Pathways To Success - Title III

TOP NEWS

Programs continue to make strong strides this month. SEP templates were launched for Math, Technology, and Education pathways, with presentations scheduled and tracking tools developed. The RN to BSN project continues its outreach efforts, and promotional materials are being distributed. Food Science and Nutrition welcomed its first cohort, while lab space has been finalized. The Summer Bridge Program wrapped up with high engagement and excellent survey results. Agribusiness faculty completed training, collaborated on curriculum, and created enrollment materials to support program growth.

YEAR 2 OBJECTIVES

- By Fall 2025, at least 75% of Year 1 Food Science students will earn grades of C/+.
- By Fall 2025, at least 75% of Year 1 online Rn-BSN students will earn grades of C/+.
- By Fall 2025, at least 75% of Summer Bridge 8 wk. program (with remedial English) pilot students will achieve success measures defines in development.
- By Fall 2025, at least 75% of students in Meta Majors/Degree Mapping Year 1 pilot will declare meta-major with degree map.

YEAR 5

Meta Majors / Degree Mapping

We've made exciting progress in supporting student academic planning! New SEP (Student Education Plan) templates are now available for the Math, Technology, and Education pathways. The student guide has been refreshed to reflect these updates, and SEP presentations are scheduled in UE 100 classes to help students get started early.

Online RN to BSN

The RN to BSN continues its outreach efforts including meetings with area healthcare professionals to introduce and educate them about the new program. To boost community awareness, program flyers are distributed across key locations.

Food Science and Nutrition

The Food Science and Nutrition (FSN) program is off to a strong start with 10 students enrolled in the introductory course. The lab space is finalized, ensuring students have access to hands-on learning opportunities throughout the semester.

Summer Bridge

The Summer Bridge Program successfully concluded with 23 of 24 seats filled and strong student engagement from day one. A post-program survey revealed outstanding outcomes—100% of participants felt prepared for college, 90% felt connected to the campus community, and 100% said the program met their expectations.

Agribusiness

Progress continues in launching the Agribusiness program. Faculty participated in orientation and completed Title III training to align with institutional goals. Collaborative curriculum development is continuing, and new materials have been created to support student enrollment and outreach efforts.
