
*Billingsly Student Center, 417.625.9669*

Campus activities are scheduled in the Student Activities Office. The office also oversees the 60+ recognized student organizations, assists students in organizing or re-instituting student organizations and produces and promotes various special events. The Student Activities Office also approves all forms of advertising for on-campus bulletin boards.

**Campus Activities Board (CAB)**
*Billingsly Student Center, 417.625.9346*

The Campus Activities Board, a student organization supported by student activity fees, has the responsibility for programming social, educational and recreational activities for the entire college community. Students may volunteer to serve on CAB committees that assist in planning concerts, family events, novelty events, lectures, special events and public relations. Interested students are encouraged to attend the weekly meetings or stop by the Student Activities Office.

**Student Senate**
*Billingsly Student Center, 417.625.9751*

The Student Senate serves as the governing body for students and acts as a liaison between the faculty and the student body. The responsibility for student government rests not only with the student officers, boards and committees but also with each member of the student body. The Student Senate is made up of nine senators from each class, who are elected in the fall and the executive officers, who are elected in the spring. The Student Senate is funded from student activity fees. Students wishing to speak with a Senate representative may do so via the Student Services Office.

**STUDENT HEALTH SERVICES**

Jan Dipley FNPC, Director of Willcoxon Health Center
*Beimdiek Recreation Center 242, 417.625.9323*

**Staff:** Marilyn Jacobs, WHNP, Anita Singleton, FNP-C

The Willcoxon Health Center is staffed with one full-time and two part-time nurse practitioners and a physician who is available for daily consultation as needed. Appointments to see the nurse practitioner Monday through Friday from 8 a.m. to 4 p.m. can be made by contacting the Willcoxon Health Center. All currently enrolled students are eligible for treatment at the Center. Some of the services offered are: first aid and injury care, allergy injections, TB skin testing, flu shots (in season) and screening for certain illnesses. Most services are free; however, students are expected to pay for laboratory, x-ray, work/school physicals, emergency room, hospital services, gynecological, STD testing, prescriptions and ambulance service. The Health Center maintains confidential files on current students, including medical history and immunization records. Recommendation and referral to community or campus resources are also part of student health services.

A voluntary accident and sickness insurance plan for students is strongly recommended. Information on insurance plans is available from the Student Services Office.

**Communicable Diseases**
Students must submit proof of immunization, including TB testing within the last year and two doses of measles/mumps/rubella vaccine. These records are to be kept on file in the Willcoxon Health Center. The state of Missouri requires all resident stu-
Students to also receive the meningococcal vaccine (for meningitis). In the instance of an outbreak of a communicable disease on the MSSU campus by a student, faculty or staff member, the University physician and the Director of the Health Center will assume responsibility for conducting a thorough review based upon the best medical and legal information available. Students who have not provided proof of immunity to the Willcoxon Health Center may be restricted from University property in the event of an outbreak on campus. Any actions taken will respect the confidentiality of the individual as well as the individual’s welfare and that of the University community.

Smoking and Tobacco Use Policy
The Board of Governors of Missouri Southern State University prohibits smoking and tobacco use of any kind. Tobacco products are not permitted in any campus buildings. Smoking and other tobacco usage is permitted only in designated areas outside of buildings.

STUDENT LIFE CENTER

Josh Doak, Director of Housing
Mayes Student Life Center 102, 417.659.4460

The Dianne Mayes Student Life Center is a state-of-the-art facility focused on providing social and recreational avenues for Missouri Southern students. Located directly behind McCormick and Blaine Halls in the residence hall complex, the center has extended hours to better serve all students, both commuter and resident, plus faculty and staff.

The University Dining Hall is located on the 2nd floor and operates on funds received from board payments from residence hall students and cash sales for individual meals. Other facilities, located on the 1st floor, include a large television lounge equipped with surround sound, an aerobics room, computer lab, laundry room, as well as table tennis, billiards, game tables and a study area. The Mayes Student Life Center also serves as the location of a centralized information outlet, as well as a mailroom providing service to all resident students.

For more information regarding the center’s hours of operation, programs and policies governing the use of the facility, contact the Student Life Center Office, Room 100, Mayes Student Life Center (417.659.4461).

Student Conduct
In order to provide the best possible environment for personal and intellectual growth, the University has established regulations to guide student conduct. A summary of these rules and regulations is found in the Student Handbook which may be obtained from the Student Services Office.

Drug and Alcohol Prevention Program
Pursuant to the Drug-Free Schools and Communities Act Amendments of 1989, Missouri Southern State University has established a drug and alcohol prevention program for its students. The University’s program is described below.

Substance Abuse Policy: Students are prohibited from using alcoholic beverages and illegal drugs on University-owned or controlled property and at University-sponsored or supervised activities. Irresponsible alcohol or other drug use off campus resulting in disorderly conduct on campus also is not acceptable. Any student of Missouri Southern State University found to have manufactured, dispensed, possessed or used a controlled substance in violation of the Substance Abuse Policy of this University will be subject to discipline in accordance with University policy and reported to local, state or federal law enforcement authorities for criminal prosecution. Criminal prosecution for these acts could lead to a conviction and such a conviction could result in a sentence imposing a monetary fine, imprisonment in a state or federal penitentiary or both.

Health Risks: Specific serious health risks are associated with the use of illicit drugs and alcohol. Some of the major risks:

Alcohol and other depressants (barbiturates, sedatives and tranquilizers): addiction, accidents as a result of impaired ability and judgment, overdose when used with other depressants, damage to a developing fetus, heart and liver damage.

Marijuana: addiction, panic reaction; impaired short-term memory; increased risk of lung cancer and emphysema, particularly in cigarette smokers; impairment of driving ability.
Cocaine: addiction, heart attack, seizures, lung damage, severe depression, paranoia, psychosis. Similar risks are associated with other stimulants, such as speed and uppers.

Hallucinogens (acid, LSD, PCP, MDMA, etc.): unpredictable behavior, emotional instability, violent behavior, organic brain damage in heavy users, convulsions, coma.

Narcotics (heroin, Demeral, morphine, Codeine, etc.): addiction, accidental overdose, risk of hepatitis and AIDS from contaminated needles.

Inhalants (gas, aerosols, glue, nitrites, etc.): loss of consciousness, suffocation, damage to brain and central nervous system, sudden death, nausea and vomiting, nosebleeds, impaired judgment.

Methamphetamines: addiction, irritability, sleeplessness, nervousness, sudden weight loss, pungent body odor, protrusion of eyes.

Resources: A variety of resources exist for drug or alcohol counseling, treatment or rehabilitation programs. A few are listed inside the front of the Student Handbook. For more detailed information concerning these resources and others available from the University and/or community agencies, students may contact the ACTS-Advising, Counseling and Testing Services (417.625.9595) or the Student Services Office (417.625.9392). Such referrals will respect individual confidentiality.

A main objective of the drug and alcohol prevention program is to encourage healthy attitudes and behaviors on the part of all students and responsible decisions about alcohol/drug use. Another objective is to provide students in certain high risk groups (freshmen, Greeks, athletes, residence hall students, etc.) with specific and up-to-date information regarding the long-and-short-term effects of alcohol/drug use. A final objective is to provide students with the necessary skills to help them carry out the decisions they have made in regard to their use or nonuse of alcohol/drugs and how to effectively handle certain “high pressure” situations.

To meet the above objectives, information and assistance is provided to students in several ways. First, alcohol and drug films are shown and programs conducted in all orientation classes, which are required for all new students. Additional alcohol and drug information is presented in other academic classes, including KINE 103, Lifetime Wellness. Pamphlets about alcohol and drug use are distributed each semester. Special alcohol and drug training is provided annually for residence hall staff and orientation leaders.

The athletic department provides a program for varsity athletes. Special alcohol and drug programs are presented throughout the year. Active drug testing is done. A committee of counselors, teachers and clergy are available to assist varsity athletes.

The Student Services Office, Advising, Counseling and Testing Services, Campus Activities Board and the Residence Hall Association provide alcohol and drug programs throughout the year for all students.

Equal Opportunity
In accordance with federal law and applicable Missouri statutes, it is the University’s policy not to discriminate in the recruitment and admission of students, the recruitment and employment of faculty and staff and the operation of any of its educational programs and activities on the basis of age, gender, color, race, religion, disability, veteran’s status, national origin, ancestry or any other protected characteristic as established by law.

Anti-Harassment Policy
Missouri Southern State University is committed to fostering a working and learning environment where all individuals are treated with respect and dignity. It is and continues to be, University policy that harassment of employees, applicants or students in unacceptable conduct will not be tolerated.

Harassment is written, verbal or physical conduct that degrades or shows hostility or aversion toward an individual because of his/her race, color, ancestry, religion, gender, age national origin or disability that (i) has the purpose or effect of creating an intimidating, hostile or offensive work or learning environment; (ii) has the purpose or effect of unreasonably interfering with an individual’s work or academic performance; or (iii) otherwise adversely affects an individual’s employment or academic opportunities.

Harassment could also be sexual in nature. Sexual harassment is defined as unwelcome sexual advances, requests for sexual favors and other verbal or physical conduct of a sexual nature
when any one of the following occurs: (i) submission to such conduct is made either explicitly or implicitly a term or condition of an individual’s employment or education; or (ii) submission to or rejection of such conduct by an individual is used as the basis for employment or academic decisions affecting such individual; or (iii) such conduct has the purpose or effect of unreasonably interfering with an individual’s work or academic performance or creates an intimidating, hostile or offensive working or learning environment.

Any employee, student or applicant for employment or admission who feels that he or she has experienced or observed harassment by an employee of the University should report such incidents to his or her supervisor or to the Director of Human Resources without fear of intimidation or reprisal. Harassment complaints against students should be reported to the Dean of Students.

The University will promptly investigate all allegations of harassment in as confidential a manner as possible. The University will also take appropriate action to ensure that neither inappropriate language, nor conduct, nor sexual harassment persists.

---

### UPWARD BOUND

Robin Hicklin, Director  
*Mansion Annex 101, 417.625.9880*

**Staff:** Megan ManleyDupree

Upward Bound is a federally funded program designed to help students gain the skills necessary to persist through high school and on to post-secondary education. Some of the services provided by Upward Bound include a six-week summer College Simulation Experience, monthly Saturday “Focus On” meetings, academic tutoring for current classes, opportunities to shadow student and professional mentors and field trips to area college campuses and cultural sites. The services provided by Upward Bound are free to students and parents/guardians. For more information, please contact the Upward Bound office at 417.625.9880 or visit [www.mssu.edu/upwardbound](http://www.mssu.edu/upwardbound).

Credit Options
Degree Requirements
General Regulations
Grades & Grading Policies
Assessment & Institutional Research
George A. Spiva Library
Honors Program
Lifelong Learning
New Student Programs
Writing Program
**Students graduating with an associate degree must have a minimum 2.0 GPA.**

*Students who receive financial aid must comply with federal standards. The above may not reflect those standards.*

### Academic Probation, Suspension and Reinstatement

Each student should consider a GPA of less than 2.0 as a warning. Those failing below the standards of progress toward graduation will be placed on academic probation. If the GPA is not raised to the minimum standard of progress during the probationary semester, the student is subject to immediate academic suspension from the University.

A student receiving academic suspension may not enroll at Missouri Southern for one semester. Re-entry may be denied by the Vice President for Academic Affairs, if the student cannot present evidence that indicates a high probability of academic success.

### Academic Bankruptcy

A student may petition the Academic Bankruptcy Committee to request one semester of academic work taken at MSSU be disregarded in computing the academic record. To be eligible for petitioning, a student must be currently enrolled, in good standing and must document the unusual conditions which justify the petition. The petition is initiated in the Registrar’s Office.

Academic Bankruptcy cannot be applied to transfer courses. It merely allows one semester of recorded work to be eliminated in computing the student’s scholastic average. Academic Bankruptcy cannot be applied to transfer courses. Once a degree is earned, a student is no longer eligible for bankruptcy.

### Repetition of Courses

Students may repeat courses in which grades ‘F, D, C or B’ have been earned. When a course is repeated, the first grade will not be removed from the record, but the latest grade will be used when computing GPAs. Transfer courses may be repeated if Missouri Southern offers the same course.

### Honor Roll

An Honors or Deans’ List, issued at the end of each semester, contains the names of full-time undergraduate students who have a 3.75 GPA or higher with no incomplete or in progress grade or a grade below ‘C.’ Courses below the 100 level are excluded from this calculation.

### Graduation Honors

In recognition of superior scholarships, the University awards honors to associate degree and baccalaureate degree graduates. Honors listed below are not earned until courses are completed, graded and posted on the student’s permanent record. Courses below the 100 level are excluded from this calculation.
The student must have completed a minimum one-half of the hours required for the degree in residence at Missouri Southern State University. The cumulative GPA required to receive:

- First Honors ................. 3.90-4.00
- Second Honors ............... 3.80-3.89
- Third Honors ................. 3.70-3.79

Baccalaureate Degree — Eligibility for any one of the following three honors requires the candidate to study all the junior and senior years at Missouri Southern and earn a minimum of 60 hours of credit:

- Summa Cum Laude .............. 3.90-4.00
- Magna Cum Laude .............. 3.80-3.89
- Cum Laude ....................... 3.70-3.79

Revised Standards for Veterans Educational Benefits
The Revised Standards for Veterans Educational Benefits as adopted by the State Board of Education on February 17, 1977, are available in the Veterans Services Office. Each Veteran should see the Veterans Representative regarding these policies.

Any exceptions to the regulations above must receive written approval from the Vice President for Academic Affairs.

Special Policies for Financial Aid Recipients
Special policies and regulations governing financial aid recipients are filed in the Financial Aid Office, the Business Office and the Office of the Vice President for Student Services.

Credit Options

Placement, Examinations, Credits
Resident Credits from Institutions of Equal Standing with Missouri Southern State University
Credits transferred from accredited colleges and universities will be given full value in similar courses whenever possible. The amount of credit given for courses studied in other institutions may not exceed the amount given at Missouri Southern for the same length of time of instruction. Students may not transfer credits to satisfy more than one half of the major course requirements in a department unless the approval of the Vice President for Academic Affairs is obtained.

Advanced Standing Examination
A student whose travel, employment, extensive readings or other unique educational experiences appear to have provided proficiency in a course required in the curriculum equivalent to that ordinarily attained by those taking the course in regular classes, may be granted permission to take an advanced standing examination. This examination may be a subject matter test of the College Level Examination Program (CLEP) or a comprehensive test designed by the department to cover the subject more fully than a regular final examination. In order to receive credit for a departmental examination, a student must have the following qualifications in addition to those listed above:

(a) be enrolled in the University at the time of the examination;
(b) not have taken an examination over the course within the preceding six months;
(c) not have credit in a more advanced course in the same field;
(d) be working toward a degree at Missouri Southern State University;
(e) have the approval of the head of the department in which the course is offered;
(f) not use the examination to replace a previously earned grade.

After a student has taken a departmental examination, the professor will transmit the grade to the Vice President for Academic Affairs Office. If performance is equated as a ‘C’ grade or above, the Registrar will record the credit.

International Baccalaureate
Missouri Southern will grant up to 30 semester hours or the equivalent of one full year of university study, to those who have completed study in the International Baccalaureate curriculum in high school. Missouri Southern will grant university credit and advanced placement for International Baccalaureate courses completed at the higher level with a score of four or greater. Students with such backgrounds should contact the Admission Office for a detailed analysis of credits and standing.

Advanced Placement Test (AP)
Missouri Southern participates in the Advanced Placement Program sponsored by the College Entrance Examination Board. Credits are granted for course areas in which a student has completed Advanced Placement Examinations with a score of 3, 4 or 5.

Correspondence Course Credit
Missouri Southern accepts credit earned by correspondence from regionally accredited institutions. No student will be permitted to apply more than 12 hours of course work in correspondence toward his/her degree.

Course Credit for Military Service and Schooling
Military Service students who have completed a minimum of one year of active military service may be granted credit to meet the KINE 103 requirements of the general education curriculum. These requirements will be satisfied if the DD214 form is submitted to the Missouri Southern Registrar’s Office. Credit may also be granted for specific military schooling as recommended by the American Council of Education. The credit granted will be based on applicability and will carry the grade of “CR”. The veteran must present documentation designating the military course, date and site of the course.

Validation Examinations
If Missouri Southern refuses to accept a student’s earned credit in a course because of the method in which the course was taken or because the institution at which the course was taken was not accredited, the student may apply for a validation examination. In order to qualify for a validation examination a student must:

(a) be enrolled at Missouri Southern State University at the time the examination is taken;
(b) present the necessary evidence to prove that the course was taken;
(c) get approval from the Registrar, the school dean and the head of the department in which the course is offered; and (d) initiate the proceedings within the first eight weeks after entering the University.

The student initiates the request for examination at the Academic Department. The school dean and the department head will appoint a professor to construct, administer and evaluate the examination. The result is reported to the Registrar who records the grade if it is ‘C’ or above.

**DEGREE REQUIREMENTS**

**Catalog Time Limit**

A candidate for a degree may use, as a basis for degree requirements, the general catalog issued for any year following the date of the candidate’s first completed registration at MSSU provided it is not more than six years prior to the date the degree is to be conferred. The candidate must have been in residence at MSSU and earned credit during the year of the catalog selected.

**Transfer Student:** The MSSU catalog in effect at the time of the transfer student’s initial enrollment in the sending institution (transfer school), will govern the transfer student’s degree requirements. The catalog used may not be dated more than six years prior to the date the degree is to be conferred. The transfer student must have been enrolled in a previous school and earned credit during the year of the catalog selected.

**Developmental Courses**

Occasionally, scores obtained from the placement tests indicate a student may not be successful in college. The university reserves the right to require these students to take developmental courses in mathematics, composition, study skills or intensive English prior to participation in regular college level classes. Courses below the 100 level are not applicable to the baccalaureate degree and are excluded in honors calculations and calculation of the standards of progress toward graduation.

**Course Numbers and Levels**

Course Numbers:

- 0 - 99 Not applicable toward the Baccalaureate Degree
- 100-199 Primarily for freshmen
- 200-299 Primarily for sophomores
- 300-399 Primarily for juniors
- 400-499 Primarily for seniors

Normally, courses numbered 100-299 are considered lower division level courses and those numbered 300-499 are upper division level courses. Freshmen are not allowed to take any course above the 200 level unless qualified by advanced placement tests.

Immediately following each course title is a letter abbreviation of the semester in which the course is usually offered. Students and faculty should use this as a guide in considering future enrollment. However, this should not be interpreted as a contract. Missouri Southern reserves the right to deviate from this commitment when enrollment or other factors dictate.

The student should check the catalog description of the course to see whether the second semester of a sequence course makes the first semester a prerequisite.

**Baccalaureate Degree Requirements**

**A. Residence:** The following minimum requirements must be met in residence at Missouri Southern: (1) 30 of the last 36 hours counted toward the degree; (2) one-half of the courses both required for the major and in the major department. Courses required for the major but not offered in the major department are not included; (3) one-half of the upper division courses both required for the major and in the major department.

**B. Credit Hours:** At least 124 semester hours of college credit applicable to a Baccalaureate Degree are required for graduation.

**C. Grade Point Average (GPA):** The following minimum GPAs are required for all Baccalaureate Degrees except the BSE and BS in Nursing. The GPA excludes NABD courses:

1. a 2.0 GPA for all credit hours attempted;
2. a 2.0 GPA for all the courses required for the major, both inside and outside the major department;
3. a 2.0 GPA for all courses, required and elective, taken in the major department;
4. a grade of “C” or better in professional education courses and courses required for elementary education, special education and early childhood.

**D. Upper Division Hours:** Upper Division Hours: A minimum of 40 semester hours in upper division courses must be completed.

**E. Writing Intensive:** Five writing intensive courses are required of all Baccalaureate Degree candidates. The required courses are English 101 and English 102 or English 111. Two of the three remaining required courses must be upper division with one of the upper division courses being in the major. (Writing Intensive courses are identified in the “schedule of classes” by a “WI” placed at the end of the course title. Example: PSY 481 Senior Thesis WI.) Students transferring to Missouri Southern from another college, including students with a previous baccalaureate degree from a regionally accredited college, will fulfill the Writing Intensive requirement as follows:

<table>
<thead>
<tr>
<th>Total transfer hours to Missouri Southern:</th>
<th>Minimum Writing Intensive courses required:</th>
</tr>
</thead>
<tbody>
<tr>
<td>Fewer than 30 hours</td>
<td>Five courses as outlined above</td>
</tr>
<tr>
<td>30 to 89 hours</td>
<td>Four courses, including English as outlined above, with two additional upper division courses, one of which must be in the major</td>
</tr>
</tbody>
</table>
90 hours or more Three courses, including English as outlined above, with one additional upper division course which must be in the major.

F. Foreign Language: All students expecting to graduate with a Bachelor of Arts degree must successfully complete 12 hours of the same foreign language.

G. Special Education: All students expecting to graduate with a Bachelor of Science in Education degree must successfully complete two or three hours of Special Education (EDUC 302 or 304). See degree requirement for correct course.

H. Computer Literacy: All students will receive computer instruction to a level of understanding necessary for them to function as a member of society and to a level of skill sufficient to use the computer for problem solving within their discipline. Department heads will certify the competency of the students in their disciplines.

I. Assessment: All degree candidates are required to participate in University Assessment of Outcomes activities.

J. General Education Curriculum Requirements:
Missouri Southern has a general education requirement curriculum program that contributes toward the development of the whole person, as an individual and as a member of society. All degree candidates must satisfy the following curriculum requirements:

The minimum cumulative grade point average for the degree requires completion of the general education requirement curriculum courses as well as those outlined in the student's major field of study. The general education requirement curriculum required courses are:

**Associate of Science Degree**

A. **Residence**: The last 15 semester hours must be completed in residence at Missouri Southern.

B. **Credit Hours**: A minimum of 64 hours must be completed.

C. **Grade Point Average (GPA)**: The minimum cumulative and major field GPA must be 2.0.

D. **Major Field**: The student must meet the course requirements in the particular program of study as approved by an adviser.

E. **General Education Curriculum Requirements**:

   - The degree requires completion of the general education requirement curriculum courses as well as those outlined in the student's major field of study. The general education requirement curriculum required courses are:

**Associate Degree**

**General Education Curriculum Requirements**

A. **WRITTEN COMMUNICATION**

   - ENG 101 College Composition I 3 hours

B. **ORAL COMMUNICATION**

   - COMM 100 Oral Communication 3 hours

C. **MATHEMATICS**

   - MATH 30 or above 3 hours

D. **LIFE AND PHYSICAL SCIENCES**

   - Required: Select one or more courses to total 4-5 credit hours from those listed below:

   - **1. Life Sciences** (4 credit hours)

     - BIO 101 General Biology/Lab 4 hours
     - BIO 110 Principles of Biology I 4 hours
     - BIO 105 General Biology: Environmental Emphasis/Lab 4 hours
     - BIO 121 Human Anatomy & Physiology I/Lab 4 hours

   - **2. Physical Sciences** (4-5 credit hours)

     - CHEM 120 Chemistry for Allied Health Sciences 5 hours
     - CHEM 151 General Chemistry I/Lab 5 hours
     - GEOL 120 Intro to Geology/Lab 4 hours
     - GEOL 180 Intro to Meteorology 3 hours
     - GEOL 210 Earth and Space Science Lab 1 hour
     - GEOL 212 Earth and Space Science 3 hours
     - PHYS 100 Fundamentals of Physical Science 5 hours

   - Classes numbered 298 or 498 may not be counted toward general education curriculum credit.

Major

All students will be required to declare their degree sought, their major, their status and whether they will attend half-time or full-time. A major provides in-depth study of a discipline and prepares the student for a career or advanced study.

Academic Minor

Selected departments have developed an academic minor that in conjunction with the MSSU baccalaureate major strengthens the student's career preparation. A minor requires at least 18 semester hours of prescribed courses. At least six semester hours must be upper division and at least nine semester hours must be in residence. The overall GPA requirement is 2.0.

A **Bachelor of General Studies (BGS) Degree**

The Bachelor of General Studies (BGS) is an alternative for students who do not wish to pursue an existing major. Two versions of the BGS are available. The General BGS requires that a student complete all general Education Requirements and other degree requirements including the Writing Intensive (WI) and upper division. To pursue this option the student should consult with an adviser and declare the BGS as a major. The Directed BGS also requires that a student complete all general education requirements and other degree requirements including Writing Intensive (WI) and upper division.

Additionally, a committee of faculty works with the student to combine courses from several areas to create a distinctive program. To pursue this option the student should declare the BGS as a major and consult with the dean of the school most closely associated with the course work. The dean will appoint a faculty committee to help the student structure the Directed BGS.

**Associate of Science Degree**

A. **Residence**: The last 15 semester hours must be completed in residence at Missouri Southern.

B. **Credit Hours**: A minimum of 64 hours must be completed.

C. **Grade Point Average (GPA)**: The minimum cumulative and major field GPA must be 2.0.

D. **Major Field**: The student must meet the course requirements in the particular program of study as approved by an adviser.

E. **General Education Curriculum Requirements**: The degree requires completion of the general education requirement curriculum courses as well as those outlined in the student's major field of study. The general education requirement curriculum required courses are:

**Associate Degree**

**General Education Curriculum Requirements**

A. **WRITTEN COMMUNICATION**

   - ENG 101 College Composition I 3 hours

B. **ORAL COMMUNICATION**

   - COMM 100 Oral Communication 3 hours

C. **MATHEMATICS**

   - MATH 30 or above 3 hours

D. **LIFE AND PHYSICAL SCIENCES**

   - Required: Select one or more courses to total 4-5 credit hours from those listed below:

   - **1. Life Sciences** (4 credit hours)

     - BIO 101 General Biology/Lab 4 hours
     - BIO 110 Principles of Biology I 4 hours
     - BIO 105 General Biology: Environmental Emphasis/Lab 4 hours
     - BIO 121 Human Anatomy & Physiology I/Lab 4 hours

   - **2. Physical Sciences** (4-5 credit hours)

     - CHEM 120 Chemistry for Allied Health Sciences 5 hours
     - CHEM 151 General Chemistry I/Lab 5 hours
     - GEOL 120 Intro to Geology/Lab 4 hours
     - GEOL 180 Intro to Meteorology 3 hours
     - GEOL 210 Earth and Space Science Lab 1 hour
     - GEOL 212 Earth and Space Science 3 hours
     - PHYS 100 Fundamentals of Physical Science 5 hours
PHYS 150 Environmental Physics 5 hours
PHYS 151 Elementary College Physics I/Lab 5 hours
PHYS 300 Astronomy 3 hours

E. SOCIAL AND BEHAVIORAL SCIENCES* 6 hours
1. Required Courses:
   HIST 110 or 120 U.S. History 3 hours
   Missouri Constitution Requirement**
   (PSC 120 Gov’t: U.S., State, Local also meets this requirement)

2. Select One:
   ANTH 101 General Anthropology 3 hours
   ECON 180, 201 or 202 Economics* 3 hours
   GEOG 101 Introduction to Geography 3 hours
   PSY 100 General Psychology 3 hours
   SOC 110 Intro to Sociology 3 hours

   TH 110 Theatre Appreciation 3 hours

G. HEALTH AND WELLNESS 2 hours
   KINE 103 Lifetime Wellness 2 hours

H. UNIVERSITY EXPERIENCE*** 3 hours
   UE 100 University Experience: Transitions in an International Context 3 hours

TOTAL GENERAL EDUCATION CURRICULUM REQUIREMENTS 27-28 HOURS

*See degree requirements listed in the Catalog for courses that are substituted for specific majors.
**This requirement may be satisfied with credit from a Missouri public college or PSC 120 Government: U.S., State & Local or by an examination. Examination information is available from the Dean of Arts and Sciences.
***Required for all degree seeking students who enter MSSU with less than 30 credit hours (excluding dual credit and credit in escrow) and transfer students who have not completed an orientation course.

General education curriculum courses required for the Associate of Science degree typically do not completely fulfill the general education curriculum requirements for the Baccalaureate Degree.

When the curriculum requirement for an Associate of Science degree specifies a different course in the discipline than those listed above, the specified course may meet the general education curriculum requirements for that degree.

Graduation
A. Graduation Requirements: The responsibility for satisfying all requirements for a degree rests with the student. Advisers, faculty members and administrators offer help to the student in meeting this responsibility.

B. Time of Graduation: A student may complete graduation requirements at the close of any semester. Formal commencement exercises are held and degrees are conferred at the close of the fall and spring semesters. Students who will complete graduation requirements at the close of summer semester may participate in spring commencement exercises.

C. Placement Services: Each degree candidate must register in the Office of Career Services.

D. Degree Candidacy Application: Each student must make application for degree candidacy during the semester preceding the final semester in attendance. The application process is initiated at the Office of Career Services.

E. Senior Assessment: All graduating seniors are required to complete a General education curriculum and a departmental exit assessment before the baccalaureate degree is awarded. Effective: July 1, 1988.

State Legislation Requirements
Section 170.011 of the Revised Statutes of Missouri, 1989, prescribe that all candidates for a degree issued by the colleges and universities of Missouri must have "satisfactorily passed an examination of the provisions and principles of the Constitution of the United States and of the State of Missouri and in American History and in American Institutions".

All students who have completed the general education curriculum requirements with courses taken at Missouri Southern meet the requirements of Missouri law.

Out-of-state transfer and post-graduate students who do not complete their general education curriculum with courses taken at Missouri Southern may comply with the law by:
(1) Completing courses at MSSU embracing the subject matter specified by the law and receiving credit therein, preferably before admission to senior college work; or
(2) Fulfilling the requirements through the state’s 42 general education agreement per transfer transcript.
(3) Fulfilling the requirements through a baccalaureate degree earned from an accredited Missouri public college or university.
(4) Fulfilling the requirements through a degree earned from an accredited college or university, either outside the state of Missouri, at a Missouri private college or from a foreign institution considered equivalent to a U.S. baccalaureate degree and passing a special examination on the Missouri Constitution. If the student has not taken a U.S. history (equivalent to 110 or 120) and political science (equivalent to 120) during their first degree, they must take these courses at MSSU in order to satisfy degree requirements through MSSU.
(5) Students earning degrees from foreign institutions, equivalent to a U.S. degree, must complete PSC 120 and one history course from HIST 110 or 120.
School Laws of Missouri, 1974, require that persons cannot be granted a certificate or license to teach in the public schools of Missouri unless they have satisfactorily completed a course of two or more semester hours in the psychology or education of the exceptional child. This requirement can be met by taking EDUC 302 or 304.

### Classification of Students

**A. By Class:**
- Freshman: 0-29 Hours
- Sophomore: 30-59 Hours
- Junior: 60-89 Hours
- Senior: 90 and above
- Special Admission: See page 27.

**B. Postgraduate:**
Persons having completed a Baccalaureate Degree but taking courses for the purpose of teacher certification, job preparation and additional degree or personal profit.

**C. Full-time:**
A student enrolled for 12 or more semester hours.

**D. Half-time:**
A student enrolled in 6-11 semester hours.

**E. Less Than Half-time:**
A student enrolled in fewer than 6 semester hours.

### Concurrent Enrollment

A student who is enrolled in residence at Missouri Southern and who desires to earn credit concurrently at another institution or through correspondence, extension or advanced standing examination must secure advanced approval from a School Dean. Financial aid recipients should contact the Financial Aid Office.

### Combined Degree Programs

Missouri Southern State University has established a combined degree program for Medical Technology. Specific requirements for this program is included in the program descriptions. Combined degree programs operate under the following regulations:
1. Complete 94 hours at Missouri Southern State University. Transfer credit will be considered, but the last 30 of the 94 hours must be earned at MSSU.
2. The 94 hours must include the completion of the General Education Requirement Curriculum requirement.
3. Sixteen out of the last 94 hours must be upper division (300 and 400 level courses).
4. All applicable “Requirements for Graduation” as stated in the Missouri Southern State University catalog must be met including the application for degree candidacy and the filing of credentials with the Career Services Office.
5. A transcript from the institution with which a combined degree agreement is arranged must be provided in order to complete the requirements for a degree.

### Co-Admission

Students who enroll at Crowder College but meet the admission requirements of Missouri Southern and plan to transfer to Missouri Southern may apply for Co-Admission. The application will be done by the Crowder College Admission Office. Records for co-admitted students will be maintained at both institutions. Missouri Southern will assist in the academic advising of co-admitted students prior to transfer to Missouri Southern.

### Second Baccalaureate Degree

A student may receive a second Baccalaureate Degree after completing the first degree and all the requirements of the second degree. A student may not earn the same degree more than once, even though the majors differ. The residency rules apply. See item A-I under Baccalaureate Degree requirements, page 48.

### Transcript Below “C” Average

Students who are accepted with a below ‘C’ transcript and who are below the minimum standards for progress will be placed on Academic Probation. Missouri Southern transfers all grades from any equally accredited institution including both “D’s” and “F’s”.

### Maximum Credit Hour Load

To enroll in more than 18 semester hours during a semester or in more than nine hours during a summer session, a student, with the exception of music majors, must obtain prior written permission from the school dean. Music majors may carry as many as 20 semester hours without permission from their dean. Honors program students may carry as many credits as approved by the Honors program director.

### Reinstatement Policy

Following the deadline for tuition and fee payment, the Business Office will drop students for non-payment. The second and final drop occurs at the end of the second week of the semester (full terms). Beginning with the third week, students must apply to seek re-enrollment to their current class schedule (all courses). Students have a time limit of one year to apply for reinstatement.

Students included in the first drop may reenroll without prepay-ment; however, 100% of tuition, fees and books must be paid by the end of the second week of school to avoid being dropped again. Students seeking reinstatement must prepay at the Business Office the estimated full amount of tuition, fees and books. The receipt for payment must be presented in the Registrar’s Office in order to receive a reinstatement application. Students must obtain instructor approval for each class before the application can be processed. If the reinstatement application is for a prior term, dean approval is also required.

### Late Enrollment

Enrollment in a regular semester after the first week of classes or after the third day of classes in the summer session is not advisable and is permitted only with special permission from the appropriate department head. Students must pre-pay for these classes prior to enrollment. Any student enrolling after classes begin will pay a late enrollment fee.

### Adding Courses

A student may add a course in the appropriate department office, but only upon the approval of an adviser. A fee will be charged each time a student changes the program not at the request of the University. No course may be added after the first week of classes in a regular semester or after the third day of classes in the summer session without special permission.
NON-ATTENDANCE DOES NOT CONSTITUTE A WITHDRAWAL FROM CLASSES.

Instructor Withdrawal
Instructors should request the withdrawal, by the Registrar, of a student who has not attended their class during the first two weeks of the full term. Regardless, it is ultimately the students’ responsibility to properly withdraw from classes.

Withdrawal from a Single Class
A student may initiate the withdrawal from a course in the Registrar’s Office. Deadlines cited in the Schedule of Classes apply.

Withdrawal from All Classes
A student who wishes to completely withdraw will initiate withdrawal in the Financial Aid Office (114 Hearnes Hall). A student who completely withdraws from the University prior to the last week of classes in a regular or summer semester may receive a grade of “W” in all courses in which the student is enrolled. Withdrawal from the University after the last week of classes in a regular or summer semester will result in a grade of “F” being recorded for all courses, unless other arrangements are made through the Office of the Registrar. A student who leaves school without officially withdrawing will receive grades of “F” in all courses.

Class Attendance
Faculty members keep records of attendance in all regularly scheduled courses at Missouri Southern. The primary objective of student and professor is the student’s attainment of course goals. It is recognized that students who achieve those objectives are normally those who attend class regularly. The professor, when giving a final semester grade, bases his/her evaluation on how well the student has achieved the course goals.

For financial aid purposes, if a student misses any class for ten (10) consecutive working days, the faculty member will report The Last Attend Date in writing to the Office of the Registrar.

Students who miss a class do so at their own risk and must assume the responsibility for work missed because of class absences. Professors are willing to assist students whose absences are caused by valid illnesses, University approved activities and extenuating circumstances. The professor may require whatever evidence is needed to support the reason for absence.

The attendance record is significant to the total record and is useful in guidance and counseling. When absences are excessive, the professor will report the fact to Student Services and they will in turn counsel with the student. Any student earning a grade of “F” must have the Last Attend Date recorded on the Grade Roster. All students who stop attending class should also have the Last Attend Date recorded on the Grade Roster.

Students should be aware that absence from class invariably has a built-in penalty of lower academic achievement. Excessive absences usually result in failure to achieve the course goals.

Grading System
A student’s grade is officially recorded by letter. At Missouri Southern, the following grades and their numerical equivalents are used:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Grade Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>Outstanding 4</td>
</tr>
<tr>
<td>B</td>
<td>Above Average 3</td>
</tr>
<tr>
<td>C</td>
<td>Average 2</td>
</tr>
<tr>
<td>D</td>
<td>Minimum Passing 1</td>
</tr>
<tr>
<td>F</td>
<td>Failing 0</td>
</tr>
<tr>
<td>W</td>
<td>Withdrawal</td>
</tr>
</tbody>
</table>

The current policy for the ‘W’ grade is as follows:

(a) Course withdrawals will be permitted through the second week for full-term courses and the first two days for part-of-term courses of the semester without any grade recorded

(b) Course withdrawal during the third through the eleventh week of the semester will be indicated by a ’W’ posted to the record for full-term courses. Students have the first two days of the course for part-of-term courses.

(c) Course withdrawals are not permitted after the eleventh week of the regular semester (or its equivalent). A student who stops attending class without officially withdrawing is in jeopardy of receiving an “F” in the course.

(d) A student who completely withdraws from the university prior to the last week of classes in a semester may receive a grade of ‘W’ in all courses in which the student is enrolled.

Credit/No-Credit System of Grading
Students in some programs may register to take certain courses on a credit/no-credit basis. In such cases, “Credit” or “No-Credit” will be recorded rather than a letter grade and these courses will not be counted in GPAs. This program will permit a student to explore course work outside of the major without jeopardizing the GPA. The minimum performance level required to receive credit in a credit/no-credit course is a grade of ‘D.’ Students may be eligible to enroll for certain courses on a credit/no-credit basis under the following conditions:

1. That such registration be approved by the adviser and the head of the department through which the course is offered.

2. That the student has attained sophomore rank or higher (30 or more hours).

3. That the student has achieved a cumulative GPA of at least 2.0.

4. That such enrollment be limited to one course per semester.

5. That the total enrollment on a credit/no-credit basis be limited to no more than three courses or 10 credit hours in any student’s degree program.

6. That the courses involved are not part of the student’s major or minor and are not specifically required as part of the student’s degree program. (Hours beyond the minimum required for the major or minor may be taken on a credit/no-credit basis.)
7. That the courses involved are not part of the General Education Requirement Curriculum requirement.
8. Registration for credit/no-credit courses will be completed prior to the final date for changing registration by adding a course.
9. After a student has enrolled in a course under the credit/no-credit option, that individual may not subsequently change to a graded basis in that course.

This policy does not apply to those courses regularly designated as credit/no-credit courses such as Recital Attendance, Student Teaching and ISEP, Bilateral Exchange and the Missouri London/Greece programs and Life/Work experience.

Incomplete (IN): A grade of ‘IN’ may be reported if a student is unable to complete the work of the course within the semester for a valid reason such as illness, death in the family, an emergency, etc. It is not intended as a substitute for an ‘F’ and does not entitle a student to attend the class during a subsequent semester. An incomplete must be completed by the end of the next semester (excluding summers) or it will be converted to an ‘F’ automatically. Both credit and grade points for that course are suspended until the incomplete is converted to either a passing grade or an ‘F’. A student may not graduate with an incomplete grade.

In Progress (IP): A grade of ‘IP’ will be given in a situation in which a student is unable to complete the work of the course within the semester for a valid non-emergency reason, such as a research project or internship that overlaps two semesters. It is not intended as a substitute for an ‘F’ and does not entitle a student to attend the class during a subsequent semester. An ‘IP’ must be made up by the end of the next semester (excluding summers) or it will be converted to an ‘F’ automatically. Both credit and grade points for that course are suspended until the ‘IP’ is converted to either a passing grade or an ‘F’. BSE majors will not be able to begin student teaching if an ‘IP’ grade is in force. A student may not graduate with an ‘IP’ grade.

Audit (AU): A student may audit a class for no grade and no credit. A Request to Audit must be filed in the Registrar’s Office by the end of the second week of class. Acceptable performance, attitude and attendance as determined by the professor are expected. Regular fees and enrollment procedures are required. A student may not change enrollment from audit to credit nor from credit to audit. An audit means only that a student registered for the course. It does not imply any level of proficiency or knowledge.

Change of Grade: A change is initiated by the faculty member by filing a Change of Grade form with the Registrar. No change of grade is to be made without good cause. Exceptional cases will be reviewed by the school dean and Vice President for Academic Affairs. Change forms must be submitted within one year.

Independent Study: Independent study courses are special courses which may be taken by outstanding students at the discretion of the faculty adviser and the appropriate college officials. Students may enroll in independent study courses for a total of three hours on the associate degree and a total of six hours on the baccalaureate degree providing they:

1. have completed
   30 hours toward the Associate Degree
   90 hours toward the Baccalaureate Degree
2. have a minimum cumulative 3.00 GPA;
3. have permission of the adviser, department head and the school dean in the area of independent study.

Independent study is designed for the individual who desires to explore a topic more completely than can be done in a regular course offering. Substituting independent study for a regular course is seldom done.

Posting of Grades: University legal counsel advises that the public posting of a student’s name and grade or student number and grade, without the student’s approval, is a violation of the Buckley Amendment (Family Education Rights and Privacy Act of 1974) which does not allow disclosure of recorded data or information without the individual’s written consent.

Official Transcript: An official transcript of the student’s academic record bears the Registrar’s signature and the University seal. Missouri Southern assumes no responsibility for the accuracy of a transcript after it leaves the Registrar’s Office.

Up to two weeks must be allowed after the close of a semester for the issuance of an up-to-date transcript reflecting the most recent semester. Four to six weeks is necessary for the posting of recently awarded degrees. The transcript request must be made in writing. No transcript will be issued unless all bills at Missouri Southern are paid or are current according to agreement with the Business Office.

ASSessment AND INSTITUTIONAL RESEARCH

Dr. Delores A. Honey, Assistant Vice President for Assessment and Institutional Research
Plaster Hall 321, 417.625.9996, 417.625.9545, 417.625.9349

Staff: Janette Van DeMark, Research Associate
Linda Garza, Secretary

Mission
The mission of the Center for Assessment and Institutional Research is to collect, analyze and disseminate data and information. These efforts are carried out for the University at large as well as academic and non-academic program development, implementation and evaluation for both internal and external customers.

Activities of the Center
Missouri Southern is committed to measuring outcomes of curricular programs. Both the Core Curriculum and the majors in each academic department are assessed each year. Federal, state and local reports of institutional data are prepared and archived in this Center. Research, surveys and reports are assimilated for on-campus use as well as external audiences. Program evaluation quantitative and qualitative data are compiled in order to help evaluate the effectiveness of academic programs. The Assistant Vice President is the liaison to statewide assessment and institutional research advisory groups associated with Missouri Department of Higher Education and federal agencies requiring institutional information.
Spiva Library is the major information resource on campus, providing 279,753 print volumes including state and federal government documents. A law collection, 73 electronic databases, a 754,193 item microform collection, 303 print journal subscriptions and 67 full-text electronic journal subscriptions provide additional materials for student research. Collections housed in the archives include the Congressional Papers of Gene Taylor, a former member of the United States House of Representatives; Tri-State mining maps; the papers of Dr. Arrell Gibson, a noted Western historian; and MSSU archival material.

Mission
The George A. Spiva Library provides organization of and access to information essential to Missouri Southern State University’s commitment to a liberal arts education and lifelong learning, with a firm emphasis on international studies and quality classroom teaching. The library also serves as a resource for residents in the region.

Professional librarians and trained support staff expedite and enhance access to information through the sharing of expertise, participation in networks, the acquisition and maintenance of resources, creation of bibliographic tools and help guides, development of instruction programs and the availability of reference services. The curriculum and research needs of students, faculty and staff are met by providing timely access to information in the most beneficial format.

Spiva Library will maintain and enhance user-oriented services, introduce new technologies and build collections that contain diverse points of view. These initiatives will further demonstrate the central role played by the library in supporting the mission of the University and the educational needs of our constituents.

Building
The Cragin addition and renovation of Spiva Library took place in the fall of 2001. The new addition doubled the square footage of the library to 80,000. The changes provide a modern and up-to-date facility that is the center for campus study and research.

University Java coffee shop on the 1st floor of the library allows students to study and enjoy a beverage or snacks. They may also surf the web on nearby computers or checkout and return materials at a secondary Circulation desk. The lounge area near the coffee shop is a popular place for faculty to meet with classes or conduct office hours. Archives and Technical Services are also located on the 1st floor. The 2nd floor of the library houses the Main collection which circulates, private study rooms, a small computer lab and the ITS help desk. The 3rd floor is considered the “research floor” of the library and it’s where Circulation, Reference and periodicals are located. A large computer lab enables students to do their research on the internet and prepare papers or presentations. Cell phones are prohibited on the 3rd floor.

The Belk Faculty Reading Room on the 4th floor recognizes retired faculty and provides a unique space for meetings or grading papers. The adjacent Quiet Room is beautifully furnished and maintains the enforced quiet that many people desire in the library. Also located on the 4th floor are the audio visual collection, curriculum materials, government documents and microforms.

Wireless computer access is available throughout the library, as are ethernet connections, to enable students to connect their own laptops to the campus backbone. Other open areas with comfortable lounge furniture or tables and chairs provide students with places to relax and study. Study rooms are available for students wanting privacy or to work in groups without disturbing others.

Online Catalog
SWAN (SouthWest Academic Network) is the public catalog and available via the Internet at http://swan.missouri.edu. The catalog allows a search of Missouri Southern’s materials and/or those held by other members of the SWAN cluster of institutions. SWAN has grown to include: Missouri Southern State University, Assemblies of God Theological Seminary, Baptist Bible College, Cottey College, Crowder College, Forest Institute of Professional Psychology, Missouri State University, Ozarks Technical Community College and Southwest Baptist University.

SWAN is one of eleven clusters forming MOBIUS, a consortium linking the academic libraries of Missouri. MOBIUS enables a student to borrow a book from any academic library in Missouri and expect to receive it within an average of 48 hours. The requests are delivered Monday through Friday by an independent courier. This system eliminates tedious forms and provides rapid service. The book resources available number in the millions and may be borrowed by MSSU students, faculty and staff free of charge. Two large Missouri public libraries have joined in resource sharing and provide additional materials for our students.

Research
Major periodical indexes in business, education, social science, history, psychology, English, biology, nursing and many other disciplines are available to MSSU students and professors on the internet, many in a full text format. Access to these resources is available through the library’s web page http://www.mssu.edu/spivalib. Students and faculty may access these resources from off-campus through the proxy server using their Missouri Southern identification. Spiva Library maintains print periodicals and microforms of back issues.

Interlibrary loan requests for materials that are unavailable in-house or through MOBIUS are sent and received through an international computer network of libraries called OCLC. Periodical articles are rapidly sent and received via fax and email.

Instruction
The teaching function of the library is important, as it should be in a university that prizes teaching excellence and contact with students. Every effort is made to ensure that students learn how to conduct effective research and to use information
resources knowledgeably. Librarians provide tours of the library, workshops, class lectures and individual assistance. An ‘Ask a Librarian’ feature is available from the library’s webpage for students to email reference questions and receive a timely response from a professional librarian. If extensive research assistance is required, please call 417.625.9342 to schedule an appointment.

Equipment
Four computer labs containing 96 workstations, three with scanners, connected to black and white and/or color network printers are available for computer use in the library. Four additional workstations are available for quick searching. Digital and analog microform readers and printers are available for viewing and printing periodical back files. Black & white and color photocopiers are located throughout Spiva Library. Two LCD projectors and laptops are used to provide instruction.

AVC, Curriculum and Government Documents
Located on the top floor of the Spiva Library is the Audio Visual Center. This area includes video and audiotape materials, compact discs, DVDs, filmbstrips, slides, kits and miscellaneous instructional materials. The AVC provides appropriate playback equipment for the materials. Curriculum textbooks, curriculum guides on microfiche as well as young adult and juvenile books that support the teacher education curriculum are housed in this area. Spiva Library is a selective depository for federal documents; they are also located on the 4th floor.

The staff provides limited production services such as overhead transparencies, laminating and duplicating audiotapes. There is a small inventory of slide projectors, videocassette and DVD players and televisions, audiocassette recorders and filmstrip projectors. Equipment is housed in each campus department; therefore, the equipment is limited to basic items.

Staff & Hours
Helpful staff members are stationed throughout the library to support all materials and services. The staff is composed of seven librarians, thirteen full-time and part-time support staff members and many student workers who serve in all areas of the library.

Spiva Library hours are as follows:
- 7:30 a.m. - 11 p.m. Monday through Thursday
- 7:30 a.m. - 5 p.m. Friday
- 9 a.m. - 5 p.m. Saturday
- 1 p.m. - 11 p.m. Sunday

*Library hours differ during holidays, breaks and summer session.

Accessibility
Spiva Library works closely with the campus Disability Services Coordinator to ensure that the library is accessible to patrons with disabilities. Patrons with a disability may contact any library staff member for assistance.
Honors students also enjoy intensive guidance and personal attention from the Honors directors and from distinguished faculty in their area of study.

Independent studies and the Senior Thesis project provide students and faculty with the flexibility they need to pursue scholarly interests and to design and implement innovative, creative approaches to learning.

Performance expectations are high. Honors students are held to the highest standards of academic performance, but are not in competition with one another. Instead, an atmosphere of openness, cooperation and intellectual adventure enables Honors students to inspire and challenge one another to the highest levels of achievement.

The Curriculum
While students will take courses offered in Southern's regular curriculum, these five features are specifically designed for Honors students:

Honors Forum
This course is an open forum to provide an in-depth discussion of a specific topic, text or other matter of interest. Students engage in critical thinking as they participate in and lead classroom discussions and presentations.

Honors Courses
Special sections of required courses such as English composition are designated as Honors sections. There are a number of such courses offered each semester and Honors students select several from these, particularly during their freshman and sophomore years.

Senior Honors Thesis
Honors Scholars enhance a course in their major for Honors credit during the senior year. Working under the guidance of professors in their major field, they design and carry out independent projects investigating a topic in depth and utilizing original research methods. Each student makes a presentation of his or her research to an Honors Colloquium open to a campus-wide audience. The presentation is required of each student for completion of the Honors Program.

Honors Recognition
Missouri Southern is affiliated with the National Collegiate Honors Council, The Great Plains Regional Honors Council and the national honor societies Phi Eta Sigma and Alpha Chi. Most Honors students have the opportunity to participate in the activities of these organizations.

Every Honors course completed with a final grade of ‘A’ or ‘B’ is identified as an Honors course on the student’s transcript. Students who maintain a cumulative GPA of at least 3.3, complete the required 26 hours of Honors courses and who maintain acceptable progress in Honors will receive special recognition at commencement.

Honors and Evans Scholarships
All Honors Scholars must be eligible for an academic scholarship at Missouri Southern. In addition to competing for admission to the Honors Program, candidates are also competing for additional scholarships. The Honors and Walter and Fredrica Evans Scholarships will be awarded in varying amounts to the most highly qualified applicants as funds allow. The Evans is a four-year renewable scholarship applicable to both tuition and room and board, while the Honors Scholarship applies to tuition only. These scholarships are Southern's most valuable institutional academic awards and are applicable to fall and spring semesters only.

Eligibility
All students who wish to participate in the Honors Program must first be admitted to Southern. Incoming freshmen with at least a composite score on the ACT of 28 or with at least a GPA of 3.5 (on a 4.0 scale) in high school course work are invited to apply for admission to the program. To complete the application process the student must submit an application form, a transcript and two letters of recommendation mentioning the student’s strengths as a scholar. An essay may also be required. Outstanding candidates will be invited to an on-campus interview.

Students who have already completed one to four semesters of course work with a GPA of 3.5 at Southern or any other accredited college or university are also invited to apply for admission into the program, though they may not be eligible for the Honors or Evans Scholarships. Since a majority of the required 26 Honors credits must be earned in courses meeting the General Education Requirements, applicants who have previously earned more than 30 college credits will need to present a plan for completing these requirements in order to be considered for admission.

Dr. Jerry Williams, Assistant Vice President for Lifelong Learning
Webster Hall Room 117, 417.625.9384

Staff:
Betty Baker, Internet & Web Course Technical Specialist
Amanda Curtis, Internet and Web Course Technical Specialist
Robin Douglas, Testing Supervisor, Experiential Credit Counselor
Noel Wiseman, Video Production & Multimedia Technical Specialist
Nancy Kenny, Co-Director Alliance for Business
Scott Snell, Distance Education Coordinator-Blackboard Trainer

Mission
The Office of Assistant Vice President for Lifelong Learning promotes the concept that learning is a continually evolving process that transcends geography or temporal constraints. It is the primary mission of the Division of Lifelong Learning to support students through the provision of greater access to higher education by providing the delivery systems necessary to overcome the barriers of geography and time. In the pursuit of its mission the Division provides for the offering of academic credit courses leading to various degrees and non credit courses designed to aid students in personal and professional growth. It is also recognized that learning is not always formalized and in some cases individuals may, through the portfolio process, achieve recognition and college credit for career and professional experiences. Students enrolling in distance learning programs are initially considered special or temporary until they have completed the regular admission process to become degree-seeking students. Students must be regular degree
seeking students before financial aid is available. Information is provided on the Division’s website at: www.mssu.edu/life-longlearning.

A number of delivery systems are provided by the Division of Lifelong Learning including:

**Televised Instruction** – University credit courses are offered over a number of cable systems in Southwest Missouri through (SITV) Southern Instructional Television Network and the Southern broadcast station of KGCS-TV. Delayed transmission courses are also offered for persons with schedules that do not coincide with the live telecasts over the same outlets and Ozark Public Television.

**Interactive TV (ITV)** – A number of university credit courses leading to the bachelor’s degree are provided through interactive television to different sites. Some courses provide traditional college credit and others provide dual credit for high school students.

**Internet Courses** – University courses are offered over the Internet for the convenience of students who need flexibility in their schedule. Courses available include Core Curriculum and specialty courses necessary for the completion of various Associate and Baccalaureate degrees from distant locations.

**Multimedia Correspondence Courses** – A Variety of courses are offered through the use DVD’s and streaming lectures. Lectures and demonstrations are provided on DVD or through the use of streaming server and the student and teacher interact through the use of the Internet.

**Weekend Hybrid Courses** – These university courses consist of a combination of traditional classroom and Internet sessions. The on-campus classroom sessions are typically on Saturdays. The majority of the student’s work and interaction with the teacher is through the Internet using email and the Blackboard course manager.

**Customized Training** – Training programs, customized to the specific needs of individual businesses and industry, are developed in cooperation with the various academic departments on campus. Some of the training activities are campus-based and may involve credit or non-credit courses.

**Credit for Life/Work Experience** – Credit may be earned for career and professional experiences that are documented through the portfolio process. The availability of credit depends on the relevance of the students’ experiences to their major as determined by the department and the school dean. The application process and initial advisement begins with the adviser for Experiential Credit. For information contact: 417.625.9652.

**Continuing Education Credit Hour Courses** – These courses are offered in non-traditional scheduling formats and designed primarily for professionals and job improvement. The courses may be transferable to university credit through academic petition and the approval of the department head and the school dean. Students pursuing these courses will be considered as either special or temporary until they have completed the regular student admission process.

**60-Plus Program** – The pursuit of education is not limited by a person’s chronological age. The goal is to encourage continued educational growth for new careers and personal enrichment through a tuition reduction program designed for persons 60 years of age and over.

**Videoconferences and Conference Development** – A number of conferences are provided for professional development and public awareness. Many of the conferences provide continuing education units to meet professional mandates.

**Professional Education and Conference Development** – A number of conferences are provided for professional development and public awareness. Many of the conferences provide continuing education units to meet professional mandates.

---

**NEW STUDENT PROGRAMS**

**Philosophy Statement for the First Year Experience**

Missouri Southern State University is committed to making the first year of college a success for each student. This ideal is translated into action by fostering five integrated components:

- a smooth transition into university life;
- a sense of shared responsibility;
- a challenging and stimulating learner centered academic environment;
- a sense of inclusive community;
- a comprehensive support program of personnel and resources.

The University facilitates the transition to higher education from diverse life experiences and develops lifelong learners for intellectual, cultural and social exchanges. The responsibility for student learning is shared by all members of the campus community. The University’s liberal arts foundation prepares students to become knowledgeable, critical thinkers who can meet the challenges and responsibilities facing global citizens. Missouri Southern fosters a sense of community, campus spirit and support for its first year students by promoting connections with faculty, administrators, support staff and peers. Continuous quality assessment of each of the components is conducted so that necessary changes are implemented to maximize the first year experience.

Missouri Southern’s philosophy for the first year experience is put into action in numerous ways. The faculty and staff members bring the philosophy to life by their friendly and helpful approach to students. First year students have opportunities to participate in activities and events designed to introduce them to others and campus life. The major components of the first year experience are coordinated by the First Year Experience Program and the First Year Academic Advising Program. You will learn more about those programs below.

**First Year Experience Program**

Dr. Susan Craig, Director
Heames Hall, 417.625.9731

The First-Year Experience Program has been established to help achieve the goal of beginning student success through several avenues, including offering the UE 100: The University Experience course for all beginning students, the Common Reading Program and the UE 400: Leadership Training I and UE 401: Leadership Training II courses for peer mentors.
UE 100: The University Experience (F, S), 3 hrs. cr., Required for degree-seeking students who have completed fewer than 30 credit hours.

UE 100: The University Experience is a fundamentals course designed to assist first year students in successfully defining themselves both as active participants in the MSSU community and as citizens of a twenty-first century global community. The course offers information on university personnel, facilities, services, policies, study skills and MSSU’s international mission and international study opportunities. Student participation in co-curricular activities is required. The course is taught by an instructor with the assistance of a peer mentor. The peer mentor serves as an example and a resource for the first year students.

MSSU Common Reading Program
Each year, a book is chosen as a Common Reading for use in all sections of the UE 100: The University Experience course. Students read, discuss and study the book, as well as its author. The book is chosen by committee prior to the start of the academic year. A speaker related to the reading (i.e. author, translator, character) comes to campus to lecture and meet with the first year students and the campus as a whole.

Peer Mentoring Program
Peer Mentors are upper level students who share their insights and experiences with entering students in the University Experience class. Their recent experiences and success in the academic environment make them effective models. Upper level students apply for the mentor role and receive training through UE 400/401: Leadership Training I & II.

Dual Credit
The Dual Credit Program enables high school students to enroll in college courses and simultaneously earn both high school and college credit for those courses (subject to the agreement of the high school). Missouri Southern is pleased to participate in this program. Admission to the dual credit program is limited to high school students who have completed their sophomore year, who have a cumulative high school GPA of at least 3.0 on a scale of 4.0, who are pursuing the state-designated college preparatory high school Core Curriculum, score at proficient or above on the MAP and who have the recommendation of their principal or counselor. Students should obtain a Dual Credit Application and information about available courses from the First-Year Experience Office, Hearnes Hall Room 209, 417-625-9731.

WRITING PROGRAM
The director and a faculty committee advise the Vice President of Academic Affairs on the development and supervision of the program. Each student is required to complete five writing intensive courses as a part of the baccalaureate degree. Two of those five courses must be completed in the first year writing sequence and two of the three remaining courses must be taken at the junior and/or senior level. One upper division writing intensive course must be taken in the student's major.

Mission
The School of Arts and Sciences provides quality teaching and challenging academic experiences that contribute to the complete education of students in both the General Education Requirements and specific curriculums that prepare students for careers or additional education or training. Supporting this overall mission are sound pedagogy, contributions to scholarly and creative activity and service to the campus and community.

Goals
The School of Arts and Sciences consists of 11 departments representing more than 15 disciplines. Although diverse in nature and subject, the departments in the School of Arts and Sciences all contribute to the overall missions of the University and School of Arts and Sciences by working to achieve these goals:

1. Quality teaching is our primary goal and responsibility. Arts and Sciences faculty teach the majority of courses in the General Education Requirements, a diverse but integrated group of courses that form the foundation of higher education. The academic majors within the School of Arts and Sciences prepare students for a variety of careers or for graduate and professional
that fulfill the University’s International Mission while advancing culture and creativity in this region.

**Implementation**

The Bachelor of Fine Arts in Studio Art is the professional course of study that prepares graduates to pursue a career as a visual artist in areas such as sculpture, painting, printmaking or ceramics. The Bachelor of Arts in Graphic Design combines liberal arts studies with preparation to pursue careers in advertising, print production, electronic media, web design and package design. The Bachelor of Arts in Studio Art combines a liberal arts background with a strong foundation in studio arts and art history to prepare graduates for a wide range of creative careers. Graduates with a Bachelor of Science in Education and a major in Art are certified through the Teacher Education program to teach K-12 in the state of Missouri.

Degree requirements in the various art programs are such that it is extremely important for students majoring in art to meet with their faculty advisers each semester. There are three major, direct assessments of candidates for art degrees: The Foundation Review (Entrance examination), Junior Review and Senior Exhibit (Capstone graduation portfolio review).

Students are responsible for contacting their adviser upon completion of the 18 credit hour Art Foundation Program to apply for The Foundation (Entrance Examination) Review. Passing this portfolio review is the entrance examination for enrollment in the Bachelor of Fine Arts Degree and until they do so, students may only be enrolled in one of the art department’s other degree programs. The review also serves as an opportunity early in the art student’s education for the student and the art faculty to review the academic and artistic progress that the student is making towards personal and institutional goals. For the review, students submit a representative portfolio of their creative work from the foundation courses in person to a selection of the art faculty following guidelines established in advance by the art department faculty.

The Junior Review serves as the entrance exam for our capstone course, Senior Exhibit. For this review all art students submit an essay and have a formal meeting with the entire department faculty where they present a prepared visual presentation documenting the performance of their art department coursework. This oral presentation and the paper both follow guidelines established in advance by the art department faculty.

Only students who have passed the Junior Review process are eligible to enroll in Senior Exhibit which is both a two credit hour capstone course that meets once a week every fall semester as well as a capstone experience culminating in one or two week formal exhibition of the student’s artwork to the public in the spring semester. The final grade students receive for this experience is determined both by the student’s participation in the semester long course as well as an average of the evaluations all art faculty members submit based upon a ratings sheet assessing how well a candidate meets established criteria in the actual exhibition as well as a submitted exit portfolio.

**Mission**

The Art Department complements a university liberal arts education with professional training in visual art by offering several major areas of study. These develop highly trained artists who will become designers, teachers and studio artists. The Department also includes minors for students majoring in other fields who desire to develop critical thinking and problem solving skills. Our faculty provides an integrated, relevant educational experience through quality teaching, small classes and individual attention. Additionally, the Art Department provides a component of the Humanities and Fine Arts portion of the General Education Requirement with Art Appreciation. Themed exhibitions in the campus Spiva Art Gallery, history of art courses, a permanent study collection of African artifacts and an extensive study abroad program provide training and experiences

Course Descriptions

ART 0100 (F,S) ………… 3 hrs cr.
Art Theory
A survey course that provided an introduction to the theoretical and philosophical underpinnings of art through the exploration of art history, aesthetics, criticism, studio and cultural influences. The objective is to provide a foundation of understanding for the beginning art student through reading, discussions and investigations of the ideas and condition that influence the inception and development of works of art. The course will consist of lecture, research, verbal and written critiques and discussions.

ART 0101 (F,S) ………… 3 hrs cr.
Two Dimensional Design
Foundation studio course that incorporates principles and elements of design in solving studio problems. Six studio hours per week. Lab fee required.

ART 0103 (F,S) ………… 3 hrs cr.
Three Dimensional Design
Foundation studio course introducing the use of the Elements of Design and Principles of Composition to design and create three-dimensional objects and spaces. A variety of basic materials, tools, skills and techniques will be covered. The course will consist of lecture, research, studio projects, verbal and written critiques and/or discussions. There will be additional costs in addition to course fees. Six studio hours per week. Lab fee required.

ART 0105 (F,S) ………… 3 hrs cr.
Color Theory
Foundation studio course dealing with the theories, problems and applications of color. Six studio hours per week. Lab fee required.
ART 0110  (F,S)  3 hrs. cr.  
Art Appreciation
A survey designed to increase appreciation of the visual arts through readings, slide lectures, library research and visits to the George A. Spiva Center for the Arts. Development of the cognitive and critical processes as they relate to the visual arts are emphasized.

ART 0130  (F,S)  3 hrs. cr.  
Basic Drawing
Development of perceptual and structural drawing skills through the study of line, value, perspective and composition using various media. Six studio hours per week. Lab fee required.

ART 0140  (F,S)  3 hrs. cr.  
Basic Digital Photography/Computer Skills
Introduction to digital photography and image editing emphasizing the technical and aesthetic issues and how these qualities inform image content. Control of camera settings, natural and studio lighting and basic Photoshop editing will be explored as well as career options in digital photography. A final printed and digital portfolio will be prepared. Students enrolled in the course must own a digital camera. Professional cameras, computers, software, lighting equipment and a studio will be provided for assignments. Six studio hours per week. Lab fee required. There may be additional supply costs in addition to course fees. Satisfies departmental requirement for a computer application course.

ART 0200  (F,S)  3 hrs. cr.  
Arts & Crafts
Basic crafts survey exploring materials and processes of traditional and contemporary handicrafts. An emphasis will be placed on investigating historical and contemporary uses of the five core Fine Craft media: Clay, Wood, Fiber, Precious Metals and Glass. Also the importance of the roles of functionality and craftsmanship will be examined. The course will consist of lecture, research, hands-on studio projects, verbal and written critiques and discussions. Lab fee required.

ART 0205  (F,S)  3 hrs. cr.  
Begin Jewelry Design/Metalsmithing
Creative exploration of design fabrications, casting and forging processes. Six studio hours per week. Lab fee required. Prerequisite: ART 101 or approval of instructor.

ART 0207  (F,S)  3 hrs. cr.  
Beginning Ceramics
An introduction to and the development of needed skills to use the potter’s wheel to create basic pottery forms. Fundamentals of the entire ceramic process will be introduced, including clay preparation, application of glazes and firing. Methods and techniques of hand building with clay will also be introduced. There will be additional supply costs in addition to course fees. Six studio hours per week. Lab fee required.

ART 0211  (F,S)  3 hrs. cr.  
Beginning Sculpture
An introductory exploration of formal and conceptual issues found in creating sculpture. This exploration will include using additive, subtractive and construction techniques using, but not limited to, traditional sculpture materials, equipment and techniques. This course will consist of lecture, research, studio projects, verbal and written critiques and/or discussions. There will be additional supply costs in addition to course fees. Six studio hours per week. Lab fee required. Prerequisite: ART 103 or approval of instructor.

ART 0212  (F,S)  3 hrs. cr.  
Introduction to Printmaking
Introduction to the printmaking tools, materials, techniques and process of the (1) Intaglio: etching, drypoint, aquatint and soft-ground (2) Lithography (3) Monotype and monoprint (4) Relief: woodcut, linocut. Emphasis on drawing and design. Six studio hours per week. Lab fee required. Prerequisite: ART 130.

ART 0215  (F)  3 hrs. cr.  
Illustrator/InDesign
Studio course introduction of computer graphics/publishing using Illustrator and InDesign on the Macintosh computer. Students will study computer vector illustration, desktop publishing and page layout, using type and images. File and disc management, storage and scanning included. Six studio hours per week. Lab fee required. Prerequisites: ART 101, ART 105, ART 130 and ART 140 or approval from instructor.

ART 0216  (S)  3 hrs. cr.  
Photoshop & Web Design
Studio course introduction of imaging and web design using Adobe Photoshop and Dreamweaver on the Macintosh computer. Students will study photo editing, creative illustration and web design. File and disc management, storage and scanning included. Six studio hours per week. Lab fee required. Prerequisites: ART 101, ART 105 and ART 140 or approval from instructor.

ART 0220  (F,S)  2 hrs. cr.  
Art for the Elementary School Teacher
Art theory and experiences, curriculum theory and appropriate materials, objectives, methods, activities and resources preparatory to instruction of elementary school students. Lecture, discussion and studio. Required for both elementary education majors and secondary art education majors. Lab fee required.

ART 0232  (F,S)  3 hrs. cr.  
Beginning Painting
Procedures, techniques, historical processes and basic fundamentals of painting with acrylic. Six studio hours per week. Lab fee required. Prerequisite: ART 101, ART 105 and ART 130.

ART 0240  (F)  3 hrs. cr.  
Typography and Lettering
A studio course introducing the art of typography. Designed to develop the skills needed to competently use the tools, materials and methods employed by professionals for layouts, typesetting and composition. All assignments use lettering or typography as the primary design element. Prerequisite: ART 101 and ART 130. Six studio hours per week. Lab fee required.

ART 0301  (S-Even)  3 hrs. cr.  
Art History, Prehistoric Through Gothic
Historic survey of the visual arts from prehistoric through the Middle Ages. Primarily in the Near East, North Africa and Europe.
ART 0302  (F-Odd)  3 hrs. cr.
Art History, Renaissance Through Baroque
Historical survey of the visual arts of Europe from the Early Renaissance through the Baroque and Rococo. Comparative study of other cultures included.

ART 0303  (S-Even)  3 hrs. cr.
Art History, 19th Century
Historic survey of the visual arts of Western Europe and the United States focusing primarily upon the styles of Neo-Classicicism, Romanticism, Realism, Impressionism and Post-Impressionism.

ART 0304  (F-Odd)  3 hrs. cr.
Art History, 20th Century
Study of the mainstreams of Western Art in Europe and the United States, including its sources and influences. Emphasis placed on the succession of modernist art movements in France and Germany from 1900 to 1945 and in the United States from 1945 to present.

ART 0306  (Demand)  3 hrs. cr.
Art History, African Art
Historical survey of African art covering different groups of people, different periods, geographic areas and mediums. Requirements: research paper oral presentations, periodic tests.

ART 0309  (S)  3 hrs. cr.
History and Theory of Graphic Design
A course structured to give the graphic design student a survey of the complex history of this field. The class will cover the topics in graphic design from prehistoric times through the present. Involved will be the invention of alphabet, printing, moveable type, manuscript, type design and most forms of printing. In addition they will cover the major periods in advertising history and understand the important visual forms that expanded this profession. Students will observe, analyze and critique artwork attributed to major design innovators from various periods in history. Course will consist of research, verbal and written critiques and discussions.

ART 0310  (F,S)  3 hrs. cr.
Water Media
Mixed media painting class that may include techniques and aesthetic processes of watercolor painting. Six studio hrs. per week. Lab fee required. May be repeated for a total of six credit hours. Prerequisite: ART 232 or permission of instructor.

ART 0313  (F)  3 hrs. cr.
Intaglio/Relief
A continuation of Beginning Printmaking (ART 212). Emphasis on the techniques involved in the Intaglio and Relief Printing processes. Students will complete four major projects for each of the printing processes resulting in a total of eight finished works. May be repeated for a total of six credit hours. Prerequisite ART 212 or permission of the instructor.

ART 0314  (S)  3 hrs. cr.
Silkscreen/Lithography
A continuation of Beginning Printmaking (ART 212). Emphasis on the techniques involved in the Serigraphy (silkscreen) and lithographic printing processes. Students will complete eight finished works relevant to the silkscreen and lithographic printing process. May be repeated for a total of six credit hours. Prerequisite ART 212 or permission of the instructor.

ART 0325  (F)  3 hrs. cr.
Graphic Design I
Introduction to graphic design with an emphasis on the recognition, function and aesthetic use of typography/pictorial images as a visual language for a variety of projects. Includes layout and type/image relationships. Six studio hours per week. Lab fee required. Prerequisite: ART 215, ART 216 and ART 240.

ART 0330  (F,S)  3 hrs. cr.
Jewelry Design/Metalsmithing
Exploration of advanced methods and techniques of complex forms for jewelry and metalsmithing design. Six studio hours per week. Lab fee required. May be repeated for a total of six credit hours. Prerequisite: ART 205 or approval of instructor.

ART 0332  (S)  3 hrs. cr.
Painting
Students select two proposed individual content problems for self-development using a variety of media. The results will be two series of paintings on stretched canvas that provide unique solutions. Six studio hours per week. Lab fee required. May be repeated for a total of six credit hours. Prerequisites: ART 101, ART 105, ART 130 and ART 232.

ART 0337  (F)  3 hrs. cr.
Publications Design and Layout
An intermediate level ceramics studio class with a focus on developing and expanding the skills and techniques used with the potter’s wheel. Designed to improve knowledge and skills with using ceramic materials and techniques, especially in regards to creating functional pottery forms. This course will consist of lecture, research, studio projects, verbal and written critiques and/or discussions. There will be additional supply costs in addition to course fees. Six studio hours per week. Lab fee required. Prerequisite: ART 207.

ART 0338  (S)  3 hrs. cr.
Hand Building with Clay
An intermediate-level ceramics studio class focusing on developing and expanding the skills and techniques of hand building objects with clay. Designed to improve knowledge and skills with ceramic materials and technique, especially in regards to creating sculpture ceramic forms. This course will consist of lecture, research, studio projects, verbal and written critiques and/or discussions. There will be additional supply costs in addition to course fees. Six studio hours per week. Lab fee required. Prerequisite: ART 207.

ART 0341  (F,S)  3 hrs. cr.
Sculpture Foundry
An intermediate sculpture course focusing on plaster mold making and introducing the materials and techniques used in traditional (lost wax) as well as contemporary sculptural casting processes. Model making, investment, casting, chasing and mounting of aluminum and/or bronze sculptures will be covered. The course will consist of lecture, research, studio projects, verbal and written critiques and/or discussions. There will
be additional supply costs in addition to course fees. Six studio hours per week. Lab fee required. Prerequisite: ART 211 or approval of instructor.

**ART 0342 (F,S) 3 hrs. cr.**
**Sculture**
An intermediate study of creating sculptural forms, focusing on improving knowledge and skills with materials and techniques, conceptual thinking and visual communication. The course will consist of lecture, research, presentations, studio projects, verbal and written critiques and/or discussions. There will be additional supply costs in addition to course fees. Six studio hours per week. Lab fee required. Prerequisite: ART 211.

**ART 0350 (S) 3 hrs. cr.**
**Graphic Design II**
Continued study of Graphic Communications I with an emphasis on the design and preparation of two and three-dimensional projects for printing and web. Includes an introduction to digital studio photography and introduction to the development of an individual portfolio. Six studio hours per week. Lab fee required. Prerequisite: ART 325 or approval from instructor.

**ART 0351 (F) 3 hrs. cr.**
**Graphic Design III**
Continued study of graphic design with an emphasis on the design and preparation of two and three-dimensional projects. Includes use of digital studio photography and development of an individual portfolio. Six studio hours per week. Lab fee required. There may be additional supply costs in addition to course fees. Prerequisite: ART 325 or approval from instructor.

**ART 0360 (S) 3 hrs. cr.**
**Publications Design and Layout**
A course in the basic technical preparation of artwork prior to publication. Computer production techniques are taught in the context of simulated professional job processes. This course will cover specific computer and printing processes such as halftones and screens, one color, duotones and overlay techniques, two color, photo sizing, four color process printing and color separations. Additionally, basic layout, imposition and bindery, studio business practices such as pricing, estimating, time tracking, budgets, client contact and presentation will be covered. Six studio hours per week. Lab fee required. There may be additional supply costs in addition to course fees. Prerequisites: ART 140, ART 240, ART 215, ART 216 and ART 325 or approval from instructor.

**ART 0365 (Su) 3 hrs. cr.**
**Swedish Photography Seminar**
Swedish Photography Seminar enrollment is limited to those individuals participating in the Summer in Sweden travel and study program. Course will consist of lecture, on-site photography, critiques and photo lab work in traditional silver black and white photography. Meeting days and times will coordinate with required travel dates. Enrollment by permission of the Summer in Sweden Director or Art Department Head. Lab fee required.

**ART 0366 (Su) 3 hrs. cr.**
**The Art of Scandinavia**
Art Historical survey of Scandinavian Art with enrollment limited to those individuals participating in the Summer in Sweden travel and study program. Art Students visit museums in Stockholm, Oslo and Copenhagen to study a wide variety of Scandinavian art from many different periods. They will observe analyze and critique selected works and architecture from a wide variety of periods to compare and contrast with contemporary works. Course will consist of travel, research, verbal and written critiques and discussions. Enrollment by permission of the Summer in Sweden Director or Art Department Head.

**ART 0370 (F,S) 3 hrs. cr.**
**Drawing**
Continuation of Basic Drawing (ART 130) with emphasis on perceptual drawing techniques, composition and drawing media. Prerequisites ART 101 and ART 130 or the approval of the instructor. Six studio hours per week.

**ART 0371 (S) 3 hrs. cr.**
**Life Drawing**
Drawing the human figure with emphasis on anatomy, structure and form using a variety of media. Six studio hours per week. Lab fee required. May be repeated for a total of six credit hours. Prerequisites: ART 101, ART 105 and ART 130.

**ART 0400 (F,S) 3 hrs. cr.**
**Advanced Drawing**
Advanced investigation of various drawing elements including compositions, structure and aesthetics. Six studio hours per week. Lab fee required. May be repeated for a total of six credit hours. Prerequisite: ART 370 and ART 371 or approval of instructor.

**ART 0401 (F,S) 3 hrs. cr.**
**Advanced Painting**
Students select an individual problem for self-development using a variety of media. Six studio hours per week. Lab fee required. May be repeated for a total of six credit hours. Prerequisite: ART 310 or ART 332.

**ART 0407 (F,S) 3 hrs. cr.**
**Advanced Ceramics**
Advanced methods, techniques and procedures of pottery making and design in clay. Six studio hours per week. Lab fee required. May be repeated for a total of six credit hours. Prerequisite: ART 337 or ART 338 or approval of instructor.

