This publication will be made available in alternative format upon request to the University Relations & Marketing Department, 417.625.9399.
Our philosophy is Students First! We at Missouri Southern State University want our students to have the best possible university experiences. Of course, the heart of any university is strong academics. That’s why we offer excellent academic programs, and the professors who teach at Southern are dedicated to helping students learn. Our First-Year Experience Program is designed to provide students with the information necessary to be successful at MSSU. We also know that what students do outside the classroom is important for a holistic education. That’s why the University offers a wide variety of programs and services that support students’ academic goals. For example, students can receive financial counseling from our Financial Aid Office, academic advising from Advising, Counseling and Testing, career opportunity advice from Career Services, health and wellness information and services from the recreation center staff, and more.

We also have numerous clubs and a vibrant Student Senate that has an active voice in campus affairs. For students who want to live on campus, we have student housing and, since I’ve eaten at the campus dining areas, I can testify that the food is good and there’s lots of it. We also have thriving athletic programs, so students can become part of the excitement of cheering the Lions to winning seasons. In addition, students have access to state-of-the-art facilities, such as the Beimdiek Recreation Center, Phelps Theatre, Willcoxon Health Center, Health Science Building, and anatomy and physiology labs in Ummel Technology.

Students come to Southern with different backgrounds, including students classified as traditional, nontraditional, graduate, international, married, veteran, residential, and commuter. With such a rich diversity of students, we try very hard to ensure that we appreciate where students have been as we help them prepare for a successful future. That’s why our goal is to offer a university experience tailored to a student’s needs, an education that will provide excellent preparation for a career and also will give the total educational experience necessary to be a successful citizen, prepared to be effective in a rapidly changing world. Not only do I believe in Students First, but also that belief is shared by the campus community.

As you consider which university to attend, please think about the many benefits of Missouri Southern State University. If you have any questions, please call Admissions at 417.625.9378 or 866.818.6778.

Bruce W. Shepard
President
Dear Student,

If you’re entering the university for the first time or even coming back after several years’ absence, you’ll need information in this catalog. It’s not the most exciting bedtime reading, but it does pack a lot of information about our academic programs into your university experience.

This catalog and our helpful staff can answer your questions, but here are answers to questions students frequently ask:

1. **Can I get financial help with university costs?**
   
   Yes, a full range of financial aid programs are available to qualified students. Becca Diskin, Director of Student Financial Aid and her staff can provide you with information and applications in Hearnes Hall, 417.625.9325, diskin-b@mssu.edu. (Financial Aid, page 28)

2. **I haven’t decided on a major yet. What do I do?**
   
   Southern has trained academic advisers to help you discover what your best interests and attributes might be. Visit with Kelly Wilson, Director of Advising, Counseling and Testing Services (ACTS), Hearnes Hall, 417.625.9324, wilson-k@mssu.edu. (ACTS, page 22)

3. **I’m concerned about the transition from high school to college. Is there someone to help?**
   
   Yes, the Advising, Counseling and Testing Services (ACTS) department can help here too, as well as your First-Year Experience class. Visit with Faustina Abrahams, First-Year Advising Coordinator, Hearnes Hall, 417.625.9521, abrahams-f@mssu.edu, or Susan Craig, Director, First-Year Experience Program, Hearnes Hall, 417.625.9732, craig-s@mssu.edu. (ACTS, page 22 and/or First-Year Experience Program, page 51, 232)

4. **Do you have an Honors Program?**
   
   Southern has an excellent and challenging Honors Program which includes opportunities for international travel. Talk to Michael Howarth, Director of Honors Program, Webster Hall 118, 417.625.3005, howarth-m@mssu.edu. (Honors Program, page 51, 233)

5. **What activities and organizations are available?**
   
   A host of special events, student activities and departmental organizations are available throughout the year. Drop by the Student Activities Office, Billingsly Student Center, 210, 417.625.9346, cashel-m@mssu.edu (Student Activities, page 35. See also individual departments.)

Additional information is available at the Southern website: 

[www.mssu.edu](http://www.mssu.edu)
Our Mission

Missouri Southern State University is a state-supported, comprehensive university offering programs leading to undergraduate and graduate degrees. Central to our mission is a strong commitment to international education, liberal arts, professional and pre-professional programs and the complementary relationship that must exist among them to prepare individuals for success in careers and lifelong learning.

Vision

Missouri Southern State University will be recognized as a leader in offering undergraduate and graduate degree programs that foster the total education of each student. In order to remain loyal to the trust given to the University by the people of the State of Missouri, Missouri Southern State University will:
- fulfill its mission and objectives in an honorable and ethical manner;
- periodically review its mission in light of contemporary changes in society and in the needs of the people of Missouri and our communities;
- continually assess the effectiveness of its programs in order to ensure their quality and integrity.

Values

International Education
The University prepares its students to be global citizens in fulfillment of its statewide mission.

Liberal Arts Education
The University commits to a comprehensive program of general education requirements for all students.

Teaching and Learning
The University provides exemplary teaching and learning as supported by scholarship and creative expression.

Student Success
The University commits to the academic, personal and career success of its students.

Community Service
The University leads the intellectual, creative, cultural and economic advancement of our communities.
In July 1995, Missouri Governor Mel Carnahan signed into law House Bill No. 442, which designed Missouri Southern as “a statewide institution of international or global education.” The bill directed the university to “develop such academic support programs and public service activities it deems necessary and appropriate to establish international or global education as a distinctive theme of its mission.”

The faculty and administration of Missouri Southern developed over the next year the outline of a comprehensive plan of international education. Included was the establishment of the Institute of International Studies, charged with overseeing the internationalizing of the campus. Our International Mission efforts have included:

- Adding new majors in International Business, International Studies, French and German.
- Adding new minors in Japanese, Chinese and Russian and courses in Arabic.
- Designing “themed semesters,” where the Fall semester of every year focuses on a particular country, continent or region of the world.
- Expanding opportunities and providing grants for some 2,500 MSSU students to study abroad.
- Signing agreements with 16 international universities for student exchange: 3 in Japan, 2 in China, 2 in Sweden, 2 in Germany, 2 in France, 1 in Russia, 1 in Finland, 1 in Costa Rica, 1 in Taiwan and 1 in Canada.
- Joining the International Student Exchange Program (ISEP), in order to exchange students with universities around the world.
- Joining the Missouri London Program and Missouri Greece Program consortia along with other universities from the State of Missouri. Students and faculty can spend an entire semester in London or Athens.
- Infusing the curriculum with 150 new courses that are either international courses or courses with a predominantly international focus.
- Establishing an International Trade & Quality Center and becoming the headquarters of the International Society of Weekly Newspaper Editors (ISWNE).
- Developing an International English Program, to help students from all over the world improve their spoken and written English in an academic setting.
- Establishing the Gockel International Symposium, which brings world-renowned scholars to campus every year.
- Creating the McCaleb Initiative for Peace to examine the causes and prevention of war. At least one Missouri Southern student-faculty team receives up to $5,000 every year for an in-depth research project that involves traveling to the sites of former wars and conflicts.
The General Education curriculum at Missouri Southern is a carefully designed series of courses that all students earning a bachelor's degree must complete. It is our effort to furnish you a liberal education. But why? What about the General Education is so important that it constitutes nearly half of the credit hours necessary for your degree?

One way to answer that question is to reflect on another: What does it mean to be well-educated? While the question has generated much debate and there is no simple answer, most agree that a well-educated person possesses certain fundamental intellectual skills, a broad knowledge of the world and a deep knowledge of a particular subject. While pursuit of a major field of study furnishes knowledge in depth, it is the General Education curriculum that seeks to arm you with the intellectual skills and the breadth of knowledge that characterize well-educated and socially responsible individuals.

Goals of the General Education curriculum

The University accepts four intellectual skills as essential for well-educated people:

- **Communicating:** Well-educated people develop effective use of the English language and quantitative and other symbolic systems essential to their success in school and in the world. Students should be able to read and listen critically and to write and speak with thoughtfulness, clarity, coherence and persuasiveness.

- **Higher-Order Thinking:** Well-educated people develop the ability to distinguish among opinions, facts and inferences; to identify underlying or implicit assumptions; to make informed judgments; and to solve problems by applying evaluative standards.

- **Valuing:** Well-educated people develop abilities to understand the moral and ethical values of a diverse society and to understand that many courses of action are guided by value judgments about the way things ought to be. Students should be able to make informed decisions through identifying personal values and the values of others and through understanding how such values develop. They should be able to analyze the ethical implications of choices made on the basis of these values.

- **Managing Information:** Well-educated people develop abilities to locate, organize, store, retrieve, evaluate, synthesize and annotate information from print, electronic and other sources in preparation for solving problems and making informed decisions.

The University accepts seven broad areas of knowledge as necessary for well-educated people to understand and function effectively in today's complex and changing world.

**Social and Behavioral Sciences:** Well-educated people develop an understanding of themselves and the world around them through study of content and the processes used by historians and social and behavioral scientists to discover, describe, explain and predict human behavior and social systems. Students must understand the diversities and complexities of the cultural and social world, past and present and come to an informed sense of self and others.
While you are a student at Missouri Southern, you will also benefit from the emphasis placed, both in the General Education and the majors, on two essential areas, writing and international education. First, because writing is among the most crucial skills, Southern ensures that writing permeates the total course of study, starting in freshman composition courses and continuing through writing intensive courses in each major. Second, as detailed elsewhere in this catalog, Southern has a special emphasis in international education. An awareness of other peoples, languages and cultures is becoming increasingly necessary. Southern strives to promote a global perspective in every possible course, including those in the General Education.

Thanks to technological resources and the commitment of our faculty, students have the opportunity to complete many of the General Education courses in modes that suit their individual schedules and needs. While Missouri Southern offers all of the General Education courses in traditional classroom settings, students who possess the skills and responsibility required for success in General Education courses offered in non-traditional modes, such as on-line and televised courses, will be able to do so.

**General Education**

**Humanities and Fine Arts:** Well-educated people develop an understanding of the ways in which humans have addressed their condition through imaginative work in the humanities and fine arts. They deepen their understanding of how that imaginative process is informed and limited by social, cultural, linguistic and historical circumstances and by learning to appreciate the world of the creative imagination as a form of knowledge.

**Mathematics:** Well-educated people develop an understanding of fundamental mathematical concepts and their applications. Students should develop a level of quantitative literacy that would enable them to make decisions and solve problems and which could serve as a basis for continued learning.

**Life and Physical Sciences:** Well-educated people develop an understanding of the principles and laboratory procedures of life and physical sciences and cultivate their abilities to apply the empirical methods of scientific inquiry. Students should understand how scientific discovery changes theoretical views of the world, informs our imaginations and shapes human history. Students should also understand that science is shaped by historical and social contexts.

**International Cultural Studies:** Well-educated people develop an understanding of how cultures and societies around the world are formed, sustained and evolve. Students should understand world affairs, international issues and cultures other than their own as seen through the history, geography, language, literature, philosophy, economics or politics of the cultures. Students will acquire empathy for the values and perspectives of cultures other than their own and an awareness of the international and multicultural influences in their own lives.

**Health and Wellness:** Well-educated people develop the knowledge and self-management skills that will assist them in adopting healthy lifestyles. This encompasses all areas of wellness: physical, emotional, spiritual, social and intellectual. Students will understand the relationship between lifestyle management, quality of life and societal health and productivity.

In addition to the General Education goals and to equip students to meet the technological demands of the 21st century, MSSU requires all its graduates to demonstrate computer literacy.

**Your Major**

The University offers more than 100 majors in a wide variety of fields. Your pursuit of your major will furnish you with the knowledge in depth that is also characteristic of a well-educated person. Some students come to Southern with a clearly defined idea of their major; others come uncertain, relying on their exposure to the General education curriculum and on experimenting with a few elective courses to help them choose.

In either case, when you emerge with your baccalaureate degree, you will have mastered a body of knowledge that sets you apart from well-educated people in other fields. Often it is your mastery of a particular discipline that makes you of great value in the workplace. Not only do you emerge knowing a great deal, but you also emerge armed with the power to learn more, to extend your knowledge.

**Special Features of Missouri Southern**

A comprehensive education fostering life-long learning is the aim of our liberal arts curriculum. Southern strives to present the best in higher learning. The following features distinguish our university.

**Emphasis on Teaching:** The heart of Missouri Southern is that of an undergraduate university where the interaction between teacher and student is of primary importance in the learning experience. Here you will be taught by professors with degrees from the most prestigious universities across the nation.

**International Mission:** The world is changing rapidly and dramatically. The future will belong to those who have an understanding and appreciation for the world beyond the boundaries of their country. That is why Missouri Southern has chosen to emphasize a global perspective throughout our entire curriculum and wherever possible to add an international dimension to our courses.

**Enrichment Programs:** Your opportunity for total education is enriched through a variety of special programs including the Honors Program, internships and independent study opportunities, involvement with the student media and “themed” semesters that focus on a country, continent or section of the world. Study abroad opportunities include the Summer in Sweden art program; language immersion programs in France, Germany,
Mexico and Spain; and semester-long exchange programs throughout the world. Short-term study abroad experiences, including comparative trips and on-site classes, introduce students to aspects of another country’s culture in order to expand their views beyond the U.S. perspective.

**Total Collegiate Experience:** A great deal of college education happens outside the classroom. An array of extracurricular activities is offered to meet almost every academic and social interest. In addition, numerous services are available for the student to meet educational and personal needs.

**Assessment of Outcomes:** Missouri Southern continually assesses the effectiveness of its programs, including the General education curriculum and all the majors. The assessment information helps us revise and improve our programs. In this way, we ensure our curriculum is dynamic and up-to-date.

**Diverse Student Body:** Students at Southern represent a wide variety of ages and places of origin. The sizable enrollment of nontraditional students (those over 25) and international students is a great advantage. On our campus, students come to see each other as friends and allies and learn to develop healthy and supportive relationships with a variety of people.

**Flexible Class Scheduling:** Day and evening classes, hybrid classes, delayed start and intersession classes are available to students for the purposes of flexible scheduling. The Division of Lifelong Learning provides a variety of forms of access to education to meet the needs of today’s students. Access to educational opportunities is provided through Internet, blended Internet, on-ground (hybrid), and Internet television (ITV) classes.

More complete information on each of these features is found in the catalog. And of course, our faculty and staff are always willing to help you to make the most of your college experience. Don’t hesitate to ask. We’re here for you!
Assessment of Outcomes

Goals of Assessment of Outcomes
Assessment is an ongoing, cyclical effort of identifying goals, developing programs to achieve those goals, evaluating the effectiveness of the programs, analyzing results, redefining goals and improving the programs. This cycle is a basic responsibility of all faculty and administrators. Stated goals of outcomes assessment at Missouri Southern are:

1. Evaluation of institutional effectiveness by research and assessment of:
   a. Core Curriculum programs and school departments
   b. Academic and developmental student outcomes
2. Improvement of both academic and student affairs programs:
   a. To increase student academic and developmental outcomes
   b. To increase student retention and degree completion
3. Provision of data needed for assessment, program review and strategic planning to fulfill the university mission
4. Fulfillment of governmental mandates

In its mission, Missouri Southern is committed to developing effective programs to fulfill the needs of the students while developing knowledge, skills and positive attitudes so they can be successful and responsible citizens of a diverse world. In order to accomplish that goal, ongoing assessment is conducted not only by professors in classes offered each semester, but also by faculty and administration in program evaluation processes. The Center for Assessment and Institutional Research assists faculty and administration in gathering data for those studies. In addition, a Faculty Assessment Advisory Committee meets regularly to study current assessment methods and make recommendations for improvement of the University’s assessment program.

Program for Assessment of Outcomes
Importance of assessment for college accountability is underscored by a Board of Governors policy requiring that students participate in assessment activities when requested. Information obtained from standardized tests, faculty developed tests, surveys, student research, portfolio reviews, student interviews and performances is used to develop both quantitative and qualitative data needed for the analysis phase of our assessment plan. Three identified areas of student outcomes are assessed each year: General Education, programs and student development. In addition, follow-up studies of alumni and their employers are conducted periodically.

General Education: Data for study is gathered each year by administering a standardized test and needed surveys to incoming freshmen and exiting seniors. The Proficiency Profile from the Educational Testing Service is a standardized test used to measure the impact of the General education curriculum on students as they complete a degree program. Students are called upon to analyze, synthesize, apply and evaluate information within several academic contexts, rather than just to recall or recognize content. Missouri Southern seniors consistently score at or above the national average on this test.

Program Level: The faculty and administration of each department are responsible for evaluating the effectiveness of their programs. Departments have mission statements, goals and objectives that are drawn from our institutional mission and values. Evidence is gathered through multiple measures and analyzed in an atmosphere of shared responsibility among department faculty and administrators.

Following guidelines from the Higher Learning Commission in determining the role of assessment in affirming and improving student learning, departments are asked to respond to the following questions:

1. How are your stated student learning outcomes appropriate to your mission, programs and degrees?
2. What evidence do you have that students achieve your stated learning outcomes?
3. In what ways do you analyze and use evidence of student learning?
4. How do you ensure shared responsibility for assessment of student learning?
5. How do you evaluate and improve the effectiveness of your efforts to assess and improve student learning?
6. How do you ensure your student learning outcomes are shared with campus constituencies and the public?

A variety of assessment methods are used by the various departments. Some departments that offer degrees leading to state or national certification use the required standardized tests for certification as their quantitative measures. These departments include computer information science, dental hygiene, education, medical technology, radiological technology, respiratory care and nursing. Departments that use standardized major field tests offered by the Educational Testing Service, PACAT, Inc. or by their particular professional organizations include biology, business administration, chemistry, criminal justice administration, English, environmental health, history, mathematics, physics, sociology, music and psychology.

In major areas where standardized tests are currently unavailable, departmentally developed assessments are used. They utilize one or more of the following methods: faculty developed exams, portfolio review, student interviews, external examiners, capstone projects and simulations, among others. The art, communications, kinesiology, political science, foreign language and theatre departments have developed such plans.
**Student Development:** The impact of a college is not limited to the classroom. While General education curriculum and departmental major assessment is focused on knowledge and skill outcomes, student development assessment focuses on social and personal growth of students both inside and outside of the classroom. Surveys are the primary method of gathering data to assess student development. Data are collected from entering and graduating students each year to assess current attitudes and opinions as well as trends in that information.

**Results of Assessment of Student Learning Outcomes**

As our assessment program matures, we have an ongoing commitment to use the data collected from tests, surveys, etc. to analyze trends and link results to the review and planning processes. Teams of students, faculty, administrators and staff are involved in these activities.

Evaluation of our assessment process continues as we make improvements and confirm successes to insure the integrity of our assessment efforts.
Fee Policies

Please visit our homepage at www.mssu.edu for our online Schedule of Classes that contains the most up-to-date listing of tuition and incidental fees.

The University reserves the right to change fees without notice.

Payment of Fees

1. Tuition and Incidental Fees
   For all students who have registered for fall, spring or summer semesters, 100% of the semester charges must be paid by the published due date for each respective semester. Due dates can be found on the Bursar's Office website and in the Schedule of Classes for the respective semester. Failure to remit the balance due may result in an immediate cancellation of the student's class schedule. Students enrolled in intersession classes must have their fees paid in full prior to the first day of class.

   Students are required to view their student account balance via LionNet at www.mssu.edu upon enrollment. No invoice will be mailed. Students are responsible for any outstanding balance and are required to remit payment by the published due date.

   It is extremely important to realize that a financial obligation is incurred at the time of enrollment. Services are rendered as of the first day of class so unless a student officially withdraws prior to that day, fees will be assessed in full. No reduction in charges according to the University refund policy will be credited to the students account until an official withdrawal is completed. Students dropped for non-payment are not relieved of their financial obligation. An official withdrawal is required.

   Students expecting their student account balance to be paid through financial aid sources must have all necessary documentation filed with the Financial Aid Office by April 1st for the Fall term and by November 1st for the Spring term in order to receive consideration for payment deferment.

   Students enrolled in evening, weekend Internet and televised classes for regular college credit courses, applicable toward an associate or baccalaureate degree, are subject to the same fees, rules and regulations as set forth for students attending day classes. Any special fees associated with a course will be listed in the Schedule of Classes.

   Appeals concerning special problems pertaining to fees should be directed in writing to the Bursar in Hearnes Hall.

2. Residence Hall
   As stated in the contract agreement, students will be responsible for the full semester fee at the time that all other student account charges are due. The security deposit will be refunded only if the terms of the contract have been fulfilled.

Explanation of Fees

Admission Application Fee - a non-refundable administrative fee required upon submission of an application for admission.

Change of Class Schedule Fee - an administrative fee charged for each class change (add or withdrawal) made after the first week of the semester.

Distance Learning Fee - a fee charged to offset costs unique to the distance learning environment including: development of specialized Internet courses, fees to broadcasters for carrying televised courses, transmitter and tower costs for televised courses, host servers for Internet courses and video and Internet materials developed by independent producers.

Distance Learning Library Fee - a fee associated with online classes to assist with the updating, development and maintenance of online library resources, access, and availability.

Equipment Fee - an incidental fee assessed each semester, which enables the University to provide the most technologically current equipment for use in the classroom and laboratories. All fees collected will be used solely for the purchase of equipment, which will directly benefit the students in their University course work.

Late Registration/Reinstatement Fee - an administrative fee assessed to students who enroll for classes after the first full week of the semester or seek reinstatement for class schedules cancelled for non-payment.

Parking Fee - an incidental fee assessed each semester to cover all costs associated with vehicle registration, roadway and sidewalk maintenance and campus security.

Records Fee - an incidental fee assessed to all students each semester to cover an unlimited number of transcripts, cap and gown and diplomas. This replaces the old transcript and commencement fees.

Special Course Fees - fees are charged for additional course materials and/or services for specific courses. Courses include but are not limited to art, music, education, dental hygiene, nursing, radiology and photography.

Student Activity Fee - an incidental fee assessed each semester to support various aspects of campus life including student activities, student government, student publications and other events and services provided by the University.

Student Health Center Fee - an incidental fee assessed each semester to help defray the cost of students' basic office visits to the Missouri Southern State University's Student Health Center, including first aid, injury care and screening for certain illnesses. The Student Health Center is staffed with a full-time family nurse practitioner. Additional fees are charged for professional services such as laboratory tests, physical examinations, x-ray, prescriptions, etc.

Lion Card ID Fee – a one-time fee assessed to all new students for the Lion Card allowing the issuance of a photo identification card. The Lion Card is a single card solution for official MSSU identification, as well as "tap-and-go" meal plan tracking, debit (Lion Bucks) account purchases, electronic door access control and special access to campus privileges venues such as the Beimdiek Recreation Center and Wilcoxson Student Health Center. Please see www.lioncard.mssu for additional information about MSSU's Lion Card Program.

Student Recreation Center Fee – an incidental fee assessed each semester for access to and use of the Student Recreation Center Facilities. This facility houses a student health center, three-court gymnasium, aquatics center, racquetball courts, elevated running/walking track, weight and cardiovascular areas, group exercise rooms, locker rooms, showers and a 150 seat theater auditorium.
Textbook Rental Fee - a $ per credit hour fee assessed for the use of rental textbooks. The University operates a rental system through the University Bookstore which allows the use of the required textbook by the student for one semester. It should be noted that some classes may require the purchase of supplemental books and materials not available through the rental system. Textbooks must be returned no later than 4 P.M., Monday following the week of finals. A book drop is located in the wall behind Billingsly Student Center for after-hours and weekend drop off. Textbooks not returned by this time will be charged to the student’s account at the retail price. This fee may be reduced to a late fee equal to the current rental fee when returned through the published late book return date. Visit www.mssu.edu/bookstore for more information.

Refund Policy
(Except for Residence Hall Charges)
During the course of any semester, if a student finds it necessary to drop individual classes or fully withdraw from the University, the fee refund policy for full-term classes is as follows:

For Fall and Spring Semesters
Prior to the end of the first two weeks of classes ................................. 100% refund
Third and fourth week ......................................................... 50% refund
After the fourth week ............................................................... 0% refund

For Summer Semester
Prior to the end of the first week of classes .................. 100% refund
Second week ................................................................. 50% refund
After second week ................................................................. 0% refund

For Intersession
No refund of fees after first day of intersession classes.

Withdrawal from classes during the 50% refund period means that the student will be responsible for 50% of the cost of tuition and fees. Withdrawal from some classes after the fourth week, the student will be responsible for 100% of the cost of tuition and fees.

NOTE: Dates may vary for Off-Schedule classes. Withdrawal and refund of fees information listed only pertains to full-term classes. Students must contact the Registrar’s Office for information on off-schedule courses.

To be eligible for a refund, the student must formally complete a drop form and submit it to the Registrar’s Office within the refund period. If the student is withdrawing from the University completely, he or she must complete a withdrawal form with the University Exit Counselor within the published deadline dates.

Failure to attend classes will not constitute a withdrawal.

NOTE: If the student withdraws after payment of any or all fees for the semester, any monies due to the student will be mailed after fee refunds have been applied. However, if the University costs have been paid partially or fully by financial aid (scholarships, grants, loans, other government assistance programs, etc.) the refund monies will be first applied to the financial aid program source. Please see the repayment notice of Title IV aid paragraph below for further explanation. Once these awards have been fully refunded, any remaining balances will be forwarded to the student.

All refunds must be claimed during the term for which the refund applies. Students who feel that individual circumstances warrant exceptions to this policy may appeal in writing to the Bursar. This appeal must be made during the term for which the refund applies.

REPAYMENT NOTICE FOR FEDERAL FINANCIAL AID

Students who withdraw on or before the 60% point of the semester will be subject to repayment of part or all of their aid as determined by Federal Regulations.

• Students will be notified in writing of any amount due. A hold will be placed on the student’s account until repayment is made in full.
• Students must make repayment of their portion of financial aid within 45 days. Failure to make repayment within 45 days will result in:
  1. Referral to the Federal Government for collection.
  2. Ineligibility for Federal Financial Aid from all colleges and universities until the overpayment of aid and interest due is paid to the U.S. Department of Education.

For policies concerning fee refunds for Residence Hall charges, please refer to the Residence Life contract.

Mission
The Division of Student Affairs at Missouri Southern State University is committed to creating a positive campus community which values student success and life-long learning in a global society. The division provides students with a variety of programs, services, and facilities that enhance and support their academic experience and prepares them to meet life-long intellectual, ethical, personal and career challenges.

Purpose and Objectives
The division includes Admissions, Advising Counseling and Testing, Career Services, Dean of Students, Financial Aid, Food Service, International Admissions, Disability Services, Recreational Services and Wellness, Residence Life, Student Activities, Student Health Services, Student Government, Student Success Center, TRIO Programs (Project STAY, Upward Bound and Talent Search), and University Police.

With the goal of helping students to fully develop and achieve their educational goals, professional staff members are trained to support students by:

1. providing a campus climate in student residence and campus affairs that is conductive to academic achievement;
2. providing services which will assist in the self-development of all students and promote the understanding of their own purposes for being in college;
3. providing, through student government, student organizations and student activities, both an opportunity to practice democratic living, with both rights and responsibilities and a chance to learn to work effectively and cooperatively with others;
4. providing an opportunity for those individuals who are capable of profiting from higher education by providing financial assistance, when necessary, in the form of scholarships, grants, loans and employments;
5. helping each student develop a sense of individual responsibility and self-discipline;
6. interpreting college objectives, polices and rules to students and communicate student attitudes, opinions and activities to the faculty, administration and general public;
7. providing student health services that meet the emergency and temporary medical needs of all students;
8. providing an opportunity for students to gain information about the world of work and job opportunities; and
9. providing assistance and direction in matching student qualifications with job requirements.

ADVISING, COUNSELING & TESTING SERVICES (ACTS)

Kelly E. Wilson, Director
Hearnes Hall, 417.625.9324
Email: acts@mssu.edu

The primary goal of the Advising, Counseling and Testing Services (ACTS) department is to promote the student's academic and personal development. Services are provided for individuals with educational, academic, personal and social concerns. Experienced professional staff and clinical counselors provide individual counseling for academic, career and short-term personal concerns as well as offer a variety of tests, inventories and referral services. Such services are considered confidential.

Advising Services

MSSU Academic Advising Mission
The Academic Advising mission at Missouri Southern is an educational process that, by intention and design, facilitates students' understanding of the meaning and purpose of higher education and fosters their intellectual and personal development toward academic success and lifelong learning.

Vision
At Missouri Southern State University, academic advising provides students with the opportunity to build a relationship with their adviser for the purpose of gaining assistance in planning their educational career, in learning the skills needed for academic success and in learning how to access the variety of resources and services available to them on the Missouri Southern campus.

Academic advising is an extension of teaching. Academic advising is a collaborative educational process whereby students and their advisers are partners in meeting the essential learning outcomes, facilitating student academic success and outlining the steps for achievement of the students' personal, academic and career goals. This adviser/student partnership requires participation and involvement of both the adviser and the student as it is built over the student's entire educational experience at Missouri Southern. Both the student and the adviser have clear responsibilities for ensuring the advising partnership is successful.
Missouri Southern State University adopts the National Academic Advising Association (NACADA, 2006) Core Values and the Council for the Advancement of Standards in Higher Education (CAS, 2007).

**Students with Declared Majors**
Students who have declared an academic major, will be assigned to a faculty member in the department of their major. Adviser assignments for new freshmen will take place during the UE 100 University Experience Class. Adviser assignments are made at the departmental level.

**Undecided Students**
Students who have not declared an academic major area of study will be assigned an adviser from the ACTS staff. Approximately 60 percent of the entering freshmen are undecided. At the beginning of each semester, the ACTS staff conducts group advising sessions for their undecided students. These sessions are then followed up with an individual appointment with the academic adviser to discuss an academic plan and preparation for enrollment into the next semester classes. Advisers work closely with students in exploring their educational and degree options. The responsibility for satisfying all requirements rests with the student. Advisers, faculty and administration assist in meeting this responsibility.

**Career Exploring**
Students who are uncertain of their major are encouraged to make an appointment with a counselor with ACTS or with the Career Services department to identify, understand and explore academic/career related concerns. Interest and personality inventories are available, as well as a career library to assist in the career decision-making process. Career and Life Planning classes are offered each semester for exploring students.

Do What You Are, a computer based career information system, is available and designed to assist students in clarifying values, assessing competencies and interests, making decisions, securing information on occupations, educational opportunities and selecting appropriate career development strategies.

Major Fair: The intent of this program is to provide a centralized opportunity for students to investigate various curricular and career options in one place at one time and allows academic departments showcase their majors and minors.

**Counseling Services**
Confidential, personal counseling is available to students who may be struggling with relationship issues, anxiety, stress, depression, adjustment issues, grief, trauma or problems with eating disorders or drug or alcohol abuse. Contact the ACTS department in person or by phone to set up an appointment. Clinical Counselors are licensed professionals. Referrals to additional resources may be given as appropriate.

**Consultation and Referral:** Clinical Counselors are available, upon request, to provide consultation to the administration, faculty, staff and students. The staff also will facilitate referrals to outside agencies and to licensed professionals as needed.

**Emergency**
Crisis intervention is provided to deal with situations requiring immediate attention. Call MSSU Department of Public Safety after hours—24/7 at 417-626-2222 or a police department at 911.

**Non-Traditional Student Program**
Students who have been out of school for several years often have unique concerns about returning to college. Workshops to ease the transition to college are offered periodically.

**Prevention Outreach**
Missouri Southern actively participates in the statewide coalition Partners in Prevention (PIP). PIP’s mission is to create a campus, city and state environment that supports responsible decision making in regards to alcohol by the college students who attend the public higher education institutions in the state of Missouri. PIP’s focus is on decreasing at-risk drinking by students on Missouri’s college and university campuses. Nationally recognized Missouri Partners in Prevention has been selected as a recipient of CADCA’s 2009 Got Outcomes! For more information about these efforts visit [http://pip.missouri.edu](http://pip.missouri.edu/)

**Prevention Programming includes:** Wellapalooza, Connect 2U (Mental Health Week), Healthy Relationship Week, Gambling Awareness, Safe Spring Break Week and Final Madness. During these events we educate students in a variety of ways and activities.

**Other Services**
**Outreach:** Special programs and workshops designed to define and/or to prevent problems and to improve the quality of college life are presented. These offerings provide information, techniques and skills relevant to specific topics of interest such as: stress management, test anxiety, self-esteem and building successful relationships.

**Testing Services**
Missouri Southern is a national testing center for the following examinations:

1. ACT (Placement test for college entrance)
2. Praxis Series (National Teachers Exam)
3. GED (General Education Development high school equivalency test)
4. MAT (Miller’s Analogy Test for graduate school)
5. CLEP (College Level Examinations Program)
6. Michigan Test (English Language Proficiency)
7. LSAT (Placement test for law school)

The **CLEP (College Level Examination Program)** is administered by appointment. The student must contact the ACTS department to register prior to the testing time/day. This program is designed to allow students to receive, upon attaining a passing grade, proficiency credit for General Education Requirements. In order to receive credit for a CLEP examination, a student must have the following qualifications:

(a) not have taken an examination over the course within the preceding six months;
(b) not have credit in a more advanced course in the same field;
(c) be working toward a degree at Missouri Southern State University;
(d) not use the examination to replace a previously earned grade.

**Proctoring Tests**
The ACTS department also provides proctors and a testing room for students taking correspondence courses from other accredited institutions. Appointment must be made prior to taking the test. A fee will be charged for each test administered.

**TOEFL:** All students whose native language is not English, who wish to transfer with 24 hours are required to have either the TOEFL or the Michigan College English Test. For more information on the TOEFL exam visit Educational Testing Services at [www.ets.org](http://www.ets.org).

Minimum TOEFL scores are:

- Score of 520 + for TOEFL paper based plus TOEFL writing 4.0 +
- Score of 190 + for TOEFL computer-based plus TOEFL writing 4.0 +
- Score of 68 + for TOEFL internet based plus TOEFL writing 4.0 +

**Minors**

- Test administered.
- Credits must be made prior to taking the test. A fee will be charged for each test administered.
- Minimum TOEFL scores are:
  - Score of 520 + for TOEFL paper based plus TOEFL writing 4.0 +
  - Score of 190 + for TOEFL computer-based plus TOEFL writing 4.0 +
  - Score of 68 + for TOEFL internet based plus TOEFL writing 4.0 +

- Score of 68 + for TOEFL internet based plus TOEFL writing 4.0 +
The Michigan College English Test (Melicet): This exam is administered and scored on campus. A passing grade on the Michigan Test is a composite score of 75 with a minimum score of 10 in reading and 4.0 in writing. If proficiency on the Michigan Test is not achieved, the applicant must wait 60 days to retake the test. There is a fee for this test and a passport or green card is required for identification.

GED: The ACTS department also provides the GED (General Education Development) High School Equivalency Test as a service to the people of Southwest Missouri who were unable to complete their high school education. The person making an acceptable score on the GED test will receive a high school equivalency certificate from the Missouri State Department of Education. Applications for GED testing are available from the ACTS department.

Student Success Initiatives

Lion Alert
Lion Alert was developed as part of our Student Success Initiatives to provide support and interventions for students who have been identified as academically at-risk. The focuses of the Lion Alert efforts are on actions taken by the student and on behalf of students early in their semester and early in their college studies. Early referral and early response allows for resources to be provided before any prolonged struggle. Referrals are made online through Missouri Southern's Lionet portal.

Mid-Term Grades
In order to support Missouri Southern State University’s commitment to student success, mid-term grades were adopted. Midterm grades are indicators of a student’s progress. They are equally important to the potential Dean’s List student, the student on probation and the marginal student. In each case, the student’s efforts can be directed to achieve his or her goals. Midterm grades are not recorded on official student transcripts and as such, will only be changed in the event of a data entry or calculation error. A student will be considered academically at-risk if his/her midterm grade point average (average based on that term’s midterm grades) falls below 2.0. A student at-risk (in this situation) will be encouraged, by letter, to meet with his/her faculty advisor to discuss options and implement a course of action to improve the student’s academic performance. Mid-term grades are reported to students through the university’s Lionet portal.

Path to Academic Success (PASS)
PASS is an early warning program designed to assist freshman students who are academically at-risk. The program aims at enhancing academic success through a variety of academic success services including personalized academic success plans, individual academic coaching, strategic workshops and periodic progress checks. This program is not a class; it is an academic support system.

High School Core Curriculum Requirement
The University strongly encourages high school students to follow the Core Curriculum requirements outlined by the Missouri Coordinating Board for Higher Education. The core includes:

English, 4 units. Two units emphasizing composition or writing skills are required. One unit may be speech or debate.

Mathematics, 3 units. The units must include Algebra I, Algebra II and Geometry. A fourth higher level mathematics course is strongly recommended.

Social Studies, 3 units. Courses should include United States history and courses selected from world history, government, geography and economics.

Science, 2 units. General Science does not count. One unit must include a laboratory. Biology, physics and chemistry are strongly recommended.

Visual/Performing Arts, 1 unit. Fine arts courses include such areas as visual arts, music, dance or theatre.

Electives, 3 units. Electives may be selected from world geography, higher level mathematics, additional science, foreign languages (if a language is chosen as an elective, the University recommends 2 units of the same language), advanced placement courses or a combination of the core courses listed above.

Admission requirements are subject to change without notice.

Admissions Review Committee
Individuals who do not meet the University's admission criteria will have their application forwarded to the review committee. The committee may make one of four decisions: grant regular admission, admit conditionally, deny admission or admit as a special non-degree seeking student.

Students With Previous College Experience
Former MSSU Students: Former Missouri Southern State University, Jasper County Junior College and Joplin Junior College students must inform the Admissions Office of their intention to return. Students will be required to update their credentials by using the re-admission application form. No application fee is required.

Transfer Students: First time transfer students who have completed the State of Missouri general education curriculum (42 semester hours) or have earned the Associate of Arts (AA) degree from a two-year or four-year regionally accredited institution prior to enrolling at MSSU are assumed to have met Areas A through H of the MSSU general education curriculum requirements with the possible exception of the state legislation requirement for the U.S. Constitution, Missouri Constitution and American History. See the Academic Affairs section of the catalog under State Legislation Requirements for more details. Transfer students must additionally meet requirements for Area I of the general education curriculum.

Transfer students who have not completed the above general education curriculum will have their courses evaluated on a course-by-course basis. Credits from an accredited two-year college will be accepted to meet lower division (100-200 level) requirements only.

MSSU will accept unlimited lower division transfer hours from accredited two-year colleges. In order to graduate from MSSU, students transferring from two-year colleges must earn a minimum of 60 semester credit hours at Missouri Southern or any other accredited four-year institution provided these existing policies are also met:
1. Students must earn 30 of the last 36 hours at MSSU.
2. One-half of the major requirements must be earned at MSSU.