**ART 0411 (F,S) 3 hrs. cr.**
**Advanced Sculpture**
An advanced study of sculpture designed to encourage independent thought and investigation to aid in developing the artist's personal imagery while improving knowledge and skills with materials and technique, conceptual thinking and visual communication. The course will consist of lecture, research, studio projects, verbal and written critiques and/or discussions. There will be additional supply costs in addition to course fees. Six studio hours per week. Lab fee required. Prerequisite: ART 341 or 342. May be repeated for a total of six credit hours.
ART 0412  (F,S)  3 hrs. cr.
Advanced Printmaking
Serigraphy (silkscreen), lithography, intaglio, relief and monoprint processes. Advanced studio methods for color registration and mixed media procedures. Emphasis on design, drawing concept, technical proficiency and presentation. Six studio hours per week. Lab fee required. May be repeated for a total of six credit hours. Prerequisite: ART 313 or ART 314 or approval of instructor.

ART 0422  (F,S)  3 hrs. cr.
Special Projects 1 in Graphic Design
Advanced studio project selected by the student in a particular area of graphic design. Students attend a regularly scheduled course of related content but complete an independent special project approved by the instructor. Requirements: (1) an exhibit of the special project two weeks before the end of the semester and (2) a formal paper documenting the special project. Prerequisite: completion of two advanced courses in the same area of concentration and approval of the instructor and department head. Six studio hours per week. Lab fee required. There may be additional supply costs in addition to course fees. May be repeated for a total of six credit hours.

ART 0423  (F,S)  3 hrs. cr.
Special Projects I in Jewelry/Metalsmithing
An advanced studio study in jewelry and metalsmithing. Students attend a regularly scheduled course of related content but complete an independent special project approved by the instructor. Requirements: (1) an exhibit of the special project two weeks before the end of the semester and (2) a formal paper and presentation documenting the special project(s). There will be additional supply costs in addition to course fees. Six studio hours per week. Lab fee required. Prerequisite: completion of six hours of credit in advanced jewelry/metalsmithing and approval of instructor and department head. May be repeated for a total of six credit hours.

ART 0424  (F,S)  3 hrs. cr.
Special Projects 1 in Painting
An advanced studio study in painting. Students attend a regularly scheduled course of related content but complete an independent special project approved by the instructor. Requirements: (1) an exhibit of the special project two weeks before the end of the semester and (2) a formal paper and presentation documenting the special project(s). There will be additional supply costs in addition to course fees. Six studio hours per week. Lab fee required. Prerequisite: completion of six hours of credit in advanced painting and approval of instructor and department head. May be repeated for a total of six credit hours.

ART 0426  (F,S)  3 hrs. cr.
Special Projects I in Sculpture
An advanced studio study in sculpture. Students attend a regularly scheduled course of related content but complete an independent special project approved by the instructor. Requirements: (1) an exhibit of the special project two weeks before the end of the semester and (2) a formal paper and presentation documenting the special project(s). There will be additional supply costs in addition to course fees. Six studio hours per week. Lab fee required. Prerequisite: completion of six hours of credit in advanced sculpture and approval of instructor and department head. May be repeated for a total of six credit hours.

ART 0427  (F,S)  3 hrs. cr.
Special Projects 1 in Ceramics
An advanced studio study in ceramics. Students attend a regularly scheduled course of related content but complete an independent special project approved by the instructor. Requirements: (1) an exhibit of the special project two weeks before the end of the semester and (2) a formal paper and presentation documenting the special project(s). There will be additional supply costs in addition to course fees. Six studio hours per week. Lab fee required. Prerequisite: completion of six hours of credit in advanced ceramics and approval of instructor and department head. May be repeated for a total of six credit hours.

ART 0428  (F,S)  3 hrs. cr.
Special Projects 1 in Drawing
An advanced studio study in drawing. Students attend a regularly scheduled course of related content but complete an independent special project approved by the instructor. Requirements: (1) an exhibit of the special project two weeks before the end of the semester and (2) a formal paper and presentation documenting the special project(s). There will be additional supply costs in addition to course fees. Six studio hours per week. Lab fee required. Prerequisite: completion of six hours of credit in advanced drawing and approval of instructor and department head. May be repeated for a total of six credit hours.

ART 0429  (F,S)  3 hrs. cr.
Special Projects 1 in Printmaking
An advanced studio study in printmaking. Students attend a regularly scheduled course of related content but complete an independent special project approved by the instructor. Requirements: (1) an exhibit of the special project two weeks before the end of the semester and (2) a formal paper and presentation documenting the special project(s). There will be additional supply costs in addition to course fees. Six studio hours per week. Lab fee required. Prerequisite: completion of six hours of credit in advanced printmaking and approval of instructor and department head. May be repeated for a total of six credit hours.

ART 0442  (F,S)  3 hrs. cr.
Special Projects II in Graphic Design
Advanced studio project selected by the student in a particular area of graphic design. Students attend a regularly scheduled course of related content but complete an independent special project approved by the instructor. Requirements: (1) an exhibit of the special project two weeks before the end of the semester and (2) a formal paper and presentation documenting the special project. Prerequisite: completion of two advanced courses in the same area of concentration and approval of the instructor and department head. Six studio hours per week. Lab fee required. There may be additional supply costs in addition to course fees. May be repeated for a total of six credit hours.

ART 0443  (F,S)  3 hrs. cr.
Special Projects II in Jewelry/Metalsmithing
Same as ART 423. There will be additional supply costs in addition to course fees. Six studio hours per week. Lab fee re-
required. Prerequisite: ART 423 and approval of instructor and department head. May be repeated for a total of six credit hours.

ART 0444  (F,S)  3 hrs. cr.
Special Projects II in Painting
Same as ART 424. There will be additional supply costs in addition to course fees. Six studio hours per week. Lab fee required. Prerequisite: ART 424 and approval of instructor and department head. May be repeated for a total of six credit hours.

ART 0446  (F,S)  3 hrs. cr.
Special Projects II in Sculpture
Same as ART 426. There will be additional supply costs in addition to course fees. Six studio hours per week. Lab fee required. Prerequisite: ART 426 and approval of instructor and department head. May be repeated for a total of six credit hours.

ART 0447  (F,S)  3 hrs. cr.
Special Projects II in Ceramics
Same as ART 427. There will be additional supply costs in addition to course fees. Six studio hours per week. Lab fee required. Prerequisite: ART 427 and approval of instructor and department head. May be repeated for a total of six credit hours.

ART 0448  (F,S)  3 hrs. cr.
Special Projects II in Drawing
Same as ART 428. There will be additional supply costs in addition to course fees. Six studio hours per week. Lab fee required. Prerequisite: ART 428 and approval of instructor and department head. May be repeated for a total of six credit hours.

ART 0449  (F,S)  3 hrs. cr.
Special Projects II in Printmaking
Same as ART 429. There will be additional supply costs in addition to course fees. Six studio hours per week. Lab fee required. Prerequisite: ART 429 and approval of instructor and department head. May be repeated for a total of six credit hours.

ART 0450  (S)  3 hrs. cr.
Graphic Design IV
Advance study of graphic design layout, production and/or video reproduction. Includes advanced projects with computer-aided graphic techniques and equipment. Completion of an individual portfolio is required. Six studio hours per week. Lab fee required. May be repeated for a total of six credit hours. Prerequisite: ART 425.

ART 0475  (F,S,Su)  1-8 hrs. cr.
Internship in Art
An off-campus work experience in a professional setting for advanced art majors. All internships must conform with institutional policy regarding the number of hours per credit and with contractual agreements involving the cooperating organization. Prerequisites: six hours of upper division level art coursework, junior standing or above and approval of a departmental committee.

ART 0490  (F)  2 hrs. cr.
Senior Exhibit
Prepares senior art majors for their exhibit which is normally scheduled during spring in the Spiva Art Gallery. One hour lec-

ture, two hours of studio per week. Prerequisite: Senior standing and permission of the Junior Review Committee.

ART 0498  (Demand)  1-3 hrs. cr.
Special Topics in Art
For upper division Art majors or related majors. Topics and methods of current interest not included in other courses. Enrollment by permission of instructor or department head. Prerequisites to be determined by Art Department.

ART 0499  (F,S,Su)  1-3 hrs. cr.
Independent Study
An in-depth study of some specialized topic or project not considered in the art department course offerings. An adviser from the art faculty will structure the independent study with the approval of the department head. Prerequisite: At least 90 hours completed and an overall cumulative GPA of 3.0 or higher. Enrollment must be approved by the department head and school dean.

BIOLOGY

Reynolds Hall 210 • 417.625.9376

Faculty Lemmons - Head, Bay, Fletcher, Fraser, Heth, Jackson, Johnson, Kennedy, Lawson, Messick, Plucinski, Roettger, Schlink, Wells

Mission

Our mission is to provide a stimulating and challenging Biology curriculum, excellence in teaching, quality academic advising, outstanding general education courses, dedicated community and university service, as well as international opportunities for students.

A Bachelor of Science in Biology will prepare students for diverse career options. Biology majors will enter fields such as biotechnology and bioinformatics, ecology and conservation biology, basic research, as well as health related professional careers in medicine, dentistry, optometry, veterinary medicine, pharmacy and physical therapy.

Students interested in education may pursue the Bachelor of Science in Education with a major in unified science, biology endorsement. Completion of this program qualifies you to teach introductory level courses in biology, chemistry, earth science and physics and to teach advanced courses in biology at the secondary level.

Internships are encouraged for biology majors. These internships allow the students to gain practical experience in a work or research setting. Students work under the joint supervision of a faculty member and a representative of the institute providing the intern experience.
### Bachelor of Science with a Major in Biology

**Electives .................................................. 24-25**

**Total ......................................................... 124****

*Required courses in biology, chemistry, mathematics and physics satisfy major requirements and 12 hours of the General Education Requirements.

**Electives chosen based on the following divisions:

**Biomedical Sciences ................................. 15**

- Recommended courses: BIO 201 or 331, 290, 301, 308, 350, 361, 362, 364, 380, 433, 442, 450, 456, 490, 498, 499

**Field/Conservation Biology .......................... 15**

- Recommended courses: BIO 290, 300, 304, 312, 316, 322, 331, 332, 361, 364, 370, 371, 440, 450, 498, 499

**General Biology ......................................... 15**

- Recommended courses: two from each of the following:
  - Biomedical Sciences electives
  - Field/Conservation Biology electives

***This combination of required courses fulfills computer literacy requirement.

****Must include at least 40 Upper Division (300 - 400 level) hrs.

Although not required for the BS in Biology, some students may need additional courses to meet admission requirements for professional or graduate school. Students should contact their adviser and prospective professional or graduate school for information regarding the specific courses required.

General Biology course that emphasizes environmental health. The organization, complexity and interdependency of life is revealed through the study of life chemistry, cells organisms, respiration, photosynthesis, genetics, populations, evolution and ecology. Emphasis is placed on protection of the human environment with discussion of environmental issues and environmentally related public health concerns. Three lectures, one two hr. lab per week. Credit is not granted for both BIO 101 and BIO 105. Not for biology majors.

**Principles of Biology I**

First in a two-course introductory sequence for biology majors. The unifying principles of living organisms including scientific method, biological molecules, cell structure, function and metabolism, genetics, evolution and a survey of Prokaryotes, Protists and Fungi. Three lectures, one two-hour lab per week. Prerequisites: BIO 101 or BIO 105 or an ACT composite score of 22 or higher. High school chemistry strongly recommended.

**Principles of Biology II**

A continuation of BIO 110 to include the evolution, diversity, structure, function and ecology of plants and animals. Three lectures, one three-hour lab per week. Prerequisites: BIO 110 with a grade of C or better.

**General Botany**

The unifying principles of living organisms from cell structure and function to interactions within ecosystems are presented with an emphasis on photosynthetic organisms. These concepts are studied by examining the diversity of the plants, algae and fungi found worldwide in terms of habit, habitat, morphology, anatomy, physiology, terminology, evolution and classification. Three lectures, one three-hour lab per week.

**Human Anatomy and Physiology I**

The first in a two-course sequence in which human anatomy and physiology are studied using a body system approach. Includes the concept of scientific inquiry and the fundamental concepts of cell biology, cell metabolism and genetics. Three lectures and one, two-hour lab per week. Fulfills the General Education Requirements requirements in Area 3, Section A for certain Allied Health, Environmental Health, Kinesiology and Nursing majors. Prerequisite: ACT composite score of 19 or higher or a satisfactory score on the departmental assessment or BIO 070 with a grade of C or better.

**General Zoology**

The unifying principles of living organisms from single cells to interactions within communities and ecosystems are presented with emphasis on animals. Speciation, diversity, morphology, physiology, taxonomy and conservation of all major animal phyla are examined. Three lectures, one three-hour lab per week.

**Human Anatomy**

A general treatment of human anatomy from the tissue through the organ system levels of organization. The lecture provides the conceptual and organizational framework for laboratory, which utilizes microscopy, dissection, anatomical models and anatomical software. Three hours of lecture, one three-hour lab per week. Credit toward the biology major granted for one anatomy course: BIO 201 or BIO 331. Prerequisite: BIO 101 or BIO 105 or BIO 111 or BIO 122.
BIO 0210  (F,S)  4 hrs. cr.  
Molecular Biology  (Writing Intensive)  
Physiological characteristics and function at the molecular levels of both plant and animal cells. Three lectures, one two-hour lab per week. Prerequisites: BIO 111 or BIO 112 or BIO 122 and CHEM 152.

BIO 0221  (F,S,Su)  5 hrs. cr.  
Human Anatomy & Physiology II  
A continuation of BIO 121 - Anatomy and Physiology I. A systems approach will be used to emphasize the interrelationships between form and function at the gross and microscopic levels of human organization. Three lectures and two, two-hour labs per week. Prerequisite: BIO 121.

BIO 0231  (F,S,Su)  5 hrs. cr.  
General & Medical Microbiology  
Structure and function of microorganisms. Topics include general principles of microbiology, immunology and identification of microorganisms. Three lectures and two, two-hour labs per week. Prerequisites: BIO 111 (or BIO 121) and CHEM 120 or 151.

BIO 0240  (S)  3 hrs. cr.  
Radiation Biology  
Survey of various types of radiation affecting humans, the uses of radiation and methods for monitoring radiation levels. Emphasis on the physiological damage that occurs to tissues following ionizing radiation. Three lectures per week. Prerequisites: Five hrs. of chemistry or acceptance into the School of Radiologic Technology.

BIO 0261  (Demand)  3 hrs. cr.  
Animal Nutrition  
Fundamental principles of animal nutrition with special emphasis given to applied nutrition and life-cycle feeding of domestic animals. Three lectures per week. Prerequisite: BIO 210.

BIO 0290  (F-Even)  3 hrs. cr.  
Research and Statistical Methods in Biology  (Writing Intensive)  
Develops literature research, experimental design and statistical analysis skills required in biology and environmental health. Students learn both mathematical foundations and software applications of statistical methods. Students develop a research question, search literature, design a study and write a proposal. Prerequisites: BIO 111 or BIO 112/122 (or BIO 101 or BIO 105) and MATH 140.

BIO 0298  (Demand)  1-5 hrs. cr.  
Topics in Biology  
Designed to give instruction in some discipline of biology not covered in other courses. Prerequisites to be determined by department.

BIO 0300  (S-Even)  3 hrs. cr.  
Evolution  
Course designed to enhance the understanding and appreciation of the modern scientific theory of evolution. Evidence and mechanics of evolution exemplified by molecular biology, systematics, genetics and population ecology will be included as well as samples of current evolutionary research. Prerequisites: BIO 111 or BIO 112/122 or BIO 101 or BIO 105.
<table>
<thead>
<tr>
<th>Course Code</th>
<th>Section</th>
<th>Credits</th>
<th>Course Title</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>BIO 0316</td>
<td>(S-Even)</td>
<td>3 hrs. cr.</td>
<td>Economic Botany</td>
<td>Economic uses of plants in the past, present, and future. Emphasis on economic aspects of plants in medicine, agriculture, horticulture, and industry. Includes the history of plant domestication and an overview of plant chemistry, morphology, and reproduction pertinent to economics. Prerequisites: BIO 111 or BIO 112.</td>
</tr>
<tr>
<td>BIO 0322</td>
<td>(S-Odd)</td>
<td>4 hrs. cr.</td>
<td>Taxonomy of Flowering Plants</td>
<td>Relationships among selected plant groups with emphasis on classification and descriptions of taxa, nomenclature, and concepts concerning the evolutionary sequence of various plant characters. Southwestern Missouri flora emphasized. Two lectures, two two-hour labs per week. Prerequisite: BIO 111 or BIO 112.</td>
</tr>
<tr>
<td>BIO 0331</td>
<td>(S)</td>
<td>5 hrs. cr.</td>
<td>Comparative Vertebrate Anatomy</td>
<td>Fundamental course designed to enhance understanding and appreciation of the structure and adaptations of vertebrates. Emphasis on evolution and the relationship between structure and function. Two lectures, two three-hour labs per week. Credit toward the biology major granted for one anatomy course: BIO 201 or BIO 331. Prerequisite: BIO 111 or BIO 122.</td>
</tr>
<tr>
<td>BIO 0332</td>
<td>(F-Even)</td>
<td>4 hrs. cr.</td>
<td>Introduction to Entomology</td>
<td>Collecting methods, taxonomy, life history, morphology, and evolution of insects. Three lectures, one three-hour lab per week. Prerequisite: BIO 111 or BIO 122.</td>
</tr>
<tr>
<td>BIO 0350</td>
<td>(S-Even)</td>
<td>2 hrs. cr.</td>
<td>Techniques in Microbiology</td>
<td>Training in techniques in microbiology through analysis of bacterial antibiotic resistance patterns and their medical ramifications. Includes the origin, incidence, effects and prevention of antibiotic resistance. Prerequisite: BIO 231.</td>
</tr>
<tr>
<td>BIO 0352</td>
<td>(Demand)</td>
<td>1-4 hrs. cr.</td>
<td>Biomes</td>
<td>An in-depth study of a selected ecosystem. The interactions between plants and animals with their abiotic environment are studied in the classroom and during an extended field trip usually lasting one week or more. The habitat chosen for study varies from year to year and some trips require physical conditioning or specialized training. Living conditions range from primitive to reasonably comfortable dormitories. Students are required to bear the cost of the trip. Prerequisites: BIO 111 or BIO 112/122 and permission of the instructor.</td>
</tr>
<tr>
<td>BIO 0361</td>
<td>(Demand)</td>
<td>4 hrs. cr.</td>
<td>Parasitology</td>
<td>Systematic investigation of the numerous parasites found in vertebrates. Emphasis on life cycles of parasites that infect humans and domestic animals. Three lectures, one three-hour lab per week. Prerequisite: BIO 111 or BIO 122.</td>
</tr>
<tr>
<td>BIO 0362</td>
<td>(F-Even)</td>
<td>3 hrs. cr.</td>
<td>Virology</td>
<td>Structure, classification and life cycles of bacterial, animal and plant viruses, their significance in disease (including cancer) and the use of viruses in modern biological research. The laboratory will stress the cultivation of viruses in bacterial and other cells. Three lectures, one three-hour lab per week. Prerequisites: BIO 231.</td>
</tr>
<tr>
<td>BIO 0364</td>
<td>(F-Odd)</td>
<td>3 hrs. cr.</td>
<td>Cell Biology</td>
<td>A current perspective on cell biology will be addressed by examining various aspects of cell structure and function. Emphasis will be on communication and regulation mechanisms in both normal and abnormal states. In addition, the historical aspects of cell biology research and the techniques used by researchers will be discussed. Specific topics will be chosen each semester depending on current research with the use of primary literature to illustrate important concepts. Prerequisite: BIO 210.</td>
</tr>
<tr>
<td>BIO 0370</td>
<td>(S, Su)</td>
<td>3 hrs. cr.</td>
<td>Environmental Health</td>
<td>A survey of contemporary environmental health problems and protection measures, including public health disease or injury prevention and environmental hazard mitigation. Topics include water quality, air quality, food protection, disease vector control, waste management, toxicology, radiation, shelter, recreational and workplace safety. Three hours of lecture per week. Prerequisites: BIO 101 or 105 or 110 or 112 or 121 or 122. Cross-listed as EH 370 and HS 370.</td>
</tr>
<tr>
<td>BIO 0371</td>
<td>(F-Odd)</td>
<td>4 hrs. cr.</td>
<td>Plant Physiology</td>
<td>Introduction to plant physiology emphasizing a review of the cell, plant biochemistry, regulation of plant development and factors producing physiological stress in plants. Three lectures, one two-hour lab per week. Prerequisites: BIO 111 or BIO 112 and 210.</td>
</tr>
<tr>
<td>BIO 0380</td>
<td>(F,S)</td>
<td>3 hrs. cr.</td>
<td>Epidemiology</td>
<td>Introduction to the concepts, principles and methods generally useful in the surveillance and investigation of communicable disease outbreaks. Three hours of lecture per week. Prerequisites: BIO 101 or 105 or 110 or 112 or 121 or 122. Cross-listed as EH 380 and HS 380.</td>
</tr>
<tr>
<td>BIO 0402</td>
<td>(F)</td>
<td>4 hrs. cr.</td>
<td>General Ecology</td>
<td>Study of plant and animal communities and their interaction within the environment. Emphasis on flora and fauna of Southwest Missouri and soils, climate and other major environmental factors responsible for the distribution and association of plants and animals. Three lectures, one three-hour lab per week. Prerequisites: BIO 111 or BIO 112/122.</td>
</tr>
<tr>
<td>Course Code</td>
<td>Semester</td>
<td>Credit Hours</td>
<td>Course Title</td>
<td>Description</td>
</tr>
<tr>
<td>------------</td>
<td>----------</td>
<td>--------------</td>
<td>--------------</td>
<td>-------------</td>
</tr>
<tr>
<td>BIO 0405</td>
<td>(S-Even)</td>
<td>3 hrs. cr.</td>
<td>Bioinformatics</td>
<td>Introduction to the principles and procedures used to obtain and synthesize information from DNA databases. Topics and techniques presented will include similarity searching and determination of homology, alignment and phylogeny of DNA sequences. This course is offered as part of an interdisciplinary Bioinformatics option that includes courses in Computer Information Science and Biology, but is not limited to these students. Prerequisites: BIO 305 and CIS 110.</td>
</tr>
<tr>
<td>BIO 0422</td>
<td>(Demand)</td>
<td>5 hrs. cr.</td>
<td>Invertebrate Zoology</td>
<td>Classification, morphology, physiology, development and evolution of invertebrate animals. Three lectures and two, two-hour labs per week. Prerequisite: BIO 111 or BIO 122.</td>
</tr>
<tr>
<td>BIO 0431</td>
<td>(Demand)</td>
<td>4 hrs. cr.</td>
<td>Animal Physiology</td>
<td>Comparative approach to the physiology of animals with emphasis on laboratory studies of both mammalian and non-mammalian vertebrates. Three lectures, one three-hour lab per week. Credit toward the biology major granted for only one physiology course: BIO 301 or BIO 431. Prerequisite: BIO 201 or BIO 331.</td>
</tr>
<tr>
<td>BIO 0433</td>
<td>(S-Even)</td>
<td>4 hrs. cr.</td>
<td>Histology</td>
<td>Detailed study of microscopic structure of animal tissues and organs with special emphasis on mammalian tissue. Three lectures, one three-hour lab per week. Prerequisite: BIO 201 or BIO 331.</td>
</tr>
<tr>
<td>BIO 0440</td>
<td>(S-Odd)</td>
<td>4 hrs. cr.</td>
<td>Plant Pathology</td>
<td>Historical significance of plant pathology, the physiological response of plants to abiotic factors, the anatomical and physiological aspects of plant susceptibility to disease and examples of management systems. Includes major diseases caused by bacteria, fungi and viruses. Three lectures, one two-hour lab per week. Prerequisite: BIO 111 or BIO 112 or BIO 122.</td>
</tr>
<tr>
<td>BIO 0442</td>
<td>(S-Odd)</td>
<td>5 hrs. cr.</td>
<td>Pathogenic Bacteriology</td>
<td>A study of the structure, identification and pathology of the infectious bacteria. Three lectures, two two-hour labs per week. Prerequisite: BIO 231.</td>
</tr>
<tr>
<td>BIO 0450</td>
<td>(F,S)</td>
<td>0-4 hrs. cr.</td>
<td>Internship in Biology</td>
<td>In conference with a departmental board a half semester in advance, the student shall elect to work and observe in any area of applied biology in which on-the-job experience would be beneficial to the student’s training. Course can be repeated, but a maximum of 4 credit hours can be used to meet the biology major requirements. Prerequisites: Junior standing or above in biology with a minimum of 20 biology hours and 20 upper division hours.</td>
</tr>
<tr>
<td>BIO 0455</td>
<td>(F,S,Su)</td>
<td>1-2 hrs. cr.</td>
<td>Laboratory Assistant Practicum</td>
<td>Supervised practical experience in assisting undergraduate students in laboratory techniques in 100 and 200 level Biology classes. A maximum of 2 hours of credit can be applied toward the Biology degree. Prerequisite: advanced standing and permission of instructor of class being assisted.</td>
</tr>
<tr>
<td>BIO 0456</td>
<td>(F-Odd)</td>
<td>4 hrs. cr.</td>
<td>Immunology</td>
<td>Cellular and molecular basis of the immune response in vertebrates including structure, induction and regulation of the immune response. Autoimmune disorders, vaccines, transplantation and diagnostic immunology will also be presented. The laboratory will stress the induction and manipulation of the immune response. Three lectures, one three-hour lab per week. Prerequisites: BIO 231.</td>
</tr>
<tr>
<td>BIO 0481</td>
<td>(S)</td>
<td>4 hrs. cr.</td>
<td>Aquatic Ecology</td>
<td>Analysis of components of freshwater systems, both impoundment and stream environments. Three lectures, one two-hour lab per week. Prerequisite: BIO 111 or BIO 112/122.</td>
</tr>
<tr>
<td>BIO 0490</td>
<td>(Demand)</td>
<td>1 hr. cr.</td>
<td>Seminar</td>
<td>Faculty supervised discussion group and critical review of current topics in biology. Students will present reviews in selected topics. One meeting per week. Prerequisites: For upper division biology majors. May be repeated for additional credit.</td>
</tr>
<tr>
<td>BIO 0495</td>
<td>(Demand)</td>
<td>2-3 hrs. cr.</td>
<td>Roots of Science</td>
<td>The course will explore the history and lives of scientists who made significant contributions in Biology or sciences impacting Biology. Travel to the scientists’ homeland or site of their research will be included to emphasize the historical components of their lives and research. Cultural sites associated with the scientists will also be visited to emphasize society’s role in their conclusions. Students will be responsible for travel expenses. Prerequisite: Determined by instructor when offered.</td>
</tr>
<tr>
<td>BIO 0498</td>
<td>(Demand)</td>
<td>1-5 hrs. cr.</td>
<td>Advanced Topics in Biology</td>
<td>Designed to give advanced instruction in some discipline of biology not covered in other courses. For upper division majors. Prerequisites to be determined by department.</td>
</tr>
<tr>
<td>BIO 0499</td>
<td>(Demand)</td>
<td>1-3 hrs. cr.</td>
<td>Independent Research in Biology</td>
<td>Individual work under the supervision of a faculty member, with the credit and hours to be arranged. Research may be undertaken in any field of biology, with adequate preparation and the consent of the supervising instructor, department head and school dean. Prerequisite: Minimum GPA of 3.0 with 90 credit hours completed.</td>
</tr>
</tbody>
</table>
Faculty: Archer - Head, Garoutte, Gilbert-Saunders, Sloan, Summerfield

Mission: The Physical Science department is a learning community dedicated to:

- providing a curriculum that gives its majors a thorough grounding in the basic principles and methods of chemistry in theory and practice
- offering our students ample opportunities for independent research
- providing chemistry courses suitable for students majoring in other fields
- offering courses in support of the health sciences
- supporting a Medical Technology program in concert with hospitals in the region
- providing a positive environment for students, staff and faculty

Chemistry and Biochemistry graduates will find an impressive array of options and exciting opportunities in fields such as basic research, environmental protection, instrumentation, new product and process development, technical marketing, market research, forensic chemistry, teaching at all levels and information science. Moreover, chemistry degrees are valuable in health sciences such as medicine, pharmacology, clinical chemistry and industrial hygiene. The first step into a future in chemistry is a formal education. Since chemistry is such a broad field and holds diverse career opportunities, students should plan their education with a goal in mind.

CHEM 0120 (F,S) .......................... 5 hrs. cr.
Chemistry for the Allied Health Sciences
This course is designed for allied health sciences majors. The course presents material from general organic and biochemistry related to the national registry examinations in these major fields. The class is not for science majors or to satisfy the general education requirements. Four lectures and one three-hour laboratory period per week. Prerequisite: MATH 30 or satisfactory score on the Mathematics Placement Test.

CHEM 0151 (F,S,Su) ................................ 5 hrs. cr.
General Chemistry I
Introductions to theories of chemistry with emphasis on the relationship of structure to properties of matter, the changes that occur during chemical reactions and the quantitative aspects of these changes. Four lectures, one three-hour laboratory per week. Prerequisite or corequisite: MATH 140 or higher level math course.

CHEM 0152 (F,S,Su) ................................ 5 hrs. cr.
General Chemistry II
Continuation of Chemistry 151. Emphasis on the dynamics and thermodynamics of chemical processes and on the properties and reactions of analogous groups of cations and anions. Four lectures, one three-hour laboratory per week. Prerequisites: CHEM 151 with a minimum grade of 'C' or permission of instructor and MATH 140 or higher level math course.

CHEM 0190 (F,S,Su) ................................ 1-2 hrs. cr.
Laboratory in Chemistry
A lower division laboratory course to be used by students who are transferring chemistry courses without a laboratory to MSSU. This will make the transferred course equivalent to the MSSU course. Class may be repeated for credit as needed.
CHEM 0201  (F)  5 hrs. cr.
Analytical Chemistry I
This is the standard first course in quantitative chemical analysis. The lecture and laboratory include the theory and practice of methods of analysis. While the primary emphasis in the first semester is on the interpretation of experimental results, other aspects of the analytical process are introduced. Three lectures, two three-hour laboratories per week. Prerequisite: CHEM 152.

CHEM 0297  (F,S,Su)  1-3 hrs. cr.
Introduction to Research in Chemistry  (Writing Intensive)
Introduction to research techniques; laboratory work and literature search under the supervision of an instructor on a chemical research project. Involves laboratory experimentation as well as a written report on a project from any area of chemistry. Open to students having 1) freshman or sophomore standing, 2) the ability to undertake independent work and 3) permission of the instructor. This class may be taken more than once but only six hours or research classes can count toward graduation requirements. Enrollment must be approved by the adviser and the department head.

CHEM 0298  (Demand)  1-3 hrs. cr.
Topics in Chemistry  (Writing Intensive)
Designed to give instruction in some area of Chemistry not covered in other courses. For sophomore level science majors. Course may be taken more than once for different topics but only six hours of topics classes may be counted for graduation requirements. Prerequisite: CHEM 201 or permission of instructor.

CHEM 0301  (F,S)  5 hrs. cr.
Organic Chemistry I
Principles of organic chemistry including nomenclature, structure, stereochemistry and reactions will be studied by the functional group approach. A brief introduction to organic reaction mechanisms and spectroscopy will be presented. Four lectures and one three-hour laboratory per week. Prerequisite: CHEM 152 with a grade of 'C' or better.

CHEM 0302  (F,S)  5 hrs. cr.
Organic Chemistry II  (Writing Intensive)
A continuation of Chemistry 301. Primary emphasis is on more in-depth study of the properties, nomenclature, synthesis, reactions and reaction mechanism of both aliphatic and aromatic compounds that were presented in Chemistry 301. The functional group approach is used. Organic spectroscopy is discussed in detail as related to the identification of functional groups and molecular structure. Four lectures and one three-hour laboratory per week. Prerequisite: CHEM 301 with a grade of 'C' or better.

CHEM 0320  (S)  2 hrs. cr.
Computer Applications in Chemistry
An introduction to computer applications and software commonly used for scientific study (and in upper-division courses). Students will become proficient in using the operating system, the local-area network, spreadsheets and graphing applications and will be introduced to computer data acquisition and interfacing, Internet information sources and presentation software. This course satisfies the computer literacy requirement for chemistry majors. One lecture, one three-hour laboratory per week. Prerequisite: MATH 130 (or higher) and CHEM 151.

CHEM 0351  (F)  5 hrs. cr.
Biochemistry  (Writing Intensive)
Fundamental concepts of the chemistry of proteins, carbohydrates, lipids and nucleic acid with emphasis on the physiological aspects of these compounds. The interrelationship of these compounds in living systems will be presented through bioenergetics, reaction pathways and chemical mechanisms. Four lectures and one three-hour laboratory per week. Prerequisite: CHEM 300 or 302.

CHEM 0390  (Demand)  1-2 hrs. cr.
Laboratory in Chemistry
An upper division laboratory course to be used by students who are transferring chemistry courses without a laboratory to MSSU. This will make the transferred course equivalent to the MSSU course. Class may be repeated for credit as needed.

CHEM 0400  (S)  4 hrs. cr.
Elementary Physical Chemistry  (Writing Intensive)
A one semester course, designed particularly for biochemical, biological and pre-professional students, which surveys the fundamentals of physical chemistry. Principles of thermodynamics and chemical kinetics and their application to aqueous solutions will be emphasized. Solution equilibria, spectroscopy and transport processes will also be examined. Three lectures and one three-hour laboratory per week. Note: This course does not meet the requirements for the BS in Chemistry. Prerequisite: CHEM 152 with a 'C' or better.

CHEM 0401  (F-Odd)  4 hrs. cr.
Physical Chemistry I
In the first part of the class, a macroscopic approach to the understanding of chemical and physical properties of chemical systems is used. Topics include the laws of thermodynamics and systems at equilibrium. For the last part of the class, a microscopic approach is taken. Chemical kinetics and its application to aqueous reactions will be emphasized. Three lectures and one three-hour laboratory per week. Prerequisites: MATH 250 and PHYS 290.

CHEM 0402  (S-Even)  4 hrs. cr.
Physical Chemistry II
A continuation of Chemistry 401. To begin, the focus is a microscopic approach to understanding chemical systems. Quantum theory and molecular spectroscopy are emphasized. Then the microscopic approach (quantum theory) is linked to the macroscopic approach (thermodynamics) using statistical mechanics. Three lectures and one three-hour laboratory per week. Prerequisite: CHEM 401.

CHEM 0421  (Demand)  5 hrs. cr.
Analytical Chemistry II
A continuation of Chemistry 201. This is a study of the overall analytical process. Lecture and lab deal mainly with electrochemical and spectrophotometric methods of analysis and their application in chemical analysis, but also include other physiochemical and separatory techniques used in modern analytical
processes. Three lectures and two three-hour laboratories per week. Prerequisite: CHEM 201.

CHEM 0422  (S-Even)  4 hrs. cr.
Advanced Inorganic Chemistry
A study of contemporary state of the several bond models in chemistry. A review of the energetics of reactions and coordination theory, followed by the chemistry of the families of the elements in the periodic table. Three lectures and one three-hour laboratory per week. Prerequisites: CHEM 152 and MATH 250.

CHEM 0427  (S-Odd)  5 hrs. cr.
Instrumental Analysis  (Writing Intensive)
Designed to familiarize the student with current instrumentation. The approach is through (1) lectures devoted to a particular type of instrumentation and (2) laboratories designed to give hands-on experience in the working of the instrument. Two lectures and two three-hour laboratories per week. Prerequisite: 15 hours of chemistry with a grade of 'C' or better.

CHEM 0430  (Demand)  1-3 hrs. cr.
Internship in Chemistry
In conference with departmental representatives at least six weeks in advance, the student shall elect to work and observe in any area of applied chemistry in which on-the-job experience would be beneficial to the student's training. Prerequisites: Junior standing in Chemistry with a minimum of 20 hours of chemistry or by permission.

CHEM 0440  (S-Demand)  3 hrs. cr.
Introduction to Electrochemistry
This is a beginning course in electrochemistry with an emphasis on applications to battery technology. Three lectures per week. Prerequisites: CHEM 201, MATH 250.

CHEM 0442  (Demand)  3 hrs. cr.
Design and Modeling of Electrochemical Devices
The design of electrochemical cells and the impact of designs on the overpotential losses in these cells (especially batteries). Matlab modeling will be performed. Prerequisite: CHEM 152.

CHEM 0444  (Demand)  4 hrs. cr.
Materials and Processing Methods for Electrochemical Devices
This course will provide an overview of materials aspects of advanced batteries and battery systems, focusing on electrode materials, separators and electrolytes. Material properties that influence battery performance characteristics, such as capacity, charge and discharge rates will be reviewed from both practical and theoretical perspectives. Current materials challenges that must be met to further improve battery performance will be discussed. Prerequisites: Junior level standing in Engineering Technology, Physics or Chemistry (MSSU) or Science or Engineering (Missouri S&T).

CHEM 0472  (Demand)  4 hrs. cr.
Organic Qualitative Analysis
Systematic identification of organic compounds and mixtures; organic spectroscopy is emphasized. Two lectures and two three-hour laboratories per week. Prerequisite: CHEM 302.

CHEM 0490  (Demand)  1-3 hrs. cr.
Seminar
For upper division chemistry majors. Content varies, depending on the student's needs, from library research to special topics in chemistry. Prerequisite: Senior standing or permission of department head.

CHEM 0496  (Demand)  2 hrs. cr.
Problems in Chemistry  (Writing Intensive)
A practical research class especially designed for students seeking a Bachelor of Science in Education with a major in chemistry. The class involves laboratory work and a literature search under the supervision of an instructor on a chemical research project. Involves lab experimentation as well as a written report on a project from any area of chemistry. Open to students needing a problems course in chemistry to satisfy Missouri Certification Standards for Secondary Teachers in Chemistry. Students must have a minimum of 20 hours of chemistry and permission of the instructor. Enrollment must be approved by the adviser and the department head.

CHEM 0497  (Demand)  1-3 hrs. cr.
Research in Chemistry  (Writing Intensive)
Independent research techniques; lab work and literature search under the supervision of an instructor on a chemical research project. Involves lab experimentation as well as a written report on a project from any area of chemistry. Open to students having 1) a minimum of 20 hours of chemistry, 2) junior or senior standing, 3) the ability to undertake independent work and 4) permission of the instructor. This course may be taken more than once but only six hours of research classes can count toward graduation requirements. Enrollment must be approved by the adviser and the department head.

CHEM 0498  (Demand)  1-3 hrs. cr.
Advanced Topics in Chemistry
Designed to give advanced instruction in some area of chemistry not covered in other courses. For upper division majors. Course may be taken more than once with different topics but only six hours of topics classes may be counted for graduation requirements. Prerequisites to be determined by department.

CHEM 0499  (F,S)  1-3 hrs. cr.
Independent Study
Independent investigation techniques; includes a paper on a selected topic with both a critical survey of the chemical literature and results from advanced lab experimentation. Open to students having (1) minimum of 15 hrs. of chemistry, (2) ability to undertake independent work and (3) permission of instructor. Enrollment must be approved by adviser, department head and school dean.
Mission
Communication centers on the study of the word - spoken, printed, translated - however transmitted. Study includes a thorough grounding in the conceptual, theoretical and ethical dimensions of discourse, as well as the development of skills and proficiencies in the practical application of communication principles. The goals are to understand human message sending and receiving processes, to evaluate critically language and evidence and to manage effectively the expression of ideas.

Communication studies are the inheritor of a long and honored tradition. Since the ancient Greeks, the study of rhetoric (the art of effective discourse) has been recognized as a vital pillar of human learning. It formed one of the seven liberal arts of education in medieval Europe. Modern communication studies focus on persuasion, personal development organizational and group dynamics and human relations in a multicultural, multilingual world. Despite technological advances over the centuries, the word remains central to human life.

The faculty is committed to the continual assessment of our programs, to ensure that our students develop communication competencies sought by business, industry, government, education and the professions. Communication studies can provide the basis for a productive career and a rewarding personal life.

A major in communication offers an array of career opportunities in such fields as public communication, television, radio, journalism and public relations. In the education process, emphasis is placed on media convergence exemplified by speaking and writing skills as well as gaining technical knowledge related to mass media production and publication. A major in communication is one of the most diversified areas of study available to students who wish to excel in business, industry, government or education at the local, state, national and international levels. Missouri Southern graduates in communication have found successful careers in the media, in government, in education and in a variety of public relations positions for hospitals, state and national associations, in retailing and in industry.

Students pursuing a Bachelor of Arts or Bachelor of Science degree in communication have three options. Option I: Speech Communication, examines the role of human communication in social organizational, political and cultural interactions. This option places a balanced focus on the theory and practice of communicating. Special emphasis includes identifying the antecedents of communication, its form and content and its consequences. Option II: Mass Communications, offers students the necessary abilities in planning, preparing and producing programs in electronic media and/or designing and writing for journalism. This option emphasizes the technical skills, creativity and demand for understanding target audiences in mass media. Students gain hands-on experience in television, radio and print laboratories. Option III: Public Relations, allows a student to develop a specialty focusing on the aspects of promoting and showcasing organizations. Also available is a Bachelor of Science degree in Education with a teaching emphasis in Speech Communication and Theatre.

The Communication Department oversees the student operations of KGCS-TV with its digital broadcast station and cable service. The Department also manages KXMS: Fine Arts Radio International, a 24-hour-a-day classical radio station professionally operated with students and community volunteers. Perhaps the most widely recognized contribution of the Communication Department is The Chart, a student-operated newspaper published weekly. The Chart has been honored by the Society of Professional Journalists as the best non-daily university newspaper in the nation. Additionally, the Department publishes Crossroads, the alumni magazine. Missouri Southern is also headquarters of the ISWNE, the International Society of Weekly Newspaper Editors, a global organization.

Students also have opportunities to participate in other communication-sponsored activities. The Debate and Forensics program offers students the chance to develop their critical thinking skills and to participate in events such as informative, persuasive, Lincoln-Douglas and extemporaneous speaking competitions. Debate and Forensics students may join the forensic honor society of Pi Kappa Delta. Missouri Southern Debate and Forensics has consistently rated in the top ten teams in the nation over the last five years. Communication majors interested in mass media may join Southern’s chapter of the national broadcast fraternity of Alpha Epsilon Rho and participate in its state, regional and national conventions. Public Relations students may join the Public Relations Student Society of America.

Internships and study abroad is also encouraged for communication majors. Internships allow students to gain work experience in occupational positions they may wish to pursue. Students work under the joint supervision of a faculty member and a representative of the organization providing the intern experience. Study abroad is best exemplified by the International Media Seminar which meets at the American University in Paris, France. Students attend classes and visit newspaper and television businesses in the City of Light.

The communication curriculum acknowledges the diversity and inter-connectedness among peoples, promotes an understanding of human values and prepares its students for leadership in a competitive world.

General Education Requirements requirements for all students of the University include COMM 100 oral Communication.

Course Descriptions

COMM 0100 (F,S,Su) 3 hrs. cr.
Oral Communication
Principles of oral communication, including speaking and listening competencies and skills. Primary emphasis is on presenting various types of speeches and improving listening ability. Research organization, reasoning, language and evaluation skill development are included. Three contact hrs. per week. (Required of all degree candidates.)

COMM 0101 (F,S) 3 hrs. cr.
Introduction to Human Communication
An introductory survey of the field of communication, exploring theoretical and research foundations. Included are discussions of language and verbal interaction and nonverbal communication. Contexts of communication are covered: interpersonal, group and organizational, public, intercultural and mass. Also covered will be career opportunities for students who choose a major or minor in communication.

COMM 0111 (F,S) 3 hrs. cr.
Newswriting
Development of techniques in reporting and writing for a newspaper. Work on the college newspaper, The Chart, is required. Prerequisite: English 80 or completion or concurrent enrollment in English 101 or above or permission of instructor.

COMM 0121 (F,S) 1 hr. cr.
Forensics Workshop
A practicum in forensics, including research organization and presentation of the current debate proposition along with development and presentation of individual events. May be repeated for a maximum of four hours of credit.
COMM 0131  (F)  3 hrs. cr.
Voice and Diction
Techniques for improving the speaking voice. Attention to voice production, phonetics, pronunciation and vocal expressiveness.

COMM 0200  (S)  3 hrs. cr.
Audio Production for Media
Principles and techniques of sound pickup and audio control. Basic techniques of microphone use, control board operation and recording. Projects are taped for analysis and critique. Two hours lecture, two hours lab per week. Prerequisite: COMM 131.

COMM 0201  (F)  3 hrs. cr.
Video Production
Intensive practice in preparation and production of television programs. Camera techniques, floor setups and direction of crews and talent. Interviewing techniques. Development of varied on-the-air skills. Two hours lecture, two hours lab per week.

COMM 0215  (F,S)  3 hrs. cr.
Interpersonal Communication  (Writing Intensive)
Person-to-person communication with emphasis on dyadic and group communication. Lecture, reading and discussion with class experiments designed to illustrate interpersonal communication problems. Prerequisite: COMM 100.

COMM 0220  (F,S)  1 hr. cr.
Practicum in Communications
Laboratory experience on the staff of the University newspaper, yearbook or broadcast media. Students will participate fully in the work of the media, working under the supervision of faculty members. A minimum of five hours per week is required. One hour of credit each term for a maximum of three terms. Prerequisite: for The Chart or Crossroads, COMM 111; for KXMS, COMM 200; for TV, COMM 201.

COMM 0245  (F,S,Su)  2 hrs. cr.
Media Career Exploration
Work experience to explore various media in areas related to professional goals in communication and as a stepping stone to a possible internship. Students will work a minimum of 8 hours a week for a newspaper, radio or TV station or in a media capacity for a business firm organization or institution. Students must be approved for the program before enrolling and must apply before the end of one semester for the following semester. Students will work under the supervision of a faculty member and a person at the media company or organization. Students will present a portfolio or demonstration tape at the conclusion of the course, for evaluation of a final grade. Students may repeat the course for a maximum of 4 hours of credit, but each 2 hour course must focus on different media or have different media responsibilities. Prerequisite: Declared communications major with a minimum of 30 semester hours; approval of adviser.

COMM 0298  (Demand)  1-8 hrs. cr.
Topics in Communications
Topics not normally included in another course. Prerequisites are determined by the department and stipulated in syllabus.

COMM 0300  (F)  3 hrs. cr.
Organizational Communication
The interface between communication theory and organizational structure. Emphasis upon communication problems in organizations, strategies for overcoming such problems and the design of effective communication systems in organizational settings. Prerequisites: COMM 101 and 215.

COMM 0301  (S-Even)  3 hrs. cr.
Media Management
Concepts for managing media organizations, including leadership, motivating employees, community involvement, legal aspects, ethics, audience targeting, policy determination, media organizational patterns, marketing, ownership influences, planning and decision making. Prerequisite: COMM 111.

COMM 0302  (F)  3 hrs. cr.
Photocommunications I
Theory and practice of communication through the medium of photography. Students work on the photography staffs of college publications and deal with the application of photography to the mass media. Prerequisites: COMM 111 and a knowledge of photographic techniques, including developing and printing.

COMM 0303  (S)  3 hrs. cr.
Advanced Public Speaking
Performance-based experiences to promote proficiency in the presentation and criticism of oratory. Emphasis on refining the art of informative and argumentative speechmaking. Prerequisite: COMM 100.

COMM 0304  (F)  3 hrs. cr.
Small Group Communication  (Writing Intensive)
Small group context of interpersonal communication emphasizing group behavior and human relations. Specific units include group problem solving, decision making and leadership style. Prerequisite: COMM 100.

COMM 0305  (F,S,Su)  3 hrs. cr.
Intercultural Communication  (Writing Intensive)
Analysis of variables influencing communication among people from different cultures. Emphasis on developing interpersonal skills needed in multicultural encounters. Prerequisite: COMM 100. Cross-listed as HS 305.

COMM 0306  (S-Odd)  3 hrs. cr.
Persuasion
A theoretical examination of the principles of influencing individuals and groups, a history of rhetoric and modern application of these principles to various areas of social interaction. Prerequisite: COMM 100.

COMM 0307  (F-Odd)  3 hrs. cr.
Professional Interviewing
Designed to prepare students for professional fields which require information-seeking and -gathering, decision-making, interaction skills and self-expression. The students will participate in a variety of simulated and actual interviewing situations as both an interviewer and interviewee. Prerequisite: COMM 100.
COMM 0308  (Demand)  3 hrs. cr.
Gender Communication
The pragmatics of gender-related communication refers to the
study of the embedded contexts of male-female symbolic interaction.
This introduction to the field of gender communication will look at interpersonal organizational and cultural contexts.
Prerequisite: COMM 100.

COMM 0310  (F,S)  3 hrs. cr.
Communication Law
Statutes, administrative regulations and court decisions affecting
freedom of information, censorship, libel, privacy, contempt
of court, obscenity, legal access, copyright, advertising and
broadcasting. Rights, privileges and obligations of the press.
Prerequisite: COMM 100.

COMM 0311  (F,S)  3 hrs. cr.
Introduction to Public Relations
Nature and scope of public relations and its relationship to inter-
personal and interdisciplinary conduct. Basic elements of
public relations including planning, special events, speeches,
news releases, annual reports, financial reporting, visual and
electronic media techniques. Prerequisite: COMM 111.

COMM 0315  (F-Even)  3 hrs. cr.
Argumentation and Debate
The theory of the modern forms of evidence, evaluations, arguments,
methods of refutation and ethical relationships of these
methods in a free society. Electronic tournament administration
software is used. (Meets certification requirements for second-
ary education.) Prerequisite: COMM 100.

COMM 0320  (S)  3 hrs. cr.
Advanced Video Production
Focuses on the fundamentals producing and directing video pro-
grams. Students spend laboratory time learning techniques of
producing programs for the University's television station. One
hour lecture, four hours lab each week. Prerequisite: COMM 201.

COMM 0321  (F,S)  1 hr. cr
Forensics Workshop
Advanced practicum in the area of forensics, including research
organization and presentation of the current debate proposition
along with development and presentation of individual events.
May be repeated for a maximum of four hours of credit. Prereq-
usites: Junior or senior standing and COMM 121.

COMM 0325  (F,S,Su)  3 hrs. cr.
Broadcast News Reporting  (Writing Intensive)
Experience in writing and reporting news for broadcast. Interview
assignments, wire rewriting and actualities. Computer
laboratory experience. Prerequisite: COMM 111.

COMM 0330  (F,S,Su)  1 hr. cr
Advanced Communications Practicum
Intensive laboratory experience on the staff of the University
newspaper, yearbook, broadcast media or on special commu-
nications projects. Students will work for a minimum of five
hours per week in positions of major responsibilities. May be
repeated for a maximum of six hours of credit. Prerequisites:
Junior or senior standing; media courses to prepare student ade-
quately for work expected; COMM 220 or permission.

COMM 0331  (F,S,Su)  2 hrs. cr.
Advanced Newspaper Practicum
Intensive lab experience with opportunities for major leader-
ship position on the staff of the University newspaper. Students
will participate fully in the publication of the newspaper working
under the supervision of a faculty member. One class session
plus a minimum of ten working hours per week are required.
Attendance at a weekly newspaper staff meeting also is required.
Two hours of credit each term for a maximum of two terms.
Prerequisites: COMM 220 and 330.

COMM 0333  (S-Odd)  3 hrs. cr.
Copy Editing
An examination of the newspaper copy editor's role and the edit-
ing process. Emphasis on spelling, grammar, the Associated
Press Stylebook, editing for accuracy and fairness, coaching
writers, writing headlines and designing pages. Two hrs. lab ex-
perience on the University newspaper, The Chart, each week.
Prerequisite: COMM 111.

COMM 0335  (F-Even)  3 hrs. cr.
Feature Writing
Finding and writing newspaper features and magazine articles,
including profiles, columns, reviews, investigative pieces, travel
stories and history articles. A focus on developing and selling
story ideas. Work on the University newspaper, The Chart, is
required. Prerequisite: COMM 111 or consent of instructor.

COMM 0340  (F,S)  3 hrs. cr.
Research Methods in Communication
An introduction into the process of research in communica-
tions. Using a variety of research approaches to look at differ-
ent communication artifacts, classroom focus is on the finding,
nature and evaluation of research. Research methods process
is applied to popular communication artifacts.

COMM 0345  (F,S,Su)  1-8 hrs. cr.
Internship in Communications
Off-campus work experience in areas related to professional
goals of students. For advanced majors in communications.
Students must be approved for the program prior to enrolling.
Application must be made during the first half of one semester
for the following semester. In all internships students work un-
der joint supervision of a faculty member and a representative
of the organization providing the intern experience. Students
may repeat the course to a maximum of 8 hrs. of credit. Pre-
requisite: Communications major with a minimum of 85 semes-
ter hrs.; approval of department head prior to enrolling. Some
internships may have other specific prerequisites. Guidelines
are available in the department's offices and must be followed.

COMM 0350  (Demand)  3 hrs. cr.
Sports Writing
The fundamental principles of reporting and interpreting sports,
 improving writing and editing skills for game coverage and fea-
ture stories and further developing and refining those skills nec-
essary for success in the field. Prerequisite: COMM 111.

</tr>
<tr>
<td>COMM 0380</td>
<td>2 hrs. cr.</td>
<td>International Media Seminar</td>
<td>An extensive look at the world of international media through the experiences of renowned speakers and discussion leaders. Student will spend a week in Paris, France, attending seminars and conferences and meeting foreign correspondents, syndicated columnists, newspaper editors, television producers and diplomats. Students must pay for travel and seminar expenses, with specific details available prior to enrollment.</td>
</tr>
<tr>
<td>COMM 0400</td>
<td>3 hrs. cr.</td>
<td>Advanced Organizational Communication</td>
<td>The application of communication theory within the organizational structure is the thrust of the course. Particular attention is focused on analysis and diagnostic capabilities. Communication training and development within an organizational setting is emphasized. Prerequisite: COMM 300.</td>
</tr>
<tr>
<td>COMM 0401</td>
<td>3 hrs. cr.</td>
<td>Nonverbal Communication</td>
<td>Study types and effects of various nonverbal communication behaviors and develop competencies and skills in applying the study to selected perspectives. Original research as well as published research will be emphasized. Prerequisite: COMM 100.</td>
</tr>
<tr>
<td>COMM 0402</td>
<td>3 hrs. cr.</td>
<td>Photocommunications II</td>
<td>Advanced theory and practice of communication through the medium of photography. Students work on the application of photography to the mass media. The use of computer programs and visual manipulation of images is a component of the course. Persuasion, nonverbal communication, public communication and interpersonal communication will be used to create a portfolio of journalistic photographs that offer a visual narrative to the viewer. Prerequisite: Photocommunications I or consent of the instructor.</td>
</tr>
<tr>
<td>COMM 0405</td>
<td>3 hrs. cr.</td>
<td>Advanced Intercultural Communication</td>
<td>(Writing Intensive) An in-depth analysis of variables which influence communication among peoples from different cultures. It will be an application of the intercultural theories and principles learned in the basic Intercultural Communication course. This in-depth analysis of seven cultures, Northern Ireland, American Indians, Germany, China, Japan, India and the Amish subculture in North America, from a communication perspective will utilize the case study method. Prerequisite: COMM 305.</td>
</tr>
<tr>
<td>COMM 0411</td>
<td>3 hrs. cr.</td>
<td>Political and Social Communication</td>
<td>Critical analysis of speakers and speeches selected to present the characteristic ideas of leading social and political developments in national and international affairs; includes lecture, reading and discussion. Prerequisites: COMM 100 and junior or senior standing.</td>
</tr>
<tr>
<td>COMM 0420</td>
<td>3 hrs. cr.</td>
<td>Mass Communications Theory</td>
<td>Explores the various theories which have been applied to understanding the effects of the mass media. Students will learn the various paradigms which have been applied in attempting to predict media performance, reliability and impact. Prerequisite: COMM 100 plus 3 hours of communication courses.</td>
</tr>
<tr>
<td>COMM 0425</td>
<td>3 hrs. cr.</td>
<td>Broadcast Scriptwriting</td>
<td>Methods, style and techniques for preparing scripts for various types of radio and television programs and announcements. Using the computer for typing scripts. Emphasis on promotion commercials, public service announcements, partially scripted and fully-scripted program formats, such as public affairs programs, variety shows, game shows, the documentary and drama. Prerequisites: COMM 111 and 200 or 201 or 325.</td>
</tr>
<tr>
<td>COMM 0430</td>
<td>3 hrs. cr.</td>
<td>Advanced Broadcast News Reporting</td>
<td>Theory and practice of producing a regularly scheduled television newscast. Study, criticism and evaluation of broadcast journalism. Six laboratory hours plus one staff meeting per week. Course may be repeated for a maximum of six hours. Prerequisite: COMM 325.</td>
</tr>
<tr>
<td>COMM 0431</td>
<td>3 hrs. cr.</td>
<td>Electronic Field Production</td>
<td>Planning, designing and executing electronic field productions. This course is designed to build aesthetic awareness and the technical skills necessary to conceive and develop an idea and communicate that idea to others. Two hours of lecture and two hours of laboratory weekly. Prerequisite: COMM 101.</td>
</tr>
<tr>
<td>COMM 0450</td>
<td>3 hrs. cr.</td>
<td>Community Journalism</td>
<td>Examining the nature and role of community journalism in an urbanized society is the thrust of the study. It relies heavily on the expertise of community journalism practitioners as resources of information and research. Experience with small daily and weekly newspapers will be the foundation for developing skills in community journalism. Prerequisite: COMM 111.</td>
</tr>
<tr>
<td>COMM 0455</td>
<td>3 hrs. cr.</td>
<td>Writing for Public Relations</td>
<td>Study, analysis and practice in writing for public relations media or for public relations use by media. Includes writing news, publicity and feature stories as well as effective letter writing, newsletters and brochures. Prerequisite: COMM 311.</td>
</tr>
</tbody>
</table>
COMM 0460  (Demand)  3 hrs. cr.
Global Journalism
Structures, processes and functions of newspapers around the world. Encompasses such issues as the use of print media between and within nations, censorship and repression, news coverage of war and U.S. news coverage of international affairs. Prerequisite: COMM 111.

COMM 0462  (S-Even)  3 hrs. cr.
Communication in Japanese Culture
(Writing Intensive)
This advanced course is an in-depth analysis of variables which influence communication in Japanese culture. From a communication perspective the primary areas to be covered are Japanese communication, unique perspective and literature based family values, business, education, nature (Zen tradition.) Prerequisite: COMM 305 or permission of instructor.

COMM 0470  (F)  3 hrs. cr.
New Media Technology
Exploration of developed and developing technologies likely to shape the future of electronic media. New uses of older technologies. Historical development, regulation and audience effects of these technologies. Students will become aware of critical controversies and projected future developments of technology. Prerequisite: Junior standing.

COMM 0492  (S)  3 hrs. cr.
Communication Issues
Required of all communications majors. Synthesizes information obtained from previous coursework. Students are presented with current issues of concern from communications fields and are asked to present possible scenarios for their resolution. Prerequisite: Senior standing, plus 15 hrs. in communications.

COMM 0498  (Demand)  1-8 hrs. cr.
Advanced Topics in Communication
For upper-division students. Topics to be announced each time the course is offered.

COMM 0499  (F,S,Su)  1-3 hrs. cr.
Independent Study in Speech or Mass Communications
Mass: Individually directed study in selected areas for advanced majors in mass communications. Prerequisite: Must have completed 90 hrs. with a cumulative GPA of 3.0 and have completed 15 hrs. of communications. Projects must be approved by the adviser, department head and school dean prior to enrollment. Speech: An independent course structured by the adviser with approval of the department head and school dean. Prerequisite: Must have completed 90 hrs. with a cumulative GPA of 3.0 and have completed 15 hrs. of communications. Projects must be approved by adviser, department head and school dean prior to enrollment.

Mission
The Department of English and Philosophy provides students with General Education Requirements courses in composition and literature. These courses emphasize writing and analytical skills and cultivate an appreciation of literature in all its variety. The department also offers several majors tracks in English leading to the Bachelor of Arts and Bachelor of Science—Education degrees. Additionally, the department offers training and experiences that help fulfill the University’s international mission.

The Bachelor of Arts in English provides an excellent preparation for graduates who plan to enter business and industry, who plan to pursue graduate studies in English and who plan to enter professional schools such as law and even medicine. Graduates of this program are employed in such widely-diverse occupations as human resources, advertising, publishing, sales management, law, mass communications and college teaching. English majors develop strong skills in writing organization and creativity and they develop a perception and appreciation of the human values that grow out of the study of literature. Such skills equip English majors for success in the many different fields of employment described above and more.

The Bachelor of Arts English major at Missouri Southern comprises two major tracks. The literary studies emphasis focuses on the traditional study of literature, preparing the student for advanced study of English in graduate school, for law school and for a variety of careers in which understanding of human nature, critical thinking and oral and written communication skills are valued. The three writing emphases prepare the student for more specialized careers involving writing in the workplace—such as public relations, copy writing and editing, technical writing and desktop publishing—and creative writing. Both tracks require senior capstone experiences: a Senior Seminar (English 495) in the literary studies track and one or two internships (English 491) in the writing emphases. These internships allow the students practical experience using writing and research skills in a workplace environment.

The Bachelor of Science in Education English degree prepares students who wish to teach English/Language Arts at the secondary level (grades 9-12). The English BSE program is accredited by the National Council on Accreditation of Teacher Education (NCATE) and the Missouri Department of Elementary and Secondary Education (DESE), following all the guidelines for teacher preparation of both of these organizations. Taking a prescribed set of courses in Teacher Education and in English, candidates for this degree may choose to certify to teach English as a single field (Plan B) or English plus another field (Plan A). Students who wish to certify to teach English/Language Arts in the middle school should consult the Teacher Education Program information on page 188.
The English and Philosophy Department also offers an English minor with a choice of two emphases. The first, a minor in English with an emphasis in literature, is a traditional English minor that allows students to deepen their knowledge of literature and writing. The minor in English with a writing emphasis is designed for students to develop their writing skills and it provides them with a way to present their accomplishments to prospective employers and graduate schools. Students who wish to minor in English will arrange a coherent sequence of courses in consultation with the departmental adviser for minors. Students should choose courses on the basis of their backgrounds, their major programs and, above all, their interests.

The department offers its majors and other students opportunities to use their talents and pursue their interests through student organizations like the Sigma Tau Delta Honor Society and Live Poets Society, creative arts publications (bordertown) and departmental projects like the annual English Field Day, hosted by the department for high school students.

General Education Requirements in Humanities and Fine Arts can be met with the courses listed on page 49 under Area F. English 101 is a prerequisite to all courses except English 80 and 111. English 102 or 111 is a prerequisite to all writing-intensive courses and 300-400 level English courses. The department urges all students to complete English 101 and 102 in their freshman year.

**Course Descriptions**

**ENG 0080**  
(F,S)  
3 hrs. cr.  
**Basic Composition**  
Offered through the Learning Center, for students with an English ACT score of 16 or less or a Writing Placement Exam (WPE) score which indicates a need for developmental composition. Students will write at least six major papers with special attention given to mechanics, grammar, syntax, paragraphing and organization. No credit toward baccalaureate degree.

**ENG 0101**  
(F,S,Su)  
3 hrs. cr.  
**College Composition I**  
(Writing Intensive)  
An introduction to the principles of college-level writing and critical thinking. Students will write a number of essays for a variety of purposes and audiences. Successful completion of the course permits the student to enroll in English 102. Students demonstrating exceptional ability as indicated by Writing Placement scores may take English 111.

**ENG 0102**  
(F,S,Su)  
3 hrs. cr.  
**College Composition II**  
(Writing Intensive)  
Continued development of writing skills. Emphasizes writing from sources. Initiation, development and completion of a research paper. Prerequisite: English 101.
ENG 0111 (F) 3 hrs. cr.
Advanced College Composition (Writing Intensive)
For students whose Writing Placement scores demonstrate exceptional proficiency. With a grade of ‘C’ or better in English 111, a student also automatically receives three hrs. credit for English 101, thereby satisfying the six hour composition requirement. Students receiving a ‘D’ in English 111 must take English 102.

ENG 0150 (F,S) 3 hrs. cr.
Introduction to Literature
An introduction to the major literary genres, including the examination of literary themes and techniques common in fiction, poetry and drama. Option for satisfying Area F General Education requirement. Prerequisite: ENG 101 or ENG 111.

ENG 0202 (F,S) 3 hrs. cr.
Writing and Research in English (Writing Intensive)
A required gateway course for English BA and BSE majors. An introduction to the aims and methods of writing and research in the discipline. Prerequisite: ENG 101 and 102 or ENG 111.

ENG 0261 (F,S) 3 hrs. cr.
World Literature I
Selected literature from the ancient world through the Renaissance, excluding British and American literature. Option for satisfying Area F General Education requirement. Prerequisite: ENG 101 or ENG 111.

ENG 0271 (F,S) 3 hrs. cr.
British Literature I
Survey of British literature from its beginnings through the eighteenth century. Option for satisfying Area F General Education requirement. Prerequisite: ENG 101 or ENG 111.

ENG 0272 (F,S) 3 hrs. cr.
British Literature II
Survey of British literature from the Romantic Movement to the present. Option for satisfying Area F General Education requirement. Prerequisite: ENG 101 or ENG 111.

ENG 0281 (F,S) 3 hrs. cr.
American Literature I
A survey of American literature from its beginning to the Civil War. Option for satisfying Area F General Education requirement. Prerequisite: ENG 101 or ENG 111.

ENG 0282 (F,S) 3 hrs. cr.
American Literature II
A survey of American literature from the Civil War to the present. Option for satisfying Area F General Education requirement. Prerequisite: ENG 101 or ENG 111.

ENG 0298 (Demand) 1-3 hrs. cr.
Topics in English
Studies in a variety of areas not covered in regular courses. Topic open. Prerequisite: ENG 101 or 111.

ENG 0301 (F) 3 hrs. cr.
Introduction to English Linguistics
The scientific study of the English language, from ca. 1960 to the present, covering such topics as phonology, morphology, syntax, language acquisition, regional and social variation and usage. Prerequisite: ENG 101 and 102 or ENG 111.

ENG 0305 (F,S) 3 hrs. cr.
The Short Story
An in-depth study of the short story with representative writers from throughout the world. Option for satisfying Area F General Education requirement. Prerequisite: ENG 101 and 102 or ENG 111.

ENG 0307 (Triennial) 3 hrs. cr.
Film Perspectives
Study of film as a narrative medium, with emphasis on understanding the elements of film and analyzing films from a variety of perspectives. Prerequisites: ENG 101 and ENG 102 or ENG 111.

ENG 0310 (F) 3 hrs. cr.
Professional Writing (Writing Intensive)
An advanced course focused on the writing demands of professional occupations. Prerequisite: ENG 101 and 102 or ENG 111.

ENG 0312 (S) 3 hrs. cr.
Advanced Professional Writing (Writing Intensive)
A continuation of ENG 310, this course covers the types of on-demand writing done by professional and technical writers. The course includes job search and self-promotion strategies required of such writers. Emphasis is on writing with technology. Coursework will include writing for websites and other media, analyses of professional models and compiling a professional writing portfolio. Prerequisites: ENG 101 and ENG 102 or ENG 111; and ENG 310 or permission of instructor.

ENG 0313 (S) 3 hrs. cr.
Technical Writing (Writing Intensive)
An advanced course focused on the practical demands of on-the-job writing, designed primarily for upper-level students preparing for careers in science, technology or social science. Prerequisite: ENG 101 and 102 or ENG 111.

ENG 0315 (S) 3 hrs. cr.
Advanced Essay Writing (Writing Intensive)
An advanced course in the principles of prose style, focusing on the academic essay. Recommended for all students, especially those entering the professions or aspiring to become writers. Prerequisite: ENG 101 and 102 or ENG 111.
ENG 0316 (S-Odd) 3 hrs. cr.  Creative Writing: Poetry (Writing Intensive)
An advanced course in the writing of poetry, including analysis and emulatuon of professional models and workshop editing of original student writings. Prerequisite: ENG 101 and 102 or ENG 111 and ENG 216 or permission of instructor.

ENG 0317 (S-Even) 3 hrs. cr.  Creative Writing: Fiction (Writing Intensive)
An advanced course in the writing of fiction, including analysis and emulatuon of professional models and workshop editing of original student writings. Prerequisite: ENG 101 and 102 or ENG 111 and ENG 216 or permission of instructor.

ENG 0319 (F) 3 hrs. cr.  Teaching Writing in the Middle and Secondary School (Writing Intensive)
For prospective teachers of English. Composition theory and pedagogy. Prerequisite: ENG 101 and 102 or ENG 111.

ENG 0325 (F,S) 3 hrs. cr.  Children’s Literature (Writing Intensive)
A reading, lecture and observation course for elementary education students, including evaluation of children’s literature, its historical development and its uses in the elementary school. Does not satisfy Area F General Education requirements. Does not satisfy English BA and secondary English BSE requirements. Prerequisite: ENG 101 and 102 or ENG 111.

ENG 0330 (S) 3 hrs. cr.  Young Adult Literature (Writing Intensive)
An extensive reading course for English education majors including evaluation of literature for young adults, some methodology for classroom use and a major unit on minority literature. Does not satisfy Area F General Education requirement. Prerequisite: ENG 101 and 102 or ENG 111.

ENG 0333 (S,Demand) 3 hrs. cr.  Literary Paris
An examination of the historic role of Paris in literary production and of the literature produced in this city. Emphasis will be placed upon the city as a locus for the literary productions that shape American, British and World literatures. Coursework will include a practical orientation to the city, an introduction to French culture and an in-depth examination of some of those authors whose work was shaped by Parisian experiences. The course includes a mandatory trip to Paris. Enrollment by permission of instructor. Prerequisite: ENG 101 and 102 or ENG 111. Corequisite: FREN 100 or previous French language experience as determined by the instructor.

ENG 0335 (Triennial) 3 hrs. cr.  Women’s Literature
A study of the literary tradition of women authors writing in English. Prerequisite: ENG 101 and 102 or ENG 111.

ENG 0340 (Triennial) 3 hrs. cr.  African-American Literature
A study of literature written by African-Americans from the Colonial Period to the present. Prerequisite: ENG 101 and 102 or ENG 111.

ENG 0345 (Triennial) 3 hrs. cr.  The American Novel
A study of the development of the novel in America. Representative works of authors such as Hawthorne, Melville, Twain, Hemingway and Faulkner. Prerequisite: ENG 101 and 102 or ENG 111.

ENG 0350 (Triennial) 3 hrs. cr.  Recent American Fiction
A study of the major writers and movements in American fiction since World War II. Prerequisite: ENG 101 and 102 or ENG 111.

ENG 0360 (Triennial) 3 hrs. cr.  Modern World Drama
A study of world drama from Ibsen to the present. Selections from European, British, American, Asian and African playwrights. Prerequisite: ENG 101 and 102 or ENG 111.

ENG 0370 (Triennial) 3 hrs. cr.  British and American Poetry Since 1850
A study of British and American poetry from the works of W.B. Yeats to the present. Prerequisite: ENG 101 and 102 or ENG 111.

ENG 0380 (Triennial) 3 hrs. cr.  The British Novel
Studies in the English novel from 1700 to the present, featuring representative works from authors such as Austen, Dickens and Joyce. Prerequisite: ENG 101 and 102 or ENG 111.

ENG 0385 (Triennial) 3 hrs. cr.  Continental Novel
A study of representative works by European novelists of the nineteenth and twentieth centuries. Emphasis is on the major European novelists such as Tolstoy, Dostoevsky and Kafka. Works read in modern English translation. Prerequisite: ENG 101 and 102 or ENG 111.

ENG 0390 (Triennial) 3 hrs. cr.  Epic
An intensive study of a range of Western and non-Western epic poetry and prose, with emphasis on literature from non-English speaking cultures. Works read in modern English translation. Prerequisite: ENG 101 and 102 or ENG 111.

ENG 0391 (Triennial) 3 hrs. cr.  World Poetry
An intensive study of a range of European and non-European lyric poetry in translation. Works read in modern English translation. Prerequisite: ENG 101 and 102 or ENG 111.

ENG 0392 (Triennial) 3 hrs. cr.  Postcolonial Literature
In-depth study of the literature, written or translated into English, of colonial and former imperial holdings. Emphasizes the manifestation of tensions between colonizer and colonized within colonial/postcolonial literature and culture and includes analysis and application of postcolonial theory to the literary texts under study. Prerequisite: ENG 101 and 102 or ENG 111.
ENG 0400 (S) 3 hrs. cr.
History of the English Language
A study of the ancestors of Modern English and the effect of other languages, peoples and cultures upon the development of English. Phonology, morphology, syntax and usage of the language throughout its history. Prerequisite: ENG 101 and 102 or ENG 111.

ENG 0410 (Triennial) 3 hrs. cr.
Medieval English Literature
A study of Old English and Middle English literature from 700 to 1500. Prerequisite: ENG 101 and 102 or ENG 111.

ENG 0415 (Triennial) 3 hrs. cr.
Renaissance/Seventeenth Century British Literature
An in-depth survey of British poetry and prose from 1500 to 1660 with a focus on major figures such as Sidney, Spenser, Donne, Marvell and Milton. Prerequisite: ENG 101 and 102 or ENG 111.

ENG 0425 (Triennial) 3 hrs. cr.
Restoration and Eighteenth Century British Literature
A study of British poetry and prose from 1660-1798, representing Neoclassicism and the Enlightenment. Focuses on such major figures as Dryden, Pope, Swift, Johnson and Burns. Prerequisite: ENG 101 and 102 or ENG 111.

ENG 0430 (Triennial) 3 hrs. cr.
British Romantic Period
A study of British literature from 1798 to 1832 treating such major authors as Blake, Wordsworth, Coleridge, Byron, Shelley and Keats. Prerequisite: ENG 101 and 102 or ENG 111.

ENG 0435 (Triennial) 3 hrs. cr.
British Victorian Period
A study of British literature from 1832 to 1901, examining such representative authors as Tennyson, Carlyle, Browning and Dickens. Prerequisite: ENG 101 and 102 or ENG 111.

ENG 0440 (Triennial) 3 hrs. cr.
Modern to Postmodern British Literature
In-depth study of the literature of Britain from 1900 to the present, including works written in Britain’s imperial holdings. Emphasizes the evolution of British culture and literature following the Victorian Era, through Britain’s decline as a colonial power, the world wars and Britain’s realization of itself as an increasingly heterogeneous society at the century’s end. Prerequisite: ENG 101 and 102 or ENG 111.

ENG 0450 (Triennial) 3 hrs. cr.
Shakespeare
A study of selected comedies, histories, tragedies, romances and poems. Prerequisite: ENG 101 and 102 or ENG 111.

American and African-American writers as expressed in a variety of genres (poems, journals, sermons, essays, drama and novels) will provide the focus for the class. Prerequisite: ENG 101 and 102 or ENG 111.

ENG 0470 (Triennial) 3 hrs. cr.
Major Figures
An intensive study of a major American, British or world author or authors. May be repeated with focus on a different author or authors. Prerequisites: ENG 101 and 102 or 111.

ENG 0480 (Triennial) 3 hrs. cr.
Literary Theory and Criticism
A study of major schools of criticism and the major representatives of each school. Prerequisite: ENG 101 and 102 or ENG 111.

ENG 0491 (F,S,Su) 1-8 hrs. cr.
Internship in English
Practical experience using writing skills in a professional environment. All internships must conform with MSSU institutional policy regarding the number of hours work per credit and contractual agreements with cooperating facility. Three-hour internships may be repeated. Prerequisites: ENG 101 and 102 or ENG 111; advanced standing with a GPA of 3.0 and approval of a departmental committee.

ENG 0495 (F) 3 hrs. cr.
Senior Seminar (Writing Intensive)
Intensive study of one or more literary authors, genres and/or historical periods, culminating in a substantial research paper. Topic open. Prerequisite: ENG 101 and 102 or 111; and ENG 202. Required of senior English Literary Studies majors or an option for others by permission of department head.

ENG 0498 (Demand) 1-3 hrs. cr.
Advanced Topics in English
For advanced English majors or by permission of department head. Topic open. Prerequisite: ENG 101 and 102 or ENG 111.

ENG 0499 (Demand) 1-3 hrs. cr.
Independent Study
Individually directed study in selected areas for advanced English majors. Prerequisite: ENG 101 and 102 or ENG 111; and a GPA of 3.0 in English. Enrollment must be approved by advisor, department head and school dean.
Philosophy deals with basic questions from all areas of life and thought—science, religion, art, morality and politics—and helps students refine their views on these subjects. Most importantly, philosophy teaches students how to think: how to analyze problems into their essential elements, how to decide which proposed solution to a problem is supported by the best evidence, how to separate relevant from irrelevant points and how to state issues clearly and precisely. While some philosophy students go to graduate school and become professional philosophers, most go on to careers in such areas as law, medicine, theology, business, government and public service. Philosophy students are highly successful in gaining admittance to law schools, medical schools, graduate schools of management and theological seminaries.

The minor in philosophy consists of 18 credit hours. Students are required to complete a course in Critical Thinking (PHIL 140), a course in Ethics (PHIL 212, PHIL 312, PSC 411 or a suitable Selected Topics Course) and two courses in the History of Philosophy (PHIL 301 and 302). Two courses are elective, at least one of which must be at the 300 level or above.

For additional information contact:
Dr. Barry Brown
Office: Kuhn Hall
Phone: 417.625.9659
Email: brown-b@mssu.edu

### Course Descriptions

**PHIL 0212 (F-Even)**  
Ethics  
Exploration of the problems of value and personal moral standards, comparative survey of major ethical systems and evaluation of the chief ethical struggles in contemporary society. Option for satisfying Area F General Education requirement.

**PHIL 0298 (Demand)**  
Topics in Philosophy  
Studies in a variety of philosophical subjects. Topic open.

**PHIL 0301 (F-Odd)**  
Ancient Philosophy  
Historical study of ancient philosophy, with special emphasis on the writings of Plato and Aristotle. Prerequisites: 3 hours of philosophy or permission of instructor.

**PHIL 0302 (S-Even)**  
Modern Philosophy  
A survey of the major schools of western philosophy from 1550 to 1850. Prerequisites: 3 hours of philosophy or permission of instructor and ENG 101 and 102 or 111.

**PHIL 0312 (F-Even,S,Su)**  
Biomedical Ethics  
A comprehensive investigation of ethical problems relating to health care and the practice of medicine, including study of such issues as euthanasia and the right to die, abortion, confidentiality, patient rights and professional responsibilities, allocation of medical resources and medical experimentation. Prerequisite: ENG 101 and 102 or ENG 111. Cross-listed as HS 312.

**PHIL 0313 (Demand)**  
Medical Ethics  
An exploration focusing on recent important ethical problems relating to health care and the practice of medicine.

**PHIL 0320 (F,S-odd)**  
Comparative Religion  
A philosophical and historical survey, emphasizing the world's major living religions. Prerequisite: ENG 101 and 102 or ENG 111.

**PHIL 0420 (Demand)**  
Philosophy of Science  
Investigation of the nature and scope of scientific inquiry. Topics include the logic of scientific reasoning, the nature of scientific theories, the conceptual presuppositions of science and the relation between the natural and social sciences. Prerequisite: ENG 101 and 101 or ENG 111.

**PHIL 0498 (Demand)**  
Advanced Topics in Philosophy  
Comprehensive analysis of selected topics in philosophy. For upper division students.

**PHIL 0499 (Demand)**  
Independent Study  
Individually directed study in selected areas for advanced students. Prerequisite: GPA of 3.0 in philosophy. Enrollment must be approved by adviser, department head and school dean.
Faculty  Fletcher – Director, Kennedy, Messick

Mission
Our Mission is to provide students the knowledge, skills and credentials necessary to work as an environmental health professional or to continue in environmental health graduate studies. Environmental Health is the science of preventing physical, chemical or biological hazards from adversely impacting human health or the ecological balances that sustain our environment. Career opportunities include professional positions with public health departments, environmental protection agencies, environmental consultants and occupational health and safety divisions of industry. The program is fully accredited by the National Environmental Health Science and Protection Accreditation Council (aka EHAC). We provide the option of either an on campus track or a distance learning track for obtaining the degree.

Bachelor of Science with a Major in Environmental Health
Major Code EH02 (On Campus Track)

Semester Hours

General Education
Requirements (GER) (p. 49) 46-47* ..................... 35

MSSU approved transfer courses

Total Minimum Hours*** ..................... 124

*BIO 101, 105, 110 or 121 satisfies 4 hours of Area D1 of GER
*MATH 140 satisfies 3 hours of Area D1 of GER
**PHYS 150 or 151 satisfies 5 hours of Area D2 of GER
** Coursework not listed as an elective will be evaluated on a case-by-case basis as to its application for an environmental health professional or toward graduate education.
***Must include at least 40 hours of Upper Division.

Majors satisfy the Writing Intensive (WI) requirement by completing ENG 101 and 102 (or their equivalent) and three WI classes in Environmental Health. See MSSU Catalog page 49 for Writing Intensive requirements. MATH 130 + MATH 135 is equivalent to MATH 140.

Bachelor of Science with a Major in Environmental Health
Major Code EH04 (Distance Learning Track)

The BS degree in Environmental Health - Distance Learning Track, EH-DLT is designed for transfer students that cannot readily commute to or live on the MSSU campus, but desire to obtain their BS degree in Environmental Health. This track requires that general education, biology, chemistry, math and physics requirements must be met prior to admission to the EH-DLT. Specific science and math courses required by the Environmental Health Accreditation Council, EHAC must be included. These requirements may be met by the student at their local community college or four year university. Upon acceptance into the EH-DLT, the student will complete their Environmental Health coursework over the Internet from MSSU.
Overview of the Coursework Needed for the Environmental Health degree by Distance Learning Track
At the Local Community College or University:

1) General Education Requirements that satisfy MSSU requirements (3-44 hr.)
2) Additional courses to complete the EHAC science and math requirements (20-21 hr.)

At MSSU by Internet:
3) Environmental Health Semester Block Courses (49 hr.)
4) International Study, GIS and EH Internship Courses (11-12 hours)
5) Total Minimum Credit Hours for BS degree in EH (124 hours)

The Five Steps Needed to Obtain the Environmental Health degree by Distance Learning Track:

1) General Education Requirements (GER) that meet MSSU Areas A to H (43-44 hr.)
   - To be taken at the students' local community college/university and/or in combination with MSSU Internet coursework. All courses taken must be identified as transferrable as GER courses of MSSU by the MSSU Registrars' Office. The student should consult their local college or university adviser and registrar/transcript analyst to assure transferability of coursework. All degree candidates must meet all of the MSSU GER requirements prior to acceptance into the EH-DLT.

2) Additional Coursework to attain acceptance into the EH-Distance Learning Track (20-21 hr.)
   - The applicant must have a total of 64 credit hours prior to acceptance into the EH-DLT. This includes the 43-44 hours of GER and an additional 20-21 hours of coursework. The EHAC basic science and math requirements must be met within the 64 credit hours (see List A). The science and mathematics requirements of EHAC must be verified as met by a review of the applicants' transcript by the MSSU Environmental Health Faculty prior to acceptance into the EH-DLT. Pre-planning of the science and math requirements for the degree between the potential applicant, their local college/university adviser and the MSSU EH Faculty is highly encouraged.

   Introductory environmental coursework is encouraged by the local community college/university to assure the student has interest in the environmental field, if it can be fit into the 64 hours along with the GER and EHAC requirements. A minimum GPA, GPA of 2.5 over the 64 hours is required for entry into the EH-DLT.

60 Credit hours to be earned via the Environmental Health - Distance Learning Track at MSSU by Steps 3 & 4

3) Environmental Health Semester Blocks (49 hr.) by MSSU
   - The EH-DLT requires successful completion of four Environmental Health Semester Blocks that are enrolled in after acceptance to the EH-DLT. Students accepted into the EH-DLT may enroll into any Semester Block that is currently available. Each EH Semester Block is a unit of 4 to 5 individual EH courses that are all enrolled in and taken simultaneously over a single semester via the Internet from MSSU. Semester Block grades are given for each individual course. Students must enroll for the entire block of courses.

EH Semester Block 1 (Fall, Even) . . . 12 cr. hrs. total
   EH 370 Environmental Health ............... (3 hr.)
   EH 377 Food Safety ......................... (3 hr.)
   EH 378 Occupational Health & Safety ........ (3 hr.)
   EH 380 Epidemiology ....................... (3 hr.)

EH Semester Block 2 (Spring, Odd) . . .12 cr. hrs. total
   EH 371 Environmental Toxicology (WI)* ...... (3 hr.)
   EH 373 Solid & Hazardous Waste Mgmt. .... (3 hr.)
   EH 375 Disease Vector Control ............... (2 hr.)
   EH 376 Water Quality Management .......... (3 hr.)
   EH 382 Epidemiology Statistics .......... (1 hr.)

EH Semester Block 3 (Fall, Odd) . . .13 credit hours total
   EH 311 Soil Morphology ..................... (3 hr.)
   EH 312 Environmental Biology (WI)* ........ (4 hr.)
   EH 372 Environmental Regulations .......... (3 hr.)
   EH 374 Air Quality Management .......... (3 hr.)

EH Semester Block 4 (Spring, Even) ..............12 credit hours total
   EH 310 Hazardous Incident Management ...... (3 hr.)
   EH 480 Environmental Epidemiology ........ (3 hr.)
   EH 481 Risk Management (WI)* ............ (3 hr.)
   EH 499 Problems in Env. Health .......... (3 hr.)

Note: the student must plan for EH 499 with the EH Faculty at least one semester in advance.

Students must be self-motivated and self-disciplined to be successful in Internet studies. It is imperative that the student remain diligent in keeping up with all readings, assignments and examinations to pass the courses. The student is required to obtain an MSSU approved proctor for examinations. Students may be allowed one additional semester to finish incomplete work in any course if given permission by the instructor and they file for the incomplete prior to the end of the semester. However, incomplete work not completed by the end of the following semester converts to a grade of “F”. Courses that receive grades of “F” may be unavailable in a timely manner to repeat as individual courses are not readily available by Internet outside the semester blocks.

*WI indicates a Writing Intensive course.

4) Three Additional Required Courses by MSSU (11 hr. or 12 hr.)
   International Cultural Studies (Area I) course (3 hr.) chosen from any MSSU Area I course that is given over the Internet during any semester. MSSU Area I courses are offered by Internet most semesters.

EH 304 Geographic Information Systems, GIS (3 hr.)
   This course meets the degree computer literacy requirement. The course may be taken over the Internet during any semester it is offered at MSSU.
EH 450 Internship in Environmental Health (either 5 hr. or 6 hr.) Practical field experience (a minimum of 200 or 240 work hours) that is obtained by the student at any work location of their choice (e.g. government, industry, consulting) that is also approved by the MSSU EH Faculty. EH 450 may be taken during any semester at MSSU, but requires pre-planning in conjunction with the Environmental Health Faculty prior to enrollment. The student must identify potential work locations to the EH Faculty and create a written proposal that is acceptable to the EH Faculty, the Department Head and the Dean of Arts and Sciences at least one semester in advance of enrollment. MSSU EH faculty will help the EH student to identify acceptable work locations. This course may be taken any semester after acceptance to the EH-DLT.

5) Total Minimum Credit Hours Required for the Environmental Health degree by Distance Learning Track (124 hr.)
At least 60 semester hours of the 124 minimum hours must be from a 4 year university. Also, all degree candidates are required to participate in University Assessment of Outcomes activities (Senior Assessment testing) for MSSU prior to graduation.

List A. Environmental Health Accreditation Council (EHAC) Criteria for Environmental Health Science and Protection Baccalaureate Curricula*

1. Basic Sciences: (at least 24 semester hours or 40 quarter hours)
The following basic college level courses must be completed:
   • Biological Sciences with laboratories -at least 3 semester hours, 5 quarter hours.
   • Microbiology with laboratory (may be environmental health microbiology) – at least 3 semester hours, 5 quarter hours (This course may be combined with the biological sciences so long as the combined hours is at least 6 semester hour or 10 quarter hours)
   • General Chemistry with laboratories – at least a total of 6 semester hours or 10 quarter hours.
   • Organic Chemistry with laboratories (may be environmental organic chemistry) – at least a total of 3 semester hours or 5 quarter hours.
   • Physics – (may be environmental physics) at least 3 semester hours or 5 quarter hours.
   • Basic Science – (at least 6 semester hours or 10 quarter hours)

2. Communication: (at least 21 hr.)
Graduates need good communication skills. These skills include cultural competency and the ability to speak effectively and persuasively with others individually, in small groups and in making formal presentations respectfully. Furthermore, writing skills need to be sufficient to be able to communicate clearly to a variety of audiences.

To meet this requirement, students must have acquired competence in the following areas:
   • Information technology/Computer skills met by EH 304 which is incorporated into the EH degree (3hr.)
   • Public speaking met by Oral Communications/Public Speaking transferred in as GER (3 semester hours or 5 quarter hours)
   • Technical writing met by English 1 & English 2 (6 semester hours or 10 quarter hours) transferred in as GER, plus 3 EH Intensive Courses taken from MSSU: EH 312, EH 371, & EH 481; these EH courses are incorporated into the degree (9 hr.)

3. Mathematics: (at least 3 hours or 5 quarter hours)
   • College Algebra or higher (3 hr.), calculus is recommended but not required

*This list is subject to periodic change by EHAC

Course Descriptions

EH 0298  (Demand) 1-5 hrs. cr.
Topics in Environmental Health
Designed to give instruction in some discipline of environment health not covered in other courses. Prerequisites to be determined by the department.

EH 0300  (S-Odd) 3 hrs. cr.
Environmental Geology
An introduction to our relationship to the earth’s environment. The limitations of natural resources and discussion of consequences of the exploitation of natural resources are considered along with the demands of humanity upon the environment. Overview of natural environmental hazards, including volcanoes, earthquakes, subsidence landslides, floods and asteroid impacts. Prerequisite: Five credit hours in physical science, physics and/or chemistry. Cross-listed as GEOL 300.

EH 0304  (F) 3 hrs. cr.
Geographic Information Systems
Explores the expanding use of Geographic Information Systems (GIS) in ecology, environmental health and related fields.
Satisfies the computer literacy requirement for environmental health majors. Prerequisites: BIO 101 or 105 or 110 or 112 or 121 or 122. Cross-listed as BIO 304 and GEOG 304.

EH 0311 (F-Odd) 3 hrs. cr. 
Soil Morphology and Sewage Systems 
Concepts, methods and practices useful to the environmental health professional for soil morphology and site assessment leading to the proper design of residential sewage treatment systems. Two hours of lecture and two hours of lab per week. Prerequisites: CHEM 151 and BIO 101 or BIO 105 or BIO 110 or 112 or 121.

EH 0312 (Su) 4 hrs. cr. 
Environmental Biology (Writing Intensive) 
A study of how environmental factors interact with and impact living organisms and ecosystems. Emphasis is on global human ecology, environmental problems, sound environmental management practices and the sustainable use of natural resources. How environmental problems may be solved by the application of sound environmental science in conjunction with the choices allowed by human values. Three hours of lecture and two hours of lab per week. Prerequisites: BIO 101 or 105 or 110 or 112 or 121 or 122. Cross-listed as BIO 312.

EH 0352 (Demand) 3 hrs. cr. 
International Environmental Health 
An in-depth study of environmental health issues in countries other than the United States of America. The approach of this course is to select a country to be studied and review the pertinent environmental health issues. Environmental health issues common to many countries, as well as issues that are unique to the selected country will be studied. The environmental health issues of the selected country will be studied in class and followed up with an extended field trip usually lasting about two weeks. Prerequisites: EH 312. Priority given to EH majors.

EH 0370 (S, Su) 3 hrs. cr. 
Environmental Health 
A survey of contemporary environmental health problems and protection measures, including public health disease or injury prevention and environmental hazard mitigation. Topics include water quality, air quality, food protection, disease vector control, waste management, toxicology, radiation, shelter, recreational and workplace safety. Three hours of lecture per week. Prerequisites: BIO 101 or 105 or 110 or 112 or 121 or 122. Cross-listed as BIO 370 and HS 370.

EH 0371 (S-Even) 3 hrs. cr. 
Environmental Toxicology (Writing Intensive) 
This course is an introduction to natural and manmade toxicants and their effects on public health and the environment. Toxicological effects studied range from the molecular to the ecological level. Three hours of lecture per week. Prerequisites: BIO 101 or 105 or 110 or 121 and CHEM 151.

EH 0372 (F-Odd) 3 hrs. cr. 
Environmental Regulations 
A study of the regulations needed by environmental health professionals that work in the fields of environmental protection, environmental compliance or public health and safety. Three hours of lecture per week. Prerequisite: BIO 101 or BIO 105 or BIO 110 or BIO 121 or CHEM 151.

EH 0373 (S-Odd) 3 hrs. cr. 
Solid and Hazardous Waste Management 
Introduction to the problems and potential solutions related to the generation, disposal, recycling, reuse and prevention of solid and hazardous wastes. Emphasis will be on solid and hazardous waste management for a sustainable society. Three hours of lecture per week. Prerequisite: BIO 101 or BIO 105 or BIO 110 or BIO 121 and CHEM 151.

EH 0374 (F-Even) 3 hrs. cr. 
Air Quality Management and Instrumentation 
Air sampling strategy, air sampling techniques, air quality assessment and management for environmental and occupational health. Includes instrument calibration and air quality monitoring to assess exposures from chemical, physical, radiological and biological hazards. Two hours of lecture and two hours of lab per week. Prerequisites: CHEM 151 and BIO 101 or BIO 105 or BIO 110 or BIO 121.

EH 0375 (S-Odd) 2 hrs. cr. 
Disease Vector Control 
Identification and control of organisms that serve as reservoirs and vectors of diseases to humans. Two hours of lecture per week. Prerequisite: BIO 101 or BIO 105 or BIO 110 or BIO 121 or BIO 122 and CHEM 151.

EH 0376 (S-Even) 3 hrs. cr. 
Water Quality Management 
Concepts, methods and practices for water quality management, water treatment, wastewater treatment, storm-water management, recreational water management and remediation of groundwater for the protection of the environment and public health. Two hours of lecture and two hours of lab per week. Prerequisites: CHEM 151 and BIO 101 or BIO 105 or BIO 110 or BIO 121.

EH 0377 (S-Even) 3 hrs. cr. 
Food Safety 
The concepts, methods, practices and regulations that help ensure a safe food supply. This information is useful for the environmental health professional working as a health agency regulator or as a quality control agent in the food industry. Two hours of lecture and two hours of lab per week. Prerequisites: BIO 101 or BIO 105 or BIO 110 or BIO 121 and CHEM 151.

EH 0378 (S-Odd) 3 hrs. cr. 
Occupational Health and Safety 
An introduction to the concepts, principles and methods generally employed by industrial health and safety officers in the performance of their duties. Three hours of lecture per week. Prerequisite: CHEM 151 and BIO 101 or BIO 105 or BIO 110 or BIO 121.

EH 0380 (F, S) 3 hrs. cr. 
Epidemiology 
Introduction to the concepts, principles and methods generally useful in the surveillance and investigation of communicable disease outbreaks. Three hours of lecture per week. Prerequisites: BIO 101 or 105 or 110 or 112 or 121 or 122. Cross-listed as BIO 380 and HS 380.
EH 0382  (S-Odd)  1 hr. cr.  
Epidemiological Statistics
The continuation of EH/BIO/HS 380 Epidemiology by introducing statistical methods that are useful in the analysis of disease outbreak or injury data. Two hours of lab per week. Prerequisite: EH/Bio/HS 380.

EH 0410  (F-Even)  3 hrs. cr.  
Hazardous Incident Management
Knowledge will be gained regarding the identification of, preparation for and response to environmental health emergency situations. The types of emergency situations discussed will include food and water, sanitation, solid and hazardous waste, chemical incidents, radiological emergencies, bioterrorism and environmental disasters. Environmental health emergency management systems will also be covered. Three hours of lecture per week. Prerequisites: BIO 101 or 105 or 110 or 121 and CHEM 151. EH 370 is recommended.

EH 0450  (F, S or Su)  1-8 hrs. cr.  
Internship in Environmental Health
Experience in actual observation and work at facilities, agencies and/or industry where environmental health is a viable concern. Periodic meetings between the faculty coordinator, the cooperating institution and the student will be required. The student should not be employed in any job that will prevent full-time, maximum concentration on the academic internship. 40 Work hours minimum per credit hour. Prerequisite: Junior or senior standing as an EH major.

EH 0480  (S-Even)  3 hrs. cr.  
Environmental Epidemiology
The study of the distribution and determinants of health-related states or events in specified populations that are influenced by physical, chemical, biological, ecological and psychosocial factors in the environment. Both communicable and non-communicable diseases associated with environmental factors will be studied. Three hours of lecture per week. Prerequisites: BIO 101 or 105 or 110 or 121 and CHEM 151. EH 380 and EH 382 are recommended.

EH 0481  (F-Odd)  3 hrs. cr.  
Environmental Risk Management  (Writing Intensive)
The concepts, principles, methods and techniques useful to the environmental health professional in risk assessment, risk management and risk communications for the protection of the environment, the public safety and the public health. A capstone course for the major. Three hours of class per week. Prerequisite: Junior or senior standing as an EH major.

EH 0498  (Demand)  1-5 hrs. cr.  
Special Topics in Environmental Health
Designed to give instruction in some discipline of environment health not covered in other courses. For upper division majors. Prerequisites to be determined by department.

EH 0499  (Demand)  1-3 hrs. cr.  
Problems in Environmental Health
Individual work under the supervision of a faculty member with the credit and hours to be arranged. Problems may be undertaken in any field of environmental health with adequate prepa-

*Three hours of foreign language fulfill Area I of GER.
**FREN 101, 102, 203, 204 fulfill the 12-hour foreign language requirement for the BA degree.
***These courses in French must be at the 300-400 level and must be chosen in consultation with the student's adviser.
****Additional requirements for the French major are:
1. Successful completion of proficiency tests. Guidelines are available in the Department of Foreign Languages. These guidelines indicate the general areas covered by the proficiency tests and the dates on which tests are scheduled for the academic year. Students will normally take the tests for diagnostic purposes during the second semester of the junior year and may repeat the tests during their senior year.
2. A period of at least one month of residency in a French-speaking country or in a French immersion program. Students may participate in a university-sponsored short-term program, an ISEP semester or year abroad, a program of another accredited college, an internship or another approved activity. All language students are urged to work closely with the Institute of International Studies to explore available programs and financial resources. Students with special circumstances may petition to have an alternative immersion experience approved for this requirement. Credit earned may be applied to the major or may count as general electives.

Certificate in Medical Interpretation (Spanish/English)
The certificate requires the student to complete two courses in random order (Spanish 360: Introduction to Medical Interpretation and SPAN 430: Protocol and Procedures of Medical Interpretation) in addition to a minimum of 120 hours of internship (an equivalent of 3 credit hours in SPAN 345). The student needs to have the required proficiency level (Intermediate High) defined by the American Council on the Teaching of Foreign Languages (ACTFL) on the Oral Proficiency Interview (OPI) and have three writing intensive classes (ENG 101, ENG 102 and SPAN 300 or equivalent) prior to entry into the program.

Minor in Chinese
Minor Code FL80
A minor in Chinese requires 18 hours of courses in Chinese of which six must be upper-division.

Minor in French
Minor Code FL81
A minor in French requires 18 hours of courses in French of which six must be Upper Division.

Minor in German
Minor Code FL82
A minor in German requires 18 hours of courses in German of which six must be Upper Division.

Minor in Japanese
Minor Code FL83
A minor in Japanese requires 18 hours of courses in Japanese of which six must be Upper Division.

Minor in Russian
Minor Code FL84
A minor in Russian requires 18 hours of courses in Russian of which six must be Upper Division.

Minor in Spanish
Minor Code FL85
A minor in Spanish requires the student to complete 9 hours of approved courses at the 300 level or above in consultation with a Spanish adviser. A total of 21 hours is required.

FOREIGN LANGUAGES 105

Course Descriptions

Arabic (ARA)

ARA 0101 (Demand) 3 hrs. cr.
Beginning Arabic I
This is the first semester of Arabic language instruction. The course aims to develop skills in listening, speaking, reading and writing, as well as to expose students to the diversity of cultures in the Arabic-speaking world.

ARA 0102 (Demand) 3 hrs. cr.
Beginning Arabic II
This course is the second semester of Arabic language instruction. The course aims to develop skills in listening, speaking, reading and writing, as well as to expose students to the diversity of cultures in the Arabic-speaking world. Prerequisite: ARA 101 or equivalent level of proficiency.

ARA 0203 (Demand) 3 hrs. cr.
Intermediate Arabic I
This course is the third semester of Arabic language instruction. The course continues to develop proficiency in listening, speaking, reading and writing and expose students to the diversity of cultures in the Arabic-speaking world. Prerequisite: ARA 102 or equivalent level of proficiency.

ARA 0204 (Demand) 3 hrs. cr.
Intermediate Arabic II
This course is the fourth semester of Arabic language instruction. The course continues to develop proficiency in listening, speaking, reading and writing and expose students to the diversity of cultures in the Arabic-speaking world. Prerequisite: ARA 203 or equivalent level of proficiency.

ARA 0298 (Demand) 1-8 hrs. cr.
Topics in Arabic
Topics not normally included in another course. Prerequisites are determined by the department and stipulated in the syllabus.

ARA 0498 (Demand) 1-8 hrs. cr.
Advanced Topics in Arabic
For upper-division students. Topics to be announced each time the course is offered. Prerequisite: ARA 204 or equivalent level of proficiency.

ARA 0499 (F,S) 1-3 hrs. cr.
Independent Study
Individually directed study in Arabic. Prerequisite: Permission of instructor. The proposed study must be approved by the instructor, adviser, department head and dean in advance of enrollment.
### Chinese (CHI)

**CHI 0100** (Demand) 1-3 hrs. cr.  
**Introductory Chinese**
Introductory course which will acquaint students with Chinese customs, culture, social behaviors and pinyin (Chinese Phonetic Alphabet). The course which will be primarily taught in English will mainly focus on spoken Chinese and written symbol basics such as radicals. No grammar or structural patterns will be explicitly taught in this course. Prerequisite: None.

**CHI 0101** (F) 3 hrs. cr.  
**Beginning Chinese I (Mandarin)**
Pronunciation, grammar, elementary conversation, development of basic communicative skills. Prerequisite: None.

**CHI 0102** (S) 3 hrs. cr.  
**Beginning Chinese II (Mandarin)**
A continuation of CHI 101. Pronunciation, grammar, elementary conversation. Prerequisite: CHI 101 or equivalent level of proficiency.

**CHI 0203** (F) 3 hrs. cr.  
**Intermediate Chinese I (Mandarin)**
Systematic development of communicative skills in Chinese. Development of vocabulary. Drill in aural/oral skills. Prerequisite: CHI 102 or equivalent level of proficiency.

**CHI 0204** (S) 3 hrs. cr.  
**Intermediate Chinese II (Mandarin)**

**CHI 0298** (Demand) 1-8 hrs. cr.  
**Topics in Chinese**
Topics not normally included in another course. Prerequisites are determined by the department and stipulated in the syllabus.

**CHI 0305** (Demand) 3 hrs. cr.  
**Readings & Conversation I**
Continued development of language skills in the target language via readings and conversation. The study of more complex patterns in communicative skills is emphasized. Prerequisite: CHI 204 or equivalent level of proficiency.

**CHI 0306** (Demand) 3 hrs. cr.  
**Readings & Conversation II**
Continuation of Chinese 305. Continued development of the four basic language skills in the target language via readings and conversation. The study of more complex patterns in communicative skills is emphasized. Prerequisite: CHI 305 or equivalent level of proficiency.

**CHI 0307** (Demand) 3 hrs. cr.  
**Introduction to Contemporary China**
The course has been designed to examine the changes in the culture and civilization of contemporary China, from the birth of the People's Republic of China on October 1, 1949 to the present. The course is taught in Chinese and English with readings in Chinese and English. Prerequisite: CHI 204 or equivalent level of proficiency.

**CHI 0310** (Demand) 3 hrs. cr.  
**Chinese Culture & Civilization**
The course has been designed to provide a background against which contemporary Chinese culture and civilization may be better understood and appreciated. The course represents a survey of traditional Chinese culture and civilization with an emphasis on the political, social, cultural and intellectual history of China since 1800. The course is taught in Chinese and English with readings in Chinese. Prerequisite: CHI 204 or equivalent level of proficiency.

**CHI 0498** (Demand) 1-8 hrs. cr.  
**Advanced Topics in Chinese**
For upper-division students. Topics to be announced each time the course is offered. Prerequisite: CHI 204 or equivalent level of proficiency.

**CHI 0499** (F,S) 1-3 hrs. cr.  
**Independent Study**
Individually directed study in Chinese. Prerequisite: Permission of instructor. The proposed study must be approved by the instructor, adviser, department head and dean in advance of enrollment.

### French (FREN)

**FREN 0100** (Demand) 1 hr. cr.  
**French for Travel**
Introductory course that will familiarize students with the basic elements of spoken French, French customs, culture and social behaviors. No grammar or structural patterns will be taught explicitly in this course. Prerequisite: none. Does not fulfill any foreign language requirements.

**FREN 0101** (F,S) 3 hrs. cr.  
**Beginning French I**
The first semester of French language instruction developing proficiency in listening, speaking, reading and writing and providing an introduction to the study of French-speaking cultures. Prerequisite: None.

**FREN 0102** (F,S) 3 hrs. cr.  
**Beginning French II**
The second semester of French language instruction developing proficiency in listening, speaking, reading and writing and providing an introduction to the study of French-speaking cultures. Prerequisite: FREN 101 or equivalent level of proficiency.
FREN 0203 (F,S) 3 hrs. cr.
Intermediate French I
The third semester of French language instruction developing proficiency in listening, speaking, reading and writing and providing an introduction to the study of French-speaking cultures. Prerequisite: FREN 102 or equivalent level of proficiency.

FREN 0204 (F,S) 3 hrs. cr.
Intermediate French II
The fourth semester of French language instruction developing proficiency in listening, speaking, reading and writing and providing an introduction to the study of French-speaking cultures. Prerequisite: FREN 203 or equivalent level of proficiency.

FREN 0250 (Demand) 6 hrs. cr.
French Conversation & Grammar
Intensive practice of basic French vocabulary and structures is combined with visits to sites of cultural or historical interest in the Orleans area. Students will have daily classes in grammar and conversation, supplemented by language lab practice and workshop of their choice. Prerequisite: FREN 204 or the equivalent and a placement test. The course will be offered only as a study abroad option.

FREN 0298 (Demand) 1-8 hrs. cr.
Topics in French
Topics not normally included in another course. Prerequisites are determined by the department and stipulated in the syllabus for each specific offering.

FREN 0301 (Demand) 3 hrs. cr.
Readings & Conversation
Continued development of the four basic language skills in the target language through readings and conversation. The study of more complex patterns in communicative skills is emphasized. Prerequisite: FREN 204 or equivalent level of proficiency.

FREN 0302 (Demand) 3 hrs. cr.
Contemporary French Culture and Civilization
Continued development of language skills (listening, speaking, reading and writing). Contemporary France, the daily life of its people, the social and economic institutions which impact them and the arts and media will be the focus for reading and discussion. Prerequisite: FREN 204 or equivalent level of proficiency.

FREN 0303 (Demand) 3 hrs. cr.
French Composition (Writing Intensive)
Practice in writing French accompanied by a study of grammar and syntax. Prerequisite: FREN 204 or equivalent level of proficiency.

FREN 0304 (Demand) 3 hrs. cr.
Introduction to French Literature (Writing Intensive)
This course is an introduction to basic concepts and terminology of literary criticism through several different critical approaches to the literary text. Reading and discussion of selected poems, plays and fiction representing various literary periods. Prerequisite: FREN 204 or equivalent level of proficiency.

FREN 0305 (Demand) 3 hrs. cr.
Contemporary Francophone Cultures
Analysis of contemporary life in selected French-speaking regions: Quebec, Senegal and Guadeloupe and Martinique. Students will continue to develop their French language skills. Prerequisite: FREN 204 or equivalent level of proficiency.

FREN 0306 (Demand) 3 hrs. cr.
French Culture & Civilization
The course will continue the development of the four basic language skills (listening, speaking, reading and writing). The thematic focus of the class will be the historical, political, social and cultural development of France from its origins to the 20th century. Prerequisite: FREN 204 or equivalent level of proficiency.

FREN 0322 (Demand) 3 hrs. cr.
Twentieth-Century French Literature
Reading and discussion of twentieth-century literature from France and the Francophone world. Prerequisite: FREN 301 or equivalent level of proficiency.

FREN 0324 (Demand) 3 hrs. cr.
French Theater Studies
Reading and discussion of French plays from different historical and literary periods; practical experience in the classroom reader's theater. Prerequisite: FREN 204 or equivalent level of proficiency.

FREN 0325 (Demand) 3 hrs. cr.
French Cinema
A survey of the most important aspects of cinematography and cinematographic production in France. Covers major figures in the field of film and an introduction to the major movements. Taught in French with readings both in French and English. Prerequisite: FREN 204 or the equivalent level of proficiency.

FREN 0326 (Demand) 3 hrs. cr.
French and the Media
This course will explore the French media (particularly print journalism, television, radio and the Internet); emphasis is placed on cultural similarities and differences between French and American media and on developing language proficiency related to the media. Prerequisite: FREN 204 or equivalent level of proficiency.

FREN 0345 (Demand) 1-8 hrs. cr.
Internship in French
Off-campus work experience in areas related to professional goals of students. For advanced students in French. Application must be made during the first half of one semester for the following semester and must be approved prior to enrolling. Students work under joint supervision of a faculty member and a representative of the organization providing the intern experience. A student may repeat the course to a maximum of 8 hours credit. Prerequisite: A minimum of 18 hours in French with a minimum 3.0 GPA; approval of department head before enrolling. Some internships may have specific prerequisites. Guidelines for the internship program are available in the department's offices and must be followed.
FREN 0350     (Demand)     6 hrs. cr.
Language and Civilization
Intensive development of all language skills (listening, speaking, reading and writing) is combined with visits to sites of cultural or historical interest in Orleans and the surrounding chateau region. Cultural and literary topics are introduced. Weekend excursions. Prerequisite: FREN 203 or equivalent level of proficiency. A placement test required. The course will be offered only as a study abroad option.

FREN 0400     (Demand)     3 hrs. cr.
French for Business
An introduction to French business terminology, concepts, situations and procedures. Oral and written activities will continue to develop French language skills within a commercial context. Prerequisite: FREN 301 or equivalent level of proficiency.

FREN 0401     (Demand)     3 hrs. cr.
French Literature to 1700
An introduction to French literature from the Medieval Period through the seventeenth century, with emphasis on the development of forms and genres. Prerequisite: FREN 204 or equivalent level of proficiency.

FREN 0402     (Demand)     3 hrs. cr.
Nineteenth-Century French Literature
Reading and discussion of selected works of some of the major poets, novelists and playwrights of nineteenth-century France; the interrelatedness of history, literature and the fine arts: emphasis on Romanticism, Realism and Symbolism. Prerequisite: FREN 204 or equivalent level of proficiency.

FREN 0403     (Demand)     3 hrs. cr.
French Women Writers
The course will focus on the reading and discussion of works by selected French and francophone women authors from the twelfth through the twentieth centuries. Prerequisite: FREN 204 or equivalent level of proficiency.

FREN 0404     (Demand)     3 hrs. cr.
Francophone Literature
An introduction to twentieth-century Francophone literature of Africa, Quebec and the Antilles. Continued practice in developing the language skills (listening, speaking, reading and writing). Prerequisite: FREN 204 or the equivalent level of proficiency.

FREN 0405     (Demand)     3 hrs. cr.
French Translation
The course will introduce students to both the theoretical and practical aspects of translation. Practice will be given in a variety of genres and will emphasize dynamic accuracy in form and meaning of French to English translation. Prerequisite: FREN 204 and ENG 102 or the equivalent level of proficiency in both languages.

FREN 0430     (Demand)     3 hrs. cr.
Advanced Topics in French
Advanced topics not normally included in regular offerings. Prerequisites are determined by the department and stipulated in the syllabus for each specific offering.

FREN 0499     (F,S)     1-3 hrs. cr.
Independent Study
Individually directed study in French. Prerequisite: Permission of instructor. The proposed study must be approved by instructor, adviser, department head and dean in advance of enrollment.

GER 0101     (F,S)     3 hrs. cr.
Beginning German I
An introduction to the basic skills of understanding, speaking, reading and writing in German and to the study of the German speaking cultures. Prerequisite: None.

GER 0102     (F,S)     3 hrs. cr.
Beginning German II
A continuation of GER 101. Emphasis on the skills of understanding, speaking and writing in German and on the study of the German language and cultures. Prerequisite: GER 101 or the equivalent level of proficiency.

GER 0203     (F,S)     3 hrs. cr.
Intermediate German I
A continuation of GER 102. Emphasis on the basic skills of understanding, speaking, reading and writing in German and on the study of the German speaking cultures at the intermediate level. Prerequisite: GER 102 or the equivalent level of proficiency.

GER 0204     (F,S)     3 hrs. cr.
Intermediate German II
A continuation of GER 203. Emphasis on the basic skills of understanding, speaking, reading and writing in German and on the study of the German speaking cultures, continuing at the intermediate level. Prerequisite: GER 203 or the equivalent level of proficiency.

GER 0298     (Demand)     1-8 hrs. cr.
Topics in German
Topics not normally included in another course. Prerequisites are determined by the department and stipulated in the syllabus for each specific offering.

GER 0301     (Demand)     3 hrs. cr.
Readings & Conversation
Continued development of the four basic language skills in the target language through readings and conversation. The study of more complex patterns in communicative skills is emphasized. The course is conducted in German. Prerequisite: GER 204 or the equivalent level of proficiency.

GER 0302     (Demand)     3 hrs. cr.
Literature, Culture and Composition
This course continues the development of the four basic language skills in the target language through readings and conversation literature and culture. The study of more complex patterns in communicative skills is emphasized. The course is conducted in German. Prerequisite: GER 204 or the equivalent level of proficiency.
GER 0305 (Demand) 3 hrs. cr.
Business German

RUS 0204  (S)  3 hrs. cr.
Intermediate Russian II
A continuation of RUS 203. Further systematic development of proficiency in Russian. Prerequisite: RUS 203 or equivalent level of proficiency.

RUS 0298  (Demand)  1-8 hrs. cr.
Topics in Russian
Topics not normally included in another course. Prerequisites are determined by the department and stipulated in the syllabus.

RUS 0305  (Demand)  3 hrs. cr.
Conversation and Composition
Another step in developing a more comprehensive proficiency in Russian with a particular emphasis on speaking and writing. The course demands from the student an active use of new and already acquired vocabulary and grammar structures, as well as of syntactical features of oral and written expression. Prerequisite: RUS 204 or equivalent level of proficiency.

RUS 0306  (Demand)  3 hrs. cr.
Russian Culture & Civilization
Introduction to the Russian cultural history and contemporary life. Analysis and discussions focus on major historical, political, social and cultural events and the way they shaped Russian civilization. Russian cultural perspectives are analyzed as they are expressed in a variety of cultural products and practices. The course is taught in English. There are no prerequisites. Course may be offered with a study abroad option.

RUS 0325  (Demand)  3 hrs. cr.
Film in Soviet and Russian History
A survey of the most important aspects of cinematography and cinematographic production in the Soviet Union and Russia. Covers major figures in the field of film as well as an introduction to the major filmic schools and movements. Taught in Russian with readings in both Russian and English. Prerequisite: RUS 204 or equivalent level of proficiency.

RUS 0330  (Demand)  3 hrs. cr.
Russian Short Story
A survey of the major Russian short stories of the 19th and 20th centuries. Classes will involve discussion of the main figures of Russian literature. The course is to be taught entirely in Russian with readings in the original. Prerequisite: RUS 204 or equivalent level of proficiency.

RUS 0498  (Demand)  1-8 hrs. cr.
Advanced Topics in Russian
For upper-division students. Topics to be announced each time the course is offered. Prerequisite: RUS 204 or equivalent level of proficiency.

RUS 0499  (F,S)  1-3 hrs. cr.
Independent Study
Individually directed study in Russian. Prerequisite: Permission of instructor. The proposed study must be approved by the instructor, adviser, department head and dean in advance of enrollment.

Independent Study
Individually directed study in Russian. Prerequisite: Permission of instructor. The proposed study must be approved by the instructor, adviser, department head and dean in advance of enrollment.

Spanish (SPAN)

SPAN 0101  (F,S)  3 hrs. cr.
Beginning Spanish I
This course is the first semester of Spanish language instruction. The course aims to develop skills in listening, speaking, reading and writing, as well as to expose students to the diversity of cultures in the Spanish-speaking world. Prerequisite: None.

SPAN 0102  (F,S)  3 hrs. cr.
Beginning Spanish II
This course is the second semester of Spanish language instruction. The course continues to develop skills in listening, speaking, reading and writing and expose students to the diversity of cultures in the Spanish-speaking world. Prerequisite: SPAN 101 or equivalent level of proficiency.

SPAN 0200  (Demand)  3 hrs. cr.
Introduction to Mexican Culture and Civilization
An introduction to the Mexican cultural, political and contemporary expressions of Mexican civilization in the arts. Mexican cultural perspectives are analyzed as they are expressed in a variety of cultural products and practices. The course combines an on-campus academic component with travel-study in Mexico. Students will visit sites of historical, architectural and cultural interest. Course will be offered only with a study abroad option. This course will not fulfill any portion of the foreign language requirement for students earning a Bachelor of Arts degree nor the Bachelor of Science degree in Education. Prerequisite: none.

SPAN 0203  (F,S)  3 hrs. cr.
Intermediate Spanish I
This course is the third semester of Spanish language instruction. The course continues to develop skills in listening, speaking, reading and writing and expose students to the diversity of cultures in the Spanish-speaking world. Prerequisite: SPAN 102 or equivalent level of proficiency.

SPAN 0204  (F,S)  3 hrs. cr.
Intermediate Spanish II
This course is the fourth semester of Spanish language instruction. The course continues to develop skills in listening, speaking, reading and writing and expose students to the diversity of cultures in the Spanish-speaking world. Prerequisite: SPAN 203 or equivalent level of proficiency.

SPAN 0298  (Demand)  1-8 hrs. cr.
Topics in Spanish
Topics not normally included in another course. Prerequisites are determined by the department and stipulated in the syllabus.

SPAN 0300  (F,S)  3 hrs. cr.
Grammar and Composition  (Writing Intensive)
Initial oral and written composition with emphasis on grammar; verbal aspect, modals and tense contrasts through significant practice and sentence drills. Taught in Spanish. Prerequisite: SPAN 204 or equivalent level of proficiency.
SPAN 0301  (Demand)  3 hrs. cr.  
Introduction to Literature and Spanish Language Review  
This course is designed to serve as a bridge between the basic language Spanish courses and upper level literature and composition courses, including SPAN 300. Students will review and refine their usage of grammar previously taught while learning the vocabulary and analytical skills necessary in the study of literature written in Spanish. The course is taught in Spanish. Prerequisite: SPAN 204 or equivalent level of proficiency.

SPAN 0306  (F)  3 hrs. cr.  
Introduction to Spanish Civilization  
(Writing Intensive)  
Continued development of the four basic language skills through reading and conversation in Spanish culture. The study of more complex patterns in communicative skills is emphasized. Taught in Spanish. Prerequisite: SPAN 204 or equivalent level of proficiency.

SPAN 0307  (S)  3 hrs. cr.  
Introduction to Latin American Civilization  
Continued development of the four basic language skills in the language through reading and conversation in Latin American Culture. The study of more complex patterns in communicative skills is emphasized. Taught in Spanish. Prerequisite: SPAN 204 or equivalent level of proficiency.

SPAN 0308  (Demand)  3 hrs. cr.  
Latin American Civilization: Mexico  
An overview of the history of Latin American civilization using Mexico as the main frame of references and the major case for study. Taught in Spanish. Prerequisite: SPAN 204 or equivalent level of proficiency. Course may be offered with a study abroad option.

SPAN 0309  (Demand)  3 hrs. cr.  
Contemporary Mexican Culture & Civilization  
Introduction to the Mexican cultural and political history and the contemporary expressions of its civilization in the arts. Analysis and discussions focus on major historical, political, social and cultural events and the way they shaped contemporary Mexican civilization. Mexican cultural perspectives are analyzed as they are expressed in a variety of cultural products and practices. The course is taught in Spanish. Prerequisite: SPAN 204 or equivalent level of proficiency. Course may be offered with a study abroad option.

SPAN 0310  (F)  3 hrs. cr.  
Conversation I  
Emphasis on the basic survival skills of understanding, speaking and reading in Spanish and on the study of the Spanish speaking cultures. Taught in Spanish. Prerequisite: SPAN 204 or equivalent level of proficiency.

SPAN 0320  (Demand)  3 hrs. cr.  
Conversations and Readings  
Emphasis is on the improvement of conversational skills using cultural readings and short stories as the catalysts for intermediate level discourse. The course will be offered abroad. Prerequisite: SPAN 204 or equivalent level of proficiency.

SPAN 0326  (S)  3 hrs. cr.  
Peninsular Literature from El Cid to the Present  
Spain's literary history and important representative works and writings from El Cid to the present. Taught in Spanish. Prerequisite: SPAN 300 or equivalent level of proficiency.

SPAN 0335  (Demand)  3 hrs. cr.  
Mexican Literature  
(Writing Intensive)  
Major figures and movements in the history of Mexican literature with an emphasis on the 20th century. Taught in Spanish as a seminar. Weekly lectures will alternate with discussion of the readings on a one-to-one basis. Prerequisite: SPAN 300 or equivalent level of proficiency. Course may be offered with a study abroad option.

SPAN 0336  (F)  3 hrs. cr.  
Survey of Spanish American Literature  
Survey of Spanish American literature from its beginnings to the present. Taught in Spanish. Prerequisite: SPAN 300 or equivalent level of proficiency.

SPAN 0340  (Demand)  3 hrs. cr.  
Latin American Cinema  
A survey of the most important aspects of cinematography and cinematographic production in Latin America. Covers major figures in the field of film as well as an introduction to the major filmic schools and movements. Special emphasis will be placed on the cultural context that made the reception and production of the motion pictures a significant event. The course is to be taught entirely in Spanish with readings in both Spanish and English. Prerequisite: SPAN 204 or equivalent level of proficiency.

SPAN 0343  (Demand)  3 hrs. cr.  
Hispanic Children's Literature  
Children's literature in Spanish from the Hispanic world in all genres. Weekly lectures on the readings will focus on cultural idiomatic recognition as well as cultural behavioral conditions under which the texts were created. Taught in Spanish. Prerequisite: SPAN 300 or equivalent level of proficiency.

SPAN 0345  (Demand)  1-8 hrs. cr.  
Internship in Spanish  
Off-campus work experience in areas related to professional goals of students. For advanced students in Spanish. Application must be made during the first half of one semester for the following semester and must be approved prior to enrolling. Students work under joint supervision of a faculty member and a representative of the organization providing the internship experience. A student may repeat the course to a maximum of 8 hours credit. Prerequisites: A minimum of 18 hours in Spanish with a minimum 3.0 GPA; approval of department head before enrolling. Some internships may have specific prerequisites. Guidelines for the internship program are available in the department's offices and must be followed.

SPAN 0350  (Demand)  3 hrs. cr.  
Latin American Contemporary Issues  
Current Latin American issues studied with the goal of developing consciousness about the last 30 years of Latin American reality from the perspective of the people. Taught in Spanish with some materials in English. Uses written articles, the Inter-
net and World Wide Web, the Latin American press and movies. Prerequisite: SPAN 300 or equivalent level of proficiency.

SPAN 0360  (Demand)  3 hrs. cr.
Introduction to Medical Interpretation (Spanish/English)
This course prepares students to interpret and culturally mediate a variety of medical situations. The course will be taught in Spanish. Prerequisites: Intermediate High language skills on the Oral Proficiency Interview as defined by the American Council on the Teaching of Foreign Languages, ENG 101 & ENG 102 or equivalent, SPAN 300 or equivalent.

SPAN 0375  (Demand)  3 hrs. cr.
Spanish Study Abroad
Introduction to the folklore stories of Latin America from pre-Colombian societies through the contemporary period. Analysis and discussion focus on historical, religious and cultural events and the development of myths and legends within Latin American civilization. The course is taught in Spanish. Prerequisite: SPAN 300 or equivalent level of proficiency. Course may be offered with a study abroad option.

SPAN 0399  (Demand)  1-12 hrs. cr.
Spanish Study Abroad
Academic credit(s) will be granted to individuals who complete one or two semesters of a university sponsored study abroad program in a Spanish speaking country. Course(s) taught in Spanish and completed abroad that are listed as upper division general electives on the student transcript may be amended as Spanish Study Abroad credit(s) to fulfill up to 12 hours of Spanish upper division elective credit. Prerequisite: Must have completed 60 hours prior to the study abroad experience and SPAN 204 or its equivalent. The proposed courses for the study abroad experience must be approved in advance by the academic adviser and the department head.

SPAN 0400  (Demand)  3 hrs. cr.
Hispanic Drama
Select works from Spain and Spanish America's most prominent playwrights. Readings and lectures with discussion on the socio-economic, political and cultural implications of different plays. Taught in Spanish. Prerequisite: SPAN 300 or equivalent level of proficiency.

SPAN 0410  (S)  3 hrs. cr.
Conversation II
Spanish language and culture in the framework of the students' potential areas of contact: personal, travel and occupational. Conversation is the major course component. Taught in Spanish. Prerequisite: SPAN 300 or equivalent level of proficiency.

SPAN 0420  (Demand)  3 hrs. cr.
Advanced Grammar and Composition  
(Writing Intensive)
Advanced study of the three major components of Spanish grammar, with emphasis on: verbal moods, lexical items, the effects of stress, idiomatic usage orthography, the principles of translation and composition. Prerequisite: SPAN 300 or equivalent level of proficiency.

SPAN 0430  (Demand)  3 hrs. cr.
Protocol and Procedures of Medical Interpretation (Spanish/English)
This course is an introduction to the general principles, procedures, roles and ethical behaviors of medical interpreters. This course is taught in Spanish. Prerequisites: Intermediate High language skills on the Oral Proficiency Interview as defined by the American Council on the Teaching of Foreign Languages, ENG 101 & ENG 102 or equivalent, SPAN 300 or equivalent.

SPAN 0440  (Demand)  3 hrs. cr.
Translation Spanish/English
Introduction to the general principles, procedures, theories and tools of translating. Students will translate a wide variety of short texts from English to Spanish or from Spanish to English. Some basic principles of linguistics will be covered. Prerequisites: Excellent English language skills and the completion of SPAN 300 or equivalent proficiency.

SPAN 0498  (Demand)  1-8 hrs. cr.
Advanced Topics in Spanish
This course is for upper-division students. Topics to be announced each time the course is offered. Prerequisite: As stated in the syllabus for the specific offering.

SPAN 0499  (F,S)  1-3 hrs. cr.
Independent Study
Individually directed study in selected areas for advanced majors in Spanish. Prerequisite: Must have completed 90 hrs. with a cumulative GPA of 3.0 and must have 15 hrs. in Spanish at any level. The proposed study must be approved by instructor, adviser, department head and school dean prior to enrollment.

Other Languages (OL)

OL 0298  (Demand)  1-8 hrs. cr.
Topics in Foreign Languages
Languages not currently a part of the curriculum may be offered on appropriate demand, subject to the availability of faculty. For each offering, a course in a specific target language will be structured with the objective of developing the speaking, understanding, reading and writing skills of the student in the target language. Each offering will have a syllabus stating specific requirements of the course as well as prerequisites.

OL 0498  (Demand)  1-8 hrs. cr.
Advanced Topics in Foreign Languages
Advanced studies in foreign languages and literatures not currently part of the curriculum may be offered on appropriate demand, subject to the availability of faculty. For each offering, a course in a specific language will be structured with the objective of developing further the speaking, understanding, reading and writing skills of the student in the target language, as well as developing a further awareness of the literature of the specific language. Each offering will have a syllabus stipulating specific requirements of the course as well as prerequisites.
The Geography Club is open to all students who are interested in geography. It provides an informal setting for students to explore geographical ideas – and to do geography – through field trips and sponsored activities.

### Course Descriptions

**GEOG 0101** (S-Odd) 3 hrs. cr.

**Introduction to Geography**

An introduction to geography, with the goal of increasing geographic literacy and recognizing the importance of geography in everyday life. This course introduces students to the discipline, its basic principles and major concepts, tools, techniques and methodological approaches. It traces the development of modern geography and surveys its physical and human sub-disciplines.

**GEOG 0211** (F,S) 3 hrs. cr.

**Regions and Nations**

Survey of the peoples of the earth and how their activities are influenced by climate, topography, natural resources and culture with class time devoted to discussion of important topical areas in each region.

**GEOG 0298** (Demand) 3 hrs. cr.

**Topics in Geography**

Special geography topics of current interest. Subjects and instructors are changed each semester. Students are encouraged to submit areas of interest to the Social Science Department.
GEOG 0302  (S-Odd)  3 hrs. cr.  
**People and the Environment: A Global Perspective**  
An examination of social causes and consequences of environmental problems in different regions of the world with an emphasis on philosophical perspectives and practical solutions to such problems. Prerequisites: students must have completed general education requirements in life and physical sciences. Cross-listed as INTS 302.

GEOG 0304  (F-Odd)  3 hrs. cr.  
**Geographic Information Systems**  
Explores the expanding use of Geographic Information Systems (GIS) in ecology, environmental health and related fields. Satisfies the computer literacy requirement for environmental health majors. Prerequisite: BIO 101 or 112 or 121 or 122. Cross listed as BIO 304 and EH 304.

GEOG 0310  (F,S)  3 hrs. cr.  
**Human and Cultural Geography (Writing Intensive)**  
This course focuses on spatial approaches to understanding the ongoing organization and reorganization of human cultural, economic, political and urban activates at various spatial scales, such as the local context, regional context and the international context. Prerequisite: Junior standing or consent of instructor.

GEOG 0311  (Demand)  3 hrs. cr.  
**Geopolitics: Power and Conflict in a Global Context**  
Geographic factors that have influenced international relations and the policies of states as political units. Emphasis on geopolitics, religion, racial and ethnic groupings and other factors that may contribute to unity or disunity. Prerequisite: Junior Standing.

GEOG 0322  (Demand)  3 hrs. cr.  
**Economic Geography**  
World commodities and geographic factors that affect their production and make them significant to the world economy. Prerequisite: Junior standing.

GEOG 0422  (Demand)  3 hrs. cr.  
**Geography of the United States and Canada**  
Geographic analysis of the United States and Canada with emphasis on regional variations of social, economic and physical phenomena. Prerequisite: Junior standing.

GEOG 0457  (Demand)  3 hrs. cr.  
**Urban Geography**  
Analysis of the characteristic pattern of urban space, spatial organization of urban settlement and urban societies. Prerequisite: Junior standing.

GEOG 0498  (Demand)  3 hrs. cr.  
**Advanced Topics in Geography**  
Study and analysis of selected topics in advanced regional geography.

GEOG 0499  (Demand)  1-3 hrs. cr.  
**Independent Study**  
For students who wish to do an in-depth study of some specialized topic or who wish to pursue a topic not considered in the departments course offerings. The individualized project will be directed by an instructor/adviser from the geography faculty in consultation with the student. Repeatable up to six credit hours.

---

**Faculty**  
Archer - Head, Sloan, Knapp

Geology, the study of the processes shaping planet earth, is of interest to civil engineers, environmental scientists, geographers and biologists. Professionals find their background in geology useful for graduate studies, land-use planning, assessment of natural environmental hazards, resource development, water-use issues and waste disposal.

Geophysics studies the underlying forces responsible for geologic processes and develops the technology for probing the subsurface and interior of the earth. Professional geophysicists work to understand the nature of volcanic eruptions, the behavior and potential prediction of earthquakes, the mechanisms behind continental drift, how to better predict the behavior of the atmosphere and to develop technologies to search for new mineral and energy resources.

The Physical Science Department participates in a cooperative transfer program with the Missouri University of Science & Technology which allows students to complete their first two years of study toward a Bachelor of Science degree in either geology or geophysics at Missouri Southern and then transfer to Missouri S&T for the completion of the last two years of the degree. The program is adaptable so that students may also complete the degree at the University of Missouri at Columbia or Missouri State University in Springfield.

The geology courses at Southern support majors in other fields such as geography and environmental health and enable students to meet state certification requirements for teaching general science and earth science at the 7th through 12th grade levels.

Course Descriptions

GEOL 0120  (F-Odd)  4 hrs. cr.
Introduction to Geology
Materials of the earth, structures and geologic features of the surface in relation to the processes and forces producing them. Laboratory study of minerals and rocks and topographic and geologic maps. Additional one-day field trips may be required. Three lectures, one three-hour lab per week.

GEOL 0180  (S-Even)  3 hrs. cr.
Introduction to Meteorology
Fundamentals of the circulation of the atmosphere, sequence of weather events and severe weather. Includes interpretation of weather maps. Three lectures per week. Prerequisite: PHYS 100 or equivalent.

GEOL 0201  (F-Even)  3 hrs. cr.
Physical Geography
Study of the physical or natural aspects of man's environment, with emphasis on land form development, oceanographic features and climate. Students may not receive credit for both GEOL 120 and GEOL 201.

GEOL 0202  (Demand)  1 hr. cr.
Map and Photo Interpretation
An introduction to the interpretation of topographic maps, aerial photos and satellite images. One three-hour laboratory per week. Designed to compliment GEOL 201. Prerequisite: GEOL 201 or equivalent, may be taken concurrently. Students may not receive credit for both GEOL 120 and GEOL 202.

GEOL 0210  (F,S-Odd)  3 hrs. cr.
Fundamentals of Earth and Space Science
Materials of the earth, geologic features and landscapes of the earth's surface in relation to the processes producing them; interrelationships between geologic processes and the earth's atmosphere and oceans; geologic description of the solar system; basic concepts in astronomy and meteorology. Prerequisite: PHYS 100 or 101 or consent of instructor. Three lectures per week.

GEOL 0212  (F,S-Odd)  1 hr. cr.
Earth & Space Science Lab
Laboratory study of rocks and minerals, landscapes features as revealed in maps and stereo photos, weather maps and data, astronomical observations and earth-sun-solar system interrelationships. One-day field trips and some night-time astronomical observations are required. This course is designed primarily for students specializing in elementary education. Corequisite: GEOL 210 must be taken concurrently. One three-hour lab per week. (Additional lab fee will be required.)

GEOL 0298  (Demand)  1-3 hrs. cr.
Topics in Geology
Special Topics in geology not normally offered in other courses. Prerequisites to be determined by department.

GEOL 0300  (S-Odd)  3 hrs. cr.
Environmental Geology
An introduction to our relationship to the earth's environment. The limitations of natural resources and discussion of consequences of the exploitation of natural resources are considered along with the demands of humanity upon the environment. Overview of natural environmental hazards, including volcanoes, earthquakes, subsidence landslides, floods and asteroid impacts. Prerequisite: Five credits in physical science, physics and/or chemistry. Cross listed as EH 300.

GEOL 0320  (Demand)  4 hrs. cr.
Historical Geology
A comprehensive study of the history of the earth within a plate-tectonics context. Emphasizes the global evolution of landscapes and the fossil record. Laboratory includes geologic mapping, the interpretation of geologic history from map and fossil data and fossil identification. Three lectures, one two-hour lab per week. Prerequisites: GEOL 120 (BIO 101 or equivalent recommended).

GEOL 0430  (Demand)  1-3 hrs. cr.
Internship in Geology
In conference with departmental representatives at least six weeks in advance, the student shall elect to work and observe in any area of applied geology in which on-the-job experience would be beneficial to the student's training. Prerequisites, Junior standing in chemistry, physics, biology or pre-engineering or by permission.

GEOL 0498  (Demand)  1-3 hrs. cr.
Advanced Topics in Geology
In depth study of the geology of a particular region or system of regions through classroom sessions and/or field trips. Extended field trips will require a special lab fee and, in some cases, special physical conditioning or training. The region or area of interest varies from year to year. Prerequisites: GEOL 320 and/or consent of the instructor.

GEOL 0499  (Demand)  1-3 hrs. cr.
Geology Field Studies
Individual work under the supervision of a staff member with credit and hours to be arranged. Problems may be undertaken in any field of geology with adequate preparation and the consent of the supervising instructor. Prerequisite: Minimum GPA of 3.0 in 20 hrs. of science, GEOL 120 and a proven interest in geology.
Faculty
Locher - Head, Berger, Tannenbaum, Teverow, Wagner, Wheeler

Mission
The primary mission of the Social Science Department is to prepare our students for dynamic leadership and responsible citizenship in their communities, their nation and the world. The Department also contributes to the broader mission of the University by providing students the opportunities to cultivate critical thinking, communication and technological skills that will develop an awareness of and engagement with the complex social issues of the 21st century. The faculty seeks to offer substantive instruction and intellectual nurture in the Social Sciences and to assist the advancement of higher-order thinking students can apply to their own lives as individuals, professionals and citizens. The Department’s mission includes an emphasis on opportunities to engage the broader international world, consistent with the University’s international mission. Finally, the Social Science Department seeks to build bridges and avenues of communication between the university and the community, through academic internships, public events and partnerships with local institutions and the sponsorship of academic programs and events for local students and their teachers.

A Bachelor of Arts degree with a major in History prepares students for entering career positions in business, governmental and community service fields and for entry into graduate programs in the social sciences and law. A Bachelor of Science in Education with a major in Social Studies - History emphasis certifies a student to enter professional teaching at the secondary school level. A minor in History is available for students majoring in other disciplines. Also see page 142 for a Social Sciences minor.

General Education Requirements and Missouri statute requirements are met by HIST 110 or HIST 120. HIST 130 or 140 may also be used to meet certain General Education Requirements. HIST 110 or 120 is a prerequisite for all Upper Division U.S. History courses. HIST 130 or 140 is a prerequisite for all Upper Division European courses. HIST 150 is a prerequisite for all Upper Division Asian History courses. HIST 160 is a prerequisite for all Upper Division Latin American History courses.

Student Organizations
The History Club is open to all students who are interested in history. The club provides an informal setting for students to pursue their interests in history and sponsors a wide variety of activities each semester.

Pi Alpha Theta is the national honor society in history. Pi Alpha Theta recognizes academic excellence in the field and encourages its members to participate in the activities of its national organization. Locally, Pi Alpha Theta members share many activities with the History Club.

Course Descriptions

U. S. History

History 110 or 120 is a prerequisite for all Upper Division U.S. American History courses.

HIST 0110    (F,S)  3 hrs. cr.
United States History 1492-1877
Survey of the United States from the era of discovery through reconstruction. Prerequisite: UE 150 or a score of 17 or higher on the ACT Reading Section.

HIST 0120    (F,S)  3 hrs. cr.
United States History 1877 to Present
Survey of the economic, social and political development of the United States from 1877 to the present. Prerequisite: UE 150 or a score of 17 or higher on the ACT Reading Section.

HIST 0201    (F,S)  3 hrs. cr.
Introduction to Historical Research
A formal introduction to the discipline of history and the skills needed for studying it. Emphases include basic research techniques, critical reading of primary and secondary sources and the recommended styles and strategies for writing research.
papers. Required of all History BA and all Social Studies (History emphasis) BSE majors as a prerequisite for upper-division History courses. Prerequisite: HIST 110 or 120 or 130 or 140.

HIST 0298 (Demand) 3 hrs. cr.
Topics in History
Special historical topics are examined. Students are encouraged to submit areas of personal interest to guide in the selection of the topics.

HIST 0310 (Demand) 3 hrs. cr.
United States Social and Intellectual History
Survey of the ideas, values and institutions that have nurtured and influenced the United States during the great industrial expansion and emergence as a technology leader to the dilemmas of the 1970’s and 1980’s. Prerequisite: Three hours of history or consent of instructor.

HIST 0325 (Demand) 3 hrs. cr.
The American West
Explores the conquest of the American West by Spanish, French and American settlers and its effects on the native inhabitants of the region. The development of the mythic west will also be examined. Prerequisite: HIST 110 or 120.

HIST 0330 (Demand) 3 hrs. cr.
History of the American Indians
A Survey of the social, political, diplomatic, military and legal history of Native American society. Prerequisite: HIST 110 or 120.

HIST 0335 (Demand) 3 hrs. cr.
United States Foreign Relations to 1900
A survey of the United States’ foreign relations from independence to 1900. Prerequisite: HIST 110.

HIST 0340 (Demand) 3 hrs. cr.
United States Foreign Relations Since 1900
Survey of the United States’ foreign relations from its emergence as a world power to the present day. Prerequisite: HIST 120.

HIST 0343 (Demand) 3 hrs. cr.
The U.S. and the Cold War
A study of the 20th century struggle for global influence between the United States and the Soviet Union. Prerequisite: HIST 120.

HIST 0344 (Demand) 3 hrs. cr.
America in Vietnam
A political, diplomatic, military and social study of the U. S. involvement in Vietnam from 1945 to 1975. Prerequisite: HIST 120.

HIST 0345 (Demand) 3 hrs. cr.
Age of Jefferson and Jackson
Early political development in the United States. Evolution of the presidency over the first years of the new government, the triumph of Jeffersonian ideas, social trends and the rise of nationalism. Prerequisite: HIST 110 or 120.

HIST 0350 (Demand) 3 hrs. cr.
Civil War and Reconstruction (Writing Intensive)
Causes of the Civil War, slavery and reform movements before the Civil War. Traces the development of reconstruction and political developments of the era. Prerequisite: HIST 110 or 120.

HIST 0360 (Demand) 3 hrs. cr.
History of Missouri
Missouri’s growth from its early settlement to the present. Emphasis on political, economic, institutional and social development. Prerequisite: HIST 110 or 120.

HIST 0365 (Demand) 3 hrs. cr.
Colonial North America (Writing Intensive)
Discovery, conquest and development from 1492-1781. The imperial struggles between Spain, France, England and various Native Americans will be emphasized, along with the social, cultural and economic growth of the European colonies. Prerequisite: HIST 110 or 120.

HIST 0373 (Demand) 3 hrs. cr.
Women in U.S. History (Writing Intensive)
A survey of the historical experience of American women from the colonial period to the modern era. Prerequisite: HIST 110 or 120.

HIST 0405 (Demand) 3 hrs. cr.
The United States 1890-1945
A study of the political, economic, social and cultural trends in the United States from the turn of the century to 1945. U.S. foreign relations, including participation in both world wars, will also be considered. Prerequisite: HIST 120.

HIST 0410 (Demand) 3 hrs. cr.
The United States 1945-2000
A study of the political, economic, social and cultural trends in the United States from 1945 to the end of the twentieth century. Prerequisite: HIST 120.

HIST 0496 (Demand) 3-8 hrs. cr.
Internship in History
Practical, professional training in archival skills and museum management in an area historical museum, archival institution or historic site, under the supervision of a faculty member and a professional from the participating institution. No more than three hours may be counted toward a major or minor. Prerequisite: Junior standing or above and departmental approval. Repeatable up to eight credit hours.

HIST 0497 (Demand) 3 hrs. cr.
Seminar in Historical Research (Writing Intensive)
Topics pertaining to an era or historical problem of special interest to the instructor and students. Emphasis on student’s ability to research, assimilate and present new areas of knowledge. Prerequisite: Junior standing, HIST 201, ENG 102 and 6 hours upper-division history.

<td>History of Russia Since 1796</td>
<td>Russia since the reign of Catherine the Great until the recent demise of the Soviet Union. Investigates the problems posed by Tsarist Autocracy and Serfdom, the origins and course of the Bolshevik Revolution, Russian life under communism and the structural weaknesses and events contributing to the collapse of the Soviet Union. Prerequisite: HIST 130 or 140.</td>
</tr>
<tr>
<td>HIST 0390</td>
<td>3 hrs.</td>
<td>History of Germany</td>
<td>Social, political, military and economic history of Germany, with major concentration on the post-1519 period. Emphasis on the decline of the Medieval Empire, princely absolutism, national unification, Weimar Republic, Third Reich and post World War II. HIST 130 or 140 recommended before taking this class.</td>
</tr>
</tbody>
</table>
HIST 0420  (Demand)  3 hrs. cr.
Medieval History
Europe from the end of the Roman Empire to ca. 1350. Emphasis on the emergence of the Papacy, manorialism and feudalism, the development of cities and an urban economy and on intellectual life and artistic expression. Prerequisite: HIST 130 or 140.

HIST 0425  (Demand)  3 hrs. cr.
The Renaissance and the Reformation 1350-1559
An overview of Europe from 1350 to 1559. Changes in thought and artistic expression, the divisions within Western Christendom, the emergence of national monarchies and the impact of economic change on daily life. Prerequisite: HIST 130 or 140.

HIST 0435  (Demand)  3 hrs. cr.
The Era of the French Revolution and Napoleon
An examination and analysis of events in France and their impact on Europe from 1789 to 1815. Interplay of ideas and people and the quest for a political settlement under a constitutional monarchy, republic and empire. Prerequisite: HIST 130 or 140.

HIST 0440  (Demand)  3 hrs. cr.
European Intellectual History
Intellectual, cultural and social developments in Europe from the Italian Renaissance to the present. Examination of the rise of scientific thought, the Enlightenment, Romanticism, nationalism, political ideologies, social reforms and existentialism. HIST 130 or 140 recommended before taking this course.

HIST 0497  (Demand)  3 hrs. cr.
Seminar in Historical Research  (Writing Intensive)
Topics pertaining to an era or historical problem of special interest to the instructor and students. Emphasis on student's ability to research, assimilate and present new areas of knowledge. Prerequisites: Junior standing, HIST 201, ENG 102 and 6 hours upper-division history.

HIST 0498  (Demand)  3 hrs. cr.
Advanced Topics in History
Advanced topics not covered in other history offerings. Emphasis on student's ability to research, assimilate and present new areas of knowledge. Prerequisite: Junior or senior status.

HIST 0499  (Demand)  1-3 hrs. cr.
Independent Study
Individualized project directed by the instructor/adviser with approval of department head and school dean. Advanced standing in the major field and a minimum GPA of 3.0 are required. Repeatable up to six credit hours.

Asian History

History 150 is a prerequisite for all Upper Division Asian History courses.

HIST 0150  (F)  3 hrs. cr.
Asian Civilizations
Introductory survey of the history and culture of traditional and modern Asia, focusing on the distinctive culture areas of monsoonal Asia, i.e., South, Southeast and East Asia. Some attention will also be given to Asian culture areas outside this zone.

HIST 0201  (F,S)  3 hrs. cr.
Introduction to Historical Research
A formal introduction to the discipline of history and the skills needed for studying it. Emphases include basic research techniques, critical reading of primary and secondary sources and the recommended styles and strategies for writing research papers. Required of all History BA and all Social Studies (History emphasis) BSE majors as a prerequisite for upper-division History courses. Prerequisite: HIST 110 or 120 or 130 or 140.

HIST 0298  (Demand)  3 hrs. cr.
Topics in History
Special historical topics are examined. Students are encouraged to submit areas of personal interest to guide in the selection of the topics.

HIST 0313  (Demand)  3 hrs. cr.
East Asian Civilizations I
Survey of the history of pre-modern East Asia to 1800, focusing particularly on China, Japan and to a lesser extent, Korea. Course will emphasize the development of East Asian cultures, societies and political structures and will use a comparative analysis in seeking to understand the history of the region. Prerequisite: HIST 150.

HIST 0314  (Demand)  3 hrs. cr.
East Asian Civilizations II
Survey of the history of modern East Asia from ca. 1800, focusing particularly on China, Japan and to a lesser extent, Korea. Course will emphasize the impact of the West and the problems of modern development, using a comparative analysis in seeking to understand the history of the region. Prerequisite: HIST 150.

HIST 0497  (Demand)  3 hrs. cr.
Seminar in Historical Research  (Writing Intensive)
Topics pertaining to an era or historical problem of special interest to the instructor and students. Emphasis on student's ability to research, assimilate and present new areas of knowledge. Prerequisite: Junior standing, HIST 201, ENG 102 and 6 hours upper-division history.

HIST 0498  (Demand)  3 hrs. cr.
Advanced Topics in History
Advanced topics not covered in other history offerings. Emphasis on student's ability to research, assimilate and present new areas of knowledge. Prerequisite: Junior or senior status.

<tr>
<td>HIST 0160</td>
<td>History of Latin America</td>
<td>3 hrs.</td>
<td>Historical overview of Latin America, from the Spanish and Portuguese to the present day, by examining the major themes and events in the region. Particular emphasis will be placed on the Indian and African background of Latin American history and the ways in which these groups helped shape Latin American society. Topics covered will include the conquest of Latin America, Spanish administration, the independence movements of the nineteenth century, nation building and revolutionary movements of the twentieth century.</td>
</tr>
<tr>
<td>HIST 0201</td>
<td>Introduction to Historical Research</td>
<td>3 hrs.</td>
<td>A formal introduction to the discipline of history and the skills needed for studying it. Emphases include basic research techniques, critical reading of primary and secondary sources and the recommended styles and strategies for writing research papers. Required of all History BA and all Social Studies (History emphasis) BSE majors as a prerequisite for upper-division History courses. Prerequisite: HIST 110 or 120 or 130 or 140.</td>
</tr>
<tr>
<td>HIST 0342</td>
<td>Latin American Revolutions (Writing Intensive)</td>
<td>3 hrs.</td>
<td>Latin American Revolutions addresses the causes and consequences of 20th century uprisings in Bolivia, Mexico, Cuba, Guatemala, Nicaragua, El Salvador, Chile and Columbia. Emphasis will be placed on the tactics and personalities of revolutionary leaders as well as the needs and reactions of their supporters. Prerequisite: HIST 160.</td>
</tr>
<tr>
<td>HIST 0474</td>
<td>Colonial Latin America</td>
<td>3 hrs.</td>
<td>Colonial Latin America will provide a historical overview of Latin American from the Spanish and Portuguese conquest until independence in the 1820s, by examining the major themes and events in the region. Particular emphasis will be placed on the Indian background to Latin American history and the ways the natives helped shape Latin American society. Topics covered will include the conquest of Latin America, imperial rivalries, Spanish administration, Indian labor and the independence movements of the 19th century. Prerequisite: HIST 130 or 140.</td>
</tr>
<tr>
<td>HIST 0475</td>
<td>Modern Latin America</td>
<td>3 hrs.</td>
<td>Historical overview of Latin America since independence, examining major themes, events and issues in the region. Particular emphasis on ways in which Latin American peoples have struggled to resist, adapt and take advantage of the social forces influencing their nations' urbanization, populism, social revolution, development, peasant rebellion, the position of women in society and the Church. Prerequisite: HIST 130 or 140.</td>
</tr>
<tr>
<td>HIST 0497</td>
<td>Seminar in Historical Research (Writing Intensive)</td>
<td>3 hrs.</td>
<td>Topics pertaining to an era or historical problem of special interest to the instructor and students. Emphasis on student's ability to research, assimilate and present new areas of knowledge. Prerequisite: Junior standing, HIST 201, ENG 102 and 6 hours upper-division history.</td>
</tr>
<tr>
<td>HIST 0498</td>
<td>Advanced Topics in History</td>
<td>3 hrs.</td>
<td>Advanced topics not covered in other history offerings. Emphasis on student's ability to research, assimilate and present new areas of knowledge. Prerequisite: Junior or senior status.</td>
</tr>
<tr>
<td>HIST 0499</td>
<td>Independent Study</td>
<td>1-3 hrs.</td>
<td>Individualized project directed by the instructor/adviser with approval of department head and school dean. Advanced standing in the major field and a minimum GPA of 3.0 are required. Repeatable up to six credit hours.</td>
</tr>

</table>
Mission
The Mathematics Department of Missouri Southern fills several key roles within the University. The Department contributes to the breadth of all majors on campus by providing the mathematics portion of the General Education requirements. For disciplines with a larger quantitative component, the Department offers courses that develop the mathematical tools that students in these disciplines will require. The Department provides a pair of courses to increase future elementary teacher’s command of mathematics and imbue them with confidence in its use. For prospective middle school and secondary mathematics teachers, the department offers a comprehensive curriculum designed to ensure that these students have both a mastery of the material they will be teaching and a depth of understanding that will allow them to see this material in a larger context. Additionally, the Department provides a comprehensive mathematics major, preparing students for careers in the academic, industrial or governmental arenas.

The faculty of the Mathematics Department of Missouri Southern State University are committed to excellence in all of its teachings. Recognizing that a successful department is dependent on successful students, the faculty devotes a great deal of energy to communicating mathematics well both in and out of the classroom. Department faculty constantly pursue techniques to further the effectiveness of their teaching and to promote an environment conducive to the current and future success of its students.

In an increasingly technological society, applications of mathematics continue to increase in variety. Persons with quantitative ability and training are in high demand. Career opportunities exist in a diversity of fields such as engineering, computer science, economics, statistics, operations research, management and education. Missouri Southern graduates are enjoying success in all of these areas. Some graduates choose to begin careers immediately upon graduation; others choose to continue their education in graduate school. The curriculum is designed to prepare students for either path. The computational mathematics option allows a student to obtain a double major in mathematics and computer science.

General Education Requirements for the bachelors and the associate of arts degree can be met with any mathematics course numbered 120 or above. Note the limitations on MATH 119 in the course descriptions.

General education requirements for the associate of science degree can be met with any mathematics course numbered 030 or above.

For students majoring in mathematics, mathematics education, computational math or minoring in math, only courses in which they have earned a grade of ‘C’ or above can be used to satisfy departmental mathematics requirements and supporting requirements. Mathematics courses used as prerequisites require a grade of ‘C’ or better. Placement in the first college math course is based on the student’s score on the Mathematics Section of the ACT. More information is available in the individual course description, the Mathematics Department Office or on the following website: www.mssu.edu/math/place.htm.

Mathematics for Elementary Teachers I
The real number system and its subsystems, relations and functions, numeration systems. Prerequisite: One year of high school algebra and one of the following: a) MATH 030 with a grade of 'C' or better, b) a score of 22 or above on the ACT Mathematics Section or c) a qualifying score on the departmental placement exam. (Will not meet the General Education mathematics requirements for non-elementary education majors.)

MATH 0120 (F,S,Su)  
MATH for Elementary Teachers II  
A continuation of MATH 119. Sets of points, metric and non-metric geometry, probability. Recommended for prospective elementary teachers.
MATH 0125 (F,S,Su) 3 hrs. cr.
Contemporary Mathematics
College mathematics with an introduction to various areas of mathematics, such as geometry, statistics, set theory, algebra, linear programming and other topics. Satisfies the requirement in mathematics for the General Education Requirements. Prerequisite: (a) MATH 030 with a grade of ‘C’ or better, (b) a score of 22 or above on the ACT Mathematics Section or (c) a qualifying score on the departmental placement exam.

MATH 0130 (F,S,Su) 3 hrs. cr.
College Algebra
Functions and their graphs; polynomial, rational, exponential and logarithmic functions; systems of equations; and the binomial theorem. Prerequisites: Two units of high school algebra, one unit of high school geometry and a score of 22 or above on the ACT Mathematics Section or MATH 030 with grade of ‘C’ or better.

MATH 0131 (F,S,Su) 3 hrs. cr.
Finite Mathematics
Finite mathematics with algebra that is designed for business, social science and computer science students. Set theory, functions, matrices, linear programming, probability and statistics, with applications. Prerequisites: Two units of high school algebra and a score of 22 or above on the ACT Mathematics Section or MATH 030 with a grade of ‘C’ or better.

MATH 0135 (F,S,Su) 3 hrs. cr.
Trigonometry
Trigonometric functions, inverses and their graphs; trigonometric identities and equations; solution of the general triangle; complex numbers. Prerequisites: Two units of high school algebra, one unit high school geometry and a score of 22 or above on the ACT Mathematics Section or MATH 030 with a grade of ‘C’ or better.