Transfer students who have been awarded a baccalaureate degree from a regionally accredited U.S. college or an accepted foreign equivalent, prior to enrolling at MSSU, are assumed to have fulfilled all lower division general education curriculum requirements except the state legislation requirements. All transfer and post graduate students must also fulfill the state legislation requirement for the U.S. Constitution, Missouri Constitution and American History, see the Academic Affairs section of the catalog under State Legislation Requirements.

Transfer students seeking admission to Missouri Southern State University from colleges or universities not accredited by a regional association may be given full recognition for their credits earned when the credit is appropriate to the student's degree programs and after Missouri Southern State University has validated the courses. Applicants must meet the following conditions:
1. The student must be in good standing at the institution from which they are transferring.
2. The student must have a cumulative GPA of 2.0 or higher (on a 4.0 scale) for all work attempted.

Any transfer student falling below a 2.0 GPA but above the University's standards of progress may be considered for admission on probation.

Transcripts submitted to Missouri Southern State University become the property of the university and cannot be returned to the student or forwarded to other institutions.

Transfer Articulation Appeal Process
Transfer students have the right to appeal course articulation from transferring institutions. If you feel a course has not been given proper credit at MSSU, please contact the Transcript Analyst from the Office of the Registrar at MSSU regarding the appeal process. Issues that can be resolved by the Transcript Analyst require no further action by the student or institution.

Courses from non-regionally accredited schools may be challenged for credit by completing a General Academic Petition. The petition must be accompanied with a course syllabus and credentials of the course instructor. Petitions are routed to the department of the course for review and final determination of credit.

Courses from regionally accredited schools that have not been articulated for course credit may be challenged for academic credit toward a degree by completing the General Academic Petition. Appeals require approval from both the department of the course and the department of the major.

Disputes regarding how a course was articulated may be challenged through the appeal process also. The academic department has final determination on course articulation.

Transfer students may request the assistance of the articulation officer from the sending institution in reviewing the situation and giving advice on the merits of the appeal. For additional information from the Missouri Department of Higher Education regarding course articulation please visit: IV. Procedures for Review of Credit Transfer Policy and Compliance found at http://www.dhe.mo.gov/geneedtransferpolicy.shtml# appeals process.
Transient Students: Students in good standing at other colleges and universities may wish to enroll at Missouri Southern for the purpose of transferring back to their institutions the credit earned. Admission requires completion of the non-degree application form and payment of the $25 non-refundable application fee. Students wishing to continue course work at Missouri Southern State University must complete the degree seeking admission application and meet admission criteria.

International Students: International students not citizens of the United States who wish to apply for admission should contact the Admissions Office or access the Admissions website (www.mssu.edu/admissions) for the proper application forms and instructions. In addition to the admission credentials required of all students on page 24, international students must satisfy these concerns: (a) academic competency (b) ability to read and speak the English language adequately for college level study (c) ability to finance the cost of education at Missouri Southern. All applicants from non-English speaking nations must score in the 75th percentile on the Michigan Test for English as a Foreign Language or score 68 or higher on the TOEFL internet based test or score 520 on the TOEFL paper-based test or a minimum of 190 on the TOEFL computer-based test and at least 4.0 on the writing score. The Institute for International Studies office must receive all application and accompanied credentials by the following dates:

<table>
<thead>
<tr>
<th></th>
<th>Fall Semester</th>
<th>Spring Semester</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>April 1</td>
<td>November 1</td>
</tr>
</tbody>
</table>

Students who are citizens of the United States and use English as a second language must pass English language competency. A TOEFL internet based test score of at least 68 or TOEFL score of 520 on the TOEFL paper-based test or a minimum of 190 on the TOEFL computer-based test or a score in the 75th percentile on the Michigan Test and at least 4.0 writing score is required of these students.

International English Program: Students who do not meet the English competency standards on the TOEFL or the Michigan Test are required to take courses in the International English Program (IEP) before they can enroll in college level courses. As prerequisite courses the IEP courses are graded and count as hours enrolled/earned in determining student status.

Dual Credit: The Dual Credit Program enables high school students to enroll in college courses and simultaneously earn both high school and college credit for those courses (subject to the agreement of the high school). Missouri Southern is pleased to participate in this program. Admission to the Dual Credit Program is limited to high school students who have completed their sophomore year, have a cumulative high school GPA of at least 3.0 on a scale of 4.0, are pursuing the state-designated college preparatory high school core curriculum, score at proficient or above on the MAP and have the recommendation of their principal or counselor. Students should obtain a dual credit application and information about available courses from the Lifelong Learning Office, Webster Hall room 141, phone 417-625-9861.

Credit-in-Escrow: The credit-in-escrow program consists of college studies for outstanding high school students who have completed their sophomore year, have a cumulative GPA of 3.0 on a 4.0 scale, are pursuing the state-designated college preparatory high school curriculum and have the recommendation of their principal or counselor. A $25 application fee and high school transcript are required with the application.

Admission to Selective Programs

The Health Sciences (nursing, dental hygiene and radiologic technology): Admission to Missouri Southern does not automatically confer admission to the programs of nursing, dental hygiene, radiologic technology, respiratory therapy. In addition to meeting the admission requirements for the University, candidates who are interested in these health career programs are required to apply for admission to the department. Application forms may be obtained from the nursing department office Health Sciences Building; the dental hygiene department office, Health Sciences Building; or the radiology department of St. John’s Regional Medical Center. Applications should be submitted by January 31 preceding the fall semester in which the student wishes to enroll. Each application is reviewed by the Admissions Committee of the respective department. See Nursing Department (page 219), Dental Hygiene Department (page 202) or Radiologic Technology (page 225) or Respiratory Therapy Department (page 227) for full information on admission and acceptance criteria.

Teacher Education: Admission to Missouri Southern does not automatically confer admission to the Teacher Education Program. In addition to meeting the admission requirements to the University, candidates interested in the Teacher Education Program are required to apply for admission to the Teacher Education Department. For more details, please see the Teacher Education section of the catalog (page 176).

Honors Program: This program is intended to encourage academic excellence by providing special opportunities and challenges for exceptional students. Entrance into the program is by invitation. Interested students should write the Director of Honors Program for an application form.

Special Admission

A student who wishes to enroll in college but does not meet regular admission requirements may be permitted to enroll in classes as a non-degree seeking student. College hours completed in this status cannot be counted toward a degree until the student meets regular college admission criteria. Special admission classification is not eligible for financial aid.

Students who possess a high school diploma or GED may request reclassification by achieving one of the following:

1. Meeting all of the University’s admission criteria.
2. Successfully completing 21 hours with a 2.0 GPA.

Students without a diploma or GED must complete 59 hours with a 2.0 GPA before a request for reclassification can be considered.

60-Plus Program

The 60-Plus Program is designed to serve interested individuals 60 years of age and over. Community residents may enroll in a course on a space-available basis without providing previous transcripts. Compliance with course prerequisites is necessary and is the student’s responsibility. Enrollment takes place at the same time as regular student enrollment. Information concerning enrollment times, reduced fees and tuition costs can be found in the University schedule. A student may elect to receive a grade and credit for their course or they may audit the course with the permission of the instructor. If a student desires to become a regular student, he or she must make application to Missouri Southern for future semesters.

CAMPUS CARD SERVICE CENTER

Chris Owens, Manager
Billingsly Student Center 109, 417.659.5463
Email: owens-c@mssu.edu

Located in the lower level of Billingsly Student Center, the Campus Card Service Center is a convenient location to obtain Lion Card IDs, place value in Lion Bucks debit accounts and obtain parking permits. In addition to Lion Card administration, the Campus Card Service Center is home to the MSSU Ticket Office where students can purchase tickets to on-campus events as well as area attractions.

The Lion Card is a single-card solution that serves as MSSU's official MSSU identification and tracks meal plans, as well as providing debit account (Lion Bucks) capability, facility access control and access to campus venues such as the Beimdiek Recreation Center.
Value placed in a Lion Bucks debit account can be used to purchase
• Food at the Billingsly Student Center Food Court and University Java
• Snacks and drinks from select vending locations on campus
• Printing in University personal computer labs
• Tickets at the Ticket Office
• Merchandise at the University Bookstore
• Print and mail services at Office Services
• Services at the Wilcoxon Student Health Center

In order to take advantage of the debit account capability of the Lion Card, students must set up a Lion Bucks account at the Campus Card Service Center in person. A minimum deposit of $10 is required at the time to open the account.

In addition to Lion Bucks purchases, the Lion Card system controls access to privileges such as:

Beimdiek Recreation Center access
Wilcoxon Student Health Center services
Spiva Library resources

All vehicles must be registered in order to use campus parking facilities. Vehicles may be registered and parking permits obtained at the Campus Card Service Center or the Public Safety Office.

Tickets for selected athletic events as well as other on-campus events and area attractions, including amusement parks and the local movie theater, can be obtained at the Ticket Office located in Campus Card Service Center. Please see www.mssu.edu/ticketoffice for ticket information.

CAREER SERVICES

Nicole Brown, Director
Spiva Library 207, 417.625.9343

The Career Services Office assists students and alumni in choosing and pursuing a career path. It is never too early to utilize Career Services resources such as:
• Assessments that guide students and alumni in making major and career decisions that best fit the individual’s personality, interests, and lifestyles.
• Career research tools that help identify employment options.
• Staff that assists students and alumni in the creation of resumes and cover letters, interview preparation, and utilization of web-based products. Staff can also assist students and alumni in graduate school applications.
• Optimal Resume, a web-based application that aids in the creation of resumes and cover letters and includes a practice interviewing module.
• Hire a Lion, an employment database that features organizations seeking MSSU students and alumni for full-time and part-time positions.

Visit mssu.edu/career to access on-line resources and view a complete schedule of events. Assistance is available on a walk-in basis or e-mail careerservices@mssu.edu to schedule a personal appointment.
The age of the documentation will vary dependent on the type and nature of the disability. This variance occurs because some disability-related needs are static while others change rapidly. Detailed guidelines for documentation for each area of disability are available from the Coordinator for Disability Services.

The Coordinator for Disability Services shall make determination of reasonable accommodations for students based on appropriate documentation provided by the student. The authority to make such decisions on behalf of the institution has been assigned by the Vice President for Academic Affairs for academic program issues and by the Vice President for Business Affairs for non-academic program issues.

Once appropriate documentation has been supplied to the Coordinator for Disability Services and the determination has been made that the documentation supports the need for accommodation, the student and Coordinator for Disability Services will draw up an Accommodation Plan. The Accommodation Plan will remain in effect until either (1) the plan’s date of expiration passes or (2) the student requests an accommodation not previously listed on the plan. In the event of the second, the Accommodation Plan will be adjusted in accordance with the student’s documentation supporting the request.

The student is responsible for notifying faculty of any accommodations that he or she may be accessing in relationship to the faculty member’s class. The student will be given a memo from the Coordinator for Disability Services detailing the authorized accommodations.

If the accommodations listed in the Accommodation Plan are not provided or are not effective in providing equal access, the student or faculty member should follow the procedures for filing a grievance listed in Policy and Procedure 9.00. All other issues (i.e. housing, sporting events, facility access, etc.) should follow the grievance procedures outlined in Procedure 9.02. The Grievance Procedures are available from the Coordinator for Disability Services, the Dean of Students or the Vice President for Academic Affairs or our website: www.mssu.edu/disability-services.

Missouri Southern State University may consider a course substitution and/or waiver as a reasonable accommodation when it is shown that a student’s disability severely impacts his or her ability to complete a required course(s) for a degree program. The student should see the Coordinator for Disability Services to initiate this process.

**FINANCIAL AID**

Becca Diskin, Director of Financial Aid
Hearnes Hall, 417.625.9325

**Mission**

The mission of the Financial Aid Office at Missouri Southern State University is to make education possible for students who would normally be deprived of a University education because of inadequate funds. Based on the belief that higher education should not be a privilege reserved only for those who can afford to purchase it and that educational opportunities should not be limited by the financial resources of the student and their family, the University will seek out funds making them available to current and prospective students so as to meet their demonstrated academic ability and financial need without regard to race, creed, national origin, age, sex or disability.

Missouri Southern participates in a variety of aid programs to assist qualified students who would otherwise not be able to attend the University. These funds – from private, institutional, state and federal sources – are coordinated to meet the individual student’s need. There are programs based on various criteria such as financial need, performing ability and academic excellence. Each program has requirements for maintaining the award and students must meet satisfactory academic progress guidelines for continued assistance. It should be noted that institution standard requirements must be equal to or greater than federal aid. Foreign students are required to present a financial statement certifying they have sufficient funds to pay for all educational expenses. Information in this catalog regarding financial aid is subject to change without notice. Missouri Southern reserves the right to adjust a student’s financial aid package to reflect a true change in the student’s financial situation. Financial aid awards are subject to changes in institutional policy and State and Federal regulations.

For applications and detailed information concerning financial aid, view our website at http://www.mssu.edu/financial-aid/index.php. There is a wealth of financial aid available in many forms from a variety of sources.

**How to Apply for Financial Aid**

1. All applicants must complete the Free Application for Federal Student Aid (FAFSA) and request an electronic Personal Identification Number (PIN) which will be used in processing federal documents. MSSU prefers the electronic application on the Web at www.fafsa.gov, where you may request a Personal Identification Number (PIN). Likewise, all applicants must have a current e-mail address where financial aid information will be sent. Application deadline for priority processing is April 1; however, all applications will be processed. The FAFSA application will generate a Pell Grant, if applicant is eligible and will be used to determine eligibility for student loans, federal work-study and the Access Missouri Program.

   Students who have not submitted all necessary financial aid documentation by May 1 for the Fall term and November 1 for the Spring term are expected to pay their fees in full by the published due date.

2. Applicants selected for verification must provide additional documents requested (such as Federal Income Tax Transcript) to the Financial Aid office. Requested documents must be on file before any aid will be processed.

3. Applicants must indicate on their application the type of assistance for which they wish to apply. In addition, applicants for PLUS loans must contact the Financial Aid Office for special instructions.

4. Applicants for Patron and Foundation Scholarships must complete a scholarship application online by March 1.

5. Transfer students must request an academic transcript for each college or university previously attended and have it evaluated by the Registrar’s Office before aid can be processed.

6. Applicants for performing awards should contact the director of the program in which they wish to participate.

7. Applicants for special programs should contact the Financial Aid Office for instructions.

8. All students receiving any type of institutional scholarships or other types of aid processed through the Financial Aid Office must complete the FAFSA each academic year to continue to be eligible for aid.

**Repayment Notice for Federal Financial Aid**

Students who withdraw prior to the 60% completion of the semester will be subject to repayment of part or all of their aid, as determined by federal regulations.
Students will be notified in writing of any amount due. A hold will be placed on the student’s account until repayment is made in full.

Students must make repayment of their portion of financial aid within 45 days. Failure to make repayment within 45 days will result in:
1. Referral to the federal government for collection.
2. Ineligibility for federal financial aid from all colleges and universities until the overpayment of aid and interest due is paid to the U.S. Department of Education.

Policies and Regulations
Academic Standards: Federal Aid
In order to remain eligible to receive Title IV Funding*, a student must be making satisfactory academic progress. Grade-point average, pass rate, and the time frame that a student takes to complete a normal educational degree program are factors which must be evaluated when measuring satisfactory academic progress.

*Title IV funds consists of Federal Pell Grant, Federal College Work-Study, Federal Subsidized and Unsubsidized Stafford Loans, Federal Perkins Loan, Federal SEOG, Federal TEACH Grant, Federal Direct Loans. Most State Aid Programs also require satisfactory academic progress.

Students must maintain a 2.0 cumulative GPA (3.0 if pursuing a Master’s degree) and successfully complete 70% of the courses they have attempted to remain eligible for federal financial assistance. Attempted hours include hours earned, hours transferred in from other schools, hours which are attempted at another institution which are not transferable, hours withdrawn, hours audited, repeated courses, failed courses and pass/fail credit courses. Successful completion is defined as the absence of failing grades and voluntary or involuntary withdrawals. Satisfactory academic progress is monitored on a semester basis. Students who fail below the required 2.0 cumulative GPA at 80 attempted hours and/or the 70% completion rate lose eligibility for federal financial assistance the following term. Students may be granted a one semester warning period. At the end of the warning semester, the student must meet the cumulative grade point and credit hour completion requirements based upon hours attempted and earned, in order to avoid being placed on financial aid suspension.

Students who fail to make progress during the warning period will be ineligible to receive federal financial assistance until the student obtains the required 2.0 GPA and 70% course completion rate. Students who successfully complete a plan of study will remain eligible for financial assistance as long as they do not withdraw from classes and continue to pass all coursework with a grade of ‘C’ or higher (or maintain required GPA), and improve completion ration. Should a student’s instructor report that a student has never attended or has stopped attending a course while the student is on warning, the student is no longer eligible to receive federal financial assistance.

Although students will be notified in writing should they fail below satisfactory academic progress standards, it is the student’s responsibility to know their academic standing in regards to this policy. Failure to receive notification does not dispute or reverse the termination of a student’s eligibility to receive financial assistance.

In addition, the federal government requires an institution to establish a timeframe in which a student must complete their degree program. Undergraduate students seeking an associate’s degree must complete their program within 93 attempted hours. Students seeking a baccalaureate degree must complete their degree program within 186 attempted hours. Students seeking a certificate must complete their program within 150% of the required credit hours needed. Students pursuing a master’s degree must complete their program within 54 attempted hours. Students are no longer eligible for aid when they reach the hour limit.

Once an institution is aware that a student cannot complete their degree program within the established timeframe, the student is no longer eligible to receive federal financial assistance. Students approaching the maximum time frame (160 attempted hours for baccalaureate students) are required to submit a Plan of Study Form to the Financial Aid Office. Financial assistance will be delayed until this form is reviewed and it is determined that the student can complete their program of study before exceeding the maximum limit.

Students may submit a written appeal to the Financial Aid Office if there are documentable extenuating circumstances that caused the student to not meet the required satisfactory academic progress standards. Appeals may be submitted online or in writing with documentation to explain the validity of the appeal and circumstances which caused the student to not meet the required standards.

Other Duties and Responsibilities of Financial Aid Recipients
Missouri Southern operates on a financial aid database system which processes applications and awards electronically. It is to the applicant’s advantage to use forms and applications which are capable of processing data electronically. The electronic system requires student signatures or electronic use of Federal Personal Identification Numbers (PINs) so they can update application data, sign promissory notes, perform entrance counseling and exit counseling and make corrections. “S” IDs and Passwords to access LionNet are used to view billing, requested documentation, award acceptance and financial aid messages before funds can be processed. In addition, students must maintain a current email address and monitor it for requested documentation, award information, notices and correspondence from the Financial Aid Office.

Students must report the following changes to the Financial Aid Office:
1. withdrawal from all classes during a semester,
2. added or dropped classes during the semester,
3. a name change,
4. change of address or email address or change of parents’ address,
5. transfer to another college.

Students seeking on-campus employment through Federal work-study or Student Employment should contact the Student Employment office in Hearnes Hall or online at http://www.mssu.edu/financial-aid/work-study-student-help.php.

Financial aid funds will be credited to the student account. Once all direct university costs have been satisfied, balance funds will be disbursed to the student starting with the end of the third week and every week thereafter throughout the semester. Student employment and other checks must be picked up in person at the Business Office upon notification of their availability.

Veterans must sign up for veterans’ benefits at the beginning of each semester in the Financial Aid Office.

Academic Excellence

Hearnes Hall, 417.625.9324

Student-Athlete Success Program

Leggett & Platt Athletic Center 148, 417.625.9317

Jared Bruggeman, Athletics Director

Julie Wengert, Associate Athletics Director/Administration/SWA

Kevin Greim, Associate Athletics Director/External Operations

Aaron Lewis, Assistant Athletics Director/Facilities & Business Operations

Leggett & Platt Athletic Center 148, 417.625.9317

The purpose of the Missouri Southern Athletics Department is to empower student-athletes with the confidence and ability to succeed in life as well as on the playing field. The Athletics Department feels its most important responsibility is to assist its student-athletes in reaching their highest potential as they strive for excellence academically, athletically and socially within a diverse and challenging society.

We are proud to be NCAA Division II members. The Division II membership as a whole prides itself on finding balance in the world of collegiate athletics. Student-athletes in the Division II ranks can compete at very high levels athletically, but more importantly are encouraged to fully apply themselves toward getting a quality education and ultimately a college degree.

In addition to being an NCAA Division II member, Missouri Southern participates in the Mid-America Intercollegiate Athletics Association. We annually enroll nearly 350 student-athletes and our university teams compete on the intercollegiate level in baseball, basketball, cross country, football, golf, soccer, softball, track & field and volleyball.

Collegiate athletics in general receives tremendous media coverage and public attention. We in the Missouri Southern Athletics Department intend to use this public stage to bring positive attention to Missouri Southern State University as a whole. We will accomplish this goal by being active in our community, by engaging our community and fans by competing with tremendous effort on our fields of play and by encouraging our student-athletes to conduct themselves with Lion Pride.

NCAA Student-Athlete Affairs

The mission of the NCAA is to maintain intercollegiate athletics as an integral part of the campus educational program and the athletes as an integral part of the student body.

The NCAA Student-Athlete Affairs unit provides life skills support in the areas of academics, athletics, personal development, career development and service through the distribution of accessible resources, strategic partnerships and customized programming. Student-Athlete Affairs programs, resources and events are designed to promote the well-being and development of student-athletes and to provide on-going education and training to athletics professionals who identify and serve student-athlete needs.

Student-Athlete Success Program

Hearnes Hall, 417.625.9324

Academic Excellence

The top priority of Missouri Southern is that all student-athletes obtain a well-rounded education and earn an undergraduate degree. The Student-Athlete Success Program academic counseling unit is located within the office of Advising, Counseling & Testing Services (ACTS).

Goal

Our goal is to maximize academic potential by providing an atmosphere that enhances: learning skills, career development and personnel counseling. Each student-athlete is held accountable for his/her academic performance. The ACTS staff will work hard to provide support needed for athletes to be successful students.

Ongoing process includes:

• Monitoring and reporting on academic and eligibility progress hours
• Assisting in the registration of freshman and sophomore athletes
• Referring student-athletes for tutoring, counseling or other academic assistance
• Helping student-athletes to maintain a balance between personal, scholastic and athletic lives.

These services are intended to help student-athletes reach their goals by providing the information and guidance that will enable them to use existing campus resources to enhance their academic performance.

RECREATIONAL SERVICES

Steven Benfield, Director

Billingsly Student Center 241, 417.625.9760

Cindy Webb, Director of Fitness

Billingsly Student Center 241, 417.625.9878

Heather Arnold, Director of Aquatics and Wellness

Billingsly Student Center 241, 417.625.9533

The Department of Recreational Services is comprised of six program areas under the Division of Student Services. The purpose of the Recreational Services Program is to provide a wide variety of fitness, wellness, recreational, outdoor and sport related activities to the college community. The Campus Recreation Program offers activities for students, faculty, staff and their families. The Recreational Services Program also offers activities on various days and times in an attempt to meet the needs of traditional and non-traditional students. The Recreational Services Program conducts programming in the following areas: Intramural Sports, Wellness, Fitness, Aquatics, Outdoor Adventures, Open Recreation and Special Events.

RESIDENCE LIFE

Josh Doak, Director of Residence Life

Mayes Student Life Center, 417.659.4460, 417.625.9522

The Missouri Southern on-campus residence requirement is as follows: “All freshmen under the age of 21 are required to live in the Missouri Southern residence halls to the extent space is available, unless they are married or live with their parents.”

The University provides air conditioned residence hall accommodations and meals for approximately 700 full-time students. Concerned with the total needs of the students, the University maintains a safe and comfortable place to live and an adequate physical environment as well as opportunities for learning. The atmosphere in the residence halls contributes significantly to the students’ personal growth and maturity.
The residence halls are staffed by three full-time professional resident directors and 24 paraprofessional resident assistants. The programming body for resident students is the Residence Hall Association (RHA) which provides educational, social and athletic programs. Some RHA committees serve as a liaison between resident students and the University administration.

Residence hall rooms are fully furnished except for linens and personal items. Cable TV, local telephone service and Internet access are available.

To apply for a room in a University residence hall, a prospective student may request an Application Contract for Room and Board Accommodations from the Missouri Southern Residence Life Office or complete and send the contract on the Residence Life website. The completed contract MUST be returned with a $150 security deposit (check, credit card or PayPal). The deposit is retained by the University as long as the student is in residence and refunded upon termination of the contract if all terms of the contract are fulfilled.

This contract, which is a combined contract for room and meals, is effective for the entire academic year (fall and spring semesters) or for the remaining portion of the academic year if entered into after the beginning of the fall semester. Detailed terms will be found on the contract form. Contracts for room only are not available.

The University is not responsible for the loss of or damage to any personal property of students.

Accessible residence hall rooms are available for students with disabilities. In addition, the Dianne Mayes Student Life Center and the dining hall are accessible. Specific accommodation needs can be met upon request. If you need accessible housing, please fill out the appropriate section on the application contract. If you have questions about accessible living, please contact the Director of Housing (417.659.4460) or the Coordinator for Disability Services (417.659.3725). For detailed rules and regulations governing residence hall living at Missouri Southern, contact the Residence Life Office.

### STARK COUNTY CAMPUS INCIDENTS

**Billingsly Student Center**

417.625.9760 for reservations

The Billingsly Student Center (BSC) is centrally located to provide convenient access to student services and facilities. The Recreational Services Office oversees reservations of the buildings, meeting rooms, lounges, ballrooms and equipment for departmental, student organization and off-campus meetings and events held in the Student Center. BSC is home to the University Bookstore, the students’ source of rental and purchase textbooks, classroom materials, campus clothing and gift shop. The Campus Card Services Center and Ticket Office handles ticket sales for both on-campus and off-campus activities and entertainment. The Lion’s Den Food Court, serving breakfast and lunch, offers a variety of foods and beverages for every appetite. There is also a large lounge perfect for studying and watching TV.

**Student Activities**

Malorie Cashel, Director of Student Activities
Billingsly Student Center 210C, 417.625.9669

**Student Activities Office**

Billingsly Student Center, 417.625.9346

Campus activities are scheduled in the Student Activities Office. The office also oversees the 60+ recognized student organizations, assists students in organizing or re-instituting student organizations and produces and promotes various special events. The Student Activities Office also approves all forms of advertising for on-campus bulletin boards.

**Campus Activities Board (CAB)**

Billingsly Student Center, 417.625.9346

The Campus Activities Board, a student organization supported by student activity fees, has the responsibility for programming social, educational and recreational activities for the entire college community. Students may volunteer to serve on CAB committees that assist in planning concerts, family events, novelty events, lectures, special events and public relations. Interested students are encouraged to attend the weekly meetings or stop by the Student Activities Office.

**Student Senate**

Billingsly Student Center, 417.625.9346

The Student Senate serves as the governing body for students and acts as a liaison between faculty and the student body. The responsibility for student government rests not only with the student officers, boards and committees but also with each member of the student body. The Student Senate is made up of elected senators from each class and the executive officers. The Student Senate is funded from student activity fees. Students wishing to speak with a Senate representative may do so via the Student Activities Office.

**Greek Life**

Billingsly Student Center 417.625.9346

Greek Life at Missouri Southern is an exciting philanthropic and social opportunity. MSSU has two sororities: Alpha Sigma Alpha and Zeta Tau Alpha and three fraternities: Kappa Alpha order, Kappa Sigma and Sigma Pi. Main recruitment for these groups are in the beginning of the fall semester but many do continue throughout the year. Go Greek!

---

**STUDENT LIFE CENTER**

The Dianne Mayes Student Life Center is a state-of-the-art facility focused on providing social and recreational avenues for Missouri Southern students. Located directly behind McCormick and Blaine Halls in the residence hall complex, the center has extended hours to better serve all students, both commuter and resident, plus faculty and staff.

The University Dining Hall is located on the 2nd floor and operates on funds received from board payments from residence hall students and cash sales for individual meals. Other facilities, located on the 1st floor, include a large television lounge equipped with surround sound, an aerobics room, computer lab, laundry room, as well as table tennis, billiards, game tables and a study area. The Mayes Student Life Center also serves as the location of a centralized information outlet, as well as a mailroom providing service to all resident students.

For more information regarding the center’s hours of operation, programs and policies governing the use of the facility, contact the Student Life Center Office, Room 100, Mayes Student Life Center (417.659.4461).

Student Health Services

Julie Stamps, FNPC, Director of Willcoxon Health Center
Beimdiek Recreation Center 242, 417.625.9323

The Willcoxon Health Center is staffed with one full-time and two part-time nurse practitioners and a physician who is available for daily consultation as needed. Appointments to see the nurse practitioner Monday through Friday from 8 a.m. to 4 P.M. can be made by contacting the Willcoxon Health Center. All currently enrolled students are eligible for treatment at the Center. Some of the services offered are: first aid and injury care, allergy injections, TB skin testing, flu shots (in season) and screening for certain illnesses. Most services are free; however, students are expected to pay for laboratory, x-ray, work/school physicals, emergency room, hospital services, gynecological, STD testing, prescriptions and ambulance service. The Health Center maintains confidential files on current students, including medical history and immunization records. Recommendation and referral to community or campus resources are also part of student health services.

A voluntary accident and sickness insurance plan for students is strongly recommended. Information on insurance plans is available from the Student Services Office.

Communicable Diseases
Students must submit proof of immunization, including TB testing within the last year and two doses of measles/mumps/rubella vaccine. These records are to be kept on file in the Willcoxon Health Center. The state of Missouri requires all resident students to also receive the meningococcal vaccine (for meningitis). In the instance of an outbreak of a communicable disease on the MSSU campus by a student, faculty or staff member, the University physician and the Director of the Health Center will assume responsibility for conducting a thorough review based upon the best medical and legal information available. Students who have not provided proof of immunity to the Willcoxon Health Center may be restricted from University property in the event of an outbreak on campus. Any actions taken will respect the confidentiality of the individual as well as the individual’s welfare and that of the University community.

Student Policies

Dr. Ron Mitchell, Dean of Students
Billingsly Student Center 347D, 417.625.9531

Student Conduct
In order to provide the best possible environment for personal and intellectual growth, the University has established regulations to guide student conduct. A summary of these rules and regulations is found in the Student Handbook which may be obtained from the Student Services Office.

Drug and Alcohol Prevention Program
Pursuant to the Drug-Free Schools and Communities Act Amendments of 1989, Missouri Southern State University has established a drug and alcohol prevention program for its students. The University’s program is described below.

Substance Abuse Policy: Students are prohibited from using alcoholic beverages and illegal drugs on University-owned or controlled property and at University-sponsored or supervised activities. Irresponsible alcohol or other drug use off campus resulting in disorderly conduct on campus also is not acceptable. Any student of Missouri Southern State University found to have manufactured, dispensed, possessed or used a controlled substance in violation of the Substance Abuse Policy of this University will be subject to discipline in accordance with University policy and reported to local, state or federal law enforcement authorities for criminal prosecution. Criminal prosecution for these acts could lead to a conviction and such a conviction could result in a sentence imposing a monetary fine, imprisonment in a state or federal penitentiary or both.

Health Risks: Specific serious health risks are associated with the use of illicit drugs and alcohol. Some of the major risks:

Alcohol and other depressants (barbiturates, sedatives and tranquillizers): addiction, accidents as a result of impaired ability and judgment, overdose when used with other depressants, damage to a developing fetus, heart and liver damage.

Marijuana: addiction, panic reaction; impaired short-term memory; increased risk of lung cancer and emphysema, particularly in cigarette smokers; impairment of driving ability.

Cocaine: addiction, heart attack, seizures, lung damage, severe depression, paranoia, psychosis. Similar risks are associated with other stimulants, such as speed and uppers.

Hallucinogens (acid, LSD, PCP, MDMA, etc.): unpredictable behavior, emotional instability, violent behavior organic brain damage in heavy users, convulsions, coma.

Narcotics (heroin, Demerol, morphone, Codeine, etc.): addiction, accidental overdose, risk of hepatitis and AIDS from contaminated needles.

Inhalants (gas, aerosols, glue, nitrites, etc.): loss of consciousness, suffocation, damage to brain and central nervous system, sudden death, nausea and vomiting, nosebleeds, impaired judgment.

Methamphetamines: addiction, irritability, sleeplessness, nervousness, sudden weight loss, pungent body odor, protrusion of eyes.

Resources: A variety of resources exist for drug or alcohol counseling, treatment or rehabilitation programs. A few are listed inside the front of the Student Handbook. For more detailed information concerning these resources and others available from the University and/or community agencies, students may contact the ACTS-Advising, Counseling and Testing Services (417.625.9595) or the Student Services Office (417.625.9392). Such referrals will respect individual confidentiality.

A main objective of the drug and alcohol prevention program is to encourage healthy attitudes and behaviors on the part of all students and responsible decisions about alcohol/drug use. Another objective is to provide students in certain high risk groups (freshmen, Greeks, athletes, residence hall students, etc.) with specific and up-to-date information regarding the long-and-short-term effects of alcohol/drug use. A final objective is to provide students with the necessary skills to help them carry out the decisions they have made in regard to their use or nonuse of alcohol/drugs and how to effectively handle certain “high pressure” situations.

To meet the above objectives, information and assistance is provided to students in several ways. First, alcohol and drug films are shown and programs conducted in all orientation classes, which are required for all new students. Additional alcohol and drug information is presented in other academic classes, including KINE 103, Lifetime Wellness. Pamphlets about alcohol and drug
use are distributed each semester. Special alcohol and drug training is provided annually for residence hall staff and orientation leaders.

The athletic department provides a program for varsity athletes. Special alcohol and drug programs are presented throughout the year. Active drug testing is done. A committee of counselors, teachers and clergy are available to assist varsity athletes.

The Student Services Office, Advising, Counseling and Testing Services, Campus Activities Board and the Residence Hall Association provide alcohol and drug programs throughout the year for all students.

Equal Opportunity
In accordance with federal law and applicable Missouri statutes, it is the University's policy not to discriminate in the recruitment and admission of students, the recruitment and employment of faculty and staff and the operation of any of its educational programs and activities on the basis of age, gender, color, race, religion, disability, veteran's status, national origin, ancestry or any other protected characteristic as established by law.

Anti-Harassment Policy: Missouri Southern State University is committed to fostering a working and learning environment where all individuals are treated with respect and dignity. It is and continues to be, University policy that harassment of employees, applicants or students in unacceptable conduct will not be tolerated.

Harassment is written, verbal or physical conduct that degrades or shows hostility or aversion toward an individual because of his/her race, color, ancestry, religion, gender, age, national origin or disability that (i) has the purpose or effect of creating an intimidating, hostile or offensive work or learning environment; (ii) has the purpose or effect of unreasonably interfering with an individual's work or academic performance; or (iii) otherwise adversely affects an individual's employment or academic opportunities.

Harassment could also be sexual in nature. Sexual harassment is defined as unwelcome sexual advances, requests for sexual favors and other verbal or physical conduct of a sexual nature when any one of the following occurs: (i) submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment or education; or (ii) submission to or rejection of such conduct by an individual is used as the basis for employment or academic decisions affecting such individual; or (iii) such conduct has the purpose or effect of unreasonably interfering with an individual's work or academic performance or creates an intimidating, hostile or offensive working or learning environment.

Any employee, student or applicant for employment or admission who feels that he or she has experienced or observed harassment by an employee of the University should report such incidents to his or her supervisor or to the Director of Human Resources without fear of intimidation or reprisal. Harassment complaints against students should be reported to the Dean of Students.

The University will promptly investigate all allegations of harassment in a confidential manner as possible. The University will also take appropriate action to ensure that neither inappropriate language, nor conduct, nor sexual harassment persists.

Student Success Center
Stephanie Hopkins, Director
Hearnes Hall, 417.659.3725

Mission
The Student Success Center endeavors to provide a campus academic environment conducive to student success. The Center offers a wide range of academic support programs to students.

Classes
Basic Composition – Prepares students for college writing courses. Students write at least six major papers with special attention given to organization, syntax, grammar and mechanics.

College Academic Skills – A course designed to develop and strengthen an understanding of student responsibility, goals and attitudes necessary for the successful transition to college. Active learning through critical thinking, reading and writing to support academic success at the University level will be practiced. Students will identify learning styles and strengths and weaknesses associated with their learning processes.

Speed Reading – A course designed specifically to increase reading speed. Students must be capable college level readers to benefit from this computerized format. In addition students will become aware of factors influencing reading speed and efficiency. This one hour class presents a non-threatening environment for students to practice increasing speed while maintaining an acceptable level of comprehension.

Tutor Training – Provides tutors with an educational foundation of the methods and techniques needed to tutor students in a higher education setting.

Services – All services are free to MSSU students.

Tutoring in Content Areas – Peer and faculty tutors are available. Some drop-in tutoring is offered, although an appointment is recommended. Both short- and long-term assistance is provided.

Writing Lab Services – Trained peer tutors instruct and coach students in all aspects of writing, such as writing process strategies, research paper documentation and correct mechanics.

Computer Lab – The Student Success Center offers a networked computer lab with Microsoft Office programs and Internet access.

Services for Students with Disabilities
The Student Success Center is the designated office on campus for the provision of academic accommodations for students with documented disabilities. Students who wish to request accommodations should begin the process by contacting the Student Success Center. Students are responsible for providing appropriate documentation and initiating the request for accommodations.
TRIO PROGRAMS

Talent Search
Jim Kimbrough, Director
417.659.5440
www.mssu.edu/talentsearch

Mission
To encourage students in grades 6 through 12 and those who have never completed high school to graduate from a secondary program and enter a postsecondary program of study.

Talent Search is a federally funded program designed to identify qualified students with potential for success at the postsecondary level and encourages them to complete secondary school and enroll in a program of study after high school. Services provided through the program include: group and one-on-one tutoring, travel to area cultural events, visits to area college and university campuses, information on and assistance with college admissions applications and financial aid information, academic advising and assistance with choosing courses to prepare you for education after high school, information and assistance with college entrance exams including the ACT and SAT. The project serves 550 students. To qualify for services, students must be U.S. citizens, between the ages of 11 and 27 and completed the fifth grade. A veteran, regardless of age, may participate if otherwise eligible. Services provided by Talent Search are free to students and parents/guardians. For more information or an application, call the Talent Search office at 417-659-5440.

Project STAY
Dory Quinn, Director
Hearnes Hall 308, 417.625.9830

Mission
“To identify and provide comprehensive resources to ease student transitions into and through college and on to graduate education and professional life.”