MATH 0140 (F,S) 5 hrs. cr.
Algebra and Trigonometry
Equivalent of MATH 130 and MATH 135. Prerequisites: Two units of high school algebra, one unit of high school geometry and a score of 22 or above on the ACT Mathematics Section or MATH 030 with a grade of ‘C’ or better. Only two hours credit for students with MATH 135 or MATH 130 credit. No credit for students with credit for MATH 130 and MATH 135.

MATH 0150 (F,S) 5 hrs. cr.
Calculus with Analytic Geometry I
Limits. Differentiation of algebraic and transcendental functions and integration of algebraic functions. Plane analytic geometry. Applications to physical problems. Prerequisites: MATH 140 with a grade of ‘C’ or better or four units of high school mathematics and a satisfactory score on the Mathematics Placement Test.

MATH 0250 (F,S) 5 hrs. cr.
Calculus with Analytic Geometry II
Differentiation and integration of transcendental functions, parametric equations, conic sections and polar coordinates.

MATH 0260 (F,S) 3 hrs. cr.
Calculus with Analytic Geometry III
Solid analytic geometry, partial differentiation and multiple integrals. Applications to physical problems. Prerequisite: MATH 250 with a grade of ‘C’ or better.

MATH 0300 (S) 3 hrs. cr.
Fundamentals of Mathematical Thought
Introduction to modern algebra, analysis and proofs; sets, logic, predicate calculus, relations, functions, logical development of number systems, cardinality and divisibility. Prerequisite or corequisite: MATH 260 with a grade of ‘C’ or better.

MATH 0302 (Demand) 3 hrs. cr.
Applied Calculus
Calculus applications of differentiation and integration in business, social sciences, life sciences and technical careers. Prerequisites: MATH 130 or MATH 131 with a grade of ‘C’ or better or two years high school algebra and qualifying score on the Mathematics Placement Test. Will not count toward a major or minor in mathematics.

MATH 0310 (Demand) 3 hrs. cr.
Elementary Statistics
Provides a basic statistical background for the various majors for advanced study in their specialties. Topics include data summary, measures of central tendency and variation, linear regression and hypothesis testing. Applications from criminal justice, education, health, biology and social science are included. This course satisfies the general education requirements in mathematics. This course does not count toward a major in mathematics. Prerequisite: MATH 120 (or higher) with a grade of ‘C’ or better.

MATH 0312 (F,S,Su) 3 hrs. cr.
Problems of Teaching Arithmetic in the Elementary Schools
(See EDUC 312 for description.) Will not count toward a major in mathematics.

MATH 0315 (Su) 3 hrs. cr.
Algebraic Structures for Teachers
An introduction to modern algebra: Sets, relations and functions, groups, rings, integral domains and fields. The course will emphasize activities that incorporate these topics in the middle school/junior high mathematics curriculum. Will not count toward a major in mathematics. Prerequisite: MATH 150 with a grade of ‘C’ or better.

MATH 0322 (S) 3 hrs. cr.
Differential Equations
Ordinary differential equations of first and second order, linear equations with constant coefficients, Laplace transforms, power series solutions, numerical solutions, with applications. Prerequisite: MATH 260 with a grade of ‘C’ or better.

<td>Distributions of discrete and continuous random variables, sampling distributions and estimation of parameters. Investigation of the techniques of hypothesis testing, correlation and regression. Prerequisite: MATH 361 with a grade of ‘C’ or better.</td>
</tr>
<tr>
<td>MATH 0485</td>
<td>3 hrs.</td>
<td>Topics in Mathematics</td>
</tr>
<tr>
<td>MATH 0485</td>
<td>3 hrs.</td>
<td>Advanced topics in mathematics. Each year a topic will be chosen from Complex Variables, Number Theory, Partial Differential Equations, Discrete Mathematics, Topology and Numerical Analysis, with the possibility of additional topics subject to demand. Prerequisites: MATH 260 with a grade of ‘C’ or better, with additional prerequisites depending on the topic.</td>
</tr>
</tbody>
</table>
MATH 0498 (Demand) 1-3 hrs. cr.
Advanced Topics in Mathematics
Designed to give advanced instruction in some area of mathematics not covered in other courses. For upper division majors. Prerequisites to be determined by the department.

MATH 0499 (Demand) 1-3 hrs. cr.
Independent Study
Course structured by the adviser with approval of the department head and school dean. Prerequisite: Advanced standing in the major field with a GPA of 3.0. Students must make application several weeks in advance. Registration must be approved by the adviser, department head and school dean. See department head for details.

MESSAGE BUILDING 214 • 417.625.9318

Faculty Macomber - Head, Carnine, Cifelli, Haynes, Liu, Raymond, Smith, Snodgrass, Wise

Mission
The Music Department of Missouri Southern State University seeks to serve the University and its many constituents, in the following ways: by providing access to a general foundation in music education, by providing professional preparation to individuals interested in selected fields of study within the discipline of music, by providing an environment of cultural enrichment and by providing departmental support to the institutional commitment of the International Mission.

The Music Department acknowledges these activities as parts of its Mission:
- music performance
- teacher preparation
- community involvement
- the consistent delivery of a quality-driven curriculum
- support of the institutional International Mission through travel, studies conducted abroad, international performance and studies directed in support of the International Semester
- promote varied musical opportunities grounded in the Liberal Arts

The Department of Music offers a Bachelor of Arts degree and a Bachelor of Science in Education degree with a major in Music. Each degree prepares graduates for performance, studio teaching and/or continued study toward an advanced degree. In addition, the Bachelor of Science in Education degree prepares graduates for teaching in public education.

General education requirements for one course in Area F, Humanities and Fine Arts, are fulfilled by MUS 110 Music Appreciation and/or MUS 106 World Music.

All music majors (with exception of piano majors) are required to pass a piano proficiency examination prior to graduation.

Course Descriptions

MUS 0101  (S)  3 hrs. cr.
Jazz Styles & Appreciation
This survey course is geared to the non-musician and explores the stylistic periods of jazz as well as its most influential performers, starting with its roots in the music of West Africa through the years of Dixieland, Swing, Bebop, Cool and Progressive Jazz. Music literature, style and performance are examined, along with the lives of significant composers/musicians and their impact on the cultural, philosophical and aesthetic issues of their day.

MUS 0102, 0202, 0302, 0402  (Demand)  1 hr. cr.
Opera or Musical Theatre Performance
Performance of a role along with active participation in the different areas of staging the musical or opera. Credit is applied after departmental evaluation and approval at the end of the semester. (Students may not receive credit from both the theatre department and music department for the same production.)

MUS 0106  (F,S)  3 hrs. cr.
World Music
An ethnomusicological survey of select indigenous musics and their cultures. The musical cultures selected for study are not those found in Eurocentric (Western art) musics. There are no prerequisites.

MUS 0110  (F,S,Su)  3 hrs. cr.
Music Appreciation
A survey of masterpieces of Western musical literature; intended for non-music major.

MUS 0111  (F)  4 hrs. cr.
Music Theory I
Basic fundamentals of music with initiation of harmonic analysis, partwriting and ear training. Basic course for music majors; others by consent of instructor.

MUS 0112  (S)  4 hrs. cr.
Music Theory II
Sequential course in written harmony, including inversion, seventh chords, non-harmonic tones and ear training. Prerequisite: MUS 111.

MUS 0113  (F,S)  1 hr. cr.
Class Piano
Reading skills, fundamental piano technique, basic musicianship and elementary repertoire. Material studied varies in accordance with educational purpose. For Music Majors only. Course may be taken four times for credit.

MUS 0121, 0321  (F)  0122, 0322  (S)  1 hr. cr.
Concert Chorale
Open to all university students. Preparation and performance of great choral works. Prerequisite: Permission of instructor. Each course number may be taken two times for credit.

MUS 0133  (Demand)  2 hrs. cr.
Operas
A survey of masterpieces of Western musical literature for various woodwind ensembles including classical, popular and 20th century music. Prerequisite: Permission of instructor. Each course number may be taken two times for credit.

MUS 0141, 0341  (F,Su)  0142, 0342  (S)  1 hr. cr.
Jazz Orchestra
A jazz ensemble open to all students who are qualified instrumentalists. The Jazz Orchestra will prepare and present several concerts during the year, while dealing primarily with music of the jazz idiom. Prerequisite: Permission of instructor. Each course number may be taken two times for credit. Corequisite: MUS 191, 391, 192 or 392.

MUS 0151, 0351  (F)  0152, 0352  (S)  1 hr. cr.
Orchestra
Open to all qualified students who play orchestral instruments. Rehearsal and public performance of standard orchestral literature. Prerequisites: Permission of director of orchestra. Each course number may be taken two times for credit.

MUS 0161, 0361  (F)  0162, 0362  (S)  1 hr. cr.
Small Select Ensemble
Open to all students with band instrument experience. Performance of literature for brass ensemble. Each class may be taken two times for credit.

MUS 0171, 0371, 0172, 0372  (Demand)  1 hr. cr.
Brass Choir
Open to all students with band instrument experience. Performance of literature for brass ensemble. Each class may be taken two times for credit.

MUS 0182  (S)  2 hrs. cr.
Conducting Techniques
Baton technique, factors in interpretation, score reading and rehearsal procedures for instrumental and vocal organizations. Included is experience conducting live rehearsals. Prerequisite: MUS 211.

MUS 0183, 0383  (F)  0184, 0384  (S)  1 hr. cr.
Percussion Ensemble
Select chamber ensemble open to percussion majors and other qualified percussionists. Includes the study and performance of a cross-section of literature for percussion ensemble to include classical, popular and ethnic styles. Prerequisite: Permission of instructor. Each course number may be taken two times for credit.

MUS 0185, 0385  (F)  0186, 0386  (S)  1 hr. cr.
Woodwind Chamber Ensemble
Select chamber ensemble open to woodwind majors and other qualified woodwind performers. Includes the study and performance of literature for various woodwind ensembles including classical, romantic and 20th century music. Prerequisite: Permission of instructor. Each course number may be taken two times for credit.
MUS 0187, 0387 (F) 0188, 0388 (S) 1 hr. cr.
Wind Ensemble
This select ensemble is open to instrumental music majors and non-majors of qualified musical ability. The ensemble will study and perform challenging wind ensemble and symphonic band literature from the baroque, classical, romantic and 20th century contemporary music. The ensemble will prepare and present several concerts during the year. Prerequisite: Permission of instructor. Each course number may be taken two times for credit.

MUS 0191, 0391 (F) 1 hr. cr.
Marching Band
Open to all qualified students with high school band experience. A study and practice of the fundamentals of drill and presentation of musical marching maneuvers. Prerequisite: Permission of instructor. Each course number may be taken two times for credit.

MUS 0192, 0392 (S) 1 hr. cr.
Concert Band
Open to all qualified students with band instrument experience. Rehearsal and public performances of composite repertoire. Prerequisite: Permission of instructor. Each course number may be taken two times for credit.

MUS 0211 (F) 3 hrs. cr.
Music Theory III
Secondary dominant functions, augmented sixth chords, advanced chromatic and enharmonic modulation, introduction to contemporary styles and short original compositions. Prerequisite: MUS 112.

MUS 0212 (S) 3 hrs. cr.
Music Theory IV
A study of selected contemporary styles: pan-triadic, bitonal and poly-chordal, quartal harmony, pandiatonicism, serial techniques and short original compositions. Prerequisite: MUS 211.

MUS 0215 (S-Even) 2 hrs. cr.
Vocal Pedagogy
An introduction to the science and teaching of singing. Emphasis is placed upon the study of the physiology and anatomy, breathing and phonation and acoustics of the vocal instrument as well as the pedagogical approaches to training the singing voice.

MUS 0219 (S-Odd) 2 hrs. cr.
Vocal Diction and Literature
Applied voice students receive instruction in the correct pronunciation of English, Italian, French, German and Ecclesiastical Latin as used in the study of vocal literature.

MUS 0231 (S-Even) 1 hr. cr.
String Techniques
Class instruction in the string instruments, including a study of methods and materials to be used in the teaching of beginning students.

MUS 0232 (F-Odd) 1 hr. cr.
Brass Techniques
Class instruction in the brass instruments, including a study of methods and materials to be used in the teaching of beginning students.

MUS 0233 (S-Odd) 1 hr. cr.
Percussion Techniques
Class instruction in the percussion instruments, including a study of methods and materials to be used in the teaching of beginning students. Not open to percussion majors.

MUS 0234 (F-Even) 1 hr. cr.
Woodwind Techniques
Class instruction in the woodwind instruments, including a study of methods and materials to be used in the teaching of beginning students.

MUS 0240 (F,S) 0 hrs. cr.
Recital Attendance
Attendance at designated afternoon and evening recitals and concerts is required of all music majors each semester. BSE majors may take the course seven times for credit; BA majors may take the course eight times for credit.

MUS 0243 (F-Odd) 3 hrs. cr.
Musical Theatre
History, production and performance of musical theatre. Academic concentration on scenes from musicals with emphasis on acting, music and dance techniques needed for musical productions and focus upon representative musicals from the past fifty years and more specifically on the particular musical selected for production in the spring semester of that school year. Course also offered under TH 243.

MUS 0298 (Demand) 1-3 hrs. cr.
Topics in Music
Study of special topics in music not included in another course. Prerequisite: Permission of instructor.

MUS 0309 (F-Even) 2 hrs. cr.
Choral Techniques
Designed to formulate principles for directing secondary and adult choral ensembles. Covers motivational techniques, including body language, verbal skills, understanding of the vocal mechanism and the function of rhythm in the musical phrase. Explores various organizational methods, rehearsal procedures and teaching materials. Also includes conducting techniques conducive to encouraging proper vocal technique. Prerequisite: MUS 182.

MUS 0311 (F-Odd) 3 hrs. cr.
History of Music I
(Writing Intensive)
General survey of history of music from Greek period to 18th century. Prerequisite: MUS 112.

MUS 0312 (F-S) 3 hrs. cr.
History of Music II
(Continued)
From 18th century to the present. Score reading required. Prerequisite: MUS 112.

MUS 0332 (F,S) 2 hrs. cr.
Music for the Elementary School
Methods of teaching music in the elementary classroom and a study of materials to be used. (Not designated for Music Majors.)
MUS 0333  (S-Even)  2 hrs. cr.
Music for the Elementary Grades
Methods of teaching music in the elementary classroom and a study of materials to be used. Restricted to music majors and advanced music students. Prerequisite: MUS 112.

MUS 0409  (S-Even)  2 hrs. cr.
Choral Literature
Study of choral and vocal chamber literature from the early Renaissance through the twentieth century. Concentrate on performance styles of various types of choral literature. Prerequisite: MUS 211.

MUS 0411  (F-Odd)  2 hrs. cr.
Marching Band Methods
Procedures needed in organization, promotion, equipping, rehearsing and performance of a marching band including study of musical repertoire and charting of field maneuvers. For music majors; others by consent of instructor. Prerequisite: 2 semesters marching band. Corequisite: MUS 391.

MUS 0413  (F-Even)  2 hrs. cr.
Instrumental Music Methods
Acquaints instrumental music education majors with the administration and supervision of the instrumental program through the high school level. Content includes curriculum, schedules, budget, instructional techniques, classroom management, public relations, philosophy and psychology as they relate to instrumental music education. Prerequisite: MUS 182.

MUS 0420  (F-Odd)  3 hrs. cr.
Form and Analysis
Harmonic and formal analysis of composition from the Baroque Era through contemporary music. Prerequisite: MUS 212.

MUS 0433  (S-Even)  4 hrs. cr.
Instrumental & Vocal Arranging
An in-depth study of wind, string and percussion instruments. Scoring for various instrumental and vocal combinations. Prerequisite: MUS 211.

MUS 0443  (S-Odd)  2 hrs. cr.
Advanced Choral Conducting
Conducting techniques specifically related to choral music. Prerequisite: MUS 182 hrs. cr.

MUS 0444  (F-Even)  2 hrs. cr.
Advanced Instrumental Conducting Techniques
Conducting skills, including irregular beat patterns, advance technical problems and methods developed for solving them. Prerequisite: MUS 182.

MUS 0450  (F,S)  0 hrs. cr.
Senior Recital
A solo recital is required of all music majors. The recital is to be given within the last year of residency. Corequisite: MUS 417, 427, 437, 447, 467, 418, 428, 438, 448, 458 or 468.

MUS 0498  (Demand)  1-3 hrs. cr.
Advanced Topics in Music
For upper division music majors or related majors. Topics and methods not included in other courses. Permission of instructor is required.

MUS 0499  (F,S)  1-3 hrs. cr.
Independent Study
Designed for the individual who desires to explore a topic more completely than can be done in a regular course offering. Prerequisite: See General Regulations in the catalog.

Applied Music Elective (Private Lessons)
Private study in: Brass, Piano, Percussion, String, Woodwind and Voice. All applied music offerings may be taken two times for credit.

MUS 0115, 0315 (S)  Applied Music Brass Elective  1 hr. cr.
MUS 0125, 0325 (S)  Applied Music Piano Elective  1 hr. cr.
MUS 0135, 0335 (S)  Applied Music Percussion Elective  1 hr. cr.
MUS 0145, 0345 (S)  Applied Music String Elective  1 hr. cr.
MUS 0155, 0355 (S)  Applied Music Woodwind Elective  1 hr. cr.
MUS 0165, 0365 (S)  Applied Music Voice Elective  1 hr. cr.
MUS 0116, 0316 (F)  Applied Music Brass Elective  1 hr. cr.
MUS 0126, 0326 (F)  Applied Music Piano Elective  1 hr. cr.
MUS 0136, 0336 (F)  Applied Music Percussion Elective  1 hr. cr.
MUS 0146, 0346 (F)  Applied Music String Elective  1 hr. cr.
MUS 0156, 0356 (F)  Applied Music Woodwind Elective  1 hr. cr.
MUS 0166, 0366 (F)  Applied Music Voice Elective  1 hr. cr.
MUS 0117, 0317 (S)  Applied Music Brass Elective  2 hrs. cr.
MUS 0127, 0327 (S)  Applied Music Piano Elective  2 hrs. cr.
MUS 0137, 0337 (S)  Applied Music Percussion Elective  2 hrs. cr.
MUS 0147, 0347 (S)  Applied Music String Elective  2 hrs. cr.
MUS 0157, 0357 (S)  Applied Music Woodwind Elective  2 hrs. cr.
MUS 0167, 0367 (S)  Applied Music Voice Elective  2 hrs. cr.
MUS 0118, 0318 (F)  Applied Music Brass Elective  2 hrs. cr.
MUS 0128, 0328 (F)  Applied Music Piano Elective  2 hrs. cr.
MUS 0138, 0338 (F)  Applied Music Percussion Elective  2 hrs. cr.
MUS 0148, 0348 (F)  Applied Music String Elective  2 hrs. cr.
MUS 0158, 0358 (F)  Applied Music Woodwind Elective  2 hrs. cr.
MUS 0168, 0368 (F)  Applied Music Voice Elective  2 hrs. cr.

Elective in Jazz Improvisation (F,S)
A performance-oriented lab in jazz combo and small ensemble settings which includes study of chord types, scales, chord progressions, standard literature and transcription. Each course number may be taken eight times for credit.

MUS 0114  1 hr. cr.
MUS 0214  2 hrs. cr.
No major is now offered in paralegal studies, but a student enrolled in the paralegal program may obtain a certificate or use it as a minor for a Bachelor of Arts or Bachelor of Science degree. Students wishing to take only classes in paralegal studies may receive a certificate for successfully completing 24 hours of coursework. This certificate qualifies students for employment. The required courses and suggested electives are listed under the requirements for the minor. Students must have an adviser in paralegal studies.

### Faculty
Archer - Head, Chelf, Knapp, Marsh, Sloan

### Mission
The Physical Science Department is a learning community dedicated to:
- delivering undergraduate instruction for physics and physics education majors
- offering physics courses suitable for students majoring in other fields
- offering general education requirement science courses in support of the university’s liberal arts curriculum
- supporting a two year transfer program for students majoring in engineering
- providing a positive environment for students, staff and faculty

Physics graduates obtain a strong diversified background in science and mathematics which will qualify them to enter various areas of employment in industry, government or secondary education or for entrance into graduate programs in physics, engineering and many other disciplines. Students who plan to do graduate work in engineering should, with the help of a faculty adviser, select their free electives in the area they plan to enter.

The physics area of the Physical Science Department participates in cooperative two-year pre-engineering programs which allow students to complete the first two years of an engineering degree at Missouri Southern and then transfer to an engineering school to complete the remaining two years of the degree. (See page 237).

**Course Descriptions**

### PHYS 0100 (F,S,Su) Fundamentals Physical Science

Basic concepts in the fields of physics, chemistry, geology and astronomy will be presented as time permits. Central to the course will be a working ability in applying some of the basic laws of nature to specific problems. Lecture and demonstration periods. Prerequisite: MATH 030 with a grade of ‘C’ or better.

### PHYS 0101 (F,S,Su) Physical Science for Elementary Teachers

Basic concepts in the field of physical science. Central to the course will be a working ability in applying some of the basic laws of nature to specific problems. Four lecture and demonstration periods and one three-hour lab per week. Prerequisite: MATH 119.

### PHYS 0102 (F,S,Su) Physical Science Laboratory

Experiments related to topics studied in Physics 101 will be conducted. One three-hour laboratory per week. Prerequisite or corequisite: Physics 101. (Physics 100 may be allowed with permission of instructor.)

### PHYS 0150 (Demand) Environmental Physics

Emphasis on physics-based problems and laws related to the environment and to human health. Topics include forces in nature, energy, laws of thermodynamics, heat transfer and radiation, properties of fluids and fluid flow, mechanical properties of solids, sound, electromagnetic waves and spectra, basic electricity, radioactivity and nuclear physics. Designed for students in environmental health and students in biology needing only one course in physics. Students may not receive credit for both PHYS 150 and 151 or PHYS 150 and 152. Four hours lecture, one three-hour laboratory per week. Prerequisite: MATH 140.

### PHYS 0151 (F,S,Su) Elementary College Physics I

Mechanics, rotational dynamics, properties of matter, heat, wave motion and sound. Four hours lecture, one three-hour laboratory per week. Prerequisite: MATH 140.

### PHYS 0152 (S) Elementary College Physics II

Electricity, circuits, magnetism, optics, relativity, radioactivity and nuclear reactions. Three hours lecture, one three-hour laboratory per week. Prerequisite: PHYS 151.

### PHYS 0250 (F,S) General Physics I

Introductory study of physics covering vectors, geometric and trigonometric applications in physics, , kinematics and dynamics of particles in one and two dimensions and Newton’s laws of motion. Course meets for the first five weeks of the semester. Four hours lecture and one three-hour laboratory per week. Prerequisite or corequisite: MATH 150.
PHYS 0251 (F,S)  
General Physics IB  
Introductory study of physics covering problem solving, spreadsheets, word processors, vector techniques, kinematics and dynamics of particles in one and two dimensions and Newton's laws of motion. Since the course is an enhanced version of PHYS 250, credit will not be given for both PHYS 250 and PHYS 151. PHYS 251 cannot be combined with PHYS 250 to satisfy five hours of physics credit. Class begins the sixth week of the semester following PHYS 250. Four hours of lecture and one three-hour lab per week. Prerequisite or corequisite: MATH 150.

PHYS 0260 (F,S)  
General Physics II  
Introductory study of energy, momentum, kinematics and dynamics of rigid bodies, equilibrium, fluids, heat and thermodynamics. The course is sequential to PHYS 250 and begins the sixth week of the semester. Four hours lecture, one three-hour laboratory/recitation session per week. Prerequisite: PHYS 250 or 251 with a grade of 'C' or better. Prerequisite or corequisite: MATH 150.

PHYS 0290 (F,S)  
General Physics III  
Introductory study of wave motion, electricity, magnetism and geometrical and physical optics. Four hours lecture per week. Prerequisite: PHYS 260 and MATH 250 or permission of instructor.

PHYS 0291 (F,S)  
General Physics III Lab  
Laboratory in wave motion, electricity, magnetism and geometrical and physical optics. One three-hour laboratory per week. Prerequisite or corequisite: PHYS 290.

PHYS 0297 (Demand)  
Introduction to Research in Physics  
Introduction to research techniques, laboratory work and literature search under the supervision of an instructor on a Physics research project. Involves laboratory experimentation as well as a written report on a project from any area of Physics. Open to students with: 1) freshman or sophomore standing, 2) the ability to undertake independent work and 3) permission of the instructor. Registration must be approved by the adviser and the department head.

PHYS 0298 (Demand)  
Topics in Physical Science  
Special topics in physical science not normally offered in other courses. Prerequisite to be determined by department.

PHYS 0300 (Demand)  
Astronomy  
Study of our solar system and universe including the following topics: the solar system, Kepler's laws, celestial coordinates and observing. Hertzprung-Russell diagrams, stellar evolution, pulsars, black holes, nebulae, galaxies and cosmology. Three lectures per week. (Does not count toward a physics major.) Prerequisite: PHYS 100 or equivalent and one year high school algebra or permission of instructor.

PHYS 0301 (F)  
Modern Physics  
Special theory of relativity, wave-particle experiments, introductory quantum mechanics and nuclear physics. Prerequisite: PHYS 290; corequisite: MATH 260 or permission of instructor.

PHYS 0312 (Su,Demand)  
Statics  
Principles of mechanics as applied to problems of engineering in which the structures under consideration are in static equilibrium. Three lectures per week. Prerequisite: PHYS 260 and MATH 250 or permission of instructor.

PHYS 0322 (S-Even)  
Classical Mechanics  
Kinematics and dynamics of particles and systems of particles including the harmonic oscillator, potential functions, conservative fields of force, accelerated reference frames, energy, gravitation and rigid bodies. Three hours lecture per week. Prerequisite: PHYS 260; corequisite: MATH 322 or permission of instructor.

PHYS 0341 (S-Odd)  
Modern Physics  
Special theory of relativity, wave-particle experiments, introductory quantum mechanics and nuclear physics. Prerequisite: PHYS 290; corequisite: MATH 260 or permission of instructor.

PHYS 0372 (S-Even)  
Electronic Circuits  
Ohm's law, Kirchhoff's laws, Nodal analysis, mesh analysis, Thevenin's and Norton's theorems, superposition, inductors and capacitors, source-free RL and RC circuits, RLC circuits. Complex variables and their application to steady-state AC circuits. Three lectures and one three-hour laboratory per week. Prerequisite: PHYS 290; corequisite: MATH 322 or permission of instructor.

PHYS 0381 (Demand)  
Intermediate Physics Laboratory  
Experiments in classical and modern physics, including wave phenomena, heat transfer, electrical measurements, optics, photoelectric effect and radioactivity. Two three-hour labs per week. Prerequisite: PHYS 301 or permission of instructor.

PHYS 0401 (F-Odd)  
Electricity and Magnetism  
Electrostatic forces, electric fields, electric potential, properties of conductors and dielectrics, magnetic fields, magnetic properties of matter, induced electromotive force, Maxwell's equations and electromagnetic waves. Four lectures per week. Prerequisites: MATH 260 and PHYS 290.

PHYS 0430 (Demand)  
Internship in Physics  
In conference with departmental representatives at least six weeks in advance, the student shall elect to work and observe in any area of applied physics in which on-the-job experience
would be beneficial to the student’s training. Prerequisites: Junior standing in physics with a minimum of 17 hours of physics or by permission.

**PHYS 0440 (Demand)** 3 hrs. cr.

**Test and Evaluation of Electrochemical Device**
Testing and evaluation of electrochemical cells and batteries. Included with an introduction to battery technology is material emphasizing test safety and operational hazards. Prerequisite: CHEM 152.

**PHYS 0452 (Demand)** 3 hrs. cr.

**Quantum Mechanics**
Time independent Schroedinger equation, eigenfunctions, expectation values, differential operators, perturbation theory, multielectron atoms and applications to solid state physics. Three hours lecture per week. Prerequisite: PHYS 301 and MATH 322.

**PHYS 0480 (Demand)** 3 hrs. cr.

**Selected Topics in Physics and Engineering**
Selected topics for further study, e.g., solid state physics, optics, nuclear physics, advanced mechanics, quantum mechanics, circuit analysis, thermodynamics, fluid mechanics heat transfer and mechanics of materials or other topics. Open to students having a minimum of 18 hours of physics and permission of instructor. Prerequisites to be determined by department.

**PHYS 0490 (Demand)** 1-3 hrs. cr.

**Seminar**
Students will select two subjects from areas of physics and engineering in which they have an interest. The student will research the area and communicate the results with the physics faculty and the class. One area will require a written paper with a short (15 minute) presentation and the other will require a written paper and a one-hour presentation. Both presentations will have question and answer sessions. Secondary education majors will be required to present several lecture-demonstration programs illustrating the basic concepts of physics at the secondary level. Open to students having a minimum of 18 hours of physics and permission of the instructor.

**PHYS 0497 (Demand)** 1-3 hrs. cr.

**Research in Physics**
Independent research technique, laboratory work and literature search under the supervision of an instructor on a physics research project. Involves laboratory experimentation or theoretical calculation, written report and an oral presentation from any area of physics. Open to students having: 1) minimum of 15 hours of physics, 2) junior or senior standing, 3) the ability to undertake independent work and 4) permission of the instructor. Registration must be approved by the adviser and the department head.

**PHYS 0498 (Demand)** 1-3 hrs. cr.

**Advanced Topics in Physics**
Designed to give advanced instruction in some area not covered in other courses. For upper division majors. Prerequisites to be determined by the department.

**PHYS 0499 (Demand)** 1-3 hrs. cr.

**Independent Study**
Course structured by the adviser with approval of the department head. Prerequisite: Advanced standing with a GPA of 3.0 in the major field. Registration must be approved by the adviser, department head and school dean.

---

**Political Science**

*Webster Hall 245 • 417.625.9654*

**Faculty**
Locher - Head, Derfelt, Jerome, Wyman

**Mission**
The primary mission of the Social Science Department is to prepare our students for dynamic leadership and responsible citizenship in their communities, their nation and the world. The Department also contributes to the broader mission of the University by providing students the opportunities to cultivate critical thinking, communication and technological skills that will develop an awareness of and engagement with the complex social issues of the 21st century. The faculty seeks to offer substantive instruction and intellectual nurture in the Social Sciences and to assist the advancement of higher-order thinking students can apply to their own lives as individuals, professionals and citizens. The department’s mission includes an emphasis on opportunities to engage the broader international world, consistent with the University’s international mission. Finally, the Social Science Department seeks to build bridges and avenues of communication between the University and the community, through academic internships, public events and partnerships with local institutions and the sponsorship of academic programs and events for local students and their teachers.

The Bachelor degree with a major in Political Science is appropriate for those students seeking to do graduate work in political science, enter law school or other professional schools of public administration, join the public service or work in community service, as well as general career options. A Bachelor of Science in Education degree with a major in Social Studies - Political Science emphasis certifies a student to teach on the secondary school level. A minor in Political Science is available for students majoring in other disciplines. In addition, see page 142 for a Social Science minor.

General Education requirements and Missouri statute requirements are met by PSC 120.

PSC 120 is a prerequisite for all other political science courses.

**Bachelor of Arts with a Major in Political Science**

**Accounting majors may substitute ACCT 421.**

Additional requirements:
For students in majors without a statistics/research requirement, the following course must be completed. Hours earned in this course are not applicable to the minor in public administration: PSC 305 Social Science Statistics.

For additional information contact:
Dr. Ann Wyman
Office: 236 Webster Hall
Phone: 417.625.9697
Email: wyman-a@mssu.edu

PSC 0120 (F,S) 3 hrs. cr.
Government: US State & Local
Designed to give students an understanding of their governments, enabling them to keep up with political developments with the goal of becoming informed citizens needed to sustain democracy. Successful completion of this course fulfills the requirements for the state-mandated Missouri Constitution Test.

PSC 0201 (Demand) 3 hrs. cr.
Introduction to Political Science
Introduction to the discipline of political science. The course is a preview of the major subunits of the discipline: American politics including public administration and legal studies; international relations; political theory; and comparative politics. Recommended for all Political Science majors.

PSC 0298 (Demand) 3 hrs. cr.
Topics in Political Science
Special political science topics of current interest to the student or faculty member who offers the class. Subjects and instructors change each semester. Students are encouraged to suggest possible course topics to the political science faculty. Prerequisite: PSC 120.

PSC 0301 (Demand) 3 hrs. cr.
Political Parties and Elections (Writing Intensive)
Analysis of the origins, structure and functions of political parties; the dynamics of the two-party system; the role of third parties and the election process.

PSC 0302 (Demand) 3 hrs. cr.
Public Opinion and Pressure Groups (Writing Intensive)
Origins, impact and measurement of public opinion. Scope, nature and powers of interest groups in American society with special attention to their role in formulating public opinion and public policy.
PSC 0304 (F-Odd) 3 hrs. cr. Legal Research
Research involved in case preparation; use of the law library and the various digests, encyclopedias, reports, etc., contained therein. Course is cross-listed as PLS 304.

PSC 0305 (F) 3 hrs. cr. Social Science Statistics
Provides basic tools necessary to gather, describe, analyze and present quantitative social science data. Focus will be on conducting basic univariate and bivariate analyses. Prerequisite: MATH 125.

PSC 0306 (Demand) 3 hrs. cr. Introduction to Political Science Research Methods
An introduction to the ways in which political scientists conduct research. An emphasis will be placed on quantitative analysis and the decisions faced by political scientists when designing and applying social research. Prerequisites: PSC 305.

PSC 0310 (Demand) 3 hrs. cr. Law, Society and the Judicial Process
(Writing Intensive)
American legal system viewed from a social and political as well as legal perspective. Focus on the structure and organization of courts, the processing of civil and criminal cases and the behavior of judges, lawyers and other participants in the judicial process.

PSC 0311 (Demand) 3 hrs. cr. American Presidency
Politics of presidential selection, the powers of the President, the organization of the executive branch and its relations with other organs of government.

PSC 0312 (Demand) 3 hrs. cr. Legislative Process
Problems of representation organization of the legislature, participation and proposals for improved organization. Emphasis on the Missouri General Assembly.

PSC 0313 (S-Odd) 3 hrs. cr. Property
Laws relating to real and personal property with emphasis on the procedures and forms used in real estate transactions and conveyances such as deeds and contracts. Course is cross-listed as PLS 313.

PSC 0314 (S-Even) 3 hrs. cr. Civil Litigation
Process of civil litigation from filing to appeal including rules for instituting and conducting lawsuits before federal and state courts, rules of procedure and the preparation of pertinent legal forms. Course is cross-listed as PLS 314.

PSC 0320 (Demand) 3 hrs. cr. State Government
General structure, theories, operation and problems of state government with special emphasis on the government of Missouri.

PSC 0321 (Demand) 3 hrs. cr. International Relations
Present-day relations and problems among the states of the world and the major factors which underline and influence these relations.

PSC 0322 (Demand) 3 hrs. cr. International Law
Rules and principles accepted by the members of the community of nations as defining their rights and duties and the procedures employed in protecting their rights and performing their duties.

PSC 0324 (S-Even) 3 hrs. cr. Family Law
Laws regulating marriage, adoption, divorce, division of property, child custody and support, adult abuse and termination of parental rights and the preparation of pertinent legal forms. Course is cross-listed as PLS 324.

PSC 0330 (Demand) 3 hrs. cr. Comparative Politics: Developed Countries
Comparative analysis of government and politics in both the major developed democracies and in developing states. The course examines themes of democratization, institutional design, parties and party systems, as well as the impact of social and economic change on the conduct and evolution of modern political systems. Prerequisite: PSC 120.

PSC 0332 (Demand) 3 hrs. cr. Comparative Politics: Developing Countries
This course is designed to develop a broadly based understanding of governments and cultures of developing countries and their relative positions in the global system. Themes to be examined in both theory and practice include colonialism, democratization, persistent economic underdevelopment, political processes and cultural factors. Prerequisite: PSC 120.

PSC 0333 (S-Odd) 3 hrs. cr. What in the World is Going On Now? Selected International Issues
In-depth study of a few current international issues and problems among the states of the world. Specific topics covered will be determined by the international agenda at the time the course is taught. Research, analysis and discussion will cover historical background, nature and motivations of parties involved and differing explanations of the issues selected. Prerequisite: PSC 120 and PSC 321 or consent of the instructor. Cross listed as INTS 333.

PSC 0341 (Demand) 3 hrs. cr. Municipal Government
Structure, legal status, functions and organization of city, town and village government in the United States.

PSC 0342 (Demand) 3 hrs. cr. Public Policy
An introductory survey of the formulation, execution and evaluation of public policy in the United States.
PSC 0398  (Demand)  1 hr. cr.
Political Discourse
A topics and event driven, open forum for examination of current issues at the national, state and local levels of government. The course is conducted as a discussion group with the instructor providing directed reading assignments and presentations on discursive practices, traditions and models within the discipline as appropriate. May be repeated one time for credit.

PSC 0402  (Demand)  3 hrs. cr.
Advocacy & Legal Reasoning
Introduction to the methods and applications used in understanding and advocating issues in law. The goal of the course is to allow students to learn how to read, write and speak as an effective advocate using the applications of basic legal reasoning. Class will meet for 3 hours each week for lecture and interactive classroom assignments/applications. Prerequisites: PSC 120 and 201.

PSC 0411  (Demand)  3 hrs. cr.
Great Political Thinkers  (Writing Intensive)
The course will introduce selected political philosophies from the ancient Greeks to modern times. Philosophies studied will represent the development of Western political philosophy over time, as well as its comparison with selected Islamic and Asian political ideas.

PSC 0412  (Demand)  3 hrs. cr.
Contemporary Political Thought
Twentieth century political ideas.

PSC 0421  (Demand)  3 hrs. cr.
Public Administration
Administrative aspects of government. Surveys the major subfields of public administration, including politics and administration organizational theory organizational behavior, management, decision making, personnel, public budgeting and finance, policy analysis and program evaluation and administrative law.

PSC 0422  (Demand)  3 hrs. cr.
Public and Not-for-Profit Budgeting
Thorough examination of budgeting practices employed on the Federal, state and local levels.

PSC 0431  (Demand)  3 hrs. cr.
Constitutional Law I
Political and legal aspects of Supreme Court decision making, the nature and scope of judicial review, the constitutional relationships between levels and branches of government and the First Amendment rights of freedom of expression.

PSC 0432  (Demand)  3 hrs. cr.
Constitutional Law II
Legal issues concerning the Bill of Rights and the First Amendment areas of free exercise and establishment of religion, the right to privacy, the 14th amendment due process and equal protection clauses.

PSC 0438  (Demand)  1 hr. cr.
Legislative Internship
Students will be assigned to a legislator or other qualified person involved in the Missouri Legislative Process to observe and participate in a legislative session. The students will be required to live and work in the capital from the beginning of the session until its conclusion and comply with the MSSU Legislative Intern Handbook. Prerequisites: PSC 120, 30 hours of credit, 2.5 GPA. Cross listed as UE 493.

PSC 0493  (Demand)  8 hrs. cr.
Legislative Internship
Students will be assigned to a legislator or other qualified person involved in the Missouri Legislative Process to observe and participate in a legislative session. The students will be required to live and work in the capital from the beginning of the session until its conclusion and comply with the MSSU Legislative Intern Handbook. Prerequisites: PSC 120, 30 hours of credit, 2.5 GPA. Cross listed as UE 493.

PSC 0494  (Demand)  3 hrs. cr.
Seminar in Political Science
Specialized knowledge and/or current research in the discipline. Topics will vary by situation and instructor. Students will prepare and critique papers based on original research. Prerequisite: 9 hours of upper division political science.

PSC 0495  (Demand)  3 hrs. cr.
Directed Research  (Writing Intensive)
Students design and conduct research projects resulting in a written report and an oral presentation. Prerequisites: PSC 305, PSC 306 and senior standing.

PSC 0496  (Demand)  3-8 hrs. cr.
Internship in Political Science
Observation of and participation in governmental work under the direct supervision of a faculty member and a professional who is employed in the governmental position being observed. No more than 3 hours may be counted toward a major or minor. Repeatable for up to 16 credit hours.

PSC 0498  (Demand)  3 hrs. cr.
Advanced Topics in Political Science
For upper division political science majors. Topics covered and methods used will place emphasis on student-instructor interest, desire to pursue in-depth research and ability to assimilate topics. It will include areas not already treated in other political science courses. Prerequisite: 15 hours of political science or consent of instructor.

PSC 0499  (Demand)  1-4 hrs. cr.
Independent Study
For students who wish to do an in-depth study of some specialized topic or who wish to pursue a topic not considered in the department's course offerings. The student will select an adviser from the political science faculty who will structure the independent study in consultation with the student and with the approval of the department head. Prerequisite: Junior or senior status and an overall cumulative GPA of 3.0 or better. Enrollment must be approved by department head and school dean. Repeatable or up to six credit hours.
This curriculum allows Missouri Southern students to complete admission requirements for professional schools that accept applicants who have completed approximately 60 hours. Students should incorporate professional school requirements into their schedule and work closely with an adviser at Missouri Southern. Also, students who are completing certification requirements for paramedic programs may transfer among Missouri public four-year colleges and universities.

Mission
Preparation of students for dynamic leadership and responsible citizenship is the mission of the Department of Social Sciences. The department provides students with the opportunity to cultivate critical thinking, communication and technological skills that will continue to be of value in the complex world of the 21st century. The faculty offers substantive instruction and intellectual challenge within the Social Sciences. The department emphasizes opportunities to engage in the international world in support of the University’s international mission. Finally, the Department of Social Sciences builds bridges to the local community through academic internships, public events, partnerships with local institutions and sponsorship of academic programs and events for local schools’ students and teachers.

A bachelor’s degree in Sociology prepares students for a variety of occupations and graduate programs. The student may select from a Bachelor of Arts (B.A.) in Sociology, a Bachelor of Science (B.S.) in Sociology or Bachelor of Secondary Education (BSE) with a major emphasis in Sociology. Sociology graduates pursue many different careers which include but are not limited to those in human and social services, human resources, business or teaching. Advanced graduate or professional school training would also be a choice for the student who successfully completes one of our bachelor degrees. A minor in sociology provides students majoring in other areas with specialized interpersonal, group and organizational knowledge and skills.

Students who major or minor in the social sciences are prepared for a variety of careers and graduate programs, including such areas as teaching, government service, law, historic preservation, business, health and human services and many other fields. Internships are particularly helpful in establishing career connections and building practical knowledge. Social sciences students may apply for internships in the state legislature, the George Washington Carver National Monument, the Dorothea B. Hoover Historical Museum and many other local and regional organizations and companies. We have even had students go to Washington, D.C. for their legislative internships.

Social Science

Mission
Preparation of students for dynamic leadership and responsible citizenship is the mission of the Department of Social Sciences. The department provides students with the opportunity to cultivate critical thinking, communication and technological skills that will continue to be of value in the complex world of the 21st century. The faculty offers substantive instruction and intellectual challenge within the Social Sciences. The department emphasizes opportunities to engage in the international world in support of the University’s international mission. Finally, the Department of Social Sciences builds bridges to the local community through academic internships, public events, partnerships with local institutions and sponsorship of academic programs and events for local schools’ students and teachers.

A bachelor’s degree in Sociology prepares students for a variety of occupations and graduate programs. The student may...
select from a Bachelor of Arts (BA) in Sociology, a Bachelor of Science (BS) in Sociology or Bachelor of Secondary Education (BSE) with a major emphasis in Sociology. Sociology graduates pursue many different careers which include but are not limited to those in human and social services, human resources, business or teaching. Advanced graduate or professional school training would also be a choice for the student who successfully completes one of our bachelor degrees. A minor in sociology provides students majoring in other areas with specialized interpersonal, group and organizational knowledge and skills.

See page 142 for a minor in social science.

Sociology 110 is a prerequisite to most Upper Division courses in sociology.

Certain sociology courses may be used to satisfy General Education Requirements requirements. SOC 110 and ANTH 101 are options for the requirement in the Social and Behavioral Sciences; ANTH 155, 342 or SOC 303 meet the requirement in Area I, International Cultural Studies.

**Student Organizations**

Alpha Kappa Delta is the national honor society in sociology. Alpha Kappa Delta recognizes academic excellence in the field and encourages its members to participate in the activities of its national organization. The members have the opportunity each year to attend a professional conference with minimal personal expense.

The Sociology Club is open to all students who are interested in sociology. The club provides a setting for students to interact with their peers and will provide a wide range of activities throughout the year.

**Bachelor of Arts with a Major in Sociology**

**Course Descriptions**

**Anthropology**

**ANTH 0101 (F) 3 hrs. cr.**
General Anthropology
An introduction to the field of anthropology, including its historical origins and the four sub-fields central to the discipline today: sociocultural, linguistic, archeological and physical/biological branches. Applied aspects of each of the four subfields will also be addressed. An emphasis is placed on the holistic nature of the discipline, centering around an evolutionary and comparative approach to our species. The role of culture as the primary human adaptation for survival is emphasized, as well as the origins of the biological traits necessary for the development of culture. This course documents the interrelationship of ecology and subsistence patterns with social structures and institutions across different historic periods and cultures.

**ANTH 0155 (F) 3 hrs. cr.**
Physical Anthropology and Archaeology
An introduction to physical (biological) anthropology that emphasizes the study of homo sapien sapien evolution and diversity, as well as archaeology which focused upon the myriad of artifacts created by this species. Languages, cultures, social organization and human ecology are incorporated to facilitate an understanding of the people of the earth. A recognition and appreciation of the flora and fauna are basic to this course.

**ANTH 0298 (Demand) 3 hrs. cr.**
Topics in Anthropology
Special Anthropology topics of current interest. Subjects and instructors may vary each semester. Students are encouraged to submit areas of interest to the Social Science Department.

**ANTH 0302 (Demand) 3 hrs. cr.**
North American Indian
Ethnographic survey of the indigenous tribes of North America (excluding Mexico), including earliest archeological sequences followed by a description of the culture areas and traditional lifeways encompassed therein at the time of European contact. Emphasis upon the processes of culture change and adaptation over the past two centuries. Contemporary issues such as language renewal, the Pan-Indian movement, religious freedom and tribal sovereignty are then placed within their cultural and historical contexts.

**ANTH 0342 (S) 3 hrs. cr.**
Comparative Cultures
A comparative study of human society and culture, focusing on theories of culture and cultural institutions as they relate to contemporary preindustrial peoples. An ethnographic examination of representative groups is provided for purposes of cross-cultural comparison. Prerequisite: SOC 110 or ANTH 155 or consent of instructor.

**ANTH 0385 (Demand) 3 hrs. cr.**
Language & Culture
Exploration of the relationship between language and culture from theoretical approaches within anthropology, including the Sapir-Whorf hypothesis and the attempts to support or refute it. The expressive potentialities of diverse languages and cultures illustrate human creativity and diversity.

**ANTH 0498 (Demand) 3 hrs. cr.**
Advanced Topics in Anthropology
Specialized knowledge and/or current research in the discipline. Topics will vary by situation and instructor. Students will prepare and critique papers based on original research.

**ANTH 0499 (Demand) 3 hrs. cr.**
Independent Study
Structured by the adviser with approval of the department chair and school dean. Repeatable up to six credit hours.

**Sociology**

**SOC 0110 (F,S) 3 hrs. cr.**
Introduction to Sociology
An introductory course focused on the systematic study of society. Emphasis on major concepts of sociology and the scientific point of view in understanding and explaining human behavior and social phenomena.

**SOC 0210 (Demand) 3 hrs. cr.**
Social Problems
A survey of contemporary social problems including racism, sexism, crime and deviance, drug use and mental disorders. The course encourages a critical examination of society and focuses on the structural sources of social problems such as class, race and gender. The role of the U.S. in global social problems is also explored. Prerequisite: SOC 110.

**SOC 0221 (F) 3 hrs. cr.**
Marriage and Family
Analysis and study of paired relationships, marriage as the genesis of family life, elements in the preparation for marriage and parenthood and the development of family relationships throughout the life cycle.
SOC 0231  (F)  3 hrs. cr.  
Introduction to Social Work  
Philosophical and historical development of social work as a professional career. Focuses on role of the social worker within the various practice settings. May entail field trips and guest speakers. Prerequisite: SOC 110.

SOC 0298  (Demand)  3 hrs. cr.  
Special Topics in Sociology  
Special sociology topics of current interest. Subjects and instructors may vary each semester. Students are encouraged to submit areas of interest to the social science department.

SOC 0301  (Demand)  3 hrs. cr.  
Sociology of Religion  
Examines religion as a major social institution. Compares behavioral content of religions. Major attention is given to the nature of religion organized religion and how religion is integrated into society. Some discussion of the behavioral expectations associated with the major religions of the world. Prerequisite: SOC 110.

SOC 0302  (Su)  3 hrs. cr.  
Cults in the U.S.  
This course focuses on the study of cults and New Religious Movements in the United States today. The class will examine the nature of cults and cultlike movements in the world and a theoretical perspective, looking at the various definitions and classifications of these groups in sociology. Prerequisites: SOC 110.

SOC 0303  (Demand)  3 hrs. cr.  
The Arab World  
A sociological look at the Arab world that identifies peoples, countries, geographical settings, cultural differences, cultural change, political and religious affiliations and the emergence of contemporary issues. Special emphasis will be placed upon the Israel-Palestine-Jordan problem area.

SOC 0305  (F)  3 hrs. cr.  
Social Science Statistics  
Provides basic tools necessary to gather, describe, analyze and present quantitative social science data. Focus will be on conducting basic univariate and bivariate analyses. Prerequisite: MATH 125.

SOC 0306  (Demand)  3 hrs. cr.  
Social Gerontology  
A review of aging studies with particular emphasis on needs, problems, areas of concern, aging theories, social services for the elderly and accumulated data from gerontological research. Such topics as life changes, retirement and alternative life styles among the elderly will be analyzed. Prerequisite: SOC 110.

SOC 0311  (F)  3 hrs. cr.  
Social Stratification  (Writing Intensive)  
Examination of differences in power, privilege and prestige. Analysis of the effects of social inequality on people's lives within the United States and an overview of the complex array of social structures that comprise international systems of inequality by race/ethnicity, gender and social class. Prerequisite: 6 hours of sociology.

SOC 0312  (Demand)  3 hrs. cr.  
Juvenile Delinquency  
Analysis of environment and social background for juvenile delinquency behaviors. Investigation of behavioral content and scope of official delinquency. Review of the influences of family, school, peer groups and gangs and the juvenile justice and corrections system. Prerequisite: SOC 110.

SOC 0319  (Demand)  3 hrs. cr.  
Social Interaction  
Theoretical examination of the individual as both a social product and a social force. Areas covered include the foundations of human interaction, process of socialization and differentiation of individuals. Focus on the formal and informal rules of interaction in our society. Prerequisite: SOC 110.

SOC 0322  (Demand)  3 hrs. cr.  
Sociology of Work and Leisure  
Analysis of work, occupations, career mobility and job satisfaction as important elements in society. Examination of leisure activities which alter with technological advances and the changing economic base. Prerequisite: SOC 110.

SOC 0341  (Demand)  3 hrs. cr.  
Gender Roles  
An introduction to the biological, cultural and structural foundations of gender. Explores theories that help to explain gender, a fundamental and pervasive determinant of social life. Includes the review of studies that illustrate differences in the evaluations of men's and women's activities and traditional gender roles. Sociological implications of sex and gender at both the personal (micro) and societal (macro) levels of analysis will be discussed. Prerequisite: SOC 110.

SOC 0351  (Demand)  3 hrs. cr.  
Criminology  
This course examines the social and legal concept of crime, the review of measurements of crime(s) and crime statistics and the theories related to the causes of criminal behaviors. Also includes discussion of profiles of different adult offenders and their behavioral characteristics relative to the major felonies committed in contemporary society. Prerequisite: SOC 110.

SOC 0354  (Demand)  3 hrs. cr.  
Medical Sociology  
A survey of the social causes and consequences of health and illness, the expanding role of health-related organizations, the training of health care personnel and the contemporary consumer's movement. A cross-cultural comparison of health care delivery systems and a review of various social problems associated with health care in the U.S. is provided. Prerequisite: SOC 110.

SOC 0361  (F)  3 hrs. cr.  
Social Demography  
A look at changes in human population through an analysis of birth rates, death rates and migrations. Social demographic analysis of census and independent research data. Various population theories are applied to national and world situations. Concepts of over-population, minority groups and aging are analyzed. Prerequisite: SOC 110.
SOC 0362  (S)  3 hrs. cr.
Deviant Behavior
A survey of the theoretical explanations of socially disapproved behavior from the sociological perspective and the application of these concepts to specific forms of deviance. Also includes analysis of the social nature of conforming behavior as a way of increasing understanding of deviant behavior. Prerequisite: 6 hours of sociology.

SOC 0369  (Demand)  3 hrs. cr.
Sociology Through Film
Focuses on a social image and social change as reflected through cinema. Discussion will emphasize film as an important agent of socialization and the impact of its messages on society. By the completion of the course students will be able to examine and discuss the one-way flow of information and how it reflects and impacts cultural ideology. Prerequisite: 12 hours of sociology or consent of instructor.

SOC 0370  (Demand)  3 hrs. cr.
The Sociology of Death & Dying
A review of the international religious, secular and scientific expressions regarding death. Historical and current issues pertaining to death are explored and a critical perspective is taken on all positions. The course incorporates both philosophical and pragmatic overviews of death and dying. Prerequisite: SOC 110.

SOC 0382  (Demand)  3 hrs. cr.
Ethnic Relations
A study of racial and cultural groups particularly focusing on the United States with some analysis of international ethnic relations. Analyzes several general theories and explanations for minority-dominant relations. Prerequisite: SOC 110.

SOC 0391  (Demand)  3 hrs. cr.
Penology and Corrections
Philosophy, history and operations of penitentiary systems with special attention given to changes in adult institutions. Exploration of the problems associated with prison populations and types of facilities along with sentences, therapeutic models and community treatment. Prerequisite: SOC 110.

SOC 0395  (Demand)  3 hrs. cr.
Collective Behavior
A survey examination of riots panics, mass hysterias/collective delusions, fads, social movements and other emergent forms of social behavior. Includes exploration of the theories that have been applied to such occurrences and the examination of several specific episodes of collective behavior. Prerequisite: SOC 110.

SOC 0396  (Demand)  3 hrs. cr.
Sociology of Education
An analysis of the functions and processes that characterize the social institution of education, including cultural transmission and social control, and the role of education in the process of social stratification. Includes examination of attempts to achieve equality of educational opportunity by race/ethnicity, gender and social class and the relationships between education and the other social institutions including the family, religion and the economy. Prerequisite: SOC 110.

SOC 0402  (Demand)  3 hrs. cr.
The Community - Rural and Urban  
(Writing Intensive)
Social processes of human groups who share common unities of territory and cultural bonds. Major attention on gemeinschaft-gesellschaft theories as they pertain to national, rural, urban, ethnic and subcultural communities and how these intertwine in contemporary societies. Prerequisite: SOC 110.

SOC 0406  (Demand)  3 hrs. cr.
Sociology of Child Abuse
An analysis of child abuse and neglect within the United States. The dynamics of the family environment as well as the victim-perpetrator relationship will be examined. Emphasis will be placed on societal reaction to both abuser and the abused in addition to the behavior itself. Potential treatment alternatives will be analyzed. Prerequisite: 9 hours of sociology.

SOC 0431  (F)  3 hrs. cr.
Sociological Research Methods  
(Writing Intensive)
An exploration of the skills employed in conducting research as utilized in various designs, including interviewing, observation, survey design and content analysis. Methods of problem and hypothesis formulation, data collection and instrumentation will be examined. Emphasis will be placed on ethical issues in research. Prerequisite: 9 hours of sociology.

SOC 0432  (S)  3 hrs. cr.
Advanced Research Methods
This course will provide students the opportunity to participate in individual or group research projects, data analysis and professional presentation skills. Required for all Sociology BS students. Prerequisite: 12 hrs. of sociology, SOC 305 and SOC 431.

SOC 0482  (F)  3 hrs. cr.
Sociological Theory
An exploration of classical and contemporary sociological theory placed in historical perspective from Auguste Comte to the modern era. Prerequisite: 9 hours of sociology.

SOC 0496  (Demand)  1-4 hrs. cr.
Internship in Sociology
Observation of and participation in various social service agencies in the community. All internships must conform with institutional policy regarding the number of hours per credit and contractual agreements with cooperating agency personnel. No more than three hours may be counted toward a major or minor. Prerequisites: 15 hours of sociology, junior standing or above and a GPA of 2.75. Repeatable for up to eight credit hours.

SOC 0498  (Demand)  3 hrs. cr.
Advanced Topics in Sociology
For upper division sociology majors. Topics covered and methods used will place emphasis on student-instructor interest, desire to pursue in-depth research and ability to assimilate topics. It will include areas not already treated in other sociology courses. Prerequisite: 15 hours of sociology or consent of instructor.
SOC 0499  (Demand)  1-3 hrs. cr.
Independent Study
Structured by the adviser with the approval of the department head and school dean. Prerequisite: Advanced standing in the major field with a GPA of 3.0. Enrollment in the course must be approved by department head and dean. Repeatable for up to six credit hours.

A Strong Commitment to Liberal Arts and General Education Requirements: Every member of the theatre faculty is dedicated to each and every student in the university. Theatre Appreciation (the departmental General Education Requirements course), offered to over 600 students per year and taught by almost every member of the theatre faculty, provides many students with their first theatre experience. Students return having had a cultural experience about which they can think, speak and write. Theatre Appreciation includes all the primary General Education Requirements objectives: communicating, problem-solving/critical thinking, clarifying values, functioning with social institutions, using science and technology and using the arts.

Scholarly and Creative Expression: All theatre productions are the end product of scholarly and creative expressions. Directors, designers and actors continually research different eras, cultures, social mores and customs and historical, economic, political and literary influences in an attempt to bring accurate realities to the stage. The Theatre Department brings a balanced, comprehensive variety of plays to its students and audiences.

Community Service: All of the Theatre Department’s productions, raising a diverse range of topics, are performed for the campus and public communities. The children’s theatre program alone, plays (both on campus and at local elementary schools), to approximately 10,000 people each year. The Theatre Department is totally responsible for the operation of Taylor Auditorium, a 2000-seat auditorium, which houses both community and campus-sponsored events. In some capacity, theatre faculty and students supply the human resources which make these events possible. Missouri Southern State University and especially the theatre department serve as the intellectual, creative and cultural center of the area.

Specialized theatre training provides students with a broad academic background that can lead to a number of careers. Graduates of the Missouri Southern Theatre Department are currently employed in fields such as:

- Theatre Performance/Design
- Television Production/Performance
- Commercials
- Public Relations
- Stage Management
- Graduate Study
- Executive Leadership
- Recreational Directorship
- Technical Theatre
- Personnel Management
- Government Service
- Fashion Industry
- TV Anchor
- Business
- Computer Technology
- Secondary Education
- Film Cartoon Director
- Ministry
- Magician
- Professional Wardrobe Technician
- Theme Park Performance/Production

Mission
The Theatre Department affirms the mission of Missouri Southern State University and contributes to it by committing to the total education of each student. Every member of the theatre faculty is dedicated to the highest quality teaching and learning of both general education and discipline specific materials. The department prepares its majors for a large variety of careers as well as graduate education. In addition to providing scholarly and creative expression for students through its production program, it exposes the community to a diverse assortment of topical, global issues. The Theatre Department is at the very center of most creative and artistic on-campus and community events through its involvement in all cultural activities housed in Taylor Auditorium.

Implementation
Quality Teaching and Learning/Total Education of Each Student: The theatre faculty works closely with students in an effort to continually improve their learning experiences. Independent studies are offered each semester and new courses are introduced upon students’ requests. Instructors take students with them to professional theatre conferences to introduce them to other avenues of their chosen careers. Academic and performance requirements are designed to accommodate various learning styles and artistic intelligences. Faculty and students work side by side in production situations. The Theatre Department has updated its assessment program so that it now measures the primary objectives of the core and it requires that all graduating seniors participate in two exit exams: 1) Academic Profile; 2) a creative project within the department or an oral research project presented to the theatre faculty.

A Strong Commitment to International Education:
The Theatre Department supports the international mission of the university in its theatre classrooms, on its stages and especially in the international plays selected for themed semesters. As students must become aware of the global nature of all information and comprehend the international arena in which most topical issues reside, the theatre continues to provide a fertile ground upon which to inspire such a comprehension. International travel is encouraged for all faculty and students of the department.
Factors Unique to Theatre Department:
1. hands-on experience for students in acting, house and stage management, directing, technical production and design;
2. a children’s theatre program performing for more than 10,000 people annually from the four-state area;
3. production participation open to all Southern students, faculty and staff;
4. theatre faculty members who have professional experience in their teaching specialties;
5. a modern, well-equipped mainstage theatre as well as flexible space for studio productions;
6. two theatre organizations: Southern Players and Alpha Psi Omega, a national honorary fraternity.

The Theatre Department offers a Bachelor of Arts degree with a major in theatre and a Bachelor of Science in Education degree with a major in Theatre/Speech (plan B). A minor in theatre is also available. During their senior year, all majors must take a final exam covering all areas of the theatre or present a creative exiting project in addition to participating in the university general assessment program.

It is recommended that students pursuing a degree in theatre meet with their faculty adviser at least three times each semester, twice in addition to planning their next semester’s schedule. More detailed information is available in the theatre office, Taylor Performing Arts Center 237.

Course Descriptions

TH 0101, 0102, 0201, 0202, 0301, 0302, 0401, 0402
  (F,S,Su) .................................................. 1 hr. cr.

Theatre Performance
The performance of a role, service as a designer or stage manager which has met departmental standards on a major production. A student may accumulate up to 8 hours of credit. Credit is applied for after production closes. Credit applies only to accumulative graduation hours.

TH 0110  (F,S,Su) .................................................. 3 hrs. cr.

Theatre Appreciation
Introduction to theatre as a communicative and fine art emphasizing collaborative efforts of playwright, artistic director, designer, actor and crew. Activities include the interpretation and evaluation of plays through scripts, live and taped performances.

TH 0212, 0221, 0222, 0321, 0322  (F,S) .................................................. 2 hrs. cr.

Theatre Laboratory
A laboratory devoted to mounting the theatre’s season. Non-performance work. Meets two hours in sequence twice a week.

TH 0141  (Demand) .................................................. 3 hrs. cr.

Improvisational Acting
Development of individual’s ability to express motivation, objective, thought, action and dialogue improvisationally. Daily discussions and improvisational exercises which lead to more believable stage performance.

TH 0142  (F) .................................................. 3 hrs. cr.

Theatre Technology
Hardware and tool usage and technical drawing as applied to theatre. The use of electricity, sound and electronics in the theatre. Stage rigging, welding, new materials and construction techniques.

TH 0231  (F-Even) .................................................. 3 hrs. cr.

Speech for Stage I
Exercises and drills to improve projection, quality, flexibility and effectiveness of the speaking voice leading to good usage in Standard American speech based on the International Phonetic Alphabet.

TH 0232  (F-Odd,Demand) .................................................. 3 hrs. cr.

Costume Technology
Basic techniques for construction of stage costumes from a designer’s sketch. Areas covered are: fabrics, pattern development, cutting, sewing, dyeing and crafts. No previous skills required.
TH 0233     (S-Odd,Demand)     3 hrs. cr.
Stage Makeup
Introduction to the design and application of makeup for the
stage. Focus is on the application of two-dimensional makeup
for both large and small theatres. The uses and sources of a
variety of materials will be discussed. Students must provide
their own makeup and supplies.

TH 0234     (S)     3 hrs. cr.
Introduction to Theatrical Design
Theoretical information which is common to all theatrical design
courses. Emphasis is on developing creativity, script analysis,
techniques of scenography and collaboration, as well as the
application of basic elements and principles of design in rela-
tion to the theatre.

TH 0235     (S-Even)     3 hrs. cr.
Speech for Stage II
A continuation of stage speech training, emphasizing reso-
nance, range, vocal dynamics, vocal expressiveness and stage
dialects. The course provides training in the most current and
most significant voice methods for actors and speakers and
utilizes the International Phonetic Alphabet to develop perfor-
ance skills in American regional and foreign dialects. Prereq-
usite: TH 231

TH 0240     (S-Odd)     3 hrs. cr.
Stage Combat and Physical Characterization
Survey of historic and theatrical contexts or several combat
forms; basic training in non-violent approaches to hand-to-
hand combat, quarterstaff, broadsword and rapier. Introduction
to character and emotional centers, acting with whole body and
movement and voice for period styles in acting.

TH 0241     (F)     (Writing Intensive)     3 hrs. cr.
Acting I
Development of individual’s ability to express thought and
emotion through effective use of the voice and body. Character
analysis and creation revealed in exercises and scene work.

TH 0242     (S-Even)     1 hr. cr.
Theatre Movement I
Historical development and implementation of theatrical move-
ment. Exercises and assignments focus on the enhancement of
nonverbal character interpretation through individual study
and in-class application of movement, gestures and postures,
including an assimilation of cultural influences, pantomime,
masque and improvisation. Two one-hour labs per week.

TH 0243     (F-Odd)     3 hrs. cr.
Musical Theatre
History, production and performance of musical theatre. Aca-
demic concentration on scenes from musicals with emphasis
on acting, music and dance techniques needed for musical pro-
ductions. Focus is on representative musicals from the past fifty
years and specifically on the musical selected for production
the spring semester of that school year. Course also offered
under MUS 243.

TH 0251     (F-Even)     1 hr. cr.
Audition Techniques for the Actor
Techniques of auditioning and interviewing in the theatre: se-
lecting audition pieces, rehearsing and performing auditions.
Instruction in preparing resumes and photographs for profes-
sions.

TH 0298     (Demand)     1-8 hrs. cr.
Topics in Theatre
Concentrated study on a variety of selected theatre topics. Can
be offered on same topic an unlimited number of times.

TH 0311     (F-Even,Demand)     3 hrs. cr.
Stage Management
Fundamentals of stage management. Organization of call
board, rehearsals and performances. Construction of prompt
book. Communication procedures between actors, director and
designers. Calling the show. Prerequisite: TH 142.

TH 0320     (S-Odd,Demand)     3 hrs. cr.
Stage Lighting
Lighting design approached artistically. The use of lighting for
atmosphere, mood and emphasis. Lighting as applied to art,
television, theatre and motion pictures. Prerequisites: TH 142
& 234.

TH 0331     (S-Odd)     3 hrs. cr.
History of the Theatre I     (Writing Intensive)
Theatre from its ancient origins through the Elizabethan period.
Theatrical architecture, scene design, acting styles, theatre
management and the culture surrounding the theatrical event
will be addressed with analysis of their relationship to
dramatic literature.

TH 0332     (S-Even)     3 hrs. cr.
History of the Theatre II     (Writing Intensive)
The cultural background and evolution of the theatrical litera-
ture, physical theatre, staging, casting, audiences and produc-
tion practices from the Jacobean period to the present day.

TH 0333     (Demand)     3 hrs. cr.
Eastern Theatre Tradition
The study of Eastern thought and culture in the discipline of
theatre. All areas of design as well as acting and movement will
be discussed.

TH 0341     (S)     3 hrs. cr.
Acting II
The dynamics of analysis, rehearsal and performance of
scenes from contemporary and classic plays. Emphasis on the
actor’s relationship to the play and to other actors. Prerequisite:
TH 241.

TH 0351     (F)     3 hrs. cr.
Directing I
A comprehensive study of various problems confronting a
stage director. Techniques and procedures for play selection,
analysis and mounting a production. Scene directing. Prereq-
usite: TH 241.

Mission
The mission of The Robert W. Plaster School of Business Administration (SOBA) is to prepare our students to be responsible, productive professionals who serve in the global business environment. We will fulfill our mission through quality undergraduate and graduate programs in a student-centered learning community.

Vision
We endeavor to be recognized as a leader in business education.

Core Values:
- Learning and Research
  We promote an environment that facilitates and supports learning, collaboration and communication by both faculty and students directed at scholarly activity and the application of knowledge.
- Communities
  We respond to the needs of our global community by preparing responsible, productive citizens for leadership roles and by providing services that support economic development.
- Innovation
  We cultivate a spirit of entrepreneurship by developing new offerings and activities and by incorporating technological and pedagogical advances that support the learning environment.
- Social Responsibility
  We believe that faculty and students should engage in activities that foster social and ethical awareness and respond to domestic and international needs for sustainable societies.
- Continuous Improvement
  We commit to continually assess and improve our current programs and activities that support our mission, vision and core values.

Accreditation
The Robert W. Plaster School of Business Administration is accredited by the Association of Collegiate Business Schools and Programs (ACBSP). ACBSP is the leading specialized accreditation association for business education to support, celebrate and reward teaching excellence.

Student Organizations
The Accounting Club provides accounting students information about the profession, along with the opportunity to network with practicing accountants. Members can interact through monthly meetings and various social functions and are encouraged to become active in the area’s professional accounting organizations. The club publishes an annual Resume Book that is distributed as a resource to area employers that wish to hire new accounting graduates.

The Finance and Investment Club is open to all majors who desire knowledge about financial careers and investments. Monthly meetings allow students to network with each other and financial professionals and an annual trip allows students to gain exposure to financial markets and investment companies. The club is affiliated with the national Financial Management Association.

Omicron Delta Epsilon is the honorary economics fraternity open to juniors with at least 15 hours in economics or finance and a 3.5 GPA in economics or finance courses.

Delta Epsilon CHI (College DECA) is an international organization that engages students from a variety of educational disciplines while maintaining a strong focus on business-related areas such as marketing, management and entrepreneurship. Competitive events at the state and national levels allow
students to gain recognition and develop leadership skills. Bi-monthly meetings provide networking opportunities with business professionals. Delta Epsilon Chi is open to all majors.

**Phi Beta Lambda** aims to develop competent and aggressive business leadership, to create more interest and understanding of American business enterprise and to improve business and citizenship through participation in worthy undertakings. PBL is open to all students.

**Delta Mu Delta** is an international honor society in Business Administration that exists to promote higher scholarship in training for business and to recognize and reward scholastic achievement in business subjects. To be inducted in the Lambda Gamma Chapter, students must major in business and graduate in the top 20% of their class.

**Missouri Southern Business Education Association** is open to all business education majors. Its primary goal is to provide students with information regarding the teaching profession and to prepare them for their careers. Meetings offer students the chance to make important contacts with teachers, school administrators, state department personnel and other professionals who are featured as speakers.

**The Society of Human Resource Management** is designed to familiarize students with human resource administration, industrial psychology and labor relations. It also functions as a way to keep students up-to-date on new professional human resources developments.

**The International Business Club** is open to those interested in any facet of international business. Both U.S. and international students are represented. Monthly meetings give members a chance to hear guest speakers from different businesses engaged in international activities, as well as experience field trips to area businesses.

Internships are available in each major. The internships are carefully structured learning experiences in actual business settings.

**Economic Development**

**Small Business and Technology Development Center**

The Robert W. Plaster School of Business Administration, in conjunction with the Small Business Administration, has formed a Small Business and Technology Development Center. The SBTDC was established in April 1987 and is located in the Robert W. Plaster Free Enterprise Center. The SBTDC provides existing and start-up for-profit small businesses in Jasper, Newton, Barton, Vernon and McDonald counties with one-on-one consulting. In addition, the SBTDC assists businesses with their training and educational needs. The Center seeks to serve those needs by developing and/or coordinating various seminars and workshops for the local businesses. The SBTDC encompasses the following areas:

**The International Trade and Quality Center**

The mission of the International Trade and Quality Center in the Robert W. Plaster School of Business Administration is to:

1. develop international consulting and other relevant services for four-state organizations and individuals who are or wish to be involved in international trade;
2. assist area organizations in their quest for continuous improvement of products, processes and services to enhance quality while reducing cost;
3. enhance the business curriculum by providing international and quality resources, internship opportunities and other appropriate assistance for faculty and students.

These objectives are met via assessment activities, research, educational programs, consulting and serving as a clearinghouse for materials such as books, literature, tapes and equipment.

**The Southern Business and Economic Review**

The *Southern Business and Economic Review* is published bi-annually by the Small Business and Technology Development Center within the Robert W. Plaster School of Business Administration. Each issue contains local economic indicators and articles with a strong managerial focus targeted to business professionals. The Robert W. Plaster School of Business Administration also maintains a data bank of economic statistics, which is available to local business people.

**Southern Business Exchange**

The *Southern Business Exchange* is published annually as an outreach to alumni. Each issue contains updates on faculty, alumni and the Robert W. Plaster School of Business Administration activities.

**Business and Economic Lecture Series**

The Robert W. Plaster School of Business Administration sponsors an annual lecture series. Speakers of interest to both students and local business people are featured each semester. Normally they speak both during the day and the evening. J. Peter Grace and William S. Rukeyser are two of the prominent speakers who have appeared in the series.

**SBTDC Workshops**

The Robert W. Plaster School of Business Administration has established workshops to help local businesses with their training and educational needs. The Center seeks to serve those needs by developing and/or coordinating various seminars for the local businesses.

**The Center for Entrepreneurship**

The Center for Entrepreneurship provides practical and relevant information concerning the implementation and operation of a small business. Courses are offered in the areas of management methods, accounting, financing, marketing, business plans, legal aspects and business opportunities. These courses are offered via the Internet. Students can earn a minor or certificate in Entrepreneurship.

**Heartland Procurement Technical Assistance Center (PTAC)**

Heartland PTAC’s mission is to assist viable businesses located in Southwest Missouri and the State of Kansas with potential market expansion through procurement opportunities with the government which enhances local economies.

Heartland PTAC is a Robert W. Plaster School of Business program that is funded in part by the Department of Defense. The Robert W. Plaster School of Business also has PTAC offices located at the University of Missouri – Kansas City (UMKC) and in Wichita, Kansas and outreach centers located in various places throughout Kansas and Missouri.
Heartland PTAC provides businesses with government procurement counseling that can enable businesses to expand their markets by selling goods and services to the government. Heartland PTAC offers assistance with bidder application forms, matching of products and/or services with appropriate buying activities, bid package review, pre-award and post-award assistance, government registrations and provides government specifications and standards and other information necessary to complete government bids. Heartland PTAC also provides a bid-matching program that electronically locates federal, state and local government bidding opportunities for any business based on the products and services that the business wants to sell to the government.

Business General Education Requirements
All BSBA candidates must take the following “core” courses in addition to the courses required in their major (see course descriptions for prerequisites):

Business Administration

**Total Business Core** ....................................................... 40

*GB 151 should be taken in the first or second semester at MSSU.**Prerequisites: Senior standing, MM 300, MM 350 and ECON 350 should be taken during last semester of university work. **Must be selected in consultation with adviser from 300 or 400 level courses in the Robert W. Plaster School of Business Administration. May not be “double counted” as part of major requirements.

Mathematics - All candidates for the BSBA degree must complete Mathematics 130 (College Algebra) or MATH 131 (Finite Math) or higher as their General Education mathematics course.

Faculty  D. Smith - Head, Comstock, Huffman, J. Smith

Mission
The mission of the Department of Accounting at Missouri Southern State University is to help meet the needs of our society for business school graduates by providing quality accounting education. Consistent with the University’s mission, the Department of Accounting embraces an integration of liberal and professional education to enable students to develop the ability to excel in the complex work environment of business. The curriculum combines extensive accounting study with a focus on development of student competencies in the areas of professional integrity, social responsibility oral and written communications, interpersonal relationships, technology management, research experience, international business affairs and critical thinking skills.

The BSBA accounting major course of study is designed to prepare the student to enter any area of the accounting profession, to successfully complete the Certified Public Accountant or other professional certification examination and/or to enter graduate school. Majors in accounting must earn a grade of 'C' or above in all accounting courses in order to earn a BSBA.

Prospective accounting majors should take note of the requirements for entry into the profession. The State of Missouri requires 150 hours of college credit, including an undergraduate degree, before a candidate may sit for the Certified Public Accountant examination. Most other states have similar requirements. The American Institute of Certified Public Accountants requires new members to have 150 semester hours of college credit in order to join. Accounting majors desiring to meet this requirement should note the “150-hour” recommendations at the end of the BSBA suggested order of study or plan to attend graduate school (see your adviser).

A minor in accounting for both BSBA and non-BSBA degree candidates is also offered.

Bachelor of Science in Business Administration with an Emphasis in Accounting

**Electives** ............................................................... 9**

**Total** ..................................................................... 124-125
**Required course in economics (ECON 201) satisfies major requirement and 3 hours of General Education Requirements.

** Majors in accounting must earn a grade of ‘C’ or above in all accounting courses in order to earn a BSBA.

***Must be chosen with adviser approval. Internships, independent studies and VITA will not fulfill this requirement. Those interested in sitting for the CPA exam should consider: Strategic Financial Accounting, Tax Accounting II, Governmental and Nonprofit Accounting, Forensic and Investigative Accounting and Financial Statement Analysis. Those interested in sitting for the Certified Management Accountant exam should consider: Financial Statement Analysis, Tax Accounting II and Controllership.

The following courses are recommended as electives for accounting majors. Many schools require these classes before a student may be admitted to graduate study. Students should confirm course requirements with their prospective graduate schools.

150-Hour Recommendations

Accounting courses that are helpful in passing the CPA examination include Tax Accounting II, Governmental and Nonprofit Accounting, Strategic Financial Accounting and Forensic and Investigative Accounting.

Beyond additional accounting courses, the student may find it helpful to concentrate any remaining hours in a single area such as finance, computer science, communications, a foreign language, total quality management or similar pursuits. Students may wish to consider a double-major in Accounting and CIS.

Course Descriptions

**ACCT 0101 (Demand) 1 hr. cr.

Introduction to the Accounting Profession**

The topics covered include the use of technology in the profession, social responsibility, career opportunities and portfolio development.

**ACCT 0201 (F,S,Su) 3 hrs. cr.

Principles of Financial Accounting**

An introduction to accounting as an information communication function that supports economic decision making. The topics covered should help students understand the development of financial statements and their interpretation. Prerequisite or corequisite: MATH 130 or higher.

**ACCT 0202 (F,S,Su) 3 hrs. cr.

Principles of Managerial Accounting**

Use of accounting as a tool for the process of planning, controlling and decision making. Emphasis on where accounting data is obtained, what kind of information is needed and how it is used in the management process. Prerequisite: ACCT 201.

**ACCT 0305 (Demand) 3 hrs. cr.

Health Administration Finance**

Use of accounting as a tool for the process of planning, controlling and decision making, with an emphasis on healthcare management applications. Coverage includes sources of accounting data, what kind of information is needed and how it is used in the management process. Prerequisite: MATH 125 or higher.

**ACCT 0309 (F,S) 3 hrs. cr.

Accounting Information Systems**

A comprehensive study of the objectives, uses, evaluation and design of accounting information systems. The course is for students who will soon be assuming the responsibilities of professional accountants and need to know how accounting information systems function. Prerequisites: ACCT 201 and 202 with a grade of ‘C’ or above.

**ACCT 0312 (F,S) 3 hrs. cr.

Intermediate Accounting**

Examination of current and emerging financial accounting theory and techniques used to measure and report financial information to investors, creditors and other external users. Emphasizes asset and income determination, preparation and interpretation of financial statements and related disclosure requirements. Prerequisites: ACCT 201 and 202 with a grade of ‘C’ or above.
ACCT 0322 (F,S)  3 hrs. cr.
Intermediate Financial and Capital Accounting
Course that covers financial and capital accounting for business enterprises (with emphasis on the corporation). Emphasizes topics in areas of (1) accounting for liabilities, (2) shareholders' equity, (3) earnings per share, (4) investments, (5) income taxes and (6) the statement of cash flows. Prerequisites: ACCT 201 and 202 with a grade of ‘C’ or above.

ACCT 0325  (Demand)  3 hrs. cr.
Managerial Accounting
Use of accounting as a tool for the process of planning, controlling and decision making. Emphasis on where accounting data is obtained, what kind of information is needed and how it is used in the management process. This course may not be taken by the accounting major to satisfy accounting General Education Requirements. Prerequisite: ACCT 202.

ACCT 0332  (Demand)  3 hrs. cr.
Intermediate Accounting III
Third of three courses that comprehensively cover financial accounting concepts and standards for business enterprises (with emphasis on the corporation). Coverage includes: (1) earnings per share, (2) investments, (3) income taxes, (4) post-retirement benefits, (5) leases, (6) cash flows and (7) accounting changes and errors. Prerequisite: ACCT 322.

ACCT 0350  (F)  3 hrs. cr.
Financial Statement Analysis
Keys to both accounting and financial analysis. Examines the relevance of financial statement analysis to all business decisions. Priorities: (1) relevance; (2) decision inferences; and (3) practicality. Prerequisite: ACCT 202 or permission.

ACCT 0375  (F)  3 hrs. cr.
Tax Accounting I
Procedures for reporting federal income taxes with emphasis on income and deductions for individuals. Practice in preparing federal income tax returns. Prerequisites: ACCT 201 and 202 with a ‘C’ or above or permission.

ACCT 0385  (S)  3 hrs. cr.
Cost Accounting
Study of accounting cost systems providing information generation for managerial planning and control. Special emphasis is placed on both technology and Quality Management as applied to industrial and service enterprises. Prerequisites: ACCT 202 with a ‘C’ or above, GB 321.

ACCT 0402  (Demand)  3 hrs. cr.
Strategic Financial Accounting
Application of accounting principles of business combinations, consolidated financial statements, foreign currency transactions, postretirement benefits and leases. Prerequisite: ACCT 322.

ACCT 0408  (S)  3 hrs. cr.
Tax Accounting II
Procedures for reporting federal income taxes with emphasis on corporations, partnerships, estates and trusts. Practice in preparing federal income tax returns of these business entities. Prerequisite: ACCT 375 or permission.

ACCT 0411  (F,S)  3 hrs. cr.
Auditing
Overview of the certified public accounting profession with special attention to auditing standards, professional ethics, the legal liability inherent in the attest function, the study and evaluation of internal control, the nature of evidence, the use of statistical sampling and performing an audit. Prerequisites: ACCT 312, ACCT 309. Prerequisite or corequisite: ACCT 322.

ACCT 0420  (Su)  3 hrs. cr.
International Accounting
Examination of accounting operations within a multinational corporate environment. Primary emphasis is on international financial reporting and standard setting with regard to different needs within different countries, international financial statement analysis and accounting standards and practices in selected countries. Prerequisite: ACCT 202. Cross listed as INTS 0420.

ACCT 0421  (F)  3 hrs. cr.
Governmental and Nonprofit Accounting
Study of accounting principles, standards and procedures that apply to governmental entities. Primary emphasis is accounting for municipalities. Provides background for studying accounting systems of colleges and universities, hospitals and other nonprofit entities. Prerequisite: ACCT 322.

ACCT 0422  (Su)  3 hrs. cr.
Controllership
Advanced study in decision models and cost information, system choice, strategy and management control. Special emphasis on Quality Management and time related management control initiatives. Prerequisite: ACCT 385.

ACCT 0431  (S)  3 hrs. cr.
Forensic and Investigative Accounting
An integration of concepts from auditing, emphasizing forensic and investigative accounting, as well as fraud examination. In addition, examination of internal, operational and compliance audits, as well as specialized reports. Prerequisite: ACCT 411.

ACCT 0491  (Demand)  1-12 hrs. cr.
Internship in Accounting
An internship for senior accounting students with an opportunity to observe and participate in actual business operations within the community. All internships must conform to institutional policy regarding the number of hours of work, the number of credit hours and written agreements with the cooperating business or agency. Prerequisites: 65 hours, 3.0 GPA and department approval.

ACCT 0498  (Demand)  1-3 hrs. cr.
Advanced Topics in Accounting
For upper division accounting or related majors with topics to be announced each time the course is offered. Prerequisite: Senior standing or permission.

ACCT 0499  (Demand)  1-6 hrs. cr.
Independent Study in Accounting
Individually directed readings, research and discussion in selected areas of accounting for advanced majors. Scope, depth,
area of concentration and credit to be arranged upon entry into course. Offered by arrangement. Prerequisites: Permission and a minimum 3.0 GPA. Repeatable up to six credit hours.

Faculty  Block

The BSE business major course of study prepares graduates to teach business at the secondary level.

Business education majors must have a cumulative GPA of 2.75 in all course work and must maintain a cumulative GPA of 2.75 in business courses.

Course Descriptions

ENT 0201  (F)  1 hr. cr.
Developing a Business Plan
This course focuses on the proper techniques to use in preparing and presenting a business plan, which will provide the necessary goals and directions for creating, managing and gaining profit from a business.

ENT 0202  (F)  1 hr. cr.
Business Opportunities
A course concentrating on analyzing the feasibility of starting or expanding a business venture. Topics include developing strategies for various types of existing business ventures and new startups, product positioning, the purchase of existing businesses, franchising and determining and creating a competitive advantage for products and services.

ENT 0203  (F)  1 hr. cr.
Legal Aspects for Entrepreneurs
This course will cover the formation, advantages and disadvantages of corporations, partnerships, LLCs and sole proprietorships as different forms of legal ownership for new businesses. Topics include business licenses, business insurance, government regulations, government support systems, liability and ethical issues.

ENT 0204  (S)  1 hr. cr.
Initial Capitalization
A course to help prepare the entrepreneur for presenting their “initial capital” needs to the appropriate audience in obtaining financing for their new business.

ENT 0205  (S)  1 hr. cr.
Cash Flow Analysis
A course for preparing analysis on a new or existing business in the areas of business operating cycle, quality indicators, financial ratios, permanent working capital and cash flow analysis.

ENT 0206  (S)  1 hr. cr.
Microcomputer Applications
A course to prepare the entrepreneur for applying computerized accounting technology to a small business situation. QuickBooks for Windows will be used for the course.

ENT 0207  (F)  1 hr. cr.
Accounting Procedures
A course to teach entrepreneurs accounting concepts so they will have background knowledge of the how and why of financial statement preparation as related to managing small businesses.

ENT 0208  (F)  1 hr. cr.
Accounting Records
A course to acquaint entrepreneurs with the various accounting and financial records needed to successfully operate a small business.
ENT 0209  (F)  1 hr. cr.
Accounting Taxation
A course to acquaint entrepreneurs with the tax consequences of the different forms of business organization and the documents necessary to get a business "legal" with authorities for "tax" purposes.

ENT 0210  (S)  1 hr. cr.
The Management Process for Entrepreneurs
A course to acquaint the entrepreneur with basic theories and principles of management as they relate to an entrepreneurial and newly formed business. Using E-commerce in traditional companies will be evaluated. Small business survival by gaining the competitive edge will be stressed.

ENT 0211  (S)  1 hr. cr.
Strategic Planning & Organizing
A course to help small business people develop and implement management strategies for efficiency and to learn and practice the important functions of planning and organizing a small business. Topics include the balanced scorecard concept, analytical tools, methods of managing entrepreneurial firms and the formation of strategy for E-commerce trends and the application of this strategy.

ENT 0212  (S)  1 hr. cr.
Human Resource Issues for Entrepreneurs
This course is designed to help the students and owners of small businesses improve their human relations skills needed in running a business. The discovering of one's management style and the development of new management skills will be covered.

ENT 0213  (S)  1 hr. cr.
Promotion
This course will introduce the entrepreneur to the complexities of advertising for smaller businesses. The entrepreneur will learn to develop the marketing goals of a business and select a marketing mix to communicate those ideas to the marketplace. Utilizing the Internet in promotional strategies will be covered.

ENT 0214  (S)  1 hr. cr.
Pricing
This course will concentrate on the pricing of products for a small business for profit and the development of pricing strategies and sales promotion techniques, that will allow businesses to attract customers for the buying process. The emphasis will be on pricing strategies for goods and/or services.

ENT 0215  (S)  1 hr. cr.
Merchandise/Inventory Planning
This course will acquaint the entrepreneur with various techniques of inventory/merchandise planning and controls. It will also focus on merchandising strategies, salesmanship, location analysis and the purchasing function.

ENT 0301  (S)  3 hrs. cr.
New Business Formation
Students, as officers or employees, will be required to complete the following tasks generally inclusive with creating and managing a small business: identify a viable product/service and target market; develop an organizational structure for the company; write a business plan; maintain internal cost and accounting procedures; develop advertising and marketing strategies; and harvest the business. Prerequisites: ENT 201, ENT 202, ENT 203, ENT 204, ENT 205, ENT 209 or consent of the instructor.

ENT 0302  (F)  3 hrs. cr.
Managing Innovation and Technology
Students work in a consulting capacity problem solving for entrepreneurial companies that may be located in a business innovation center or referred by the Small Business Development Center. Students work with problems related to marketing, financial management, managerial issues and other business requirements in which students will combine business and consulting skills in a way that leads to innovation and sustainable growth in the small businesses. Prerequisites: ENT 201, ENT 202, ENT 203, ENT 204, ENT 205, ENT 209 or consent of the instructor.

Course Descriptions

ECON 0180 (F,S,Su) 3 hrs. cr.
The American Economic System
A core course on the goals organization and operation of the U.S. economy. Topics include: scarcity and choice; the role of profits, saving, investment and competition; the economic functions of government; limitations of the market system; other types of economic systems; and international trade. Personal finance topics include setting goals, budgeting, savings and investing, credit management and retirement planning. Not for business majors or for those who have taken ECON 201 or 202. Prerequisite: ACT MATH Score of 19 or higher or MATH 030 or above.

ECON 0201 (F,S,Su) 3 hrs. cr.
Principles of Economics (Macro)
A basic course that explains the organization, operation and goals of the U.S. economic system with emphasis on basic principles and concepts; measurement, determination and stabilization of national income; unemployment and inflation; the role of money and monetary policy; fiscal policy; economic growth; international finance; and current economic problems. Prerequisite: MATH 030 or above.

ECON 0202 (F,S,Su) 3 hrs. cr.
Principles of Economics (Micro)
A continuation of economic principles with emphasis on the theory of price determination and income distribution, with particular attention to the nature and application of those bearing on decision making within a household, firm or industry; cost and revenue implications of various product and factor market structures; and international trade and finance. Prerequisite: MATH 030 or above.
### ECON 0300 (F,S) Money and Banking
3 hrs. cr.

The nature, need, functions, role, creation and destruction of money and credit; financial institutions and their functions with special emphasis on the commercial banking system and the Federal Reserve system; introduction to monetary theory and policy; and international aspects of money and monetary policy. Prerequisites: ECON 201 and ECON 202.

### ECON 0320 (F) Pension Planning
3 hrs. cr.

### ECON 0330 (F) Principles of Insurance
3 hrs. cr.

### ECON 0350 (F,S,Su) Financial Management
3 hrs. cr.

Study of the financial operating environment and financial analysis; risk and valuation; time value of money; capital budgeting; cost of capital and leverage; working capital management; and dividend policy. Prerequisites: ECON 201, ECON 202, ACCT 201.

### ECON 0370 (S) Estate Planning
3 hrs. cr.

The study of the efficient conservation and transfer of wealth, consistent with the client’s goals. The course will consider the legal, tax, financial and non-financial aspects of this process. Topics covered will include trusts, wills, probate, advanced directives, charitable giving, wealth transfers and related taxes. Prerequisites: ECON 350, ACCT 375 and GB 301.

### ECON 0400 (F) Bank Management
3 hrs. cr.

Provides an introduction to the commercial bank industry, its organization, structure and regulation. The lending and investment functions of banking are examined along with liability and capital management issues, including de nova banking and merger/acquisitions. Its’ purpose is to offer an overview of commercial banks and their delivery role in the financial services industry. Prerequisites: ECON 300 and ECON 350.

### ECON 0401 (F) Managerial Economics
3 hrs. cr.

The price system and resource allocation through a system of markets and prices; price and output determination in perfect and imperfect markets; resource markets; and income determination. Prerequisites: ECON 201, ECON 202 and GB 321.

### ECON 0402 (Demand) Macroeconomic Analysis
3 hrs. cr.

National income determination with various macroeconomic models; fiscal and monetary policy; international linkages; consumption and investment; and trade-offs between inflation and unemployment. Prerequisite: ECON 300.

### ECON 0411 (S) Investments
3 hrs. cr.

### ECON 0420 (F) Security Analysis
3 hrs. cr.

A broad introduction to basic stock selection using “fundamental” analysis whereby “over” and “under” valued stocks are to be identified. The class will construct a common stock portfolio of 10 to 25 stocks. Other topics covered will include basic schools of investment thought, diversification, quality of earnings and factors affecting equity ownership. Prerequisite: ECON 350 or permission.

### ECON 0421 (F) Portfolio Management I
3 hrs. cr.

### ECON 0422 (S) Portfolio Management II
3 hrs. cr.

### ECON 0440 (S) Advanced Financial Planning: Cases and Applications
3 hrs. cr.

### ECON 0450 (S) Financial Strategy
3 hrs. cr.
ECON 0491 (Demand)  1-6 hrs. cr.
Internship in Finance and Economics
An internship for senior Finance/ Economics students with an opportunity to observe and participate in actual business operations within the community. All internships must conform to institutional policy regarding the number of hours of work, the number of credit hours and written agreements with the cooperating business or agency. Prerequisites: 65 hours, 3.0 GPA and department approval. Repeatable up to six credit hours.

ECON 0498 (Demand)  1-3 hrs. cr.
Advanced Topics in Economics
For upper-division students. Topics to be announced each time the course is offered. Examples of seminars offered in the past are: 498-Seminar in International Economics, 498-Seminar in Business Cycles and 498-Seminar in Public Finance.

ECON 0499 (Demand)  1-6 hrs. cr.
Independent Study in Finance/Economics
Individually directed readings, research and discussion in selected areas of Finance/Economics for advanced majors. Scope, depth, area of concentration and credit to be arranged upon entry into course. Offered by arrangement. Prerequisites: Permission and a minimum 3.0 GPA. Repeatable up to six credit hours.

GB 0100  (F,S,Su)  2 hrs. cr.
Introduction to Personal Finance
Introduction to the concepts and tools necessary for effective management of personal financial health. Includes goal-setting, budgeting, obtaining and using credit, sound consumer purchasing strategy, insurance, investment decisions and retirement planning.

GB 0101  (F,S,Su)  3 hrs. cr.
Introduction to Personal Financial Planning
Introduction to the concepts and tools necessary for effective management of personal financial health. Includes goal-setting, investment decisions, obtaining and using credit, insurance and retirement planning. Also provides exposure to various business careers and to comparable decisions that business owners and managers make.
GB 0110  (Demand)  3 hrs. cr.
Computer Formatting
Covers all styles of business letters, reports, memos and tabs. Some of the advanced Microsoft Word commands used are: headers and footers, find and replace, report styles, advanced table features, templates, labels, mail merge and sort. For business education majors only.

GB 0151  (F,S,Su)  1 hr. cr.
Introduction to Business Careers
A course designed for incoming business students to introduce the opportunities within business fields. The student will be introduced to faculty and alumni from the departments of Accounting, Economics and Finance, Management, Marketing and International Business. Information will be provided about their respective departments, major fields of study, internships and career opportunities will be discussed.

GB 0298  (Demand)  1-8 hrs. cr.
Topics in General Business
Special topics in General Business. Topics to be announced each time the course is offered.

GB 0301  (F,S)  3 hrs. cr.
Legal Environment of Business I
Common law principles and statutes, particularly the Uniform Commercial Code, as they relate to American business. Includes the court systems and procedures, a brief overview of criminal law and tort law, contracts, personal property and bailments, sales, commercial paper and secured transactions. Special emphasis on Missouri case-law and statutes. Lectures supported by actual case decisions and case digests.

GB 0302  (F)  3 hrs. cr.
Legal Environment of Business II
Common law principles and statutes, particularly the Uniform Commercial Code, as they relate to American business. Includes consumer protection, government control and regulation, insurance, bankruptcy, intellectual property, agency and employment, business organizations, real property and estates. Prerequisite: Junior standing.

GB 0312  (F)  3 hrs. cr.
Principles of Business Education
Fundamentals of business education including curriculum, trends, equipment, materials, professional organizations and career and technical education programs. For business education majors only. (To be taken the fall prior to student teaching.)

GB 0320  (F,S,Su)  3 hrs. cr.
Business Communication  (Writing Intensive)
Principles of writing effective letters, memos and reports to solve real-world situations. Emphasis on contemporary issues and the employment process. Prerequisites: 6 hours English Composition or permission of instructor.

GB 0321  (F,S,Su)  3 hrs. cr.
Business Statistics I
Methods of collection, analysis, interpretation and presentation of data related to business. Topics include frequency distribution, measures of central tendency and dispersion, regression and correlation analysis, probability concepts, sampling distributions, estimation procedures and hypothesis testing. Computer statistical packages will be utilized in analysis and application of problems. Prerequisites: MATH 130, 131 or higher and MM 237.

GB 0322  (S)  3 hrs. cr.
Business Statistics II
Methods of statistical analysis relating to business decision making and research in business and economics. Emphasizes sampling theory, parametric tests of hypotheses, analysis of variance, multiple regression, non-parametric tests of hypotheses and other selected statistical techniques. Computer statistical packages (and spreadsheet packages) will be utilized in analysis of problems. Prerequisite: GB 321.

GB 0361  (Demand)  1 hr. cr.
Personal Development
Identifying interests, skills and abilities in relation to prospective jobs. Establishing short-term and long-term career goals. Developing job search skills. Demonstrating dining etiquette. Prerequisite: 6 hours English Composition or permission of instructor.

GB 0362  (Demand)  1 hr. cr.
Career Development
Increasing verbal and nonverbal job related communication and presentation skills. Acquiring networking abilities. Exploring business etiquette and dress in order to adjust to the corporate environment and the professional image. Improving time management skills. Prerequisite: 6 hours English Composition or permission of instructor.

GB 0363  (Demand)  1 hr. cr.
Interpersonal Development
Learning to work with others and exploring techniques of negotiation. Developing assertiveness and learning to resolve conflict. Developing leadership skills. Understanding how to serve customers/clients and developing sensitivity to other cultures. Prerequisite: 6 hours English Composition or permission of instructor.

GB 0405  (S)  3 hrs. cr.
Statistical Quality Control
Theory and methods used in statistical quality control. Emphasizes basic statistical analysis, variables control charts, attributes control charts, interpretation of control charts, estimation of process parameters, gage capability, acceptance sampling and service quality. Students will be encouraged to use spreadsheets to solve SPC problems. Prerequisite: GB 321 or consent of instructor.

GB 0412  (Su)  3 hrs. cr.
Implementing Business Education Programs
This course includes a study of teaching techniques and devices organization and development of curriculum, testing and measurements, funding, special populations, integrating academics, business/education partnerships and multicultural activities. Special emphasis is given to innovations, systems and
developments in business and education. For business education majors only. (To be taken the summer prior to student teaching.)

GB 0491 (Demand) 1-6 hrs. cr.
*Internship in General Business*
An internship for senior General Business students with an opportunity to observe and participate in actual business operations within the community. All internships must conform to institutional policy regarding the number of hours of work, the number of credit hours and written agreements with the cooperating business or agency. Prerequisites: 65 hours, 3.0 GPA and department approval. Repeatable up to six credit hours.

GB 0498 (Demand) 1-3 hrs. cr.
*Advanced Topics in General Business*
Special topics in General Business. For upper-division students. Topics to be announced each time the course is offered. Prerequisite: Senior standing or permission. Seminar topics offered in the past include office machines, career orientation and human relations.

GB 0499 (Demand) 1-6 hrs. cr.
*Independent Study in General Business*
Individually directed readings, research and discussions in selected areas of general business for advanced majors. Scope, depth, area of concentration and credit to be arranged upon entry into course. Offered by arrangement. Prerequisites: Permission and 3.0 GPA. Repeatable up to six credit hours.

Course Descriptions

IB 0210 (Demand) 3 hrs. cr.
Global Business Literacy
Introduction to the concepts of international trade and business. The course provides an overview of international organizations and business. The course will focus on cultural differences; theories and interdependencies of international trade and economic development; and discuss the positions of proponents and opponents of International Trade development. Not for Business Majors or for those who have taken IB 310. Prerequisites: None.

IB 0310 (F,S) 3 hrs. cr.
International Business
Introduction to the intricacies and complexities of international trade and business. The course provides an overview of the international organizations and the effects of the foreign environment on international business. The course will focus on cultural differences; theories of international trade and economic development; international finance; marketing internationally and practical applications of starting and maintaining international business relationships. This course is the prerequisite for higher level International Business courses. Prerequisite: ECON 180 or above.

IB 0352 (F) 3 hrs. cr.
International Human Resource Management
The course addresses the concepts, principles and practices of organizations who have chosen to participate in international activities either as a profit-seeking business, a not-for-profit or a governmental agency and wishes to improve the effective management of people in a global environment. The course will address the unique international issues including, but not limited to, human resource planning, recruiting, selecting orienting, training, evaluating and compensating employees in a legal, ethical and socially responsible manner. Prerequisite: IB 310 or instructor permission.

IB 0400 (F) 3 hrs. cr.
International Marketing
This course provides students with an understanding of the principles and practices of international marketing by studies of the international marketing environment, international marketing strategies, international marketing management and international marketing organization for international companies. Prerequisites: IB 310 and MM 300.
IB 0410 (S)  3 hrs. cr.  
International Management  
This course will focus on the development of management skills related to international business. The students will study the international business environment, international business strategy, international organizational structure and international management. Management issues for small and large international companies will be examined in the areas of management of activities, building of capabilities, management across boundaries, coordination and control and human resource management. Prerequisites: IB 310 and MM 350.

IB 0420 (Su)  3 hrs. cr.  
International Accounting  
Examination of accounting operations within a multinational corporate environment. Primary emphasis is on international financial reporting and standard setting with regard to different needs within different countries, harmonization, international financial statement analysis and accounting standards and practices in selected countries. Prerequisites: IB 310 and ACCT 202. Cross listed as ACCT 0420.

IB 0430 (F)  3 hrs. cr.  
International Corporate Finance  
This course focuses on the environment in which the international financial manager operates. Students study the risks of doing business overseas and the tools available to minimize those risks. Foreign exchange risk, political risk, foreign investments and international financing, working capital management, accounting and control are examined within this context. Prerequisites: IB 310 and ECON 350.

IB 0460 (S)  3 hrs. cr.  
Global Supply Chain Management  
This course will focus on the development of logistics management skills related to global supply chains. The students will study the international business environment as it relates to transportation modes and methods, trade agreements and trade zones, legal and security transportation issues, international conventions and import and export regimes. Particular attention will be given to supply chain management as part of the firm's strategic positioning, cultural interactions and quality considerations as well as to the importance of third party logistics providers. Prerequisites: IB 310 and IB 400.

IB 0491 (Demand)  1-6 hrs. cr.  
Internship in International Business  
An internship for senior International Business students with an opportunity to observe and participate in actual business operations within the community. All internships must conform to institutional policy regarding the number of hours of work, the number of credit hours and written agreements with the cooperating business or agency. Prerequisites: 65 hours, 3.0 GPA and department head approval. Repeatable up to six credit hours.

IB 0498 (Demand)  1-3 hrs. cr.  
Advanced Topics in International Business  
Special topics in international business. For upper-division students. Topics to be announced each time the course is offered.

IB 0499 (Demand)  1-6 hrs. cr.  
Independent Study in International Business  
Individually directed study, research and discussion in selected areas of International Business for advanced majors. Scope, depth, area of concentration and credit to be arranged upon entry into course. Offered by arrangement. Prerequisites: 65 hours, 3.0 GPA and department head approval. Repeatable up to six credit hours.

Faculty  Vernon - Head, Dawson, Gray, Jennings, Marion, Philibert, Stevens

Mission  
The mission of the Department of Management at Missouri Southern State University is to provide students with a superior education. Faculty combine effective teaching with scholarship and professional service and strive to provide students with practical and theoretical business competencies. These competencies prepare students for leadership positions and service in a diverse, global and competitive economy. Consistent with the university's mission, the Department of Management embraces an integration of liberal and professional education to enable students to develop the ability to excel in the complex work environment of business. The curriculum combines extensive management study with a focus on development of student competencies in the areas of professional integrity, social responsibility, oral and written communication, interpersonal relationships, technology management, research experience, international business affairs and critical thinking skills.

The BSBA management major course of study is designed to prepare the graduate for entry-level positions of responsibility in the for-profit, nonprofit and public sectors.

Mission

The mission of the Department of Marketing at Missouri Southern State University is to provide students with a superior education. Faculty combine effective teaching with scholarship and professional service and strive to provide students with practical and theoretical business competencies. These competencies prepare students for leadership positions and service in a diverse, global and competitive economy. Consistent with the university’s mission, the Department of Marketing embraces an integration of liberal and professional education to enable students to develop the ability to excel in the complex work environment of business. The curriculum combines extensive marketing study with a focus on development of student competencies in the areas of professional integrity, social responsibility oral and written communications, interpersonal relationships, technology management, research experience, international business affairs and critical thinking skills.

The BSBA marketing major course of study is intended to prepare graduates for positions in personal selling, product and services marketing, promotions, consumer behavior, marketing and sales analysis, retailing and supply chain logistics.

Course Descriptions

MM 0237  (F,S,Su)  3 hrs. cr.
Using Information Systems

Principles of information systems in the business environment. Covers components of personal and business information systems, file management and industry standard application software packages (i.e., word processing, spreadsheet, database, presentation and Internet browser). Includes hands-on use of
MM 0300  (F,S,Su)  3 hrs. cr.
Principles of Marketing
Survey of major marketing methods, institutions and practices. Retailing, wholesaling, distribution channels, marketing legislation, advertising, marketing research and marketing cost are treated from the standpoint of consumers, middlemen and manufacturers. Prerequisite: Junior standing.

MM 0312  (F,Su-Odd)  3 hrs. cr.
Retailing
Principles of successful retail management, including managing retail operations, administration and control, location analysis, merchandising, promotion and review of the retail environment with analytic and research methods applicable to retail problems. Prerequisite: MM 300.

MM 0321  (F,S)  3 hrs. cr.
Professional Sales and Sales Management
Covers the principles, methods and techniques of effective professional strategic and consultative selling, as well as the management of a professional sales staff. Prerequisite: MM 300.

MM 0337  (F,S,Su-Demand)  3 hrs. cr.
Management Information Systems
The course provides a basic understanding of data manipulation, evaluation and summarization to be used in the decision-making process and familiarizes students with management information systems and common business application software. The tools used are spreadsheet and database software. Students should learn to integrate software packages to address complex business problems. Prerequisite: MM 237.

MM 0340  (S)  3 hrs. cr.
Principles of Transportation
Principles of Transportation examines forms of transportation and institutional factors that influence transportation decisions; regulation, public policy and other governmental variables are reviewed in detail. An introduction to physical distribution’s interaction with transportation is explored. Prerequisite: MM 300.

MM 0345  (F,S)  3 hrs. cr.
Business Logistics
A survey of the management of logistic functions in the firm, including physical supply and distribution activities such as transportation, storage facilities, inventory control, materials handling, warehousing, financing and organization. Prerequisite: MM 300.

MM 0350  (F,S,Su)  3 hrs. cr.
Fundamentals of Organizational Management
A study of the fundamentals and functions of organizational management, including planning, decision making organization, leading and controlling from individual and group behavior perspectives. Prerequisites: Junior standing and ENG 101/102 or equivalent. Cross-listed as HS 350.

MM 0352  (F,S,Su)  3 hrs. cr.
Human Resource Management
Principles and practices of management with emphasis on the human factors, including procurement, development and maintenance of an effective work force. Prerequisite: MM 350 or consent of instructor.

MM 0354  (F,S,Su)  3 hrs. cr.
Quality Management
Quality Management (QM) is an overview of an evolving philosophy for continuous improvement of products, processes and services to enhance quality while reducing costs. It is a management/technical/cultural approach to the integration of all systems and processes of an enterprise to achieve “customer” satisfaction. Prerequisites: MM 350, GB 321 or consent of instructor.

MM 0360  (F)  3 hrs. cr.
Supply Chain Management
This course presents a survey of basic supply chain management among focal organizations and their tiered business partners. Emphasis on collaboration and planning related to major functional areas required to organize the flow of products from inception through delivery to satisfy final customer needs. Information and communication technology as an enabler of supply chain management strategies is also discussed. An appreciation of how the local supply chain functions as part of a global system is explored. Prerequisite: MM 300.

MM 0401  (S,Su-Even)  3 hrs. cr.
Integrated Marketing Communications
This course examines the planning, development and execution of integrated marketing communications programs with a focus on the promotional aspects of the marketing mix. Both traditional and online applications of marketing strategies are studied as they pertain to achieving an organization’s goals and objectives. The analysis of advertising media, the preparation of advertising programs and the formulation of campaigns are included in the course. Prerequisite: MM300.

MM 0405  (F,S,Su-Demand)  3 hrs. cr.
Internet Marketing
Addresses the new technological environment that marketers are facing by introducing strategic considerations related to technology and technology implementation. Explores the basics of marketing exchange utilizing the information highway, multimedia techniques, database marketing and interactive telecommunications; also gives students hands-on experience with relevant software. Prerequisites: MM 300 and MM 237 (or equivalent).

MM 0411  (F,S)  3 hrs. cr.
Labor and Employment Law
A primary emphasis on Fair Employment practices, Title VII of the Civil Rights Act and other major employer/employee legal relationship including, but not limited to, affirmative action, race, gender, age, disability and affinity orientation discrimination. Additional topics include Fair Labor Standards Act, Immigration Reform and Control Act, worker’s compensation and privacy issues. A secondary emphasis on the Labor-Management Relations Act, as amended, the bargaining unit and unfair labor practices. Prerequisite: Junior standing. Formerly GB 411.
MM 0412  (F,S,Su-Demand)  3 hrs. cr.
Marketing Strategy
Strategic aspects of marketing: problems involved in environmental scanning, goal setting, planning and strategies as they apply to product and service policy, financial objectives, promotional objectives, distribution policy and marketing intelligence. Prerequisites: Senior standing, MM 432, MM 470, MM 350 and ECON 350.

MM 0431  (F,S,Su)  3 hrs. cr.
Operations Management
Principles and decision analysis related to the effective utilization of the factors of production and operations in manufacturing activities for both intermittent and continuous systems. The study of operations management, analytical models and methods, facilities design and the use of computer modeling for control systems for effective production operations. Prerequisite: GB 321.

MM 0432  (F,S,Su-Demand)  3 hrs. cr.
Consumer Behavior
An interdisciplinary approach to the analysis and interpretation of consumer buying habits and motives and the resulting purchase of goods and services. The purchaser's psychological, economic and socio-cultural actions and reactions are stressed. Prerequisite: MM 300.

MM 0436  (S)  3 hrs. cr.
Services Marketing
The course focuses on the knowledge needed to implement quality service and service strategies for competitive advantage within the service sector. Service quality and recovery, the linking of measurement to performance, service mapping and cross functional treatment of issues are covered in this course. Prerequisite: MM 300.

MM 0441  (F,S,Su)  3 hrs. cr.
Organizational Behavior
The purpose of this course is to introduce the student to the study of individual and group behavior within an organization. Current and emerging theoretical and practical knowledge for understanding topics such as motivation, leadership, managerial decision-making, group processes and conflict resolution. Prerequisite: MM 350.

MM 0445  (Demand)  3 hrs. cr.
Compensation and Benefit Management
The course includes principles and practices of compensation and benefit management addressing both intrinsic and extrinsic issues. With an emphasis on strategic analysis, the course will address the theory and practices that include the basis for compensation, compensation systems, benefits, executive compensation and the international implications of the global economy. Prerequisite: MM 350 or consent of the instructor.

MM 0447  (Demand)  3 hrs. cr.
Employee Training and Development
An examination of current practices and research in the area of employee training and development to include needs analysis, instructional design and the evaluation of training in organizations. Additional course topics include the strategic role of training, learning management, knowledge management, as well as employee and career development. Prerequisite: MM 350.

MM 0450  (S)  3 hrs. cr.
The Psychology of Human Resource Management
Traditional areas of human resource management/organizational psychology are addressed, including group interaction, communication, retention, interviewing, diversity, conflict management and legal issues. An interdisciplinary approach will be taken. The contents will be presented using both theory and experimental methods.

MM 0452  (F,S,Su)  3 hrs. cr.
Strategic Management  (Writing Intensive)
A capstone course integrating business disciplines with formal analyses of the organization's macro and industry environment; mission and goals; and strategy formulation, implementation and control using computer simulation and/or the case method approach. Prerequisites: Senior standing, MM 300, MM 350 and ECON 350; should be taken during the last semester of university work.

MM 0470  (F,S)  3 hrs. cr.
Marketing Research
The systematic gathering, recording, analyzing and presentation of data relating to market analysis, sales analysis, consumer research, advertising research and attitude research. Prerequisites: GB 321 and six hours of marketing.

MM 0491  (Demand)  1-6 hrs. cr.
Internship in Marketing/Management
An internship for senior marketing/management students with an opportunity to observe and participate in actual business operations within the community. All internships must conform to institutional policy regarding the number of hours of work, the number of credit hours and written agreements with the cooperating business or agency. Prerequisites: 65 hours, 3.0 GPA and department approval. Repeatable up to six credit hours.

MM 0498  (Demand)  1-3 hrs. cr.
Advanced Topics in Marketing/Management
For upper-division students. Topics to be announced each time the course is offered. Prerequisite: Senior standing or permission.

MM 0499  (Demand)  1-6 hrs. cr.
Independent Study in Marketing/Management
Individually directed readings, research and discussion in selected areas of Marketing/Management for advanced majors. Scope, depth, area of concentration and credit to be arranged upon entry into course. Offered by arrangement. Prerequisites: Permission and a minimum 3.0 GPA. Repeatable up to six credit hours.

Objectives
The objectives of the School of Education are:
1. to ensure the transmission of knowledge regarding the social, historical and philosophical foundations of each discipline;
2. to foster an awareness of the cultural diversity that exists in society and to provide knowledge relative to the contributions made by various cultures in each discipline;
3. to integrate and apply technology relevant to research and professional productivity;
4. to develop critical thinking, communication and professional collaboration skills;
5. to instill an awareness and understanding of the personal and professional impact of participation in professional organizations and a commitment to lifelong learning;
6. to develop professional attitudes and ethical standards;
7. to support opportunities for faculty and staff to remain current and to conduct research in their respective disciplines;
8. to provide instructional facilities and equipment essential to the delivery of effective instruction;
9. to encourage faculty to provide consultation services and to otherwise serve as resources for the area and,
10. to maintain the viability of the School of Education’s programs through systematic and continuous assessment, evaluation and modification.

Mission
The mission of the Missouri Southern School of Education is to create an inclusive and equitable learning environment that promotes intellectual and personal growth through scholarship, research and practical application.

Faculty
Lipira - Head, Beeler, Conklin, Com, Darnell, Gray, Hobbs, Hubbard, Mitts, Ressel, Rutledge, B. Tatum, J. Tatum, Vavra, Willis, Wright

Mission
The Department of Kinesiology supports the Missouri Southern State University mission to offer a liberal arts baccalaureate program that fosters the total education of each student. The department emphasizes quality teaching and academic advising, while promoting dedicated community and university service. The curriculum prepares future professionals to be successful at promoting healthy, active lifestyles in a global society.

The Kinesiology Department offers two degrees: the Bachelor of Science in Education degree (BSE) with a major in Physical Education K-12 and the Bachelor of Science (BS) degree with a major in Health Promotion and Wellness.

Candidates in the Department of Kinesiology are strongly encouraged to become involved with professional clubs and organizations at the departmental, state and national levels. The Department’s programs of study reflect guidelines from the National Council for Accreditation of Teacher Education (NCATE), the American Alliance for Health, Physical Education, Recreation and Dance (AAHPERD), the National Association for Sport and Physical Education (NASPE), Missouri Department of Elementary and Secondary Education (DESE), the American College of Sports Medicine (ACSM), the American Red Cross and requirements from the School of Education at Missouri Southern State University. Students studying in the Department of Kinesiology must earn a grade of ‘C’ or better in all required courses with a “Kine”, “Educ” or “PSY” prefix.

Physical Education
Students who desire certification as a teacher of physical education will become qualified at both the elementary and secondary level (K-12). Physical Education K-12 majors should refer to page 185 where the requirements for Missouri Southern’s teacher education program are listed.

Health Promotion and Wellness
Graduates in this major will be prepared to promote life-style strategies to prevent illness and improve quality of life. Students seeking the health promotion and wellness degree must choose a clinical or non-clinical track and will actively participate in an internship experience in their final semester. Upon completion of the program, graduates may seek professional opportunities in a wide variety of areas including, but not limited to:
With a Major in Physical Education K-12
Bachelor of Science in Education for students who desire to pursue athletic training at the graduate level. Southern does not offer a degree in Athletic Training; however, students in Athletic Training are eligible to take the exam. Missouri has a certification examination for athletic trainers. To become a certified athletic trainer, one must pass the Praxis Exam for Health Education (#0550).

Coaching
In the state of Missouri, head and assistant coaches in all sports must be certified teachers or administrators and be contracted by the Board of Education for the full school year as a full- or part-time teacher or administrator. The school board may also hire, as an assistant coach only, an individual who possesses a valid substitute or temporary authorization certificate, provided the school gives evidence that the position is required to maintain existence of the program and/or an adequate safety level, the coach completes an in-service training program and a copy of the current teaching certificate is on file at the school. For the coaching requirements of another state, students will need to contact the state’s governing agency. For students with an interest in coaching, we offer a number of related courses. These courses are not required and are considered electives.

Athletic Training
To become a certified athletic trainer, one must pass the National Athletic Training Exam. Only persons with a degree in Athletic Training are eligible to take the exam. Missouri Southern does not offer a degree in Athletic Training; however, for students who desire to pursue athletic training at the graduate level, we do offer a number of related courses.

Course Descriptions

KINE 0101 (F,S,Su) 1 hr. cr.
Introduction to Physical Activity
Designed to assist students in developing proficiency in a physical activity to increase the likelihood of lifetime participation. Non-repeated activities may be taken a maximum of three times for credit.

KINE 0103 (F,S,Su) 2 hrs. cr.
Lifetime Wellness
Designed to provide students with the knowledge and self-management skills that will assist them in adopting healthy lifestyles. The course will encompass all areas of wellness: physical, emotional, spiritual, social and intellectual.

KINE 0113 (F,S) 2 hrs. cr.
Wellness for the Health Professional
Contemporary information about the beneficial effects of a healthy lifestyle and how to implement and live such a lifestyle. Required and limited to students studying in the Department of Kinesiology.

KINE 0114 (F,S) 2 hrs. cr.
Fitness Programming and Assessment
Designed to teach introductory theory and technique in exercise testing and programming, based on the American College of Sports Medicine guidelines and certification requirements. Students will participate in and conduct tests of cardiorespiratory fitness, muscular strength and endurance, joint flexibility and body composition. Prerequisite: KINE 113 or KINE 103.

KINE 0135 (S) 2 hrs. cr.
History and Philosophy of Physical Education
Changing role of physical education from past to present as evidenced through the influence of the various philosophies. Prerequisite: KINE 113 or concurrently.

KINE 0150 (Demand) 3 hrs. cr.
Rules and Officiating of Team Sports
Knowledge and skills for officiating basketball, volleyball, softball, baseball and football; officiating laboratory required in some areas.

KINE 0160 (Demand) 2 hrs. cr.
Personal and Community Health
Study of the major risk factors determining health status, with special consideration given to principles and practices of good health for individual and community concerns, including personal and community assessments, body mechanics, nutrition, legal and illegal substances, responsible sexual behavior, mental health and the cause and prevention of disease.

KINE 0170 (Demand) 2 hrs. cr.
Drug Education
Examine the dimensions and problems of drug use and abuse in our society. Basic information on drug classifications, as well as specific content areas dealing with pharmacology, legisla-
tion, drug testing, drug education and prevention efforts will be covered. Key societal influences will be addressed including drugs in the workplace, in sports, in medicine and throughout our culture.

KINE 0220  (F,S,Su)  2 hrs. cr.
First Aid and Sport Safety
Designed to offer students the knowledge and skills necessary to sustain life, in an emergency situation, by minimizing the consequences of injury and sudden illness until medical help arrives. Strategies for providing a safe environment for athletes and injury prevention will also be presented. Students receive certification through the American Red Cross in First Aid and CPR.

KINE 0251  (F)  3 hrs. cr.
Lifetime Activities I
Study of the skills and instructional strategies of selected lifetime activities commonly found in the school physical education curriculum. Health Promotion majors will participate in traditional as well as contemporary exercise interventions. Enrollment restricted to students studying in the Kinesiology Department. Prerequisite: KINE 113.

KINE 0252  (S)  3 hrs. cr.
Lifetime Activities II
Study of the skills and instructional strategies of selected lifetime activities commonly found in the school physical education curriculum. Enrollment restricted to Physical Education majors. Prerequisite: KINE 113.

KINE 0255  (F,S)  2 hrs. cr.
Dance & Recreational Pursuits
Students will develop and refine the content knowledge and pedagogical skills needed for instructing dance, rhythms and lifelong leisure activities. Prerequisite: KINE 113.

KINE 0260  (Demand)  2 hrs. cr.
Theory of Basketball
Organization and management of a school basketball program. Offensive and defensive systems, rules, strategies, drills and fundamentals are studied.

KINE 0261  (Demand)  2 hrs. cr.
Theory of Football
Organization and management of a school football program. Offensive and defensive systems, rules, strategies, drills and fundamentals are studied.

KINE 0262  (Demand)  2 hrs. cr.
Theory of Track and Field
Organization and administration of meets, coaching, physical conditioning and training for each event in track and field programs.

KINE 0263  (Demand)  2 hrs. cr.
Theory of Volleyball
Organization and management of volleyball competition. Offensive and defensive systems, rules, strategies, drills and fundamentals are studied.

KINE 0264  (Demand)  2 hrs. cr.
Theory of Baseball & Softball
Organization and management of a school baseball/softball program including individual techniques, team play and challenges in coaching.

KINE 0265  (Demand)  2 hrs. cr.
Theory of Soccer
Organization and management of soccer competition. Systems of offense and defense, rules, strategy and fundamentals of soccer are studied.

KINE 0292  (F,S)  2 hrs. cr.
Theory and Technique of Strength Training
Designed to assist health promotion professionals with designing and implementing strength training programs and with weight room management. Required and limited to students studying in the Department of Kinesiology. Prerequisite: KINE 113.

KINE 0295  (F,S)  1 hr. cr.
Orientation to Health Promotion and Wellness
An orientation to health promotion and wellness. A 15 clock-hour field based component is a part of this class. Students will receive initial exposure to community and hospital health promotion and wellness programs as well as Southern’s Wellness Program. Limited to Kinesiology majors. Prerequisite: KINE 113.

KINE 0305  (S)  2 hrs. cr.
Aging and Health
Designed to explore the physiological process of aging and the role of interventions. Students will conduct assessments and participate in activities appropriate for the aging population. Prerequisite: KINE 103 or KINE 113.

KINE 0310  (F)  3 hrs. cr.
Theory and Technique of Elementary Physical Education I
Designed to provide pedagogical knowledge and application necessary for instruction of physical education with the elementary school child. Emphasis on motor skill instruction and analysis, curricular design, lesson planning and class management. Enrollment restricted to Physical Education majors. Prerequisite: KINE 251 or KINE 252.

KINE 0311  (F,S)  2 hrs. cr.
Physical Education for the Elementary School
Provides elementary education candidates with the skill, content and pedagogical knowledge necessary to design and implement an interdisciplinary physical education program. Emphasis is on development of the total child through physical activity. Prerequisite: EDUC 329 or concurrent enrollment in EDUC 329.

KINE 0312  (S)  3 hrs. cr.
Theory and Technique of Elementary Physical Education II
Designed to provide pedagogical knowledge and practical experience for instruction in the elementary school physical education setting. Emphasis on physical fitness assessment, unit
planning and lifetime activity and sport instruction. Includes an 18-hour field experience. Prerequisite: KINE 310.

KINE 0321  (S)  3 hrs. cr.
Theory and Technique of Secondary Physical Education
Offers pedagogical considerations necessary to develop teaching methodologies relative to lesson plan construction, class organization and evaluation of students. Teaching sessions will provide the opportunity to experience a variety of teaching methods and organizational styles. Enrollment restricted to Physical Education majors. Prerequisite: KINE 251 or KINE 252.

KINE 0325  (F,S)  2 hrs. cr.
Practicum in Sports Medicine
This course is designed to provide the student the opportunity to observe and participate in athletic training procedures performed on athletes in the MSSU athletic training facility. (80 hours). Can be repeated once for additional credit. Prerequisites: KINE 220 and permission of instructor.

KINE 0332  (F,S)  2 hrs. cr.
Theory and Technique of Movement and Rhythms
Designed to develop content knowledge and pedagogical skill in the area of dance and rhythmic activities developmentally appropriate for the PK-6 elementary physical education curriculum. Emphasis on movement concepts through activities involving creative dance, singing games, dances of American origin, international folk dances and a variety of rhythmic activities. Prerequisite: KINE 211 or 252

KINE 0340  (F,S,Su)  2 hrs. cr.
Motor Learning in Physical Education
Designed to provide students with the background necessary for identification of physical, mental, social and emotional development and the effects on behavior movement. Prerequisite: 30 hours.

KINE 0342  (F,S)  3 hrs. cr.
Biomechanical Analysis of Movement
A biomechanical approach to the study of forces on the human body with an emphasis on performance improvement, injury prevention and rehabilitation in sport and exercise. Prerequisite: BIO 201.

KINE 0345  (F,S)  2 hrs. cr.
Tests and Measurements in Physical Education
Designed to introduce students to the techniques of measuring and evaluating performance. Includes preparation and administration of skill, fitness and written tests along with statistical procedures for data analysis. Prerequisite: KINE 114 and MATH 125 or higher.

KINE 0352  (F,S)  3 hrs. cr.
Administration in Health Promotion
Provides students with the skills and knowledge necessary to design organize and implement appropriate health promotion programs. Required and limited to students seeking a degree in Health Promotion and Wellness. Prerequisites: KINE 113 and KINE 295.

KINE 0355  (Su)  1 hr. cr.
Lifetime Sports Academy Practicum
A one-week practicum designed to provide students with practical teaching experience of children in lifetime sports and recreational activities. The Lifetime Sports Academy is held annually on the campus of Missouri Southern State University during the second week of June and is open to all elementary-aged children. Required of Physical Education majors. Can be repeated once for additional credit.

KINE 0365  (F)  2 hrs. cr.
Psychological Aspects of Physical Education
Behavior exhibited in the learning of skills and physical performance related to psychological concepts connected with the demands of physical activities. Particular attention given to self-efficacy, motivation and participation and their effect on physical performance and personal wellness.

KINE 0366  (S)  2 hrs. cr.
Social Aspects of Physical Education
Knowledge of the sociological aspects of physical activity relevant to physical education in schools. Particular attention given to the role of physical activity in social, ethical and moral development of citizens.

KINE 0370  (F,S)  3 hrs. cr.
School Health Education  (Writing Intensive)
This course provides the background information and skills teachers need to implement comprehensive school health education at the grade levels in which they are certified. Prerequisite: EDUC 329 or concurrent enrollment in EDUC 329.

KINE 0375  (F,S)  2 hrs. cr.
Adapted Physical Education  (Writing Intensive)
Provides information and strategies to assist professionals in designing and implementing appropriate physical activity programs for individuals with disabilities.

KINE 0385  (F,S,Su)  3 hrs. cr.
Nutrition for Human Development
Students will examine nutrition associated with human development and performance. Emphasis on the physiological and biochemical basis of nutrient absorption and utilization. Particular attention will be given to evaluating and developing strategies for optimal nutrition at various life stages. Prerequisite: any biology or chemistry course.

KINE 0395  (F,S)  2 hrs. cr.
Practicum in Wellness
Students will gain experience in planning, implementing and evaluating various aspects of health promotion programs. Knowledge of wellness programs will be enhanced by the development and refinement of skills appropriate to the discipline. Out of class opportunities will include working with the Missouri Southern Wellness Program and/or the community. Prerequisite: KINE 295.

KINE 0431  (F,S)  2 hrs. cr.
Physiology of Exercise
Study of the effects of acute and chronic exercise on the systems of the body. Emphasis on metabolism, nutrition and human performance. Prerequisite: BIO 201.
The Psychology Department offers two degrees: the Bachelor of Arts (BA) and the Bachelor of Science (BS). Both degrees have the same General Education and psychology course requirements. In addition, the BA includes an emphasis on foreign language and the BS includes an emphasis in science. Both degrees prepare students for careers that require a broad liberal arts education at the bachelor’s level. Recent graduates with both degrees have entered careers in human and social services, research and business. The BA and BS degrees provide an excellent foundation for students who wish to earn advanced graduate degrees or go to professional school. Almost half of the recent graduates have entered into graduate programs.

The Psychology Department also provides courses to meet the needs of other majors. PSY 100 fulfills a General Education Requirement. Students may also earn a minor in psychology. In order to graduate with a major in Psychology, a student must meet the following three requirements:

1. Earn a 2.50 or above overall GPA.
2. Earn a 2.50 or above in the Psychology major.
3. Successfully complete online training in academic integrity and then sign a pledge, after the online training, to indicate that the student: a) understands the issues related to plagiarism and cheating; b) will uphold high standards of academic integrity; and c) may not be allowed to continue taking psychology courses if found to have cheated or plagiarized.

Student Organizations
Psychology Club is open to all students who are interested in psychology. The club provides an informal setting for students to learn more about psychology. The club sponsors a wide variety of social and intellectual activities each semester.

Psi CHI - The International Honor Society in Psychology recognizes academic excellence and stimulates further scholarship. Psi CHI members are invited to participate in national and regional professional events. Locally, the Psi CHI members share many activities with the Psychology Club.

Course Descriptions

PSY 0100 (F,S) 3 hrs. cr.
General Psychology
Introductory course stressing the importance of the psychological mechanisms underlying all human behavior. Honors: The same topics as General Psychology above. Designed and specially taught for Honors students.

PSY 0200 (F,S) 3 hrs. cr.
Child Development
The course covers development from conception to late childhood, including physical, cognitive, emotional and social development. Theories and methods of developmental psychology will be discussed. Prerequisite: PSY 100 with a minimum grade of ‘C’. No credit will be given if PSY 205 has been completed.

PSY 0201 (F,S) 3 hrs. cr.
Adolescent Development
The course covers development from puberty to early adulthood including physical, cognitive, emotional and social devel-

Dr. Robert McDermid

opment. Theories and methods of developmental psychology will be discussed. Prerequisite: PSY 100 with a minimum grade of 'C'. No credit will be given if PSY 205 has been completed.

**PSY 0205 (F,S) 4 hrs. cr.**
**Child & Adolescent Development**
Various aspects of human development from conception, infancy, childhood, transcence to adolescence will be examined, including, physical, emotional, social and cognitive development. Emphasis is given to theoretical framework its practical implications. Cross-cultural variety will be included wherever appropriate. Prerequisites: PSY 100 with a minimum grade of 'C'. One hour credit will be given if PSY 200 or PSY 201 have been completed.

**PSY 0221 (F,S) 3 hrs. cr.**
**Personal Adjustment**
The course addresses selected principles of adjustment, ways of coping and research of practical value. Topics include the nature and management of stress, interpersonal communication, relationship dynamics, self concept and the connection between physical and mental health.

**PSY 0282 (F) 3 hrs. cr.**
**Applied Behaviorism**
Techniques of modifying behavior through principles developed by learning psychology. Emphasis on design and implementation of behavioral strategy in the laboratory, as well as practical settings. Prerequisite: PSY 100 with a minimum grade of 'C'.

**PSY 0298 (Demand) 1-3 hrs. cr.**
**Topics in Psychology**
Designed to give instruction in some area of Psychology not covered in other courses. Prerequisites to be determined by department.

**PSY 0310 (F,S) 2 hrs. cr.**
**Educational Psychology**
Psychological problems involved in education and the practical application of psychological principles of teaching. Special emphasis on the learner, the learning process and the learning situation. Prerequisite: PSY 100 with a minimum grade of 'C'.

**PSY 0320 (F,S) 3 hrs. cr.**
**Applied Statistics for the Behavioral and Natural Sciences**
The course includes descriptive and inferential techniques. The analysis and interpretation of data is emphasized. Prerequisites: PSY 100 with a minimum grade of 'C' (or permission) and MATH 125, 130 or 131 with a minimum grade of 'C'.

**PSY 0325 (F,S) 3 hrs. cr.**
**Computers in the Behavioral Sciences**
Applications of computers in behavioral sciences with an emphasis on statistical analysis, data collection and report generation. Prerequisite: PSY 320 with a minimum grade of 'C'.

**PSY 0330 (F,S) 5 hrs. cr.**
**Experimental Psychology (Writing Intensive)**
The research process is the foundation for knowledge in the field of psychology. This laboratory course stresses the acquisition of basic skills in conceiving and carrying out research, as well as analyzing results and writing reports in a professionally acceptable manner. Prerequisites or corequisites with a minimum grade of 'C': PSY 325, ENG 101, 102 or 111.

**PSY 0341 (F) 3 hrs. cr.**
**Social Psychology**
Introduction to the scientific study of social thinking (how we view ourselves and others), social influence including conformity, persuasion and group influence) and social relations (including prejudice, aggression, attraction and altruism). Prerequisite: PSY 100 with a minimum grade of 'C'.

**PSY 0343 (S) 3 hrs. cr.**
**Human Sexuality**
Surveys current research and theory related to human sexuality. Human sexual behavior and attitudes are viewed from biological, psychological, historical and cultural perspectives. Prerequisite: PSY 100 with a minimum grade of 'C'.

**PSY 0386 (F,S) 3 hrs. cr.**
**Conditioning & Learning**
Leading theories and research in the field of learning. Topics include Non-Associative Learning, Classical Conditioning, Instrumental Learning, Stimulus Control of Behavior, Punishment, Avoidance Behavior and Cognitive Processes. Prerequisite: PSY 320 with a minimum grade of 'C'.

**PSY 0390 (F,S) 1 hr. cr.**
**Junior Seminar (Writing Intensive)**
For Junior Psychology majors. Information & experiences helpful in making decisions about and preparing for careers, emphasizing preparation for either graduate school or baccalaureate level employment. Corequisites or prerequisites with a minimum grade of 'C': PSY 320, ENG 101, 102 or 111.

**PSY 0411 (S-Odd) 3 hrs. cr.**
**Sensation and Perception**
Includes classical and modern psychophysical techniques. The physiology of various sensory systems, e.g. vision and audition, are examined in order to appreciate the nature of perception. Prerequisites: PSY 100 and any Biology course with a minimum grade of 'C' in each.

**PSY 0412 (F,S) 2 hrs. cr.**
**Measurement and Evaluation in Education and Psychology**
Explores theories and problems of measurement and the assessment of learning. Contemporary and classical approaches to measuring achievement in the educational setting are examined. Prerequisite: PSY 310 with a minimum grade of 'C' or consent of instructor.
PSY 0415 (F) 3 hrs. cr.
Animal Behavior
Research in animal behavior from a phylogenetic perspective. Includes theoretical approaches, ethological methods, ethical concerns, sensory capacities, learning, cognition and social behavior of animals. Field observations and experimental research for each topic. Field trips are planned to supplement lectures and discussions. Prerequisites: PSY 100 and any Biology course with a minimum grade of ‘C’ in each.

PSY 0420 (Demand) 3 hrs. cr.
Psychology in Film
An advanced course in psychology examining the use of psychological concepts in feature films. Readings will accompany each film and address the significant concepts illustrated. Specific topics will vary. Prerequisites: PSY 100 with a grade of ‘C’ or better and 6 additional hours of psychology or permission from instructor.

PSY 0422 (S) 3 hrs. cr.
Theories of Personality
Survey of major contemporary theories of personality, issues of personality assessment and current research. Prerequisite: PSY 100 with a minimum grade of ‘C’ and junior standing.

PSY 0432 (F,S) 3 hrs. cr.
Abnormal Psychology
Recognition and classification of the systems of mental disorders, specifying causes and possible therapeutic techniques. Extensive use of the American Psychiatric Association’s Diagnostic and Statistical Manual of Mental Disorders. Prerequisite: PSY 100 with a minimum grade of ‘C’.

PSY 0435 (S) 3 hrs. cr.
Clinical Psychology
Survey of history, current methods, guild issues and future developments of clinical practice. Seminar format with considerable student participation. Prerequisites: Junior standing and 15 hours of psychology with minimum grades of ‘C’.

PSY 0442 (S-Even) 3 hrs. cr.
Physiological Psychology
Structure and function of the nervous system from the individual neuron to the behavior of the organism. The biological basis of movement, sleep, homeostasis, sexual behavior, emotion, learning, language and abnormal behavior will be examined from an ontogenetic and phylogenetic perspective. Prerequisites: PSY 100 and any Biology course with a minimum grade of ‘C’ in each.

PSY 0443 (F,S) 3 hrs. cr.
Memory and Cognition
Designed to acquaint the student with the classic and current research findings in the field of cognitive psychology. General topics include attention, working memory, long-term memory; knowledge representation and language processing. Prerequisites: Junior standing and 15 hours of Psychology with a grade of ‘C’ or above.

PSY 0481 (F,S) 3 hrs. cr.
Senior Thesis (Writing Intensive)
Students design and conduct research projects resulting in a written thesis and an oral presentation. Prerequisites: PSY 330, ENG 101, 102 or 111 with a minimum grade of ‘C’ and Senior standing.

PSY 0498 (Demand) 1-3 hrs. cr.
Advanced Topics in Psychology
Designed to give advanced instruction in some area not covered in other courses. For upper division majors. Prerequisites to be determined by department.

PSY 0499 (Demand) 1-3 hrs. cr.
Independent Study
Course structured by adviser with approval of department head. Prerequisite: Advanced standing in major field. Registration must be approved by adviser and department head.

TEACHER EDUCATION
Taylor Hall 232 • 417.625.9309

Faculty Cade - Head, Caltharp, Cozens, S. Craig, W. Edwards, Faine, Flatt, Freeman, Gallemore, Hackett, Hellman, Morris, Overdeer, Pulliam, Robertson, V. Spencer

Mission
The mission of the Teacher Education Department is to develop reflective educators for a global society

Vision
The MSSU Teacher Education faculty and staff are dedicated to developing competent teachers who will incorporate into their classrooms a strong foundation of knowledge and pedagogy; a lifelong love of teaching and learning; and motivation to improve practice through reflection, self-study and professional development. It is our goal to assure that all candidates become ethical classroom practitioners, cognizant of the need to help all students meet their full learning potential.

All Teacher Education programs have been approved by the Missouri Department of Elementary and Secondary Education (DESE) and accredited by the National Council for the Accreditation of Teacher Education (NCATE).

Program Objectives
Objectives for all programs in teacher education can be found in the Teacher Education Program Policy Handbook for Faculty and in the Teacher Education Program Policy Handbook for Students. Objectives for the student teaching program can be found in the Policy Handbook for Student Teachers, Cooperating Teachers and University Supervisors.

Teacher Education
The descriptions of the teacher education programs and the requirements that are listed for each program in teacher education in this catalog are subject to change during the period that this catalog is in use as required by external agencies. As
changes are made by the State Department of Elementary and Secondary Education (DESE), legislative and regulatory bodies and accrediting agencies; candidates in the program will be alerted through the advising process. Teacher education candidates are responsible for their programs of study. They are encouraged to obtain degree plan sheets for the program they are pursuing and work closely with their advisers.

Eligibility for current certification is a requirement for graduation. Transfer students with a Missouri Associate of Arts degree will need to meet several MSSU General Education Requirements. The Assistant Teacher Certification Officer, Taylor Hall 222, must complete a transcript evaluation as the core is not automatically complete for certification.

The Teacher Education Program consists of the Teacher Education Department and Conceptual Framework Committee, the Teacher Education Council and NCATE sub-committees. The Teacher Education Department oversees all teacher education programs and is specifically responsible for the elementary education program grades 1 through 6; early childhood education program, birth through grade 3; middle school program, grades 5 through 9; special education programs, grades K through 12.

The Dean of the School of Education is the chief spokesperson for the teacher education program and in this capacity is the chief administrator responsible for the teacher education programs. The Dean serves under the direction of the President of the University and the Vice President for Academic Affairs.

The Teacher Education Program is based on a conceptual framework that defines the role of the teacher as a reflective decision maker. In this role, the teacher must make decisions about pedagogical design and lesson design. Our conceptual framework creates teachers who can think critically, formulate decisions related to the multiple roles of teaching for its successful achievement and develops reflective educators for a global society. An extension of the role of the teacher as a reflective decision maker includes the teacher as a practitioner, lifelong learner, researcher, provider of service and change agent.

Central to the preparation for teaching is the conceptual framework, composed of professional knowledge, skills and dispositions that have been gathered from research, reported effective practices, from learned societies in such areas as human growth and development, learning theory, assessment, cultural diversity and special needs, curriculum content, psychological, sociological, historical and philosophical foundations, principles of effective instruction and school effectiveness.

The Professional Dispositions recognized by the MSSU Teacher Education Department consist of the following four areas: Disposition Toward Self, Disposition Toward Others, Perception of Purpose and Frame of Reference.

In order to be an effective educational decision maker, the teacher must possess certain knowledge, cognitive abilities and pedagogical skills. These are included in the following 11 standards:

1. The preservice teacher understands the central concepts, tools of inquiry and structures of the discipline(s) within the context of a global society and creates learning experiences that make these aspects of subject matter meaningful for students.

2. The preservice teacher understands how students learn and develop and provides learning opportunities that support the intellectual, social and personal development of all students.

3. The preservice teacher understands how students differ in their approaches to learning and creates instructional opportunities that are adapted to diverse learners.

4. The preservice teacher recognizes the importance of long-range planning and curriculum development and develops, implements and evaluates curriculum based upon student, district and state performance standards.

5. The preservice teacher uses a variety of instructional strategies to encourage students’ development of critical thinking, problem solving and performance skills.

6. The preservice teacher uses an understanding of individual and group motivation and behavior to create a learning environment that encourages positive social interaction, active engagement in learning and self-motivation.

7. The preservice teacher models effective verbal, nonverbal and media communication techniques to foster active inquiry, collaboration and supportive interaction in the classroom.

8. The preservice teacher understands and uses formal and informal assessment strategies to evaluate and ensure the continuous intellectual, social and physical development of the learner.

9. The preservice teacher is a reflective practitioner who continually assesses the effects of choices and actions on others. This reflective practitioner actively seeks out opportunities to grow professionally and utilize the assessment and professional growth to generate more learning for more students.

10. The preservice teacher fosters relationships with school colleagues, parents and educational partners in the larger community to support student learning and well-being.

11. The preservice teacher understands theories and applications of technology in educational settings and has adequate technological skills to create meaningful learning opportunities for all students.

Admission to the Teacher Education Program
After the candidate declares a major in teacher education, two levels of admission to the Teacher Education Program exist.

The first level is application for tentative formal admission, which may be after the candidate has declared a teacher education major and successfully completed 55 semester hours of prescribed course work. See the Department of Teacher Education for application deadlines for fall and spring semester.

Students must have tentative formal admittance before courses can be taken in professional education. Courses with an EDUC prefix cannot be taken until the Junior Block (EDUC 321, 329, & 423) has been completed, except for EDUC 100, EDUC 280,
EDUC 302 and 304, which should be taken prior to the Junior Block. EDUC 301 must be taken before or concurrently with the Junior Block. EDUC 316, EDUC 323, EDUC 342, EDUC 348, EDUC 422 and EDUC 430 may be taken concurrently with the Junior Block classes.

Qualifications for tentative formal admission include the following:

1. Submit a completed application that is signed by the candidate’s adviser.
2. Have a cumulative GPA of 2.75 in all course work. All candidates in education must maintain a cumulative GPA of 2.5 in their teaching areas, e.g., art, mathematics, elementary education, etc. Additional department/content requirements may apply.
3. Pass all sections of the Missouri C-Base Test with a minimum score of 235. (This test is not required of post baccalaureates.)
4. Have a composite ACT enhanced score of 20 (for candidates with an SAT score see the department of Advising, Counseling and Testing Services for conversion).
5. Applicants who have been convicted of a misdemeanor or felony, including a suspended imposition of sentence (SIS) must identify themselves by so indicating on the application for admission form. Upon identification the candidate will need to make certain documents and information available to the Admissions and Retention Committee of the Teacher Education Program, i.e., conviction status, probation information, recommendations from court and public officials associated with the conviction. This process must be repeated when application is made for student teaching. There is a process that must be followed before consideration is given for certification in the State of Missouri. Failure to identify oneself will cause the candidate to be immediately removed from the program.
6. Submit a faculty recommendation form completed by an MSSU faculty member.

When candidates attain these qualifications, they will receive tentative formal admission to the Teacher Education Program and subsequent notification.

The second level is formal admission, which is granted after the candidate successfully completes the eight credit hour Junior Block: EDUC 321, Microteaching; EDUC 329, Pedagogical Theory, Methods and Practices; and EDUC 423, Classroom Management. The candidate must be recommended by the instructors of these courses. The candidate must maintain a cumulative GPA of 2.75. If at any point in the program a candidate’s GPA drops below accepted levels, the candidate will be dismissed from the teacher education program.

In addition to successful completion of the Junior Block, candidates must complete the Human Relations Incident (HRI) and the Teacher Dispositions Index (TDI). These assessments are taken during the junior block semester and are required for formal admission to the program.

The candidate must maintain a cumulative GPA of 2.75. If at any point in the program a candidate’s GPA drops below accepted levels, the candidate will be dismissed from the teacher education program.

Grades below a ‘C’ in professional education courses will not be accepted for the degree requirements in teacher education. Candidates seeking certification in elementary education, middle school education, secondary education, special education and early childhood education must have a grade of ‘C’ or better in each of the courses in these certification areas.

The following list are courses at MSSU that must have a grade no lower than a ‘C’. The Department of Elementary and Secondary Education (DESE) classifies these courses under professional requirements as foundations of teaching, teaching methods, elementary school courses and clinical experiences.

A) ALL “EDUC” prefix classes

B) Psychology classes:
- PSY 100 General Psychology
- PSY 200 Child Development
- PSY 201 Adolescent Development
- PSY 205 Child/Adolescent Development
- PSY 310 Educational Psychology
- PSY 412 Measurement & Evaluation

C) Elementary Education Requirements:
- GEOG 101 OR GEOG 211 3
- ECON 180 American Economic System 3
- MATH 119 MATH Elementary Teacher I 3
- MATH 120 MATH Elementary Teacher II 3
- ENG 325 Children’s Literature 3
- ART 220 Art Education 2
- MUS 332 Music for Elementary School 2
- KINE 311 PE for Elementary School 2
- KINE 370 School Health 3

Candidates qualifying for formal admission to the program will be notified in writing. The date of formal admission will be entered on the candidate’s record by the Registrar. Candidates who have not met the criteria will also be notified and corrective measures suggested.

Admission to Student Teaching

After completion of EDUC 329, Pedagogical Theory, Methods and Practices, but before the professional semester, candidates in early childhood education, elementary education, middle school education and special education take approximately 26 or more hours of work in professional education and in a teaching specialty. During this time, the candidate must maintain a cumulative GPA of 2.75 or better and a GPA of 2.5 or better in the teaching specialty. The candidate must earn a ‘C’ or better in all professional education courses and must retake courses in which a grade lower than ‘C’ is earned. Additional department/content requirements may apply. The candidate is expected to maintain those personal and professional requirements that were met as part of the admission requirements to teacher education. Requirements that must be met prior to admission to student teaching are:

1. Be fully admitted to the teacher education program.
2. Have a cumulative GPA of 2.75.
3. Have all previous course work completed at the time of student teaching.
4. Have a completed application for student teaching on file at least one semester prior to the student teaching semester.
5. Have a grade of ‘C’ or better in each professional education course.
6. Have an approved typewritten autobiography on file. The autobiography must consist of two or more paragraphs.
7. Submit portfolio for initial assessment by assigned teacher education adviser.
8. Show proof of liability coverage as required by the Department of Teacher Education.
9. Background check completion verified by the fingerprint receipt from the approved agency or a current substitute certificate.

The student teaching program is designed for candidates who have met all of the requirements for student teaching at Missouri Southern State University.

Attendance is required at a student teaching orientation the semester prior to student teaching. This orientation is held the second week of the semester. Attendance is also required at student teaching seminars. These seminars are held during the student teaching semester.

Note: In accordance with Mo. Rev. Stat. 168.400 (2005) and Mo. Code Regs. 5 CSR 80-805.40. Alternative clinical practice in lieu of conventional student teaching. Candidates must see the Teacher Education Certification Officer for eligibility requirements. All other university and departmental requirements for graduation still apply.

Graduation Requirements
In order to graduate from the Teacher Education Program, the candidate must successfully complete the following exit requirements, in addition to all other academic requirements of the University:

1. Demonstrate mastery of pedagogical knowledge and skills included in the 11 standards which are required of all teacher education students.
2. Submit a portfolio of the candidate’s work in the teacher education program for faculty assessment.
3. Have a cumulative GPA of 2.75 or higher.
4. Have a cumulative GPA of 2.5 or higher in the teaching specialty area. Additional department/content requirements may apply.
5. Pass the Teaching Specialty Exam, currently the ETS PRAXIS II Series.
6. Successfully complete student teaching requirements.
7. Complete the exit interview.
8. Clear the state required background check.

Advisement
Advisers will be assigned to candidates following admission to the University. For those without advisers, freshmen with declared majors in teacher education will have an adviser assigned as part of EDUC 100, Introduction to Teacher Education I and sophomores declaring a major in teacher education will be assigned advisers in EDUC 280, Foundations of Education in a Global Society. All secondary teacher education majors will have advisers in their teaching specialty area, due to the many specific course requirements and entrance and exit requirements for teacher education. Effective academic advisement is a partnership, with advisees taking responsibility for course work and degree completion.

Post-graduates holding Missouri certificates must have the Missouri State Department of Elementary and Secondary Education (DESE) evaluate their transcripts and make recommendations for course work that will lead to certification. After a plan sheet is received by the candidate, the requirements specified by DESE may be translated into MSSU courses by the Assistant Certification Officer in the Office of the Dean.

All students who enter Missouri Southern as freshman teacher education candidates are strongly recommended to take EDUC 100, Introduction to Teacher Education I, during their freshman year.

Psychology Requirements
All teacher education majors must take PSY 310 Educational Psychology.

Elementary education candidates (grades 1 through 6) and early childhood education candidates (birth through grade 3) must take PSY 100 General Psychology and PSY 200 Child Development.

Middle school education candidates (grades 5 through 9), must take PSY 100 General Psychology and PSY 205 Child/Adolescent Development.

K-12 candidates, including special education candidates (grades K through 12), music education candidates (grades K through 12), art education candidates (grades K through 12), physical education candidates (grades K through 12) and foreign language education candidates (grades K through 12) must take PSY 100 General Psychology and PSY 205 Child/Adolescent Development.

Secondary education candidates in business education, English education, mathematics education, social studies education, speech/theatre education, categorical science or unified science education must take PSY 100 General Psychology and PSY 201 Adolescent Development.

Certification
Candidates majoring in elementary education, elementary education/early childhood education, elementary education/special education, middle school education, secondary education or K-12 education, who successfully complete the requirements for this degree will be recommended for the Initial Professional Certificate (IPC). This is a probationary certificate that is granted for four years. Additional certification is granted by the Missouri Department of Elementary and Secondary Educa-
tion. Candidates with degrees from MSSU or another institution who wish to be certified in the State of Missouri must meet all of the requirements that are set forth in this catalog for the BSE degree. All programs are designed to exceed minimal requirements for certification. Programs of study and courses required may be obtained through the Assistant Certification Officer and in the Teacher Education Department.

Exceptions to the General Education Requirements:
Elementary education majors must complete GEOG 210/212.

Physical Education Requirements
All teacher education candidates must meet the General Education Requirements with the exception of elementary education, early childhood education or special education candidates. These candidates are not required to take KINE 103 Lifetime Wellness. In place of this course, these teacher education candidates are required to take KINE 370, School Health Education and KINE 311, Physical Education for the Elementary School.

Bachelor of Science in Education (BSE) - Elementary Education
Area of Concentration
Candidates who elect elementary education (grades 1 through 6) as their teaching area must complete an area of concentration consisting of a minimum of 21 hours. This requirement may be met in one of two ways as follows:

Option 1: A collection of 21 hours of approved courses in an area of study, including art, English/language arts, mathematics, music, science, social studies, speech/theatre or other approved areas in which the state of Missouri offers certification.

Option 2: An added certification in an area of study, such as early childhood education (birth-grade 3), special education (K-12). A course of study for these certificates is available in the Teacher Education Department Office. The elementary profession education sequence (1-6) must be followed along with the selected area of the added certificate.

Bachelor of Science in Education - Middle School
Candidates who elect middle school (grades 5-9) as their major must complete two (the required) areas of certification consisting of 23-29 (30) hours in each area. The curriculum for these areas is a joint effort by the departments of teacher education and the teaching specialty. Students who desire to teach in a middle school may choose to become certified in any two of the following seven areas: Language Arts (English), Math, Science, Social Studies, Business, Industrial Technology, Speech/Theatre.

Bachelor of Science in Education-
Secondary Education or K-12

The curriculum for secondary education is a joint effort of each department supporting a teaching specialty area and the Teacher Education Department.

The candidate who desires to teach in a secondary school may choose to become qualified in a single teaching field with a high degree of specialization. Specialties available for secondary and K-12 school teaching are:

1. Art K-12
2. Biology 9-12
3. Business Education 9-12
4. Chemistry 9-12
5. English 9-12
6. French K-12
7. German K-12
8. Industrial Technology 9-12
9. Mathematics 9-12
10. Music K-12 (Vocal and/or Instrumental)
11. Physical Education K-12
12. Physics 9-12
13. Social Sciences 9-12 (with emphasis in History, Political Science or Sociology)
14. Spanish K-12
15. Speech/Theatre 9-12
16. Unified Science 9-12 (with emphasis in Biology, Chemistry or Physics)

For required content area coursework please see the respective degree program in catalog.

Plan A: (Double Teaching Field)
Plan A is intended for those who desire to qualify as teachers in two different secondary content areas. Plan A is not available in all specialty areas. Please see your department/content area for advisement. Each area requires a minimum of 30 semester hours of specific course work which must meet Missouri State Department of Elementary and Secondary Education requirements.

Plan B: (Single Teaching Field)
Plan B is intended for persons who wish to concentrate teacher preparation in one subject matter area only. Forty or more semester hours are required in the subject matter area or related supporting courses listed in this catalog by department.

The Teaching Specialty for
Secondary Education K-12/9-12
Candidates in secondary education must meet the same General Education Requirements as all MSSU students. Depending on the teaching specialty, these candidates will differ in the order in which they take the General Education Requirements requirements. Each specialty area has a sequence of courses for the teaching specialty. Candidates should refer to the catalog under the teaching specialty.

Graduate Program
For information about master’s degree programs, please contact the School of Education, 417-625-9314 or refer to the MSSU Graduate website at www.mssu.edu/graduate.
EDUC 0100  (F,S)  1 hr. cr.
**Introduction to Teacher Education I**
An orientation to teacher education required for freshmen who select elementary or secondary education as their major field. Intended to help clarify decisions about education as a major and career choice. Concepts covered include: teaching as a career, teacher preparation, employment prospects, educational funding and technology in education.

EDUC 0200  1 hr. cr.
**Introduction to Teacher Education II**
An extension of EDUC 100. Classroom experiences emphasized as well as the conditions for teaching. A 15 clock hour, field-based component is included.

EDUC 0205  (F,S)  1 hr. cr.
**Tutor Training**
A course designed to provide students hired as tutors with an educational foundation of the methods and techniques needed to tutor students in a higher education setting.

EDUC 0280  (F,S,Demand)  3 hrs. cr.
**Foundations of Education in a Global Society**
An introduction to and orientation class for all Teacher Education Programs and is required for all teacher education majors. As an International General Education Requirements course, it examines and compares the policies and practices of educational systems in countries throughout the world with those in the United States, to develop an understanding and appreciation of the historical, philosophical, political, and financial aspects of education in a pluralistic, diverse society. A 32 clock hour field based component of American diversity in Southwest Missouri is included. Prerequisites: ENG 101 & ENG 102 or ENG 111.