Project Stay is a federally funded Student Support Services grant program designed to identify and provide comprehensive resources to ease student transitions into and through college and on to graduate education and professional life. Services provided by the Project include: academic advising, priority enrollment (for freshmen and sophomores), career and personal counseling, tutoring, laptop and calculator loan program, assistance with applying to graduate school and travel to area cultural sites. The Project serves 170 students. To qualify, students must be either first-generation college students (neither parent has a bachelor’s degree), meet an income guideline or be a student with a disability. To get more information or an application, call the Project Stay office at 417.625.9830 or visit www.mssu.edu/project-stay.

Upward Bound
Robin Hicklin, Director
Mansion Annex 101, 417.625.9880

Upward Bound is a federally funded program designed to help students gain the skills necessary to persist through high school and on to post-secondary education. Some of the services provided by Upward Bound include a six-week summer College Simulation Experience, monthly Saturday “Focus On” meetings, academic tutoring for current classes, opportunities to shadow student and professional mentors and field trips to area college campuses and cultural sites. The services provided by Upward Bound are free to students and parents/guardians. For more information, please contact the Upward Bound office at 417.625.9880 or visit www.mssu.edu/upwardbound.

UNIVERSITY DINING SERVICES

Michael Wonderly, Director of Dining Services
Billingsly Student Center 208, 417.625.9546

Food service is bid by the University and handled by a professional food service company (Sodexo). The dining hall operates on funds received from board payments and cash sales of individual meals.

All residence hall students must contract for board. Board contract includes a choice of three meal plans. Individual meals feature salad bar and unlimited servings, including entrees.

Commuter students interested in taking some or all of their meals at the University Dining Hall may purchase meal plans in the University’s Business Office. Also, Lion Bucks are available for purchase in the One Card Office in Billingsly Student Center.

The Lion’s Den food court, located on the 2nd floor of Billingsly Student Center, offers a variety of food options for students.

University dining service also features a gourmet coffee shop, University Java, located on the lower level of the Spiva Library.

UNIVERSITY POLICE DEPARTMENT

Ken Kennedy, Chief, University Police Department
417.625.9741

Campus Security Act Policies and Procedures
1. All crimes occurring on campus should be reported immediately to the MSSU Police. Police officers are available on campus 24 hours of every day. The emergency number to reach them is 626-2222 or just 2222 from a phone on campus. A dispatcher is scheduled to be in the
offices anytime classes are in session. When no one is in the office the phone automatically rolls to a cell phone carried by an on-duty officer on campus. Officers will respond to all calls on campus, regardless of the nature and offer assistance. Since March of 2008 (when the Board of Governor’s established a Campus Police Department) criminal cases are investigated by the MSSU Police Department. The Department is required to report all serious crimes and other crimes as required through Uniform Crime Reports submitted to the National Crime Information Center with the FBI, as well as for the national Clery law (Campus Security Act).

2. Each student is responsible for becoming aware of the parking and traffic regulations booklet provided to all freshmen. It is necessary for officers to enforce these regulations to ensure the safety of all students, visitors and faculty/staff members on campus.

3. All academic buildings are secured during the evenings and weekends. Access to the buildings is only allowed for faculty/staff members and students who are accompanied by faculty/staff members. The three residence halls are locked at midnight each night by Residence Hall staff members. Police officers secure the dorm buildings around midnight as well, performing random “walk-throughs” and vehicle patrols in the residence halls from 11:30 P.M. until 7:30 a.m. each night.

4. The MSSU Police has an excellent working relationship with area agencies and has mutual aid agreements with the Joplin Police Department, the Jasper County Sheriff’s Office and other small city agencies. The MSSU Police Department is a member of the Tri-State Major Case Squad and may call for investigators to assist with investigations of serious crimes.

5. The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act) requires that these policies and statistics about crime on campus be made available to students and the entire campus community so that “informed decisions” may be made. The Clery Act also requires a timely warning to be given to the campus community in certain instances. In accordance with the act, the MSSU Police will issue a crime alert in a timely manner for safety risks and to aid in the prevention of similar crimes. Specifically, these crimes will include situations that are reported to the University Police and that are considered serious or continuing threats to the campus population. Warnings will be communicated via the “Big Voice” broadcasting speaker system, e-mails, the Emergency Early Warning System (ring down of office phones in each building), text messages (through the Rave system), posted notices, and/or media sources at the discretion of the University Police Chief.

6. These policies and procedures are published in the Student Handbook and distributed to all freshmen students. Each semester, during freshman orientations, students are given tips regarding personal safety, preventing thefts, date rape prevention and how Police officers can help to make students more successful.

7. Crime prevention programs are presented each semester by the Campus Activities Board, Student Services and the Residence Halls Association. Pamphlets regarding crime prevention are distributed to all resident students and are made available at the Student Center. A Rape Aggression Defense Class (RAD) will be offered by the MSSU Police Department to all MSSU female students at no cost each semester. See MSSU “Sexual Assault Prevention and Response” policy for additional details.

8. MSSU does not have off-campus student organizations that are recognized by the institution.

9. Crime stats, as required through the Clery Act, are available at the University Police Department, as well as on the Internet at www.mssu.edu/police.

Vice President for Academic Affairs
AJ Anglin
Hearnes Hall 208, 417.625.9394

The Office of the Vice President for Academic Affairs is responsible for the administration of the instructional programs both on and off campus. The Honors Program, Writing Program, First-Year Experience Program, Assessment and Institutional Research Office, Registrar, the Library and the Institute of International Studies and all academic units are under its direction.

ACADEMIC STANDARDS

Good Standing and Eligibility
Students enrolled at Missouri Southern are in good academic standing when they meet the standards of progress toward graduation as described below. Those failing below the prescribed norm will be placed on academic probation. Persons failing to achieve normal progress toward graduation during the probationary period are subject to academic suspension. Students receiving financial aid must meet the good standing criteria described below.

Those students competing in intercollegiate athletics or in organizations representing the University off campus shall be required to satisfy minimum standards of progress, as indicated below, following the completion of the first academic semester in order to maintain future eligibility in these programs.

Standards of Progress Toward Graduation*
A student’s cumulative Grade Point Average (GPA) is used to evaluate progress. If the GPA falls below the minimum standards of progress, the work is considered unsatisfactory. Courses not applicable to the baccalaureate degree are not calculated in the GPA hours. Students graduating with an associate degree must have a minimum 2.0 GPA.

Progress toward a degree is computed on the following GPAs:

*Students who receive financial aid must comply with federal standards. The above may not reflect those standards.

Academic Probation, Suspension and Reinstatement
Each student should consider a GPA of less than 2.0 as a warning. Those falling below the standards of progress toward graduation will be placed on academic probation. If the GPA is not raised to the minimum standard of progress during the probationary semester, the student is subject to immediate academic suspension from the University.

A student receiving academic suspension may not enroll at Missouri Southern for one semester. Re-entry may be denied by the Vice President for Academic Affairs, if the student cannot present evidence that indicates a high probability of academic success.

Students placed on academic suspension may file an appeal application through the Office of the Registrar by 5:00 P.M. on the Monday before the term begins.

Academic Bankruptcy
A student may petition the Academic Bankruptcy Committee to request one semester of academic work taken at MSSU be disregarded in computing the academic record. To be eligible for petitioning, a student must be currently enrolled, in good standing and must document the unusual conditions which justify the petition. The petition is initiated in the Registrar’s Office.

Academic Bankruptcy can never be used as a means of obtaining academic honors or athletic eligibility. Academic Bankruptcy will not remove grades from the student’s permanent record. It merely allows one semester of recorded work to be eliminated in computing the student’s scholastic average. Academic Bankruptcy cannot be applied to transfer courses. Once a degree is earned, a student is no longer eligible for bankruptcy.

Repetition of Courses
Students may only receive credit value for a repeated course once. Students may repeat courses in which grades ‘F, D, C or B’ have been earned. When a course is repeated, the first grade will not be removed from the record, but the latest grade will be used when computing GPAs. Transfer courses may be repeated if Missouri Southern offers the same course. Once a degree is earned, a student is no longer eligible to exclude the grade of the first course in their GPA.

Honor Roll
An Honors or Deans’ List, issued at the end of each semester, contains the names of full-time undergraduate students who have a 3.75 GPA or higher with no incomplete or in progress grade or a grade below ‘C.’ Courses below the 100 level are excluded from this calculation.

Academic Certificates
Selected departments have developed an academic certificate that strengthens the student’s career preparation. Certificates may be earned independently from a degree. Certificate credit and course requirements vary. The overall GPA requirement is 2.0.

Graduation Honors
In recognition of superior scholarships, the University awards honors to associate degree and baccalaureate degree graduates. Honors listed below are not earned until courses are completed, graded and posted on the student’s permanent record. Courses below the 100 level are excluded from this calculation.

Associate Degree — The student must have completed a minimum one half of the hours required for the degree in residence at Missouri Southern State University. The cumulative GPA required to receive:

First Honors ............................... 3.90-4.00
Second Honors ........................... 3.80-3.89
Third Honors .............................. 3.70-3.79
Baccalaureate Degree — Eligibility for any one of the following three honors requires the candidate to study all the junior and senior years at Missouri Southern and earn a minimum of 60 hours of credit:

- Summa Cum Laude .................. 3.90-4.00
- Magna Cum Laude .................. 3.80-3.89
- Cum Laude .......................... 3.70-3.79

Revised Standards for Veterans Educational Benefits

The Revised Standards for Veterans Educational Benefits as adopted by the State Board of Education on February 17, 1977, are available in the Veterans Services Office. Each Veteran should see the Veterans Representative regarding these policies.

Any exceptions to the regulations above must receive written approval from the Vice President for Academic Affairs.

Special Policies for Financial Aid Recipients

Special policies and regulations governing financial aid recipients are filed in the Financial Aid Office, the Business Office and the Office of the Vice President for Student Affairs.

CREDIT OPTIONS

Placement, Examinations, Credits

Resident Credits from Institutions of Equal Standing with Missouri Southern State University

Credits transferred from accredited colleges and universities will be given full value in similar courses whenever possible. The amount of credit given for courses studied in other institutions may not exceed the amount given at Missouri Southern for the same length of time of instruction. Students may not transfer credits to satisfy more than one half of the major course requirements in a department unless the approval of the Vice President for Academic Affairs is obtained.

Advanced Standing Examination

A student whose travel, employment, extensive readings or other unique educational experiences appear to have provided proficiency in a course required in the curriculum equivalent to that ordinarily attained by those taking the course in regular classes, may be granted permission to take an advanced standing examination. This examination may be a subject matter test of the College Level Examination Program (CLEP) or a comprehensive test designed by the department to cover the subject more fully than a regular final examination. In order to receive credit for a departmental examination, a student must have the following qualifications in addition to those listed above:

(a) be enrolled in the University at the time of the examination;
(b) not have taken an examination over the course within the preceding six months;
(c) not have credit in a more advanced course in the same field;
(d) be working toward a degree at Missouri Southern State University;
(e) have the approval of the head of the department in which the course is offered;
(f) not use the examination to replace a previously earned grade.

After a student has taken a departmental examination, the professor will transmit the grade to the Vice President for Academic Affairs Office. If performance is equated as a “C” grade or above, the Registrar will record the credit. The credit granted will be based on applicability and will carry the grade of “CR”.

International Baccalaureate

Missouri Southern will grant up to 30 semester hours or the equivalent of one full year of university study, to those who have completed study in the International Baccalaureate curriculum in high school. Missouri Southern will grant university credit and advanced placement for International Baccalaureate courses completed at the higher level with a score of four or greater. Students with such backgrounds should contact the Admission Office for a detailed analysis of credits and standing. The credit granted will be based on applicability and will carry the grade of “CR”.

Advanced Placement Test (AP)

Missouri Southern participates in the Advanced Placement Program sponsored by the College Entrance Examination Board. Credits are granted for course areas in which a student has completed Advanced Placement Examinations with a score of 3, 4 or 5. The credit granted will be based on applicability and will carry the grade of “CR”.

Correspondence Course Credit

Missouri Southern accepts credit earned by correspondence from regionally accredited institutions. No student will be permitted to apply more than 12 hours of course work in correspondence toward his/her degree. The credit granted will be based on applicability and will carry the grade of “CR”.

Course Credit for Military Service and Schooling

Military Service students who have completed a minimum of one year of active military service may be granted credit to meet the KINE 103 requirements of
the general education curriculum. These requirements will be satisfied if the DD214 form is submitted to the Missouri Southern Registrar’s Office. Credit may also be granted for specific military schooling as recommended by the American Council of Education. The credit granted will be based on applicability and will carry the grade of ‘CR’. The veteran must present documentation designating the military course, date and site of the course.

Validation Examinations
If Missouri Southern refuses to accept a student’s earned credit in a course because of the method in which the course was taken or because the institution at which the course was taken was not accredited, the student may apply for a validation examination. In order to qualify for a validation examination a student must:
(a) be enrolled at Missouri Southern State University at the time the examination is taken;
(b) present the necessary evidence to prove that the course was taken;
(c) get approval from the school dean and the head of the department in which the course is offered; and
(d) initiate the proceedings within the first eight weeks after entering the University.

The student initiates the request for examination at the Academic Department. The school dean and the department head will appoint a professor to construct, administer and evaluate the examination. The result is reported to the Registrar who records the credit if the scale is ‘C’ or above and carry the grade of ‘CR’.

Retro Credit Policy
Missouri Southern will award retro-credit for certain qualifying subjects. The credit granted will be based on applicability and will carry the grade of ‘CR’. Students should contact the appropriate academic department to inquire about courses that qualify. Maximum allowable credits vary by department.

Course Numbers and Levels
Course Numbers:
- 0 - 99 Not applicable toward the Baccalaureate Degree
- 100-199 Primarily for freshmen
- 200-299 Primarily for sophomores
- 300-399 Primarily for juniors
- 400-499 Primarily for seniors

Normally, courses numbered 100-299 are considered lower division level courses and those numbered 300-499 are upper division level courses. Freshmen are not allowed to take any course above the 200 level unless qualified by advanced placement tests.

Immediately following each course title is a letter abbreviation of the semester in which the course is usually offered. Students and faculty should use this as a guide in considering future enrollment. However, this should not be interpreted as a contract. Missouri Southern reserves the right to deviate from this commitment when enrollment or other factors dictate.

The student should check the catalog description of the course to see whether the second semester of a sequence course makes the first semester a prerequisite.

Baccalaureate Degree Requirements
A. Residence: The following minimum requirements must be met in residence at Missouri Southern: (1) 30 of the last 36 hours counted toward the degree; (2) one-half of the credit both required for the major and in the major department. Courses required for the major but not offered in the major department are not included; (3) one-half of the upper division credit both required for the major and in the major department.

B. Credit Hours: At least 124 semester hours of college credit applicable to a Baccalaureate Degree are required for graduation.

C. Grade Point Average (GPA): The following minimum cumulative GPAs are required for all Baccalaureate Degrees except the BSE and BS in Nursing. The GPA excludes NABD courses:
1. a 2.0 GPA for all credit hours attempted;
2. a 2.0 GPA for all the courses required for the major, both inside and outside the major department;
3. a 2.0 GPA for all courses, required and elective, taken in the major department.

The following minimum GPAs are required for the BSE:
1. a 2.75 GPA for all credit hours attempted;
2. a 2.50 GPA for all the courses required for the major, both inside and outside the major department;
3. a 2.50 GPA for all courses, required and elective, taken in the major department;
4. a grade of “C” or better in professional education courses and courses required for elementary education, special education and early childhood.

D. Upper Division Hours: Upper Division Hours: A minimum of 40 semester hours in upper division courses must be completed.

E. Writing Intensive: Five writing intensive courses are required of all Baccalaureate Degree candidates. The required courses are English 101 and English 102 or English 111. Two of the three remaining required courses must be upper division with one of the upper division courses being in the major. (Writing Intensive courses are identified in the "schedule of classes" by a "WI" placed at the end of the course title. Example: PSY 481 Senior Thesis WI.) Students transferring to Missouri Southern from another college, including students with a previous baccalaureate degree from a regionally accredited college, will fulfill the...
Writing Intensive requirement as follows:

<table>
<thead>
<tr>
<th>Total transfer hours to Missouri Southern</th>
<th>Minimum Writing Intensive courses required:</th>
</tr>
</thead>
<tbody>
<tr>
<td>Fewer than 30 hours</td>
<td>Five courses as outlined above</td>
</tr>
<tr>

<td>Four courses, including English as outlined above, with two additional upper division courses, one of which must be in the major</td>
</tr>
<tr>
<td>90 hours or more</td>
<td>Three courses, including English as outlined above, with one additional upper division course which must be in the major</td>
</tr>
</tbody>
</table>

F. Foreign Language: All students expecting to graduate with a Bachelor of Arts degree must successfully complete 12 hours of the same foreign language.

G. Special Education: All students expecting to graduate with a Bachelor of Science in Education degree must successfully complete two or three hours of Special Education (EDUC 302 or 304). See degree requirement for correct course.

H. Computer Literacy: All students will receive computer instruction to a level of understanding necessary for them to function as a member of society and to a level of skill sufficient to use the computer for problem solving within their discipline. Department heads will certify the competency of the students in their disciplines.

I. Assessment: All degree candidates are required to participate in University Assessment of Outcomes activities.

J. General Education Curriculum Requirements: Missouri Southern has a general education requirement curriculum program that contributes toward the development of the whole person, as an individual and as a member of society. All degree candidates must satisfy the following curriculum requirements:

I. INSTITUTIONAL REQUIREMENTS

A Bachelor of General Studies (BGS) Degree

The Bachelor of General Studies (BGS) is an alternative for students who do not wish to pursue an existing major. Two versions of the BGS are available. The General BGS requires that a student complete all general Education Requirements and other degree requirements including the Writing Intensive (WI) and upper division. To pursue this option the student should consult with an adviser and declare the BGS as a major. The Directed BGS also requires that a student complete all general education requirements and other degree requirements including Writing Intensive (WI) and upper division. Additionally, a committee of faculty works with the student to combine courses from several areas to create a distinctive program. To pursue this option the student should declare the BGS as a major and consult with the dean of the school most closely associated with the course work. The dean will appoint a faculty committee to help the student structure the Directed BGS.

Associate of Science Degree

A. Residence: The last 15 semester hours must be completed in residence at Missouri Southern.

B. Credit Hours: A minimum of 64 hours must be completed.

C. Grade Point Average (GPA): The minimum cumulative and major field GPA must be 2.0.

D. Major Field: The student must meet the course requirements in the particular program of study as approved by an adviser.

E. General Education Curriculum Requirements: The degree requires completion of the general education curriculum courses as well as those outlined in the student’s major field of study. The general education requirement curriculum required courses are:

TOTAL GENERAL EDUCATION CURRICULUM WITH INSTITUTIONAL REQUIREMENTS 46-47 HOURS

Transfer students should refer to the Transfer Student section of the catalog regarding the General Education requirements.

* Areas A - H of the general education curriculum constitute the 42 semester hour block that meets the State of Missouri general education goals. This block should be considered equivalent to corresponding 42 semester hour blocks of credit at other public and signatory institutions in Missouri. Please contact the Registrar’s office to have this notation added to your transcript.

** See degree requirements listed in Catalog for courses that are substituted for specific majors.

*** Required for all degree seeking students who enter MSSU with less than 30 credit hours (excluding dual credit and credit in escrow) and transfer students who have not completed an orientation course.

298-498 Classes

Classes numbered 298 or 498 may not be counted toward general education curriculum credit.

Major

All students will be required to declare their degree sought, their major, their status and whether they will attend half-time or full-time. A major provides in-depth study of a discipline and prepares the student for a career or advanced study. Advisers are assigned according to major.

Academic Minor

Selected departments have developed an academic minor that in conjunction with the MSSU baccalaureate major strengthens the student’s career preparation. A minor requires at least 18 semester hours of prescribed courses. At least six semester hours must be upper division and at least nine semester hours must be in residence. The overall GPA requirement is 2.0. A student may not earn a minor in the same field as the major. Minors should be declared as early as possible but may be added at any time, including after a baccalaureate degree from MSSU has been earned. Applications to add a minor after a degree has been earned are available through the Office of the Registrar.
PHYS 150  Environmental Physics  5 hours
PHYS 151  Elementary College Physics I/ Lab  5 hours
PHYS 300  Astronomy  3 hours

E. SOCIAL AND BEHAVIORAL SCIENCES*  6 hours
1. Required Courses:
   HIST 110 or 120 U.S. History  3 hours
   Missouri Constitution Requirement**
   (PSC 120 Gov't: U.S., State, Local also meets this requirement)

2. Select One:
   ANTH 101  General Anthropology  3 hours
   ECON 180, 201 or 202 Economics*  3 hours
   GEOG 101  Introduction to Geography  3 hours
   PSY 100  General Psychology  3 hours
   SOC 110  Introduction to Sociology  3 hours

F. HUMANITIES AND FINE ARTS  3 hours
Select One:
   ART 110  Art Appreciation*  3 hours
   ENG 250  Introduction to Literature  3 hours
   ENG 261, 262 World Literature  3 hours
   ENG 271, 272 British Literature  3 hours

   MUS 110  Music Appreciation  3 hours
   PHIL 201  Introduction to Philosophy  3 hours
   PHIL 212  Ethics  3 hours
   TH 110  Theatre Appreciation  3 hours

G. HEALTH AND WELLNESS  2 hours
   KINE 103  Lifetime Wellness  2 hours

H. UNIVERSITY EXPERIENCE***  3 hours
   UE 100  University Experience: Transitions in an International Context  3 hours

TOTAL GENERAL EDUCATION CURRICULUM REQUIREMENTS  27-28 HOURS

*See degree requirements listed in the Catalog for courses that are substituted for specific majors.

**This requirement may be satisfied with credit from a Missouri public college or PSC 120 Government: U.S., State & Local or by an examination. Examination information is available from the Dean of Arts and Sciences.

***Required for all degree seeking students who enter MSSU with less than 30 credit hours (excluding dual credit and credit in escrow) and transfer students who have not completed an orientation course.

General education curriculum courses required for the Associate of Science degree typically do not completely fulfill the general education curriculum requirements for the Baccalaureate Degree.

When the curriculum requirement for an Associate of Science degree specifies a different course in the discipline than those listed above, the specified course may meet the general education curriculum requirements for that degree.

Graduation
A. Graduation Requirements: The responsibility for satisfying all requirements for a degree rests with the student. Advisers, faculty members and administrators offer help to the student in meeting this responsibility.

B. Time of Graduation: A student may complete graduation requirements at the close of any semester. Formal commencement exercises are held and degrees are conferred at the close of the fall and spring semesters. Students who will complete graduation requirements at the close of summer semester may participate in spring commencement exercises.

C. Degree Candidacy Application: Each student must make application for degree candidacy during the semester preceding the final semester in attendance. The application process is initiated at the Office of the Registrar. Paperwork expires one year from the date of approval. Students who fail to graduate must re-file if paperwork has expired.

D. Senior Assessment: All graduating seniors are required to complete a General education curriculum and a departmental exit assessment before the baccalaureate degree is awarded. Effective: July 1, 1988.

State Legislation Requirements
Section 170.011 of the Revised Statutes of Missouri, 1989, prescribe that all candidates for a degree issued by the colleges and universities of Missouri must have “satisfactorily passed an examination of the provisions and principles of the Constitution of the United States and of the State of Missouri and in American History and in American Institutions”.

All students who have completed the general education curriculum requirements with courses taken at Missouri Southern meet the requirements of Missouri law.

Out-of-state transfer and post-graduate students who do not complete their general education curriculum with courses taken at Missouri Southern may comply with the law by:

1. Completing courses at MSSU embracing the subject matter specified by the law and receiving credit therein, preferably before admission to senior college work; or
2. Fulfilling the requirements through the state’s 42 general education agreement per transfer transcript.
3. Fulfilling the requirements through a baccalaureate degree earned from an accredited Missouri public college or university.
4. Fulfilling the requirements through a degree earned from an accredited college or university, either outside the state of Missouri, at a Missouri private college or from a foreign institution considered equivalent to a U.S. baccalaureate degree and passing a special examination on the Missouri Constitution. If the student has not taken a U.S. history (equivalent to 110 or 120) and political science (equivalent to 120) during their first degree, they must take these courses at MSSU in order to satisfy degree requirements through MSSU.
5. Students earning degrees from foreign institutions, equivalent to a U.S. degree, must complete PSC 120 and one history course from HIST 110 or 120.

School Laws of Missouri, 1974, require that persons cannot be granted a certificate or license to teach in the public schools of Missouri unless they have satisfactorily completed a course of two or more semester hours in the psychology or education of the exceptional child. This requirement can be met by taking EDUC 302 or 304.
Classification of Students

A. By Class:
- Freshman: 0-29 Hours
- Sophomore: 30-59 Hours
- Junior: 60-89 Hours
- Senior: 90 and above
- Special Admission: See page 26.

B. Postgraduate:
Persons having completed a Baccalaureate Degree but taking courses for the purpose of teacher certification, job preparation and additional degree or personal profit.

C. Full-time:
A student enrolled for 12 or more semester hours.

D. Half-time:
A student enrolled in 6-11 semester hours.

E. Less Than Half-time:
A student enrolled in fewer than 6 semester hours.

Concurrent Enrollment
A student who is enrolled in residence at Missouri Southern and who desires to earn credit concurrently at another institution or through correspondence, extension or advanced standing examination must secure advanced approval from a School Dean. Financial aid recipients should contact the Financial Aid Office.

Combined Degree Programs
Missouri Southern State University has established a combined degree program for Medical Technology. Specific requirements for this program are included in the program descriptions. Combined degree programs operate under the following regulations:

1. Complete 94 hours at Missouri Southern State University. Transfer credit will be considered, but the last 30 of the 94 hours must be earned at MSSU.
2. The 94 hours must include the completion of the General Education Requirement Curriculum requirement.
3. Sixteen out of the last 94 hours must be upper division (300 and 400 level courses).
4. All applicable “Requirements for Graduation” as stated in the Missouri Southern State University catalog must be met including the application for degree candidacy and the filing of credentials with the Career Services Office.
5. A transcript from the institution with which a combined degree agreement is arranged must be provided in order to complete the requirements for a degree.

Second Baccalaureate Degree
A student may receive a second Baccalaureate Degree after completing the first degree and all the requirements of the second degree. A student may not earn the same degree more than once, even though the majors differ. The residency rules apply. See item A-I under Baccalaureate Degree requirements, page 44.

Transcript Below “C” Average
Students who are accepted with a below ‘C’ transcript and who are below the minimum standards for progress will be placed on Academic Probation. Missouri Southern transfers all grades from any equally accredited institution including both “D’s” and “F’s”.

Maximum Credit Hour Load
To enroll in more than 18 semester hours during a semester or in more than nine hours during a summer session, a student, with the exception of music majors, must obtain prior written permission from the school dean. Music majors may carry as many as 20 semester hours without permission from their dean. Honors program students may carry as many credits as approved by the Honors program director.

Reinstatement Policy
Following the deadline for tuition and fee payment, the Business Office will drop students for non-payment. The drop occurs Thursday of the second week of the semester (full terms). Beginning with the third week, students must apply to seek re-enrollment to their current class schedule (all courses). Students have a time limit of one week to apply for reinstatement.

Students seeking reinstatement must prepay at the Business Office the estimated full amount of tuition, fees and books. The receipt for payment must be presented in the Registrar’s Office in order to receive a reinstatement application.

Students must obtain instructor approval for each class before the application can be processed. Reinstatement forms are due to the Registrar’s Office no later than the third Friday of the fall/spring term.

Late Enrollment
Enrollment in a regular semester after the first week of classes or after the third day of classes in the summer session is not advisable and is permitted only with special permission from the appropriate department head. Students must pre-pay for these classes prior to enrollment. Any student enrolling after classes begin will pay a late enrollment fee.

Adding Courses
A student may add a course in the appropriate department office, but only upon the approval of an adviser. A fee will be charged each time a student changes the program not at the request of the University. No course may be added after the first week of classes in a regular semester or after the third day of classes in the summer session without special permission. No courses shall be added after the conclusion of special registration.

NON-ATTENDANCE DOES NOT CONSTITUTE A WITHDRAWAL.

Instructor Withdrawal
Instructors should request the withdrawal, by the Registrar, of a student who has not attended their class during the first two weeks of the full term; no later than the second Thursday of the fall/spring term and the first Thursday of the summer term. Regardless, it is ultimately the students’ responsibility to properly withdraw from classes.

Withdrawal from a Single Class
A student may initiate the withdrawal from a course in the Registrar’s Office. Deadlines cited in the Schedule of Classes apply.

Withdrawal from All Classes
A student who wishes to completely withdraw will initiate withdrawal in the Financial Aid Office (Hearnes Hall). A student who completely withdraws from the University prior to the last week of classes in a regular or summer semester may receive a grade of “W” in all courses in which the student is enrolled.

Withdrawal from the University after the last week of classes in a regular or summer semester will result in a grade of “F” being recorded for all courses.

A student who leaves school without officially withdrawing will receive grades of “F” in all courses.
Involuntary/Unofficial Withdrawal
A withdrawal occurs when a student ceases to attend (including online) classes without submitting written notification of intent to withdraw or when the student otherwise indicates that they plan to withdraw and fails to follow through with the written notification. Missouri Southern may discontinue the enrollment of any student for non-attendance.

Class Attendance
Faculty members are encouraged to keep records of attendance in all regularly scheduled courses at Missouri Southern. The primary objective of student and professor is the student’s attainment of course goals. It is recognized that students who achieve those objectives are normally those who attend class or participate online regularly. The professor, when giving a final semester grade, bases his/her evaluation on how well the student has achieved the course goals.

For financial aid purposes, if a student misses any class for ten (10) consecutive working days or does not participate in an online class, the faculty member will submit The Last Attend Date Form to the Office of the Registrar. Online forms are available on LioNet.

Students who miss a class do so at their own risk and must assume the responsibility for work missed because of class absences. Professors are willing to assist students whose absences are caused by valid illnesses, University approved activities and extenuating circumstances. The professor may require whatever evidence is needed to support the reason for absence.

The attendance record is significant to the total record and is useful in guidance and counseling. When absences are excessive, the professor will report the fact to Student Affairs and they will in turn counsel with the student. Any student earning a grade of “F” must have the Last Attend Date recorded on the Grade Roster. All students who stop attending class or participating online should also have the Last Attend Date recorded on the Grade Roster.

Students should be aware that absence from class invariably has a built-in penalty of lower academic achievement. Excessive absences usually result in failure to achieve the course goals.

Transcript Dispute Policy
Students with a dispute on their academic transcript shall be granted one year from the end of the term in which the notation appears, to submit a written appeal regarding the notation in question. Appeals may be submitted to the Office of the Registrar.

Credit/No-Credit System of Grading
Students in some programs may register to take certain courses on a credit/no-credit basis. In such cases, “Credit” or “No-Credit” will be recorded rather than a letter grade and these courses will not be counted in GPAs. This program will permit a student to explore course work outside of the major without jeopardizing the GPA. The minimum performance level required to receive credit in a credit/no-credit course is a grade of “D.” Students may be eligible to enroll for certain courses on a credit/no-credit basis under the following conditions:

1. That such registration be approved by the adviser and the head of the department through which the course is offered.
2. That the student has attained sophomore rank or higher (30 or more hours).
3. That the student has achieved a cumulative GPA of at least 2.0.
4. That such enrollment be limited to one course per semester.
5. That the total enrollment on a credit/no-credit basis be limited to no more than three courses or 10 credit hours in any student’s degree program.
6. That the courses involved are not part of the student’s major or minor and are not specifically required as part of the student’s degree program. (Hours beyond the minimum required for the major or minor may be taken on a credit/no-credit basis.)
7. That the courses involved are not part of the General Education Requirement Curriculum requirement.
8. Registration for credit/no-credit courses will be completed prior to the final date for changing registration by adding a course.
9. After a student has enrolled in a course under the credit/no-credit option, that individual may not subsequently change to a graded basis in that course.

This policy does not apply to those courses regularly designated as credit/no-credit courses such as Recital Attendance, Student Teaching and ISEP, Bilateral Exchange and the Missouri London/Greece programs and Life/Work experience.

Incomplete (IN): A grade of “IN” may be reported if a student is unable to complete the work of the course within the semester for a valid reason such as illness, death in the family, an emergency, etc. It is not intended as a substitute for an “F” and does not entitle a student to attend the class during a subsequent semester. An incomplete must be made up by the end of the next semester (excluding summers) or it will be converted to an “F” automatically. Both credit and grade points for that course are suspended until the incomplete is converted to either a passing grade or an “F.” A student may not graduate with an incomplete grade.

In Progress (IP): A grade of “IP” will be given in a situation in which a student is unable to complete the work of the course within the semester for a valid non-emergency reason, such as a research project or internship that overlaps two semesters. It is not intended as a substitute for an “F” and does not entitle a student to attend the class during a subsequent semester. An “IP” must be made up by the end of the next semester (excluding summers) or it

GRADING POLICIES

Grading System
A student’s grade is officially recorded by letter. At Missouri Southern, the following grades and their numerical equivalents are used:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Grade Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>Outstanding 4</td>
</tr>
<tr>
<td>B</td>
<td>Above Average 3</td>
</tr>
<tr>
<td>C</td>
<td>Average 2</td>
</tr>
<tr>
<td>D</td>
<td>Minimum Passing 1</td>
</tr>
<tr>
<td>F</td>
<td>Failing 0</td>
</tr>
<tr>
<td>W</td>
<td>Withdrawal</td>
</tr>
</tbody>
</table>

The current policy for the ‘W’ grade is as follows:

(a) Course withdrawals will be permitted through the second week for full-term courses and the first two days for part-of-term courses of the semester without any grade recorded.

(b) Course withdrawal during the third through the eleventh week of the semester will be indicated by a ‘W’ posted to the record for full-term courses. Students have the first two days of the course for part-of-term courses.

(c) Course withdrawals are not permitted after the eleventh week of the regular semester (or its equivalent). A student who stops attending class without officially withdrawing is in jeopardy of receiving an ‘F’ in the course.

(d) A student who completely withdraws from the university prior to the last week of classes in a semester may receive a grade of ‘W’ in all courses in which the student is enrolled.
will be converted to an ‘F’ automatically. Both credit and grade points for that course are suspended until the ‘IP’ is converted to either a passing grade or an ‘F’. BSE majors will not be able to begin student teaching if an ‘IP’ grade is in force. A student may not graduate with an ‘IP’ grade.

Audit (AU): A student may audit a class for no grade and no credit. A Request to Audit must be filed in the Registrar’s Office by the end of the second week of class. Acceptable performance, attitude and attendance as determined by the professor are expected. Regular fees and enrollment procedures are required. A student may not change enrollment from audit to credit nor from credit to audit. An audit means only that a student registered for the course. It does not imply any level of proficiency or knowledge.

Change of Grade: A change is initiated by the faculty member by filing a Change of Grade form with the Registrar. No change of grade is to be made without good cause. Exceptional cases will be reviewed by the school dean and Vice President for Academic Affairs. Change forms must be submitted within one year.

Independent Study: Independent study courses are special courses which may be taken by outstanding students at the discretion of the faculty adviser and the appropriate college officials. Students may enroll in independent study courses for a total of three hours on the associate degree and a total of six hours on the baccalaureate degree providing they:

1. have completed:
   30 hours toward the Associate Degree
   90 hours toward the Baccalaureate Degree
2. have a minimum cumulative 3.00 GPA;
3. have permission of the adviser, department head and the school dean in the area of independent study.

Independent study is designed for the individual who desires to explore a topic more completely than can be done in a regular course offering. Substituting independent study for a regular course is seldom done.

Midterm Grades: Missouri Southern will post midterm grades during the eighth week of the term. These grades are viewable through LioNet and are informational only. Midterm grades do not appear on the academic transcript.

Posting of Grades: University legal counsel advises that the public posting of a student’s name and grade or student number and grade, without the student’s approval, is a violation of the Buckley Amendment (Family Education Rights and Privacy Act of 1974) which does not allow disclosure of recorded data or information without the individual’s written consent.

Official Transcript: An official transcript of the student’s academic record bears the Registrar’s signature and the University seal. Missouri Southern assumes no responsibility for the accuracy of a transcript after it leaves the Registrar’s Office.

Up to two weeks must be allowed after the close of a semester for the issuance of an up-to-date transcript reflecting the most recent semester. Four to six weeks is necessary for the posting of recently awarded degrees. The transcript request must be made in writing. No transcript will be issued unless all bills at Missouri Southern are paid or are current according to agreement with the Bursar’s Office.

ASSESSMENT AND INSTITUTIONAL RESEARCH

Dr. Delores A. Honey, Assistant Vice President for Assessment and Institutional Research
Plaster Hall 321, 417.625.9696, 417.625.9545, 417.625.9349

Mission
The mission of the Center for Assessment and Institutional Research is to collect, analyze and disseminate data and information. These efforts are carried out for the University at large as well as academic and non-academic program development, implementation and evaluation for both internal and external customers.

Activities of the Center
Missouri Southern is committed to measuring outcomes of curricular programs. Both the Core Curriculum and the majors in each academic department are assessed each year. Federal, state and local reports of institutional data are prepared and archived in this Center. Research, surveys and reports are assimilated for on-campus use as well as external audiences. Program evaluation quantitative and qualitative data are compiled in order to help evaluate the effectiveness of academic programs. The Assistant Vice President is the liaison to state-wide assessment and institutional research advisory groups associated with Missouri Department of Higher Education and federal agencies requiring institutional information.
NEW STUDENT PROGRAMS

Philosophy Statement for the First-Year Experience
Missouri Southern State University is committed to making the first year of college a success for each student. This ideal is translated into action by fostering five integrated components:

- a smooth transition into university life;
- a sense of shared responsibility;
- a challenging and stimulating learner centered academic environment;
- a sense of inclusive community;
- a comprehensive support program of personnel and resources.

The University facilitates the transition to higher education from diverse life experiences and develops lifelong learners for intellectual, cultural and social exchanges. The responsibility for student learning is shared by all members of the campus community. The University's liberal arts foundation prepares students to become knowledgeable, critical thinkers who can meet the challenges and responsibilities facing global citizens. Missouri Southern fosters a sense of community, campus spirit and support for its first year students by promoting connections with faculty, administrators, support staff and peers. Continuous quality assessment of each of the components is conducted so that necessary changes are implemented to maximize the first year experience.

Missouri Southern's philosophy for the first-year experience is put into action in numerous ways. The faculty and staff members bring the philosophy to life by their friendly and helpful approach to students. First-year students have opportunities to participate in activities and events designed to introduce them to others and campus life.