EDUC 0301  (F,S,Demand)  3 hrs. cr.
**Use of Computer Software in the Classroom**
Study designed to provide the prospective teacher with a basic understanding of microcomputer hardware, software and related technologies with special emphasis upon use of this technology in the accomplishment of teacher-oriented tasks. Prerequisite: Must be taken prior to or concurrently with the Junior Block. Required of all teacher education majors.

EDUC 0302  (F,S,Demand)  2 hrs. cr.
**The Exceptional Child**
Designed for 5-9 Middle School, K-12 Physical Education and 9-12 Secondary majors and will include a series of awareness experiences dealing with the added complexities an exceptional student presents to a regular classroom teacher. This course emphasizes methods of meeting the diverse educational needs of today’s secondary students through techniques of teaching, unit construction and daily planning. Includes characteristics of the exceptional student, resources in the community and legislation that determines school policy. Prerequisite: PSY 100.

EDUC 0304  (F,S,Demand)  3 hrs. cr.
**The Exceptional Student**
The Exceptional Student, designed for 1-6 Elementary, 5-9 Middle School and K-12 Art, Music, Foreign Language, ECE, TESOL and Special Education majors. It includes an introduction to the five areas of mild/moderate disabilities: learning disabled, mentally handicapped, behavior disordered, physically disabled and other health impaired. A series of awareness experiences dealing with the added complexities an exceptional child presents to K-12 regular and special education teachers. This course emphasizes methods of meeting the diverse educational needs of today’s K-12 students through techniques of teaching, unit construction and daily planning. Includes characteristics of the exceptional child, resources in the community and legislation which determines school policy. Required for 1-6 Elementary and K-12 Art, Music, Foreign Language, ECE, TESOL and Special Education majors. Prerequisite: PSY 100, take prior to or concurrent with Junior Block classes.

EDUC 0311  (F,S,Demand)  3 hrs. cr.
**Science in the Elementary School**
Designed to help students (1) comprehend the basic notion of science and how children go about learning science, (2) develop materials suitable for demonstration, discovery and inquiry lessons and (3) develop the instructional skills necessary to achieve the first two goals. Prerequisites: Courses in biological and physical sciences and completion of Junior Block.

EDUC 0312  (F,S,Demand)  3 hrs. cr.
**Problems of Teaching Arithmetic in Elementary Schools**
Application of principles of learning and techniques of presentation. Techniques for diagnosis and remediation are treated as they relate to the elementary classroom. Prerequisite: MATH 119 and completion of Junior Block.

EDUC 0316  (F,S)  3 hrs. cr.
**Foundations, Issues and Trends in Early Childhood Education**
A survey course designed to acquaint the prospective teacher of young children with the historical, philosophical, psychological and social foundations of early childhood education; current trends and issues associated with early childhood programming; consequent role expectations of prospective teachers and field experiences with programs for young children with diverse needs. Prerequisite: Junior standing or instructor permission.

EDUC 0318  (S)  3 hrs. cr.
**Early Childhood Curriculum and Learning**
Fundamentals of curriculum and learning for young children with special emphasis on: developing literacy and positive relationships and supportive interactions; using effective approaches, strategies and tools; understanding the importance, central concepts, inquiry tools and structures of content areas or academic disciplines; and incorporating resources to design, implement and evaluate experiences that promote positive outcomes for young children. Prerequisites: Junior Block and EDUC 316. Must be taken concurrently with EDUC 319.
EDUC 0319  (S)  2 hrs. cr.  
Practicum I in Early Childhood Education  
Supervised teaching of three to five-year-olds in the MSSU Child Development Center for a minimum of 64 clock hours. Candidates will design and implement the following: small group, large group and individual learning experiences, develop appropriate materials for children’s use and practice appropriate teaching and guidance strategies for young children. Prerequisite: Junior Block and EDUC 316. Must be taken concurrently with EDUC 318.

EDUC 0321  (F,S)  2 hrs. cr.  
Microteaching  
A required part of Education 329. Short teaching episodes are prepared, taught and analyzed via video-tape. The basic concern is with the demonstration of effective teaching skills as enumerated in the outline. Must be taken concurrently with EDUC 329 and EDUC 423. Tentative admission to Teacher Education.

EDUC 0322  (F,S,Demand)  3 hrs. cr.  
Teaching Social Studies in Elementary and Middle School  
An introduction to the instructional materials and methods of teaching social studies in the elementary and middle school. Prerequisite: Junior Block.

EDUC 0323  (S)  3 hrs. cr.  
Building Family and Community Relationships  
To acquaint the teacher candidate with (1) the complex characteristics and concerns of children’s families and their communities; (2) ways to support, empower and link families with key community resources appropriate for specific purposes; (3) strategies to involve families and communities in their children’s development and learning through respectful, reciprocal relationships. Lecture, field trips and field experiences. Prerequisite: Junior standing or instructor permission.

EDUC 0329  (F,S)  4 hrs. cr.  
Pedagogical Theory, Methods and Practices  
Examines the theoretical basis for the decision making model of the teacher education program. Provides the methodological basis for making pedagogical decisions concerning lesson design, identification of learning styles and assessment techniques. Microteaching provides an opportunity to practice methods and techniques for teaching. Thirty-two hours of junior internship in the elementary, middle and secondary school classroom provides an opportunity to refine theory into practical applications. Must be taken concurrently with EDUC 321 and EDUC 423. Tentative admission into Teacher Education. Prerequisite: EDUC 280.

EDUC 0330  (S,Demand)  3 hrs. cr.  
Industrial Technology Methods  
This is a required teacher education course, which is an introduction to the instructional planning, materials, philosophy, rationale and methods of teaching Industrial Technology. Prerequisite(s): Recommend concurrent enrollment with Junior Block. Must be taken prior to professional education semester.

EDUC 0332  (F,S)  3 hrs. cr.  
Teaching English and Language Arts in Secondary School  
Provides an introduction to the instructional materials and methods of teaching English and language arts in the Secondary School. Prerequisite(s): Recommend concurrent enrollment with Junior Block. Must be taken prior to professional education semester.

EDUC 0333  (F)  3 hrs. cr.  
Teaching Science in Secondary School  
An introduction to the instructional materials and methods of teaching science. Prerequisite(s): Recommend concurrent enrollment with Junior Block. Must be taken prior to professional education semester.

EDUC 0334  (S)  2 hrs. cr.  
Teaching Social Science in Secondary School  
A required education course which is an introduction to the instructional planning, materials, philosophy, rationale and methods of teaching Social Studies. Prerequisite(s): Recommend concurrent enrollment with Junior Block. Must be taken prior to professional education semester.

EDUC 0335  (S)  2 hrs. cr.  
Teaching Music in Secondary School  
An introduction to the instructional materials and methods of teaching music. Prerequisite(s): Recommend concurrent enrollment with Junior Block. Must be taken prior to professional education semester.

EDUC 0336  (S)  2 hrs. cr.  
Teaching Business in Secondary School  
An introduction to the instructional planning, materials and methods of teaching business. Prerequisite(s): Recommend concurrent enrollment with Junior Block. Must be taken prior to professional education semester.

EDUC 0337  (S)  2 hrs. cr.  
Teaching Art in Secondary School  
An introduction to the instructional planning, materials and methods of teaching art. Prerequisite(s): Recommend concurrent enrollment with Junior Block. Must be taken prior to professional education semester.

EDUC 0339  (F)  3 hrs. cr.  
Teaching Mathematics in Secondary School  
An introduction to the instructional planning, materials and methods of teaching mathematics. Includes brief survey of the history of algebra and trigonometry. Prerequisite(s): Recommend concurrent enrollment with Junior Block. Must be taken prior to professional education semester.

EDUC 0340  (F,S,Demand)  2 hrs. cr.  
Language Arts  
A foundations course for the development of understanding the attitudes necessary to teach written and oral communication at the elementary and middle school level. Prerequisite: Junior Block.
EDUC 0342  (F,S,Demand)  3 hrs. cr.
Developmental Reading: Elementary
Explore, study and apply a variety of reading strategies that provide understanding of effective, current text-based and experience-based teaching practices; review and compile information from journals/literature which includes research, ideas, trends, methods and experiences relevant to developmental reading; evaluate various reading approaches and programs; construct reading enrichment materials; and develop an attitude that will positively affect the self-concept of children with diverse learning styles, abilities, backgrounds and attitudes as they learn to read. (Should be taken with junior block.)

EDUC 0343  (F,S,Demand)  3 hrs. cr.
Content Area Literacy: Middle School
(Writing Intensive)
Expand and extend the knowledge base acquired from Introduction to Developmental Reading; explore, apply and assimilate new learning about effective reading/study-skills strategies appropriate to the development and needs of the middle-school population; design and construct enrichment materials to enhance reading in the content areas; develop knowledge on assessing middle-school students' needs, plan instruction based on those needs and select appropriate and effective reading/study-skills instruction strategies; and focus on the importance of recreational reading as a lifetime habit. Prerequisite: EDUC 342 (May be taken concurrently with EDUC 470.)

EDUC 0344  (S,Demand)  2 hrs. cr.
Teaching Speech and Theatre in Secondary School
Techniques, methods and course content used in teaching speech and theatre. Prerequisite(s): Recommend concurrent enrollment with Junior Block. Must be taken prior to professional education semester.

EDUC 0345  (F)  2 hrs. cr.
Teaching Foreign Language in PK-12
An introduction to the instructional materials and methodology used in the teaching of foreign languages in PK-12. Prerequisite(s): Recommend concurrent enrollment with Junior Block. Must be taken prior to professional education semester.

EDUC 0348  (S)  2 hrs. cr.
Transition Services
A coordinated set of activities for a student designed within an out-come-oriented process that promotes movement from school to post-school activities, including post-secondary education, vocational training, integrated employment, continuing and adult education, adult services, independent living or community participation. Study of coordinated activities, including instruction, community experiences, employment and other post school adult living objectives. Prerequisite: EDUC 304. May be taken concurrently with or after the Junior Block.

EDUC 0380  (F,Demand)  3 hrs. cr.
Theories of Teaching English as a Second Language
An introduction to the fundamental concepts and processes of first and second language acquisition. A systematic overview of factors that affect an individual's ability to acquire a new language both during childhood and later in life. Special emphasis is on acquiring English as a second language in instructed settings. (May be taken concurrently with or after Junior Block.)

EDUC 0381  (S,Demand)  3 hrs. cr.
Teaching in a Multicultural Society
The foundations of multicultural education along with approaches to multicultural education and teaching strategies applicable to all ages, grades and subjects. (May be taken concurrently with or after Junior Block).

EDUC 0385  (Demand)  3 hrs. cr.
Introduction to Teaching English to Speakers of Other Languages (TESOL)
This course is an overview of what Teaching English to Speakers of Other Languages (TESOL) entails. It is divided into five components: a. Methods and resources for teaching English as a second/foreign language, b. Language acquisition development, c. The structure of the English language, d. Assessing language learning and e. The role of culture in learning a second/foreign language. Prerequisite: Junior status or course instructor's permission.

EDUC 0387  (S,Demand)  3 hrs. cr.
Grammar for Pedagogical Purposes
A systematic overview of the elements of the English language. Focus on grammatical analysis and the approaches to English grammar that are particularly relevant for language educators. Linguistic analysis of academic tasks for making sound pedagogical decisions and scaffolding instruction. Prerequisite: Junior status.

EDUC 0402  (F,S)  2 hrs. cr.
Historical and Philosophical Perspectives in Education
(Writing Intensive)
Analysis of the historical, philosophical, political and sociological aspects of education and their impact on professional educators today. Emphasis on the development of the American education system from the colonial period and the acquisition of educational belief systems. Prerequisite: Junior status.

EDUC 0403  (Demand)  3 hrs. cr.
Methods of Teaching Students with Mental Handicaps
Designed to help the prospective or in-service teacher understand mental retardation and how to work effectively with students with mental retardation. Includes appropriate curriculum, individualized program development and teaching strategies. Prerequisite: EDUC 304 & Junior Block.

EDUC 0404  (Demand)  3 hrs. cr.
Methods of Teaching Students with Learning Disabilities
Designed for the prospective or in-service teacher of students with learning disabilities: diagnosis, evaluation, programming, instructional approaches, instructional strategies and materials. Prerequisite: EDUC 304 and Junior Block.

EDUC 0405  (Demand)  3 hrs. cr.
Methods of Teaching Students with Behavior Disorders
Establishes a teaching rationale utilizing an individualized teaching strategy which enables the student with severe emotional disturbance to profit more fully from school experiences. Prerequisite: EDUC 304 and Junior Block.
EDUC 0407  (Su)  2 hrs. cr.  Overcoming MATH Anxiety
Designed to help students overcome their personal mathematics anxiety, this course will also teach students how to stop the math anxiety cycle for their prospective elementary school students. Using a variety of intervention strategies and instruction in elementary education mathematics and mathematics education pedagogy, the course will enable students to help reduce, prevent and eliminate fear and avoidance of mathematics in future generations of students. Prerequisite: MATH 111 or MATH 119.

EDUC 0408  (F,Demand)  4 hrs. cr.  Assessment and Practicum in Early Childhood
An in-depth study of standardized early childhood screening instruments, informal observation techniques and current assessment strategies will be provided along with supervised administration, scoring and interpretation of standardized screening instruments. Course requires three hours of lecture and two clock-hours of practicum per week to practice systematic informal observation techniques and administer screening instruments, culminating in a written case study report. Prerequisites: EDUC 316, EDUC 318 and EDUC 319 or instructor permission.

EDUC 0410  (S,Demand)  3 hrs. cr.  Teaching in the Mild/Moderate: Cross-Categorical Classroom: K-12
A methods course designed to give students numerous examples of curricular and instructional methodologies in the teaching of elementary and secondary students with mild disabilities in cross-categorical classrooms. Methodologies for students with learning disabilities, mental handicaps, behavior disorders, physical disabilities and other health impairments are discussed. Prerequisite: EDUC 304 and Junior Block.

EDUC 0440  (F)  1 hr. cr.  International Student Teaching Seminar I
Offered to students selected to participate in the International Student Teaching Program. One credit hour of course work will be completed during the Fall Semester and one credit hour...
of course work will be completed during the Spring Semester. Class discussion will focus on the (given) culture, the applicable educational systems as they relate to the development of the American educational system and current educational trends in both countries. Specifically, the history, structure and pedagogical practices of both countries will be examined in a comparative education format. Specific travel requirements such as passports, insurance and cultural adaptation will be addressed. The culminating activity is the successful completion of student teaching abroad. Prerequisite: Enrollment is limited to selected program participants.

EDUC 0441 (S) 1 hr. cr.
International Student Teaching Seminar II
Offered to students selected to participate in the International Student Teaching Program. One credit hour of course work will be completed during the Fall Semester and one credit hour of course work will be completed during the Spring Semester. Class discussion will focus on the (given) culture, the applicable educational systems as they relate to the development of the American educational system and current educational trends in both countries. Specifically, the history, structure and pedagogical practices of both countries will be examined in a comparative education format. Specific travel requirements such as passports, insurance and cultural adaptation will be addressed. The culminating activity is the successful completion of student teaching abroad. Prerequisite: Enrollment is limited to selected program participants.

EDUC 0442 (F,S) 10 hrs. cr.
Student Teaching - Elementary
Supervised participation on the elementary level in an assigned off-campus school site. The elementary student teaching experience requires the student teacher to demonstrate his/her ability to be an entry-level, effective decision making teacher. Arrangements for placement are to be made in the semester preceding the actual student teaching block. Prerequisites: Please see Requirements for Admission to Student Teaching.

EDUC 0444 (F,S) 10 hrs. cr.
Student Teaching - Special Education
Supervised teaching in a special education setting in an assigned off-campus site. Course assignments require students to demonstrate their ability to be entry-level effective decision making teachers. Arrangements for placement are to be made in the semester preceding the actual student teaching block. The student will be required to divide the experience into two equal segments - elementary and secondary. Assignment to the sites is determined by the special education practicum assignment. Prerequisites: Please see Requirements for Admission to Student Teaching.

EDUC 0446 (F) 2 hrs. cr.
Practicum in Special Education
Clinical experience in special education settings with students who have mild/moderate disabilities. This experience will occur in one of the following classroom settings: cross-categorical, learning disabled, mentally handicapped or behavior disordered. Includes both time in special education classes and on-campus seminar sessions. Prerequisites: EDUC 304 and 3 credit hours of special education methods.

EDUC 0452 (F,S) 10 hrs. cr.
Student Teaching - Middle School
Supervised teaching on the middle school level in an assigned off-campus school site. The middle school teaching experience requires the student teacher to demonstrate his/her ability to be an entry-level, effective decision making teacher. Arrangements for placement are to be made in the semester preceding the actual student teaching block. Prerequisites: Please see Requirements for Admission to Student Teaching.

EDUC 0462 (F,S) 10 hrs. cr.
Student Teaching-Secondary
Supervised teaching on the secondary level in an assigned off-campus school site. The secondary school teaching experience requires the student teacher to demonstrate his/her ability to be an entry-level, effective decision making teacher. Arrangements for placement are to be made in the semester preceding the actual student teaching block. Prerequisites: Please see requirements for Admission to Student Teaching.

EDUC 0464 (F,S) 10 hrs. cr.
Student Teaching - (K-12)
Supervised teaching on the secondary and elementary levels in assigned off-campus school sites. The PK-12 teaching experience requires the student teacher to demonstrate his/her ability to be an entry-level, effective decision making teacher. The student will be required to divide the experience into two equal segments - elementary and secondary. Arrangements for placement are to be made in the semester preceding the actual student teaching block. Prerequisites: Please see Requirements for Admission to Student Teaching.

EDUC 0470 (F,S,Demand) 3 hrs. cr.
Diagnostic & Remedial Reading
Prepares the beginning remedial reading teacher and the regular classroom teacher to deal with remedial reading problems. Emphasis on diagnosing strengths and weaknesses in a student’s reading as well as tutoring experience that provides developmentally appropriate instruction. Class requires administering informal assessments and reporting test results, student instruction and recommendations for future instruction. Prerequisites: EDUC 342, may be taken concurrently with EDUC 343.

EDUC 0471 (Demand) 3 hrs. cr.
Practicum in Diagnosis of Reading Difficulties
Practice in administering, interpreting and reporting diagnostic test results of reading assessments. Emphasis on developmentally appropriate instruction based on testing results. Requires working with a reading disabled student and may involve off campus travel. Prerequisites: EDUC 342 or EDUC 422, EDUC 343, EDUC 474. May be taken concurrently with EDUC 470.

EDUC 0474 (F) 3 hrs. cr.
Educational-Psychological Testing in Special Education
Comprehensive study of the various psycho-educational assessment techniques for diagnosis of learning problems of exceptional children, including educational, intelligence and psychomotor. Emphasis on translating assessment data to remedial programs. Prerequisites: EDUC 304, PSY 310 and Junior Block.
EDUC 0480  (Su,Demand)  3 hrs. cr.
Methods & Techniques for TESOL
Current program designs for teaching English language learners with a focus on English as a second language and sheltered immersion. Recent methodologies in language teaching, such as task-based and content-based instruction. Effective techniques for developing language skills, curriculum development, lesson planning, needs and task analysis. (May be taken concurrently with or after Junior Block).

EDUC 0481  (F,Su,Demand)  3 hrs. cr.
Material Development and Assessment for TESOL
Considerations for evaluating, selecting and adapting materials for the development of reading, writing, listening and speaking skills. The use of a variety of assessment methodologies to guide instruction and practice, evaluate language proficiency and measure learner progress, especially in the context of content-based English language instruction. Prerequisite: Junior Block.

EDUC 0482  (F,S,Demand)  3 hrs. cr.
Practicum for Teaching English to Speakers of Other Languages
The application of TESOL coursework supervised by the TESOL faculty. Training in the sheltered instruction observation protocol (SIOP) with particular attention given to implementing language objectives. Supervised practical classroom experience. Prerequisites: EDUC 380, EDUC 381, EDUC 480 and EDUC 481 and Junior Block.

EDUC 0483  (Demand)  2 hrs. cr.
Comparative Education and Cultures
One credit hour of course work will be completed on campus prior to and following the field experience. Class lectures will focus on the culture and educational systems of designated countries as they relate to the development of the American education system and current educational trends in the various applicable cultures. One additional credit hour of the course will be gained from the field experience component. Travel in cultures studied will include visits in schools with interviews arranged to meet the certification profile of class participants.

EDUC 0484  (Demand)  1-2 hrs. cr.
Seminar in Science Education
This course is designed to explore science and science education related to topics not currently in the required teacher education curriculum. Offerings will vary by term to meet the needs of students and availability of faculty. Prerequisite: Completion of Junior Block and permission of instructor.

EDUC 0488  (Demand)  1-3 hrs. cr.
Seminar in Problems of Education
A weekly seminar for upper division majors. Credit hours determined by the department each semester. Covers specialized knowledge and/or current research in the discipline. Topics vary by semester and situation. Prerequisites: Advanced standing and consent of department head.

EDUC 0499  (Demand)  1-3 hrs. cr.
Independent Study
Structured by the adviser with approval of department head. Prerequisites: Advanced standing in the major field and approval of adviser and department head.
School of Technology

Degrees and Majors
Bachelor of Science
- Computer Information Science
- Bioinformatics
- Information Systems
- Computer Forensics
- Computer Science
- Computational Mathematics
- Information Technology
- Computer Technology
- Criminal Justice
- Computer Forensics
- Health Science
- Engineering Technology
- Industrial Engineering Technology
- Industrial Technology Education
- Juvenile Justice
- Justice Studies
- Medical Technology
- Nursing

Associate of Science
- Engineering Technology
- Drafting and Design
- Engineering Technology
- Manufacturing Engineering Technology
- Computer Information Science
- Information Systems
- Dental Hygiene
- Law Enforcement
- Radiologic Technology
- Respiratory Therapy

Certificate
- Emergency Medical Technician
- Emergency Medical Technician - Paramedic
- Manufacturing Application
- Missouri Peace Officer Training
- Fire Academy

Certificate of Competency
- CAD Operator
- CNC Operator
- Reverse Engineering Technician
- Quality Technician
- Six Sigma Green Belt
- Six Sigma Black Belt

Options and Emphases
- Health Science Degree
- Dental Hygiene
- Radiology Technology
- Respiratory Therapy
- Transfer Allied Health Majors
- Business / Life-Health Science
- Aviation
- Land Surveyor in Training
- Pre-Engineering

Minors
- Computer Science
- Information Systems
- Network Systems Administration
- Website Administration
- Criminal Justice Administration
- Crime Scene Investigation (CSI)
- Juvenile Justice
- Engineering Technology
- Process Improvement

Mission
The mission of the School of Technology is to develop high quality, well-educated students with degrees and certificates in professional fields such as criminal justice, computer information science, engineering and health care. This specialized education is supported by a liberal arts and global perspectives curriculum that also includes experiential learning opportunities. The school is committed to the advancement of discipline-specific knowledge, improvement of society and service to all its stakeholders.

Role
The School of Technology is one of the four major instructional entities of Missouri Southern. As such, it offers quality instruction by and under the leadership of professional educators who also have the advantage of actual work experience in business, industry, health care and government. Instruction is further enhanced by the utilization of qualified individuals from business and professionals in the community as guest lecturers and part-time instructors.

Courses offered by individual departments within the School of Technology are specifically career oriented toward a specialized field. The faculty in these departments recognize the necessity of providing an understanding of the relationships between careers and society; therefore, courses from the fine arts, humanities and natural sciences, as well as courses to refine a student's ability to read, write, speak and think are a required part of each department's curriculum. As a result, the students majoring in the various curricula in the School of Technology are an integral part of the entire student body.

All courses offered in the School of Technology are designed to provide students with the experience, skills or expertise that enable them to enter their professional field and meet requirements imposed by any certifying and licensing examination that may be required.

The School of Technology also recognizes that in many respects the community is also a classroom. Therefore, a number of curricula include courses that are offered by other educational agencies. In some courses, area facilities are used as laboratory resources with students utilizing them under the direct supervision of regular university instructional personnel.

The School of Technology offers curricula leading to a Master of Science, Bachelor of Science and Associate of Science degrees as well as certificates. Programs of shorter duration required for licensure or certification also are offered, often in conjunction with the Division of Continuing Education. Numerous courses and workshops are offered to meet specific and often rapidly emerging demands of business, industry and public services.
All departments work closely with advisory boards composed of professionals from area business, industry, government and health care. The advisory board assists the faculty of the various departments in maintaining relevancy of curriculum content and identifying special needs that can be addressed through continuing education programs.

**Goals**
The goals of the School of Technology are:

1. To provide opportunities for students to prepare for a broad range of established and emerging careers;
2. To maintain and develop curricula which provide the opportunity for students to obtain the background in liberal arts and sciences so they may appreciate their heritage and contemporary society to become a contributing member of their society;
3. To provide programs in the most cost effective method possible, that are cognizant of contemporary requirements of career fields and which provide best available preparation for emerging requirements;
4. To provide opportunities and encouragement for faculty and staff to remain current and conduct research in their respective disciplines;
5. To provide instructional facilities and equipment essential to the maintenance of academically excellent instruction;
6. To provide a variety of supportive functions that serve a variety of area needs;
7. To offer quality programs and in areas where required, maintain program content necessary for special accreditation;
8. To offer a variety of continuing education programs to meet special needs and demands;
9. To encourage faculty to provide consultation services and otherwise serve as resources for the area;
10. To advise people, including students and potential students, regarding knowledge, skills and abilities required to enter and succeed in various career fields;
11. To assist faculty to meet and maintain eligibility for special certification required in numerous programs.

### Course Descriptions

**AV 0200 (Demand) 5 hrs. cr.**

**Basic Pilot Training**

An integrated course designed to meet ground school and flight training requirements for eligibility to take the Federal Aviation Administration examination for a Private Pilot Certificate. In addition to scheduled ground school classes, the course requires approximately 45 hours of dual and solo flight and check flight. Credit is awarded when the FAA certificate is obtained. Special fees and a third class medical certificate are required. Special fees for this course include plane rental and examiners test fee. Course grade is recorded as Pass or Fail.

**COMPUTER INFORMATION SCIENCE**

*Plaster Hall 223 • 417.625.9383*

**Faculty** Mays - Head, Collins, Herr, Oakes, Pinet, Schiavo, Tunnell

**Mission**
The Computer Information Science (CIS) Department provides opportunities for a broad undergraduate education in the many aspects of computer information technology. The program offers courses of instruction that develop a thorough understanding of current methods used in the design and implementation of computer based solutions.

**Fundamental Values:** Pursuant to the department’s educational mission, the faculty:

- Maintains the currency of the curriculum through ongoing research and consultation with industry representatives.
- Engages in professional development that allows its members to remain current in their fields and to provide technological leadership to the university community.
- Is committed to the success of its students, both during and after college.

**Program Goals:** The Computer Information Science program will produce graduates who:

- Understand and can utilize core information technologies.
- Can analyze, design and implement effective technology based solutions.
- Have requisite communication and quantitative skills.
- Work effectively as team members.
- Are committed to lifelong personal and professional development.
- Conduct themselves in an honorable and ethical manner.
Curricula Options: Within this context, the Department offers the following curricula options:

- Bachelor of Science in CIS–Information Technology
- Bachelor of Science in CIS–Information Systems
- Bachelor of Science in CIS–Computer Technology
- Bachelor of Science in CIS–Computational Mathematics
- Bachelor of Science in CIS–Bioinformatics
- Bachelor of Science in CIS–Computer Forensics
- Bachelor of Science in CIS–Computer Technology
- Minor in CIS–Network Systems Administration
- Minor in CIS–Information Systems
- Minor in CIS–Website Administration
- Associate of Science in CIS

The six Bachelor of Science in CIS alternatives prepare the student for graduate school or entry-level positions such as systems programmer, systems analyst, applications programmer, database administrator, bioinformatics specialist, computer forensics analyst, user support specialist, network administrator or website administrator.

Information Technology and Information Systems are distinguished by selected courses that develop the student’s understanding of an organization’s information requirements and procedures for designing and implementing an information system that will facilitate its management. The Information Systems option results in a minor in Business while Information Technology allows the most flexibility in selecting supporting courses.

Computational Mathematics meets the requirements for a double major in Computer Information Science and Mathematics. The student takes CIS and mathematics classes that develop an expertise in applied mathematics and the theoretical foundations of computer science. Such knowledge is required to design and implement computer solutions for a wide range of problems encountered in science and engineering.

Bioinformatics provides for a double major in Computer Information Science and Biology. Bioinformatics is an emerging discipline that is concerned with designing and implementing computational algorithms for managing, processing and analyzing databases of genetic sequences.

Computer Forensics fulfills the requirements for a double major in Computer Information Science and Criminal Justice Administration. Computer Forensics involves techniques for securing computer networks as a precaution against criminal threat. In addition, it includes the identification, extraction, preservation and documentation of computer evidence for the purpose of identifying and prosecuting perpetrators of computer-based crime.

The Computer Technology option not only meets the requirements for a Bachelor of Science in CIS, but also qualifies the student for an Associate of Science degree in Drafting and Design Engineering Technology (DDET).

A minor or associate of science provides the student pursuing some other major with a credential and expertise in computing, an enhancement that is becoming increasingly important in almost every area of science, education, business and the arts. The Network Systems Administration alternative is designed to provide the student with the knowledge base necessary for managing local/wide area computer networks, as well as being able to provide user support and training in

In addition to these options, the Computer Information Science Department and the School of Business Administration have developed a curriculum alternative that will qualify the student for a Bachelor of Science in CIS, along with a Bachelor of Business Administration degree with a selected emphasis such as accounting, finance and economics, marketing, management, international business or general business.

The nature of Computer Information Science is such that a student selecting this major should enjoy and have a talent for solving problems. The effectiveness of the CIS curriculum is measured by the success of our graduates. Their average starting salaries are among the highest when compared to other majors and placement records indicate that they have enjoyed an excellent placement rate. Many hold positions as middle and upper-level managers for a wide range of organizations and several have earned graduate degrees.

Only courses in which a student has earned a grade of ‘C’ or above will satisfy departmental requirements for the major or minor in Computer Information Science.

CIS 0101 (Demand)  3 hrs. cr.
Internet Computing: Getting Connected
Introduces the student to the effective use of the various resources of the Internet. Topics will include hardware requirements, software setup, browsing, searching, publishing, sharing and communicating. The course will consider the social issues of using the Internet in a safe and ethically responsible way. The student will develop and post personal web pages. Prerequisite: A basic background in using Windows.

CIS 0105 (F,S)  3 hrs. cr.
Introduction to Microcomputer Use
Instruction in the fundamental use of microcomputers through packaged software and operating systems. The course provides a broad introduction to hardware, software, computer networks, online social networking and library database searches. Major application areas are discussed, such as word processing, spreadsheets and presentation tools.

CIS 0110 (F,S)  3 hrs. cr.
Programming I
Introduces programming in a personal computer based environment. The student will learn the fundamentals of PC hardware, operating systems and programming. Special emphasis is placed on proper program style, including modularity and structured design. The language of implementation is Visual C#. Corequisite: MATH 130 or above.

CIS 0202 (F,S)  3 hrs. cr.
Information Systems I
This course provides an overview of the broad field of information systems and technology. Explores the function of information systems and technology in modern organizations. Explores the options for graduates in the field. Introduces terms and concepts that are used throughout the field. Examines options for professional development in the field. Examines the design of information systems. Emphasizes the student's ability to clarify problem statements and define objectives with discussion of analysis of information systems using standard methodologies.

CIS 0210 (F,S)  3 hrs. cr.
Programming II
Continued development of the programming and problem solving skills introduced in CIS 110. Structured programming and the object-oriented paradigm are emphasized. Includes an in-depth coverage of strings, arrays, files, classes and namespaces. Introduces Windows application programming. The language of implementation is Visual C#. Prerequisite: CIS 110 with a grade of ‘C’ or above.

CIS 0230 (S)  3 hrs. cr.
Programming with RPG
Introduces the programming language RPG in an OS/400 environment. Includes language syntax and practice in preparing, compiling and executing applications of increasing complexity. Prerequisite: CIS 210 with a grade of ‘C’ or above.

CIS 0234 (F)  3 hrs. cr.
Programming with COBOL
Methods and techniques for solving business related problems using the business oriented language COBOL. Applications may include payroll processing, inventory control, billing systems. Syntax of the language, report production using both sequential and indexed files and structured methodologies are major topics. Prerequisite: CIS 210 with a grade of ‘C’ or above.

CIS 0298 (Demand)  1-3 hrs. cr.
Topics in Computer Information Science
Addresses emerging topics in computer science and management information systems. Each offering will be on a subject not normally included in another course. Prerequisites may be specified in each course syllabus.

CIS 0305 (F,S)  3 hrs. cr.
Microcomputer Applications
Provides an overview of the most common environment and software tools for the serious user of microcomputers. Hardware topics are included to allow the student to compare and select from system configurations according to their application's requirements. An introduction to the basic elements of an operating system and a graphic user interface is followed by intensive practice with the major components of an integrated software suite of applications: word processing, spreadsheets, graphics and presentation software. A variety of data communications topics are included from the use of a local area network through connections to a world-wide system. Prerequisite: CIS 105 (or higher) or MM237 or DDET 115 or consent of the department head.

CIS 0308 (S)  3 hrs. cr.
Website Administration I
Provides an introduction to the administration of a World Wide Website. Includes Internet concepts, design strategies, graphic and multimedia construction, legal and ethical implications, dynamic HTML and client-side programming. Prerequisite: CIS 110 with a grade of ‘C’ or above.

CIS 0310 (F)  3 hrs. cr.
Database Management Systems I
Introduces the fundamentals of database management, relational database management systems and programming for GUI. Database topics covered include entities, attributes, relationships, transactions, queries and integrity rules. Server side database concepts are illustrated with MS Access. The client side user interface and business logic is implemented in Visual Basic. Prerequisite: CIS 210 with a grade of ‘C’ or above.

CIS 0315 (F,S)  3 hrs. cr.
Computer Networks
Introduces the hardware and software that are integrated to form a computer network. Topics include an in-depth look at TCP/IP, data communication hardware, public networks such as the Internet and LAN and WAN network standards. Corequisite: CIS 110 or CIS 305 or DDET 115 or MM 237.
CIS 0321  (F)  3 hrs. cr.  
Advanced RPG
Emphasizes online programming of business applications. Major topics include file creation and maintenance, structured methodologies, advanced features of RPG 4/ILE, IBM OS/400 environment, CL programming, Queries, DB2/400 and Internet application connectivity. Prerequisite: CIS 230 with a grade of 'C' or above.

CIS 0325  (S)  3 hrs. cr.  
Windows LAN Administration
Provides a thorough introduction to the design, installation and management of Microsoft Server local area networks. Network configuration, security, backup and recovery are major topics. User rights and privileges, file and device sharing and Web applications are also covered. Prerequisite: CIS 315 with a grade of 'C' or above.

CIS 0334  (S)  3 hrs. cr.  
Advanced COBOL
On-line programming and special considerations implicit in real-time business applications are studied. Creation and maintenance of indexed and sequential files and advanced features of COBOL are major topics. CICS and mainframe environments are introduced. Prerequisite: CIS 234 with a grade of 'C' or above.

CIS 0340  (F)  3 hrs. cr.  
Website Administration II
Continued development of subjects related to the administration of a World Wide Website. Emphasizes server-side programming issues. Particularly concerned with the creation and maintenance of a commercial site. Includes syntax and practice in ASP, CSS, CGI/Perl, VBScript, JavaScript and XML. Prerequisites: CIS 308 and CIS 310, with a grade of 'C' or above.

CIS 0345  (F)  3 hrs. cr.  
UNIX System Administration
Introduces the UNIX operating system. Topics covered include basic UNIX commands, system configuration, the file system, process control, shell programming, the network file system, CGI programming and system security. Prerequisites: CIS 210 and CIS 315 with a grade of 'C' or above.

CIS 0350  (S)  3 hrs. cr.  
Data Structures
Provides for the continued development of the student’s knowledge of data structures and object-oriented programming. Includes an in-depth coverage of pointers, linked lists, stacks, queues, trees and graphs. Special emphasis is placed on the coverage of algorithms that are designed to efficiently manipulate these structures and techniques for selecting the most appropriate data structures for a given application. The language of implementation is Visual C#. Prerequisite: CIS 310 with a grade of 'C' or above.

CIS 0355  (S)  3 hrs. cr.  
Enterprise Network Administration and Security
Covers essential techniques and best practices for securing an enterprise inter-network. Major topics include routing and inter-network design, firewalls, proxy servers, authentication and encryption, virtual private networks, security policy design, disaster recovery planning, hardware troubleshooting and performance analysis. Prerequisites: CIS 315 and CIS 345 with a grade of 'C' or above.

CIS 0365  (S)  3 hrs. cr.  
Programming Computer Games
This course will study basic concepts and techniques for developing computer games. It will cover the basic game programming techniques using XNA Game Studio and various aspects of related knowledge including game architecture, computer graphics, user interaction, animation, audio, networks and artificial intelligence. The implementation is through Visual C# and XNA Game Studio. Prerequisite: CIS 210 with a grade of 'C' or above.

CIS 0370  (F)  3 hrs. cr.  
Programming with Java
Introduces the student to the Java programming platform. Applications and problems considered in-depth object oriented design strategies, graphical user interfaces, exception handling, Internet programming and multimedia. Prerequisite: CIS 210 with a grade of 'C' or above.

CIS 0401  (S)  1-3 hrs. cr.  
Internship in Computer Information Science
A limited number of computer information science students may serve an internship of 15 to 20 hours per week for up to 16 weeks. Credit hours will be arranged through the coordinator of the internship program. The intern will work for a local-cooperating firm in a production information technology environment gaining valuable experience in programming and/or systems analysis and design. The on-site work will be supervised by a professional employee of the firm and overseen by an MSSU faculty member. Prerequisites: Upper division standing, department head approval and an overall GPA of 3.0.

CIS 0405  (F)  3 hrs. cr.  
Cryptography & .NET Security
This course provides an introduction to implementing the security and cryptography features found in the .NET platform. Students will gain knowledge of basic cryptography theory and learn to use symmetric algorithms, asymmetric algorithms and digital signatures. Prerequisite: CIS 210 with a grade of 'C' or above or permission of the instructor.

CIS 0410  (F)  3 hrs. cr.  
Information Systems II (Writing Intensive)
Continued development of the ability to analyze and design computer-based information systems. Includes coverage of analysis and design methodologies, computer-aided software engineering tools and project management techniques. Topics are illustrated with in-depth case studies. Emphasizes teamwork. Prerequisites: CIS 202 and 310 with a grade of 'C' or above.

CIS 0425  (S)  3 hrs. cr.  
Database Management Systems II (Writing Intensive)
Includes a survey of database management theories with experience in the application of database technology. An emphasis
will be placed on the relational model. Functions of database management systems, data modeling and database systems design and implementation in a client/server environment are stressed through case studies. Prerequisites: CIS 310 and CIS 410, with a grade of ‘C’ or above.

CIS 0430  (Demand)  3 hrs. cr.
Introduction to Artificial Intelligence
Introduces the process of developing intelligent computer software. Topics covered include knowledge abstraction and representation, heuristic search techniques, game playing, expert systems and meta-programming. Prerequisite: CIS 350 with a grade of ‘C’ or above.

CIS 0435  (Demand)  3 hrs. cr.
Data Mining
Introduces data warehousing and data mining. The former being a standard approach to archiving summary data for analysis; the latter being techniques of analysis intended to discover subtle and unexpected relationships in the historical data, for use in design, marketing, research and engineering. Topics include concepts, principles and architectures and the design and implementation of Data Mining applications. Prerequisites: CIS 310 and (GB 321 or MATH 310 or MATH 361 or BIO 290) with a grade of ‘C’ or above.

CIS 0440  (S)  3 hrs. cr.
Computer Forensics
Introduces the basics of computer forensics. Topics covered include backups and data recovery, hard drive imaging and forensic analysis of recovered data, data hiding and encryption techniques, reconstruction of past events, techniques used to compromise and safeguard computers, surveillance tools, analysis of data and collection and preservation of electronic evidence. Students will be introduced to forensic techniques and available electronic tools for forensic analysis. A basic knowledge of networks and UNIX/Linux, as well as a thorough knowledge of Windows is assumed. Prerequisites: CIS 315 and CIS 345 with a grade of ‘C’ or above.

CIS 0450  (F)  3 hrs. cr.
Operating Systems  (Writing Intensive)
Fundamental concepts of operating system design. Emphasis is placed on identifying the problems an operating system must solve and considering the range of alternative solutions that may be implemented. Topics include process management, memory management, processor management, auxiliary storage management and security. The Linux operating system is highlighted. Prerequisite: CIS 350 with a grade of ‘C’ or above. Corequisite: CIS 345.

CIS 0498  (Demand)  1-3 hrs. cr.
Advanced Topics in Computer Information Science
Addresses emerging topics in computer science and management information systems. Each offering will be on a subject not normally included in another course. Prerequisite: May be specified in each course syllabus.

CIS 0499  (Demand)  1-3 hrs. cr.
Independent Study
The adviser, with approval of the department head, structures an independent study course. Prerequisite: Upper division standing with an overall GPA of 3.0 or above. The adviser, the department head and the dean of the school must approve registration in the course.

Faculty  Thomason - Director, Scott, Spencer, Spurlin, Wilson

Mission
The mission of the Criminal Justice Administration Department is to encourage lifelong learning and scholarship, to produce qualified and knowledgeable graduates and to foster development of ethical professionals prepared for leadership positions in the criminal justice and justice fields. The department is devoted to emphasizing quality teaching and learning, to providing an international perspective and to promoting the value of community service. The Department seeks to further the study and understanding of criminal justice through our teaching, service to the University and service to the community.

In addition to the extremely versatile Bachelor of Science degree in Criminal Justice Administration and the Associate of Science in Law Enforcement, the Criminal Justice Department offers the Bachelor of Science in Justice Studies and the Bachelor of Science in Juvenile Justice. Another recent addition is the dual degree in Computer Forensics, offered with the Computer Information Science Department.

These exciting degree programs are complemented by four minors, including criminal justice administration, juvenile justice, corrections and the very popular CSI-Crime Scene Investigation. The many new combinations offer a myriad of opportunities for students who are seeking careers in the justice system and justice related fields.

The Criminal Justice Administration degree offers academic training coupled with “real world” practical training for students pursuing careers as criminal justice professionals. The Criminal Justice program provides a varied and flexible curriculum, small classes, faculty who provide individual academic attention, international educational opportunities and a unique learning environment.

The Criminal Justice Administration degree program offers a varied curriculum to meet the needs of a diverse student body. The program prepares students for a wide variety of careers as criminal justice professionals as well as graduate programs in law, criminal justice and other related fields. The Criminal Justice program prepares students for careers in traditional fields such as law enforcement, juvenile justice, corrections, probation and parole and private or industrial security. The program also prepares students for investigative positions with federal
agencies, state and local agencies, insurance companies and other private enterprises. In addition, a criminal justice administration degree will prepare students for the many new opportunities in the areas of safety and security.

The Criminal Justice Department offers a flexible curriculum to serve the needs of the student body. In addition to day and evening courses, students can obtain the Criminal Justice Administration degree and the Associate of Science degree over the Internet. The many hybrid courses combine the benefits of the classroom experience with the flexibility of the Internet courses by meeting on campus weekly, monthly or at other intervals, but conducting much of the course via the Internet. The Department offers criminal justice professionals who have experience in the field college credit for work experience through the portfolio process. The Department also recommends that all students participate in the internship program, where students receive college credit for working side by side with practicing criminal justice professionals.

Our faculty members are attentive to student needs and strive to prepare students for challenging criminal justice careers. They have 100 years of combined practical experience in criminal justice fields, including experience as law enforcement officers, juvenile officers, assistant prosecutors, legal advisers, criminal investigators and child abuse investigators. In addition, our faculty members have experience in private law practice, security administration, mental health coordination and non-profit agency administration.

The Criminal Justice Department emphasizes the international mission and provides students with opportunities to study and travel abroad to view firsthand other criminal justice systems around the globe. Our faculty and students have explored the justice systems in England, France, Australia, New Zealand, Morocco, Italy, Israel, Spain and Costa Rica. In the years since the international mission was implemented, approximately 350 criminal justice students have studied abroad.

The state-of-the-art Mills Anderson Justice Center is the busy home of the Criminal Justice Administration Department at Missouri Southern State University. The Department boasts a high-tech mobile Crime Scene Investigation Unit. The facility features a modern indoor “live-fire” firearms range and two firearms training simulation systems. The auditorium provides a forum for lectures and meetings as well as for advanced training seminars for practicing criminal justice professionals. These seminars are taught by nationally recognized criminal justice professionals, allowing students to learn from the experts and network with potential employers.

The Criminal Justice Department at Missouri Southern State University also operates the 600-hour Basic Law Enforcement Training Academy. (See Law Enforcement.)

The Criminal Justice Administration degree will allow students to take advantage of the many traditional career opportunities as well as the multitude of new opportunities in criminal justice, especially in the areas of homeland security and global security.

*See course descriptions and university requirements for prerequisites.  
#Only 13 hours of the Basic Law Enforcement Academy will be applied to the 23 hour elective requirement.  
General electives selected with adviser approval must include sufficient upper division courses (courses numbered at the 300 or 400 level) to complete university requirements for a minimum 40 upper-division hours. A minor is highly recommended.

**CIS 440–Computer Forensics should be taken for the CIS Core Upper Division elective.

Minor in CSI-Crime Scene Investigation  
Minor Code CJ81

Faculty Thomason - Head, Spencer, Wilson

A minor in CSI-Crime Scene Investigation is designed to prepare students who are seeking careers utilizing crime scene investigation techniques and crime scene analysis. The minor provides students with the necessary skills to accurately investigate and process crime scenes, which include legal aspects, police response, photography, diagramming and collecting physical evidence. Writing reports and presenting courtroom testimony are additional skills that will be developed.

Students pursuing this minor may seek employment with investigative agencies on the federal, state and local levels.

A minor in CSI-Crime Scene Investigation consists of 24 credit hours. Students must have a faculty adviser for a minor in CSI-Crime Scene Investigation.

Minor in Criminal Justice Administration  
Minor Code CJ82

A minor in Criminal Justice Administration is designed for students who wish to combine a major with the versatile criminal justice administration minor. Students majoring in business, biology, international studies, psychology, sociology or other related fields who have a desire to work in the field of criminal justice will find this minor beneficial.

A minor in Criminal Justice Administration consists of 24 credit hours. Students must have a faculty adviser for a minor in Criminal Justice Administration.

Total .................................................................. 24
Minor in Corrections
Minor Code CJ80

A minor in Corrections is designed to prepare students who are seeking careers in the field of adult or juvenile corrections. A minor in Corrections offers students a variety of employment possibilities in local, state and federal agencies. These employment opportunities include juvenile or adult probation and parole officer, pretrial or post-trial investigator, detention officer, corrections specialist or corrections caseworker. Students majoring in criminal justice, psychology, sociology or other related fields who have a desire to work in the field of corrections will find this minor beneficial.

A minor in Corrections consists of 24 credit hours. Students must have a faculty adviser for a minor in Corrections.

Minor in Juvenile Justice
Minor Code CJ83

A minor in Juvenile Justice is designed to prepare students who are seeking careers in the Juvenile Justice System. Adjudication and aftercare of the juvenile offender as well as child protection are the primary emphases of a minor in Juvenile Justice.

Students majoring in criminal justice, psychology, sociology or other related fields who have a desire to work in the Juvenile Justice System will find this minor beneficial. Juvenile officer, child abuse investigator and group home counselor, are just a few of the employment options available to a graduate with a Juvenile Justice minor.

A minor in Juvenile Justice consists of 24 credit hours. Students must have a faculty adviser for a minor in Juvenile Justice.

Course Descriptions

CJAD 0210 (Demand)  3 hrs. cr.
Basic Photography
Lecture and laboratory procedures for use of cameras, lenses, developing negatives and prints. Lab fee and additional lab time arranged.

CJAD 0275 (F)  3 hrs. cr.
The Juvenile Justice System
The Juvenile Justice System is a survey course that is designed to introduce the student to the organizations, processes and actors that comprise the Juvenile Justice System. The course emphasizes the history of the juvenile justice system, the agency interactions and interrelationships, the concepts of prevention and diversion, the development of juvenile gangs, the roles of criminal justice professionals and the future of the Juvenile Justice System.

CJAD 0298 (Demand)  1-8 hrs. cr.
Topics in Criminal Justice Administration
Course content varies and is designed to meet current needs and interests in the rapidly changing field of criminal justice administration. Precise topics are announced with prerequisites stipulated in the course syllabus.

CJAD 0300 (S)  3 hrs. cr.
Criminal Investigation  (Writing Intensive)
Major case investigative methods, sources of information, development of leads, methods applicable to organized crime and specific offenses.

CJAD 0301 (S)  3 hrs. cr.
International Justice Systems
A study of justice systems around the world, comparing them to America’s justice system. Course considers the three important components of a justice system: police, courts and corrections. Includes cultural differences of the countries studied as they relate to their justice systems.

CJAD 0302 (Demand)  2 hrs. cr.
Comparative Criminal Justice Systems and Cultures
Comparative Criminal Justice Systems and Cultures will focus on the criminal justice systems and cultures of selected countries as they compare to the American justice system and culture. Travel in selected countries will include visits to criminal justice agencies and facilities as well as interactions with criminal justice professionals.

CJAD 0310 (Demand)  3 hrs. cr.
Traffic Accident Investigation and Control
Theory and techniques for investigating and reducing occurrence of motor vehicle accidents. Includes collection and evaluation of physical evidence reporting.

</tr>
</tbody>
</table>
CJAD 0460  (Demand)  3 hrs. cr.
Cultural Diversity
Students seeking cross-cultural knowledge and sensitivity in criminal justice learn practical methods for dealing with diverse cultures, ethnic groups and those who are physically, mentally and emotionally challenged.

CJAD 0475  (Demand)  3 hrs. cr.
Organized Crime
The course will provide an overview of American and internationally organized crime and the legal techniques used to address the problem. Emphasis will be placed on the major groups and their principal forms of criminal activity: drugs, trafficking of human beings, money laundering and financial crimes. The emerging effort to fight organized crime internationally will be examined. Prerequisites: LE 210 or permission.

CJAD 0485  (Demand)  3 hrs. cr.
Child Exploitation and Pornography Investigation
The course will examine legal and criminalistic concepts and procedures for the legal investigation of sexual exploitation of children and child pornography. Prerequisites: LE 100 or permission.

CJAD 0487  (Demand)  3 hrs. cr.
Rape and Sexual Assault Investigation
This course is designed to prepare students to investigate rapes and sexual assaults. This course will focus on sexual abuse of nursing home residents, children and adults. In addition, this course will address issues concerning the collection of evidence at crime scenes, interviewing the suspect and the forensic examination of sexual assault victims. Prerequisites: LE 210 and LE 250 or permission.

CJAD 0490  (F,S,Su)  4 hrs. cr.
Internship in Criminal Justice
Extensive practical experience with a criminal justice agency, subject to individual committee approval. Prerequisites: Junior or senior standing, CJAD major, department approval, cumulative GPA 2.5 and a CJAD GPA 3.2.

CJAD 0498  (Demand)  1-3 hrs. cr.
Advanced Topics in Criminal Justice Administration
A survey of current advances in the field. Precise topics to be announced. For upper division majors in CJAD or those who have completed the A.S. degree in law enforcement. Prerequisite: Permission of instructor.

CJAD 0499  (F,S,Su)  1-3 hrs. cr.
Independent Study in Criminal Justice
Individually directed study for advanced majors in area of criminal justice selected with adviser approval. Proposal must be approved by program director and school dean. Prerequisite: 3.5 GPA in major area or permission.

Mission
Missouri Southern State University Dental Hygiene program empowers students to become life-long learners and facilitate the development of ethical and competent oral healthcare professionals, who provide patient care to a diverse population utilizing innovative technologies.

Goals
Goal 1: Provide quality education that reflects best practices in dental hygiene in order to become an ethical licensed oral healthcare professional.

Competencies
1.1: Graduates of the program will be competent in providing an individualized approach to dental hygiene care in diverse settings.
1.2: Graduates of the program will be able to apply critical thinking skills to the process of providing dental hygiene care to patients.
1.3: Graduates of the program will be knowledgeable and utilize the latest trends and techniques in their profession.
1.4: Graduates of the program will adhere to the American Dental Hygienists’ Association Professional Code of Ethics.
1.5: Graduates of the program will comply with the stipulations of the Missouri Dental Practice Act as well as all applicable state and federal laws governing the practice of dental hygiene.

Goal 2: Provide comprehensive dental hygiene services to the communities served by Missouri Southern State University

Competencies
2.1: Students of the program will be able to provide oral health services in a variety of settings.
2.2: Students of the program will be able to assess, plan, implement and evaluate community oral health programs.
2.3: Students of the program will volunteer their services in providing care to underserved populations.

Goal 3: Promote the significance of dental hygiene professional development and commitment to lifelong learning.

Competencies
3.1: Faculty and students will illustrate commitment to the dental hygiene profession by active membership, leadership and/or service in professional organizations.
3.2: Graduates of the program will continuously perform self assessment for life-long learning and professional growth.
The dental hygienist is a licensed health care professional and member of the dental health team. The diverse duties of the dental hygienist include oral prophylaxis (cleaning); exposing, processing and mounting radiographs; collecting and evaluating medical history information; performing head and neck screening examinations; periodontal assessment and therapy; applying agents for the prevention of decay; applying desensitizing and antimicrobial agents and administering local anesthesia and nitrous oxide analgesia. The dental hygienist acts as a dental health educator and is responsible for teaching patients prevention of dental disease and providing nutritional counseling.

Dental hygiene employment opportunities are numerous and vary greatly. They include general practice and specialty dental offices; federal, state, county and city health clinics; public schools; hospitals; long-term care facilities; dental schools; industrial clinics; the armed services; and research institutions.

Missouri Southern offers an associate of science degree in dental hygiene. Upon satisfactory completion, graduates are eligible to take the National Board Examination and practical examinations required for licensure in Missouri and other states. The MSSU Dental Hygiene Program is accredited by the Commission on Dental Accreditation (CODA).

Admission to Missouri Southern does not automatically grant admission to the Dental Hygiene Program. In addition to meeting admission requirements for the university, candidates must apply for admission to the Department of Dental Hygiene. Applications are reviewed by the Selection Committee for Dental Hygiene. Applicants must submit the necessary information by January 31. Applicants must have an overall GPA of 2.75 to apply.

Evidence of satisfactory completion of the following prerequisites with a grade of ‘C’ or better:

- ENG 101 College Composition (WI)
- BIO 121 Human Anatomy & Physiology I
- BIO 221 Human Anatomy & Physiology II
- BIO 231 General & Medical Microbiology
- CHEM 120 Chemistry for Allied Health Sciences
- COMM 100 Oral Communications
- KINE 103 Lifetime Wellness
- MATH 030 Intermediate Algebra (or higher)

Enrollment is limited by selection and applicants are admitted contingent upon a criminal record check, random drug testing, the completion of physical and dental examinations and the rendering of an acceptable health status. Students are admitted to the dental hygiene program only in the fall of each year. As students in a health care profession, Dental hygiene students may be exposed to Bloodborne pathogens and infectious diseases.

Students may complete the Dental Hygiene Associate of Science Degree in Joplin or at one of two distance sites: Rolla, MO at the Rolla Technical Center and in Sikeston, MO on the Southeast Missouri State University Sikeston Campus.

Lecture courses are taught using Interactive Television, Internet or a combination of these formats. Using the ITV format students interact live with instructors and fellow students at all sites. Each site has a clinic for the clinical instruction experience.

In addition to established fees for all college students, the following are minimum costs incurred by dental hygiene students, $1250 to $1500 per academic year for laboratory fees. Various expenses will be incurred for transportation to off campus clinical sites and professional meetings. In addition, approximately $1500 for licensure exams, which will vary depending on state in which license, is desired.

The Associate of Science in dental hygiene requires a minimum of 90 credit hours, including the prerequisite courses. Course grades of ‘C’ or above in dental hygiene and supporting science courses are necessary for retention in the dental hygiene program.

*SOC or PSY course satisfies three hours of General Education Requirement and CHEM 120 satisfies five hours.
**See course descriptions for prerequisites.

Associate of science degree students must meet the Missouri Constitution Requirement by completing PSC 120 or the Missouri Constitution Test.
DH 0101 (F) 2 hrs. cr.
Fundamentals of Dental Hygiene
This course is an introduction to the Dental Hygiene Process of Care with an emphasis on professionalism, infection control, patient assessment processes and basic instrumental skills. Prerequisite: acceptance into the dental hygiene program. Corequisite: DH 103: Fundamentals of Dental Hygiene-Lab; Morphology; Oral Histology & Embryology.

DH 0103 (F) 2 hrs. cr.
Fundamentals of Dental Hygiene - Lab
This course provides clinical application to the Dental Hygiene Process of Care. The primary emphasis is on professionalism, infection control, patient assessment processes and basic instrumentation skills. The dental hygiene student will have an opportunity to practice these techniques on mannequins and student partners in the laboratory setting. Prerequisite: acceptance into the dental hygiene program. Corequisite: Fundamentals of Dental Hygiene - Lecture: Morphology; Oral Histology & Embryology.

DH 0105 (S) 2 hrs. cr.
Fundamentals of Instrumentation
This course provides clinical application of instrumentation theory and skills to provide comprehensive patient care. The dental hygiene student will have an opportunity to practice instrumentation techniques on mannequins and student partners in the laboratory setting. This course will culminate with a patient experience appointment. Prerequisite: Fundamentals of Dental Hygiene - Lecture & Laboratory.

DH 0120 (S) 1 hr. cr.
Medical Emergencies
In this course students develop an orderly and confident approach to assessing and planning supportive care for all patients. Instruction is provided toward the recognition and management of medical emergencies.

DH 0140 (F) 1 hr. cr.
Dental Morphology
Detailed study of morphology of deciduous and permanent teeth in relation to fossal cusps, grooves, ridges, roots and the relationship of form and function. Occlusion and malocclusion are studied according to their relationship to dental health. A self-instructional program supplemented by one hour lecture per week. Practical aspects of this course will be covered in DH 103 Fundamentals of Dental Hygiene Lab.

DH 0150 (F) 3 hrs. cr.
Oral Histology and Embryology
Study of the gross and microscopic development of the teeth, supportive structures of the teeth and embryology and anatomy of head and neck region. Two hours lecture, three hours lab per week.

DH 0160 (S) 2 hrs. cr.
Dental Radiology

DH 0165 (S) 1 hr. cr.
Dental Radiology Lab

DH 0190 (Su) 4 hrs. cr.
Clinical Dental Hygiene I
Introduction to clinical practice of dental hygiene. Experience in providing patient services through performing oral prophylaxis, periodontal assessment, exposing and processing radiographs, presenting patient education, preventive applications and charting the oral cavity. Sixteen hours lab per week, thirty-two hours of lab will be used for clinical application of DH 210. Corequisite: DH 210 Pain Management. Prerequisite: DH 103 and DH 105 with minimum grade of ‘C’ and CPR Certification Course.

DH 0210 (Su) 1 hr. cr.
Pain Management
This course is designed to prepare the dental hygiene student with the necessary theory to appropriately carry out treatment plans and successfully administer topical anesthesia, local infiltration anesthesia and/or nitrous oxide analgesia to increase patient comfort and control pain when providing dental hygiene services.

DH 0220 (F) 2 hrs. cr.
Dental Materials
Information about various dental materials including the physical & chemical properties of dental materials and the application and manipulation of materials used in dentistry. Students learn to make alginate impressions, plaster models and manipulate other materials. Required course for dental hygiene curriculum. Prerequisite: DH 101 Fundamentals of Dental Hygiene I and DH 140 Dental Morphology and DH 150 Oral Histology and Embryology with a ‘C’ or above or instructor’s permission. One hour lecture, two hours lab per week.

<tr>
<td></td>
<td></td>
<td>Continuation of DH 190 with added responsibilities as skills develop. Multi-cultural experience is gained through rotations in extended campus facilities. Sixteen hours clinical lab per week (one hour per week MAY be used for content and organizational review). Prerequisites: DH 190 with minimum grade of ‘C’ or instructor’s permission.</td>
</tr>
<tr>
<td>DH 0295</td>
<td>1 hr. cr.</td>
<td>Seminar in Dental Hygiene I</td>
</tr>
<tr>
<td></td>
<td></td>
<td>This seminar course is offered in conjunction with DH 290, Dental Hygiene Clinic II and is part of the clinical education continuum. Emphasis will be placed on developing advanced clinical techniques, adjunctive dental hygiene treatment and increased case based learning and problem solving in the clinical setting. One hour lecture per week with three-four lab sessions per semester.</td>
</tr>
<tr>
<td>DH 0300</td>
<td>3 hrs. cr.</td>
<td>Community Dental Health Education</td>
</tr>
<tr>
<td></td>
<td></td>
<td>Fundamentals of teaching and learning theories. Development of teaching units and lesson plans for various public groups and/or organizations, practical experience in public schools and community groups with experience in providing dental health education to the public. This course is designed to increase student knowledge of concepts of community dentistry and dental epidemiology that is used in population based health care. Students are allowed to critically evaluate biostatistics, scientific literature, dental care delivery and mechanisms for financing dental care. Three hrs. lecture per week.</td>
</tr>
<tr>
<td>DH 0301</td>
<td>1 hr. cr.</td>
<td>Community Dental Health Education Practicum</td>
</tr>
<tr>
<td></td>
<td></td>
<td>This course will build upon the basics of DH 300 Community Dental Health Education. Students will apply theories, skills of communication and oral health education to various diverse groups. Through field assessments students will have the opportunity to participate in a variety of community dental health programs and services learning activities which require application of dental public health principles and concepts. Prerequisite: DH 300 with a minimum grade of ‘C’.</td>
</tr>
<tr>
<td>DH 0310</td>
<td>2 hrs. cr.</td>
<td>Nutrition</td>
</tr>
<tr>
<td></td>
<td></td>
<td>Nutrition and diet as related to dental health, biochemistry of digestion and the utilization of nutrients. Special emphasis on dietary analysis as part of total health care and the role of the dental hygienist in providing nutritional counseling. Two hours lecture per week. Requirement: dental hygiene students must take course during second semester of program.</td>
</tr>
<tr>
<td>DH 0320</td>
<td>2 hrs. cr.</td>
<td>Pharmacology</td>
</tr>
<tr>
<td></td>
<td></td>
<td>Principles of drug actions and characteristics of major drug groups including sources of drugs, methods of their administration, classification, dosage, therapeutic action and drug interactions. Emphasis on drugs affecting oral health and drugs used in dentistry. Two hours lecture per week.</td>
</tr>
<tr>
<td>DH 0340</td>
<td>3 hrs. cr.</td>
<td>Oral Pathology</td>
</tr>
<tr>
<td></td>
<td></td>
<td>Oral Pathology includes both general and oral pathology. General pathology includes an overview of basic disease processes, inflammation, immunology and wound healing. Oral pathology emphasizes recognition of oral diseases based on clinical signs and symptoms and radiographic manifestations. Treatment planning principles, based on collection of information using a variety of assessment procedures is included. Three hours of lecture per week. Prerequisite: student must have successfully completed the first three semesters of dental hygiene curriculum with a minimum of a ‘C’.</td>
</tr>
<tr>
<td>DH 0350</td>
<td>2 hrs. cr.</td>
<td>Periodontics II</td>
</tr>
<tr>
<td></td>
<td></td>
<td>Periodontics II is a continuation of Periodontics I focusing further on the prevention, diagnosis and treatment of diseases affecting the gums and supporting structures of the teeth. Clinical application will be implemented in DH 290 and DH 390. Two hours lecture per week. Prerequisites: DH 280, DH 190 and DH 210.</td>
</tr>
<tr>
<td>DH 0390</td>
<td>4 hrs. cr.</td>
<td>Clinical Dental Hygiene III</td>
</tr>
<tr>
<td></td>
<td></td>
<td>Continuation of DH 290: Clinical experience in advanced clinical procedures and discussion of the recognized dental specialties including their relationship to preventive dentistry. One hour lecture, sixteen hours lab week. Prerequisite: DH 290 with minimum grade of ‘C’ or instructor’s permission.</td>
</tr>
<tr>
<td>DH 0395</td>
<td>1 hr. cr.</td>
<td>Senior Seminar in Dental Hygiene</td>
</tr>
<tr>
<td></td>
<td></td>
<td>This seminar course serves as a means of combining information from all courses in the dental hygiene curriculum and applying content to patient cases and practice management issues. This course is also designed to assist in preparing senior dental hygiene students for the written and clinical examinations required for licensure and entry into the profession. One hour lecture per week.</td>

Faculty Howe – Head, Barthalet, Koch

Mission
The Department of Engineering Technology (ET) provides programs designed to develop leaders in industry and society as a whole by providing a quality education to students that is application-oriented and connected to the needs of regional and global businesses.

Department Objectives
The Engineering Technology department at Missouri Southern will produce graduates who
1. have an appropriate mastery of the knowledge, techniques, skills and modern tools of engineering technology.
2. have the ability to apply current knowledge and adapt to emerging applications of mathematics, science, engineering and technology.
3. are able to identify and analyze problems and design effective engineering technology based solutions.
4. contribute professionally by functioning effectively on teams.
5. communicate effectively with professionals and lay audiences.
6. have an understanding for the discipline of engineering technology and its role in a societal and global context.

Curricular Options
The department offers a variety of instructional programs. These programs are:
- Industrial Engineering Technology (IET), BS
- Industrial Technology Education (ITE), BS
- Drafting and Design Engineering Technology (DDET)*, AS
- Manufacturing Engineering Technology (MET), AS
- Process Improvement, Minor
- Certification - Six Sigma Black Belt and Green Belt
- Certification - Land Surveyor in Training Courses
- Certification – Other
  - CAD Operator
  - CNC Operator
  - Quality Technician
  - Industrial Training
* Designates program that has been accredited by the Technology Accreditation Commission (TAC) of the Accreditation Board for Engineering and Technology (ABET), 111 Market Place, Suite 1050, Baltimore, MD 21202-4012, Telephone: 410.347.7700.

Industrial Engineering Technology (IET), BS
The Bachelor of Science in Industrial Engineering Technology program provides a broad curriculum focused on determining the most effective and efficient ways to make a product or to provide a service. Industrial Engineering Technology is concerned with increasing productivity and quality and reducing cost through the management of people, methods of business organization and technology.

Industrial Engineering Technologists have skills and knowledge that allow them to work in a wide variety of businesses. The curriculum prepares individuals for entry-level positions such as industrial engineer, quality engineer, manufacturing engineer, design engineer, process engineer, improvement specialist, quality assurance specialist or production supervisor as well as graduate school.

The industrial engineering technology program at Missouri Southern is unique for it will allow students to earn their Six Sigma Green Belt and/or Black Belt should they choose to do so.

Industrial Technology Education (ITE), BS
The Industrial Technology Education program prepares students to teach Industrial Technology subjects at the Middle School or High School level. The program of study has foundations in problem-based learning utilizing math, science and technology principles.

The Industrial Technology Education degree has certifications for both middle school (grades 5-9) and secondary (grades 9-12). The middle school certification in Industrial Technology is one of two areas of concentration that a student may select from to complete their education degree. The student who desires to teach in a secondary school will have a single teaching field. Technology education is an applied discipline designed to promote technological literacy at all levels. It is the intent of such study to provide students with an understanding of their technological culture so they can become intelligent consumers of their technology. Therefore, the program is designed to produce individuals who can solve problems involving the technical means humans use for their survival. Technology education capitalizes on the needs humans have for expressing themselves with tools and materials. Technology literacy is considered a basic and fundamental study for all persons regardless of educational or career goals. As a result of these goals, the discipline is both academic and laboratory oriented.

Manufacturing Engineering Technology (MET), AS
The Associate of Science in Manufacturing Engineering Technology program prepares students for a broad range of career opportunities in both traditional and highly computer-automated manufacturing environments.

Graduates enter employment with positions such as technicians, CNC programmers, first-line supervisors in manufacturing industries or pursue a baccalaureate degree.

Students graduating with the Associate of Science in Manufacturing Engineering Technology may continue their education by pursuing a baccalaureate degree in one of three areas:
- Industrial Engineering Technology (IET)
- Management Technology
- Industrial Technology Education

Drafting and Design Engineering Technology (DDET), AS
The Associate of Science in Drafting and Design Engineering Technology program prepares students to work in the Engineering Technology disciplines related to the field of drafting and design. The student will be introduced to the areas of Architecture, Technical Illustration, Surveying as well as 3D Design within the curriculum.
This program is accredited by TAC (Technology Accreditation Commission) of ABET (Accreditation Board for Engineering and Technology). The ABET accreditation is used to assure quality in educational institutions and programs. Accreditation is a voluntary, non-governmental process of peer review. It requires an educational institution or program to meet defined standards or criteria.

The curriculum prepares graduates to pursue a baccalaureate degree in Industrial Engineering Technology, Computer Information Science, Management Technology, Industrial Technology Education or enter employment as drafters/designers in the fields of manufacturing, civil, architecture or construction.

**Process Improvement Minor**

This minor was developed for non-Engineering Technology majors and focuses on skills and techniques used to improve processes and systems in a variety of industries. Any student majoring in business, health, criminal justice, CIS, biology, chemistry, technical writing or other fields will increase their competitiveness with this minor because any organization benefits from reducing cost and increasing productivity and quality. Some examples of industries who are looking for improvement analysts include Biotechnology, Pharmaceuticals, Food, Chemical Industry, Healthcare Services, Telecommunications Services, Medical Devices and Supplies, Financial Services, Insurance, Law enforcement, Business Services, Computer Software, Computer Hardware, Management Consulting Services, Government and Military Engineering Services, Mortgage Industry, Aerospace and Defense, as well as Energy and Utilities.

**Six Sigma Green Belt and Black Belt Certification**

This program is designed to provide participants with the knowledge, techniques and tools necessary to successfully fulfill the Green Belt or Black Belt role in many sectors of industry.

Six Sigma is a data-driven methodology used to improve a product or process. Six Sigma has become the world standard for manufacturing as well as service companies. Six Sigma is about understanding customer requirements, tying improvements to strategic goals of the company, quantifying the financial benefits of improvement projects and following a disciplined process in applying statistical tools to achieve a "near-perfect" process.

**Land Surveyor in Training**

Completion of the 15 credit hours of surveying classes will allow a person who has the necessary field experience and work related hours to sit for the Land Surveyor in Training licensing test in the State of Missouri. The Missouri Board of Architecture, Professional Engineering and Land Surveyors has approved this sequence of courses to meet statute Section 327.312.1(3) RSMo.

**CAD Operator Certificate of Competency**

The program is structured to prepare individuals to perform Drafting and Design work. The trained individual will have the skills to prepare drawings for manufacture and make design amendments to existing drawings using CAD programs. The certificate program prepares individuals to work as a CAD operator, as well as a drafting technician and a detailer.

**CNC Operator Certificate of Competency**

The program is designed to provide skills in the operation of Computer Numerical Controlled (CNC) lathes and milling machines. The student will be equipped to be a CNC Technician upon completion of the program.

**Quality Technician Certificate of Competency**

The program is structured to prepare individuals to assure quality in manufacturing and service industries. The trained individual will have the skills to assist a Quality, Manufacturing or Industrial Engineer in gathering and analyzing data pertinent to products and services to maintain and improve quality. The program prepares the individual to work as a Quality Technician, Quality Inspector, Quality Analyst or Process Improvement Technician.

**Industrial Training**

The department offers professional development opportunities for engineers, technicians and managers in areas of engineering technology. Examples of seminar or workshop topics include Root Cause Analysis, Basic Quality Tools with Minitab, Process Mapping, Failure Mode Effect Analysis, Understanding Heat-Treatment, AutoCad, Six Sigma Green Belt and Six Sigma Black Belt.

**Facilities**

The department provides an excellent environment for instruction and has several laboratories with sophisticated design, production and testing equipment. The manufacturing laboratory at Missouri Southern State University is a modern facility for learning about manufacturing processes. The lab contains full-size industrial machining equipment including manual lathes and milling machines as well as CNC machining centers. The material testing lab is a hands-on laboratory where students gain experience on the following equipment: metallurgical prep equipment and microscope, impact tester, universal testing machine, Rockwell hardness tester, micro-hardness tester and precision measuring equipment. Our computer facilities are equipped with personal computers and software including Minitab, Design Expert, AutoCAD, Inventor, Solidworks, Cosmos and 3D Studio, as well as a 3-D printer.

**Second Teaching Field**

- Required course in Psychology satisfies three hours of GER E2, EDUC 280 satisfies three hours of GER I and MATH 130 or MATH 140 with a grade of ‘C’ or better required to satisfy GER C.

Bachelor of Science in Education Middle School Education
Candidates who elect middle school (grades 5-9) as their major must complete two areas of concentration consisting of 22-32 hours in each area. The curriculum for these areas is a joint effort by the departments of teacher education and the teaching specialty. Students who desire to teach in a middle school may choose to become qualified in any two of the following seven areas: Language Arts (English), Math, Science, Social Studies, Business, Industrial Technology or Speech/Theatre.

*Trigonometry (MATH 135) is a prerequisite to DDET 230.

Certificates of Competencies
The competency certificate programs in Manufacturing Applications are offered through Engineering Technology and can be earned by completing four course sequences.

The student has three options to choose from:
- CAD Operator
- CNC Operator
- Quality Technician

CAD Operator
The program is structured to prepare individuals to perform Computer Aided Drafting and Design work in various industries. The trained individual will have the skills to prepare drawings for manufacture and make design amendments to existing drawings using CAD programs. The program will prepare the individual to work as a CAD operator, as well as a drafting technician and a detailer.

Required Engineering Technology Curriculum . . . . 12
MET 100 Introduction to Machine Tool Processes . . . . . . . . . . . . . . . 3
DDET 110 Engineering Graphics I . . . . . . . . . . . . . . . . . . . . . . . 3
DDET 115 Introduction to 3D Computer Aided Drafting . . . . . . . . . . . 3

Select ONE from:
DDET 130 Engineering Graphics II . . . . . . . . . . . . . . . . . . . . . . 3
DDET 220 Architectural Drafting . . . . . . . . . . . . . . . . . . . . . . . . 3
DDET 230 Elementary Surveying . . . . . . . . . . . . . . . . . . . . . . . 3

CNC Operator
The program is designed to provide skills in the operation of Computer Numerical Controlled (CNC) lathe and milling machines. The student will be equipped to be a CNC Technician upon completion of the program.

Required Engineering Technology Curriculum . . . . 12
MET 100 Introduction to Machine Tool Processes . . . . . . . . . . . . . . . 3
DDET 110 Engineering Graphics I . . . . . . . . . . . . . . . . . . . . . . . 3
MET 200 Computer Numerical Control* . . . . . . . . . . . . . . . . . . . 3

Missouri Southern Six Sigma Certification
Six Sigma is a data-driven methodology used to improve products or processes. Six Sigma has become the world standard for manufacturing as well as service companies. Six Sigma is about understanding customer requirements, tying improvements to strategic goals of the company, quantifying the financial benefits of improvement projects and following a disciplined process in applying statistical tools to achieve a "near-perfect" process.

Six Sigma certifications are offered through Engineering Technology and Lifelong Learning. The student has two options to choose from.
- Six Sigma Green Belt
- Six Sigma Black Belt

Each belt certification can be achieved either through academic credit (option A) or as professional industry training (option B).

Industry professionals wishing to pursue option B, contact Dr. Elke Howe at 417.625.9849. The requirements for option A are outlined below.

Six Sigma Green Belt
Students can earn Green Belt certification by successfully completing the following courses. There is a special fee associated with Green Belt certification.

Required Engineering Technology Curriculum . . . . 6
IET 320 Applied Statistical Quality Control . . . . . . . . . . . . . . . . . 3
IET 440 Six Sigma Methodology . . . . . . . . . . . . . . . . . . . . . . . . . 3
Six Sigma Black Belt
Students can earn Black Belt certification by successfully completing the following courses. There is a special fee and an industry sponsored project associated with Black Belt certification.

Course Descriptions

Drafting and Design Engineering Technology (DDET)

DDET 0110 (F,S) 3 hrs. cr.
Engineering Graphics I
Preparation of drawings by using state-of-the-art CADD. Spreadsheet, word-processing are incorporated along with geometric construction, lettering orthogonal projection, dimensioning, sections, pictorial drawing, graphs and diagrams. One hour lecture, four hours lab per week. Corequisite: MATH 30.

DDET 0115 (S) 3 hrs. cr.
Introduction to 3D Computer Aided Drafting
Computer aided drafting and the design of basic 3D wireframe and 3D models. Individuals who have a background in CAD should take the course for personal or professional improvement. One hour lecture, four hours lab per week. Prerequisite: DDET 110 & MATH 30.

DDET 0120 (F) 3 hrs. cr.
Descriptive Geometry
Practical applications of advanced projection techniques to problems in civil, structural, mechanical and architectural engineering. Manual and computer assisted projects on methods are introduced. One hour lecture, four hours lab per week. Prerequisite: DDET 110, DDET 115, MATH 135 or instructor’s permission.

DDET 0130 (F) 3 hrs. cr.
Engineering Graphics II
Detail and assembly drawings of machines and machine elements. Survey of the use of machine tools, processes and materials in the design and fabrication of machine parts. The use of 3D and parametric design software enhance the industrial applications within this course. One hour lecture, four hours lab per week. Prerequisite: DDET 110, MATH 135.

DDET 0204 (F) 3 hrs. cr.
Industrial Statics and Strength of Material
Introductory survey of selected topics of statics and strength of materials, with emphasis on equilibrium friction, summation of forces and moments. The strength of materials will concentrate on simple stress and strain, basic beam relationships and torsional load carrying members. Two hours lecture, two hours lab per week. Prerequisites: DDET 110, MATH 135, Corequisite: PHYS 151 or instructor’s permission.