First-Year Experience Program
Dr. Susan Craig, Director
Hearnes Hall, 417.625.9731

The First-Year Experience Program has been established to help achieve the goal of beginning student success through several avenues, including offering the UE 100: The University Experience course for all beginning students, the Common Reading Program and the UE 400: Leadership Training I and UE 401: Leadership Training II courses for course assistants.

UE 100: The University Experience is a fundamentals course designed to assist first-year students in successfully defining themselves both as active participants in the MSSU community and as citizens of a twenty-first century global community. The course offers information on university personnel, facilities, services, policies, study skills and MSSU's international mission and international study opportunities. Student participation in co-curricular activities is required. The course is taught by an instructor with the assistance of a course assistant. The course assistant serves as an example and a resource for the first-year students.

MSSU Common Reading Program
Each year, a book is chosen as a Common Reading for use in all sections of the UE 100: The University Experience course. Students read, discuss and study the book, as well as its author. The book is chosen by committee prior to the start of the academic year. A speaker related to the reading (i.e. author, translator, character) comes to campus to lecture and meet with the first-year students and the campus as a whole.

Course Assistant Program
Course assistants (CAs) are upper level students who share their insights and experiences with entering students in the University Experience class. Their recent experiences and success in the academic environment make them effective models. Upper level students apply for the assistant role and receive training through UE 400/401: Leadership Training I & II.

HONORS PROGRAM

Dr. Michael Howarth, Director
Webster Hall 118, 417.625.3005

Mission
The Honors Program serves Missouri Southern State University by recruiting academically talented, motivated students and engaging them in enhanced educational opportunities and challenges designed to promote their continual development as scholars and citizens.

Vision
The Honors Program will be recognized as a leader in academic excellence by both the University and the community and will serve as a model by which students are enabled to exemplify the fulfillment of the University's mission and values.

Values
Intellectual Curiosity
The Honors Program promotes interest leading to inquiry, the pursuit of diverse knowledge and a respect for varied ways of knowing.

Community
The Honors Program fosters personal, supportive contact between and among its students and faculty while encouraging students to participate in all aspects of campus life.

Student-Centered Learning
The Honors Program provides challenging, active learning opportunities in all areas of the curriculum.

Critical Thinking
The Honors Program provides students with experience in objectively analyzing and interpreting information, opinions and beliefs.

Scholarship
The Honors Program promotes academic excellence in all areas, with an emphasis on scholarly research.

Service Learning
The Honors Program facilitates the maturation of students as citizen leaders through service to the community and individual reflection.

International Experience
The Honors Program prepares its students to be global citizens by emphasizing cross-cultural experiences.

Student Support
The Honors Program provides special support to its students to assist them in reaching their personal and professional goals.
The Honors Program serves Missouri Southern State University by recruiting academically talented and motivated students and engaging them in enhanced educational opportunities and challenges designed to promote their development as scholars and citizens.

Beginning with the first semester of their freshman year, Honors students participate in specially-designated Honors classes. Because admission is selective and competitive, these classes are smaller and often involve more active learning than regular classes, permitting Honors students greater and more intensive interaction with their instructors and other outstanding students. Honors students also enjoy intensive guidance and personal attention from the Honors directors and from distinguished faculty in their area of study.

Independent studies and the Senior Thesis project provide students and faculty with the flexibility they need to pursue scholarly interests and to design and implement innovative, creative approaches to learning.

Performance expectations are high. Honors students are held to the highest standards of academic performance, but are not in competition with one another. Instead, an atmosphere of openness, cooperation and intellectual adventure enables Honors students to inspire and challenge one another to the highest levels of achievement.

The Curriculum
While students will take courses offered in Southern’s regular curriculum, these five features are specifically designed for Honors students:

Honors Forum
This course is an open forum to provide an in-depth discussion of a specific topic, text or other matter of interest. Students engage in critical thinking as they participate in and lead classroom discussions and presentations.

Honors Courses
Special sections of required courses such as English composition are designated as Honors sections. There are a number of such courses offered each semester and Honors students select several from these, particularly during their freshman and sophomore years.

Senior Honors Thesis
Honors Scholars enhance a course in their major for Honors credit during the senior year. Working under the guidance of professors in their major field, they design and carry out independent projects investigating a topic in depth and utilizing original research methods. Each student makes a presentation of his or her research to an Honors Colloquium open to a campus-wide audience. The presentation is required of each student for completion of the Honors Program.

Honors Recognition
Missouri Southern is affiliated with the National Collegiate Honors Council, The Great Plains Regional Honors Council and the national honor societies Phi Eta Sigma and Alpha Chi. Most Honors students have the opportunity to participate in the activities of these organizations.

Every Honors course completed with a final grade of 'A' or 'B' is identified as an Honors course on the student’s transcript. Students who maintain a cumulative GPA of at least 3.3, complete the required 26 hours of Honors courses and who maintain acceptable progress in Honors will receive special recognition at commencement.

Honors and Evans Scholarships
All Honors Scholars must be eligible for an academic scholarship at Missouri Southern. In addition to competing for admission to the Honors Program, candidates are also competing for additional scholarships. The Honors and Walter and Fredrica Evans Scholarships will be awarded in varying amounts to the most highly qualified applicants as funds allow. The Evans is a four-year renewable scholarship applicable to both tuition and room and board, while the Honors Scholarship applies to tuition only. These scholarships are Southern’s most valuable institutional academic awards and are applicable to fall and spring semesters only.

Eligibility
All students who wish to participate in the Honors Program must first be admitted to Southern. Incoming freshmen with at least a composite score on the ACT of 28 or with at least a GPA of 3.5 (on a 4.0 scale) in high school course work are invited to apply for admission to the program. To complete the application process the student must submit an application form, a transcript and two letters of recommendation mentioning the student’s strengths as a scholar. An essay may also be required. Outstanding candidates will be invited to an on-campus interview.

Students who have already completed one to four semesters of course work with a GPA of 3.5 at Southern or any other accredited college or university are also invited to apply for admission into the program, though they may not be eligible for the Honors or Evans Scholarships. Since a majority of the required 26 Honors credits must be earned in courses meeting the General Education Requirements, applicants who have previously earned more than 30 college credits will need to present a plan for completing these requirements in order to be considered for admission.

Spiva Library is the major information resource on campus, providing 282,222 print volumes including state and federal government documents. A 775,337 item microform collection, a law collection, print and electronic journal subscriptions, and electronic databases provide additional materials for student research. Collections housed in the archives include the Congressional Papers of Gene Taylor, a former member of the United States House of Representatives; Tri-State mining maps; the papers of Dr. Arrell Gibson, a noted Western historian; and MSSU archival material.

Mission
The George A. Spiva Library provides organization of and access to information essential to Missouri Southern State University’s commitment to a liberal arts education and lifelong learning, with a firm emphasis on international studies and quality classroom teaching. The library also serves as a resource for residents in the region.

Professional librarians and trained support staff expedite and enhance access to information through the sharing of expertise, participation in networks, the acquisition and maintenance of resources, creation of bibliographic tools and help guides, development of instruction programs and the availability of reference services. The curriculum and research needs of students, faculty and staff are met by providing timely access to information in the most beneficial format.

Spiva Library provides user-oriented services, introduces new technologies and build collections that contain diverse points of view. These initiatives demonstrate the central role played by the library in supporting the mission of the University and the educational needs of our constituents.
Building
The Cragin addition and renovation of Spiva Library took place in the fall of 2001. The new addition doubled the square footage of the library to 80,000. The changes provide a modern and up-to-date facility that is the center for campus study and research.

University Java coffee shop on the 1st floor of the library allows students to study and enjoy a beverage or snacks. They may also surf the web on nearby computers or checkout and return materials at a secondary Circulation desk. The lounge area near the coffee shop is a popular place for faculty to meet with classes or conduct office hours. Archives and Technical Services are also located on the 1st floor. The 2nd floor of the library houses the main collection, private study rooms, a small computer lab, the Career Services department, and the ITS help desk. The 3rd floor is considered the “research floor” of the library and it’s where Circulation, Reference, reserves materials, periodicals, and the Resource Center are located. A large computer lab enables students to conduct research and prepare papers or presentations. Cell phone usage is prohibited on the 3rd floor.

The Belk Faculty Reading Room on the 4th floor recognizes retired faculty and provides a unique space for meetings or grading papers. The adjacent Quiet Room is beautifully furnished and maintains the enforced quiet that many people desire in the library. Also located on the 4th floor are the audio visual collection, curriculum materials, juvenile and young adult books, government documents and microforms.

Computers and wireless access are available throughout the library. Students may connect their own laptops to the campus backbone in the library. Other open areas with comfortable lounge furniture or tables and chairs provide students with places to relax and study. Study rooms are available for students wanting privacy or to work in groups without disturbing others.

Online Catalog
SWAN (SouthWest Academic Network) is the public catalog which is available online at http://swan.missouri.edu. The catalog allows a search of Missouri Southern’s materials and/or those held by other SWAN institutions. SWAN has grown to include: Missouri Southern State University, Assemblies of God Theological Seminary, Baptist Bible College, Cottey College, Crowder College, Drury University, Forest Institute of Professional Psychology, Missouri State University, Ozarks Technical Community College and Southwest Baptist University.

SWAN is one of eleven clusters forming MOBIUS, a consortium linking academic, public, and special libraries. MOBIUS enables students, faculty, and staff to borrow books from member libraries and receive them within an average of 48-72 hours. The requests are delivered Monday through Friday by an independent courier. This system eliminates tedious forms and provides rapid service. The book resources available through MOBIUS number in the millions and may be borrowed free of charge.

Research
Major electronic databases in business, education, social science, history, psychology, English, biology, nursing and many other disciplines are available online, many in a full text format. Access to these resources is available through the library’s web page http://www.missouri.edu/library. Students and faculty may access these resources from off-campus through the proxy server using their Missouri Southern credentials. Spiva Library maintains print periodicals and microforms of back issues.

Interlibrary loan requests for materials that are unavailable in-house or through MOBIUS are sent and received through an international computer network of libraries called OCLC. Periodical articles are rapidly sent and received via fax and email.

Instruction
The teaching function of the library is important, as it should be in a university that prizes teaching excellence and contact with students. Every effort is made to ensure that students learn how to conduct effective research and to use information resources knowledgeably.

Librarians provide tours of the library, workshops, class lectures and individual assistance. An ‘Ask a Librarian’ feature is available from the library’s webpage for students to email reference questions and receive a timely response from a professional librarian. If extensive research assistance is required, please call 417.625.9342 to schedule an appointment.

Equipment
Computer labs containing workstations and scanners, connected to black and white and/or color network printers are available in the library. Additional workstations are available for quick searching. Digital and analog microfilm readers and printers are available for viewing and printing periodical back files. Black & white and color photocopiers are located throughout Spiva Library. LCD projectors and laptops are used to provide instruction.

AVC, Curriculum and Government Documents
Located on the 4th floor of the Spiva Library is the Audio Visual Center. This area includes video and audio cassettes, filmstrips, slides, kits and miscellaneous instructional materials. The AVC provides appropriate playback equipment for the materials. Curriculum textbooks, curriculum guides on microfiche as well as young adult and juvenile books that support the teacher education curriculum are housed in this area. Spiva Library is a selective depository for federal documents; they are also located on the 4th floor.

The staff provides limited production services such as letterhead transparencies, laminating. There is a small inventory of slide projectors, videocassette and DVD players, televisions, audiocassette recorders and filmstrip projectors. Equipment is housed in each campus department; therefore, the equipment is limited to basic items.

Staff & Hours
Helpful staff members are stationed throughout the library to support all materials and services. The staff is composed of seven librarians, thirteen full-time and part-time support staff members and many student workers who serve in all areas of the library.

Spiva Library hours are as follows:

<table>
<thead>
<tr>
<th>Time</th>
<th>Days</th>
</tr>
</thead>
<tbody>
<tr>
<td>Monday through Thursday</td>
<td>7:30 a.m. - 11 P.M.</td>
</tr>
<tr>
<td>Friday</td>
<td>7:30 a.m. - 5 P.M.</td>
</tr>
<tr>
<td>Saturday</td>
<td>9 a.m. - 5 P.M.</td>
</tr>
<tr>
<td>Sunday</td>
<td>1 P.M. - 11 P.M.</td>
</tr>
</tbody>
</table>

*Library hours differ during holidays, breaks and summer session.

Accessibility
Spiva Library works closely with the campus Disability Services Coordinator to ensure that the library is accessible to patrons with disabilities. Patrons with a disability may contact any library staff member for assistance.
LIFELONG LEARNING

Scott Snell, Interim Director
Webster Hall 109, 417.623.3188

Mission
The Mission of the Office of Lifelong Learning is to expand access to high-quality learner-centered education and provide superior student-focused services throughout the State of Missouri, the nation, and the world, while maintaining sound fiscal responsibility. The Office of Lifelong Learning meets this Mission through the following modes of delivery:

Distance Education
Distance education is defined by the U.S. Department of Education as education that uses one or more of the technologies listed in paragraphs (1) through (4) to deliver instruction to students who are separated from the instructor and to support regular and substantive interaction between the students and the instructor, either synchronously or asynchronously. The technologies may include--

1. The internet;
2. One-way and two-way transmissions through open broadcast, closed circuit, cable, microwave, broadband lines, fiber optics, satellite, or wireless communications devices;
3. Audio conferencing; or
4. Video cassettes, DVDs, and CD-ROMs, if the cassettes, DVDs, or CD-ROMs are used in a course in conjunction with any of the technologies listed in paragraphs (1) through (3).

Additionally, the Office of Lifelong Learning provides the following services:

Credit for Life/Work Experience
Credit may be earned for career and professional experiences that are documented through the portfolio process. The availability of credit depends on the relevance of the students’ experiences to their major as determined by the department and the school dean. The application process and initial advisement begins with the adviser for Experiential Credit. For information contact: 877.837.8527.

Continuing Education Credit Hour Courses
These courses are offered in non-traditional scheduling formats and designed primarily for professionals and job improvement. The courses may be transferable to university credit through academic petition and the approval of the department head and the school dean. Students pursuing these courses will be considered as either special or temporary until they have completed the regular student admission process.

Dual Credit
The Dual Credit Program enables high school students to enroll in college courses and simultaneously earn both high school and college credit for those courses (subject to the agreement of the high school). Missouri Southern is pleased to participate in this program. Admission to the dual credit program is limited to high school students who have completed their sophomore year, who have a cumulative high school GPA of at least 3.0 on a scale of 4.0, who are pursuing the state-designated college preparatory high school Core Curriculum, score at proficient or above on the MAP and who have the recommendation of their principal or counselor. Students should obtain a Dual Credit Application and information about available courses from the Office of Lifelong Learning, Webster Hall Room 141, phone 417-625-9861.

60-Plus Program
The pursuit of education is not limited by a person’s chronological age. The goal is to encourage continued educational growth for new careers and personal enrichment through a tuition reduction program designed for persons 60 years of age and over.

Professional Education and Conference Development
A number of conferences are provided for professional development and public awareness. Many of the conferences provide continuing education units to meet professional mandates.

Online Faculty Training & Professional Development
Any and all instructors who will be teaching an online course(s) are required to participate in the MSSU four week online faculty training course prior to teaching a MSSU online course for the first time. Additionally, online instructors are required to successfully complete one online professional development session annually.

Instructional Design
Creating instructional materials is both an art and a science. The LLL Instructional Designer (ID) creates learning methodologies that align to program/course objectives. Our ID offers expertise in adult learning principals, needs analysis, performance analysis and learning metrics. Whether a new course created from scratch is required or revisions to existing content, our ID can help Subject Matter Experts create engaging and effective learning. The Office of LLL has extensive experience leading needs assessment and task analyses, developing design documents as well as evaluating the effectiveness and ROI of training programs for any and all departments across all academic content areas.

Online Tutoring
The Office of Lifelong Learning provides 24/7 online tutoring through Smarthinking. Students connect to live educators from any computer that has Internet access, no special software installation or equipment is required. Additionally, the Smarthinking Online Writing Lab is available to assist secondary, post-secondary, and graduate students become stronger writers. Students receive a detailed, personalized critique of any written assignment, such as an essay, paragraph, report, personal statement, cover letter, resume, or creative work. When applicable, students can select specialists such as ESL, Technical Writing, or Creative Writing experts. Students can submit writing 24 hours a day, seven days a week. For information contact: 877.837.8527.

REGISTRAR

Cheryl Dobson, Director
Hearnes Hall 100, 417.625.9515

Family Educational Rights & Privacy Act (FERPA) 1974

Notice of Student Rights and Responsibilities
The Family Educational Rights and Privacy Act of 1974, as amended (also referred to as the Buckley Amendment), is a federal law regarding the privacy of student educational records and the access provided to these records. Any educational institution that receives funds under any program administered by the U.S. Secretary of Education is bound by FERPA requirements.
What Are Educational Records?
Under FERPA, educational records are defined as records that are directly related to a student and are maintained by an institution or by a party acting for the institution. Educational records can exist in any medium, including: typed, computer generated, videotape, microfilm and email, among others.

- The law applies to all students in higher education, regardless of age, once they begin attending classes. The law continues to apply to students even after they have graduated, but ceases to apply upon the death of the student.
- The University will not release information, other than directory information, from a student’s educational record without the student’s prior written consent, except to authorized persons and organizations. Even parents are not permitted access to their child’s educational records unless the student has provided written authorization permitting access.
- Authorized persons and organizations are those who have a legitimate educational interest.
- A legitimate educational interest means that the person or organization is required to perform certain duties and these duties involve the use of student data.
- Authorized persons include employees of Missouri Southern State University (including but not limited to: staff, instructors, advisers, and campus police), third parties with a legitimate educational interest, the U.S. Department of Education and other education authorities carrying out official duties, as well as financial aid lenders. Also included are organizations which MSSU has contracted as agents of the University. An example is the National Student Clearinghouse.
- There are exceptions to the rule of non-disclosure, which involve health and safety. This means that to prevent sickness, injury or death, the University may disclose information usually held to be protected. Also, an agent of the court with a properly issued court order or subpoena may receive student data, though we will first attempt to notify the student before complying with the subpoena.

Directory Information
Directory Information at MSSU may be made available to the general public unless the student completes a Privacy Request form in the Office of the Registrar. In the case of a Privacy Request, the University will not release any information, even directory information. This restriction does not apply when providing information to those who have a legitimate educational interest.

The following is considered Directory Information:
Student’s name, student identification number, address, email address, telephone listing, date and place of birth, photograph, major field of study, year in school, grade level, dates of attendance, enrollment status (full-time or part-time), degrees, honors and awards received, participation in officially recognized activities and sports (includes height and weight of team members), most recent previous educational agency or institution attended and next of kin or spouse (emergency only).

STUDENTS HAVE CERTAIN RIGHTS UNDER FERPA, THESE INCLUDE:
- The right to inspect and review their educational records within 45 days of a request for access. Students should submit to the Registrar a written request that identifies the record(s) they wish to inspect. The Registrar will make arrangements for access and notify the student of the time and place where the records may be inspected. The institution may refuse to provide a copy of a student’s education record provided such refusal does not limit access.
- The right to request the amendment of education records that the student believes are inaccurate. The student should write the University Registrar, clearly identify the part of the record they want changed and specify why it is inaccurate. If the University decides not to amend the record as requested by the student, the University will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.
- The right to file a complaint with the U.S. Department of Education concerning alleged failures by the University to comply with the requirements of FERPA.

Limitations exist on students’ rights to inspect and review their education records. For example, the institution is not required to permit students to inspect and review the following:
- Records which do not contain educational information or do not fall into the category of educational records because of how they are maintained.
- Financial records of parents.
- Confidential records placed in education records prior to 1975 if they are used as intended.
- Confidential recommendations or receipts of honors if the student has waived the right of access to such information.
- Documents containing information on more than one student.

Please refer to the Academic Standards section on page 42 for academic policies.

WRITING PROGRAM

The director and a faculty committee advise the Vice President of Academic Affairs on the development and supervision of the program. Each student is required to complete five writing intensive courses as a part of the baccalaureate degree. Two of those five courses must be completed in the first year writing sequence, and two of the three remaining courses must be taken at the junior and/or senior level. One upper division writing intensive course must be taken in the student’s major.

Mission
The School of Arts and Sciences provides quality teaching and challenging academic experiences that contribute to the complete education of students in both the General Education Requirements and specific curriculums that prepare students for careers or additional education or training. Supporting this overall mission are sound pedagogy, contributions to scholarly and creative activity and service to the campus and community.

Goals
The School of Arts and Sciences consists of 11 departments representing more than 15 disciplines. Although diverse in nature and subject, the departments in the School of Arts and Sciences all contribute to the overall missions of the University and School of Arts and Sciences by working to achieve these goals:

1. Quality teaching is our primary goal and responsibility. Arts and Sciences faculty teach the majority of courses in the General Education Requirements, a diverse but integrated group of courses that form the foundation of higher education. The academic majors within the School of Arts and Sciences prepare students for a variety of careers or for graduate and professional school. Faculty focus on pedagogy and strive to create a rigorous and exciting
atmosphere for learners. Departments measure achievement of this goal using a structured system of faculty and course evaluation that involves input from anonymous student questionnaires, classroom visits by the department head, reviews of grade distributions, examinations, course Web pages and other supplements.

2. The second goal of the School of Arts and Sciences is scholarly and creative activity. Scholarly research and activity advances knowledge and improves teaching by keeping faculty current in their field and creating a dynamic environment for students. Creative activity and performance improves the proficiency of faculty and enhances teaching. The result is an enriched cultural experience for students and the community. The inherent desire of many faculty to advance knowledge in their discipline is further encouraged through a reward system that includes faculty development grants and credit through the system of promotion and tenure. This goal is measured primarily by examination of faculty vitae and through intradepartmental comparisons.

3. University and community service, the third goal of the School of Arts and Sciences, provides opportunities for faculty to participate in a variety of university and community affairs. Faculty donate academic expertise and problem solving skills to the university and community. The school serves as a cultural resource by presenting films, art exhibitions, dramatic productions, musical concerts and recitals. All departments provide academic activities for students in elementary through secondary grades. This goal is evaluated by rating the success and significance of various activities.

Degree requirements in the various art programs are such that it is extremely important for students majoring in art to meet with their faculty advisers each semester. There are three major, direct assessments of candidates for art degrees: The Foundation Review (Entrance examination), Junior Review and Senior Exhibit (Capstone graduation portfolio review). Students are responsible for contacting their adviser upon completion of the 18 credit hour Art Foundation Program to apply for The Foundation (Entrance Examination) Review. Passing this portfolio review is the entrance examination for application and enrollment in the Bachelor of Fine Arts Degree and if they do so, students may only be enrolled in one of the art department’s other degree programs. The review also serves as an opportunity early in the art student’s education for the student and the art faculty to review the academic and artistic progress that the student is making towards personal and institutional goals. For the review, students submit a representative portfolio of their creative work from the foundation courses in person to a selection of the art faculty following guidelines established in advance by the art department faculty.

The Junior Review serves as the entrance exam for our capstone course, Senior Exhibit. For this review all art students submit an essay and have a formal meeting with the entire department faculty where they present a prepared visual presentation documenting the performance of their art department coursework. This oral presentation and the paper both follow guidelines established in advance by the art department faculty.

Only students who have passed the Junior Review process are eligible to enroll in Senior Exhibit which is both a two credit hour capstone course that meets once a week every fall semester as well as a capstone experience culminating in a one or two week formal exhibition of the student’s artwork to the public in the spring semester. The final grade students receive for this experience is determined both by the student’s participation in the semester long course as well as an average of the evaluations all art faculty members submit based upon a ratings sheet assessing how well a candidate meets established criteria in the actual exhibition as well as a submitted exit portfolio.

ART 110, Art Appreciation, meets the General Education Requirement for non-art majors in the Humanities and Fine Arts area.

Mission
The Art Department complements a university liberal arts education with professional training in visual art by offering several major areas of study. These develop highly trained artists who will become designers, teachers and studio artists. The department also includes minors for students majoring in other fields who desire to develop creative thinking and problem solving skills.

Implementation
The Bachelor of Arts degree in Visual Art combines a liberal arts background with a strong foundation in studio arts and art history to prepare graduates for a wide range of career opportunities. The Bachelor of Fine Arts in Studio Art is the professional course of study that prepares graduates to pursue a career as a visual artist in areas such as sculpture, painting, printmaking or ceramics while The Bachelor of Fine Arts in Graphic Design prepares students to pursue careers in advertising, print production, electronic media, web design and package design. Graduates with a Bachelor of Science in Education and a major in Art are certified through the Teacher Education program to teach K-12 in the state of Missouri.

Course Descriptions

ART 0100  (F,S) 3 hrs. cr.

Art Theory
A survey course that provided an introduction to the theoretical and philosophical underpinnings of art through the exploration of art history, aesthetics, criticism, studio and cultural influences. The objective is to provide a foundation of understanding for the beginning art student through reading, discussions and investigations of the ideas and condition that influence the inception and development of works of art. The course will consist of lecture, research, verbal and written critiques and discussions.

ART 0101  (F,S) 3 hrs. cr.

Two Dimensional Design
Foundation studio course that incorporates principles and elements of design in solving studio problems. Six studio hours per week. Lab fee required.

ART 0103  (F,S) 3 hrs. cr.

Three Dimensional Design
Foundation studio course introducing the use of the Elements of Design and Principles of Composition to design and create three-dimensional objects and spaces. A variety of basic materials, tools, skills and techniques are covered. The course consists of lecture, research, studio projects, verbal and written critiques and/or discussions. There may be additional costs in addition to course fees. Six studio hours per week. Lab fee required.

ART 0105  (F,S) 3 hrs. cr.

Color Theory
Foundation studio course dealing with the theories, problems and applications of color. Six studio hours per week. Lab fee required.

ART 0110  (F,S) 3 hrs. cr.

Art Appreciation
A survey designed to increase appreciation of the visual arts through readings, slide lectures, library research and visits to the George A. Spiva Center for the Arts. Development of the cognitive and critical processes as they relate to the visual arts are emphasized.

ART 0130  (F,S) 3 hrs. cr.

Basic Drawing
Development of perceptual and structural drawing skills through the study of line, value, perspective and composition using various media. Six studio hours per week. Lab fee required.

ART 0140  (F,S) 3 hrs. cr.

Basic Digital Photography/Computer Skills
Introduction to digital photography and image editing emphasizing the technical and aesthetic issues and how these qualities inform image content. Control of camera settings, natural and studio lighting and basic Photoshop editing is explored as well as career options in digital photography. A final printed and digital portfolio will be prepared. Students enrolled in the course must own a digital camera. Professional cameras, computers, software, lighting equipment and a studio will be provided for assignments. Six studio hours per week. Lab fee required. There may be additional supply costs in addition to course fees. Satisfies departmental requirement for a computer application course.
ART 0200  (F,S)  3 hrs. cr.
Arts & Crafts
Basic crafts survey exploring materials and processes of traditional and contemporary handicrafts. Investigates historical and contemporary uses of the five core Fine Craft media: Clay, Wood, Fiber, Precious Metals and Glass. Also the importance of the roles of functionality and craftsmanship. The course consists of lecture, research, hands-on studio projects, verbal and written critiques and discussions. Lab fee required.

ART 0205  (F,S)  3 hrs. cr.
Begin Jewelry Design/Metalsmithing
Creative exploration of design fabrications, casting and forging processes. Six studio hours per week. Lab fee required. Prerequisite: ART 101 or approval of instructor.

ART 0207  (F,S)  3 hrs. cr.
Beginning Ceramics
A studio course introducing the art of ceramics. Procedures, techniques, historical processes and basic fundamentals of painting with acrylic. Six studio hours per week. Lab fee required.

ART 0210  (F,S)  3 hrs. cr.
Beginning Painting
An introduction to and the development of needed skills to use the potter’s wheel to create basic pottery forms. Fundamentals of the entire ceramic process are introduced, including clay preparation, application of glazes, firing and methods and techniques of hand building with clay. There may be additional supply costs in addition to course fees. Six studio hours per week. Lab fee required.

ART 0211  (F,S)  3 hrs. cr.
Beginning Sculpture
An introductory exploration of formal and conceptual issues found in creating sculpture. This exploration includes using additive, subtractive and construction techniques using, but not limited to, traditional sculpture materials, equipment and techniques. This course consists of lecture, research, studio projects, verbal and written critiques and discussions. There may be additional supply costs in addition to course fees. Six studio hours per week. Lab fee required. Prerequisite: ART 103.

ART 0212  (F,S)  3 hrs. cr.
Introduction to Printmaking
Introduction to the printmaking tools, materials, techniques and process of the (1) Intaglio: etching, drypoint, aquatint and softground (2) Lithography (3) Monotype and monoprint (4) Relief: woodcut, linocut. Emphasis on drawing and design. Six studio hours per week. Lab fee required. Prerequisite: ART 130.

ART 0215  (F)  3 hrs. cr.
Illustrator/InDesign
Studio course introduction of computer graphics-publishing using Illustrator and InDesign on the Macintosh computer. Students will study computer vector illustration, desktop publishing and page design, using type and images. File and disc management, storage and scanning included. Six studio hours per week. Lab fee required. Prerequisites: ART 101, ART 105, ART 130 and ART 140.

ART 0216  (S)  3 hrs. cr.
Photoshop & Web Design
Studio course introduction of imaging and web design using Adobe Photoshop and Dreamweaver on the Macintosh computer. Students will study photo editing, creative illustration and web design. File and disc management, storage and scanning included. Six studio hours per week. Lab fee required. Prerequisites: ART 101, ART 105 and ART 140.

ART 0220  (F,S)  2 hrs. cr.
Art for the Elementary School Teacher
Art theory and experiences, curriculum theory and appropriate materials, objectives, methods, activities and resources preparatory to instruction of elementary school students. Lecture, discussion and studio. Required for both elementary education majors and secondary art education majors. Lab fee required.

ART 0232  (F,S)  3 hrs. cr.
Beginning Painting
Procedures, techniques, historical processes and basic fundamentals of painting with acrylic. Six studio hours per week. Lab fee required. Prerequisite: ART 101, ART 105 and ART 130.

ART 0240  (F)  3 hrs. cr.
Typography and Lettering
A studio course introducing the art of typography. Designed to develop the skills needed to competently use the tools, materials and methods employed by professionals for layouts, typsetting and composition. All assignments use lettering or typography as the primary design element. Prerequisite: ART 101 and ART 130. Six studio hours per week. Lab fee required.

ART 0301  (S-Even)  3 hrs. cr.
Art History, Prehistoric Through Gothic
Historic survey of the visual arts from prehistoric through the Middle Ages. Primarily in the Near East, North Africa and Europe.

ART 0302  (F-Odd)  3 hrs. cr.
Art History, Renaissance Through Modern
Historical survey of the visual arts of Europe from the Early Renaissance through the Modern period. Comparative study of other cultures included.

ART 0303  (S-Even)  3 hrs. cr.
Art History, 19th Century
Historic survey of the visual arts of Western Europe and the United States focusing primarily upon the styles of Neo-Classicism, Romanticism, Realism, Impressionism and Post-Impressionism.

ART 0304  (F-Odd)  3 hrs. cr.
Art History, 20th Century
Study of the mainstreams of Western Art in Europe and the United States, including its sources and influences. Emphasis placed on the succession of modernist art movements in France and Germany from 1900 to 1945 and in the United States from 1945 to present.

ART 0306  (Demand)  3 hrs. cr.
Art History, African Art
Historical survey of African art covering different groups of people, different periods, geographic areas and mediums. Requirements: research paper oral presentations, periodic tests.

ART 0309  (S)  3 hrs. cr.
History and Theory of Graphic Design
A course structured to give the graphic design student a survey of the complex history of this field. The class will cover the topics in graphic design from prehistoric times through the present. Involved will be the invention of alphabet, printing, movable type, manuscript, type design and most forms of printing. In addition they will cover the major periods in advertising history and understand the important visual forms that expanded this profession.
Students will observe, analyze and critique artwork attributed to major design innovators from various periods in history. Course will consist of research, verbal and written critiques and discussions.

ART 0310  (F,S)  3 hrs. cr.
Water Media
Mixed media painting class that may include techniques and aesthetic processes of watercolor painting. Six studio hrs. per week. Lab fee required. May be repeated for a total of six credit hours. Prerequisite: ART 232 or permission of instructor.

ART 0313  (F)  3 hrs. cr.
Intaglio/Relief
A continuation of Beginning Printmaking (ART 212). Emphasis on the techniques involved in the Intaglio and Relief Printing processes. Students will complete four major projects for each of the printing processes resulting in a total of eight finished works. May be repeated for a total of six credit hours. Prerequisite ART 212.

ART 0314  (S)  3 hrs. cr.
Silkscreen/Lithography
A continuation of Beginning Printmaking (ART 212). Emphasis on the techniques involved in the Serigraphy (silkscreen) and lithographic printing processes. Students will complete eight finished works relevant to the silkscreen and lithographic printing process. May be repeated for a total of six credit hours. Prerequisite ART 212.

ART 0325  (F)  3 hrs. cr.
Graphic Design I
Introduction to graphic design with an emphasis on the recognition, function and aesthetic use of typography/pictorial images as a visual language for a variety of projects. Includes layout and type/image relationships. Six studio hours per week. Lab fee required. Prerequisite: ART 215, ART 216 and ART 240.

ART 0330  (F,S)  3 hrs. cr.
Jewelry Design/Metalsmithing
Exploration of advanced methods and techniques of complex forms for jewelry and metalsmithing design. Six studio hours per week. Lab fee required. May be repeated for a total of six credit hours. Prerequisite: ART 205.

ART 0332  (S)  3 hrs. cr.
Painting
Students select two proposed individual content problems for self-development using a variety of media. The results will be two series of paintings on stretched canvas that provide unique solutions. Six studio hours per week. Lab fee required. May be repeated for a total of six credit hours. Prerequisite: ART 232.

ART 0337  (F)  3 hrs. cr.
Wheel Throwing
An intermediate level ceramics studio class with a focus on developing and expanding the skills and techniques used with the potter’s wheel. Designed to improve knowledge and skills with ceramic materials and techniques, especially in regards to creating functional pottery forms. This course consists of lecture, research, studio projects, verbal and written critiques and/or discussions. There may be additional supply costs in addition to course fees. Six studio hours per week. Lab fee required. Prerequisite: ART 207.

ART 0338  (S)  3 hrs. cr.
Hand Building with Clay
An intermediate-level ceramics studio class focusing on developing and expanding the skills and techniques of hand building objects with clay. Designed to improve knowledge and skills with ceramic materials and technique, especially in regards to creating sculpture ceramic forms. This course consists of lecture, research, studio projects, verbal and written critiques and/or discussions. There may be additional supply costs in addition to course fees. Six studio hours per week. Lab fee required. Prerequisite: ART 207.

ART 0341  (F)  3 hrs. cr.
Sculpture Foundry
An intermediate sculpture course focusing on plaster mold making and introducing the materials and techniques used in traditional (lost wax) as well as contemporary sculptural casting processes. Model making, investment, casting, chasing and mounting of aluminum and/or bronze sculptures are covered. The course consists of lecture, research, studio projects, verbal and written critiques and/or discussions. There may be additional supply costs in addition to course fees. Six studio hours per week. Lab fee required. Prerequisite: ART 211 or approval of instructor.

ART 0342  (S)  3 hrs. cr.
Sculpture
An intermediate study of creating sculptural forms, focusing on improving knowledge and skills with materials and techniques, conceptual thinking and visual communication. The course will consist of lecture, research, presentations, studio projects, verbal and written critiques and/or discussions. There will be additional supply costs in addition to course fees. Six studio hours per week. Lab fee required. Prerequisite: ART 211.

ART 0350  (S)  3 hrs. cr.
Graphic Design II
Continued study of Graphic Communications I with an emphasis on the design and preparation of two and three-dimensional projects for printing and web. Includes an introduction to digital studio photography and introduction to the development of an individual portfolio. Six studio hours per week. Lab fee required. Prerequisite: ART 325.

ART 0351  (F)  3 hrs. cr.
Graphic Design III
Continued study of Graphic Design with an emphasis on the design and preparation of two and three-dimensional projects. Includes use of digital studio photography and development of an individual portfolio. Six studio hours per week. Lab fee required. There may be additional supply costs in addition to course fees. Prerequisite: ART 350.

ART 0360  (S)  3 hrs. cr.
Publications Design and Layout
A course in the basic technical preparation of artwork prior to publication. Computer production techniques are taught in the context of simulated professional job processes. This course will cover specific computer and printing processes such as halftones and screens, one color, duotones and overlay techniques, two color, photo sizing, four color process printing and color separations. Additionally, basic layout, imposition and bindery, studio business practices such as pricing, estimating, time tracking, budgets, client contact and presentation will be covered. Six studio hours per week. Lab fee required. There may be additional supply costs in addition to course fees. Prerequisite: ART 325.
ART 0365  (Su)  3 hrs. cr.
Swedish Photography Seminar
Swedish Photography Seminar enrollment is limited to those individuals participating in the Summer in Sweden travel and study program. Course consists of lecture, on-site photography, critiques and photo lab work in traditional silver black and white photography. Meeting days and times will coordinate with required travel dates. Enrollment by permission of the Summer in Sweden Director or Art Department Head. Lab fee required.

ART 0368  (Su)  3 hrs. cr.
The Art of Scandinavia
Art Historical survey of Scandinavian Art with enrollment limited to those individuals participating in the Summer in Sweden travel and study program. Art Students visit museums in Stockholm, Oslo and Copenhagen to study a wide variety of Scandinavian art from many different periods. They observe, analyze, and critique selected works and architecture from a wide variety of periods to compare and contrast with contemporary works. Course consists of travel, research, verbal and written critiques and discussions. Enrollment by permission of the Summer in Sweden Director or Art Department Head.

ART 0370  (F,S)  3 hrs. cr.
Drawing
Continuation of Basic Drawing (ART 130) with emphasis on perceptual drawing techniques, composition and drawing media. Prerequisites ART 101 and ART 130. Six studio hours per week.

ART 0371  (S)  3 hrs. cr.
Life Drawing
Drawing the human figure with emphasis on anatomy, structure and form using a variety of media. Six studio hours per week. Lab fee required. May be repeated for a total of six credit hours. Prerequisites: ART 101 and ART 130.

ART 0400  (F,S)  3 hrs. cr.
Advanced Drawing
Advanced investigation of various drawing elements including compositions, structure and aesthetics. Six studio hours per week. Lab fee required. May be repeated for a total of six credit hours. Prerequisite: ART 370 and ART 371.