DDET 0210 (S) 3 hrs. cr.
Technical Illustration
Pictorial drawing with an emphasis on mechanical and architectural applications. Major topics include mechanical illustrations, exploded views and perspectives drawn with a computer aided drafting system. Drawings will involve 2D and 3D illustration, lettering styles and computer generated rendering and animation. One hour lecture, four hours lab per week. Prerequisite: DDET 115, MATH 135.

DDET 0220 (S) 3 hrs. cr.
Architectural Drafting
Principles of architectural design, preparing sets of working drawings, building details and use of modern construction materials for residential building. Manual and computer aided design techniques used throughout the course. One hour lecture, four hours lab per week. Prerequisite: DDET 110, MATH 135.

DDET 0230 (S) 3 hrs. cr.
Elementary Surveying
Use and care of surveying instruments, fundamental surveying methods, traverse measurements, area computations, precise equipment and topographic mapping. One hour lecture-problems, four hours lab. Required background or experience: MATH 135, DDET 115.

DDET 0231 (Su,Demand) 3 hrs. cr.
Advanced Surveying

DDET 0232 (F,Demand) 3 hrs. cr.
Surveying Computations
Introduction to the theory of measurements in surveying. Error propagation in horizontal and vertical position. The analysis of surveying measurement error. Error propagation in rectangular coordinate systems. Introduction to the techniques of compass rule adjustment and least squares for the adjustment of surveying data. Least squares adjustment of triangulation, trilateration and traverse network. Least squares adjustment of level networks. The use of surveying software will be utilized. Three one-hour lectures. Required background or experience: Prerequisite: MATH 135.
DDET 0233  (F,Demand)  3 hrs. cr.
Boundary Control and Legal Principles
Boundary retracement principles based on common laws. Emphasis on simultaneous conveyances, rancho lands, resurvey problems and legal descriptions. Three one-hour lectures. Required background or experience: DDET 230.

DDET 0234  (S,Su,Demand)  3 hrs. cr.
Land and Survey Descriptions
History of land ownership and transfer of title; types of document of land conveyance; forms of legal descriptions of public and private lands; the bureau of land management; interpretation of maps and documents for the physical survey location of land boundaries; principles of writing precise land boundary descriptions; study of easements; value of monuments rectangular surveys; monumentation, restoration of lost corners, subdivision of sections, special surveys, plats and patents, meander lines and riparian rights. Three one hour lecture-problem sessions per week. Required background or experience. Prerequisite: DDET 230.

DDET 0260  (S)  3 hrs. cr.
Engineering Graphics III
Topics not covered in lower DDET courses, including Vector Graphics and DDET Applications pertaining to Descriptive Geometry. Geometric Dimensioning and Tolerancing and working drawings and CAM Design will be reemphasized. Engineering design and problem solving will be an essential aspect of this course. Special topics in DDET. Finite elements will be introduced. Drafting facility management concepts will also be covered. Three hours lecture per week, open lab as required. Prerequisites: DDET 110, 120, 130, 204, MATH 135, PHYS 151. Corequisite: MATH 302, PHYS 152 or instructor’s permission.

DDET 0271  (Demand)  3 hrs. cr.
Graphic Communication Tech I
Basic applications of data transfer and manipulations within industrial environments. Topics could include: basic Internet applications, Web page design, introduction to data formatting for the Internet and other topics as the technology changes. One hour lecture, four hours of lab.

DDET 0298  (Demand)  1-8 hrs. cr.
Special Topics Drafting & Design Engineering Technology
A special topic or topics not normally included in another drafting/design course. Prerequisites determined by the department and stipulated in a course syllabus.

DDET 0490  (Demand)  1-8 hrs. cr.
Internship in Drafting and Design Engineering Technology
A structured work experience in drafting/design at an institution, facility or industry not directly related to Missouri Southern. The work experience will be a practical application of the students major field of study under the direct supervision of an on-site professional who is not a Southern faculty or staff member. The on-site professionals will supervise the students activity in the field. A faculty member will be responsible for approving the placement site and supervising the overall activities of the internship. Prerequisite: 15 hours of DDET.

DDET 0498  (Demand)  1-3 hrs. cr.
Advanced Topics in Drafting and Design Engineering Technology
Specialized knowledge and skills related to new developments in drafting and design. Topics will vary by the semester and situation. Prerequisite: An associate degree in drafting & design or senior standing in management-technology or industrial technology.

DDET 0499  (Demand)  1-3 hrs. cr.
Independent Study in Drafting & Design Engineering Technology
Individually directed reading, research and discussions in selected areas of drafting and design for advanced majors. Scope, depth, area of concentration and credit hours will be arranged when registering for the course. Offered by arrangement. Prerequisite: 15 hours of DDET with a 3.0 GPA and permission of instructor, department head and school dean.

Industrial Engineering Technology (IET)

IET 0105  (F,S)  3 hrs. cr.
Introduction to Industrial Engineering Technology
This course introduces students to skills and resources that will help them be successful in their academic and professional career. Emphasis is provided in the areas of goal setting and personal development, using research facilities and tools available on campus, problem solving and using data, teamwork, effective communication, professional ethics, as well as introductory concepts in engineering technology. Three one-hour lectures per week. Prerequisites: MATH 30 or above.

IET 0305  (S)  3 hrs. cr.
Basic Electricity and Electronics
This course provides an introduction into the principals of electricity/electronics with an emphasis on applications, problem solving and laboratory experiments. Topics covered will include AC and DC circuits, Series and Parallel circuits, Electrical components, Magnetism, Power and Instruments and Measurements. Two hours lecture and two hours lab per week. Prerequisite: MATH 130 with a grade of ‘C’ or better.

IET 0310  (F)  3 hrs. cr.
Computer Production/Planning Control
The course is designed to provide the theory and application of production and inventory management philosophies and techniques. The topics covered in this course will be discussed in light of the framework suggested in the APICS curriculum guides so that this can serve as a foundation for students preparing for certification exams. Applications will be illustrated through the use of computers. Three one-hour lectures per week. Prerequisite: MATH 130 with a grade of ‘C’ or better.

IET 0315  (Demand)  3 hrs. cr.
Probability & Statistics for Engineers
This course is designed for students majoring in Industrial Engineering. Topics include: data analysis, probability, random variables, correlation, linear regression and confidence intervals. Prerequisite: MATH 130 with a grade of ‘C’ or better.
IET 0320  (F)  3 hrs. cr.
Applied Statistical Quality Control
This course provides participants with the basic skills and research methods to analyze organizational systems. Topics include analytical approaches to problem solving, control charts, capability, flow charts, histograms and measurement systems analysis. Students are expected to take a set of data that represent an organizational process and apply the appropriate statistical procedure, analyze the results of the procedure and develop a recommendation based on the analysis. Computer based solution techniques are used where appropriate. This course is also part of the requirements for the Six Sigma Green Belt or Black Belt certification. Prerequisites: Prerequisite: MATH 130 with a grade of ‘C’ or better or permission of instructor.

IET 0355  (F)  3 hrs. cr.
Work Measurement/Ergonomics
This course covers work measurements and methods. The course will focus on the use of standards, value engineering, methods design, workstations, time studies and ergonomics. Prerequisite: MATH 130 with a grade of ‘C’ or better.

IET 0381  (Demand)  3 hrs. cr.
Introduction to Power & Energy
This is a required technology education course which is an introduction to the methods used in industry for the use of creating force / power and the generation of this energy / power. Emphasis is placed on the investigation and conceptual understanding of methods of power generation as well as the distribution and use of the energy developed. Two hours lecture and two hours lab per week. Prerequisite: MATH 130 with a grade of ‘C’ or better.

IET 0383  (F)  3 hrs. cr.
Power Generation including Pneumatic and Hydraulics
A required technology course which is an advanced study in the methods used in industry for the use of creating force/ power and the generation of power. Emphasis is placed on the advanced investigation and conceptual understanding of the methods of power generation as well as the distribution as it relates to pneumatics & hydraulics. Two hours lecture and two hours lab per week. Prerequisite: MATH 130 with a grade of ‘C’ or better.

IET 0391  (Demand)  3 hrs. cr.
Wood Working and Plastics for Shop
This is a required industrial technology education course which is an introduction to the methods used in industry in the processing and production of wood and plastic products. The student will develop an appreciation for and knowledge of materials, products, tools and process. Emphasis is placed on the proper and safe use of wood and plastic machines, tools and chemicals as well as pride in workmanship. Students will be given an opportunity to design and build wood and plastic products throughout the course. Two hours lecture and two hours lab per week.

IET 0393  (Demand)  3 hrs. cr.
Wood and Plastic Science
This is a required industrial technology education course, which is an introduction to the science of wood and plastic and the processing and production of wood and plastic components as well as basic cabinet construction. The student will develop an appreciation for and knowledge of materials, products, tools and process as required in shop and industrial applications. Emphasis is placed on the proper and safe use of wood and plastic machines, tools and chemicals in the processing or production of wood and plastic components. Students will be given an opportunity to investigate their knowledge of design and building of wood and plastic products throughout the course. Prerequisites of technical math or equivalent and IET 391. Two hours lecture and two hours lab per week.

IET 0415  (S)  3 hrs. cr.
Mechanical Design
Machine elements in mechanical design, design for different modes of failure, tolerances and fits, shaft design, keys and couplings, springs, spur gears, belts and chains, clutches and brakes and rolling contact bearing. Three hour lecture per week. Prerequisite: DDET 204.

IET 0420  (S)  3 hrs. cr.
Computer Applications and Cost Analysis
Provides experiences in software applications in manufacturing settings and fundamentals of cost and analysis. Software applications include spreadsheets, databases, project planning and charting. Three hours lecture per week. Prerequisite: MATH 130 with a grade of ‘C’ or better.

IET 0425  (S)  3 hrs. cr.
Design Experiments  (Writing Intensive)
Learn basic statistical concepts of designing and analyzing experiments. Applications from various manufacturing as well as non-manufacturing fields will be illustrated throughout the course. Computer software packages to implement the methods presented will be illustrated extensively and used for homework assignments and a term project. This course is also part of the requirements for the Six Sigma Black Belt certification. Prerequisites: Junior Standing.

IET 0440  (S)  3 hrs. cr.
Six Sigma Methodology
This course is about building on skills and knowledge gained in prior coursework and demonstrating the successful use of Six Sigma tools and concepts toward reducing costs, increasing quality or improving lead-time. This course is also part of the requirements for the Six Sigma Green Belt or Black Belt certification. Prerequisites: IET 320. To achieve Six Sigma Black Belt certification, student must be enrolled in IET 425 concurrently.
IET 0450 (F) 3 hrs. cr.
Plant Layout / Material Handling
This course is designed to give the students a comprehensive understanding of the issues involved in the design of an industrial production system. It will cover the problems in plant location, product analysis, process design, equipment selection, material handling and plant layout. Three one-hour lectures per week. Prerequisites: DDET 110, DDET 115, MATH 130 with a grade of ‘C’ or better.

IET 0460 (F) 3 hrs. cr.
Competitive Industrial Practices
Explores concepts and principles guiding today’s businesses. Provides students with powerful approaches for eliminating waste and improving operations in organizations. Three one-hour lectures per week. Prerequisite: Senior Standing.

IET 0490 (F,S) 1-3 hrs. cr.
Professional Internship
This course is intended to provide the student with “real-world professional” experience in the area of Industrial Engineering Technology by working with an external organization. The Engineering Technology department has several placement opportunities available to students. Students interested in pursuing an internship must start the application process the semester before they intend to work. Prerequisites: 2.5 Overall GPA minimum, 3.0 IET GPA minimum, Junior or Senior status, ET department approval.

IET 0494 (F,S) 1 hr. cr.
Senior Seminar
This class is designed to prepare the Industrial Engineering Technology senior for the transition from the university environment to the real world of work. It will cover topics such as: career development, employer expectations, job research, resume development, interviewing skills and transition issues. One hour lecture per week. Prerequisite: Senior Standing.

IET 0498 (Demand) 1-3 hrs. cr.
Advanced Topics in IET
Special topics in Industrial Engineering Technology.

Manufacturing Engineering Technology (MET)

MET 0100 (F,S) 3 hrs. cr.
Introduction to Machine Tool Processes
The theory and safe operation of basic machine tools. Fundamental practices include: safety, basic mathematics, blueprint reading, bench-work, precision measurement, metal sawing, drills and drilling, pedestal bench grinding, engine lathes, mills. One hour lecture, four hours lab. Prerequisites: MATH 30 or higher.

MET 0105 (Demand) 3 hrs. cr.
Precision Machining
An introduction to the operation of surface, cylindrical, tool and cutter grinders. Principles of inspection and gaging, applied trigonometry, tooling geometry and advanced lathe and milling practices will be covered. One hour lecture, four hours of lab. Prerequisites: MET 100, DDET 110, MATH 130 or consent of instructor.

MET 0110 (Demand) 1 hr. cr.
Fundamentals of Cutting Tools
Introduction to tool geometry, chip formation and effects of coolants and tool design on tool life. Instruction on the sharpening of standard cutting tools for drilling, formed relieved end mills and mill cutters and the applications of various factors on machinability. The use of carbides and ceramics as cutting tools. One hour lecture, four hours of lab.

MET 0160 (Demand) 3 hrs. cr.
Inspection and Gaging
Inspection, gaging and precision measurement procedures utilizing mechanical, electronic and optical measuring equipment and related math. Geometric dimensioning and tolerancing emphasized. Computer assisted process control methods are introduced and applied to specific inspection procedures. One hour lecture, four hours of lab.

MET 0200 (F) 3 hrs. cr.
Computer Numerical Control
Basic numerical control concepts and applications, the operation and setup of numerical control machines, including Vertical Machining Centers and Turning Centers, numerical control programming as applied to machining applications using MDI. One hour lecture, four hours of lab. Prerequisites: MET 100, DDET 110, MATH 30 or 130 and MATH 135 or MATH 140 or consent of instructor.

MET 0202 (Demand) 3 hrs. cr.
Tool Design
Tool design and manufacturing is an advanced course on the designing, machining and manufacturing of production tools, dies, jigs and fixtures. Prerequisites: MET 105 and DDET 110. One hour lecture and four hours lab.

MET 0240 (S) 3 hrs. cr.
Engineering Materials
Introduction to materials currently used in today’s manufacturing settings with emphasis on metals, plastics, ceramics and composites. Laboratory activities involve both manual and computer assisted testing. Two hours lecture and two hours of lab. Prerequisite: MATH 130 with a grade of ‘C’ or better.

MET 0245 (F) 3 hrs. cr.
Manufacturing with Metals
Practical introduction to metals and alloys with emphasis on optimal use of materials in a variety of manufacturing applications. This course focuses on providing an understanding of how and when materials are used, examining specific applications and their requirements and relating those requirements to the properties of various materials. Criteria for appropriate materials selection as well as techniques for maintaining control over material properties during processing will be illustrated. Two hours lecture and two hours lab per week. Prerequisite: MATH 130 with a grade of ‘C’ or better.
MET 0250  (S)  3 hrs. cr.
CNC Project & Cost Analysis
This course will focus on the development of a CNC project applying the principles of design, material selection, cost analysis, planning and numerical control concepts, including vertical machining centers and turning centers, numerical control programming and proofing. Students will gain an understanding of basic project management skills as well as project realization. Two hours lecture, two hours lab. Prerequisites: MET 200, MET 240.

MET 0298  (Demand)  1-8 hrs. cr.
Topics in Manufacturing Technology
Special topics in new or emerging manufacturing technology not normally included in another course. Prerequisites specified by the department in a course syllabus.

MET 0490  (Demand)  1-8 hrs. cr.
Internship in Manufacturing Technology
A structured work experience in manufacturing technology at an institution, facility or industry not directly related to Missouri Southern. Practical application of the students’ majors under the direct supervision of an on-site professional who is not an MSSU faculty or staff member. A faculty member will be responsible for approving the placement site and supervising the overall activities of the internship. Prerequisites: 15 hours of MET courses and permission of a committee.

MET 0498  (Demand)  1-3 hrs. cr.
Advanced Topics in Manufacturing Technology
Covers specialized knowledge and skills related to new developments in manufacturing technology. Topics will vary by the semester and situation. Prerequisite: Senior standing in management-technology or an associate degree in manufacturing technology.

MET 0499  (Demand)  1-3 hrs. cr.
Independent Study in Manufacturing Technology
Individually directed reading, research and report preparation in selected areas of contemporary manufacturing technology, for advanced majors. Scope, depth and area of concentration and credit will be arranged when enrolling in the course. Offered by arrangement. Prerequisite: Completion of required manufacturing technology courses with minimum 3.0 GPA and permission of instructor, department head and school dean.

*Required courses satisfy major requirements and General Education Requirements. Both Sociology and Psychology are required. One course is built into the General Education Requirements and the other should be taken as a dental hygiene requirement.
**Four hours of upper division electives needed after completion of the Dental Hygiene and Health Science Core. ENG 305 recommended to satisfy GER Area F2 to help meet upper division requirements.

**Course Descriptions**

**HS 0111 (F,S)** 3 hrs. cr.  
**Medical Terminology**  
The language of medicine, especially as related to radiology, through a comprehensive study of the more common medical roots, prefixes and suffixes. Relates medical roots to everyday English words. A survey of medical diseases and surgical terms is included. This particular course is recommended for pre-radiology students. Three hours lecture per week. Cross-listed as RAD 111.

**HS 0305 (F,S)** 3 hrs. cr.  
**Intercultural Communication (Writing Intensive)**  
Analysis of variables influencing communication among people from different cultures. Emphasis on developing interpersonal skills needed in multicultural encounters. Prerequisite: COMM 100. Cross-listed as COMM 305.

**HS 0312 (Fall-Even,S,Su)** 3 hrs. cr.  
**Biomedical Ethics (Writing Intensive)**  
A comprehensive investigation of ethical problems relating to health care and the practice of medicine, including study of such...
The adviser, the department head and the dean of the school structures the independent study course. Prerequisites: Upper division standing with an overall GPA of 3.0 or above. The adviser, the department head and the dean of the school must approve registration in the course.

HS 0350  (F,S,Su)  3 hrs. cr.
Fundamentals of Organizational Management (Writing Intensive)
A study of the fundamentals and functions of organizational management including planning, decision making organization, leading and controlling from individual and group behavior perspectives. Prerequisites: Junior standing and ENG 101/102 or equivalent. Cross-listed as MM 350.

HS 0370  (S)  3 hrs. cr.
Environmental Health
Contemporary environmental health problems and public protection measures, including public health disease prevention and environmental health hazards. Three lectures per week. Prerequisite: BIO 101 or 105 or 121. Cross-listed as BIO 370 and EH 370.

HS 0380  (F)  3 hrs. cr.
Epidemiology
Introduction to the concepts, principles and methods useful in the surveillance and investigation of communicable disease. Prerequisites: BIO 101 or 105 or 121 or BIO 112/122. Cross-listed as BIO 380 and EH 380.

HS 0390  (Demand)  3 hrs. cr.
Health Care Systems
This course incorporates a discussion of the three major health care systems that have evolved in the United States, the impact of diseases on systems development, how financing has influenced the structure and effect on access to care. Three lecture hours a week. Prerequisites: ECON 0180, PSC 0120, PSY 0100 or SOC 0110.

HS 0499  (Demand)  1-3 hrs. cr.
Independent Study
Individually directed study for advanced majors in the areas of health science. The adviser with approval of the department head structures the independent study course. Prerequisite: Upper division standing with an overall GPA of 3.0 or above. The adviser, the department head and the dean of the school must approve registration in the course.

Juvenile Justice is a Bachelor of Science degree designed to prepare students for employment with the various juvenile justice agencies. These agencies deal with children and adolescents who are subject to the juvenile justice system because they have committed acts that would be crimes if they were adults or offenses such as truancy or running away. The juvenile justice system also deals with children who are neglected or abused. Moreover, there are many prevention programs that although not part of the juvenile justice system, are designed to keep juveniles from entering the system. Students majoring in Juvenile Justice will have an opportunity to explore the many facets of the juvenile justice system and to gain an understanding of the legal and practical aspects of the system.

Our faculty has many years of experience in the juvenile justice field in such positions as deputy juvenile officer, legal adviser to the juvenile court and child abuse investigator. Through local contacts, students will have the opportunity to obtain real world experience through an internship with a juvenile justice agency.

Career options include working with the court system, social service agencies, the schools, prevention programs, juvenile corrections or the many private treatment programs. The system is always evolving with new programs and policies, creating new opportunities for students majoring in Juvenile Justice.

Course Descriptions

JJ 0490 (F,S,Su) Internship in Juvenile Justice
Extensive practical experience with a juvenile justice agency, subject to internship committee approval. Prerequisites: Junior or senior standing, CJAD major, department approval, cumulative GPA of 2.5 and a CJAD GPA of 3.2.

JJ 0499 (F,S,Su) Independent Study in Juvenile Justice
Individually directed study for advanced majors in areas of juvenile justice selected with adviser approval. Proposal detailing scope, depth, area of concentration and credit must be approved by program director and division Dean. A minimum GPA of 3.0 in major area or permission required.

LAW ENFORCEMENT
Justice Center 109 • 417.625.9302

Faculty
Thomason - Head, Cowdin, Scott, Spencer, Spurlin, Wilson

The Associate of Science degree in Law Enforcement helps prepare students for entrance into law enforcement, a field which has become highly specialized and complex at the local, state and national levels. The University also offers the four-year Bachelor of Science degree in Criminal Justice Administration. See page 206.

Missouri Peace Officer Certification
The 600-hour Missouri Peace Officer Certification is offered through Criminal Justice Administration (CJAd) and the Missouri POST (Peace Officer Standards & Training) Certified Law Enforcement Academy. Students who successfully complete the Academy and meet licensing requirements become eligible for employment as Missouri peace officers. See course descriptions.

Application/Admission/Certification
The State of Missouri requires applicants at the time of licensing to be 21 years of age, a United States citizen, have a high school diploma or its equivalent and pass the Missouri State
Police Officer Licensing examination. An applicant with a criminal history must receive Missouri POST clearance before being accepted to the program. An interview with the Training Coordinator is required for admittance to the program.

LE 0290  (Demand)  3 hrs. cr.
Police Supervision and Management
Principles of personnel management as applied to law enforce-
ment agencies: evaluation, promotion, discipline, training, em-
ployee welfare and problem-solving leadership.

LE 0298  (Demand)  1-3 hrs. cr.
Topics in Law Enforcement
Course content varies and is designed to meet current needs
and interests in the rapidly changing field of law enforce-
ment. Precise topics to be announced and prerequisites stipulated in
course syllabus.

MEDICAL TECHNOLOGY
Reynolds Hall 210 • 417.625.9376

Faculty  Garoutte, Summerfield

The Bachelor of Science degree in Medical Technology is
granted to students who satisfactorily complete the required
program of study. These requirements include the basic re-
quirements for all Bachelor of Science degree programs, re-
quired science and other supportive courses, plus 32 hours of
professional course credits. The Medical Technology program
advisers are in the Physical Science Department and students
should be advised by these faculty. Failure to do so may result
in students taking unnecessary courses. The completion of this
degree is required before an individual is eligible to take the
certifying examination.

Missouri Southern has affiliation agreements with the Schools of
Medical Technology at St. John’s Regional Medical Center,
Joplin, MO, Lester E. Cox Medical Center, Springfield, MO and
Baptist Health School of Medical Technology, Little Rock, Ar-
kaansas. If a student wishes to attend an accredited school of
medical technology with which the University has no formal
agreement, the Vice President for Academic Affairs can negoti-
ate an agreement for the individual student. Students should be
aware that enrollment in professional schools is limited. Each
of the professional schools has its own admission criteria and
selects those students to be admitted to a class from the appli-
cants for that class. In general, this selection is based on
the academic record or demonstrated aptitude for the medical
field. Students are responsible for filing their own application
for admission with the professional schools. Application should
be made to the professional school during the early fall of the
Junior year or approximately 10 months prior to the expected
entrance date. It is strongly suggested that the student contact
the Director of the Medical Technology Program at the desired
hospital early in their Sophomore Year to determine the exact
application procedure.

A student may enroll in the professional courses either at the
hospital-based school or through Missouri Southern, depending
on the policies of the hospital-based school. Students enrolled
at the hospital-based school are not considered members of
the Missouri Southern student body, since the hospital-based
school in such cases is considered as any other accredited
institution of higher education. A student enrolling through
Missouri Southern is considered a member of the University
student body and is therefore eligible for benefits offered all
students. The weekly time requirements for the professional
medical technology courses (400 level) listed are based on the
minimum requirements for a course meeting for a normal aca-
ademic term for a minimum of 16 weeks. Actual scheduling of
classes may vary according to custom of the individual profes-
sional school to meet these minimum total hour requirements.

Students in this major whose career goals change or are un-
successful in gaining admission to a professional training pro-
gram are ideally suited to complete another science major with
virtually no loss of academic credits.

Course Descriptions

MT 0401  (S)  10 hrs. cr.
Clinical Chemistry
Analytical and theoretical aspects of the clinical biochemistry of body fluid constituents utilizing both manual and instrumental techniques, including automation and special procedures. Five hours lecture, twenty hours clinic/lab per week.

MT 0402  (S)  1 hr. cr.
Clinical Microscopy
Principles and techniques of the physical, chemical and microscopic examination of urine and other excrete as related to disease processes. One hour lecture, clinic by arrangement.

MT 0403  (F)  6 hrs. cr.
Clinical Hematology
The cellular elements of blood and bone marrow; theory of cell production, release and survival; morphological characteristics of normal and abnormal cells; quantitative and qualitative abnormalities. Principles and techniques involved in the study of hemostasis, blood coagulation and hemorrhagic disorders. Three hours lecture, twelve hours clinic/lab per week.

MT 0404  (S)  3 hrs. cr.
Clinical Serology-Immunology
The science of immunity including antibody development, principles of antigen-antibody interactions and techniques of serological testing for various disease states. Three hours lecture, twelve hours clinic/lab per week.

MT 0405  (S)  7 hrs. cr.
Clinical Microbiology
Sterile technique, methods of handling and inoculating specimens containing pathogenic micro-organisms, isolation and identification of pathogenic micro-organisms, laboratory tests in chemotherapy and diagnostic bacteriology, mycology and parasitology. Four hours lecture, twelve hours clinic/lab per week.

MT 0406  (S)  3 hrs. cr.
Clinical Immunohematology-Blood Bank
Blood group systems and the immune response. Methods of crossmatching, antibody screening and phenotyping. Administrative safeguards and legal aspects of blood banking. Proper clinical utilization of blood components. One hour lecture, eight hours clinic/lab per week.

MT 0407  (S)  2 hrs. cr.
Special Topics in Medical Technology
Lecture and/or clinical practice in the areas of in-service education, management and supervision, research and development and principles and techniques of the instructional process. Lecture and labs to be arranged.

Faculty  Linder - Director, Ayton, Box, Corcoran, Eller, Goade, Hart, Hempsmyer

Mission
Provide contemporary nursing education at the undergraduate and graduate levels. Improve healthcare in culturally diverse local and global communities through excellence in nursing education, practice and service.

Nursing Program
The Bachelor of Science degree Nursing Program provides intensive preparation for the first-time entering student, baccalaureate degree graduate, licensed practical nurse seeking licensure as a registered nurse and for the registered nurse pursuing baccalaureate education in the nursing discipline.

The program is based on the Betty Neuman Systems Model, emphasizing Person, Health, Environment and Nursing. General Education Requirements and required support courses augment nursing courses in preparing a professional nurse who is able to function at the client’s side in a diverse healthcare delivery system.

The program has full approval by the Missouri State Board of Nursing, PO Box 656, Jefferson City MO, (573) 751-0681.

Application for registered nurse licensure in Missouri
According to Section 335.066 Missouri Nursing Practice Act (1-16), granting of the nursing baccalaureate degree does not guarantee eligibility to sit for the licensure examination or guarantee issuance of a license to practice nursing in the state of Missouri. For eligibility requirements to apply, write the National Council Licensure Examination for Registered Nurses (NCLEX-RN) as specified in section 335.046-1 of the Missouri Nursing Practice Act. In addition, the applicant should: 1) be of good moral character; 2) have completed high school or equivalent; 3) have successfully completed basic professional curriculum in accredited school of nursing. Section 335.066, Missouri Nursing Practice Act (1-2) to (1-16), provides rules for denial, revocation or suspension of license and grounds for civil immunity. The Board may refuse to issue any certificate of registration or authority and permit or license stated in subsection two of this section. Detailed information may be obtained through the Missouri State Board of Nursing Website – www.pr.mo.gov/nursing.asp

Completion of the nurse education program does not guarantee eligibility to take the licensure examination.

The program is nationally accredited by The National League for Nursing Accrediting Commission (NLNAC), 3343 Peachtree Road NE Suite 500, Atlanta, GA 30326, Phone 404-975-5000 and Fax 404-975-5020.
Department of Nursing Program Objectives

- Offer a nationally accredited Baccalaureate Degree in Nursing.
- Enhance higher order thinking, communication, research and therapeutic interventions in the practice of professional nursing.
- Promote lifelong learning activities for personal and professional development.
- Furnish a foundation for management and leadership roles in nursing.
- Prepare graduates to use Standards of Clinical Nursing Practice in a variety of settings.
- Provide a foundation for graduate education studies in nursing.
- Promote empathy for the values and perspectives of diverse cultures including an awareness of international and multicultural influences in nursing.

Graduate Outcomes

Upon completion of the program the graduate will:

- Apply the Neuman systems model in the promotion of the person’s optimal systems stability.
- Promote health by empowering the person through health education.
- Provide self-directed contemporary health care through application of the nursing process.
- Practice within the professional standards of care.
- Use current technologies in providing culturally sensitive care through primary, secondary and tertiary prevention.
- Manage health care delivery through coordination, collaboration and delegation.
- Integrate communication strategies in interacting with the person.
- Apply nursing and health related research to nursing practice.

Admission Criteria

1. Continuous enrollment, readmission or admission to the University as a transfer student.
2. Cumulative GPA of 2.5 minimum based upon completion of freshman and sophomore courses listed in the suggested order of study.
3. Completion of the following required support courses with a grade of ‘C’ or higher:
   - BIO 121 Anatomy and Physiology I
   - BIO 221 Anatomy and Physiology II
   - BIO 231 General and Medical Microbiology
   - CHEM 120 Chemistry
   - BIO 308 Pathophysiology
   - KINE 385 Nutrition
4. All courses from the Suggested Order of Study must be completed prior to entering the nursing major at the junior level.
5. Criminal Record check
6. State of Missouri Caregiver Background Screening
7. Drug/Alcohol Screen
8. Physical examination with health requirements documented
9. Non-refundable application fee

RSMO 660.317 prohibits a hospital from knowingly allowing those guilty of Class A and B felonies as defined by state law to give care to clients in the agency. Missouri Southern State University students are assigned to do clinical practice in cooperating hospitals and the Department is in agreement that students must meet these requirements. Results of a personal criminal history record check and caregiver background screening must be on file prior to fall semester of the Junior Year of nursing courses. Applicants who have been found guilty and/or listed on background check lists in the Family Care Safety Registry pursuant to sections 210.900 to 210.937, RSMo of Class A and B felonies will be ineligible to enter the program.

ADMISSION TO THE PROGRAM IS COMPETITIVE.

Applicants must demonstrate evidence of personal characteristics and integrity that indicate high probability of successful degree completion and must meet application criteria necessary to complete the National Council Licensure Examination (NCLEX-RN).

Application, readmission and transfer forms and criteria are available from the Department of Nursing.

Deadline for Department of Nursing application and Missouri Southern State University transcript is January 31.

The applicant is responsible for verifying that the Missouri Southern State University transcript contains all transcripted courses from other colleges and universities prior to the application deadline and submitting the Missouri Southern State University transcript to the Department of Nursing by the stated deadline.

Students who meet all admission criteria and have completed the Suggested Order of Study for the Bachelor of Science Degree in Nursing at Missouri Southern State University will be given preference in admission.

Progression policies: Refer to the Department of Nursing Student Handbook for progression policies. The Department of Nursing Student Handbook can be accessed at www.mssu.edu/nursing.

Freshman Option: Direct Provisional Admission (DPA)

Students entering as first time freshmen to Missouri Southern State University will have the opportunity to receive direct provisional admission to the nursing program based upon the following criteria:

1. Meet all requirements for regular admission to Missouri Southern State University as a first-time freshman.
2. ACT composite score of 25 or higher.
3. Maintain a 3.0 GPA in required courses each semester with a grade of ‘C’ or above (refer to catalog for required courses).

4. Meet all other requirements for admission to nursing major prior to matriculation.

Admission of Baccalaureate Degree Applicants
Applicants holding a baccalaureate degree are considered by the University as having completed the General Education Requirements requirements. Degree nursing applicants must meet all stated admission requirements.

The cumulative GPA on baccalaureate degree earned will apply to degree nursing applicants.

Required support courses for admission into the nursing major including natural area physical sciences courses requiring a grade of ‘C’ or higher are as follows:

Admission of Registered Nurses (RNs)
Registered nurses are admitted to the University as graduates of Southern’s Associate Degree Nursing Program or as transfer students. In addition to the program admission requirements, registered nurses must also meet the following requirements:

1. Graduation from a state-approved and National League for Nursing Accrediting Commission (NLNAC) accredited associate degree or diploma nursing program. Registered nurse applicants from non-NLNAC accredited nursing programs must complete NURS 301 Transitions in Nursing and attain a GPA of 3.0 in the first semester of coursework in order to be granted regular admission status.

2. Current registered nurse licensure or eligibility in the state of Missouri.

3. Upon successful completion of NURS 301 Transitions in Nursing, 3 credit hours, validation of 31 credit hours of nursing knowledge will be transcribed for credit as follows:

</table>

An assessment fee per credit hour will be charged to the student’s account.

4. The RN has an option to challenge NURS 305 Pharmacology in Nursing through departmental examination (three credit hours). An assessment fee per credit hour will be charged to the student’s account.

Admission of Licensed Practical Nurses (LPNs)
Licensed Practical Nurses (LPNs) are admitted to the University as first-time (generic) or transfer students. LPN applicants must meet all University and program requirements for admission. The LPN has the option to challenge 5 credit hours for NURS 310 Health Assessment and Technologies through departmental examination. An assessment fee per credit hour will be charged to the student’s account.

Transfer Policy for Students from a Baccalaureate Degree Nursing Program

1. All program admission criteria must be met.

2. A letter of reference is required from the Dean or Director of the nursing program previously attended stating the student left in good standing and is eligible for readmission.

3. Transfer courses will be evaluated for course equivalency at Missouri Southern on an individual basis.

4. Nursing courses with a clinical component must be fully met.

5. Transfer is based on space availability.

Special Fees
In addition to all established fees for University students, special laboratory fees are assessed for:

- Fall semester Junior Year – NURS 310 Nursing Assessment and Technologies ............................ $635.00
- Spring Semester Junior Year – NURS 350 Family Nursing ...................................................... $350.00
- Fall semester Senior Year – NURS 430 Advanced Health Assessment ................................. $635.00
- Spring Semester Senior Year – NURS 450 Community Health Nursing ................................. $350.00

Other costs incurred during the program include, but are not limited to: required nurse bag equipped for courses, uniforms, pins, standardized examination fees, graduation fees, licensing examination fees, hepatits series, current immunizations, etc. An estimated cost sheet for nursing students is available in the Department of Nursing.

*Satisfies the General Education Requirements. MATH 130 is required for General Education Requirement Area C.

Minors
Minors in supportive disciplines are available to nursing students. See requirements for the following suggested (but not exclusive) minors: Informatics, Business, Spanish, etc.

American with Disabilities Act Implications
Students are required to have completed a physical examination/health verification after conditional admission to the nursing program. Students will be required to demonstrate physical and/or emotional fitness to meet the essential requirements of each course in the program. Such essential requirements include freedom from communicable diseases, the ability to perform certain physical tasks and suitable emotional fitness. Any appraisal measures used to determine such physical and/or emotional fitness will be in compliance with Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990. Core performance standards for admission and progression which comply with the Americans with Disabilities Act of 1990 are available in the office of the Department of Nursing.

</tbody>
</table>

| **NURS 0302 (F,Demand) 3 hrs. cr.**  |
| Herbal and Complementary Therapies |
| Herbal and Complementary Therapies is a course designed to enhance the learner's understanding and appreciation of universal alternative and holistic approaches to health. “Non-traditional” treatment methods that comprise complementary therapies include herbal medicine, homeopathy, naturopathy, therapeutic massage and acupuncture. One three-hour lecture per week. Prerequisite: BIO 101 General Biology. |

| **NURS 0305 (F) 3 hrs. cr.**  |
| Pharmacology in Nursing |
| This course is designed to introduce the nursing student to essentials of basic and clinical pharmacology in preparation for application with patient populations in a clinical setting. The student will focus on the commonalities of drug classifications related to the physiologic systems of clients during the life span. Prerequisite: Admission to the nursing program and concurrent with NURS 310 and NURS 320. (Concurrent enrollment in NURS 301 Transitions in Nursing is required for RNs.) |

| **NURS 0310 (F) 5 hrs. cr.**  |
| Health Assessment and Technologies |
| Incorporates a systematic approach to basic health assessment and application of basic nursing interventions for the person with limited variances in health. Three hours lecture and six hours lab per week. Prerequisite: Admission to the nursing program and concurrent with NURS 305 and NURS 320. |

| **NURS 0320 (F) 7 hrs. cr.**  |
| Adult Nursing |
| Focuses on variances in health of adults with common health problems. Emphasis is on application of the nursing process in secondary prevention. Four hours lecture and nine hours clinical per week. Prerequisite: Admission to the nursing program and concurrent with NURS 305 and NURS 310. |

| **NURS 0350 (S) 9 hrs. cr.**  |
| Family Nursing |
| Focuses on health promotion of the developing family and nursing care of the maternity and pediatric client with variances of health. Six hours lecture and nine hours clinical per week. Prerequisites: Minimum 2.5 GPA in prior semester in NURS 305, NURS 310 and NURS 320 and concurrent with NURS 360 and NURS 370. |

| **NURS 0360 (S) 4 hrs. cr.**  |
| Mental Health Nursing |
| Focuses on assessment, promotion of mental health and care of the person with variances in mental health. Use of therapeutic communication and the nurse-client relationship are emphasized. Two hours lecture, six hours of clinical per week. Prerequisites: Minimum 2.5 GPA in prior semester in NURS 305, NURS 310 and NURS 320 and concurrent with NURS 350 and NURS 370. |

| **NURS 0370 (S) 3 hrs. cr.**  |
| Gerontologic Nursing (Writing Intensive) |
| Focuses on the normal aging process and common health variances of the older person. Three hours lecture per week. Prerequisites: Minimum 2.5 GPA in prior semester in NURS 305, NURS 310 and NURS 320 and concurrent with NURS 350 and NURS 360 or RN status with permission of instructor. |
NURS 0400  (F)  6 hrs. cr.  
**Complex Nursing**  
Fociuses on the nursing care of persons with complex variances in health in acute care and rehabilitation settings. Three hours lecture, nine hours of clinical per week. Prerequisites: Minimum of 2.5 GPA in prior semester in NURS 350, NURS 360 and NURS 370 and minimum score of 850 on Evolve MC-1 or MC-2 test and concurrent with NURS 420 and NURS 430.

NURS 0420  (F)  3 hrs. cr.  
**Nursing Ethics and Informatics (Writing Intensive)**  
Fociuses on the process of ethical decision making. Ethical issues confronting the professional nurse including issues related to informatics in healthcare are explored. Writing intensive. Three hours lecture per week. Prerequisites: Minimum 2.5 GPA in prior semester in NURS 350, NURS 360 and NURS 370 and minimum score of 850 on Evolve MC-1 or MC-2 test and concurrent with NURS 301 (RNs), NURS 400 and NURS 430.

NURS 0430  (F)  3 hrs. cr.  
**Advanced Health Assessment**  
The emphasis of advanced health assessment will be refining abilities to utilize techniques to assess, identify and describe variances from normal. Two hours lecture, three hours of lab per week. Prerequisites: Minimum 2.5 GPA in prior semester in NURS 350, NURS 360 and NURS 370 and minimum score of 850 on Evolve MC-1 or MC-2 test and concurrent with NURS 400 and NURS 420.

NURS 0450  (S)  5 hrs. cr.  
**Community Health Nursing**  
Concepts and methods for assessment of community strengths and health needs will be analyzed to improve the overall health status of the person and aggregates. Three hours lecture, six hours of clinical per week. Prerequisites: Minimum 2.5 GPA in prior semester in NURS 400, NURS 420 and NURS 430 and concurrent with NURS 460 and NURS 470.

NURS 0460  (S)  3 hrs. cr.  
**Nursing Research (Writing Intensive)**  
Emphasizes evaluation of nursing research, utilization of research findings in the clinical setting and assisting in the conduct of research. Three hours lecture per week. Prerequisites: PSY 320, minimum 2.5 GPA in prior semester in NURS 400, NURS 420 and NURS 430 and concurrent with NURS 450 and NURS 470.

NURS 0470  (S)  5 hrs. cr.  
**Nursing Management and Leadership**  
Emphasis is on nursing management and organization, nursing leadership skills and resource allocation. Three hours lecture and six hours clinical per week. Prerequisites: Minimum 2.5 GPA in prior semester in NURS 400, NURS 420 and NURS 430 and concurrent with NURS 450 and NURS 460.

NURS 0498  (Demand)  1-3 hrs. cr.  
**Advanced Topics in Nursing**  
Special topic or topics not normally included in another course. Prerequisites: Upper division standing; additional requirements will be stipulated in the syllabus of the course.

---

**Faculty** Ktek-Head  
**Mission**  
The mission of the Missouri Southern State University Emergency Medical Program is to educate and graduate an EMS professional who is a competent entry-level practitioner. The program is designed to develop and promote conceptual, technical, contextual, integrative and adaptive competence so that graduates are well rounded in all phases of professional behavior. Graduates will be prepared to enter the health professions workforce and be eligible for licensure, certification and advanced education.

The School of Technology and the Emergency Medical Training Department offer certificate programs preparing students to take the National Registry examinations as Emergency Medical Technicians or as Paramedics. This is closely integrated with area Emergency Medical Services and area Trauma Centers. Students seeking information about these programs should check with the Director of EMS programs for details about scheduling of the courses. The courses offered meet all requirements of the National Curriculum. The Department of Emergency Medical Training is an Accredited Training Entity for the Missouri Department of Health and Senior Services and the Missouri Unit of Emergency Medical Services. Classroom instruction is supplemented by clinical observation and experience. The program meets through three semester periods beginning each fall semester. The clinical training is arranged through area hospitals and ALS ambulance services.

Applications and pretest information should be obtained from the office before the end of the spring semester. Special book and equipment fees are assessed for this course.

**Total** ......................................................... 33

**Admission Criteria**  
1. Must be 18 years of age before first class.  
2. High school graduation diploma or its equivalent.  
3. Evidence of successful completion and certification of a course of training for EMT-Basic.  
4. Must submit a complete record of immunizations.  
5. Have a current State of Missouri EMT-Basic license.  
6. Maturity of judgment, sound moral character and health status, which provide reasonable assurance that the student will meet the physical and mental demands of the occupation.  
7. Proof of current health insurance.  
8. Have a State Highway Patrol background check completed and sent to EMS training department at MSSU.  
9. Copy of current state licensure for Basic EMT.
Out of state students
Final selection of students by the admissions committee shall be based on the following factors:

1. Oral interview to determine career goals, communication skills, background and orientation toward the paramedic educational program.
2. Written and practical exam which will include EMT-Basic as well as math questions.
3. Letters of recommendation from employers, professional personnel and/or past instructors.

Student must complete and submit an application by June 1 for admission to MSSU prior setting for the pre-test and interview.

Course Descriptions

PARA 0210  (F,S)  6 hrs. cr.
EMT-Basic
This training course is organized to provide the student with knowledge about the acute, critical differences in physiology, pathophysiology or clinical symptoms, as they pertain to the pre-hospital emergency medical care of the infant, child, adolescent, adult and geriatric patient. The student will have an opportunity to acquire clinical experience and practical skills related to the emergency medical care of these patients.

PARA 0250  (F)  12 hrs. cr.
EMT - Paramedic 1
This training course is organized to cover the Preparatory, Airway Management, Patient Assessment and Trauma portion of the National Curriculum. The classes will meet for three, four-hour classes each week of the semester. The class time will include both didactic and hands-on training of the skills needed. These will include medication administration, airway maintenance, IV access and monitoring. There will be no clinical hours included in this semester. Prerequisites include a current National Registry or Missouri EMT Basic license and a CPR card. PARA 250 is a prerequisite for PARA 270.

PARA 0270  (S)  12 hrs. cr.
EMT - Paramedic 2
This training course is organized to provide the student with knowledge about the acute, critical differences in physiology, pathophysiology or clinical symptoms, as they pertain to the pre-hospital emergency medical care of the infant, child, adolescent, adult and geriatric patient. The student will have an opportunity to acquire clinical experience and practical skills related to the emergency medical care of these patients both during class time and during hospital based clinical rotations. Prerequisites include completion of PARA 250 and a current EMT-Basic license. PARA 270 is a prerequisite for PARA 290.

PARA 0290  (Su)  9 hrs. cr.
EMT - Paramedic 3
This is the final portion of the Paramedic Program. During Paramedic 3, the student will meet for one class a week for the didactic portion covering special considerations in emergency medicine, assessment based management and operations of the Emergency Medical Services. During the remaining part of the week, the student will be assigned specific hours with Advanced Life Support Ambulance Services and specified Preceptors to complete the Field Internship portion of the training. Prerequisites include completion of PARA 270.
**Pre-Engineering**

Reynolds Hall 213 • 417.625.9616

**Faculty** Archer - Head, Chelf, Knapp, Marsh, Sloan

The Physical Science Department at Missouri Southern, in co-operation with the engineering staff at the University of Missouri-Rolla and the University of Missouri-Columbia, have prepared booklets describing the Cooperative Engineering Program between these schools and MSSU. These booklets list the course sequence for a student taking the first two or two and one-half years of an engineering science curriculum at Southern and planning to transfer to UMR or UMC. The plan also includes the courses the student will take at UMR or UMC to complete a BS degree in various engineering disciplines. Engineering school general education requirements are different from liberal arts requirements so it is strongly recommended that the student consult with a pre-engineering adviser in the Physical Science dept. Any student or adviser who desires a copy of the booklet should contact the Physical Science Department.

Although most of the engineering programs are standard for the first two years, there are a few differences and thus the student should meet with a pre-engineering adviser during the first semester. If a student wishes to transfer to a school other than UMR or UMC, it is suggested that the catalog of that school be reviewed for any differences in its program and the UMR or UMC outline. College catalogs are available in the Reserve Area of Spiva Library. Any adviser who desires a copy of the booklet should contact the Physical Science Department.

**Required math and physics courses simultaneously satisfy 11 hours of General Education Requirements and major requirements.

***The student should meet with a pre-engineering adviser for the proper selection depending on the field of engineering.

---

**Preprofessional**

Justice Center 126 • 417.625.3155

This curriculum allows Missouri Southern students to complete admission requirements for professional schools that accept applicants who have completed approximately 60 hours. Students should incorporate professional school requirements into their schedule and work closely with an adviser at Missouri Southern. Also, students who are completing certification requirements for paramedic programs may transfer among Missouri public four-year colleges and universities.

**For additional information contact:**

Dr. Tia Strait, Dean, School of Technology
Office: Justice Center 126
Phone: 417.625.3155
Email: strait-t@mssu.edu

Dr. Richard Miller, Dean, School of Arts & Sciences
Office: Hearnes Hall 318
Phone: 417.625.9385
Email: miller-r@mssu.edu

---

**Radiologic Technology**

Health Science Building 325 • 417.625.3118

**Faculty** Schiska - Head

**Mission**

Consistent with the philosophy of MSSU, the mission of the radiologic technology program is to provide high quality entry-level radiographers for the service area of the university. Attention is focused on the needs of each student for local and international service.

The Associate of Science Degree in Radiologic Technology combines General Education Requirements courses, a supportive course in the behavioral sciences, natural sciences and special courses in the field of radiology, including extensive clinical laboratory experiences. The clinical laboratory experiences are provided through agreements between Missouri Southern and other accredited facilities and may include weekends and evening rotations. The student successfully completing the curriculum is eligible to write the National A.R.R.T Certification Examination to become a Registered Technologist.
Completion of the degree requires the completion of General Education Requirements requirements for the Associate of Science Degree, all Radiologic Technology courses, BIO 221 and BIO 240. Students must complete the prerequisites of Anatomy and Physiology I (BIO 121), Medical Terminology (RAD 111), English Composition I (ENG 101) and Intermediate Algebra (MATH 30) before entering the program. Transfer students should check course equivalencies prior to enrolling in courses at other institutions.

Special admissions procedures are required for admittance into this program in addition to those required for admission to Missouri Southern State University. This includes a “C” in all prerequisites and other classes required for the course of study taken prior to admission. A limited number of students are allowed into the program each year (see website: http://www.mssu.edu/technology/Rad/ for additional information on admission requirements). A special Radiologic Technology application with supporting materials must be submitted to the Director of the Radiology Program by January 31st of the year the student wishes to enter the program (see application process on website). Accepted students begin the program at the beginning of the following fall semester.

Students seeking admission to the program should possess superior academic and critical thinking skills. They should possess the ability to problem-solve, communicate effectively and have strong interpersonal skills. In addition, they must possess strong academic skills in the sciences, with a good background in anatomy and physiology. Basic courses in physical science and/or chemistry will help prepare students for successful completion of the program. They must have the physical abilities to hear, see, lift and remain on their feet for long periods of time in order to provide safe patient care in clinical rotations. They should have the ability to lift a minimum of 50 pounds on a frequent basis. Students who have further questions regarding the above abilities and skills should contact the radiologic technology department at MSSU (see contact information in this section of the catalog).

In addition to established fees for all university students, special fees of $17.50 for the first semester of each year for insurance and $250 for the last summer semester are required for enrollment in radiology courses. These fees may change annually.

Students who are already Registered Technologists (through the American Registry of Radiologic Technologists) may also enter the program. Radiology course credit may be granted to the Registered Radiologic Technologist equal to that granted to the graduating Associate of Science student at the time the Registered Radiologic Technologist starts the program. Students must then complete the additional Associate of Science Degree General Education Requirements as outlined in the catalog.

A BS in Health Science with an emphasis in radiologic technology option is also available to those wishing to seek a more advanced degree beyond the A.S. option. For more information, please see the health science degree option in this catalog.

For additional information visit our website: http://www.mssu.edu/technology/rad

*Also satisfies General Education Requirement under Life Sciences. Psychology (PSY 100) is a required course in the General Education Requirement.

### Course Descriptions

**RAD 0101 (F)** 3 hrs. cr.

**Introduction to Radiology**

Basic procedures and equipment in the radiology department. Includes organization, function and supervision of a radiology department with a history of x-ray, patient care basics, ethical principles and legal aspects of radiologic technology and basic principles of radiation protection. Three hours lecture per week.
RAD 0110  (F)  2 hrs. cr.  Clinical Training I
Clinical training with special emphasis in the areas of the thorax, pelvis, extremities and spine radiography. Fifteen hours of clinical training per week.

RAD 0111  (F,S)  3 hrs. cr.  Medical Terminology
The language of medicine, especially as related to radiology, through a comprehensive study of the more common medical roots, prefixes and suffixes. Relates medical roots to everyday English words. A survey of medical diseases and surgical terms is included. This particular course is recommended for pre-radiology students. Three hours lecture per week. Cross-listed as HS 111.

RAD 0132  (S)  3 hrs. cr.  Principles of Radiographic Exposure
Fundamental principles of technique and technique conversion with particular emphasis on the factors that directly and indirectly affect radiographic exposure. Course also includes discussion of radiation protection and darkroom chemistry. Three hours lecture per week.

RAD 0142  (F)  3 hrs. cr.  Radiographic Positioning I
Basic radiographic positioning including both standard and specialized positions of the chest, bony thorax and spine. Image critique and radiation protection are included as critical parts of this course. One and a half hours lecture, three hours lab per week, 15 hours/work of associated Clinical I Training.

RAD 0170  (F)  3 hrs. cr.  Radiologic Physics
The physics of radiology. The physical principles of X-ray production, including theory in electricity, rectification, circuitry and basic equipment maintenance. Three hours lecture per week.

RAD 0210  (F)  2 hrs. cr.  Clinical Training II
Intensive clinical training with emphasis in fluoroscopy and various contrast studies. Additional experience and competencies will also be obtained in the areas of general radiography, portables and an introduction to surgical rotations. Fifteen hours of clinical training per week.

RAD 0241  (S)  3 hrs. cr.  Radiographic Positioning II
Radiographic procedures and positioning related to the bony thorax, digestive, urinary and reproductive systems. A basic overview is given of surgical, mobile and trauma radiography. Special emphasis on the use and preparation of contrast media, patient preparation and procedures employed, including tomography to visualize organs of interest and pathophysiology of the above systems. Two and one half hours lecture, one hour lab per week, fifteen hours/work associated Clinical II Training. Prerequisites: RAD 142 or permission of instructor.

RAD 0290  (Su)  2 hrs. cr.  Clinical Training III
Clinical training in special procedures requiring sterile fields and surgical cases. Continued practice and competency in general radiography, surgery and contrast studies. Prerequisites: RAD 110, RAD 210. Twenty-five hours of clinical training per week.

RAD 0301  (Su)  2 hrs. cr.  Image Critique and Quality Management in Radiology
Theory and practice in the art and science of evaluating the technical quality of images. Students will develop critical-thinking and problem-solving skills to correct positioning and technical errors. Includes an introduction to quality assurance and pathophysiology of the skeletal and respiratory systems. Prerequisites: RAD 170, RAD 132. Three hours of lecture and two hours of lab per week.

RAD 0320  (F)  3 hrs. cr.  Radiographic Positioning III
An in-depth study of the anatomy and radiographic equipment and positioning used in skulls, facial bones, sinuses, arthrography, long bone measurements and mammography. Part II of this course will include an introduction to CT and an overview of sectional anatomy of the brain, spine, neck, chest and abdomen. One and a half hours of lecture, three hours of lab per week, twenty hours/wk associated Clinical III Training. Prerequisites: RAD 142, RAD 241.

RAD 0340  (F)  3 hrs. cr.  Clinical Training IV
Continued training in special procedures with increased responsibility in surgical radiography. Continued clinical proficiency development in general radiography, including contrast studies, surgical, portable, facial and skull radiography. Prerequisites: RAD 110, RAD 210, RAD 290 or permission of instructor. Twenty hours of clinical training per week.

RAD 0350  (F)  3 hrs. cr.  Patient Care and Radiation Protection in Radiology
A continuation of basic patient care and radiation protection learned to this point in the program. Course content includes signs, symptoms and appropriate technologist response to common emergencies encountered in radiology. Infection control, chest tubes, enteral tubes and vascular access lines, as well as medication administration, venipuncture and basic ECG will also be covered. Emphasis will be placed on radiation biology and radiation protection of the patient and technologist involved in patient care procedures. Three hours lecture per week. Prerequisites: RAD 101 or permission of instructor.

RAD 0360  (S)  3 hrs. cr.  Clinical Training V
Students will rotate through special procedures with increased responsibility and do an introductory rotation through CT scans. In addition, students will continue to incorporate skills and competencies in basic radiologic procedures. Prerequisites: RAD 110, RAD 210, RAD 290, RAD 340. Twenty hours of clinical training per week.
To prepare program graduates to pass the National and management functions in these settings.

Therapy Practitioners perform a variety of clinical, diagnostic, such as a durable medical equipment company. Respiratory therapy laboratories provide students with the opportunity to view demonstrations, evaluate and practice with medical devices and perform simulated clinical procedures. In addition to the cognitive skills required in the classroom, students must demonstrate psychomotor skills in manipulation of patients and equipment, as well as general professional behaviors, like

The Respiratory Therapy Department offers these career tracts:

1. **Associate of Science Degree**
2. **Baccalaureate Degree in Health Sciences.** See General Education Requirements and course descriptions on page 49.

The curriculum offers the following options:

- Graduates of the associate degree respiratory care program will be eligible to take the NBRC Certification in Respiratory Therapy to become a Certified Respiratory Therapist (CRT). Successful completion of the CRT exam will allow the graduate to take the written registry and clinical simulation exams to become a Registered Respiratory Therapist (RRT).
- For those interested in a bachelor degree, there are three options. A Bachelor of Science in Management Technology with an emphasis in General Business, a Bachelor of General Studies or a Bachelor's in Health Sciences, designed for graduates of the Respiratory Therapy program.

The Associate of Science Degree Program in Respiratory Therapy prepares students for a position as a respiratory care practitioner. The program is provided by Missouri Southern State University and Franklin Technology Center, through a consortium for respiratory care education. The program is accredited by the Commission on Accreditation for Respiratory Therapy, 1248 Harwood Road, Bedford, TX 76021. The Associate of Science program consists of a core academic component and a major concentration component. The academic section consists of the MSSU Associate of Science degree requirements, including courses in the Humanities and Fine Arts, Life and Physical Science, Social and Behavioral Science, Mathematics, Written and Oral Communication, Health and Wellness and University Experience. The respiratory care major concentration components comprise both the didactic and respiratory care clinical instructional areas. A comprehensive self assessment exam must be successfully completed as a requirement for graduation.

All graduates must successfully complete the NBRC Entry Level Certification Examination (CRT) prior to taking the Registry Examination (RRT).

Respiratory Therapy Students must demonstrate numerous competencies representing all three learning domains: the cognitive, psychomotor and affective domains. Students learn, practice and verify these competencies in a number of settings including the classroom, laboratory and clinic. To achieve the required competencies in the classroom setting, respiratory care students must perceive, assimilate and integrate information from a variety of sources. These sources include oral instruction, printed material, visual media and live demonstrations. Students must participate in classroom discussion, give oral reports and pass written and/or computer-based examinations of various formats. Completion of these tasks requires cognitive skills, such as reading, writing and problem-solving. To be physically capable of the classroom work, students must, with assistance, be able to: hear, see, speak, sit and touch. Respiratory care laboratories provide students with the opportunity to view demonstrations, evaluate and practice with medical devices and perform simulated clinical procedures. In addition to the cognitive skills required in the classroom, students must demonstrate psychomotor skills in manipulation of patients and equipment, as well as general professional behaviors, like

---

**RESPIRATORY THERAPY**

Health Science Building 325 • 417.659.4405

**Faculty** Pippin - Head, Hudson, Dunaway

**Mission**
The mission of the program is to provide an outstanding educational program that offers students an opportunity to develop knowledge, skill and attitudes essential for safe, effective practice within the scope of respiratory care practitioners.

**Goals**

Program goals are:

1. To supply the community with respiratory care practitioners.
2. To prepare program graduates to pass the National Board for Respiratory Care Credentialing Examinations.

A career in the medical field can be a dynamic and rewarding opportunity. The changing nature of the medical profession is creating a demand for multi-skilled health professionals with communication, interpersonal and excellent clinical skills such as the respiratory care practitioner. The Respiratory Therapy Program is designed to prepare students to be employed in the hospital, clinic, sleep laboratory and alternate care settings such as a durable medical equipment company. Respiratory Therapy Practitioners perform a variety of clinical, diagnostic and management functions in these settings.
team-building and interpersonal communications. To satisfy laboratory and clinic requirements, students must perform all procedures without critical error.

Admission to Missouri Southern or Franklin Technology Center does not automatically grant admission to the respiratory care program. In addition to meeting admission requirements to the University, candidates must apply for admission to the Department of Respiratory Therapy. Applications are accepted during the Spring semester for the Fall class.

Enrollment is competitive; Applicants must submit the necessary information to the department office by the designated deadline to be considered for acceptance. Evidence of computer literacy and satisfactory completion of the following prerequisites with a ‘C’ or better must be presented: MATH 030 Intermediate Algebra or higher and BIO 121 Human Anatomy and Physiology I. Department Recommendation: High school or college course work in Physical Science and Chemistry. Interested individuals are encouraged to contact the Program Director of Respiratory Therapy for more specific information regarding admissions criteria.

In addition to established fees for all university students, other costs are incurred by respiratory care students such as: uniforms, books, self assessment examinations, graduation pins, AARC student membership dues, liability insurance and various expenses for transportation to off campus clinical sites and professional meetings.

Graduate outcomes
Graduates of the program will:
- **Cognitive** - Demonstrate the ability to comprehend, apply and evaluate clinical information relevant to their role as a respiratory care practitioner.
- **Psychomotor** - Demonstrate the technical proficiency in all skills necessary to fulfill the role as a respiratory care practitioner.
- **Affective** - Demonstrate personal behavior consistent with professional and employer expectations for the respiratory care practitioner.

Admission Criteria
(Associate of Science in Respiratory Therapy)
Application should be made directly to the Respiratory Therapy Department Office on the Missouri Southern State University campus (special admissions procedures are required for admittance into this program in addition to admission to MSSU).

1. Continuous enrollment, readmission or admission to Missouri Southern and Franklin Technology Center as a transfer student.
2. Completion of an approved college-level math and Anatomy & Physiology I course.
3. Provide documentation of computer literacy.
4. Minimum percentile score on the Health Occupations Basic Entrance Test administered by the Department.
5. Submit to background check and drug screen.

Admission to the program is competitive. Applicants who meet all admission criteria, have completed math and biology courses and/or have healthcare experience will be given preference in admission.

![Course Descriptions](image)

**RESP 0101** (F) 3 hrs. cr.

**Respiratory Therapy Foundations**

Entry level information is presented regarding respiratory care history from its conception to its current goals and standing. Topics covered include medical terminology, hospital and respiratory care department structure and management, psychosocial aspects of patient care and medical ethics. A clinical session, allows the student an orientation rotation at the program’s clinical sites. Prerequisite: Admission to the respiratory care program.
RESP 0102 (F) 3 hrs. cr.  
Cardiopulmonary Sciences  
Focuses on the sciences used in the practice of respiratory care. Emphasis will be placed upon physics, chemistry and microbiology and infection control as related to the cardiopulmonary sciences. Prerequisite: Admission to the respiratory care program and completion of a college-level math course.

RESP 0105 (S) 3 hrs. cr.  
Cardiopulmonary Anatomy and Physiology  
An in-depth presentation of the cardiopulmonary system, its abnormalities and corrective techniques as related to respiratory care. Included are the concepts of the cardiovascular system, ventilation, diffusion of pulmonary gases, hemodynamic measurements, ventilation perfusion relationships, oxygen and carbon dioxide transport, acid base balance and arterial blood gas analysis. Prerequisite: Admission to the respiratory care program, college level math course and completion of BIO 121.

RESP 0107 (F) 3 hrs. cr.  
Respiratory Therapy Procedures  
Theory and practice of basic respiratory care procedures as outlined in the National Board for Respiratory Therapy (NBRC) CRT examination content outline. Including cardiopulmonary assessment, medical gas administration, oxygen therapy, equipment maintenance, chest physiotherapy, chest expansion therapy, airway management, bedside pulmonary function testing, arterial puncture and administering medicated aerosol therapy. Prerequisites: Admission to the respiratory care program and concurrent enrollment or completion of the Respiratory Therapy Procedures Laboratory course.

RESP 0108 (F) 3 hrs. cr.  
Respiratory Therapy Procedures Laboratory  
Students practice entry level respiratory care procedures, using state-of-the-art equipment, in the clinical laboratory under simulated patient situations. The student will address the three difficulty levels of learning, in the laboratory environment (Recall, Application and Analysis). Prerequisites: Admission to the respiratory care program and concurrent enrollment or completion of RESP 107.

RESP 0120 (S) 3 hrs. cr.  
Cardiopulmonary Pathology  
Study of concepts and theory of selected cardiopulmonary diseases, to include: definition, clinical manifestations, etiology, pathologic, radiological and laboratory findings; prevention, prognosis and treatment. Prerequisite: Admission to the respiratory care program and completion of BIO 121.

RESP 0125 (S) 3 hrs. cr.  
Clinical Respiratory Therapy Experience I  
Clinical instruction supplemented by clinical SOAP assessments that allow the student to apply the classroom and laboratory respiratory care competencies mastered in specific respiratory care courses. Prerequisites: RESP 107 & RESP 108.

RESP 0129 (S) 3 hrs. cr.  
Cardiopulmonary Pharmacology  
Comprehensive overview of the general principles of pharmacology. Focuses on the drugs and drug groups that are either administered by respiratory care personnel or those that play a role in the care of cardiopulmonary patients. Prerequisite: BIO 121 and admission to the respiratory care program.

RESP 0222 (F) 4 hrs. cr.  
Introduction to Mechanical Ventilation (Life Support Technology)  
Emphasis on the technical components of mechanical ventilators, their classification, principles of operation, attachments and the flow/pressure/volume curves generated by various ventilators, as well as compliance and resistance. An introduction to the management of patients receiving mechanical ventilation will be presented in a laboratory format. Prerequisite: Admission to the respiratory care program.

RESP 0226 (F) 3 hrs. cr.  
Cardiopulmonary Diagnostics  
Theory, application and equipment for diagnosing respiratory pathologies through the diagnostic concepts used in respiratory care. Include techniques utilized for measurement of lung gas volumes, capacities, flows and cardiopulmonary status during exercise testing. Basic EKG interpretation will be presented. A secured SAE will be administered during the course. Prerequisite: Admission to the respiratory care program.

RESP 0239 (F) 5 hrs. cr.  
Clinical and Laboratory Experience II  
Clinical instruction supplemented by clinical SOAP assessments that allow the student to apply the knowledge and respiratory care skills mastered in the Respiratory Therapy courses: Cardiopulmonary Diagnostics, Introduction to Mechanical Ventilation and Neonatal and Pediatric Respiratory care in the laboratory and clinical setting. The course will emphasize ventilator care, diagnostic procedures and alternate site care (home care). Prerequisite: RESP 125.

RESP 0307 (S) 6 hrs. cr.  
Cardiopulmonary Assessment  
A systematic approach to advanced cardiopulmonary patient assessment. Emphasis is on evaluation of the respiratory care plan based upon laboratory data, electrocardiogram interpretation, fluid and electrolyte balance, acid base balance and oxygen transport, pulmonary function testing, exercise testing, interpretation of chest x-rays, bronchoscopy and hemodynamic monitoring. Prerequisite: Admission to the respiratory care program. In addition the course addresses ACLS (Advanced Cardiac Life Support). Course will consist of four (4) lecture hours and four (4) lab/clincal hours each week.

RESP 0311 (F) 3 hrs. cr.  
Neonatal and Pediatric Respiratory Therapy  
Respiratory care of the neonatal and pediatric population beginning with fetal development and continuing through assessments of infants including, gestational age, APGAR scoring and Silverman scoring. Various heart/lung deficiencies will also be discussed as well as treatment modalities. Prerequisite: Admission to the respiratory care program.
RESP 0312  (S)  3 hrs. cr.
Advanced Mechanical Ventilation
(Advanced Life Support)
A continuation of the Introduction to Mechanical Ventilation
(Life Support Technology) course. In-depth study of ventila-
tor management in critical care, long-term care and the home
environment utilizing case studies and clinical problem based
learning sessions. Prerequisite: RESP 222 and admission to
respiratory care program.

RESP 0313  (S)  3 hrs. cr.
Alternate Site Respiratory Therapy
(Write Intensive)
Theoretical aspects of providing respiratory care at alternate
sites. Includes components of home respiratory care, extended
care units, long term care facilities, ventilator rehabilitation centers,
physician offices, land/air transport, outpatient diagnostic clinics.
Introduces the fundamentals of teaching and learning theories.
Prerequisite: Admission to the respiratory care program.

RESP 0340  (Su)  5 hrs. cr.
Advanced Level Respiratory
Therapy Clinical Experience
Progressive process of developing cognitive levels at the re-
call, application and analysis levels as a respiratory care prac-
titioner. Correlates directly with the Advanced Mechanical
Ventilation (Advanced Life Support) course, Cardiopulmonary
Assessment, Neonate/Pediatric and the Alternate Site (Man-
agement/Pulmonary Rehabilitation/Home Care) courses, to
provide the student a clinical environment to demonstrate these
learned advanced-level respiratory care competencies. Prereq-
usite: Admission to the respiratory care program and concur-
rent enrollment or completion of theory coursework.

RESP 0341  (Su)  1 hr. cr.
Research Issues, Methods and
Problems in Respiratory Therapy
Directed research and discussion in selected areas of respira-
tory care for advanced-level respiratory therapist. Course work
includes independent literature search under the supervision of
a respiratory care instructor that utilizes the student’s program
acquired respiratory care critical thinking, writing and oral pre-
sentation skills. Research scope, depth and area of concentra-
tion to be approved by the program director. A secure WRRT
exam will be administered during this course.
Opportunities

Campus Events
Institute of International Studies

International Studies

International English Program
Faculty  Stebbins - Director

Mission
It is the goal of Missouri Southern State University that all academic programs be enhanced through an emphasis on international education. To that end, the University has identified five goals:

1. Graduates will have an understanding of how cultures and societies around the world are formed, sustained and evolve.
2. Graduates will have empathy for the values and perspectives of cultures other than their own and an awareness of international and multicultural influences in their own lives.
3. Graduates can identify and discuss international issues and cultures other than their own.
4. Graduates have communicative competence in a second or third language.
5. Graduates have experienced or desire to experience a culture other than their own.

Several activities have been designed and implemented to help make these goals possible. They include encouraging and supporting faculty to lead student groups abroad; providing grants for faculty to internationalize the curriculum; developing bilateral exchange agreements with universities in other countries; developing “themed” semesters featuring special course offerings, lectures and cultural events of a particular country or continent; increasing the number of foreign language course sections and course offerings; and offering Performing Aid Awards for students majoring or minorin in a foreign language.

The Institute of International Studies, moreover, is committed, through its leadership, in assisting global education to become more pervasive throughout the curriculum and extracurricular activities of the University.

Finally, the Institute is committed to continual assessment of international programs and its mission to ensure that students develop not only an awareness of international problems but specific competencies needed in business, industry, government, education and the professions.

Study Abroad Programs
(Semester and Year-Long Opportunities)
Stephanie Goad
Webster Hall 337B, 417.625.9372

Missouri Southern students have many exciting opportunities to study for a semester or year in other countries. The University is a member of the International Student Exchange Program (ISEP), through which MSSU students can study and earn credit at nearly 150 colleges and universities in 40 countries around the world. In addition, students may choose to participate in the Bilateral Exchange Program. The University has negotiated a number of departmental bilateral agreements with international institutions; these exchanges are usually specific to a student’s major. For semester or year-long exchanges, MSSU students studying abroad through most ISEP or Bilateral Exchange Programs pay regular MSSU tuition and room/board fees.

To participate in a long-term study abroad program, students must have a minimum GPA of 2.75 (higher for some host institutions); be degree seeking and enrolled full time; intend to return to MSSU to graduate; and generally have completed 60 credit hours by the time of the exchange.

More information on study abroad programs is available on the Institute of International Studies’ website: www.mssu.edu/international.

International Studies Major
The major in International Studies is committed to the development in students of high intellectual standards, concern for the whole person and practical cross-cultural and professional skills to enable them to embark upon immediate employment or graduate study.

It is the goal of the major in International Studies that students who complete the program shall:

1. Demonstrate communication skills in a language other than their own at a proficiency beyond the intermediate level of study.
2. Analyze a variety of problems of international significance, selecting or creating possible solutions and defining possible means of implementation.
3. Compare values of one culture with those of another, demonstrating how values develop and analyzing how cultural values impact on decisions of international importance.
4. Analyze the impact of social institutions in their own culture as well as in another, demonstrating an understanding of individuals’ roles in these systems, be they governmental, economic, religious, family or occupational.
5. Identify activities and products which constitute the scientific/technological aspects of a culture other than their own, demonstrating an understanding of the impact of such activities and products on the individuals and the physical environment in a culture.
6. Identify those activities and products which constitute the artistic aspects of a culture other than their own; understand the impact which art, in its various forms, has on individuals in a culture; and analyze the uses of works of art within that culture.
International Studies as defined by the Institute of International Studies allows as many disciplines as possible to become involved in the internationalizing of the University. The International Studies major and minor is an interdepartmental degree program administered by the Institute of International Studies. The program offers students an opportunity to enhance their understanding of the diverse cultures of the world and provides a substantial foundation for professional careers in diplomacy, law, education, international business and commerce, journalism, the military, research, public health, human service organizations, and much more. Opportunities in most of these professions are available in both the public and private sectors in the United States and abroad. The major is also a good foundation for graduate study in such diverse areas as international law, business, history, political science, foreign languages, anthropology, as well as international relations, intercultural communication, peace studies and other interdisciplinary programs.

**Course Descriptions**

**INTS 0201 (F)** 3 hrs. cr.  
Introduction to International Studies  
An introduction to the interdisciplinary study of global issues. The student will receive a variety of ideas, insights and images of the world and will discuss a number of topics including methodologies of global studies and career options. Required of International Studies majors and minors; open to all others.

**INTS 0298 (Demand)** 3 hrs. cr.  
Topics in International Studies  
Topics not normally included in another course. Prerequisites are determined by the Institute of International Studies and stipulated in the course syllabus.
INTS 0301  (F)  3 hrs. cr.
World Humanities
Transcultural study of the manifestations of the major art forms of the humanities: literature, theatre and film, painting and sculpture, music and dance. The course will stress critical exploration of the relation of the art forms to the cultures from which they emerge and comparative study of the nature and function of the art forms in traditions temporally or spatially distinct from each other, including western and eastern traditions. Required of International Studies majors; open to all others. Prerequisite: must have completed general education core in Humanities and Fine Arts.

INTS 0302  (S)  3 hrs. cr.
People and the Environment: A Global Perspective
A global survey of the environmental disasters, both natural and man-made, that plague the world community, including earthquakes, volcanoes, floods, avalanches, atmospheric phenomena, climate modification, radiation, destruction of tropical rainforests, declining biodiversity, resource depletion, stratospheric ozone depletion, urbanization and overpopulation; discussion of global carrying capacity and limits to growth; analysis of sustainable global communities; an overview of global responses to environmental issues through economic policies, the United Nations, international treaties and the Green political movement; and critical review of the various philosophies which underpin contemporary evaluations of the condition of the environment. Required of International Studies majors; open to all others. Prerequisite: must have completed general education core in Life and Physical Sciences. Cross listed as GEOG 302.

INTS 0303  (S)  3 hrs. cr.
Contemporary World Civilizations
A systematic and comparative introduction to the contemporary history of major world civilizations, with a special emphasis on historical developments that have influenced more than one civilization or cultural region. Required of International Studies majors; open to all others. Prerequisite: at least one non-U.S. history course.

INTS 0304  (S)  3 hrs. cr.
Comparative Political Economy
Comparative study of alternative methods of solving the political and economic problems of production, distribution and allocation. Required of International Studies majors; open to all others. Prerequisite: three hours of economics.

INTS 0306  (F)  3 hrs. cr.
Introduction to Global Health
This course will introduce students to the main concepts of the global health field and the critical links between global health and social and economic development. Students will get an overview of the principles and goals of global health, the burden of disease and key measures to improve global health. Required of International Studies majors; open to all others. Prerequisite: BIO 101 or 105 or 121 or 122.

INTS 0333  (S-Odd)  3 hrs. cr.
What in the World is Going On Now?
Selected International Issues
In-depth study of a few current international issues and problems among the states of the world. Specific topics covered will be determined by the international agenda at the time the course is taught. Research, analysis and discussion will cover historical background, nature and motivations of parties involved and differing explanations of the issues selected. Prerequisite: PSC 120 and PSC 321 or consent of the instructor. Cross listed as PSC 333.

INTS 0401  (F)  3 hrs. cr.
Research Seminar in International Studies
This course will address the scope of research topics in contemporary international studies, as well as the variety of research methods associated with international studies. Fundamental elements of research design and execution will be addressed in order to prepare students for their senior thesis projects. Though there will be a substantive focus on international studies in this course, any student preparing to write a senior thesis will be allowed to enroll with consent of their adviser. Required of International Studies majors. Prerequisites: junior or senior standing.

INTS 0402  (F,S)  3 hrs. cr.
Senior Thesis in International Studies
 (Writing Intensive)
With a faculty supervisor, the student will explore and challenge a topic of global concern and produce a senior thesis and make an oral presentation. Required of all International Studies majors. Prerequisite: Senior standing, permission of the director of the Institute of International Studies and INTS 401 or applicable research course determined by the Director of the Institute of International Studies.

INTS 0498  (Demand)  3 hrs. cr.
Advanced Topics in International Studies
For upper-division students. Topic to be announced each time the course is offered. Prerequisites are determined by the Institute of International Studies and stipulated in the course syllabus.

INTS 0499  (Demand)  1-3 hrs. cr.
Independent Study in International Studies
An independent course structured by the adviser with approval of the Director of the Institute of International Studies. Prerequisite: Must have completed 90 hours with a cumulative GPA of 3.0 and have completed a minimum of 15 hours of International Studies courses. Project must be approved by adviser, by the course director and by the Director of the Institute of International Studies prior to enrollment.
**English for Academic Purposes (EAP)** is an intensive program for those seeking admission to MSSU and other post-secondary U.S. institutions. EAP, established in 1999, welcomes students from all over the world to study English intensively in a university credit-based program.

**English Support Services** provides assistance for students in university degree programs. Support includes multi-skills offerings and focused language courses for students needing help after admission to regular study. Services also include IEP-sponsored tutorial support for second language learners.

**English for Academic Purposes Pre-academic Program**

Students meeting all admission requirements except for English ability are admitted to university studies at Missouri Southern.

The English requirement for full admission to regular studies:

- A minimum TOEFL score of 68 (iBT) with a minimum writing score of 25 (iBT)
- A Michigan English Language Institute College English Test (MELICET) score of at least 75 with a writing score of at least 4.0
(There is no minimum TOEFL score required for admission to English studies before a degree program, but students are expected to complete the IEP work in three semesters.)

**English for Other Purposes**

Students who do not meet the criteria for university admission may apply for admission for “English Only Study.” This program is administered by the IEP and applications for admission are made directly to the IEP. Admission to this program is not admission to the academic program of Missouri Southern State University. Eligibility for regular admission to MSSU will be decided after successful completion of the English Program. No minimum TOEFL score is required for admission to the International English Program for language study only.