ART 0401  (F,S)  3 hrs. cr.
Advanced Painting
Students select an individual problem for self-development using a variety of media. Six studio hours per week. Lab fee required. May be repeated for a total of six credit hours. Prerequisite: ART 310 or ART 332.

ART 0407  (F,S)  3 hrs. cr.
Advanced Ceramics
Advanced methods, techniques and procedures of pottery making and design in clay. Six studio hours per week. Lab fee required. May be repeated for a total of six credit hours. Prerequisite: ART 337 or ART 338.

ART 0411  (F,S)  3 hrs. cr.
Advanced Sculpture
An advanced study of sculpture designed to encourage independent thought and investigation to aid in developing the artist’s personal imagery while improving knowledge and skills with materials and technique, conceptual thinking and visual communication. The course will consist of lecture, research, studio projects, verbal and written critiques and/or discussions. There will be additional supply costs in addition to course fees. Six studio hours per week. Lab fee required. Prerequisite: ART 341 or 342. May be repeated for a total of six credit hours.

ART 0412  (F,S)  3 hrs. cr.
Advanced Printmaking
Serigraphy (silkscreen), lithography, intaglio, relief and monoprint processes. Advanced studio methods for color registration and mixed media procedures. Emphasis on design, drawing concept, technical proficiency and presentation. Six studio hours per week. Lab fee required. May be repeated for a total of six credit hours. Prerequisite: ART 313 or ART 314.

ART 0422  (F,S)  3 hrs. cr.
Special Projects I in Graphic Design
Advanced studio project selected by the student in a particular area of graphic design. Students attend a regularly scheduled course of related content but complete an independent special project approved by the instructor. Requirements: (1) an exhibit of the special project two weeks before the end of the semester and (2) a formal paper documenting the special project. Prerequisite: ART 351 and approval of the instructor. Six studio hours per week. Lab fee required. There may be additional supply costs in addition to course fees. May be repeated for a total of six credit hours.

ART 0423  (F,S)  3 hrs. cr.
Special Projects I in Jewelry/Metalsmithing
An advanced studio study in jewelry and metalsmithing. Students attend a regularly scheduled course of related content but complete an independent special project approved by the instructor. Requirements: (1) an exhibit of the special project two weeks before the end of the semester and (2) a formal paper and presentation documenting the special project(s). There will be additional supply costs in addition to course fees. Six studio hours per week. Lab fee required. Prerequisite: ART 330 and approval of instructor. May be repeated for a total of six credit hours.

ART 0424  (F,S)  3 hrs. cr.
Special Projects I in Painting
An advanced studio study in painting. Students attend a regularly scheduled course of related content but complete an independent special project approved by the instructor. Requirements: (1) an exhibit of the special project two weeks before the end of the semester and (2) a formal paper and presentation documenting the special project(s). There will be additional supply costs in addition to course fees. Six studio hours per week. Lab fee required. Prerequisite: ART 401 and approval of instructor. May be repeated for a total of six credit hours.

ART 0426  (F,S)  3 hrs. cr.
Special Projects I in Sculpture
An advanced studio study in sculpture. Students attend a regularly scheduled course of related content but complete an independent special project approved by the instructor. Requirements: (1) an exhibit of the special project two weeks before the end of the semester and (2) a formal paper and presentation documenting the special project(s). There will be additional supply costs in addition to course fees. Six studio hours per week. Lab fee required. Prerequisite: ART 411 and approval of instructor. May be repeated for a total of six credit hours.

ART 0427  (F,S)  3 hrs. cr.
Special Projects I in Ceramics
An advanced studio study in ceramics. Students attend a regularly scheduled course of related content but complete an independent special project approved by the instructor. Requirements: (1) an exhibit of the special project two weeks before the end of the semester and (2) a formal paper and presentation documenting the special project(s). There may be additional supply costs in addition to course fees. Six studio hours per week. Lab fee required. Prerequisite: ART 407 and approval of instructor. May be repeated for a total of six credit hours.
ART 0428  (F,S)  3 hrs. cr.  
Special Projects I in Drawing  
An advanced studio study in drawing. Students attend a regularly scheduled course of related content but complete an independent special project approved by the instructor. Requirements: (1) an exhibit of the special project two weeks before the end of the semester and (2) a formal paper and presentation documenting the special project(s). There may be additional supply costs in addition to course fees. Six studio hours per week. Lab fee required. Prerequisite: ART 428 and approval of instructor. May be repeated for a total of six credit hours.

ART 0429  (F,S)  3 hrs. cr.  
Special Projects I in Printmaking  
An advanced studio study in printmaking. Students attend a regularly scheduled course of related content but complete an independent special project approved by the instructor. Requirements: (1) an exhibit of the special project two weeks before the end of the semester and (2) a formal paper and presentation documenting the special project(s). There may be additional supply costs in addition to course fees. Six studio hours per week. Lab fee required. Prerequisite: ART 429 and approval of instructor. May be repeated for a total of six credit hours.

ART 0442  (F,S)  3 hrs. cr.  
Special Projects II in Graphic Design  
Advanced studio project selected by the student in a particular area of graphic design. Students attend a regularly scheduled course of related content but complete an independent special project approved by the instructor. Requirements: (1) an exhibit of the special project two weeks before the end of the semester and (2) a formal paper and presentation documenting the special project. Prerequisite: ART 422 and approval of the instructor. Six studio hours per week. Lab fee required. There may be additional supply costs in addition to course fees. May be repeated for a total of six credit hours.

ART 0443  (F,S)  3 hrs. cr.  
Special Projects II in Jewelry/Metalsmithing  
Same as ART 423. There may be additional supply costs in addition to course fees. Six studio hours per week. Lab fee required. Prerequisite: ART 423 and approval of instructor. May be repeated for a total of six credit hours.

ART 0444  (F,S)  3 hrs. cr.  
Special Projects II in Painting  
Same as ART 424. There may be additional supply costs in addition to course fees. Six studio hours per week. Lab fee required. Prerequisite: ART 424 and approval of instructor. May be repeated for a total of six credit hours.

ART 0446  (F,S)  3 hrs. cr.  
Special Projects II in Sculpture  
Same as ART 426. There may be additional supply costs in addition to course fees. Six studio hours per week. Lab fee required. Prerequisite: ART 426 and approval of instructor. May be repeated for a total of six credit hours.

ART 0447  (F,S)  3 hrs. cr.  
Special Projects II in Ceramics  
Same as ART 427. There may be additional supply costs in addition to course fees. Six studio hours per week. Lab fee required. Prerequisite: ART 427 and approval of instructor. May be repeated for a total of six credit hours.

ART 0448  (F,S)  3 hrs. cr.  
Special Projects II in Drawing  
Same as ART 428. There may be additional supply costs in addition to course fees. Six studio hours per week. Lab fee required. Prerequisite: ART 428 and approval of instructor. May be repeated for a total of six credit hours.
Coursework within biology can encompass a wide range of topics including anatomy, botany, cell biology, ecology, evolution, physiology, zoology and many others. The curriculum for a Bachelor of Science with a Major in Biology is arranged into three areas of study in order to highlight courses that are most appropriate for a particular area of interest.

**Biomedical Sciences.** Students interested in pre-dental, pre-medical, pre-optometry, pre-pharmacy, pre-physician assistant, pre-physical therapy or pre-veterinary studies should consider courses that are listed within the area of biomedical sciences. Many of these courses may be required by professional schools such as medical schools or pharmacy schools.

**Field/Conservation Biology.** Students interested in botany, conservation, ecology, evolution, marine biology, wildlife, zoology, or other related topics should consider courses that are listed within the area of field or conservation biology. These courses provide a solid educational background for students wanting to pursue graduate studies or careers in these related areas.

**General Biology.** Students interested in a more broad range of biological topics should consider courses that are listed within the area of general biology. These courses provide a diverse educational background that would allow students to pursue graduate studies or careers in a wide range of biological sciences.

A Bachelor of Science in Biology with the Bioinformatics Option provides for a double major in Biology and Computer Information Science. Bioinformatics is a discipline that prepares students for careers in designing and implementing computational algorithms for managing, processing, and analyzing databases or genetic sequences.

A Bachelor of Science in Biology with the Forensic Science Option provides for a double major in Biology and Biochemistry. Forensic Science is the application of the broad use of biological and biochemical techniques to obtain criminal or other legal evidence.

A Bachelor of Science in Education with a Major of Unified Science, Biology Endorsement will allow students to teach introductory level courses in biology, chemistry, earth science, and physics and to teach advanced courses in biology at the secondary level.

A Bachelor of Science in Education with a Biology Certification will allow students to teach introductory and advanced level courses in biology at the secondary level.

Internships are encouraged for biology majors. These internships allow the students to gain practical experience in a work or research setting. Students work under the joint supervision of a faculty member and a representative of the institute providing the intern experience.

**Bachelor of Science with a Major in Biology**

**Major Codes BI01-BI10**

**Supporting Requirements** — 25

**Electives** — 24-25

*Required courses in biology, chemistry, mathematics and physics satisfy major requirements and 12 hours of the General Education Requirements. **Electives should be chosen based on the following divisions:

**Biomedical Sciences** — 15

Recommended courses: BIO 201 or 331, 240, 290, 301, 308, 350, 361, 362, 370, 380, 431, 433, 442, 450, 455, 456, 464, 490, 498, 499

**Field/Conservation Biology** — 15

Recommended courses: BIO 250, 290, 300, 302, 303, 304, 312, 316, 322, 331, 332, 352, 361, 370, 422, 431, 440, 450, 455, 464, 490, 498, 499

**General Biology** — 15

Recommended courses: -- two from each of the following:

- Biomedical Sciences electives
- Field/Conservation Biology electives

***This combination of required courses fulfills computer literacy requirement.

****Must include at least 40 Upper Division (300 - 400 level) hrs.

Although not required for the BS in Biology, some students may need additional courses to meet admission requirements for professional or graduate school. Students should contact their advisor and prospective professional or graduate school for information regarding the specific courses required.

Course Descriptions

BIO 0070 (F,S) 2 hrs. cr.
Introduction to Life Sciences
An introductory course that focuses on the basic scientific principles of biological molecules, cellular biology and use of scientific terminology. Emphasis will be placed on examples of human biology and prepares students for further study in the biomedical sciences, allied health professions and other science majors. No credit toward baccalaureate degree.

BIO 0100 (Demand) 1 hr cr.
Freshman Seminar
Designed to give formal and informal instruction to incoming Biology majors on careers in Biology, internships and provide opportunities for students to become actively involved with departmental programs. Recommended for all Biology majors.

BIO 0101 (F,S,Su) 4 hrs. cr.
General Biology
A survey of general biological principles that emphasize concepts relevant to the student. Special topics may be used to illustrate course content. Three one-hour lectures, one 2-hour laboratory per week. Fulfills General Education requirements for Area D1. Does not fulfill biology degree requirements.

BIO 0105 (Demand) 4 hrs. cr.
General Biology: Environmental Health Emphasis
A general biology course that emphasizes environmental health. The organization, complexity and interdependency of life is revealed through the study of life chemistry, cells, organisms, respiration, photosynthesis, genetics, populations, evolution and ecology. Emphasis is placed on protection of the human environment with discussion of environmental issues and environmentally related public health concerns. Three lectures, one two hour lab per week. Fulfills general education requirement in Area D1. Does not fulfill biology degree requirements.

BIO 0110 (F,S) 4 hrs. cr.
Principles of Biology I
First in a two-course introductory sequence for biology majors. The unifying principles of living organisms including scientific method, biological molecules, cell structure, function and metabolism, genetics, evolution, and a survey of Prokaryotes, Protists, and Fungi. Three lectures, one 3-hour lab per week. Fulfills general education requirements for Area D1. Prerequisites: BIO 101 or BIO 105; or an ACT composite score of 21 or higher. High school chemistry strongly recommended.

BIO 0111 (F,S) 4 hrs. cr.
Principles of Biology II
A continuation of BIO 110 to include the evolution, diversity, structure, function and ecology of plants and animals. Three lectures, one 3-hour lab per week. Prerequisites: BIO 110 with a grade of ‘C’ or better.

BIO 0121 (F,S,Su) 4 hrs. cr.
Human Anatomy and Physiology I
The first in a two-course sequence in which human anatomy and physiology are studied using a body system approach. Includes the concept of scientific inquiry and the fundamental concepts of cell biology, cell metabolism, and genetics. Three lectures and one, 2-hour lab per week. Fulfills the General
Education requirements in Area D1. Prerequisite: ACT composite score of 19 or higher or a satisfactory score on a Departmental Assessment or BIO 0070 with a grade of ‘C’ or better.

BIO 0201  (F,S)  5 hrs. cr.  
Human Anatomy  
A general treatment of human anatomy from the tissue through the organ system levels of organization. The lecture provides the conceptual and organizational framework for laboratory, which utilizes microscopy, dissection, anatomical models and anatomical software. Three hours of lecture, two 2-hour labs per week. Credit toward the biology major granted for one anatomy course: BIO 201 or BIO 331. Prerequisite: BIO 101 or BIO 105 or BIO 111.

BIO 0210  (F,S)  4 hrs. cr.  
Molecular Biology  
Physiological characteristics and function at the molecular levels of both plant and animal cells. Three lectures, one 2-hour lab per week. Prerequisites: BIO 111 and CHEM 152.

BIO 0221  (F,S,Su)  5 hrs. cr.  
Human Anatomy and Physiology II  
A continuation of BIO 121 - Anatomy and Physiology I. A systems approach will be used to emphasize the interactions between form and function at the gross and microscopic levels of human organization. Three lectures and two, 2-hour labs per week. Prerequisite: BIO 121.

BIO 0231  (F,S,Su)  5 hrs. cr.  
General and Medical Microbiology  
Structure and function of microorganisms. Topics include general principles of microbiology, immunology and identification of microorganisms. Three lectures and two, 2-hour labs per week. Prerequisites: BIO 111 (or BIO 121) and CHEM 120 or 151.

BIO 0240  (S)  3 hrs. cr.  
Radiation Biology  
Survey of various types of radiation affecting humans, the uses of radiation and methods for monitoring radiation levels. Emphasis on the physiological damage that occurs to tissues following ionizing radiation. Three lectures per week. Prerequisites: Five hrs. of chemistry or acceptance into the School of Radiologic Technology.

BIO 0250  (Demand)  4 hrs. cr.  
Principles of Botany  
Anatomy and morphology of the plant kingdom emphasizing botanical aspects of cell biology, chemistry, genetics, physiology and plant defenses. Advantages of evolutionary adaptations evidenced as students are introduced to the diversity of plants. Prerequisite: BIO 111.

BIO 0290  (F-Even)  3 hrs. cr.  
Research and Statistical Methods  
in Biology  
Develops literature research, experimental design and statistical analysis skills required in biology and environmental health. Students learn both mathematical foundations and software applications of statistical methods. Students develop a research question, search literature, design a study and write a proposal. Prerequisites: BIO 101 or BIO 105 or BIO 111 and MATH 140.

BIO 0298  (Demand)  1-5 hrs. cr.  
Topics in Biology  
Designed to give instruction in some discipline of biology not covered in other courses. Prerequisites to be determined by department.

BIO 0300  (S-Even)  3 hrs. cr.  
Evolution  
Course designed to enhance the understanding and appreciation of the modern scientific theory of evolution. Evidence and mechanics of evolution exemplified by molecular biology, systematics, genetics and population ecology will be included as well as samples of current evolutionary research. Prerequisites: BIO 101 or BIO 105 or BIO 111.

BIO 0301  (F)  4 hrs. cr.  
Human Physiology  
A general treatment of normal human physiology which emphasizes physiological control and homeostasis at the organ system level of organization. Lecture focuses on physiological processes and concepts; the lab emphasizes the measurement of physiological variables. Three lectures, one 3-hour lab per week. Credit toward the biology major granted for one physiology course: BIO 221, BIO 301 or BIO 431. Prerequisite: BIO 111 or BIO 201 and CHEM 120 or higher.

BIO 0302  (F-Even)  3 hrs. cr.  
Conservation Biology  
The study of the conservation of biodiversity based on the principles of ecology, evolution, and genetics. This course focuses on ecological and evolutionary principles relevant to conservation, levels of and threats to biodiversity, and practical aspects of conservation, within the context of a human dominated earth. Three lectures per week. Prerequisite: BIO 111.

BIO 0303  (Demand)  3 hrs. cr.  
Computer Applications Biology  
Explores ways in which microcomputers are used to better understand and study biological phenomena. The course develops technical expertise that is required in research, graduate school, teaching and other career fields. Prerequisites: BIO 101 or BIO 105 or BIO 111.

BIO 0304  (F-Odd)  3 hrs. cr.  
Geographic Information Systems  
Explores the expanding use of Geographic Information Systems (GIS) in ecology, environmental health and related fields. Satisfies the computer literacy requirement for environmental health majors. Prerequisites: BIO 101 or BIO 105 or BIO 111 or BIO 121. Cross-listed as EH 304 and GEOG 304.

BIO 0305  (F,S)  4 hrs. cr.  
Genetics  
Introduction to principles of heredity, gene structure, expression, and regulation. Emphasis on cytological and molecular approaches to nucleic acid replication, transcription, translation, and other genetic mechanisms. Lab exercises illustrate genetic principles and techniques used in modern genetic research. Three lectures, one 3-hour lab per week. Prerequisite: BIO 111.

BIO 0308  (F,S,Su)  4 hrs. cr.  
Pathophysiology  
Altered physiological states, the cellular manifestations and causes of disease and adaptation to the alterations. Three lectures, one 3-hour lab per week. Prerequisite: BIO 221 or 301.

BIO 0312  (Su)  4 hrs. cr.  
Environmental Biology  
A study of how environmental factors interact with and impact living organisms and ecosystems. Emphasis is on global human ecology, environmental problems, sound environmental management practices and the sustainable use of natural resources. How environmental problems may be solved by the
application of sound environmental science in conjunction with the choices allowed by human values. Three hours of lecture and two hours of lab per week. Prerequisites: BIO 101 or 105 or 111 or 121. Cross-listed as EH 312.

BIO 0316 (S-Even) 3 hrs. cr. Economic Botany Economic uses of plants in the past, present and future. Emphasis on economic aspects of plants in medicine, agriculture, horticulture and industry. Includes the history of plant domestication facilitated by natural selection and purposeful breeding and an overview of plant chemistry, morphology and reproduction pertinent to economics. Prerequisites: BIO 111.

BIO 0322 (S-Odd) 4 hrs. cr. Taxonomy of Flowering Plants Relationships among selected plant groups with emphasis on classification and descriptions of taxa, nomenclature and concepts concerning the evolutionary sequence of various plant characters. Southwestern Missouri flora emphasized. Two lectures, two 2-hour labs per week. Prerequisite: BIO 111.

BIO 0331 (S) 5 hrs. cr. Comparative Vertebrate Anatomy Fundamental course designed to enhance understanding and appreciation of the structure and adaptations of vertebrates. Emphasis on evolution and the relationship between structure and function. Two lectures, two 3-hour labs per week. Credit toward the biology major granted for one anatomy course: BIO 201 or BIO 331. Prerequisite: BIO 111.

BIO 0350 (S-Even) 2 hrs. cr. Techniques in Microbiology Training in techniques in microbiology through analysis of bacterial antibiotic resistance patterns and their medical ramifications. Includes the origin, incidence, effects and prevention of antibiotic resistance. One lecture, one 2-hour lab per week. Prerequisite: BIO 231.

BIO 0352 (Demand) 1-4 hrs. cr. Biomes An in-depth study of a selected ecosystem. The interactions between plants and animals with their abiotic environment are studied in the classroom and during an extended field trip usually lasting one week or more. The habitat chosen for study varies from year to year and some trips require physical conditioning or specialized training. Living conditions range from primitive to reasonably comfortable dormitories. Students are required to bear the cost of the trip. Prerequisites: BIO 111 and permission of the instructor.

BIO 0361 (F-Even) 4 hrs. cr. Parasitology Systematic investigation of the numerous parasites found in vertebrates. Emphasis on life cycles of parasites that infect humans and domestic animals. Three lectures, one 3-hour lab per week. Prerequisite: BIO 111.

BIO 0362 (F-Even) 3 hrs. cr. Virology Structure, classification and life cycles of bacterial, animal and plant viruses, their significance in disease (including cancer) and the use of viruses in modern biological research. The laboratory will stress the cultivation of viruses in bacterial and other cells. Three lectures, one 3-hour lab per week. Prerequisites: BIO 231.

BIO 0370 (S, Su) 3 hrs. cr. Environmental Health A survey of contemporary environmental health problems and protection measures, including public health disease or injury prevention and environmental hazard mitigation. Topics include water quality, air quality, food protection, disease vector control, waste management, toxicology, radiation, shelter, recreational and workplace safety. Three hours of lecture per week. Prerequisites: BIO 101 or 105 or 110 or 111 or 121. Cross-listed as EH 370 and HS 370.

BIO 0380 (F,S) 3 hrs. cr. Epidemiology Introduction to the concepts, principles and methods generally useful in the surveillance and investigation of communicable disease outbreaks. Three hours of lecture per week. Prerequisites: BIO 101 or 105 or 110 or 121 or 122. Cross-listed as EH 380 and HS 380.

BIO 0402 (F) 4 hrs. cr. General Ecology (Writing Intensive) Study of plant and animal communities and their interaction within the environment. Emphasis on flora and fauna of Southwest Missouri and soils, climate and other major environmental factors responsible for the distribution and association of plants and animals. Three lectures, one 3-hour lab per week. Prerequisites: BIO 111.

BIO 0405 (S-Even) 3 hrs. cr. Bioinformatics Introduction to the principles and procedures used to obtain and synthesize information from DNA databases. Topics and techniques presented will include similarity searching and determination of homology, alignment and phylogeny of DNA sequences. This course is offered as part of an interdisciplinary Bioinformatics option that includes courses in Computer Information Science and Biology, but is not limited to these students. Prerequisites: BIO 305 and CIS 110.

BIO 0422 (Demand) 5 hrs. cr. Invertebrate Zoology Classification, morphology, physiology, development and evolution of invertebrate animals. Three lectures and two, 2-hour labs per week. Prerequisite: BIO 111.

BIO 0431 (Demand) 4 hrs. cr. Animal Physiology Comparative approach to the physiology of animals with emphasis on laboratory studies of both mammalian and non-mammalian vertebrates. Three lectures, one 3-hour lab per week. Credit toward the biology major granted for only one physiology course: BIO 301 or BIO 431. Prerequisite: BIO 201 or BIO 331.

BIO 0433 (S-Even) 4 hrs. cr. Histology Detailed study of microscopic structure of animal tissues and organs with special emphasis on mammalian tissue. Three lectures, one 3-hour lab per week. Prerequisite: BIO 201 or BIO 331.

BIO 0440 (S-Odd) 4 hrs. cr. Plant Pathology Historical significance of plant pathology, the physiological response of plants to abiotic factors, the anatomical and physiological aspects of plant susceptibility to disease and examples of management systems. Includes major diseases caused by bacteria, fungi and viruses. Three lectures, one 2-hour lab per week. Prerequisite: BIO 111.
BIO 0442  (S-Odd)  5 hrs. cr.  
Pathogenic Bacteriology  
A study of the structure, identification and pathology of the infectious bacteria. Three lectures, two 2-hour labs per week. Prerequisite: BIO 231.

BIO 0450  (F,S)  0-4 hrs. cr.  
Internship in Biology  
In conference with a departmental board a half semester in advance, the student shall elect to work and observe in any area of applied biology in which on-the-job experience would be beneficial to the student’s training. Course can be repeated, but a maximum of 4 credit hours can be used to meet the biology major requirements. Prerequisites: Junior standing or above in biology with a minimum of 20 biology hours and 20 upper division hours.

BIO 0455  (F,S,Su)  1-2 hrs. cr.  
Laboratory Assistant Practicum  
Supervised practical experience in assisting undergraduate students in laboratory techniques in 100 and 200 level Biology classes. A maximum of 2 hours of credit can be applied toward the Biology degree. Prerequisite: advanced standing and permission of instructor of class being assisted.

BIO 0456  (F-Odd)  4 hrs. cr.  
Immunology  
Cellular and molecular basis of the immune response in vertebrates including structure, induction and regulation of the immune response. Autoimmune disorders, vaccines, transplantation and diagnostic immunology will also be presented. The laboratory will stress the induction and manipulation of the immune response. Three lectures, one 3-hour lab per week. Prerequisites: BIO 231.

BIO 0464  (S)  3 hrs. cr.  
Cell Biology  
A current perspective on cell biology will be addressed by examining various aspects of cell structure and function. Emphasis will be on communication and regulation mechanisms in both normal and abnormal states. In addition, the historical aspects of cell biology research and the techniques used by researchers will be discussed. Specific topics will be chosen each semester depending on current research with the use of primary literature to illustrate important concepts. Prerequisite: BIO 210.

BIO 0481  (S)  4 hrs. cr.  
Aquatic Ecology  
(Writing Intensive)  
Analysis of components of freshwater systems, both impoundment and stream environments. Three lectures, one 2-hour lab per week. Prerequisite: BIO 111.

BIO 0490  (Demand)  1 hr. cr.  
Seminar  
Faculty supervised discussion group and critical review of current topics in biology. Students will present reviews in selected topics. One meeting per week. Prerequisites: For upper division biology majors. May be repeated for additional credit.

BIO 0495  (Demand)  2-3 hrs. cr.  
Roots of Science  
The course will explore the history and lives of scientists who made significant contributions in Biology or sciences impacting Biology. Travel to the scientists’ homeland or site of their research will be included to emphasize the historical components of their lives and research. Cultural sites associated with the scientists will also be visited to emphasize society’s role in their conclusions. Students will be responsible for travel expenses. Prerequisite: Determined by instructor when offered.

BIO 0498  (Demand)  1-5 hrs. cr.  
Advanced Topics in Biology  
Designed to give advanced instruction in some discipline of biology not covered in other courses. For upper division majors. Prerequisites to be determined by department.

BIO 0499  (Demand)  1-3 hrs. cr.  
Independent Research in Biology  
Individual work under the supervision of a faculty member, with the credit and hours to be arranged. Research may be undertaken in any field of biology, with adequate preparation and the consent of the supervising instructor, department head and school dean. Prerequisite: Minimum GPA of 3.0 with 90 credit hours completed.

Faculty  
Archer - Head, Donelson, Ennis, Garoutte, Gilbert-Saunders, Summerfield

Mission  
The Chemical and Physical Sciences Department is a learning community dedicated to:

• providing a curriculum that gives its majors a thorough grounding in the basic principles and methods of chemistry in theory and practice
• offering our students ample opportunities for independent research
• providing chemistry courses suitable for students majoring in other fields
• offering courses in support of the health sciences
• supporting a Medical Technology program in concert with hospitals in the region
• providing a positive environment for students, staff and faculty

Chemistry and Biochemistry graduates will find an impressive array of options and exciting opportunities in fields such as basic research, environmental protection, instrumentation, new product and process development, technical marketing, market research, forensic chemistry, teaching at all levels and information science. Moreover, chemistry degrees are valuable in health sciences such as medicine, pharmacology, clinical chemistry and industrial hygiene. The first step into a future in chemistry is a formal education. Since chemistry is such a broad field and holds diverse career opportunities, students should plan their education with a goal in mind.

Course Descriptions

CHEM 0120  (F,S)  5 hrs. cr.
Chemistry for the Allied Health Sciences
Basic principles and practical applications of general, organic, and biological chemistry. This course satisfies the requirements of certain teacher education and allied health programs. Four lectures and one 3-hour laboratory period per week. Prerequisite: Math 30 or a Math ACT score of 22 or higher.

CHEM 0151  (F,S,Su)  5 hrs. cr.
General Chemistry I
Introductions to theories of chemistry with emphasis on the relationship of structure to properties of matter, the changes that occur during chemical reactions and the quantitative aspects of these changes. Four lectures, one 3-hour laboratory per week. Prerequisite or co-requisite: MATH 140 or higher level math course.

CHEM 0152  (F,S,Su)  5 hrs. cr.
General Chemistry II
Continuation of Chemistry 151. Emphasis on the dynamics and thermodynamics of chemical processes and on the properties and reactions of analogous groups of cations and anions. Four lectures, one 3-hour laboratory per week. Prerequisites: CHEM 151 with a minimum grade of ‘C’ or permission of instructor and MATH 140 or higher level math course.

CHEM 0190  (F,S,Su)  1-2 hrs. cr.
Laboratory in Chemistry
A lower division laboratory course to be used by students who are transferring chemistry courses without a laboratory to MSSU. This will make the transferred course equivalent to the MSSU course. Class may be repeated for credit as needed.

CHEM 0201  (F)  5 hrs. cr.
Analytical Chemistry I
This is the standard first course in quantitative chemical analysis. The lecture and laboratory include the theory and practice of methods of analysis. While the primary emphasis in the first semester is on the interpretation of experimental results, other aspects of the analytical process are introduced. Three lectures, two 3-hour laboratories per week. Prerequisite: CHEM 152.

CHEM 0297  (F,S,Su)  1-3 hrs. cr.
Introduction to Research in Chemistry  (Writing Intensive)
Introduction to research techniques; laboratory work and literature search under the supervision of an instructor on a chemical research project. Involves laboratory experimentation as well as a written report on a project from any area of chemistry. Open to students having 1) freshman or sophomore standing, 2) the ability to undertake independent work and 3) permission of the instructor. This class may be taken more than once but only six hours or research classes can count toward graduation requirements. Enrollment must be approved by the adviser and the department head.

CHEM 0298  (Demand)  1-5 hrs. cr.
Topics in Chemistry
Designed to give instruction in some area of Chemistry not covered in other courses. For sophomore level science majors. Course may be taken more than once for different topics but only six hours of topics classes may be counted for graduation requirements. Prerequisite: CHEM 201 or permission of instructor.

CHEM 0301  (F,S)  5 hrs. cr.
Organic Chemistry I
Principles of organic chemistry including nomenclature, structure, stereochemistry and reactions will be studied by the functional group approach. A brief introduction to organic reaction mechanisms and spectroscopy will be presented. Four lectures and one 3-hour laboratory per week. Prerequisite: CHEM 152 with a grade of ‘C’ or better.

CHEM 0302  (F,S)  5 hrs. cr.
Organic Chemistry II  (Writing Intensive)
A continuation of Chemistry 301. Primary emphasis is on more in-depth study of the properties, nomenclature, synthesis, reactions and reaction mechanism of both aliphatic and aromatic compounds that were presented in Chemistry 301. The functional group approach is used. Organic spectroscopy is discussed in detail as related to the identification of functional groups and molecular structure. Four lectures and one 3-hour laboratory per week. Prerequisite: CHEM 301 with a grade of ‘C’ or better.

CHEM 0310  (S-Odd)  5 hrs. cr.
Environmental Organic Chemistry
Principles of organic chemistry including nomenclature, structure, and reactions will be studied by the functional group approach in an environmental context. Principles of environmental chemistry and methods used to analyze environmental samples will also be discussed. Designed for students who require a general knowledge of organic chemistry in their chosen career or as background for other courses in technical or professional training programs. Four lectures, one 3-hour lab per week. Prerequisite: CHEM 152.

CHEM 0350  (F)  3 hrs. cr.
Biochemistry I
Fundamental concepts of the chemistry of proteins, carbohydrates, lipids, and nucleic acids with emphasis on physiological aspects of these compounds. The interrelationship of these compounds in living systems will be presented through bioenergetics, reaction pathways, and chemical mechanisms. Three lectures per week. Prerequisite: CHEM 301 with a grade of ‘C’ or better.

CHEM 0352  (S)  3 hrs. cr.
Biochemistry II
Fundamental concepts of the chemistry of proteins, carbohydrates, lipids, and nucleic acids with emphasis on metabolic pathways of these compounds. The interrelationship of these compounds in living systems will be presented through bioenergetics, reaction pathways, regulatory pathways, and chemical mechanisms. Three lectures per week. Prerequisite: CHEM 302 with a grade of ‘C’ or better and CHEM 351 with a grade of ‘C’ or better.
CHEM 0355 (S) 2 hrs. cr.  
Biochemical Techniques (Writing Intensive)  
Fundamental concepts and techniques of the biochemistry laboratory. One 50 minute lecture per week followed by one 3 hour lab. Prerequisite: CHEM 350 with a grade of 'C' or better.

CHEM 0390 (Demand) 1-2 hrs. cr.  
Laboratory in Chemistry  
An upper division laboratory course to be used by students who are transferring chemistry courses without a laboratory to MSSU. This will make the transferred course equivalent to the MSSU course. Class may be repeated for credit as needed.

CHEM 0400 (S) 4 hrs. cr.  
Elementary Physical Chemistry (Writing Intensive)  
A macroscopic approach to the understanding of chemical and physical properties of chemical systems is used. The principles of thermodynamics and chemical kinetics, and their application to aqueous solutions, will be emphasized. Solution equilibria, spectroscopy, and transport processes will also be examined. Three lectures, one 3-hour laboratory per week. Prerequisite: CHEM 152 with a 'C' or better and PHYS 152 or PHYS 290 with a grade of "C" or better.

CHEM 0402 (F-Even) 4 hrs. cr.  
Physical Chemistry II  
In the first part of the course, the focus is a microscopic approach to understanding chemical systems. Quantum theory and molecular spectroscopy are emphasized. Then the microscopic approach (quantum theory) is linked to the macroscopic approach (thermodynamics) using statistical mechanics. Three lectures and one 3-hour laboratory per week. Prerequisite: CHEM 400 with a grade of "C" or better and PHYS 290.

CHEM 0421 (Demand) 5 hrs. cr.  
Analytical Chemistry II  
A continuation of Chemistry 201. This is a study of the overall analytical process. Lecture and lab deal mainly with electrochemical and spectrophotometric methods of analysis and their application in chemical analysis, but also include other physiochemical and separatory techniques used in modern analytical processes. Three lectures and two 3-hour laboratories per week. Prerequisite: CHEM 201.

CHEM 0422 (S-Even) 4 hrs. cr.  
Advanced Inorganic Chemistry  
A study of contemporary state of the several bond models in chemistry. A review of the energetics of reactions and coordination theory, followed by the chemistry of the families of the elements in the periodic table. Three lectures and one 3-hour laboratory per week. Prerequisites: CHEM 152 and MATH 250.

CHEM 0427 (S-Odd) 5 hrs. cr.  
Instrumental Analysis (Writing Intensive)  
Designed to familiarize the student with current instrumentation. The approach is through (1) lectures devoted to a particular type of instrumentation and (2) laboratories designed to give hands-on experience in the working of the instrument. Two lectures and two 3-hour laboratories per week. Prerequisite: 15 hours of chemistry with a grade of 'C' or better.

CHEM 0430 (Demand) 1-3 hrs. cr.  
Internship in Chemistry  
In conference with departmental representatives at least six weeks in advance, the student shall elect to work and observe in any area of applied chemistry in which on-the-job experience would be beneficial to the student's training. Prerequisites, Junior standing in Chemistry with a minimum of 20 hours of chemistry or by permission.

CHEM 0431 (F,S,Su) 1-2 hrs. cr.  
Chemistry Lab Assistant Practicum  
Supervised practical experience in assisting undergraduate students in laboratory techniques in General, Analytical, or Organic Chemistry. A maximum of 2 hours of credit can be applied toward a degree in Chemistry or Biochemistry. Prerequisite: Advanced standing, successful completion of the course the student wishes to be an assistant in, and permission of instructor of class being assisted.

CHEM 0440 (S-Demand) 3 hrs. cr.  
Introduction to Electrochemistry  
This is a beginning course in electrochemistry with an emphasis on applications to battery technology. Three lectures per week. Prerequisites: CHEM 201, MATH 250.

CHEM 0442 (Demand) 3 hrs. cr.  
Design and Modeling of Electrochemical Devices  
The design of electrochemical cells and the impact of designs on the overpotential losses in these cells (especially batteries). Matlab modeling will be performed. Prerequisite: CHEM 152.

CHEM 0444 (Demand) 4 hrs. cr.  
Materials and Processing Methods for Electrochemical Devices  
This course will provide an overview of materials aspects of advanced batteries and battery systems, focusing on electrode materials, separators and electrolytes. Material properties that influence battery performance characteristics, such as capacity, charge and discharge rates will be reviewed from both practical and theoretical perspectives. Current materials challenges that must be met to further improve battery performance will be discussed. Prerequisites: Junior level standing in Engineering Technology, Physics or Chemistry (MSSU) or Science or Engineering (Missouri S&T).

CHEM 0472 (Demand) 4 hrs. cr.  
Organic Qualitative Analysis  
Systematic identification of organic compounds and mixtures; organic spectroscopy is emphasized. Two lectures and two 3-hour laboratories per week. Prerequisite: CHEM 302.

CHEM 0490 (Demand) 1-3 hrs. cr.  
Seminar  
For upper division chemistry majors. Content varies, depending on the student's needs, from library research to special topics in chemistry. Prerequisite: Senior standing or permission of department head.

CHEM 0496 (Demand) 2 hrs. cr.  
Problems in Chemistry (Writing Intensive)  
A practical research class especially designed for students seeking a Bachelor of Science in Education with a major in chemistry. The class involves laboratory work and a literature search under the supervision of an instructor on a chemical research project. Involves lab experimentation as well as a written report on a project from any area of chemistry. Open to students needing a problems course in chemistry to satisfy Missouri Certification Standards for Secondary Teachers in Chemistry. Students must have a minimum of 20 hours of chemistry and permission of the instructor. Enrollment must be approved by the adviser and the department head.
A major in communication offers an array of career opportunities in such fields as public communication, television, radio, journalism, social media and public relations. In the education process, emphasis is placed on media convergence exemplified by speaking and writing skills as well as gaining technical knowledge related to mass media production and publication. A major in communication is one of the most diversified areas of study available to students who wish to excel in business, industry, government or education at the local, state, national and international levels. Missouri Southern graduates in communication have found successful careers in the media, government, education, public relations positions, hospitals, and state and national associations.

Students pursuing a Bachelor of Arts or Bachelor of Science degree in communication have three options. Option I: Speech Communication examines the role of human communication in social organizational, political and cultural interactions. This option places a balanced focus on the theory and practice of communicating. Special emphasis includes identifying the antecedents of communication, its form and content and its consequences. Option II: Mass Communications offers students the necessary abilities in planning, preparing and producing programs in electronic media and/or designing and writing for journalism. This option emphasizes the technical skills, creativity and demand for understanding target audiences in mass media. Students gain hands-on experience in television, radio and print laboratories. Option III: Public Relations allows a student to develop a specialty focusing on the aspects of promoting and showcasing organizations. Also available is a Bachelor of Science degree in Education with a teaching emphasis in Speech Communication and Theatre.

The Communication Department oversees the operations of KGCS-TV with its digital broadcast station and cable service. The Department also manages KXMS: Fine Arts Radio International, a 24-hour-a-day radio station operated with students and community volunteers. Perhaps the most widely recognized contribution of the Communication Department is The Chart, a student-operated newspaper published weekly. The Chart has been honored by the Society of Professional Journalists as the best non-daily university newspaper in the nation. Additionally, the Department publishes Crossroads, the alumni magazine. Missouri Southern is also headquarters of the ISWNE, the International Society of Weekly Newspaper Editors, a global organization.

Students also have opportunities to participate in other communication-sponsored activities. The Debate and Forensics program offers students the chance to develop their critical thinking skills and to participate in events such as informative, persuasive, Lincoln-Douglas and extemporaneous speaking competitions. Debate and Forensics students may join the forensic honor society of Pi Kappa Delta. Missouri Southern Debate and Forensics has consistently rated in the top ten teams in the nation over the last ten years. Communication majors interested in mass media may join Southern’s chapter of the national broadcast fraternity of Alpha Epsilon Rho and participate in its state, regional and national conventions. Public Relations students may join the Public Relations Student Society of America.

Internships and study abroad are also encouraged for communication majors. Internships allow students to gain professional experience in the field they may wish to pursue. Students work under the joint supervision of a faculty member and a representative of the organization providing the intern experience. Study abroad is best exemplified by the International Media Seminar which meets at the American University in Paris, France. Students attend classes and visit newspaper and television businesses in the City of Light.

The communication curriculum acknowledges the diversity and inter-connectedness among peoples, promotes an understanding of human values and prepares its students for leadership in a competitive world.

General Education Requirements for all students of the University include COMM 100 Oral Communication.
**Bachelor of Arts with a Major in Communication**

**Speech Communication**

*Other courses may be substituted with permission of advisor.

**Course Descriptions**

**COMM 0100 (F,S,Su)**  3 hrs. cr.  
*Oral Communication*  
Principles of oral communication, including speaking and listening competencies and skills. Primary emphasis is on presenting various types of speeches and improving listening ability. Research organization, reasoning, language and evaluation skill development are included. Three contact hrs. per week. (Required of all degree candidates.)

**COMM 0101 (F)**  3 hrs. cr.  
*Introduction to Human Communication*  
An introductory survey of the field of communication, exploring theoretical and research foundations. Included are discussions of language and verbal interaction and nonverbal communication. Contexts of communication are covered: interpersonal, group and organizational, public, intercultural and mass. Also covered will be career opportunities for students who choose a major or minor in communication.

**COMM 0111 (F,S)**  3 hrs. cr.  
*Newswriting*  
Development of techniques in reporting and writing for a newspaper. Work on the college newspaper, *The Chart*, is required. Prerequisite: English 80 or completion or concurrent enrollment in English 101 or above or permission of instructor.

**COMM 0121 (F,S)**  1 hr. cr.  
*Forensics Workshop*  
A practicum in forensics, including research, traveling to competitions, organization and presentation of the current debate proposition along with development and presentation of individual events. May be repeated for a maximum of four hours of credit.

**COMM 0131 (F)**  3 hrs. cr.  
*Voice and Diction*  
Techniques for improving the speaking voice. Attention to voice production, phonetics, pronunciation and vocal expressiveness.

**COMM 0200 (S)**  3 hrs. cr.  
*Audio Production for Media*  
Principles and techniques of sound pickup and audio control. Basic techniques of microphone use, control board operation and recording. Projects are taped for analysis and critique. Two hours lecture, two hours lab per week. Prerequisite: COMM 131.
COMM 0201  (F)  3 hrs. cr.
Video Production
Intensive practice in preparation and production of television programs. Camera techniques, floor setups and direction of crews and talent. Interviewing techniques. Development of varied on-the-air skills. Two hours lecture, two hours lab per week.

COMM 0205  (S,Even)  3 hrs. cr.
Active Listening and Strategic Negotiations
A study of the role listening plays in our daily lives and our negotiations with others personally and professionally. Emphasis on the listening and negotiation process, types of listening and negotiation skills, response strategies, and what our listening behaviors communicate to others. Intensive practice for those who recognize the importance of genuine listening and wish to acquire proficient listening abilities to achieve the best conflict resolution through negotiation.

COMM 0215  (F,S)  3 hrs. cr.
Interpersonal Communication  (Writing Intensive)
Person-to-person communication with emphasis on dyadic and group communication. Lecture, reading and discussion with class experiments designed to illustrate interpersonal communication problems. Prerequisite: COMM 100.

COMM 0220  (F,S,Su)  1 hr. cr.
Practicum in Communications
Laboratory experience on the staff of the University newspaper, yearbook or broadcast media. Students will participate fully in the work of the media, working under the supervision of faculty members. A minimum of five hours per week is required. One hour of credit each term for a maximum of three terms. Prerequisite: for The Chart or Crossroads, COMM 111; for KXMS, COMM 200; for TV, COMM 201.

COMM 0245  (F,S,Su)  2 hrs. cr.
Media Career Exploration
Work experience to explore various media in areas related to professional goals in communication and as a stepping stone to a possible internship. Students will work a minimum of 8 hours a week for a newspaper, radio or TV station or in a media capacity for a business firm organization or institution. Students must be approved for the program before enrolling and must apply before the end of one semester for the following semester. Students will work under the supervision of a faculty member and a person at the media company or organization. Students will present a portfolio or demonstration tape at the conclusion of the course, for evaluation of a final grade. Students may repeat the course for a maximum of 4 hours of credit, but each 2 hour course must focus on different media or have different media responsibilities. Prerequisite: Declared communications major with a minimum of 30 semester hours; approval of adviser.

COMM 0298  (Demand)  1-8 hrs. cr.
Topics in Communications
Topics not normally included in another course. Prerequisites are determined by the department and stipulated in syllabus.

COMM 0300  (F)  3 hrs. cr.
Organizational Communication
The interface between communication theory and organizational structure. Emphasis upon communication problems in organizations, strategies for overcoming such problems and the design of effective communication systems in organizational settings. Prerequisites: COMM 101 and 215.

COMM 0301  (S)  3 hrs. cr.
Media Management
Concepts for managing media organizations, including leadership, motivating employees, community involvement, legal aspects, ethics, audience targeting, policy determination, media organizational patterns, marketing, ownership influences, planning and decision making. Prerequisite: COMM 111.

COMM 0302  (F)  3 hrs. cr.
Photocommunications I
Theory and practice of communication through the medium of photography. Students deal with the application of photography to the mass media.

COMM 0303  (S)  3 hrs. cr.
Advanced Public Speaking
Performance-based experiences to promote proficiency in the presentation and criticism of oratory. Emphasis on refining the art of informative and argumentative speechmaking. Prerequisite: COMM 100.

COMM 0304  (F)  3 hrs. cr.
Small Group Communication  (Writing Intensive)
Small group context of interpersonal communication emphasizing group behavior and human relations. Specific units include group problem solving, decision making and leadership style. Prerequisite: COMM 100 and ENG 102 or above or permission of instructor.

COMM 0305  (F,S,Su)  3 hrs. cr.
Intercultural Communication  (Writing Intensive)
Analysis of variables influencing communication among peoples from different cultures. Emphasis on developing interpersonal skills needed in multicultural encounters. Prerequisite: COMM 100 and ENG 102 or above or permission of instructor.

COMM 0306  (S-Odd)  3 hrs. cr.
Persuasion
A theoretical examination of the principles of influencing individuals and groups, a history of rhetoric and modern application of these principles to various areas of social interaction. Prerequisite: COMM 100.

COMM 0307  (F-Odd)  3 hrs. cr.
Professional Interviewing
Designed to prepare students for professional fields which require information-seeking and -gathering, decision-making, interaction skills and self-expression. The students will participate in a variety of simulated and actual interviewing situations as both an interviewer and interviewee. Prerequisite: COMM 100.

COMM 0308  (Demand)  3 hrs. cr.
Gender Communication
The pragmatics of gender-related communication refers to the study of the embedded contexts of male-female symbolic interaction. This introduction to the field of gender communication will look at interpersonal organizational and cultural contexts. Prerequisite: COMM 100.

COMM 309   (Demand)  3 hrs. cr.
World Cinema
This course introduces you to the close analysis, cultural interpretation and global diversity of film as an artistic, social and industrial medium. It will explore some of the major currents in filmmaking from around the globe through various directors and film movements.
COMM 0310  (F,S)  3 hrs. cr.
Communication Law
Statutes, administrative regulations and court decisions affecting freedom of information, censorship, libel, privacy, contempt of court, obscenity, legal access, copyright, advertising and broadcasting. Rights, privileges and obligations of the press. Prerequisite: COMM 100.

COMM 0311  (F,S)  3 hrs. cr.
Introduction to Public Relations
Nature and scope of public relations and its relationship to interpersonal and interdisciplinary conduct. Basic elements of public relations including planning, special events, speeches, news releases, annual reports, financial reporting, visual and electronic media techniques. Prerequisite: COMM 111.

COMM 0315  (F-Even)  3 hrs. cr.
Argumentation and Debate
The theory of the modern forms of evidence, evaluations, arguments, methods of refutation and ethical relationships of these methods in a free society. Electronic tournament administration software is used. (Meets certification requirements for secondary education.) Prerequisite: COMM 100.

COMM 0320  (S)  3 hrs. cr.
Advanced Video Production
Focuses on the elements of producing and directing video programs. Students spend laboratory time learning techniques of producing programs for the University's television station. One hour lecture, four hours lab each week. Prerequisite: COMM 201.

COMM 0321  (F,S)  1 hr. cr.
Forensics Workshop
Advanced practicum in the area of forensics, including research, traveling to competitions, organization and presentation of the current debate proposition along with development and presentation of individual events. May be repeated for a maximum of four hours of credit. Prerequisites: Junior or senior standing and COMM 121.

COMM 0325  (F-S,Su)  3 hrs. cr.
Broadcast News Reporting  (Writing Intensive)
Experience in writing and reporting news for broadcast. Interview assignments, wire rewriting and actualities. Computer laboratory experience. Prerequisite: COMM 111.

COMM 0330  (F,S,Su)  1 hr. cr.
Advanced Communications Practicum
Intensive laboratory experience on the staff of the University newspaper, magazine, broadcast media or on special communications projects. Students will work for a minimum of five hours per week in positions of major responsibilities. May be repeated for a maximum of six hours of credit. Prerequisites: Junior or senior standing; media courses to prepare student adequately for work expected; COMM 220 or permission. For TV: COMM 320 Advanced Video Production or COMM 431 Electronic Field Production, for Crossroads: COMM 335 Feature Writing.

COMM 0331  (F,S,Su)  2 hrs. cr.
Advanced Newspaper Practicum
Intensive lab experience with opportunities for major leadership position on the staff of the University newspaper. Students will participate fully in the publication of the newspaper working under the supervision of a faculty member. One class session plus a minimum of ten working hours per week are required. Attendance at a weekly newspaper staff meeting also is required. Two hours of credit each term for a maximum of two terms. Prerequisites: COMM 220 and 330.

COMM 0333  (S)  3 hrs. cr.
Media Editing and Design
An examination of the editor's role and the editing process for print and online news media. Emphasis on spelling, grammar, the Associated Press Stylebook, editing for accuracy and fairness, coaching writers, writing headlines, and designing for print and online. Prerequisite: COMM 111 or permission of instructor.

COMM 0335  (F-Odd)  3 hrs. cr.
Feature Writing
Finding and writing newspaper features and magazine articles, including profiles, columns, reviews, investigative pieces, travel stories and history articles. A focus on developing and selling story ideas. Work on the University newspaper, The Chart, and the alumni magazine Crossroads is required. Prerequisite: COMM 111 or consent of instructor.

COMM 0340  (F,S)  3 hrs. cr.
Research Methods in Communication
An introduction into the process of research in communications. Using a variety of research approaches to look at different communication artifacts, classroom focus is on the finding, nature and evaluation of research. Research methods process is applied to popular communication artifacts. Senior standing or permission of instructor required.

COMM 0345  (F,S,Su)  1-8 hrs. cr.
Internship in Communications
Off-campus work experience in areas related to professional goals of students. For advanced majors in communications. Students must be approved for the program prior to enrolling. Application must be made during the first half of one semester for the following semester. In all internships students work under joint supervision of a faculty member and a representative of the organization providing the intern experience. Students may repeat the course to a maximum of 8 hrs. of credit. Prerequisite: Communications major with a minimum of 85 semester hrs.; approval of department head prior to enrolling. Some internships may have other specific prerequisites. Guidelines are available in the department's offices and must be followed.

COMM 0350  (Demand)  3 hrs. cr.
Sports Writing
The fundamental principles of reporting and interpreting sports, improving writing and editing skills for game coverage and feature stories and further developing and refining those skills necessary for success in the field. Prerequisite: COMM 111.

COMM 0355  (S)  3 hrs. cr.
Case Studies Public Relations
Analysis of public relations practices, including planning, communication, evaluation; management responsibilities. Prerequisite: COMM 311.

COMM 0360  (Demand)  3 hrs. cr.
Visual Communication: Images With Messages
An examination of visual modes of communication. Topics will include the basic elements of visual messages, the relation of visual communication to language and the place of images in everyday life. This course is a direct result of the new age in communications initiated and promoted by computer technology. Junior or Senior status or permission of instructor.

COMM 0380  (Demand)  2 hrs. cr.
International Media Seminar
An extensive look at the world of international media through the experiences of renowned speakers and discussion leaders. Student will spend a week in Paris, France, attending seminars and conferences and meeting foreign cor-
respondents, syndicated columnists, newspaper editors, television producers
and diplomats. Students must pay for travel and seminar expenses, with spe-
dific details available prior to enrollment.

**COMM 0400 (Demand)** 3 hrs. cr.
**Advanced Organizational Communication**
The application of communication theory within the organizational structure is
the thrust of the course. Particular attention is focused on analysis and diag-
nostic capabilities. Communication training and development within an organi-
zational setting is emphasized. Prerequisite: COMM 300.

**COMM 0401 (S)** 3 hrs. cr.
**Nonverbal Communication**
Study types and effects of various nonverbal communication behaviors and
develop competencies and skills in applying the study to selected perspectives.
Original research as well as published research will be emphasized. Prerequi-
site: COMM 100.

**COMM 0402 (S)** 3 hrs. cr.
**Photocommunications II**
Advanced theory and practice of communication through the medium of pho-
tography. Students work on the application of photography to the mass media.
The use of computer programs and visual manipulation of images is a com-
ponent of the course. Persuasion, nonverbal communication, public commu-
nication and interpersonal communication will be used to create a portfolio of
journalistic photographs that offer a visual narrative to the viewer. Prerequisite:
Photocommunications I or consent of the instructor.

**COMM 0405 (S-Odd)** 3 hrs. cr.
**Advanced Intercultural Communication** *(Writing Intensive)*
An in-depth analysis of variables which influence communication among peo-
ple from different cultures. It will be an application of the intercultural theories
and principles learned in the basic Intercultural Communication course. This
in-depth analysis of seven cultures, Northern Ireland, American Indians, Ger-
many, China, Japan, India and the Amish subculture in North America, from
a communication perspective will utilize the case study method. Prerequisite:
COMM 305 or permission of instructor.

**COMM 0411 (F)** 3 hrs. cr.
**Political and Social Communication**
Critical analysis of speakers and speeches selected to present the character-
istic ideas of leading social and political developments in national and interna-
tional affairs; includes lecture, reading and discussion. Prerequisites: COMM
100 and junior or senior standing.

**COMM 0420 (F,S)** 3 hrs. cr.
**Mass Communications Theory**
Explores the various theories which have been applied to understanding the ef-
facts of the mass media. Students will learn the various paradigms which have
been applied in attempting to predict media performance, reliability and impact.
Prerequisite: COMM 100 plus 3 hours of communication courses.

**COMM 0425 (Demand)** 3 hrs. cr.
**Broadcast Scriptwriting**
Methods, style and techniques for preparing scripts for various types of radio
and television programs and announcements. Using the computer for typing
scripts. Emphasis on promotion commercials, public service announcements,
partially scripted and fully-scripted program formats, such as public affairs pro-
grams, variety shows, game shows, the documentary and drama. Prerequisites:
COMM 111 and 200 or 201 or 325.

**COMM 0430 (Demand)** 3 hrs. cr.
**Advanced Broadcast News Reporting**
Theory and practice of producing a regularly scheduled television newscast.
Study, criticism and evaluation of broadcast journalism. Six laboratory hours
plus one staff meeting per week. Course may be repeated for a maximum of six
hours. Prerequisite: COMM 325.

**COMM 0431 (F)** 3 hrs. cr.
**Electronic Field Production**
Planning, designing and executing electronic field productions. This course is
designed to build aesthetic awareness and the technical skills necessary to
conceive and develop an idea and communicate that idea to others. Two hours
of lecture and two hours of laboratory weekly. Prerequisite: COMM 101.

**COMM 0433 (F)** 3 hrs. cr.
**Advanced Media Editing and Design**
Application of the editor's role in design for print and online media with attention
to design principles for complex layouts, while incorporating news value, proper
spelling and grammar, and Associated Press style. Prerequisite: COMM 333
or permission of department head.

**COMM 0450 (Demand)** 3 hrs. cr.
**Community Journalism**
Examining the nature and role of community journalism in an urbanized society
is the thrust of the study. It relies heavily on the expertise of community journal-
ism practitioners as resources of information and research. Experience with
small daily and weekly newspapers will be the foundation for developing skills
in community journalism. Prerequisite: COMM 111.

**COMM 0455 (F)** 3 hrs. cr.
**Writing for Public Relations**
Study, analysis and practice in writing for public relations media or for public re-
lations use by media. Includes writing news, publicity and feature stories as well
as effective letter writing, newsletters and brochures. Prerequisite: COMM 311.

**COMM 0460 (Demand)** 3 hrs. cr.
**Global Journalism**
Structures, processes and functions of newspapers around the world. En-
compases such issues as the use of print media between and within nations,
censorship and repression, news coverage of war and U.S. news coverage of
international affairs. Prerequisite: COMM 111.

**COMM 0462 (S-Even)** 3 hrs. cr.
**Communication in Japanese Culture** *(Writing Intensive)*
This advanced course is an in-depth analysis of variables which influence
communication in Japanese culture. From a communication perspective the
primary areas to be covered are Japanese communication, unique perspective
and literature based family values, business, education, nature (Zen tradition.)
Prerequisite: COMM 305 or permission of instructor.

**COMM 0470 (F)** 3 hrs. cr.
**New Media Technology**
Exploration of developed and developing technologies likely to shape the future
of electronic media. New uses of older technologies. Historical development,
regulation and audience effects of these technologies. Students will become
aware of critical controversies and projected future developments of technol-
gen.

Mission

The Department of English and Philosophy provides students with General Education Requirements courses in composition and literature. These courses emphasize writing and analytical skills and cultivate an appreciation of literature in all its variety. The department also offers several majors tracks in English leading to the Bachelor of Arts and Bachelor of Science in Education degrees. Additionally, the department offers training and experiences that help fulfill the University's international mission.

The Bachelor of Arts in English provides an excellent preparation for graduates who plan to enter business and industry, who plan to pursue graduate studies in English and who plan to enter professional schools such as law and medicine. Graduates of this program are employed in such widely diverse occupations as human resources, advertising, publishing, sales management, law, mass communications and college teaching. English majors develop strong skills in writing organization and creativity and they develop a perception of and appreciation for the human values that grow out of the study of literature. Such skills equip English majors for success in the many different fields of employment described above and more.

The Bachelor of Arts English major at Missouri Southern comprises two major tracks. The literary studies emphasis focuses on the traditional study of literature, preparing the student for advanced study of English in graduate school, for law school and for a variety of careers in which understanding of human nature, critical thinking and oral and written communication skills are valued. The two writing emphases prepare the student for more specialized careers involving writing in the workplace—such as public relations, copy writing and editing, technical writing and desktop publishing—and creative writing. Both tracks require a senior capstone experience: a Senior Seminar (ENG 495) in the literary studies track or one or two internships (ENG 491) in the writing emphases. These internships furnish the students with practical experience using writing and research skills in a workplace environment.

The Bachelor of Science in Education English degree prepares students who wish to teach English Language Arts at the secondary level (grades 9-12). The English BSE program is accredited by the National Council on Accreditation of Teacher Education (NCATE) and the Missouri Department of Elementary and Secondary Education (DESE), following the guidelines for teacher preparation of both of these organizations. Taking a prescribed set of courses in Teacher Education and in English, candidates for this degree may choose to certify to teach English as a single field (Plan B) or English plus another field (Plan A). Students who wish to certify to teach English Language Arts in the middle school should consult the Teacher Education Program information on page 179.

The English and Philosophy Department also offers an English minor with a choice of two emphases. The first, a minor in English with an emphasis in literature, is a traditional English minor that allows students to deepen their knowledge of literature and writing. The minor in English with a writing emphasis is designed to develop students' writing skills and to provide them with a way to present their accomplishments to prospective employers and graduate schools. Students who wish to minor in English will arrange a coherent sequence of courses in consultation with the departmental adviser for minors. Students should choose courses on the basis of their backgrounds, their major programs and, above all, their interests.

The department offers its majors and other students opportunities to use their talents and pursue their interests through Sigma Tau Delta, our department's chapter of the national honors society, or through bordertown, our student-run annual magazine dedicated to publishing the creative writing of MSSU students.

General Education Requirements in Humanities and Fine Arts can be met with the courses listed on page 49 under Area F. English 101 is a prerequisite to all English courses except English 80 and 111. English 102 or 111 is a prerequisite to all 300-400 level English courses and to all writing-intensive courses in the university. The department urges all students to complete English 101 and 102 in their first two semesters.

Course Descriptions

ENG 0080 (F,S) 3 hrs. cr.
Basic Composition
Offered through the Learning Center, for students with an English ACT score of 16 or less or a Writing Placement Exam (WPE) score which indicates a need for developmental composition. Students will write at least six major papers with special attention given to mechanics, grammar, syntax, paragraphing and organization. No credit toward baccalaureate degree.

ENG 0101 (F,S,Su) 3 hrs. cr.
College Composition I
Writing Intensive
An introduction to the principles of college-level writing and critical thinking. Students will write a number of essays for a variety of purposes and audiences. Successful completion of the course permits the student to enroll in English 102. Students demonstrating exceptional ability as indicated by Writing Placement scores may take English 111.
ENG 0102  (F,S,Su)  3 hrs. cr.
College Composition II  (Writing Intensive)
Continued development of writing skills. Emphasizes writing from sources. Initiation, development and completion of a research paper. Prerequisite: English 101.

ENG 0111  (F)  3 hrs. cr.
Advanced College Composition  (Writing Intensive)
For students whose Writing Placement scores demonstrate exceptional proficiency. With a grade of ‘C’ or better in English 111, a student also automatically receives three hrs. credit for English 101, thereby satisfying the six hour composition requirement. Students receiving a ‘D’ in English 111 must take English 102.

ENG 0202  (F,S)  3 hrs. cr.
Writing and Research in English  (Writing Intensive)
A required gateway course for English BA and BSE majors. An introduction to the aims and methods of writing and research in the discipline. Prerequisite: ENG 101 and 102 or ENG 111.

ENG 0216  (F)  3 hrs. cr.
Creative Writing  (Writing Intensive)
Writing of prose, poetry and drama. A study of the writer’s roles and technical approaches to literature in order to develop creative writing skills. Prerequisite: ENG 101 and 102 or ENG 111.

ENG 0250  (F,S)  3 hrs. cr.
Introduction to Literature
An introduction to literary analysis and the major literary genres, including the examination of literary themes and techniques common in fiction, poetry, and drama. Prerequisite: ENG 101, or ENG 111. (Meets Area F.2 General Education requirement.)

ENG 0261  (F,S)  3 hrs. cr.
World Literature I
Selected literature from the ancient world through the Renaissance, excluding British and American literature. Option for satisfying Area F General Education requirement. Prerequisite: ENG 101 or ENG 111.

ENG 0262  (F,S)  3 hrs. cr.
World Literature II
Selected literature from the Renaissance to the present, excluding British and American literature. Option for satisfying Area F General Education requirement. Prerequisite: ENG 101 or ENG 111.

ENG 0271  (F,S)  3 hrs. cr.
British Literature I
Survey of British literature from its beginnings through the eighteenth century. Option for satisfying Area F General Education requirement. Prerequisite: ENG 101 or ENG 111. (Can be taught as WI)

ENG 0272  (F,S)  3 hrs. cr.
British Literature II
Survey of British literature from the Romantic Movement to the present. Option for satisfying Area F General Education requirement. Prerequisite: ENG 101 or ENG 111.

ENG 0281  (F,S)  3 hrs. cr.
American Literature I
A survey of American literature from its beginning to the Civil War. Option for satisfying Area F General Education requirement. Prerequisite: ENG 101 or ENG 111.

ENG 0282  (F,S)  3 hrs. cr.
American Literature II
A survey of American literature from the Civil War to the present. Option for satisfying Area F General Education requirement. Prerequisite: ENG 101 or ENG 111.

ENG 0298  (Demand)  1-3 hrs. cr.
Topics in English
Studies in a variety of areas not covered in regular courses. Topic open. Prerequisite: ENG 101 or 111.

ENG 0301  (F)  3 hrs. cr.
Introduction to English Linguistics
The scientific study of the English language, from ca. 1960 to the present, covering such topics as phonology, morphology, syntax, language acquisition, regional and social variation and usage. Prerequisite: ENG 101 and 102 or ENG 111.

ENG 0305  (F,S)  3 hrs. cr.
The Short Story
An in-depth study of the short story with representative writers from throughout the world. Option for satisfying Area F General Education requirement. Prerequisite: ENG 101 and 102 or ENG 111.

ENG 0307  (F)  3 hrs. cr.
Film Perspectives
Study of film as a narrative medium, with emphasis on understanding the elements of film and analyzing films from a variety of perspectives. Prerequisites: ENG 101 and ENG 102 or ENG 111.

ENG 0310  (F)  3 hrs. cr.
Professional Writing  (Writing Intensive)
An advanced course focused on the writing demands of professional occupations. Prerequisite: ENG 101 and 102 or ENG 111.

ENG 0312  (S)  3 hrs. cr.
Advanced Professional Writing  (Writing Intensive)
A continuation of ENG 310, this course covers the types of on-demand writing done by professional and technical writers. The course includes job search and self-promotion strategies required of such writers. Emphasis is on writing with technology. Coursework will include writing for websites and other media, analyses of professional models and compiling a professional writing portfolio. Prerequisites: ENG 101 and ENG 102 or ENG 111; and ENG 310 or permission of instructor.

ENG 0313  (S)  3 hrs. cr.
Technical Writing  (Writing Intensive)
An advanced course focused on the practical demands of on-the-job writing, designed primarily for upper-level students preparing for careers in science, technology or social science. Prerequisite: ENG 101 and 102 or ENG 111.
ENG 0315  (S)  3 hrs. cr.  Advanced Essay Writing  (Writing Intensive)  An advanced course in the principles of prose style, focusing on the academic essay. Recommended for all students, especially those entering the professions or aspiring to become writers. Prerequisite: ENG 101 and 102 or ENG 111.

ENG 0316  (S-Odd)  3 hrs. cr.  Creative Writing: Poetry  (Writing Intensive)  An advanced course in the writing of poetry, including analysis and emulation of professional models and workshop editing of original student writings. Prerequisite: ENG 101 and 102 or ENG 111 and ENG 216 or permission of instructor.

ENG 0317  (S-Even)  3 hrs. cr.  Creative Writing: Fiction  (Writing Intensive)  An advanced course in the writing of fiction, including analysis and emulation of professional models and workshop editing of original student writings. Prerequisite: ENG 101 and 102 or ENG 111 and ENG 216 or permission of instructor.

ENG 0319  (F)  3 hrs. cr.  Teaching Writing in the Middle and Secondary School  (Writing Intensive)  For prospective teachers of English. Composition theory and pedagogy. Prerequisite: ENG 101 and 102 or ENG 111.

ENG 0325  (F,S)  3 hrs. cr.  Children's Literature  (Writing Intensive)  A reading, lecture and observation course for elementary education students, including evaluation of children’s literature, its historical development and its uses in the elementary school. Does not satisfy Area F General Education requirements. Does not satisfy English BA and secondary English BSE requirements. Prerequisite: ENG 101 and 102 or ENG 111.

ENG 0330  (S)  3 hrs. cr.  Young Adult Literature  (Writing Intensive)  An extensive reading course for English education majors including evaluation of literature for young adults, some methodology for classroom use and a major unit on minority literature. Does not satisfy Area F General Education requirement. Prerequisite: ENG 101 and 102 or ENG 111.

ENG 0333  (Demand)  3 hrs. cr.  Literary Paris  An examination of the historic role of Paris in literary production and of the literature produced in this city. Emphasis will be placed upon the city as a locus for the literary productions that shape American, British and World literatures. Coursework will include a practical orientation to the city, an introduction to French culture and an in-depth examination of some of those authors whose work was shaped by Parisian experiences. The course includes a mandatory trip to Paris. Enrollment by permission of instructor. Prerequisite: ENG 101 and 102 or ENG 111. Co-requisite: FREN 100 or previous French language experience as determined by the instructor.

ENG 0335  (Demand)  3 hrs. cr.  Women’s Literature  A study of the literary tradition of women authors writing in English. Prerequisite: ENG 101 and 102 or ENG 111.

ENG 0361  (F,S)  3 hrs. cr.  Studies in World Literature  A course enabling concentrated study of carefully focused topics in world literature through critical reading and discussion of, and writing about, a range of world literary texts, primarily texts in translation. Content of any particular course offering to be determined by instructors’ proposals, subject to review by the departmental World Literature Committee and approval by the departmental Curriculum Committee. May be retaken as different topics for a maximum of 12 credit hours. Prerequisites: English 202, 250, 261, 262, 271, 272, 281, 282, or 305.

ENG 0371  (F,S)  3 hrs. cr.  Studies in British Literature  A course enabling concentrated study of carefully focused topics in British literature through critical reading and discussion of, and writing about, a range of British literary texts. Content of any particular course offering to be determined by instructors’ proposals, subject to review by the departmental British Literature Committee and approval by the departmental Curriculum Committee. May be retaken as different topics for a maximum of 12 credit hours. Prerequisites: English 202, 250, 261, 262, 271, 272, 281, 282, or 305.

ENG 0381  (F,S)  3 hrs. cr.  Studies in American Literature  A course enabling concentrated study of carefully focused topics in American literature through critical reading and discussion of, and writing about, a range of American literary texts. Content of any particular course offering to be determined by instructors’ proposals, subject to review by the departmental American Literature Committee and approval by the departmental Curriculum Committee. May be retaken as different topics for a maximum of 12 credit hours. Prerequisites: English 202, 250, 261, 262, 271, 272, 281, 282, or 305.

ENG 0400  (S)  3 hrs. cr.  History of the English Language  A study of the ancestors of Modern English and the effect of other languages, peoples and cultures upon the development of English. Phonology, morphology, syntax and usage of the language throughout its history. Prerequisite: ENG 101 and 102 or ENG 111.

ENG 0450  (F)  3 hrs. cr.  Shakespeare  A study of selected comedies, histories, tragedies, romances and poems. Prerequisite: ENG 101 and 102 or ENG 111.

ENG 0480  (S-Odd)  3 hrs. cr.  Literary Theory and Criticism  A study of major schools of criticism and the major representatives of each school. Prerequisite: ENG 101 and 102 or ENG 111.

ENG 0491  (F,S,Su)  1-8 hrs. cr.  Internship in English  Practical experience using writing skills in a professional environment. All internships must conform with MSSU institutional policy regarding the number of hours work per credit and contractual agreements with cooperating facility. 3-hour internships may be repeated. Prerequisites: ENG 101 and 102 or ENG 111; advanced standing with a GPA of 3.0 and approval of a departmental committee.
ENG 0495  (F)  3 hrs. cr.
Senior Seminar  (Writing Intensive)
Intensive study of one or more literary authors, genres and/or historical periods, culminating in a substantial research paper. Topic open. Prerequisite: ENG 101 and 102 or 111; and ENG 202. Required of senior English Literary Studies majors or an option for others by permission of department head.

ENG 0498  (Demand)  1-3 hrs. cr.
Advanced Topics in English
For advanced English majors or by permission of department head. Topic open. Prerequisite: ENG 101 and 102 or ENG 111.

ENG 0499  (Demand)  1-3 hrs. cr.
Independent Study
Individually directed study in selected areas for advanced English majors. Prerequisite: ENG 101 and 102 or ENG 111; and a GPA of 3.0 in English. Enrollment must be approved by adviser, department head and school dean.

PHILOSOPHY
Kuhn Hall • 417.625.9377

Faculty  Ackiss - Head, Brown

Mission
The Department of English and Philosophy provides students with General Education introductory courses in philosophy that provide training and experiences in critical thinking and problem solving. The department also offers a minor in philosophy for students whose plans include graduate study and careers in fields such as medicine, law, theology and public service.

Philosophy deals with basic questions from all areas of life and thought—science, religion, art, morality and politics—and helps students refine their views on these subjects. Most importantly, philosophy teaches students how to think: how to analyze problems into their essential elements, how to decide which proposed solution to a problem is supported by the best evidence, how to separate relevant from irrelevant points and how to state issues clearly and precisely. While some philosophy students go to graduate school and become professional philosophers, most go on to careers in such areas as law, medicine, theology, business, government and public service. Philosophy students are highly successful in gaining admittance to law schools, medical schools, graduate schools of management and theological seminaries.

Minor in Philosophy
Minor Code PI80

Semester Hours

Critical Thinking
PHIL 140 Critical Thinking ............................................. 3

Ethics
PHIL 212  Ethics
OR
PHIL 312  Biomedical Ethics
OR
PSC 411  Great Political Thinkers
OR
A suitable selected topics course ..................................... 3

PHIL 0140  (S)  3 hrs. cr.
Critical Thinking
Introduction to logic, with special emphasis on common errors and fallacies in reasoning.

PHIL 0201  (F,S-Honors,Su)  3 hrs. cr.
Introduction to Philosophy
Comparative survey of major types of philosophy and of representative problems in philosophy. Option for satisfying Area F General Education requirement.

PHIL 0212  (F-Even)  3 hrs. cr.
Ethics
Exploration of the problems of value and personal moral standards, comparative survey of major ethical systems and evaluation of the chief ethical struggles in contemporary society. (Satisfies 3 hours of General Education requirements in Area F2, Humanities and Fine Arts.)

PHIL 0298  (Demand)  3 hrs. cr.
Topics in Philosophy
Studies in a variety of philosophical subjects. Topic open.

PHIL 0301  (F-Odd)  3 hrs. cr.
Ancient Philosophy
Historical study of ancient philosophy, with special emphasis on the writings of Plato and Aristotle. Prerequisites: 3 hours of philosophy or permission of instructor.

PHIL 0302  (S-Even)  3 hrs. cr.
Modern Philosophy  (Writing Intensive)
A survey of the major schools of western philosophy from 1550 to 1850. Prerequisites: 3 hours of philosophy or permission of instructor and ENG 101 and 102 or 111.

PHIL 0312  (S,Su)  3 hrs. cr.
Biomedical Ethics  (Writing Intensive)
A comprehensive investigation of ethical problems relating to health care and the practice of medicine, including study of such issues as euthanasia and the right to die, abortion, confidentiality, patient rights and professional responsibilities, allocation of medical resources and medical experimentation. Prerequisite: ENG 101 and 102 or ENG 111. Cross-listed as HS 312.
PHIL 0313  (Demand)  2 hrs. cr.
Medical Ethics
An exploration focusing on recent important ethical problems relating to health care and the practice of medicine.

PHIL 0320  (F)  3 hrs. cr.
Comparative Religion  (Writing Intensive)
A philosophical and historical survey, emphasizing the world’s major living religions. Prerequisite: ENG 101 and 102 or ENG 111. (Satisfies 3 hours of General Education requirements in Area I, Institutional Requirements)

PHIL 0420  (S-Odd)  3 hrs. cr.
Philosophy of Science  (Writing Intensive)
Investigation of the nature and scope of scientific inquiry. Topics include the logic of scientific reasoning, the nature of scientific theories, the conceptual presuppositions of science and the relation between the natural and social sciences. Prerequisite: ENG 101 and 102 or ENG 111.

PHIL 0498  (Demand)  3 hrs. cr.
Advanced Topics in Philosophy
Comprehensive analysis of selected topics in philosophy. For upper division students.

PHIL 0499  (Demand)  1-3 hrs. cr.
Independent Study
Individually directed study in selected areas for advanced students. Prerequisite: GPA of 3.0 in philosophy. Enrollment must be approved by adviser, department head and school dean.

Faculty Fletcher – Director, Kennedy, Messick

Mission
Our Mission is to provide students the knowledge, skills and credentials necessary to work as an environmental health professional or to continue in environmental health graduate studies. Environmental Health is the science of preventing physical, chemical or biological hazards from adversely impacting human health or the ecological balances that sustain our environment. Career opportunities include professional positions with public health departments, environmental protection agencies, environmental consultants and occupational health and safety divisions of industry. The program is fully accredited by the National Environmental Health Science and Protection Accreditation Council (aka EHAC). We provide the option of either an on campus track or a distance learning track for obtaining the degree.
INTS 302  World Environmental Issues  3
PSC 421  Public Administration  3
OR
MSSU approved transfer courses
Total Minimum Hours**  124

*BIO 101, 105, 110 or 121 satisfies 4 hours of Area D1 of GER
*MATH 140 satisfies 3 hours of Area D1 of GER
*PHYS 150 or 151 satisfies 5 hours of Area D2 of GER
** Coursework not listed as an elective will be evaluated on a case-by-case basis as to its application for an environmental health professional or toward graduate education.
***Must include at least 40 hours of Upper Division.

Bachelor of Science with a Major in Environmental Health
Major Code EH04 (Distance Learning Track)

The BS degree in Environmental Health - Distance Learning Track, EH-DLT is designed for transfer students that cannot readily commute to or live on the MSSU campus, but desire to obtain their BS degree in Environmental Health. This track requires that general education, biology, chemistry, math and physics requirements must be met prior to admission to the EH-DLT. Specific science and math courses required by the Environmental Health Accreditation Council, EHAC must be included. These requirements may be met by the student at their local community college or four year university. Upon acceptance into the EH-DLT, the student will complete their Environmental Health coursework over the Internet from MSSU.