Students holding an F-1 visa to study in the U.S. must be enrolled full-time in academic studies. Full time academic status is 12 or more credit hours; English study is 15 credit hours per semester.

**Placement:** The MELICET, including a listening and writing assessment, is required before registration to help guide the placement of students. There is a fee for the test. The MELICET is given at the beginning of each semester. MELICET is one form of the Michigan Test, developed by the University of Michigan. MELICET scores are valid only at the institution where the test is given.

**Courses:** Two levels of instruction are offered, Intermediate and Advanced. Courses at each level include Speaking and Listening, Grammar, Reading and Culture, Composition and Multi-skills Academic Study. All classes must be passed with a 2.0 (C) to move to the next level. Courses may be retaken as many times as necessary.

**Length of Study:** The time a student spends in the EAP depends on a variety of factors including personal motivation, study skills, the language commonly used outside the classroom, level of proficiency and ability. It is expected that students complete the IEP in a specific time, set when students enroll in courses after taking the initial Michigan or other language assessment test. A student is admitted to the English Program for a pre-established period of time, communicated on the Course Recommendations document (attached) after the Michigan Test is scored or another language test score is received. The options are:

**High beginning student**

- Expected enrollment = 4 full semesters
- Michigan [MELICET] Test Score 50-60 (TOEFL iBT 38-50)

**Low intermediate student**

- Expected enrollment = 2 full semesters
- Michigan [MELICET] Test Score 40-50 (TOEFL iBT 30-50)

**Intermediate student**

- Expected enrollment = 4 full semesters
- Michigan [MELICET] Test Score 50-60 (TOEFL iBT 38-50)

**Advanced student**

- Expected enrollment = 1 full semester
- Michigan [MELICET] Test Score 50-60 (TOEFL iBT 38-50)

No student can continue in the IEP longer than the established period without written permission of the IEP Director. Permission to continue will be granted only if the student has received passing grades in IEP courses and the student’s instructors recommend continuation.
Nothing herein prohibits a student from enrollment in courses at a lower or higher level than these general scores suggest, if test sub scores indicate different work in a skill area (grammar, listening, speaking, reading, writing, pronunciation) is more appropriate.

To become a full-time academic student in regular degree programs following the IEP:
1. Successfully complete all EAP courses with a minimum GPA of 2.0 and
2. Pass the MELICET Test with score of 75 and a writing score of 4.0 or
3. Pass the TOEFL with a score of 68 (iBT) and a writing score of 25 (iBT)

Disciplinary Policy
IEP Disciplinary policy conforms to the MSSU Academic Policies as stated in the catalog. Any IEP student falling below a GPA of 2.0 in any semester in his or her IEP course work will be placed on IEP academic probation. If the GPA is not raised to the minimum standard of progress during the probationary semester, the student is subject to academic suspension from the program.

A student receiving academic suspension may not return to the IEP for one semester and will not be re-enrolled if the student cannot present evidence that indicates a high probability of academic success.

Academic bankruptcy is not permitted in the IEP.

The Program
Students at the Intermediate Level are required to take eight EAP classes totaling 15 credit hours. An additional 1-3 hours computer lab time and tutorial work is recommended each week. Students are also required to participate in MSSU Toastmasters and provide one hour of volunteer service each week to a public agency in Joplin.

Students at the advanced level students are required to take eight EAP classes totaling 15 credit hours. Additional language instruction and computer lab time are required each week. Students are also required to participate in MSSU Toastmasters and provide one hour of volunteer service each week to a public agency in Joplin. High advanced students may take up to 3 credit hours of regular classes, with the IEP Director's recommendation and permission from instructor and department head.

Exchange Students at MSSU for a limited time and intending to complete their degree at another university may take EAP courses for transfer credit to their home institutions. Exchange students are governed by the exchange agreements under which they attend MSSU and must meet the language requirements of MSSU to be admitted to regular classes. Students taking more than two IEP courses are also expected to participate in MSSU Toastmasters and provide one hour of volunteer service each week to a public agency in Joplin.

English Support Services
International students or second language English students in the regular academic program at MSSU who wish to take English support classes to help their academic studies may take up to 6 hours of IEP courses each semester.

Language Labs
A language computer lab and International Language Resource Center enable students to acquire English skills at their convenience. The labs feature components to assist students in improving English skills.
1. A speaking, listening and conversation component enables students to practice these skills through one-on-one conversations with lab instructors.
2. A reading and writing component provides students with individual tutoring on each assignment.
3. Interactive software provides additional instruction in English grammar problems.

Additional Help
IEP-sponsored English tutoring services for international and second language English students are provided through the Language Resource Center. In addition, Learning Center tutors are available to work with other academic work at any time.

Conversation Partners
Time with conversation partners is required of English learners and provides support in getting to know American culture as well as language. Some IEP courses require students to find a conversation partner to complete the work of the course.

Highlights of the IEP
• Students admitted to the IEP are considered official students at Missouri Southern State University with all the accompanying rights and privileges. Unless a student has met admission requirements to the University, however, s/he is not admitted thereby to a degree program.
• No minimum TOEFL or other proficiency test score is necessary to enroll in IEP classes, but scores on the Michigan Tests (MELICET and MPT) are used for placement in appropriate level courses.
• Small classes offer personal attention.
• Native English-speaking conversation partners and dormitory roommates are available.
• Language labs and EAP tutors allow students to progress at their own pace.
• Students participate in field trips to areas of cultural interest and service assignments in the community.

|                                                                                  |         |          | academic essay form. Emphasis is on competency in expressing clearly complex ideas through developing various types of paragraphs.       |
|                                                                                  |         |          | Students learn development of main and supporting ideas.                                                                                   |
| **ESL 0076** (F,S) 2 hrs. cr.  
Technology for the IEP (Language Enhancement)                                           |         |          | This course addresses the technical needs for English language instruction: email, Blackboard instruction, Internet information search,    |
|                                                                                  |         |          | electronic presentation skills, online and print reference tools, English spelling and handwriting skills. Not all topics will be          |
|                                                                                  |         |          | presented each semester. Each semester’s offering will focus on a specific skills set. Students enrolled in more than six credits in     |
|                                                                                  |         |          | any semester in the IEP are required to take two language enhancement courses, meeting 1-2 hours weekly. This course is one of the options     |
|                                                                                  |         |          | in meeting that requirement.                                                                                                                 |
| **ESL 0077** (Demand) 3 hrs. cr.  
Developing Intermediate Skills in English                                               |         |          | Students focus on four intermediate English skills: reading, writing, speaking and listening and grammar. Primary focus stresses the skills  |
|                                                                                  |         |          | most important at an intermediate level: vocabulary building, correct grammatical structures for communicative language production and     |
|                                                                                  |         |          | participation in common, everyday communications, questions and answers and expressing opinions.                                              |
| **ESL 0078** (F,S) .5 hr. cr.  
Pronunciation Clinic (Language Enhancement)                                                |         |          | Students enrolled in more than six credits in any semester in the IEP are required to take two language enhancement courses, meeting 1-2   |
|                                                                                  |         |          | hours/weekly. This clinic focuses on breaking bad language use habits and enhancing the automaticity of correct English through extensive   |
|                                                                                  |         |          | speaking, error correction and improvement strategies geared to specific student needs.                                                     |
| **ESL 0079** (F,S) .5 hr. cr.  
Readers’ Workshop (Language Enhancement)                                                 |         |          | Students enrolled in more than six credits in any semester in the IEP are required to take two language enhancement courses, meeting 1-2   |
|                                                                                  |         |          | hours/weekly. This clinic focuses on enhancing the automaticity of correct English and vocabulary development through extensive reading and   |
|                                                                                  |         |          | discussion. Students will read and listen to presenters discuss readings important to them. A primary goal of this workshop is to encourage   |
|                                                                                  |         |          | reading for enjoyment.                                                                                                                        |
| **ESL 0081** (F,S) 3 hrs. cr.  
Grammar II                                                                                  |         |          | Students focus on advanced grammar structures in English at the sentence and paragraph level, including: modals, semi-modals and similar   |
|                                                                                  |         |          | constructions; conditionals and causatives; noun, adverb and relative clauses; gerund, infinitive and participial phrases; prepositions;  |
|                                                                                  |         |          | articles and active/passive voice structure and use. Highly complex sentence construction and paragraph organization are highlighted as  |
|                                                                                  |         |          | well as choice or grammatical structure to communicate specific intentions.                                                                |
| **ESL 0082** (F,S) 3 hrs. cr.  
Academic Speaking & Listening                                                            |         |          | Students focus on advanced speaking and listening skills appropriate to American higher educational settings, including language production   |
|                                                                                  |         |          | and understanding. The course emphasizes academic lecture discourse and note taking skills; discussion leadership and participation     |
|                                                                                  |         |          | styles; researching, analyzing and expressing opinions on a variety of academic topics. Requires a placement test or approval of the IEP |
|                                                                                  |         |          | director.                                                                                                                                    |
| **ESL 0083** (F,S) 3 hrs. cr.  
Reading in Academic Contexts                                                               |         |          | Students focus on reading skills necessary for university academic work, stressing reading strategies and vocabulary development.       |
|                                                                                  |         |          | Primary focuses are understanding difficult texts and vocabularies, increasing reading speed and encouragement of recreational reading in   |
|                                                                                  |         |          | English. Topics include essay and academic texts; careful reading, skimming and scanning skills and summarizing. Requires a placement test or permission of the IEP director. |
ESL 0084  (F,S)  3 hrs. cr.
ESL Academic Composition
This course is designed to help the ESL learner master English syntax at the essay and formal paper level, with introduction to basic citation form. Emphasis is on academic discourse styles in development of the essay and other types of classroom written work. Topics include development of a thesis through essay organization and writing clearly under the pressure of time. Requires a placement test or permission of the IEP director.

ESL 0085  (Demand)  3 hrs. cr.
ESL Skills for the University
This is a multi-skills course which focuses on student language needs for the American university classroom. While the topic under study will change from semester to semester, the primary focus on multiple language skills adequate for university work remains the same. Students will explore an academic topic through extensive reading, writing and research, class discussion, lecture note taking and examinations at a level expected of first year students. Students will not only practice skills learned from earlier classes, they will learn strategies to deal with the volume of work required in university classes. Requires a placement test or permission of the IEP director.

ESL 0087  (Demand)  3 hrs. cr.
Developing Advanced Skills in English
Students focus on four advanced English skills: reading, writing, speaking and listening and grammar. Primary focus stresses the skills most important at an advanced level: vocabulary building in technical, professional and academic areas, correct grammatical structures for business and academic language production and participation in university level communications, discussions, formal questions and expressing opinions.

ESL 0097  (Demand)  0-8 hrs. cr.
ESL Topics
Short term courses for persons desiring short study of English while in the U.S. Non-gradable.

ESL 0128  (Demand)  3 hrs. cr.
Reading for Pronunciation and Vocabulary
This course focuses on two advanced language skills: accent reduction and vocabulary development. Advanced learners often find that residual first language accent inhibits understandability and that the vocabulary they learned initially is inadequate for the communication tasks they face. The course will use extensive oral reading and reading for comprehension to address those two difficulties.

ESL 0130  (Demand)  2 hrs. cr.
Studying for the TOEFL
This course focuses on the tools good students use to prepare for the TOEFL examinations. English competence and a number of other factors affect student performance, including test anxiety, assessment misunderstanding, unfamiliarity with key vocabulary, poor study habits and poor strategies. The goal of this short course is to introduce the most helpful things to prepare for the TOEFL and, by extension, other language assessments such as the Michigan Test Battery.

Sustainability
The First-Year Experience Program at Missouri Southern State University has been established to assist first-year students in the transition to university life and to introduce new students to the opportunities at MSSU. The FYE program oversees several components that help accomplish these goals such as the UE 100: The University Experience course, the Common Reading Program and the Leadership Training courses for peer mentors. For further information on this program, see the FYE section under New Student Programs.

For additional information contact:
Dr. Susan Craig
Director, First-Year Experience Program
Office: Hearnes Hall 209B
Phone: 417.625.9731
Email: craig-s@mssu.edu

Course Descriptions

UE 0100 (F,S,Su) 3 hrs. cr.
The University Experience
UE 100 is required for all degree-seeking students having completed fewer than 30 credit hours. UE 100 is a fundamentals course designed to assist first-year students in successfully defining themselves both as active participants in the MSSU community and as citizens of a twenty-first century global community. The course offers information on university personnel, services, facilities, policies and emphasizes MSSU’s international programs and international study opportunities. Student participation in co-curricular activities is required.

UE 0105 (F,S) 1 hr. cr.
Career and Life Planning
Materials and methods to help students investigate their present lifestyles including concrete methods of decision making and goal setting. Concentrated career/vocational choice sessions will help students determine an appropriate career. Offered during the second half of each semester.

UE 0150 (F,S) 2 hrs. cr.
College Academic Skills
A course designed to develop and strengthen an understanding of student responsibility, goals and attitudes necessary for the successful transition from secondary school to college. Active learning through critical thinking, reading and writing to support academic success at the University level will be practiced. Students will identify learning styles and strengths and weaknesses associated with their learning processes. UE 150 is a prerequisite for HIST 110/120 for all students with an ACT reading score of 17 or less or students who have not taken the ACT.

UE 0200 (S) 2 hrs. cr.
Leadership and Professional Development
This course is organized into two segments: leadership development and professional development. The leadership development segment of this course focuses on identification of various types of leadership skills and the role of leaders in the workplace. The professional development segment of this course focuses on determining short and long-standing career goals, the basics of the job search and improving on-the-job communication skills (verbal and non-verbal). Prerequisite: Sophomore standing with a declared major and an active Project STAY participant.

UE 0210 (S) 1 hr. cr.
Speed Reading
A course designed specifically to increase reading speed. Students must be capable college level readers to benefit from this computerized format. In addition, students will become aware of factors influencing reading speed and efficiency. This one hour class presents a non-threatening environment for students to practice increasing speed while maintaining an acceptable level of comprehension.

UE 0400 (S) 1 hr. cr.
Leadership Training I
Leadership Training I is a semester-long, one-credit hour course designed to prepare students to serve as peer mentors for the UE 100 course. In Leadership Training I, students develop familiarity with issues, materials, resources and methods relevant to assist them in mentoring first year students enrolled in UE 100. UE 400 may be repeated for credit.

UE 0401 (F,S,Su) 2 hrs. cr.
Leadership Training II
Leadership Training II is a semester-long, two-credit hour course for students who serve as peer mentors for the UE 100 course. Students will receive credit for Leadership Training II for successfully assisting an instructor in teaching a UE 100 class. UE 401 may be repeated for credit. Successful completion of the course entitles a mentor to a cash stipend. Prerequisite: UE 400.

UE 0493 (Demand) 8 hrs. cr.
Legislative Internship
Students will be assigned to a legislator or other qualified person involved in the Missouri Legislative Process to observe and participate in a legislative session. The students will be required to live and work in the capital from the beginning of
the session until its conclusion and comply with the MSSU Legislative Intern Handbook. Prerequisites: PSC 120, 30 hours of credit, 2.5 GPA. Cross listed as PSC 493.

The Honors Program serves Missouri Southern State University by recruiting academically talented and motivated students and engaging them in enhanced educational opportunities and challenges designed to promote their development as scholars and citizens. While students will take courses offered in Missouri Southern’s regular curriculum, the following courses are specifically designed for Honors students. For a complete description of the program, please see pages 56-57.

Course Descriptions

HNRS 0101 (F,S) 1 hr. cr.
Honors Forum
An open forum to introduce Honors Scholars to the principles and practices of scholarly inquiry and active learning. Students in small groups are responsible for the selection, design, research and presentation of topics covering a range or a combination of disciplines. Either HNRS 101 or HNRS 201 may be repeated once for credit.

HNRS 0201 (F,S) 1-4 hrs. cr.
Service Learning
By engaging the Honors Scholar as a volunteer in an unfamiliar, public service-oriented institution, this course experience is designed to expose the student to the concepts of self and cognitive awareness and to lead the student through a critical analysis of the dominant paradigms of thought encountered during the service. Either HNRS 101 or HNRS 201 may be repeated once for credit.

HNRS 0390 (F,S) 3 hrs. cr.
Honors International Study
A directed reflective analysis of an international study experience in either a domestic or foreign culture wherein the Honors Scholar is engaged in service and/or learning which requires an understanding of the world views and principal paradigms which shape that culture. The course is designed to equip the student to articulate with maturity and sophistication the values of a service and/or learning experience in a foreign culture. Prerequisite: Approved international study experience prior to course.

HNRS 0499 (F,S,Su) 1-3 hrs. cr.
Independent Study
Course structured by the instructor with approval of the Director of the Honors Program. Prerequisite: member in good standing of the Honors Program. Registration must be approved by the student’s adviser, department head and school dean.

Faculty Thomason - Head, Scott

The Bachelor of Science in Justice Studies is a multi-disciplinary approach that prepares students for positions in the public and private sector. This degree will help prepare students for careers as court administrators, legal assistants, social workers, lobbyists, drug court administrators, state and federal law enforcement officials and many other law-related careers. In addition, this degree is ideal for students who wish to pursue a law degree or a graduate degree.

One of the goals this degree seeks to address is to develop the student's critical thinking, reading and problem solving skills. This course of study should assist students in effectively presenting their ideas orally and in writing. This multi-disciplinary approach should enhance problem solving skills by exposing students to a wide array of justice-related courses in different disciplines.

Upon completion of this degree, students should have a comprehensive understanding of the legal system and how it interrelates with various disciplines. Students are encouraged to seek a minor in a foreign language, accounting, computer science, criminal justice, English with a writing emphasis, political science or social work.

Bachelor of Science in Justice Studies

Course Descriptions

JS 0100 (F) 3 hrs. cr.
Introduction to Justice Studies
Introduction to Justice Studies is a survey course that is designed to introduce the student to the organizations, processes and actors that comprise the Justice System. The course emphasizes the role of law, the court systems, procedural process and the concepts of criminal and civil law.

JS 0490 (F,S,Su) 4 hrs. cr.
Internship in Justice Studies
Extensive practical experience with a justice agency, law office or other law related internship subject to internship committee approval. Prerequisites: Junior or senior standing, CJAD major or JS major, department approval, cumulative GPA of 2.5 and a CJAD GPA of 3.2.

JS 0499 (F,S,Su) 1-3 hrs. cr
Independent Study in Justice Studies
Individually directed study for advanced majors in areas of justice and the law selected with adviser approval. Proposal detailing scope, depth, area of concentration and credit must be approved by program director and division Dean. A minimum GPA of 3.0 in major area or permission required. Course may be repeated once for a total of 6 hours credit.
The minor in Multimedia is designed to allow students to gain the skills necessary for careers in a variety of occupations such as business communication, advertising, graphics and the arts, network communication systems and business and media communication. Students will gain skills in software, multimedia design, programming, communication, marketing and strategy development.

Faculty Agee, Derfelt, Scott

Law schools agree that a variety of majors prepare students for law school; there is no single preferred course of study for prelaw students. There are a variety of majors they advise students to pursue in order to prepare for law school. The U.S. Department of Labor (www.bls.gov/oco/Ocos053.htm) recommends that students who wish to attend law school should become proficient in writing and speaking, reading, researching, analyzing and thinking critically. They recommend “Courses in English, foreign languages, public speaking, government, philosophy, history, economics, mathematics and computer science, among others.” Students may also find useful any courses that acquaint students with legal vocabulary and “hypothetical” exam questions, a staple of law school exams. Some of the MSSU majors that help prepare a student for law school include: Accounting, Criminal Justice, English, History, International Studies, Justice Studies, Mathematics, Political Science and Sociology. There is also a Legal Studies minor open to any student regardless of major. There are a variety of courses which would be helpful to any student desiring to enter law school no matter what major he or she chooses.

Missouri Southern also offers a variety of activities to prepare students for the law school experience. These activities include Law School Admissions Test (LSAT) training sessions, field trips to law schools and on-campus visits by law school recruiters to help students prepare for and select a law school.

The curriculum for prelaw students should be jointly planned by the student and one of the prelaw advisers below. The student may major in almost any discipline emphasizing development of the academic skills necessary to prepare the student for performing well on the LSAT and for the rigorous study required in law school. The major may be determined by the student’s general area of academic interest and by the type of law the student plans to practice, such as government service, private practice, corporate law, criminal prosecution or criminal defense.

Sustainability is the promotion of environmentally sustainable practices that maintain natural resources at least at their present level. The mission of the sustainability minor at Missouri Southern is to explore sustainability in greater detail as it is related to biological and Earth sciences, economics and public policy and to promote sustainable practices across campus.

MIDS 402 (Demand)  3 cr. hrs.
Future Environments: An Introduction to Sustainability
This is the capstone course for the minor in sustainability. This course focuses on how the principles of biological and Earth sciences, economics and public administration may be applied to sustainability, the practice that promotes quality of life and sound economic policy in a context that also emphasizes humankind’s responsibility for the stewardship and maintenance of natural resources. Prerequisites: Bio/EH 312, ECON 201 or 202 and PSC 421. One, but no more that two, of these courses may be taken as corequisites with the approval of the program coordinator.

University History

The citizens of Joplin, who in the late 1930s asked the public school district to offer college classes, could not have envisioned the sprawling campus and multidiscipline curriculum that today is Missouri Southern State University. From that initial request came Joplin Junior College, founded in 1937 as part of the Joplin school system. Nine faculty members and 114 students began classes under the auspices of the Extension Division of the University of Missouri in the new high school building.

In the spring of 1938, voters approved almost 5-to-1 a bond proposal that would assure the continuation of the junior college. During the next 25 years Joplin Junior College established a national reputation for outstanding academic strength, a strong foundation for what was to come. By the mid-1960s, area citizens again recognized the need for expanded educational opportunities.

In 1964, the citizens voted in an 8-1 majority to create the Junior College District of Jasper County with a Board of Trustees to govern the newly named Jasper County Junior College. The following year, the Missouri General Assembly established a two-year senior college to be funded by the state. The district would continue to provide the freshman and sophomore years.

The area again responded with enthusiastic and generous support with the building of a new campus on the site of the Mission Hills Farm to house the growing college. Administration and faculty, working with other college educators around the state, began developing the new curriculum. In August 1967, students gathered for the first time on the new campus of Missouri Southern State College.

The dual funding arrangement with the state continued until 1977 when on July 1 the State of Missouri officially took on the responsibility of funding the entire College.

With growing global interdependence, it became clear that Missouri Southern must prepare its students to function successfully in the emerging global economy. So in June 1990, plans were announced to pursue the expansion of the College’s mission to incorporate an international emphasis in all its academic and special programs. In 1995, the Missouri General Assembly approved House Bill 442, directing the institution to “develop such academic support programs and public service activities it deems necessary and appropriate to establish international or global education as a distinctive theme of its mission.” Many new programs in international education that enrich and complement the existing programs are now in place.

On July 12, 2003, Missouri Governor Bob Holden officially signed Senate Bill 55, which renamed Missouri Southern State College as Missouri Southern State University-Joplin. August 28, 2003 marked the official date the name changed. The legislation was sponsored by Gary Nodler in the Senate and Bryan Stevenson in the House. Provisions of the legislation also allowed MSSU to begin offering cooperative master’s degree programs.

Today Missouri Southern State University remains a proud member of the state’s higher education family while continuing to serve the region that is an integral part of its past.

University Faculty

(Date indicates first year of full-time MSSU service)

Nii A. Abrahams
Professor, Economics 1999
Head, Department of Finance/Economics and International Business
Bachelor's (B.Sc.), University of Ghana
Master's (M.S.), University of Massachusetts
Doctorate (Ph.D.), Pennsylvania State University

David L. Ackiss
Professor, English & Philosophy 1981
Bachelor’s (B.A.), Davidson College
Master's (A.M.), College of William and Mary
Doctorate (Ph.D.), Duke University
Summer Studies, Oxford University, England

Anthony C. Adamopoulos
Associate Professor, Psychology 2004
Bachelor's (B.A.), University of Kansas
Master's (M.A.), University of Kansas
Doctorate (Ph.D.), University of Kansas

Alan R. Adkins
Instructor, Mathematics 2001
Bachelor’s (B.S.E.), Pittsburg State University
Master’s (M.S.), Pittsburg State University

Laura L. Adkins
Professor, Mathematics 1980
Bachelor's (B.S.E.), Missouri Southern State College
Master's (M.S.), Pittsburg State University
Doctorate (Ed.D.), Nova Southeastern University

Theresa A. Agee
Professor, Business 1992
Bachelor's (B.A.), William Jewell
Law Degree (J.D.), University of Utah, College of Law

José Alvarez
Assistant Professor, Foreign Languages 2008
Bachelor's (B.A.) Universidad Nacional de Colombia
Master's (M.A.), Florida International University
Doctorate (Ph.D.), Florida International University

Barbara Archambault
Instructor, Dental Hygiene 2009
Associate’s (A.A.S.), Lake Land College
Bachelor’s (B.S.), Southern Illinois University
Master’s (M.S.), Lindenwood University

Marsi E. Archer
Professor, Chemistry 1998
Head, Department of Physical Science
Bachelor’s (B.S.), James Madison University
Doctorate (Ph.D.), Ohio State University

Grace E. Ayton
Associate Professor, Nursing 1986
Bachelor’s (B.S.N.), Columbia Union College
Master's (M.N.), Wichita State University

Francis L. Bartholet
Associate Professor, Engineering Technology 1987
Bachelor’s (B.S.), St. Cloud State University
Master’s (M.Ed.), University of Minnesota
Doctorate (Ed.D.), Nova Southeastern University

Dorothy C. Bay
Professor, Biology 1996
Bachelor's (B.S.), Missouri Southern State College
Master's (M.S.), Pittsburg State University
Doctorate (Ph.D.), St. Louis University

Sheri L. Beeler
Associate Professor, Kinesiology 1995
Bachelor’s (B.S.E.), Missouri Southern State College
Master's (M.S.E.), Central Missouri State University
Doctorate (Ed.D.), St. Louis University

Eugene Berger
Associate Professor, History, 2005
Bachelor’s (B.A.), Willamette University
Master’s (M.A.), Vanderbilt University
Doctorate (Ph.D.), Vanderbilt University

Robert S. Black
Assistant Professor, Library 1988
Serials/Reference Librarian
Bachelor’s (B.A.), Millikin University
Master’s (M.L.S.), Indiana University

Beverly A. Block
Professor, Business 1984
Interim Dean, School of Business Administration
Head, Department of Marketing, MIS, Business Education
Bachelor’s (B.S.), Southern Nazarene University
Master’s (M.Ed.), University of Arkansas
Doctorate (Ed.D.), University of Arkansas
Summer Studies, Oxford University, England

Barbara J. Box
Professor, Nursing 1986
Bachelor’s (B.S.N.), Carlow College
Bachelor’s (B.A.), Missouri Southern State College
Master’s (M.S.), University of Oklahoma
Doctorate (Ed.D.), Oklahoma State University

Karen Bradshaw
Instructor, Business 1985
Bachelor’s (B.B.A.) Pittsburg State University
Master's (M.B.A.) Pittsburg State University
Barry E. Brown
Professor, English & Philosophy 1987
Bachelor’s (B.A.), Kalamazoo College
Master’s (M.A.), Columbia University
Master’s (M.A.), University of Rochester
Doctorate (Ph.D.), University of Rochester

James F. Brown
Professor, English & Philosophy 1984
Bachelor’s (B.S.), University of Iowa
Master’s (M.A.), University of Iowa
Master’s (M.A.), University of Iowa
Doctorate (Ph.D.), University of Iowa

Joey R. Brown
Associate Professor, English & Philosophy 2000
Bachelor’s (B.A.), Cameron University
Master’s (M.A.), University of Oklahoma
Doctorate (Ph.D.), University of Oklahoma

Ward H. Bryant
Associate Professor, Communication 1992
Bachelor’s (B.S.J.), University of Kansas
Master’s (M.S.), University of Kansas

F. Burt Bucher
Assistant Professor, Art 2005
Bachelor’s (B.F.A.) Eastern Kentucky University
Master’s (M.F.A.) University of Cincinnati

Gregory J. Buchholz
Assistant Professor, Economics 2001
Bachelor’s (B.S.B.A.), Rockhurst University
Master’s (M.A.), University of Notre Dame
Doctorate (Ph.D.), University of Notre Dame

Dana Bush
Associate Professor, Nursing 2010
Bachelor’s (B.S.N.), Old Dominion University
Masters (M.N.), University of Washington

Al Cade
Associate Professor, Teacher Education 1996
Head, Department of Teacher Education
Bachelor’s (B.S.E.), Northwest Missouri State University
Master’s (M.Ed.), Northwest Missouri State University
Doctorate (Ed.D.), St. Louis University

James J. Capeci
Assistant Professor, Library 2002
Document Delivery and Projects Librarian
Bachelor’s (B.S.) Southwest Missouri State University
Master’s (M.L.S.) University of Missouri-Columbia

Douglas M. Carnahan
Professor, Student Services 1978
Dean of Students
Bachelor’s (B.A.), Bowling Green State University
Master’s (M.Ed.), University of Georgia
Specialist (Ed.S.), Pittsburg State University
Doctoral Studies, Oklahoma State University

Albert J. Carnine
Professor, Music 1977
Bachelor’s (B.M.E.), Illinois Wesleyan University
Master’s (M.M.), Southern Methodist University
Master’s (M.M.E.), Southern Methodist University
Doctorate (D.M.A.), University of Texas

Amber A. Carr
Assistant Professor, Library 2005
Bachelor’s (B.S.B.A.), Missouri Southern State University
Master’s (M.L.S.), University of Missouri-Columbia

Christie Cathey
Associate Professor, Psychology 2002
Bachelor’s (B.A.), Hendrix College
Master’s (M.A.), University of Connecticut
Doctorate (Ph.D.), University of Connecticut

Roger D. Chelf
Professor, Physics 1995
Bachelor’s (B.S.), University of Kentucky
Master’s (M.S.), University of Kentucky
Doctorate (Ph.D.), Georgia Institute of Technology

Cheryl Cifelli
Assistant Professor, Music 2005
Director of Woodwind Studies
Bachelor’s (B.M.), University of North Texas
Master’s (M.M.), University of North Texas
Doctorate (D.M.A.), University of North Texas

Rhonda Clark
Assistant Professor, Communication 2008
Bachelor’s (B.A.), Missouri Southern State University
Master’s (M.S.), Oklahoma State University

Carl Cobb
Assistant Professor, Communication 2009
Bachelor’s (B.A.), University of Arizona
Master’s (M.S.A.S.), Missouri State University
Ph.D. Candidate, Regent University

Henri Coeme
Instructor, International Business 2008
Bachelor’s (M.A.), St. Ignatius University (Belgium)
Master’s (M.A.), St. Ignatius University (Belgium)

AmyKay Cole
Assistant Professor, Psychology 2002
Bachelor’s (B.A.), University of New Mexico
Master’s (M.A.), Kent State University
Doctorate (Ph.D.), Kent State University

K. Casey Cole
Professor, Psychology 1996
Bachelor’s (B.A.), Shippensburg State University of Pennsylvania
Master’s (M.A.), Kent State University
Doctorate (Ph.D.), Kent State University
James D. Collins  
Professor, Computer Information Science 1998  
Bachelor's (B.S.), St. Louis University  
Master's (M.S.), Southern Illinois University  
Doctorate (Ph.D.), Nova Southeastern University  

Glenn Coltharp  
Professor, Teacher Education 2003  
Dean, School of Education  
Bachelor's (B.S.E.), Pittsburg State University  
Master's (M.S.), Pittsburg State University  
Doctorate (Ed.D.), Kansas State University  

S. Mark Comstock  
Professor, Accounting 1993  
Bachelor's (B.S.B.A.), Missouri Southern State University  
Doctorate (Ph.D.), University of Oklahoma  
Certified Public Accountant (CPA)  
Diplomate, American Board of Forensic Accounting (DABFA)  

C. Martin Conklin  
Associate Professor, Kinesiology 1988  
Bachelor's (B.S.E.), Missouri Southern State College  
Master's (M.A.), University of Tulsa  

Chrys A. Corcoran  
Assistant Professor, Nursing 2001  
Bachelor's (B.S.N.), University of Tulsa  
Master's (M.S.), University of Kansas  

Robert L. Corn  
Assistant Professor, Kinesiology 1989  
Head Men's Basketball Coach and Assistant Athletics Director  
Bachelor's (B.S.E.), Missouri Southern State College  
Master's (M.A.), University of Alabama at Birmingham  

Matt Cowdin  
Instructor, Criminal Justice 2008  
Bachelor's (B.S.), Missouri Southern State University  

Clara Jean Cozens  
Associate Professor, Teacher Education 2005  
Bachelor's (B.S.E.), Arkansas Tech University  
Master's (M.Ed.), Arkansas Tech University  
Doctoral Studies, University of Arkansas  

E. Scott Cragin  
Associate Professor, Marketing 1989  
Bachelor's (B.S.), Rose-Hulman Institute of Technology  
Master's (M.M.), Northwestern University  
Doctorate (Ph.D.), Oklahoma State University  

Susan Craig  
Assistant Professor, Teacher Education 1993  
Director First Year Experience  
Bachelor's (B.S.E.), Missouri Southern State University  
Master's (M.S.), Missouri State University  
Doctorate (Ed.D.), University of Missouri - Columbia  

James D. Collins  
Professor, Computer Information Science 1998  
Bachelor's (B.S.), St. Louis University  
Master's (M.S.), Southern Illinois University  
Doctorate (Ph.D.), Nova Southeastern University  

Glenn Coltharp  
Professor, Teacher Education 2003  
Dean, School of Education  
Bachelor's (B.S.E.), Pittsburg State University  
Master's (M.S.), Pittsburg State University  
Doctorate (Ed.D.), Kansas State University  

S. Mark Comstock  
Professor, Accounting 1993  
Bachelor's (B.S.B.A.), Missouri Southern State University  
Doctorate (Ph.D.), University of Oklahoma  
Certified Public Accountant (CPA)  
Diplomate, American Board of Forensic Accounting (DABFA)  

C. Martin Conklin  
Associate Professor, Kinesiology 1988  
Bachelor's (B.S.E.), Missouri Southern State College

Clara Jean Cozens  
Associate Professor, Teacher Education 2005  
Bachelor's (B.S.E.), Arkansas Tech University  
Master's (M.Ed.), Arkansas Tech University  
Doctoral Studies, University of Arkansas  

E. Scott Cragin  
Associate Professor, Marketing 1989  
Bachelor's (B.S.), Rose-Hulman Institute of Technology  
Master's (M.M.), Northwestern University  
Doctorate (Ph.D.), Oklahoma State University  

Sabine Cramer  
Professor, Foreign Languages 1996  
Bachelor's (B.A.), University of Bielefeld  
Staatsexamen, University of Siegen  
Master's (M.A.), University of Houston  
Master's (M.A.), Rice University  
Doctorate (Ph.D.), The University of Texas at Austin  

Carrie Curtis  
Instructor, Mathematics 2009  
Bachelor's (B.S.), Missouri Southern State University  
Master's (M.S.), University of Missouri-Columbia  

Charles N. Curtis  
Professor, Mathematics 1992  
Bachelor's (B.S.), University of Washington  
Master's (M.S.), University of Washington  
Doctorate (Ph.D.), University of Washington  

Bryce Darnell  
Instructor, Kinesiology 2007  
Head Baseball Coach  
Bachelor's (B.S.), Missouri Southern State University  
Master's (M.S.), Missouri State University  

Michelle Dawson  
Instructor, Marketing 2009  
Bachelor's (B.S.B.A.), Missouri Southern State University  
Master's (M.B.A.), Missouri State University  

Will Delehanty  
Assistant Professor, Political Science 2010  
Bachelor's (B.G.S.), University of Kansas  
Master's (M.A.), University of Kansas  
Doctorate (Ph.D.), University of Kansas  

JoAnna Derfelt  
Assistant Professor, Political Science 2009  
Bachelor's (B.A.), Missouri Southern State University  
Law Degree (J.D.), University of Kansas  

Christopher Dowd  
Assistant Professor, English & Philosophy 2009  
Bachelor's (B.A.), Fairfield University  
Master's (M.F.A.), Emerson College  
Master's (M.A.), University of Connecticut  
Doctorate (Ph.D.), University of Connecticut  

Stu Dunlop  
Instructor, Marketing 2008  
Bachelor's (B.S.), Missouri University of Science and Technology  
Master's (M.B.A.), Missouri State University  

Joy S. Dworkin  
Professor, English & Philosophy 1991  
Bachelor's (B.A.), Reed College  
Master's (M.A.), University of Michigan  
Master's (M.F.A.), University of Michigan  
Doctorate (Ph.D.), University of Michigan  
Summer Studies, University of Hyderabad, Hyderabad, India
William L. Edwards, Jr.
Associate Professor, Teacher Education 2002
Bachelor’s (B.S.), University of Nevada, Las Vegas
Master’s (M.Ed.), University of Nevada, Las Vegas
Doctorate (Ed.D.), University of Nevada, Reno

Christine B. Eller
Associate Professor, Nursing 1981
Bachelor’s (B.S.N.), University of Connecticut
Master’s (M.S.N.), University of North Carolina

Gloria J. Faine
Professor, Teacher Education 1999
Bachelor’s (B.S.), Langston University
Master’s (M.S.), Northeastern State University
Doctorate (Ph.D.), Oklahoma State University

Larry Flatt
Associate Professor, Teacher Education 2005
Bachelor’s (B.A.), Northeastern Oklahoma State University
Master’s (M.S.), University of Oklahoma
Doctorate (Ph.D.), Oklahoma State University

Michael D. Fletcher
Professor, Biology 1994
Director of Environmental Health
Bachelor’s (B.S.), Southwest Missouri State University
Master’s (M.S.), University of Oklahoma
Doctorate (Ph.D.), University of Missouri-Columbia

Michael P. Garoutte
Professor, Chemistry 1997
Director of Honors Program
Bachelor’s (B.S.), Missouri Southern State College
Doctorate (Ph.D.), University of Missouri-Rolla

Rebecca S. Gallemore
Assistant Professor, Teacher Education 2006
Bachelor’s (B.S.), Northern Illinois University
Master’s (M.S.), Northern Illinois University
Specialist (Ed.S.), Missouri State University

Deborah Gerecke
Assistant Professor, Dental Hygiene 2006
Director of Dental Hygiene Programs
Associate’s (A.A.S.), Illinois Central College
Bachelor’s (B.S.), University of Missouri, Kansas City
Master’s (M.A.), Southeast Missouri State University

James E. Gilbert
Associate Professor, History 1974
Bachelor’s (A.B.), University of Missouri
Master’s (M.A.), Southwest Missouri State University
Specialist (Ed.S.), Pittsburg State University
Consultant of Department of Education

Lynell Gilbert-Saunders
Assistant Professor, Chemistry 2006
Bachelor’s (B.S.N.), Pittsburg State University
Doctorate (Ph.D.), University of Missouri-Rolla

LeSha Goade
Assistant Professor, Nursing 2004
Bachelor’s (B.S.N.) Pittsburg State University
Master’s (M.S.N.) University of Missouri-Kansas City

Eillen Godsey
Professor, Learning Center 1984
Director of Learning Center
Bachelor’s (B.A.), Texas A & M - Commerce
Master’s (M.S.), Texas A & M - Commerce
Doctorate (Ed.D.), Oklahoma State University

James M. Gray
Professor, Business 1969
Bachelor’s (B.S.B.A.), Dana College
Master’s (M.B.A.), University of Arkansas
Certified Systems Professional (CSP)

William Gray
Instructor, Kinesiology 2008
Head Softball Coach
Bachelor’s (B.S.E.), Pittsburg State University
Master’s (M.S.), Texas Women’s University

George C. Greenlee
Professor, English & Philosophy 1970
Bachelor’s (B.A.), Northeast Louisiana State College
Master’s (M.A.), Northeast Louisiana State College
Doctoral Studies, North Texas State University
Jill Greer  
Associate Professor, Sociology, 2005  
Bachelor’s (B.A.), University of Arkansas  
Master’s (M.A.), University of Missouri – Columbia  
Doctorate (Ph.D.), University of Missouri – Columbia  
Postgraduate Studies, University of Arizona

Conrad E. Gubera  
Professor, Sociology 1967  
Bachelor’s (B.S.), Pittsburg State University  
Master’s (M.S.), Pittsburg State University  
Doctorate (Ph.D.), Oklahoma State University  
Post Doctoral Studies, Columbia University/University of Chicago  
Fellow with National Council on US-Arab Relations, Washington, DC  
Fellow with East-West Center, University of Hawaii (Honolulu)  
Fulbright-Hayes Scholar (Hungary & Poland)  
Fulbright-Hayes Scholar (Egypt)

Béatrice Haase-Dubuis  
Assistant Professor, Foreign Languages 2005  
Bachelor’s (B.A.), Université de Dijon  
CAPES (Secondary Education Certification), Paris  
Master’s (M.A.), Université de Dijon  
Master’s (M.A.), University of Arkansas  
Doctorate (A.B.D.), University of Arkansas

Lorinda Hackett  
Assistant Professor, Teacher Education 2006  
Bachelor’s (B.S.E.), Northwest Missouri State University  
Master’s (M.S.Ed.), Northwest Missouri State University  
Specialist (Ed.S.), Pittsburg State University

Lauren Haggard  
Assistant Professor, Nursing 2010  
Bachelor’s (B.S.N.), Lincoln University  
Master’s (M.S.N.), University of Missouri-Columbia

Carolyn M. Hale  
Professor, Communication 1996  
Bachelor’s (B.A.), University of Maryland, European Division, West Germany  
Bachelor’s (B.A.), Abilene Christian University  
Master’s (M.A.), University of Oklahoma, N.D.E.A. Fellow  
Doctorate (Ph.D.), University of Oklahoma, N.D.E.A. Fellow  
Post Doctoral Studies, North Texas State University  
Sasakawa Fellow, Japanese Studies Institute, San Diego State University (California)  
Sasakawa Fellow, Level II, Japan Post World War II, Japanese Studies Institute, Tokai University (Honolulu, Hawaii)  
Director of McCaleb Peace Prize: India; Northern Ireland, Tibet, Libya

Linda M. Hand  
Professor, Mathematics 1988  
Bachelor’s (B.S.), University of Missouri-Rolla  
Master’s (M.S.), Central Missouri State University  
Doctorate (Ed.D.), Oklahoma State University

Dennis R. Harmon  
Professor, Mathematics 1989  
Bachelor’s (B.S.), University of Oklahoma  
Master’s (M.A.), University of Oklahoma  
Doctorate (Ph.D.), University of Oklahoma

Sheila A. Hart  
Assistant Professor, Nursing 2002  
Bachelor’s (B.S.N.), Missouri Southern State University  
Master’s (M.S.N.), University of Missouri-Columbia

Andrea Hellman  
Assistant Professor, TESOL 2008  
Bachelor’s, Randolph-Macon Women’s College  
Master’s (M.A.), Jozsef Attila University, Hungary  
Doctorate (Ed.D.), Boston University

Patricia Hempsmyer  
Assistant Professor, Nursing 2005  
Bachelor’s (B.S.N.) Wichita State University  
Master’s (M.S.N.) Wichita State University

Dennis L. Herr  
Associate Professor, Computer Information Science 1985  
Bachelor’s (B.S.), Missouri Southern State University  
Master’s (M.B.A.), Pittsburg State University  
Certified Data Processor (CDP)

Robert (Kip) Heth  
Associate Professor, Biology 2000  
Bachelor’s (B.S.E.), Illinois State University  
Master’s (M.Div.), Central Baptist Theological Seminary  
Master’s (M.S.), Northeastern State University  
Doctorate (Ph.D.), University of Arkansas

Jean M. Hobbs  
Associate Professor, Kinesiology 1991  
Bachelor’s (B.S.), Missouri Southern State College  
Master’s (M.S.), Baylor University  
Doctorate (Ph.D.), University of Arkansas

Janice Holmes  
Associate Professor, Teacher Education 1984  
Bachelor’s (B.A.), University of Iowa  
Master’s (M.A.), University of Iowa  
Doctorate (Ed.D.), Drake University

Delores A. Honey  
Professor, 1980  
Assistant Vice President for Assessment and Institutional Research  
Bachelor’s (B.S.), Southwest Missouri State University  
Master’s (M.Ed.), University of Missouri-Columbia  
Specialist (Ed.S.), Pittsburg State University  
Doctorate (Ph.D.), University of Missouri-Columbia  
Summer Studies, Oxford University, England
Sherman X. Hou  
Professor, Foreign Languages 1996  
Head, Department of Foreign Languages  
Bachelor's (B.S.), Donghua University  
Master's (M.A.), Beijing Foreign Language University  
Master's (M.A.), University of Hawaii at Manoa  
Doctorate (Ph.D.), Nova Southeastern University  

Michael Howarth  
Assistant Professor, English and Philosophy 2008  
Bachelor's (B.A.), James Madison University  
Master's (M.A.), University of Alaska at Anchorage  
Doctorate (Ph.D.), University of Louisiana at Lafayette  

Elke M. Howe  
Associate Professor, Engineering Technology 2001  
Head, Department of Engineering Technology  
Bachelor's (B.S.E.T.), Pittsburg State University  
Master's (M.B.A.), Pittsburg State University  
Doctorate (Ed.D.), University of Arkansas  

Ronda Hubbard  
Assistant Professor, Kinesiology 2001  
Assistant Women's Basketball Coach  
Bachelor's (B.S.), Southwest Missouri State University  
Master's (M.S.), Southwest Baptist University  
Specialist (Ed.S.), University of Missouri-Kansas City  
Ph.D. Candidate, University of Missouri-Kansas City  

Loreen R. Huffman  
Professor, Psychology 1996  
Bachelor's (B.S.), Pennsylvania State University  
Master's (M.S.), Rutgers University  
Doctorate (Ph.D.), Rutgers University  

William E. Huffman  
Associate Professor, Accounting 2000  
Bachelor's (B.B.A.), Pittsburg State University  
Master's (M.Acct.), Kansas State University  
Doctorate (Ph.D.), University of North Texas  
Certified Public Accountant (CPA)  

James R. Jackson  
Professor, Biology 1976  
Bachelor's (B.S.), Colorado State University  
Master's (M.A.), University of Northern Colorado  
Doctorate (Ph.D.), Rutgers State University  
Visiting Scholar, Wolfson College Oxford University, England  

Karen Jacobs  
Instructor, Dental Hygiene 2007  
Associate's (A.S.), Missouri Southern State University  

Anne M. Jaros  
Professor, Theatre 1989  
Bachelor's (B.F.A.), University of Illinois  
Master's (M.F.A.), Northwestern University  

David Jenkins  
Assistant Professor, Foreign Languages 2006  
Bachelor's (B.A.), Southeast Missouri State University  
Master's (M.A.), University of Kansas  
Doctorate (A.B.D.), University of Kansas  

Sandra Jennings  
Associate Professor, Management 2008  
Bachelor's (B.A.), Missouri Southern State University  
Master's (M.P.A.), University of Oklahoma  
Doctorate (Ph.D.), University of Oklahoma  

David Jerome  
Assistant Professor, Political Science 2009  
Bachelor's (B.S.B.A.), Central Missouri State University  
Master's (M.B.A.), Florida Tech  
Ph.D. Candidate, University of Arkansas  

Donna Johnson  
Assistant Professor, Biology 2006  
Bachelor's (B.S.), University of Missouri  
Doctorate (D.V.M.), University of Missouri  

Kerry D. Johnson  
Professor, Mathematics 1998  
Head, Department of Mathematics  
Bachelor's (B.S.), Arkansas Tech University  
Master's (M.S.), Oklahoma State University  
Doctorate (Ed.D.), Oklahoma State University  

Michael C. Kennedy  
Assistant Professor, Environmental Health 2001  
Bachelor's (B.S.), Montana Tech  
Master's (M.S.), Montana Tech  

James E. Kilpatrick, Jr.  
Associate Professor, Foreign Languages 2004  
Bachelor's (B.S.E.), Missouri Southern State University  
Master's (M.A.), University of Arkansas  
Doctorate (Ph.D.), University of Kansas  

Timothy Klein  
Assistant Professor, Theatre 2008  
Bachelor's (B.A.), St. Bonaventure University  
Terminal Degree (M.F.A.), University of North Carolina at Chapel Hill  

Brad A. Kleindl  
Professor, Marketing 1986  
Bachelor's (B.S.B.A.), Southern Illinois University  
Master's (M.B.A.), Southern Illinois University  
Doctorate (Ph.D.), Oklahoma State University  

John S. Knapp, Jr.  
Professor, Geophysics 1989  
Bachelor's (A.B.), University of California Berkeley  
Master's (M.S.), University of Washington  
Doctorate (Ph.D.), University of Washington  
Summer Studies, Oxford University, England; University of Cambridge, England
Claudia Koch  
Assistant Professor, Engineering Technology 2008  
Bachelor's (B.S.), Freiberg University of Mining & Technology  
Master's (M.A.), Pittsburg State University

Karen Kostan  
Assistant Professor, Psychology 2008  
Bachelor's (B.S.), University of Wisconsin  
Master's (M.A.), University of California-Davis  
Ph.D. Candidate, University of California-Davis

Damon Kraft  
Assistant Professor, English & Philosophy 2009  
Bachelor's (B.A.), Emporia State University  
Master's (M.A.), Emporia State University  
Doctorate (Ph.D.), University of Missouri

Michael G. Krtek  
Instructor, NREMT-Paramedic 1995  
Director, EMS Training  
Bachelor's (B.A.), University of Missouri-Kansas City  
Licensed Missouri Paramedic 1982

William A. Kumbier  
Professor, English & Philosophy 1989  
Bachelor's (B.A.), Michigan State University  
Doctorate (Ph.D.), State University of New York at Buffalo

Steven Labadessa  
Assistant Professor, Art 2008  
Bachelor's (B.S.), Brooklyn College  
Bachelor's (B.A.), Brooklyn College  
Master's (M.F.A.), University of Pennsylvania  
Law Degree (J.D.), Boston University

Richard A. Laird  
Associate Professor, Mathematics 2000  
Bachelor's (B.S.E.), Emporia State University  
Master's (M.S.), Emporia State University  
Doctorate (Ph.D.), Kansas State University

Richard E. La Near  
Professor, Finance 1987  
Bachelor's (B.S.), Pittsburg State University  
Master's (M.B.A.), Memphis State University  
Doctorate (Ph.D.), University of Mississippi

Kelly B. Larson  
Associate Professor, Communication 1999  
Director of Debate and Forensics  
Bachelor's (B.S.), North Dakota State University  
Master's (M.A.), North Dakota State University  
Ph.D. Candidate, University of Missouri-Columbia

Grant Lathrom  
Assistant Professor, Mathematics 2006  
Bachelor's (B.S.), Missouri State University  
Master's (M.S.), Missouri State University  
Doctorate (Ph.D.), Missouri University of Science & Technology

Michael A. Lawson  
Professor, Biology 1991  
Bachelor's (B.S.E.), Missouri Southern State College  
Master's (M.S.), Pittsburg State University  
Doctorate (Ed.D.), University of Missouri – Columbia

Crystal R. Lemmons  
Associate Professor, Biology 2001  
Head, Department of Biology & Environmental Health  
Doctorate (D.V.M.), University of Missouri-Columbia

Ann Lile  
Assistant Professor, Theatre 2008  
Bachelor's (B.A.), Midwestern State University  
Master's (M.S.), East Texas State University  
Master's (M.Ed.), Kent State University

James E. Lile, Jr.  
Associate Professor, Theatre 2004  
Head, Department of Theatre  
Interim Head, Department of Art  
Bachelor's (B.A.), East Texas State University  
Master's (M.A.), East Texas State University  
Doctorate (Ph. D.), Kent State University

J. Mari Beth Linder  
Professor, Nursing 1999  
Director of Nursing  
Bachelor's (B.S.N.), Pittsburg State University  
Master's (M.S.N.), University of Mississippi  
Doctorate (Ph.D.), University of Missouri-Kansas City

Patsy K. Lipira  
Professor, Kinesiology 1981  
Head, Department of Kinesiology  
Bachelor's (B.S.E.), Northwest Missouri State University  
Master's (M.S.), Kansas State University  
Doctorate (Ed.D.), University of Arkansas

Erica Little  
Assistant Professor, Dental Hygiene 2004  
Associate's (A.S.), Missouri Southern State University  
Bachelor's (B.S.), Missouri Southern State University  
Master's (M.P.H.), A. T. Still University

Kexi Liu  
Professor, Music 1991  
Director of Suzuki Violin Academy  
Director of Southern Symphony Orchestra  
Master's (M.M.), East Carolina University  
Doctorate (D.M.A.), University of North Carolina at Greensboro

Yuanjin Liu  
Assistant Professor, Mathematics 2006  
Bachelor's (B.S.), Tongji University  
Master's (M.S.), Tongji University  
Doctorate (Ph.D.), Wayne State University
Kristen Livingston
Assistant Professor, Communication 2009
Associate's (A.S.), Independence Community College
Bachelor's (B.A.), Pittsburg State University
Master's (M.A.), Pittsburg State University

David A. Locher
Professor, Sociology 1996
Head, Department of Social Science
Bachelor's (B.G.S.), Kent State University
Master's (M.A.), Kent State University
Doctorate (Ph.D.), Kent State University

Jeffrey Macomber
Associate Professor, Music 2002
Head, Department of Music
Director of Low Brass Studies, Arranging & Theory
Bachelor's (B.M.), Bowling Green State University
Master's (M.M.), Bowling Green State University
Doctorate (D.M.A.), University of Iowa

Josie Mai
Associate Professor, Art 2005
Bachelor's (B.A.E.) University of Kansas
Master's (M.F.A.), Parsons School of Design

Terry D. Marion
Professor, Management 1976
International Trade and Quality Center
Bachelor's (B.S.), Southwest Missouri State University
Master's (M.S.), Pittsburg State University
Specialist (Ed.S.), Pittsburg State University
A.B.D., University of Arkansas

Daniel B. Marsh
Professor, Physics 1997
Bachelor's (B.A.), Drury College
Master's (M.S.), University of Arkansas
Doctorate (Ph.D.), University of Missouri-Rolla

Lyle F. Mays
Professor, Computer Information Science 1981
Head, Department of Computer Information Science
Bachelor's (B.S.), Missouri Southern State University
Master's (M.S.), University of Washington – Seattle
Doctoral Studies, University of Washington

Robert D. McDermid
Professor, Psychology 1990
Head, Department of Psychology
Bachelor's (B.S.), Graceland College
Master's (M.S.Ed.), University of Kansas
Doctorate (Ph.D.), University of Kansas

Wendy McGrane
Associate Professor, Library 1999
Library Director
Bachelor's (B.A.), Mercer University
Master's (M.L.S.), University of Oklahoma

Holly McSpadden
Professor, English & Philosophy 1999
Bachelor's (B.A.), University of Colorado
Master's (M.A.), University of Texas
Doctorate (Ph.D.), University of Texas

John P. Messick
Professor, Biology 1984
Bachelor's (B.S.), Southwest Missouri State University
Master's (M.S.), University of Idaho
Doctorate (Ph.D.), University of Idaho

Richard B. Miller
Professor, Sociology 1985
Dean, School of Arts and Sciences
Bachelor's (B.A.), Henderson State University
Master's (M.A.), University of Memphis
Doctorate (Ph.D.), Oklahoma State University

Maryann Mitts
Instructor, Kinesiology 2001
Head Women's Basketball Coach
Bachelor's (B.A.), Rockhurst College
Master's (M.A.), University of Missouri-Kansas City

Teresa Diane Moore
Assistant Professor, Dental Hygiene 1999
Bachelor's (B.G.S.), Missouri Southern State University
Master's (M.S.), Pittsburg State University
Specialist (Ed.S.), Pittsburg State University

Jay R. Moorman
Professor, Communication 1991
Head, Department of Communication
Bachelor's (B.A.), Southern Illinois University-Carbondale
Master's (M.A.), Southern Illinois University-Carbondale
Doctorate (Ph.D.), Southern Illinois University-Carbondale

J. Chris Moos
Assistant Professor, International Business 2003
Bachelor's (B.S.B.A.), Wichita State University
Master's (M.B.A.), Wichita State University
Doctoral Studies, Swiss Management Center University

Patricia Murphy
Professor, English & Philosophy 1999
Bachelor's (B.A.), Indiana University
Master's (M.A.), Northwestern University
Doctorate (Ph.D.), University of Iowa

Michael Mutz
Instructor, Kinesiology 2006
Assistant Football Coach
Bachelor's (B.A.), Mesa State College
Master's (M.A.), Southern Illinois University

Brian K. Nichols
Associate Professor, Finance 2000
Bachelor's (B.S.B.A.), Missouri Southern State College
Master's (M.B.A.), University of Chicago
Doctorate (Ph.D.), University of Arkansas
Charles E. Nodler  
Professor, Library 1978  
Archivist/Reference Librarian  
Bachelor’s (B.A.), Missouri Southern State University  
Master’s (M.A.), University of Texas at Arlington  
Master’s (M.L.S.), University of Missouri-Columbia  
Certificate of Archival Administration (CAA)  
Certified Archivist (CA)

Jack L. Oakes  
Professor, Computer Information Science 1983  
Bachelor’s (B.S.), Missouri Southern State University  
Master’s (M.S.), University of Wisconsin  
Doctorate (Ph.D.), University of Missouri-Rolla

Danny C. Overdeer  
Professor, Teacher Education 1990  
Bachelor’s (B.A.), Missouri Southern State University  
Bachelor’s (B.S.), Oklahoma State University  
Master’s (M.S.), Oklahoma State University  
Doctorate (Ed.D.), Oklahoma State University

Leslie Parker  
Assistant Professor, Foreign Languages 2003  
Bachelor’s (B.A.), Missouri Southern State University  
Master’s (M.A.), University of Arkansas - Fayetteville

Lisa Parker  
Instructor, Dental Hygiene 2009  
Associate’s (A.S.), University of Southern Indiana (Dental Hygiene)  
Bachelor’s (B.S.), University of Southern Indiana (Health Sciences)

Nanette Philibert  
Assistant Professor, Management 2006  
Bachelor’s (B.S.), University of the State of New York, Albany  
Master’s (M.Ed.), Texas Woman’s University  
Doctorate (Ph.D.), University of North Texas

William T. Pinet  
Associate Professor, Computer Information Science 1997  
Bachelor’s (B.S.), The School of the Ozarks  
Master’s (M.S.), University of Missouri-Rolla

Glenda A. Pippin  
Director, Respiratory Therapy 2000  
Bachelor’s (B.S.), California College for Health Sciences  
Registered Respiratory Therapist (RRT)  
Certified Pulmonary Function Technologist (CPFT)  
Neonatal/Pediatric Specialist (NPS)

Frank Pishkur  
Assistant Professor, Art 2005  
Bachelor’s (B.F.A.), Indiana State University  
Master’s (M.F.A.), Wichita State University

Karen E. Plucinski  
Associate Professor, Biology 2002  
Bachelor’s (B.A.), University of New Hampshire  
Master’s (M.A.), University of Montana  
Doctorate (Ph.D.), University of Maine

Deborah J. Pulliam  
Professor, Teacher Education 1994  
Bachelor’s (B.S.), Southwest Missouri State University  
Master’s (M.S.), University of Missouri-Columbia  
Doctorate (Ph.D.), University of Missouri-Columbia

Richard B. Rawlins  
Professor, Finance 1988  
Bachelor’s (B.S.) University of Missouri-Columbia  
Master’s (M.S.), Oklahoma State University  
Doctorate (Ph.D.), University of Arkansas

David "Rusty" Raymond  
Assistant Professor, Music 1999  
Director of Bands  
Bachelor’s (B.M.E.), Northeast Missouri State University  
Master’s (M.A.), Northeast Missouri State University

Ronnie Ressel  
Instructor, Kinesiology 2002  
Assistant Men's Basketball Coach  
Bachelor’s (B.S.E.), Missouri Southern State College

Keith Robertson  
Associate Professor, Teacher Education 2003  
Director of Clinical Field Experiences  
Bachelor’s (B.S.E.), University of Missouri-Columbia  
Master’s (M.Ed.), University of Missouri-Columbia  
Specialist in Education (Ed.S.), South East Missouri State University  
Doctoral Candidate-Vanderbilt University

Michael T. Rodgers  
Associate Professor, English & Philosophy 1987  
Bachelor’s (B.A.), Central State University, Ohio  
Master’s (M.A.), Pittsburg State University  
Doctoral Studies, University of Tulsa

Vickie R. Roettger  
Professor, Biology 1997  
Bachelor’s (B.S.), University of Iowa  
Medical Technologist Certification (ASCP), University of Iowa  
Master’s (M.S.), University of Iowa  
Doctorate (Ph.D.), Wright State University

Kim Rogers  
Assistant Professor, Dental Hygiene 2000  
Associate’s (A.S.), Missouri Southern State University  
Bachelor’s (B.G.S.), Missouri Southern State University

Tom Rutledge  
Assistant Professor, Kinesiology 1988  
Head Men’s Cross Country/Track and Field Coach  
Bachelor’s (B.S.E.), Quachita Baptist University  
Master’s (M.Ed.), Henderson State University

J. Stephen Schiavo  
Associate Professor, Computer Information Science 2001  
Bachelor’s (B.A.), Trinity University  
Master’s (M.S.), University of Texas-San Antonio
Nancy M. Schiavone
Assistant Professor, Library 2003
Reference/Instruction Librarian
Bachelor’s (B.S.), Syracuse University
Master’s (M.L.S.), University of South Carolina

Alan Schiska
Assistant Professor, Radiologic Technology 2001
Associate’s (A.S.), Missouri Southern State College
Bachelor’s (B.S.), Missouri Southern State College
Master’s (M.S.E.), Pittsburg State University

Gerald T. Schlink
Professor, Biology 1989
Bachelor’s (B.A.), University of Missouri
Master’s (M.S.), University of Missouri
Doctorate (Ph.D.), University of North Texas
Post Doctoral, University of Missouri

Trina J. Scott
Professor, Criminal Justice 1994
Bachelor’s (B.A.), Indiana University
Law Degree (J.D.), University of Missouri-Columbia

Stacie Scrivner
Instructor, Dental Hygiene 2009
Associate’s (A.S.), Missouri Southern State University
Bachelor’s (B.H.S.), Missouri Southern State University

Dale W. Simpson
Professor, English & Philosophy 1979
Head, Department of English & Philosophy
Bachelor’s (B.A.), Harding University
Master’s (M.A.), University of North Texas
Doctorate (Ph.D.), University of North Texas
Oxford Summer Study, 2001

Marion E. Sloan
Professor, Physics 1967
Bachelor’s (B.A.), Pittsburg State University
Master’s (M.S.), Pittsburg State University
Graduate Studies, Pittsburg State University, University of Missouri-Columbia, University of Missouri-Rolla

David M. Smith
Professor, Accounting 1995
Head, Department of Accounting
Bachelor’s (B.S.), University of Illinois at Urbana-Champaign
Master’s (M.A.S.), University of Illinois at Urbana-Champaign
Doctorate (Ph.D.), University of North Texas
Certified Public Accountant (CPA)

Jill A. Smith
Assistant Professor, Accounting 1996
Bachelor’s (B.S.B.A.), Missouri Southern State University
Master’s (M.B.A.), University of Minnesota
Certified Public Accountant (CPA)

Stephen Smith
Associate Professor, Geography 2004
Bachelor’s (B.S.), University of Central Arkansas
Master’s (M.S.), Georgia Institute of Technology
Master’s (M.A.), Pennsylvania State University
Doctorate (Ph.D.), Pennsylvania State University
Postgraduate Studies, University of Michigan
Freeman Foundation Scholar, Japan Studies Association

Susan K. Smith
Professor, Music 1996
Director of Vocal Studies
Bachelor’s (B.M.), University of Wisconsin-Eau Claire
Master’s (M.M.), University of Northern Colorado
Doctorate (D.A.), University of Northern Colorado

Debra Snodgrass
Assistant Professor, Music 2007
Interim Director of Keyboard Studies
Music for Elementary Schools and Piano
Bachelor’s (B.M.), Pittsburg State University
Master’s (M.M.), Pittsburg State University

Richard E. Spencer
Assistant Professor, Criminal Justice 1995
Bachelor’s (B.S.), Missouri Southern State University
Master’s (M.S.), Central Missouri State University

Vikki J. Spencer
Professor, Teacher Education 1989
Bachelor’s (B.S.E.), University of Missouri
Master’s (M.S.), Pittsburg State University
Doctorate (Ph.D.), University of Kansas

J. J. Spurlin, Jr.
Associate Professor, Criminal Justice 1998
Bachelor’s (B.S.), Missouri Southern State University
Master’s (M.S.), Pittsburg State University
Specialist (Ed.S.), Pittsburg State University

Chad D. Stebbins
Professor, Communication 1984
Director, Institute of International Studies
Bachelor’s (B.S.), Missouri Southern State University
Master’s (M.A.), Central Missouri State University
Doctorate (Ph.D.), Bowling Green State University

William R. Stevens
Professor, Management 1988
Bachelor’s (B.S.E.), Missouri Southern State College
Master’s (M.Ed.), Central Missouri State University
Doctorate (Ph.D.), University of Arkansas

Tia Marie Strait
Professor, Dental Hygiene 1991
Dean, School of Technology
Associate’s (A.S.), Missouri Southern State College
Bachelor’s (B.G.S.), Missouri Southern State College
Master’s (M.S.), Pittsburg State University
Doctorate (Ed.D.), Saint Louis University
John H. Summerfield
Professor, Chemistry 1995
Bachelor’s (B.S.), Portland State University
Bachelor’s (B.S.), The Evergreen State College
Doctorate (Ph.D.), Oregon State University

Pedro L. Talavera-Ibarra
Professor, Foreign Languages 1995
Bachelor’s (B.A.), People’s Friendship University of Russia
Master’s (M.A.), People’s Friendship University of Russia
Master’s (M.A.), University of Texas at Austin
Doctorate (Ph.D.), University of Texas at Austin

William Z. Tannenbaum
Professor, History 1991
Bachelor’s (B.A.), University of California, Davis
Master’s (M.A.), University of California, Davis
Master’s (M.A.), Stanford University
Doctorate (Ph.D.), Stanford University
Post-Doctoral Studies, University of Munich, Hebrew University of Jerusalem, Tel Aviv University

Bart Tatum
Instructor, Kinesiology 2006
Head Football Coach
Bachelor’s (B.A.), Austin College
Master’s (M.A.), Austin College
Master’s (M.A.), Sam Houston State (Texas)
Doctorate (Ed.D.), University of Missouri

John Tatum
Instructor, Kinesiology 2006
Assistant Football Coach
Bachelor’s (B.S.), Texas A&M University-Commerce
Master’s (M.S.), Northwest Missouri State

Gail A. Taubel
Instructor, Dental Hygiene 2007
Associate’s (A.A.), East Central College
Bachelor’s (B.S.), University of Missouri-Kansas City

Paul Teverow
Professor, History 1982
Bachelor’s (B.A.), Case Western Reserve University
Master’s (M.A.), Ohio State University
Doctorate (Ph.D.), Ohio State University
Summer Studies, Oxford University, England

Mark Thomas
Assistant Professor, Art 2008
Bachelor’s (B.F.A.), Edinboro University
Master’s (M.F.A.), Boston University

Wayne E. Thomason
Associate Professor, Criminal Justice 2000
Head, Department of Criminal Justice
Bachelor’s (B.S.), Northeast Missouri State University
Master’s (M.A.), Webster University
Specialist (Ed.S.), Pittsburg State University

Cliff Toliver
Associate Professor, English & Philosophy 2001
Bachelor’s (B.A.), Texas Tech University
Master’s (M.A.), University of Texas
Law Degree (J.D.), University of Texas
Doctorate (Ph.D.), University of Texas

William G. Trudeau
Assistant Professor, Institute of International Studies 2003
Director, International English Program
International Admissions
Bachelor’s (A.B.), Adrian College
Master’s (M.Th.), Southern Methodist University
Master’s (MA-TESL), Northern Arizona University

L. Hartford Tunnell
Associate Professor, Computer Information Science 1985
Bachelor’s (B.A.), Texas A & M University
Master’s (M.Ed.), Texas State University
Certified Data Processor (CDP)
Graduate Studies, Incarnate Word University, St. Mary’s University

David Varmecky
Assistant Professor, Art 2009
Bachelor’s (B.F.A.), Kansas City Art Institute
Master’s (M.F.A.), University of Tulsa

Patricia D. Vavra
Assistant Professor, Kinesiology 1994
Head Women’s Cross Country/Track and Field Coach
Bachelor’s (B.S.), Missouri Southern State College
Master’s (M.S.), Pittsburg State University

Juan L. Vázquez
Professor, Mathematics 1992
Bachelor’s (B.A.), University of Puerto Rico
Master’s (M.Ed.), University of Illinois
Doctorate (Ph.D.), University of Florida

T. A. Vernon
Professor, Management 1988
Head, Department of Marketing/Management
Bachelor’s (B.S.), University of Tennessee-Knoxville
Master’s (M.B.A.), University of Mississippi
Doctorate (D.B.A.), Louisiana Tech University
CQE (Certified Quality Engineer)

Steven T. Wagner
Associate Professor, History 2000
Bachelor’s (B.A.), Purdue University
Master’s (M.A.), Purdue University
Doctorate (Ph.D.), Purdue University
Summer Studies, Oxford University, England
Lydia Welhan  
Instructor, Library 2009  
Technical Services Librarian  
Bachelor's (B.A.), University of Idaho  
Bachelor's (B.M.), University of Idaho  
Master's (M.M.), University of Maryland  
Master's (M.L.S.), Indiana University  

David Wright  
Instructor, Kinesiology 2005  
Assistant Softball Coach  
Bachelor's (B.S.E.), Central Missouri State University  
Master's (Administration), Southwest MO. State University  
Specialist (Administration), Central Missouri State University  

N. Ree Wells  
Professor, Sociology 1993  
Bachelor's (B.S.), Louisiana State University  
Master's (M.A.), Louisiana State University  
Doctorate (Ph.D.), Louisiana State University  
Summer Studies, University of Hyderabad, Hyderabad, India  

Ann C. Wyman  
Associate Professor, Political Science 2003  
Bachelor's (B.S.), Lindenwood College  
Master's (M.A.), Mississippi State University  
Master's (M.A.), University of Maryland  
Doctorate (Ph.D.), University of Maryland  
Summer Studies, Oxford University, England  

Scott J. Wells  
Professor, Biology 1993  
Doctorate (D.V.M.), University of Missouri  

Emeritus Faculty  

Norton Wheeler  
Assistant Professor, History 2008  
Bachelor's (B.A.), University of Kansas  
Master's (M.A.), University of Kansas  
Doctorate (Ph.D.), University of Kansas  

Enid Blevins  
English 1966  

Rhonda L. White  
Assistant Professor, Dental Hygiene 1987  
Bachelor's (B.S.), University of Missouri-Kansas City  

Betsy Griffin  
Psychology 1978  

R. Jerry Williams  
Assistant Professor, Lifelong Learning 1986  
Assistant Vice President for Lifelong Learning  
Bachelor's (B.S.), University of Nebraska  
Master's (M.A.), Bowling Green State University  
Doctorate (Ed.D.), Oklahoma State University

Disability Access
It is Missouri Southern State University’s policy to provide access to its programs and facilities to all students, faculty, staff and guests so that no one shall, solely by reason of disability, be denied access to, participation in or the benefits of any program or activity. Students, faculty, staff and guests shall receive reasonable accommodations to provide equally effective access to educational opportunities, programs and activities in the most integrated setting appropriate unless provision for reasonable accommodation would constitute an undue hardship on the University or would substantially alter essential elements of the academic program or course of study or would otherwise compromise academic standards. This policy shall apply to all programs, services and activities of the University, including, but not limited to recruitment, admissions, registration, financial aid, academic programs, advising, counseling, student health, housing and employment.

This policy is intended to be consistent with Section 504 of the Rehabilitation Act of 1973, which states that no recipient of federal financial assistance may discriminate against qualified individuals with disability solely by reason of a disability. This policy is also intended to be consistent with Title II of the Americans with Disability Act of 1990 and the Missouri Human Rights Act. To the extent it is inconsistent with said laws, the legal requirements and standards shall govern.

If you are an individual with a disability and require a reasonable accommodation, please contact Judy Elimelech, Coordinator for Disability Services in the Learning Center (417.659.3725).

In accordance with the policies and procedures that govern Missouri Southern as a whole, students and faculty members who feel that they have not been accorded their due rights are entitled to grieve the action or lack of action against them. Grievances that are related to an individual’s disability, the services provided to him/her or the provision of these services, should follow the procedure outlined in Procedure 9.01 when the circumstances relate to academic issues. All other issues (i.e. housing, sporting events, facility access, etc.) should follow the grievance procedures outlined in Procedure 9.02. Information about these procedures is available from the Coordinator for Disability Services, the Dean of Students or the Vice President for Academic Affairs or our website: www.mssu.edu/disabilityservices.

Policy Changes
The University reserves the right to make changes as required in course offerings, curricula, academic policies and other rules and regulations affecting students to be effective whenever determined by the University. These changes will govern current and formerly enrolled students. Enrollment of all students is subject to these conditions.

INSTRUCTIONS

REQUIREMENTS
For entering freshmen, an ACT composite score of 28 or above or a GPA of at least 3.5 (on a 4-point scale) is required for eligibility to apply for admission to the Honors Program.

Students who have completed at least 15 but fewer than 30 hours of coursework with at least a 3.5 GPA either at Missouri Southern State University or at another accredited college or university are eligible to apply for admission to the Honors Program. Additionally, students with as many as two years of college experience in another Honors Program or College are invited to apply.

APPLICATION PROCEDURES

INCOMING FRESHMAN
• A COMPLETED Application form must be filed.
• Please request that an official high school TRANSCRIPT be sent directly to the Honors Program.
• Your ACT RESULTS must be on record, either separately or on your transcript.
• Arrange to have two LETTERS OF RECOMMENDATION sent directly to the Honors Program from personnel in your high school. These letters should address the qualities you possess as a student.
• When your application is complete, you may be invited for an INTERVIEW.
• You may be required to submit an ESSAY describing your academic goals and explaining your desire to participate in the Honors Program.

ALREADY ENROLLED OR TRANSFER STUDENT
• A COMPLETED Application form must be filed.
• Please request that an official college TRANSCRIPT be sent directly to the Honors Program.
• Your ACT RESULTS must be on record, either separately or on your transcript.
• Arrange to have two LETTERS OF RECOMMENDATION from your college instructors sent directly to the Honors Program.
• When your application is complete, you may be invited for an INTERVIEW.
• You may be required to submit an ESSAY describing your academic goals and explaining your desire to participate in the Honors Program.

In order to be considered for entrance into the program in the fall semester, all application requirements should be completed by Feb 15; for the spring semester all requirements should be completed by November 1. Interviews will be scheduled at a later date.

Send all application materials to:
Honors Program Director
Missouri Southern State University
3950 East Newman Road
Joplin, MO 64801-1595

Telephone: In Joplin 1.417.625.9300 or 625.3005
Toll free: 1.866.818.MSSU (6778)

Missouri Southern State University is an equal opportunity and affirmative action institution.
The college reserves the right to amend regulations when necessary.

• I further understand this application must be received by March 1 for priority consideration.
• Scholarships must be coordinated to ensure awards do not exceed university tuition, room and board.
• Scholarships are issued for one academic year. Hours enrolled and GPA needed varies based on donors.
• All scholarships are subject to change without notice and are subject to review by the Scholarship Committee upon receipt of funds and authorization by the Board of Governors.
• All qualified applicants will receive consideration without regard to non-merit factors: race, sex, creed or disability.

Please print your name and Social Security number: ________________________________
Welcome to residence hall living at Missouri Southern! Over 600 students will join you living on campus. For some of you this will be a new experience and we hope it will be enjoyable, educational and rewarding. (Keep in mind that students who live in university residence halls are more likely to obtain high grades, become involved in extracurricular activities and complete degree programs than their peers living off-campus!) Missouri Southern offers outstanding residence hall units including both traditional, suite and private styles. Rooms are furnished with twin-extra long size beds (36 x 80), desks, chairs, wastebaskets, mini blinds and nightstands. Specially designed suites are available for students with special needs. Each of the three meal plans include Lionbucks, which can be redeemed at the Lions Den Food Court and UniversityJava Coffee Shop.

**Campus Residence Requirements** – All freshmen students under 21 years of age are required to live in university residence halls to the extent available, unless they are married or live with their parents.

---

**Additional Advantages of On-Campus Living**

- Low Cost – 23 meal, 15 meal, & 10 meal plan (Fall & Spring only)
- May purchase additional Lionbucks
- Small Community Environment
- Individually air conditioned
- Adjacent to acres of land for recreation/no high-rise buildings
- Convenient parking for all residents
- Carpeted suites & hallways
- Telephone voice mail available upon request
- Mayes Student Life Center – mailroom, computer lab, lounges, aerobics room, weight room, laundry room, vending machines, video games, billiards, ping pong, movies & board games
- Cable access in all rooms
- Internet access available in all student rooms
- Microwaves and refrigerators in all suites
- Residence Hall Association providing social, cultural & educational programs
- Three full-time professional Resident Directors living on-campus
- 24 hour public safety department
- Dining hall centrally located in the Student Life Center, outdoor patio & BBQ pit

---

</table>

**Application Process:**

- Request an Application-Contract for Room and Board Accommodations from the Residence Life Office (separate summer housing contracts are also available).
- Complete application forms and return with $150 security deposit to MSSU. (All forms of payment are accepted)

**Residence Hall 2010-2011 Fees**

*(A $150 Security Deposit must accompany all contracts)*

</tbody>
</table>

**PLEASE NOTE CHANGE OF PAYMENT PLAN:** Payment of residence hall charges meet the same due dates of all student fees. Please ensure your total charges will be paid in full by the due date, covered by financial aid or by enrollment in the TuitionPay payment plan. Failure to meet these requirements will result in cancellation of your room and board contract.

For additional information contact the Residence Life Office, MSSU, 3950 E. Newman Road, Joplin, MO 64801