Overview of the Coursework Needed for the Environmental Health degree by Distance Learning Track

At the Local Community College or University:
1) General Education Requirements that satisfy MSSU requirements  43-44 hours
2) Additional courses to complete the EHAC science and math requirements. 20-21 hours

At MSSU by Internet:
3) Environmental Health Semester Block Courses  49 hours
4) International Study, GIS and EH Internship Courses  11-12 hours
5) Total Minimum Credit Hours for BS degree in EH  124 hours

The Five Steps Needed to Obtain the Environmental Health degree by Distance Learning Track:

64 Credit hours to be earned prior to starting the EH-DLT at MSSU by Steps 1 & 2

1) General Education Requirements (GER) that meet MSSU Areas A to H (43-44 hr.)
To be taken at the students' local community college/university and/ or in combination with MSSU Internet coursework. All courses taken must be identified as transferrable as GER courses of MSSU by the MSSU Registrars' Office. The student should consult their local college or university adviser and registrar/transcript analyst to assure transferability of coursework. All degree candidates must meet all of the MSSU GER requirements prior to acceptance into the EH-DLT.

2) Additional Coursework to attain acceptance into the EH-Distance Learning Track (20-21 hr.)
The applicant must have a total of 64 credit hours prior to acceptance into the EH-DLT. This includes the 43-44 hours of GER and an additional 20-21 hours of coursework. The EH-DLT basic science and math requirements must be met within the 64 credit hours (see List A). The science and mathematics requirements of EHAC must be verified as met by a review of the applicants' transcript by the MSSU Environmental Health Faculty prior to acceptance into the EH-DLT. Pre-planning of the science and math requirements for the degree between the potential applicant, their local college/university adviser and the MSSU EH Faculty is highly encouraged.

Introductory environmental coursework is encouraged by the local community college/university to assure the student has interest in the environmental field, if it can be fit into the 64 hours along with the GER and EHAC requirements. A minimum GPA, GPA of 2.5 over the 64 hours is required for entry into the EH-DLT.

60 Credit hours to be earned via the Environmental Health - Distance Learning Track at MSSU by Steps 3 & 4

3) Environmental Health Semester Blocks (49 hr.) by MSSU
The EH-DLT requires successful completion of four Environmental Health Semester Blocks that are enrolled in after acceptance to the EH-DLT. Students accepted into the EH-DLT may enroll into any Semester Block that is currently available. Each EH Semester Block is a unit of 4 to 5 individual EH courses that are all enrolled in and taken simultaneously over a single semester via the Internet from MSSU. Semester Block grades are given for each individual course. Students must enroll for the entire block of courses.

EH Semester Block 1 (Fall, Even)  12 cr. hrs. total
EH 370  Environmental Health  3
EH 377  Food Safety  3
EH 378  Occupational Health & Safety  3
EH 380  Epidemiology  3

EH Semester Block 2 (Spring, Odd)  12 cr. hrs. total
EH 371  Environmental Toxicology (WI)*  3
EH 373  Solid & Hazardous Waste Mgmt  3
EH 375  Disease Vector Control  2
EH 376  Water Quality Management  3
EH 382  Epidemiology Statistics  1

EH Semester Block 3 (Fall, Odd)  13 cr. hours total
EH 311  Soil Morphology  3
EH 312  Environmental Biology (WI)*  4
EH 372  Environmental Regulations  3
EH 374  Air Quality Management  3

EH Semester Block 4 (Spring, Even)  12 cr. hours total
EH 410  Hazardous Incident Management  3
EH 480  Environmental Epidemiology  3
EH 481  Risk Management (WI)*  3
EH 497  Health and Safety Investigation  3

Students must be self-motivated and self-disciplined to be successful in Internet studies. It is imperative that the student remain diligent in keeping up with all readings, assignments and examinations to pass the courses. The student is required to obtain an MSSU approved proctor for examinations. Students may be allowed one additional semester to finish incomplete work in any course if given permission by the instructor and they file for the incomplete prior to the end of
the semester. However, incomplete work not completed by the end of the following semester converts to a grade of “F”. Courses that receive grades of “F” may be unavailable in a timely manner to repeat as individual courses are not readily available by Internet outside the semester blocks.

*WI indicates a Writing Intensive course.

4) Three Additional Required Courses by MSSU (11hr. or 12 hr.)

International Cultural Studies (Area I) course (3 hr.) chosen from any MSSU Area I course that is given over the Internet during any semester. MSSU Area I courses are offered by Internet most semesters.

EH 304 Geographic Information Systems, GIS (3 hr.)

This course meets the degree computer literacy requirement. The course may be taken over the Internet during any semester it is offered at MSSU.

EH 450 Internship in Environmental Health (either 5 hr. or 6 hr.)

Practical field experience (a minimum of 200 or 240 work hours) that is obtained by the student at any work location of their choice (e.g. government, industry, consulting) that is also approved by the MSSU EH Faculty. EH 450 may be taken during any semester at MSSU, but requires pre-planning in conjunction with the Environmental Health Faculty prior to enrollment. The student must identify potential work locations to the EH Faculty and create a written proposal that is acceptable to the EH Faculty, the Department Head and the Dean of Arts and Sciences at least one semester in advance of enrollment. MSSU EH faculty will help the EH student to identify acceptable work locations. This course may be taken any semester after acceptance to the EH-DLT.

5) Total Minimum Credit Hours Required for the Environmental Health degree by Distance Learning Track (124 hr.)

At least 60 semester hours of the 124 minimum hours must be from a 4 year university. Also, all degree candidates are required to participate in University Assessment of Outcomes activities (Senior Assessment testing) for MSSU prior to graduation.

List A. Environmental Health Accreditation Council (EHAC) Criteria for Environmental Health Science and Protection Baccalaureate Curricula*

1. Basic Sciences: (at least 24 semester hours or 40 quarter hours)

   The following basic college level courses must be completed:

   • Biological Sciences with laboratories - at least 3 semester hours, 5 quarter hours.
   • Microbiology with laboratory (may be environmental health microbiology) – at least 3 semester hours, 5 quarter hours (This course may be combined with the biological sciences so long as the combined hours is at least 6 semester hour or 10 quarter hours)
   • General Chemistry with laboratories – at least a total of 6 semester hours or 10 quarter hours,
   • Organic Chemistry with laboratories (may be environmental organic chemistry) – at least a total of 3 semester hours or 5 quarter hours.
   • Physics – (may be environmental physics) at least 3 semester hours or 5 quarter hours.
   • Basic Science – (at least 6 semester hours or 10 quarter hours)

2. Communication: (at least 21 hr.)

   Graduates need good communication skills. These skills include cultural competency and the ability to speak effectively and persuasively with others individually, in small groups and in making formal presentations respectfully. Furthermore, writing skills need to be sufficient to be able to communicate clearly to a variety of audiences.

   To meet this requirement, students must have acquired competence in the following areas:

   • Information technology/Computer skills met by EH 304 which is incorporated into the EH degree (3hr.)
   • Public speaking met by Oral Communications/Public Speaking transferred in as GER (3 semester hours or 5 quarter hours)
   • Technical writing met by English 1 & English 2 (6 semester hours or 10 quarter hours) transferred in as GER, plus 3 EH Intensive Courses taken from MSSU: EH 312, EH 371, & EH 481, these EH courses are incorporated into the degree (9 hr.)

3. Mathematics: (at least 3 hours or 5 quarter hours)

   • College Algebra or higher level (3 hr.), calculus is recommended but not required

*This list is subject to periodic change by EHAC

Course Descriptions

EH 0298 (Demand) 1-5 hrs. cr.
Topics in Environmental Health
Designed to give instruction in some discipline of environment health not covered in other courses. Prerequisites to be determined by the department.

EH 0300 (S-Odd) 3 hrs. cr.
Environmental Geology
An introduction to our relationship to the earth’s environment. The limitations of natural resources and discussion of consequences of the exploitation of natural resources are considered along with the demands of humanity upon the environment. Overview of natural environmental hazards, including volcanoes, earthquakes, subsidence landslides, floods and asteroid impacts. Prerequisite: Five credit hours in physical science, physics and/or chemistry. Cross-listed as GEOL 300.
EH 0304  \((F)\)  3 hrs. cr.  
**Geographic Information Systems**  
Explores the expanding use of Geographic Information Systems (GIS) in ecology, environmental health and related fields. Satisfies the computer literacy requirement for environmental health majors. Prerequisites: BIO 101 or 105 or 110 or 121. Cross-listed as BIO 304 and GEOG 304.

EH 0311  \((F-Odd)\)  3 hrs. cr.  
**Soil Morphology and Sewage Systems**  
Concepts, methods and practices useful to the environmental health professional for soil morphology and site assessment leading to the proper design of residential sewage treatment systems. Two hours of lecture and two hours of lab per week. Prerequisites: CHEM 151 and BIO 101 or 105 or 110 or 121.

EH 0312  \((Su)\)  4 hrs. cr.  
**Environmental Biology**  
(\textit{Writing Intensive})  
A study of how environmental factors interact with and impact living organisms and ecosystems. Emphasis is on global human ecology, environmental problems, sound environmental management practices and the sustainable use of natural resources. How environmental problems may be solved by the application of sound environmental science in conjunction with the choices allowed by human values. Three hours of lecture and two hours of lab per week. Prerequisites: BIO 101 or 105 or 110 or 121. Cross-listed as BIO 312.

EH 0352  \((Demand)\)  3 hrs. cr.  
**International Environmental Health**  
An in-depth study of environmental health issues in countries other than the United States of America. The approach of this course is to select a country to be studied and review the pertinent environmental health issues. Environmental health issues common to many countries, as well as issues that are unique to the selected country will be studied. The environmental health issues of the selected country will be studied in class and followed up with an extended field trip usually lasting about two weeks. Prerequisites: EH 312. Priority given to EH majors.

EH 0370  \((S, Su)\)  3 hrs. cr.  
**Environmental Health**  
A survey of contemporary environmental health problems and protection measures, including public health disease or injury prevention and environmental hazard mitigation. Topics include water quality, air quality, food protection, disease vector control, waste management, toxicology, radiation, shelter, recreational and workplace safety. Three hours of lecture per week. Prerequisites: BIO 101 or 105 or 110 or 121. Cross-listed as BIO 370 and HS 370.

EH 0371  \((S-Even)\)  3 hrs. cr.  
**Environmental Toxicology**  
(\textit{Writing Intensive})  
This course is an introduction to natural and manmade toxics and their effects on public health and the environment. Toxicological effects studied range from the molecular to the ecological level. Three hours of lecture per week. Prerequisites: BIO 101 or 105 or 110 or 121 and CHEM 151.

EH 0372  \((F-Odd)\)  3 hrs. cr.  
**Environmental Regulations**  
A study of the regulations needed by environmental health professionals that work in the fields of environmental protection, environmental compliance or public health and safety. Three hours of lecture per week. Prerequisite: BIO 101 or BIO 105 or BIO 110 or BIO 121 or CHEM 151.

EH 0373  \((S-Odd)\)  3 hrs. cr.  
**Solid and Hazardous Waste Management**  
Introduction to the problems and potential solutions related to the generation, disposal, recycling, reuse and prevention of solid and hazardous wastes. Emphasis will be on solid and hazardous waste management for a sustainable society. Three hours of lecture per week. Prerequisite: BIO 101 or BIO 105 or BIO 110 or BIO 121 and CHEM 151.

EH 0374  \((F-Even)\)  3 hrs. cr.  
**Air Quality Management and Instrumentation**  
Air sampling strategy, air sampling techniques, air quality assessment and management for environmental and occupational health. Includes instrument calibration and air quality monitoring to assess exposures from chemical, physical, radiological and biological hazards. Two hours of lecture and two hours of lab per week. Prerequisites: CHEM 151 and BIO 101 or BIO 105 or BIO 110 or BIO 121.

EH 0375  \((S-Odd)\)  2 hrs. cr.  
**Disease Vector Control**  
Identification and control of organisms that serve as reservoirs and vectors of diseases to humans. Two hours of lecture per week. Prerequisite: BIO 101 or BIO 105 or BIO 110 or BIO 121 or BIO 122 and CHEM 151.

EH 0376  \((S-EVEN)\)  3 hrs. cr.  
**Water Quality Management**  
Concepts, methods and practices for water quality management, water treatment, wastewater treatment, storm-water management, recreational water management and remediation of groundwater for the protection of the environment and public health. Two hours of lecture and two hours of lab per week. Prerequisites: CHEM 151 and BIO 101 or BIO 105 or BIO 110 or BIO 121.

EH 0377  \((S-EVEN)\)  3 hrs. cr.  
**Food Safety**  
The concepts, methods, practices and regulations that help ensure a safe food supply. This information is useful for the environmental health professional working as a health agency regulator or as a quality control agent in the food industry. Two hours of lecture and two hours of lab per week. Prerequisites: BIO 101 or BIO 105 or BIO 110 or BIO 121 and CHEM 151.

EH 0378  \((S-Odd)\)  3 hrs. cr.  
**Occupational Health and Safety**  
An introduction to the concepts, principles and methods generally employed by industrial health and safety officers in the performance of their duties. Three hours of lecture per week. Prerequisite: and BIO 101 or BIO 105 or BIO 110 or BIO 121 and CHEM 151.

EH 0380  \((F, S)\)  3 hrs. cr.  
**Epidemiology**  
Introduction to the concepts, principles and methods generally useful in the surveillance and investigation of communicable disease outbreaks. Three hours of lecture per week. Prerequisites: BIO 101 or 105 or 110 or 121. Cross-listed as BIO 380 and HS 380.

EH 0382  \((S-Odd)\)  1 hr. cr  
**Epidemiological Statistics**  
The continuation of EH/BIO/HIS 380 Epidemiology by introducing statistical methods that are useful in the analysis of disease outbreak or injury data. Two hours of lab per week. Prerequisite: EH/BIO/HIS 380.
EH 0410 (F-Even) 3 hrs. cr.
Hazardous Incident Management
Knowledge will be gained regarding the identification of, preparation for and response to environmental health emergency situations. The types of emergency situations discussed will include food and water, sanitation, solid and hazardous waste, chemical incidents, radiological emergencies, bioterrorism and environmental disasters. Environmental health emergency management systems will also be covered. Three hours of lecture per week. Prerequisites: BIO 101 or 105 or 110 or 121 and CHEM 151. EH 370 is recommended.

EH 0450 (F, S or Su) 1-8 hrs. cr.
Internship in Environmental Health
Experience in actual observation and work at facilities, agencies and/or industry where environmental health is a viable concern. Periodic meetings between the faculty coordinator, the cooperating institution and the student will be required. The student should not be employed in any job that will prevent full-time, maximum concentration on the academic internship. Forty work hours minimum per credit hour. Prerequisite: Junior or senior standing as an EH major.

EH 0480 (S-Even) 3 hrs. cr.
Environmental Epidemiology
The study of the distribution and determinants of health-related states or events in specified populations that are influenced by physical, chemical, biological, ecological and psychosocial factors in the environment. Both communicable and non-communicable diseases associated with environmental factors will be studied. Three hours of lecture per week. Prerequisites: BIO 101 or 105 or 110 or 121 and CHEM 151. EH 380 and EH 382 are recommended.

EH 0481 (F-Odd) 3 hrs. cr.
Environmental Risk Management (Writing Intensive)
The concepts, principles, methods and techniques useful to the environmental health professional in risk assessment, risk management and risk communications for the protection of the environment, the public safety and the public health. Three hours of class per week. Prerequisite: Junior or senior standing as an EH major.

EH 497 (Demand) 3 hrs. cr.
Health & Safety Investigation
The investigation of the workplace or built environment to determine the health or safety hazards that may exist. The environmental conditions that may adversely impact the health and safety of workers or occupants will be determined by survey, sample and test methods. Prerequisite: EH 370 or EH 373 or EH 374 or EH 378.

EH 0498 (Demand) 1-5 hrs. cr.
Special Topics in Environmental Health
Designed to give instruction in some discipline of environment health not covered in other courses. For upper division majors. Prerequisites to be determined by department.

EH 0499 (Demand) 1-3 hrs. cr.
Problems in Environmental Health
Individual work under the supervision of a faculty member with the credit and hours to be arranged. Problems may be undertaken in any field of environmental health with adequate preparation by the student and the consent of the EH faculty, department head and school dean. Prerequisite: Junior or Senior standing as an EH major.

Faculty Hou – Head, Cramer, Dubuis, Kilpatrick, Liso, Parker, Talavera

Mission
The Department of Foreign Languages offers the Bachelor of Arts degree with majors in French, German and Spanish. Minors in Chinese, French, German, Japanese, Russian and Spanish are available. A Certificate in Medical Interpretation (Spanish/English) is another option available to prospective students. The Department also offers the Bachelor of Science in Education degree in French, German and Spanish, with the chosen language as a single teaching field or as one of two teaching fields.

For the Bachelor of Arts and for the Bachelor of Sciences in Education degrees, there is a study abroad experience requirement. Opportunities for such programs exist through University-sponsored programs, through the University’s membership in the International Student Exchange Program (ISEP) and through internships. The faculty provide close guidance to students in planning such experiences. Through the Institute of International Studies, students may be eligible for grants and/or scholarships to assist in financing these experiences.

Study abroad programs are open to all students, regardless of major and are also available in Chinese, Japanese and Russian.

All language majors must demonstrate oral and written proficiency.

Students with previous foreign language experience should consult the Department of Foreign Languages for current policies on placement in the proper course for the respective language. Students with no prior experience in a foreign language should enroll in a 101 course.

FOREIGN LANGUAGES

(See explanations below)

Electives ................................................................. 44-45
Total ........................................................................... 124*****

*Three hours of foreign language fulfill Area I of GER.

**FREN 101, 102, 203, 204 fulfill the 12-hour foreign language requirement for the BA degree.

***These courses in French must be at the 300-400 level and must be chosen in consultation with the student's adviser.

****Additional requirements for the French major are:

1. Successful completion of proficiency tests. Guidelines are available in the Department of Foreign Languages. These guidelines indicate the general areas covered by the proficiency tests and the dates on which tests are scheduled for the academic year. Students will normally take the tests for diagnostic purposes during the second semester of the junior year and may repeat the tests during their senior year.

2. A period of at least one month of residency in a French-speaking country or in a French immersion program. Students may participate in a university-sponsored short-term program, an ISEP semester or year abroad, a program of another accredited college, an internship or another approved activity. All language students are urged to work closely with the Institute of International Studies to explore available programs and financial resources. Students with special circumstances may petition to have an alternative immersion experience approved for this requirement. Credit earned may be applied to the major or may count as general electives.

*****Must include 40 upper-division hours.

* Three hours of foreign language fulfill Area I requirement.  
** A candidate for a degree under Plan B must meet with the Spanish faculty for three orientation sessions at the time of declaring a Spanish education.
major. These sessions will cover requirements of the program and a mentor will be assigned to the student.

Additional requirements for the Spanish major are:
1. Successful completion of proficiency tests. Guidelines are available in the Department of Foreign Languages. These guidelines indicate the general areas covered by the proficiency tests and the dates on which tests are scheduled for the academic year. Students will normally take the tests for diagnostic purposes during the second semester of the junior year and may repeat the tests during their senior year.
2. Participation in a study abroad experience in a Spanish-speaking country with the approval of the Spanish adviser. Students may participate in a university-sponsored short-term program, an ISEP semester or year abroad, a program of another accredited college or an internship. All language students are urged to work closely with the Institute of International Studies to explore available programs and financial resources. Students with special circumstances may petition to have an alternative immersion experience approved for this requirement. Credit earned may be applied to the major or may count as general electives.

Required course in computer literacy, EDUC 301, satisfies the requirement for three hours.

Certificate in Medical Interpretation (Spanish/English)
The certificate requires the student to complete two courses in random order (Spanish 360: Introduction to Medical Interpretation and SPAN 430: Protocol and Procedures of Medical Interpretation) in addition to a minimum of 120 hours of internship (an equivalent of 3 credit hours in SPAN 345). The student needs to have the required proficiency level (Intermediate High) defined by the American Council on the Teaching of Foreign Languages (ACTFL) on the Oral Proficiency Interview (OPI) and have three writing intensive classes (ENG 101, ENG 102 and SPAN 300 or equivalent) prior to entry into the program.

Minor in Chinese
Minor Code FL80
A minor in Chinese requires 18 hours of courses in Chinese of which six must be Upper Division.

Minor in French
Minor Code FL81
A minor in French requires 18 hours of courses in French of which six must be Upper Division.

Minor in German
Minor Code FL82
A minor in German requires 18 hours of courses in German of which six must be Upper Division.

Minor in Japanese
Minor Code FL83
A minor in Japanese requires 18 hours of courses in Japanese of which six must be Upper Division.

Minor in Russian
Minor Code FL84
A minor in Russian requires 18 hours of courses in Russian of which six must be Upper Division.

Minor in Spanish
Minor Code FL85
A minor in Spanish requires the student to complete 9 hours of approved courses at the 300 level or above in consultation with a Spanish adviser. A total of 21 hours is required.

Topics not normally included in another course. Prerequisites are determined by the department and stipulated in the syllabus.

For upper-division students. Topics to be announced each time the course is offered. Prerequisite: ARA 204 or equivalent level of proficiency.

Individually directed study in Arabic. Prerequisite: Permission of instructor. The proposed study must be approved by the instructor, adviser, department head and dean in advance of enrollment.
### Chinese (CHI)

**CHI 0100**  
(Demand)  
1-3 hrs. cr.  
Introductory Chinese  
Introductory course which will acquaint students with Chinese customs, culture, social behaviors and pinyin (Chinese Phonetic Alphabet). The course which will be primarily taught in English will mainly focus on spoken Chinese and written symbol basics such as radicals. No grammar or structural patterns will be explicitly taught in this course. Prerequisite: None.

**CHI 0101**  
(F)  
3 hrs. cr.  
Beginning Chinese I (Mandarin)  
Pronunciation, grammar, elementary conversation, development of basic communicative skills. Prerequisite: None.

**CHI 0102**  
(S)  
3 hrs. cr.  
Beginning Chinese II (Mandarin)  
A continuation of CHI 101. Pronunciation, grammar, elementary conversation. Prerequisite: CHI 101 or equivalent level of proficiency.

**CHI 0203**  
(F)  
3 hrs. cr.  
Intermediate Chinese I (Mandarin)  
Systematic development of communicative skills in Chinese. Development of vocabulary. Drill in aural/oral skills. Prerequisite: CHI 102 or equivalent level of proficiency.

**CHI 0204**  
(S)  
3 hrs. cr.  
Intermediate Chinese II (Mandarin)  

**CHI 0298**  
(Demand)  
1-8 hrs. cr.  
Topics in Chinese  
Topics not normally included in another course. Prerequisites are determined by the department and stipulated in the syllabus.

**CHI 0305**  
(Demand)  
3 hrs. cr.  
Readings & Conversation I  
Continued development of language skills in the target language via readings and conversation. The study of more complex patterns in communicative skills is emphasized. Prerequisite: CHI 204 or equivalent level of proficiency.

**CHI 0306**  
(Demand)  
3 hrs. cr.  
Readings & Conversation II  
Continuation of Chinese 305. Continued development of the four basic language skills in the target language via readings and conversation. The study of more complex patterns in communicative skills is emphasized. Prerequisite: CHI 305 or equivalent level of proficiency.

**CHI 0307**  
(Demand)  
3 hrs. cr.  
Introduction to Contemporary China  
The course has been designed to examine the changes in the culture and civilization of contemporary China, from the birth of the People’s Republic of China on October 1, 1949 to the present. The course is taught in Chinese and English with readings in Chinese and English. Prerequisite: CHI 204 or equivalent level of proficiency.

**CHI 0310**  
(Demand)  
3 hrs. cr.  
Chinese Culture & Civilization  
The course has been designed to provide a background against which contemporary Chinese culture and civilization may be better understood and appreciated. The course represents a survey of traditional Chinese culture and civilization with an emphasis on the political, social, cultural and intellectual history of China since 1800. The course is taught in Chinese and English with readings in Chinese. Prerequisite: CHI 204 or equivalent level of proficiency.

**CHI 0498**  
(Demand)  
1-8 hrs. cr.  
Advanced Topics in Chinese  
For upper-division students. Topics to be announced each time the course is offered. Prerequisite: CHI 204 or equivalent level of proficiency.

**CHI 0499**  
(F,S)  
1-3 hrs. cr.  
Independent Study  
Individually directed study in Chinese. Prerequisite: Permission of instructor. The proposed study must be approved by the instructor, adviser, department head and dean in advance of enrollment.

### French (FREN)

**FREN 0100**  
1 hr. cr.  
French for Travel  
Introductory course that will familiarize students with the basic elements of spoken French, French customs, culture and social behaviors. No grammar or structural patterns will be taught explicitly in this course. Prerequisite: none. Does not fulfill any foreign language requirements.

**FREN 0101**  
(F,S)  
3 hrs. cr.  
Beginning French I  
The first semester of French language instruction developing proficiency in listening, speaking, reading and writing and providing an introduction to the study of French-speaking cultures. Prerequisite: None.

**FREN 0102**  
(F,S)  
3 hrs. cr.  
Beginning French II  
The second semester of French language instruction developing proficiency in listening, speaking, reading and writing and providing an introduction to the study of French-speaking cultures. Prerequisite: FREN 101 or equivalent level of proficiency.

**FREN 0203**  
(F,S)  
3 hrs. cr.  
Intermediate French I  
The third semester of French language instruction developing proficiency in listening, speaking, reading and writing and providing an introduction to the study of French-speaking cultures. Prerequisite: FREN 102 or equivalent level of proficiency.

**FREN 0204**  
(F,S)  
3 hrs. cr.  
Intermediate French II  
The fourth semester of French language instruction developing proficiency in listening, speaking, reading and writing and providing an introduction to the study of French-speaking cultures. Prerequisite: FREN 203 or equivalent level of proficiency.

**FREN 0250**  
6 hrs. cr.  
French Conversation & Grammar  
Intensive practice of basic French vocabulary and structures is combined with visits to sites of cultural or historical interest in the Orleans area. Stu-
FREN 0298  (Demand)  1-8 hrs. cr.
Topics in French
Topics not normally included in another course. Prerequisites are determined by the department and stipulated in the syllabus for each specific offering.

FREN 0301  (Demand)  3 hrs. cr.
Readings & Conversation
Continued development of the four basic language skills in the target language through readings and conversation. The study of more complex patterns in communicative skills is emphasized. Prerequisite: FREN 204 or equivalent level of proficiency.

FREN 0302  (Demand)  3 hrs. cr.
Contemporary French Culture and Civilization
Continued development of language skills (listening, speaking, reading and writing). Contemporary France, the daily life of its people, the social and economic institutions which impact them and the arts and media will be the focus for reading and discussion. Prerequisite: FREN 204 or equivalent level of proficiency.

FREN 0303  (Demand)  3 hrs. cr.
French Composition  (Writing Intensive)
Practice in writing French accompanied by a study of grammar and syntax. Prerequisite: FREN 204 or equivalent level of proficiency.

FREN 0304  (Demand)  3 hrs. cr.
Introduction to French Literature  (Writing Intensive)
This course is an introduction to basic concepts and terminology of literary criticism through several different critical approaches to the literary text. Reading and discussion of selected poems, plays and fiction representing various literary periods. Prerequisite: FREN 204 or equivalent level of proficiency.

FREN 0305  (Demand)  3 hrs. cr.
Contemporary Francophone Cultures
Analysis of contemporary life in selected French-speaking regions: Quebec, Senegal and Guadeloupe and Martinique. Students will continue to develop their French language skills. Prerequisite: FREN 204 or equivalent level of proficiency.

FREN 0306  (Demand)  3 hrs. cr.
French Culture & Civilization
The course will continue the development of the four basic language skills (listening, speaking, reading and writing). The thematic focus of the class will be the historical, political, social and cultural development of France from its origins to the 20th century. Prerequisite: FREN 204 or equivalent level of proficiency.

FREN 0309  (Demand)  3 hrs. cr.
French Language (Consortium)
French Composition offered by MSU, MSSU, MWSU, SEMO, or UCMO. Syllabus and delivery platform (ITV, hybrid, or online) vary depending on the offering university. Prerequisite: FREN 204 or equivalent level of proficiency.

FREN 0322  (Demand)  3 hrs. cr.
Twentieth-Century French Literature
Reading and discussion of twentieth-century literature from France and the Francophone world. Prerequisite: FREN 301 or equivalent level of proficiency.

FREN 0324  (Demand)  3 hrs. cr.
French Theater Studies
Reading and discussion of French plays from different historical and literary periods; practical experience in the classroom reader’s theater. Prerequisite: FREN 204 or equivalent level of proficiency.

FREN 0325  (Demand)  3 hrs. cr.
French Cinema
A survey of the most important aspects of cinematography and cinematic production in France. Covers major figures in the field of film and an introduction to the major movements. Taught in French with readings both in French and English. Prerequisite: FREN 204 or equivalent level of proficiency.

FREN 0326  (Demand)  3 hrs. cr.
French and the Media
This course will explore the French media (particularly print journalism, television, radio and the Internet); emphasis is placed on cultural similarities and differences between French and American media and on developing language proficiency related to the media. Prerequisite: FREN 204 or equivalent level of proficiency.

FREN 0345  (Demand)  1-8 hrs. cr.
Internship in French
Off-campus work experience in areas related to professional goals of students. For advanced students in French, Application must be made during the first half of one semester for the following semester and must be approved prior to enrolling. Students work under joint supervision of a faculty member and a representative of the organization providing the intern experience. A student may repeat the course to a maximum of 8 hours credit. Prerequisite: A minimum of 18 hours in French with a minimum 3.0 GPA; approval of department head before enrolling. Some internships may have specific prerequisites. Guidelines for the internship program are available in the department’s offices and must be followed.

FREN 0350  (Demand)  6 hrs. cr.
Language and Civilization
Intensive development of all language skills (listening, speaking, reading and writing) is combined with visits to sites of cultural or historical interest in Orleans and the surrounding chateau region. Cultural and literary topics are introduced. Weekend excursions. Prerequisite: FREN 203 or equivalent level of proficiency. A placement test required. The course will be offered only as a study abroad option.

FREN 0400  (Demand)  3 hrs. cr.
French for Business
An introduction to French business terminology, concepts, situations and procedures. Oral and written activities will continue to develop French language skills within a commercial context. Prerequisite: FREN 301 or equivalent level of proficiency.

FREN 0401  (Demand)  3 hrs. cr.
French Literature to 1700
An introduction to French literature from the Medieval Period through the seventeenth century, with emphasis on the development of forms and genres. Prerequisite: FREN 204 or equivalent level of proficiency.
FREN 0403 (Demand) 3 hrs. cr.
Nineteenth-Century French Literature
Reading and discussion of selected works of some of the major poets, novelists and playwrights of nineteenth-century France; the interrelatedness of history, literature and the fine arts: emphasis on Romanticism, Realism and Symbolism. Prerequisite: FREN 204 or equivalent level of proficiency.

FREN 0404 (Demand) 3 hrs. cr.
French Women Writers
The course will focus on the reading and discussion of works by selected French and francophone women authors from the twelfth through the twentieth centuries. Prerequisite: FREN 204 or equivalent level of proficiency.

FREN 0405 (Demand) 3 hrs. cr.
Francophone Literature
An introduction to twentieth-century Francophone literature of Africa, Quebec and the Antilles. Continued practice in developing the language skills (listening, speaking, reading and writing). Prerequisite: FREN 204 or equivalent level of proficiency.

FREN 0409 (Demand) 3 hrs. cr.
French Literature (Consortium)
French Civilization and Literature I or II offered by MSU, MSSU, MWSU, SEMO, or UCMO. Syllabus and delivery platform (ITV, hybrid, or online) vary depending on the offering university. Prerequisite: FREN 204 or equivalent level of proficiency.

FREN 429 (Demand) 3 hrs. cr.
French Culture (Consortium)
French Cinema offered by MSU, MSSU, MWSU, SEMO, or UCMO. Syllabus and delivery platform (ITV, hybrid, or online) vary depending on the offering university. Prerequisite: FREN 204 or equivalent level of proficiency.

FREN 0430 (Demand) 3 hrs. cr.
French Translation
The course will introduce students to both the theoretical and practical aspects of translation. Practice will be given in a variety of genres and will emphasize dynamic accuracy in form and meaning of French to English translation. Prerequisite: FREN 204 and ENG 102 or the equivalent level of proficiency in both languages.

FREN 0498 (Demand) 1-8 hrs. cr.
Advanced Topics in French
Advanced topics not normally included in regular offerings. Prerequisites are determined by the department and stipulated in the syllabus for each specific offering.

FREN 0499 (F,S) 1-3 hrs. cr.
Independent Study
Individually directed study in French. Prerequisite: Permission of instructor. The proposed study must be approved by instructor, adviser, department head and dean in advance of enrollment.

GER 0102 (F,S) 3 hrs. cr.
Beginning German II
A continuation of GER 101. Emphasis on the skills of understanding, speaking and writing in German and on the study of the German language and cultures. Prerequisite: GER 101 or the equivalent level of proficiency.

GER 0203 (F,S) 3 hrs. cr.
Intermediate German I
A continuation of GER 102. Emphasis on the basic skills of understanding, speaking, reading and writing in German and on the study of the German speaking cultures at the intermediate level. Prerequisite: GER 102 or the equivalent level of proficiency.

GER 0204 (F,S) 3 hrs. cr.
Intermediate German II
A continuation of GER 203. Emphasis on the basic skills of understanding, speaking, reading and writing in German and on the study of the German speaking cultures, continuing at the intermediate level. Prerequisite: GER 203 or the equivalent level of proficiency.

GER 0298 (Demand) 1-8 hrs. cr.
Topics in German
Topics not normally included in another course. Prerequisites are determined by the department and stipulated in the syllabus for each specific offering.

GER 0301 (Demand) 3 hrs. cr.
Readings & Conversation
Continued development of the four basic language skills in the target language through readings and conversation. The study of more complex patterns in communicative skills is emphasized. The course is conducted in German. Prerequisite: GER 204 or the equivalent level of proficiency.

GER 0302 (Demand) 3 hrs. cr.
Literature, Culture and Composition (Writing Intensive)
This course continues the development of the four basic language skills in the target language through readings and conversation literature and culture. The study of more complex patterns in communicative skills is emphasized. The course is conducted in German. Prerequisite: GER 204 or the equivalent level of proficiency.

GER 0305 (Demand) 3 hrs. cr.
Business German
Gain solid knowledge of basic business German vocabulary including topics such as: finances, European Union, traffic and transportation, business correspondence, job application, tourism, consumer (taxes), social structure, industry and work environment, trade and environmental issues. Samples of International Business German conclude the course. The course is conducted in German. Prerequisite: GER 204 or equivalent level of proficiency.

GER 0306 (Demand) 3 hrs. cr.
German History & Civilization
Student will continue the development of the four basic language skills (listening, speaking, reading and writing). The thematic focus of this class will be the historical, political, social and cultural development of Germany (and in part also Austria) from its origins to the 20th century. The course is conducted in German. Prerequisite: GER 204 or equivalent level of proficiency.

</table>
**Japanese (JPN)**

**JPN 0101 (F)** 3 hrs. cr.
**Beginning Japanese I**
Pronunciation, conversation and grammar. Aural/oral drill. Prerequisite: None.

**JPN 0102 (S)** 3 hrs. cr.
**Beginning Japanese II**
Continuation of Japanese 101. Additional work in pronunciation, conversation and grammar. Aural/oral drill. Prerequisite: JPN 101 or equivalent level of proficiency.

**JPN 0203 (F)** 3 hrs. cr.
**Intermediate Japanese I**
Grammar review and continued aural/oral practice. Prerequisite: JPN 102 or equivalent level of proficiency.

**JPN 0204 (S)** 3 hrs. cr.
**Intermediate Japanese II**
Continuation of Japanese 203 with additional grammar review and continued aural/oral practice. Prerequisite: JPN 203 or equivalent level of proficiency.

**JPN 0298 (Demand)** 1-8 hrs. cr.
**Topics in Japanese**
Topics not normally included in another course. Prerequisites are determined by the department and stipulated in the syllabus.

**JPN 0305 (Demand)** 3 hrs. cr.
**Advanced Japanese I**
First half of an advanced course on spoken and written Japanese. This third-year course will continue to focus on the spoken language, but increased attention will be given to reading in the native script and to writing. Students who enroll in the course must be able to read and write in hiragana and katakana and should be familiar with the basic kanji introduced in Japanese 100 and 200 level. Prerequisite: JPN 204 or placement test.

**JPN 0306 (Demand)** 3 hrs. cr.
**Advanced Japanese II**
Conclusion of an advanced course on spoken and written Japanese. This third-year course will continue to focus on the spoken language, but increased attention will be given to reading in the native script and to writing. Students who enroll in the course must be able to read and write in hiragana and katakana and should be familiar with the basic kanji introduced in Japanese 100 and 200 level. Prerequisite: JPN 305 or placement test.

**JPN 0307 (Demand)** 3 hrs. cr.
**Introduction to Contemporary Japan**
This course is intended as a cultural introduction to contemporary Japan. It has been designed to examine the up-to-date culture and society of Japan including family life, kinship system, life cycle, socialization, social and political organization, economics, religion and rural and urban life. The student will learn much of Japan and leave the course with increased understanding of current Japanese culture and society. The course is taught in Japanese and English with readings in English. Prerequisite: JPN 204 or equivalent level of proficiency.

**JPN 0310 (Demand)** 3 hrs. cr.
**Japanese Culture and Civilization**
This course seeks to provide for students an appreciation of the fundamentals shaping Japanese civilization, be they religious, philosophical, economic, literary, linguistic or artistic. It examines the major trends in the development of civilization in Japanese history from prehistory to the modern period. The course is taught in Japanese and English with readings in English. Prerequisite: JPN 204 or equivalent level of proficiency.

**JPN 0498 (Demand)** 1-8 hrs. cr.
**Advanced Topics in Japanese**
For upper-division students. Topics to be announced each time the course is offered. Prerequisites are determined by the department and stipulated in the syllabus.

**JPN 0499 (F,S)** 1-3 hrs. cr.
**Independent Study**
Individually directed study in Japanese. Prerequisite: Permission of instructor. The proposed study must be approved by the instructor, adviser, department head and dean in advance of enrollment.

---

**Russian (RUS)**

**RUS 0101 (F)** 3 hrs. cr.
**Beginning Russian I**
Emphasis on developing proficiency in listening, speaking, reading and writing the Russian language. Prerequisite: None.

**RUS 0102 (S)** 3 hrs. cr.
**Beginning Russian II**
A continuation of RUS 101. Further development of proficiency in listening, speaking, reading and writing the Russian language. Prerequisite: RUS 101 or equivalent level of proficiency.

**RUS 0103 (Demand)** 6 hrs. cr.
**Accelerated Russian for Business**
An intensive overview of Russian language for beginners, developing working proficiency in listening, speaking, reading and writing in the area of business. Prerequisite: None.

**RUS 0203 (F)** 3 hrs. cr.
**Intermediate Russian I**
Systematic development of proficiency in Russian. Prerequisite: RUS 102 or equivalent level of proficiency.

**RUS 0204 (S)** 3 hrs. cr.
**Intermediate Russian II**
A continuation of RUS 203. Further systematic development of proficiency in Russian. Prerequisite: RUS 203 or equivalent level of proficiency.

**RUS 0298 (Demand)** 1-8 hrs. cr.
**Topics in Russian**
Topics not normally included in another course. Prerequisites are determined by the department and stipulated in the syllabus.

**RUS 0305 (Demand)** 3 hrs. cr.
**Conversation and Composition**
Another step in developing a more comprehensive proficiency in Russian with a particular emphasis on speaking and writing. The course demands from the student an active use of new and already acquired vocabulary and grammar structures, as well as of syntactical features of oral and written expression. Prerequisite: RUS 204 or equivalent level of proficiency.

**RUS 0306 (Demand)** 3 hrs. cr.
**Russian Culture & Civilization**
Introduction to the Russian cultural history and contemporary life. Analysis and discussions focus on major historical, political, social and cultural events and the way they shaped Russian civilization. Russian cultural perspectives are analyzed as they are expressed in a variety of cultural products and practices. The course is taught in English. There are no prerequisites. Course may be offered with a study abroad option.
Spanish (SPAN)

SPAN 0101 (F,S) 3 hrs. cr.
Beginning Spanish I
This course is the first semester of Spanish language instruction. The course aims to develop skills in listening, speaking, reading and writing, as well as to expose students to the diversity of cultures in the Spanish-speaking world. Prerequisite: None.

SPAN 0102 (F,S) 3 hrs. cr.
Beginning Spanish II
This course is the second semester of Spanish language instruction. The course continues to develop skills in listening, speaking, reading and writing and expose students to the diversity of cultures in the Spanish-speaking world. Prerequisite: SPAN 101 or equivalent level of proficiency.

SPAN 0200 (Demand) 3 hrs. cr.
Introduction to Mexican Culture and Civilization
An introduction to the Mexican cultural, political history and the contemporary expressions of Mexican civilization in the arts. Mexican cultural perspectives are analyzed as they are expressed in a variety of cultural products and practices. The course combines an on-campus academic component with travel-study in Mexico. Students will visit sites of historical, architectural and cultural interest. Course will be offered only with a study abroad option. This course will not fulfill any portion of the foreign language requirement for students earning a Bachelor of Arts degree nor the Bachelor of Science degree in Education. Prerequisite: none.

SPAN 0203 (F,S) 3 hrs. cr.
Intermediate Spanish I
This course is the third semester of Spanish language instruction. The course continues to develop skills in listening, speaking, reading and writing and expose students to the diversity of cultures in the Spanish-speaking world. Prerequisite: SPAN 102 or equivalent level of proficiency.

SPAN 0204 (F,S) 3 hrs. cr.
Intermediate Spanish II
This course is the fourth semester of Spanish language instruction. The course continues to develop skills in listening, speaking, reading and writing and expose students to the diversity of cultures in the Spanish-speaking world. Prerequisite: SPAN 203 or equivalent level of proficiency.

SPAN 0298 (Demand) 1-8 hrs. cr.
Topics in Spanish
Topics not normally included in another course. Prerequisites are determined by the department and stipulated in the syllabus.

SPAN 0300 (F,S) 3 hrs. cr.
Grammar and Composition (Writing Intensive)
Initial oral and written composition with emphasis on grammar; verbal aspect, modals and tense contrasts through significant practice and sentence drills. Taught in Spanish. Prerequisite: SPAN 204 or equivalent level of proficiency.

SPAN 0301 (Demand) 3 hrs. cr.
Introduction to Literature and Spanish Language Review
This course is designed to serve as a bridge between the basic language Spanish courses and upper level literature and composition courses, including SPAN 300. Students will review and refine their usage of grammar previously taught while learning the vocabulary and analytical skills necessary in the study of literature written in Spanish. The course is taught in Spanish. Prerequisite: SPAN 204 or equivalent level of proficiency.

SPAN 0306 (F) 3 hrs. cr.
Introduction to Spanish Civilization (Writing Intensive)
Continued development of the four basic language skills through reading and conversation in Spanish culture. The study of more complex patterns in communicative skills is emphasized. Taught in Spanish. Prerequisite: SPAN 204 or equivalent level of proficiency.

SPAN 0307 (S) 3 hrs. cr.
Introduction to Latin American Civilization
Continued development of the four basic language skills in the language through reading and conversation in Latin American Culture. The study of more complex patterns in communicative skills is emphasized. Taught in Spanish. Prerequisite: SPAN 204 or equivalent level of proficiency.

SPAN 0308 (Demand) 3 hrs. cr.
Latin American Civilization: Mexico
An overview of the history of Latin American civilization using Mexico as the main frame of references and the major case for study. Taught in Spanish. Prerequisite: SPAN 204 or equivalent level of civilization. Course may be offered with a study abroad option.

SPAN 0309 (Demand) 3 hrs. cr.
Contemporary Mexican Culture & Civilization
Introduction to the Mexican cultural and political history and the contemporary expressions of its civilization in the arts. Analysis and discussions focus on major historical, political, social and cultural events and the way they shaped contemporary Mexican civilization. Mexican cultural perspectives are analyzed as they are expressed in a variety of cultural products and practices. The course is taught in Spanish. Prerequisite: SPAN 204 or equivalent level of proficiency. Course may be offered with a study abroad option.

SPAN 0430 (Demand) 3 hrs. cr.
Protocol and Procedures of Medical Interpretation (Spanish/English)
This course is an introduction to the general principles, procedures, roles and ethical behaviors of medical interpreters. This course is taught in Spanish. Prerequisites: Intermediate High language skills on the Oral Proficiency Interview as defined by the American Council on the Teaching of Foreign Languages, ENG 101 & ENG 102 or equivalent, SPAN 300 or equivalent.

SPAN 0440 (Demand) 3 hrs. cr.
Translation Spanish/English
Introduction to the general principles, procedures, theories and tools of translating. Students will translate a wide variety of short texts from English to Spanish or from Spanish to English. Some basic principles of linguistics will be covered. Prerequisites: Excellent English language skills and the completion of SPAN 300 or equivalent proficiency.

SPAN 0498 (Demand) 1-8 hrs. cr.
Advanced Topics in Spanish
This course is for upper-division students. Topics to be announced each time the course is offered. Prerequisite: As stated in the syllabus for the specific offering.

SPAN 0499 (F,S) 1-3 hrs. cr.
Independent Study
Individually directed study in selected areas for advanced majors in Spanish. Prerequisite: Must have completed 90 hrs. with a cumulative GPA of 3.0 and must have 15 hrs. in Spanish at any level. The proposed study must be approved by instructor, adviser, department head and school dean prior to enrollment.

Other Languages (OL)

OL 0298 (Demand) 1-8 hrs. cr.
Topics in Foreign Languages
Languages not currently a part of the curriculum may be offered on appropriate demand, subject to the availability of faculty. For each offering, a course in a specific target language will be structured with the objective of developing the speaking, understanding, reading and writing skills of the student in the target language. Each offering will have a syllabus stating specific requirements of the course as well as prerequisites.

OL 0498 (Demand) 1-8 hrs. cr.
Advanced Topics in Foreign Languages
Advanced studies in foreign languages and literatures not currently part of the curriculum may be offered on appropriate demand, subject to the availability of faculty. For each offering, a course in a specific language will be structured with the objective of developing further the speaking, understanding, reading and writing skills of the student in the target language, as well as developing a further awareness of the literature of the specific language. Each offering will have a syllabus stipulating specific requirements of the course as well as prerequisites.

Translating (TRAN)

TRAN 0300 (Demand) 3 hrs. cr.
Introduction Professional Translating
An introduction to the general principles, procedures, theories and tools of translating. Students will translate a wide variety of short texts into English. Some basic principles of linguistics will be covered. The language combinations possible will be determined by the availability of faculty at the time of preregistration for the course. Prerequisites: Excellent English language skills and completion of at least one foreign language course at the 300 level or equivalent.

Faculty Locher - Head, Smith

Mission
Preparing students for dynamic leadership and responsible citizenship is the mission of the Department of Social Sciences. The department provides students with the opportunity to cultivate critical thinking, communication and technological skills that will continue to be of value in the complex world of the 21st century. The faculty offers substantive instruction and intellectual challenge within the Social Sciences. The department emphasizes opportunities to engage in the international world in support of the University’s international mission. Finally, the Department of Social Sciences builds bridges to the local community through academic internships, public events, partnerships with local institutions and sponsorship of academic programs and events for local schools’ students and teachers.

Geography is concerned with the spatial dimension of human experience, namely, space and place. As an integrative discipline, it brings together the physical and human dimensions of the world in the study of people, places and environments. The subject matter of geography is the Earth’s surface and the processes that shape it, the relationships between people and environments and the connections between people and places.

The minor in Geography emphasizes topical and regional studies, complementing programs of study for students majoring in International Studies, History, Political Science and Sociology, among other fields of study. Though a major is not offered, sufficient hours are available to meet social studies teacher certification standards, as well as to provide a solid basis for graduate studies in geography. The Geography minor consists of 18 Semester Hours, as outlined below.

### Course Descriptions

**GEOG 0101** (Demand)  3 hrs. cr.
**Introduction to Geography**
An introduction to geography, with the goal of increasing geographic literacy and recognizing the importance of geography in everyday life. This course introduces students to the discipline, its basic principles and major concepts, tools, techniques and methodological approaches. It traces the development of modern geography and surveys its physical and human sub-disciplines.

**GEOG 0211** (Demand)  3 hrs. cr.
**Regions and Nations**
Survey of the peoples of the earth and how their activities are influenced by climate, topography, natural resources and culture with class time devoted to discussion of important topical areas in each region.

**GEOG 0298** (Demand)  3 hrs. cr.
**Topics in Geography**
Special geography topics of current interest. Subjects and instructors are changed each semester. Students are encouraged to submit areas of interest to the Social Science Department.

**GEOG 0302** (Demand)  3 hrs. cr.
**People and the Environment: A Global Perspective**
An examination of social causes and consequences of environmental problems in different regions of the world with an emphasis on philosophical perspectives and practical solutions to such problems. Prerequisites: students must have completed general education requirements in life and physical sciences. Cross-listed as INTS 302.

**GEOG 0304** (F-Demand)  3 hrs. cr.
**Geographic Information Systems**
Explores the expanding use of Geographic Information Systems (GIS) in ecology, environmental health and related fields. Satisfies the computer literacy requirement for environmental health majors. Prerequisite: BIO 101 or 112 or 121 or 122. Cross listed as BIO 304 and EH 304.

**GEOG 0310** (Demand)  3 hrs. cr.
**Human and Cultural Geography** *(Writing Intensive)*
This course focuses on spatial approaches to understanding the ongoing organization and reorganization of human cultural, economic, political and urban activates at various spatial scales, such as the local context, regional context and the international context. Prerequisite: Junior standing or consent of instructor.

**GEOG 0311** (Demand)  3 hrs. cr.
**Geopolitics: Power and Conflict in a Global Context**
Geographic factors that have influenced international relations and the policies of states as political units. Emphasis on geopolitics, religion, racial and ethnic groupings and other factors that may contribute to unity or disunity. Prerequisite: Junior Standing.

**GEOG 0322** (Demand)  3 hrs. cr.
**Economic Geography**
World commodities and geographic factors that affect their production and make them significant to the world economy. Prerequisite: Junior standing.

**GEOG 0422** (Demand)  3 hrs. cr.
**Geography of the United States and Canada**
Geographic analysis of the United States and Canada with emphasis on regional variations of social, economic and physical phenomena. Prerequisite: Junior standing.

**GEOG 0498** (Demand)  3 hrs. cr.
**Advanced Topics in Geography**
Study and analysis of selected topics in advanced regional geography.

**GEOG 0499** (Demand)  1-3 hrs. cr.
**Independent Study**
For students who wish to do an in-depth study of some specialized topic or who wish to pursue a topic not considered in the departments course offerings. The individualized project will be directed by an instructor/adviser from the geography faculty in consultation with the student. Repeatable up to six credit hours.

---

**GEOLOGY**

Reynolds Hall 210 • 417.625.9766

**Faculty**  Archer - Head, Knapp

Geology, the study of the processes shaping planet earth, is of interest to civil engineers, environmental scientists, geographers and biologists. Professionals find their background in geology useful for graduate studies, land-use planning, assessment of natural environmental hazards, resource development, water-use issues and waste disposal.

Geophysics studies the underlying forces responsible for geologic processes and develops the technology for probing the subsurface and interior of the earth. Professional geophysicists work to understand the nature of volcanic eruptions, the behavior and potential prediction of earthquakes, the mechanisms behind continental drift, how to better predict the behavior of the atmosphere and to develop technologies to search for new mineral and energy resources.

The Chemistry and Physical Science Department participates in a cooperative transfer program with the Missouri University of Science & Technology which allows students to complete their first two years of study toward a Bachelor of Science degree in either geology or geophysics at Missouri.
Southern and then transfer to Missouri S&T for the completion of the last two years of the degree. The program is adaptable so that students may also complete the degree at the University of Missouri at Columbia or Missouri State University in Springfield.

The geology courses at Southern support majors in other fields such as geography and environmental health and enable students to meet state certification requirements for teaching general science and earth science at the 7th through 12th grade levels.

---

**Course Descriptions**

**GEOL 0120**  (F-Odd)  4 hrs. cr.
**Introduction to Geology**
Materials of the earth, structures and geologic features of the surface in relation to the processes and forces producing them. Laboratory study of minerals and rocks and topographic and geologic maps. Additional one-day field trips may be required. Three lectures, one 3-hour lab per week.

**GEOL 0185**  (S-Even)  4 hrs. cr.
**Introduction to Meteorology**
Fundamentals of the circulation of the atmosphere, sequence of weather events, weather forecasting, and severe weather. Includes interpretation of weather maps. Three lectures and one 2-hour laboratory per week. Prerequisite: qualified to take the core math requirement, Math 125 recommended.

**GEOL 0201**  (F-Even)  3 hrs. cr.
**Physical Geography**
Study of the physical or natural aspects of man’s environment, with emphasis on land form development, oceanographic features and climate. Students may not receive credit for both GEOL 120 and GEOL 201.

**GEOL 0202**  (Demand)  1 hr. cr.
**Map and Photo Interpretation**
An introduction to the interpretation of topographic maps, aerial photos and satellite images. One 3-hour laboratory per week. Designed to compliment GEOL 201. Prerequisite: GEOL 201 or equivalent, may be taken concurrently. Students may not receive credit for both GEOL 120 and GEOL 202.

**GEOL 0210**  (F,S-Odd)  3 hrs. cr.
**Fundamentals of Earth and Space Science**
Materials of the earth, geologic features and landscapes of the earth’s surface in relation to the processes producing them; interrelationships between geologic processes and the earth’s atmosphere and oceans; geologic description of the solar system; basic concepts in astronomy and meteorology. Prerequisite: PHYS 100 or 101 or consent of instructor. Three lectures per week.

**GEOL 0212**  (F,S-Odd)  1 hr. cr.
**Earth & Space Science Lab**
Laboratory study of rocks and minerals, landscapes features as revealed in maps and stereo photos, weather maps and data, astronomical observations and earth-sun-solar system interrelationships. One-day field trips and some night-time astronomical observations are required. This course is designed primarily for students specializing in elementary education. Co-requisite: GEOL 210 must be taken concurrently. One 3-hour lab per week. (Additional lab fee will be required.)

**GEOL 0298**  (Demand)  1-3 hrs. cr.
**Topics in Geology**
Special Topics in geology not normally offered in other courses. Prerequisites to be determined by department.

**GEOL 0300**  (S-Odd)  3 hrs. cr.
**Environmental Geology**
An introduction to our relationship to the earth’s environment. The limitations of natural resources and discussion of consequences of the exploitation of natural resources are considered along with the demands of humanity upon the environment. Overview of natural environmental hazards, including volcanoes, earthquakes, subsidence landslides, floods and asteroid impacts. Prerequisite: Five credits in physical science, physics and/or chemistry. Cross listed as EH 300.

**GEOL 0320**  (Demand)  4 hrs. cr.
**Historical Geology**
A comprehensive study of the history of the earth within a plate-tectonics context. Emphasizes the global evolution of landscapes and the fossil record. Laboratory includes geologic mapping, the interpretation of geologic history from map and fossil data, and fossil identification. Three lectures, one 2-hour lab per week. Prerequisites: GEOL 120 and either BIO 101 or higher level Biology course.

**GEOL 0430**  (Demand)  1-3 hrs. cr.
**Internship in Geology**
In conference with departmental representatives at least six weeks in advance, the student shall elect to work and observe in any area of applied geology in which on-the-job experience would be beneficial to the student’s training. Prerequisites, Junior standing in chemistry, physics, biology or pre-engineering or by permission.

**GEOL 0498**  (Demand)  1-3 hrs. cr.
**Advanced Topics in Geology**
In depth study of the geology of a particular region or system of regions through classroom sessions and/or field trips. Extended field trips will require a special lab fee and, in some cases, special physical conditioning or training. The region or area of interest varies from year to year. Prerequisites: GEOL 320 and/or consent of the instructor.

**GEOL 0499**  (Demand)  1-3 hrs. cr.
**Geology Field Studies**
Individual work under the supervision of a staff member with credit and hours to be arranged. Problems may be undertaken in any field of geology with adequate preparation and the consent of the supervising instructor. Prerequisite: 3 hours of Physical Science or permission of instructor.
Faculty
Locher - Head, Tannenbaum, Teverow, Wagner, Wheeler

Mission
Preparing students for dynamic leadership and responsible citizenship is the mission of the Department of Social Sciences. The department provides students with the opportunity to cultivate critical thinking, communication and technological skills that will continue to be of value in the complex world of the 21st century. The faculty offers substantive instruction and intellectual challenge within the Social Sciences. The department emphasizes opportunities to engage in the international world in support of the University’s international mission. Finally, the Department of Social Sciences builds bridges to the local community through academic internships, public events, partnerships with local institutions and sponsorship of academic programs and events for students and teachers at local schools.

A Bachelor of Arts degree with a major in History prepares students for entering career positions in business, governmental and community service fields and for entry into graduate programs in the social sciences and law. A Bachelor of Science in Education with a major in Social Studies - History emphasis certifies a student to enter professional teaching at the secondary school level. A minor in History is available for students majoring in other disciplines.

General Education Requirements and Missouri statute requirements are met by HIST 110 or HIST 120. HIST 130 and HIST 140 meet the General Education requirement in Area I, International Cultural Studies.

HIST 130 or 140 is a prerequisite for all Upper Division European courses. HIST 150 is a prerequisite for all Upper Division Asian History courses. HIST 160 is a prerequisite for all Upper Division Latin American History courses.

Student Organizations
The History Club is open to all students who are interested in history. The club provides an informal setting for students to pursue their interests in history and sponsors a wide variety of activities each semester.

Pi Alpha Theta is the national honor society in history. Pi Alpha Theta recognizes academic excellence in the field and encourages its members to participate in the activities of its national organization. Locally, Pi Alpha Theta members share many activities with the History Club.

Course Descriptions

HIST 0201  (S)  3 hrs. cr.
Introduction to Historical Research
A formal introduction to the discipline of history and the skills needed for studying it. Emphasizes include basic research techniques, critical reading of primary and secondary sources and the recommended styles and strategies for writing research papers. Required of all History BA and all Social Studies (History emphasis) BSE majors as a prerequisite for upper-division History courses. Prerequisite: HIST 110 or 120 or 130 or 140.

HIST 0298  (Demand)  3 hrs. cr.
Topics in History
Special historical topics are examined. Students are encouraged to submit areas of personal interest to guide in the selection of the topics.

HIST 0496  (Demand)  3-8 hrs. cr.
Internship in History
Practical, professional training in archival skills and museum management in an area historical museum, archival institution or historic site, under the supervision of a faculty member and a professional from the participating institution. No more than three hours may be counted toward a major or minor. Prerequisite: Junior standing or above and departmental approval. Repeatable up to eight credit hours.

HIST 0497  (Demand)  3 hrs. cr.
Seminar in Historical Research  (Writing Intensive)
Topics pertaining to an era or historical problem of special interest to the instructor and students. Emphasis on student's ability to research, assimilate and present new areas of knowledge. Prerequisite: Junior standing, HIST 201, ENG 102 and 6 hours upper-division history.

HIST 0498  (Demand)  3 hrs. cr.
Advanced Topics in History
Advanced topics not covered in other history offerings. Emphasis on student's ability to research, assimilate and present new areas of knowledge. Prerequisite: Junior or senior status.

HIST 0499  (Demand)  1-3 hrs. cr.
Independent Study
Individualized project directed by the instructor/adviser with approval of department head and school dean. Advanced standing in the major field and a minimum GPA of 3.0 are required. Repeatable up to six credit hours.

U. S. History

HIST 0110  (F,S)  3 hrs. cr.
United States History 1492-1877
Survey of the United States from the era of discovery through reconstruction. Prerequisite: UE 150 or a score of 17 or higher on the ACT Reading Section.

HIST 0120  (F,S)  3 hrs. cr.
United States History 1877 to Present
Survey of the economic, social and political development of the United States from 1877 to the present. Prerequisite: UE 150 or a score of 17 or higher on the ACT Reading Section.

<td>Survey of Western societies from the Baroque Era to the retreat of European colonialism. Major emphasis on development of the nation-state, the impact of industrialization, changes in political and religious outlook, the impact of revolutions and two world wars.</td>
</tr>
</tbody>
</table>
HIST 0371  (Demand)  3 hrs. cr.  
**The Holocaust**
An examination of the destruction of the European Jews from 1933 to 1945, with special attention to the social, political and scientific context of the Holocaust. Special attention to European anti-Semitism, the rise of German Nazism, the development of a policy of mass murder and the operation of ghettos and death camps. HIST 130 or 140 recommended before taking this class.

HIST 0375  (Demand)  3 hrs. cr.  
**English History to 1660**  
*(Writing Intensive)*
The peoples of England and their institutions from prehistoric settlement through the English civil wars. Major topics include the impact of Anglo-Saxon, Scandinavian and Norman invasions, the changing roles of monarchy and parliament, changes in England’s relations with other parts of the British Isles and with Europe and life among various social classes. Prerequisite: HIST 130 or 140.

HIST 0380  (Demand)  3 hrs. cr.  
**British History Since 1660**
British peoples and institutions from the Restoration to the present. Emphasis on the development of Parliamentary government, the rise and fall of the world’s first industrial economy, life among various social classes and changes in Britain’s role as a European and global power. Prerequisite: HIST 130 or 140.

HIST 0387  (Demand)  3 hrs. cr.  
**History of Russia to 1796**  
*(Writing Intensive)*
History of Russia from pre-Tsarist times through the reign of Peter the Great. Emphasis on the land and the people, national characteristics and political institutions. Prerequisite: HIST 130 or 140.

HIST 0388  (Demand)  3 hrs. cr.  
**History of Russia Since 1796**
Russia since the reign of Catherine the Great until the recent demise of the Soviet Union. Investigates the problems posed by Tsarist Autocracy and Serfdom, the origins and course of the Bolshevik Revolution, Russian life under communism and the structural weaknesses and events contributing to the collapse of the Soviet Union. Prerequisite: HIST 130 or 140.

HIST 0390  (Demand)  3 hrs. cr.  
**History of Germany**
Social, political, military and economic history of Germany, with major concentration on the post-1519 period. Emphasis on the decline of the Medieval Empire, princely absolutism, national unification, Weimar Republic, Third Reich and post World War II. HIST 130 or 140 recommended before taking this class.

HIST 0425  (Demand)  3 hrs. cr.  
**The Renaissance and the Reformation 1350-1559**
An overview of Europe from 1350 to 1559. Changes in thought and artistic expression, the divisions within Western Christendom, the emergence of national monarchies and the impact of economic change on daily life. Prerequisite: HIST 130 or 140.

HIST 0435  (Demand)  3 hrs. cr.  
**The Era of the French Revolution and Napoleon**
An examination and analysis of events in France and their impact on Europe from 1789 to 1815. Interplay of ideas and people and the quest for a political settlement under a constitutional monarchy, republic and empire. Prerequisite: HIST 130 or 140.

HIST 0440  (Demand)  3 hrs. cr.  
**European Intellectual History**
Intellectual, cultural and social developments in Europe from the Italian Renaissance to the present. Examination of the rise of scientific thought, the Enlightenment, Romanticism, nationalism, political ideologies, social reforms and existentialism. HIST 130 or 140 recommended before taking this course.

HIST 0498  (Demand)  3 hrs. cr.  
**Advanced Topics in History**
Advanced topics not covered in other history offerings. Emphasis on student’s ability to research, assimilate and present new areas of knowledge. Prerequisite: Junior or senior status.

HIST 0499  (Demand)  1-3 hrs. cr.  
**Independent Study**
Individualized project directed by the instructor/adviser with approval of department head and school dean. Advanced standing in the major field and a minimum GPA of 3.0 are required. Repeatable up to six credit hours.

**Asian History**

HIST 0150  (F)  3 hrs. cr.  
**Asian Civilizations**
Introductory survey of the history and culture of traditional and modern Asia, focusing on the distinctive culture areas of monsoonal Asia, i.e., South, Southeast and East Asia. Some attention will also be given to Asian culture areas outside this zone.

HIST 0313  (Demand)  3 hrs. cr.  
**East Asian Civilizations I**
Survey of the history of pre-modern East Asia to 1600, focusing particularly on China, Japan, Vietnam, and to a lesser extent, Korea. Course will emphasize the development of East Asian cultures, societies and political structures and will use a comparative analysis in seeking to understand the history of the region. Prerequisite: HIST 150.

HIST 0314  (Demand)  3 yrs. cr.  
**East Asian Civilizations II**
Survey of the history of modern East Asia from ca. 1600, focusing particularly on China, Japan, Vietnam, and to a lesser extent, Korea. Course will emphasize the impact of the West and the problems of modern development, using a comparative analysis in seeking to understand the history of the region. Prerequisite: HIST 150.

HIST 0316  (Demand)  3 hrs. cr.  
**South Asian Civilizations**
Survey of South Asian History from the dawn of civilization to the present. Course will encompass the interplay among art, religion, politics, migration, conquest, nationalism and cultural exchange in constituting the peoples and nations of India, Pakistan, Bangladesh, Afghanistan, Nepal and Sri Lanka. Prerequisite: HIST 150.

**Latin American History**

HIST 0160  (S)  3 hrs. cr.  
**History of Latin America**
Historical overview of Latin America, from the Spanish and Portuguese to the present day, by examining the major themes and events in the region. Particular emphasis will be placed on the Indian and African background of Latin
American history and the ways in which these groups helped shape Latin American society. Topics covered will include the conquest of Latin America, Spanish administration, the independence movements of the nineteenth century, nation building and revolutionary movements of the twentieth century.

**HIST 0342**  
(Demand)  
3 hrs. cr.  
*Latin American Revolutions (Writing Intensive)*  
Latin American Revolutions addresses the causes and consequences of 20th century uprisings in Bolivia, Mexico, Cuba, Guatemala, Nicaragua, El Salvador, Chile and Columbia. Emphasis will be placed on the tactics and personalities of revolutionary leaders as well as the needs and reactions of their supporters. Prerequisite: HIST 160.

**HIST 0474**  
(Demand)  
3 hrs. cr.  
*Colonial Latin America*  
Colonial Latin America will provide a historical overview of Latin American from the Spanish and Portuguese conquest until independence in the 1820s, by examining the major themes and events in the region. Particular emphasis will be placed on the Indian background to Latin American history and the ways the natives helped shape Latin American society. Topics covered will include the conquest of Latin America, imperial rivalries, Spanish administration, Indian labor and the independence movements of the 19th century. Prerequisite: HIST 130 or 140.

**HIST 0475**  
(Demand)  
3 hrs. cr.  
*Modern Latin America*  
Modern Latin America will provide an overview of Latin America since independence, examining major themes, events and issues in the region. Particular emphasis on ways in which Latin American peoples have struggled to resist, adapt and take advantage of the social forces influencing their nation's urbanization, populism, social revolution, development, peasant rebellion, the position of women in society and the Church. Prerequisite: HIST 130 or 140.

**INTERNATIONAL ENGLISH PROGRAM**  
*Webster Hall 338 • 417.625.9821*

**Faculty**  
Kester-Director

**Mission**  
The International English Program provides English as a Second Language (ESL) instruction. The program goal is to help students learn English for academic work through use of English in comfortable, authentic settings. The goal is supported by:

- A solid English language preparation program.
- Additional language support beyond the IEP.
- Support for the International Mission by increasing the number and impact of international students
- Instruction by native speakers of English and competent second language learners of English.
- Varied opportunities for using English, including:
  - classroom instruction
  - conversation partnerships and tutoring
- activity groups (reading clubs, Toastmasters, campus clubs, etc.)
- volunteer service in Joplin area agencies.

**Help for Joplin area residents whose primary language is not English**

- Volunteer service in Joplin area agencies.
- Activity groups (reading clubs, Toastmasters, campus clubs, etc.)
- English study is 15 credit hours per semester.

**The English requirement for full admission to regular studies:**

- A minimum TOEFL score of 68 (iBT) with a minimum writing score of 25 (iBT) OR
- A Michigan English Language Institute College English Test (MELICET) score of at least 75 with a writing score of at least 4.0

**Students holding an F-1 visa to study in the U.S. must be enrolled full-time in academic studies. Full time academic status is 12 or more credit hours; English study is 15 credit hours per semester.**

**Placement:** The MELICET, including a listening and writing assessment, is required before registration to help guide the placement of students. There is a fee for the test. MELICET is one form of the Michigan Test, developed by the University of Michigan. MELICET scores are valid only at the institution where the test is given.

**Courses:** Three levels of instruction are offered, Beginning, Intermediate and Advanced. Courses at each level include Speaking and Listening, Grammar, Reading and Culture, Composition and Multi-skills Academic Study. All courses must be passed with a 2.0 (C) to move to the next level. Courses may be repeated if necessary.

**Length of Study:** The time a student spends in the IEP depends on a variety of factors including personal motivation, study skills, the language commonly used outside the classroom, level of proficiency and ability. It is expected that students complete the IEP in a specific time, set when students enroll in courses after taking the initial Michigan or other language assessment test. A student is admitted to the English Program for a pre-established period of time, communicated on the Course Recommendations document (attached) after the Michigan Test is scored or another language test score is received.

No student can continue in the IEP longer than the established period without written permission of the IEP Director. Permission to continue will be granted only if the student has received passing grades in IEP courses and the student’s instructors recommend continuation.

Nothing herein prohibits a student from enrollment in courses at a lower or higher level than these general scores suggest, if test sub scores indicate different work in a skill area (grammar, listening, speaking, reading, writing, pronunciation) is more appropriate.

To become a full-time academic student in regular degree programs following the IEP:

1. Successfully complete all IEP courses with a minimum GPA of 2.0 and
2. Pass the MELICET Test with score of 75 and a writing score of 4.0 or
3. Pass the TOEFL with a score of 68 (iBT) and a writing score of 25 (iBT)

**Disciplinary Policy**  
IEP Disciplinary policy conforms to the MSSU Academic Policies as stated in the catalog. Any IEP student falling below a GPA of 2.0 in any semester in his or her IEP course work will be placed on IEP probation. If the GPA is not raised to the minimum standard of progress during the probationary semester, the student is subject to academic suspension from the program.
A student receiving academic suspension may not return to the IEP for one semester and will not be re-enrolled if the student cannot present evidence that indicates a high probability of academic success.

Academic bankruptcy is not permitted in the IEP.

The Program
Students at all levels are required to enroll in a full load of IEP courses.

Exchange Students at MSSU for a limited time and intending to complete their degree at another university may take IEP courses for transfer credit to their home institutions. Exchange students are governed by the exchange agreements under which they attend MSSU and must meet the language requirements of MSSU to be admitted to regular classes.

English Support Services
International students or second language English students in the regular academic program at MSSU who wish to take English support classes to help their academic studies may take up to 6 hours of IEP courses each semester.

Language Labs
A language computer lab and International Language Resource Center enable students to acquire English skills at their convenience. The labs feature components to assist students in improving English skills.
1. A speaking, listening and conversation component enables students to practice these skills through one-on-one conversations with lab instructors.
2. A reading and writing component provides students with individual tutoring on each assignment.
3. Interactive software provides additional instruction in English grammar problems.

Additional Help
IEP-sponsored English tutoring services for international and second language English students are provided through the Language Resource Center. In addition, Learning Center tutors are available to work with other academic work at any time.

Conversation Partners
Time with conversation partners is required of English learners and provides support in getting to know American culture as well as language. Some IEP courses require students to find a conversation partner to complete the work of the course.

Highlights of the IEP
- Students admitted to the IEP are considered official students at Missouri Southern State University with all the accompanying rights and privileges. Unless a student has met admission requirements to the University, however, s/he is not admitted thereby to a degree program.
- No minimum TOEFL or other proficiency test score is necessary to enroll in IEP classes, but scores on the Michigan Tests (MELICET and MPT) are used for placement in appropriate level courses.
- Small classes offer personal attention.
- Native English-speaking conversation partners and dormitory roommates are available.
- Language labs and IEP tutors allow students to progress at their own pace.
- Students participate in field trips to areas of cultural interest as well as planned social activities with neighboring colleges and universities.

Course Descriptions

ESL 0051 (F) 3 hrs. cr.
Level 1: Introduction to Grammar
Students focus on basic grammar structures in English at the independent word, phrase, and simple sentence level. Emphases include concrete, abstract, count and non-count nouns, pronouns, adjectives, adverbs, prepositions, regular and irregular verbs. Subject verb agreement and verb tense is stressed. The course emphasizes use and understanding of these structures.

ESL 0052 (F,S) 3 hrs. cr.
Level 1: Beginning Listening & Speaking
Students focus on basic speaking and listening skills, including practice in language production and understanding. Primary focus of the course is pronunciation of American English phonemes and morphemes with additional work to assist students' communication needs common situations. Topics include general conversation, interviewing, requests, questions and answers, and expressing opinions.

ESL 0053 (F,S) 3 hrs. cr.
Level 1: Beginning Reading
Students focus on basic reading skills, stressing reading strategies and vocabulary development. Primary focus stresses reading skills necessary to move on to higher level reading courses in the IEP. Topics include general purpose and recreational reading, reading speed and comprehension strategies, vocabulary and idiomatic expression development.

ESL 0054 (F,S) 3 hrs. cr.
Level 1: Beginning Composition
This course is designed to help the ESL learner master English syntax at the sentence level, with an introduction to basic paragraph form. Emphasis is on competency in clearly expressing ideas through developing various sentence structures. Students learn development of main and supporting ideas, simple and compound sentence structure.

ESL 0057 (F,S) 3 hrs. cr.
Level 1: Beginning English Skills
Students learn to navigate the American classroom system on the university level. Students explore relationships in America by participating in discussions, on campus activities and conversations with native English speakers as well as successful IEP students in higher levels. University policies and classroom expectations are a main focus. Emphasis is placed on skills needed to be successful in the American university environment.
ESL 0061 (F) 3 hrs. cr.
Level 2: Basic Grammar
Students focus on basic grammar structures in English at the sentence level. Emphases include verb forms and tenses, subject/verb agreement, parts of speech, use of adjectives, adverbs and prepositional phrases, noun and pronoun forms, and active/passive voices. Sentence construction is stressed, including complex sentence structures. The course emphasizes use and understanding of these structures.

ESL 0062 (F,S) 3 hrs. cr.
Level 2: Speaking and Listening
Students focus on basic speaking and listening skills, including practice in language production and understanding. Primary focus of the course is basic level conversation in American Standard English, with additional work to assist students’ communication needs for survival English. Topics include conversation, requests, questions and answers, and formulaic exchanges such as greetings, introductions and shopping.

ESL 0063 (F,S) 3 hrs. cr.
Level 2: Reading Skills
Students focus on basic reading skills, stressing reading strategies and vocabulary development. Primary focus stresses reading skill development and reading fluency (speed and comprehension). Topics include general purpose and recreational reading, vocabulary and idiomatic expression development.

ESL 0064 (F,S) 3 hrs. cr.
Level 2: Writing in English
This course is designed to help the ESL learner master English syntax at the phrase, clause and sentence level, with an introduction to basic paragraph form. Emphasis is on competency in expressing clearly complex ideas through developing various sentence structures and types. Students learn development of primary and secondary ideas. Class writing assignments are linked, when possible, to authentic purposes for writing.

ESL 0065 (F,S) 1 hr. cr.
Level 2: Effective Learning Skills for English
This course mediates the difficulties of learning a language in intensive, pre-academic settings and is required for students beginning full-time or required work in the IEP and for students in probationary status in the IEP. It teaches strategies for responding to course assignments and monitors use of these strategies in language learning. When learning problems arise, the instructor intercedes to develop solutions, including referrals for additional assistance.

ESL 0066 (F,S) 2 hrs. cr.
Level 2: ESL Tech: Technology Mediated Instruction
This course addresses the technical needs for English language instruction: email, LioNet, Blackboard, printing, social media, and network access. The core of the course will focus on computer mediated English instruction with application for independent and self-motivated study.

ESL 0067 (Su) 3 hrs. cr.
Level 2: Developing Basic English Skills
Students focus on four basic English skills: reading, writing, speaking and listening, and grammar. Primary focus stresses the skills most important at a beginning level: vocabulary development, correct grammatical structures, written communication strategies, negotiating meaning and avoiding misunderstandings, and participation in common, everyday communications, questions and answers, and opinions.

ESL 0068 (F,S) .5 hrs. cr.
Level 2: Pronunciation Clinic
This clinic focuses on breaking bad language use habits and enhancing the automaticity of correct English mastery of basic English sounds at the syllable, phoneme, and word level. It includes introduction of commonly used numbers pronunciation (telephone numbers, currency, accounts, addresses, student ID’s, etc.).

ESL 0069 (F,S,Su) .5 hrs. cr.
Level 2: Readers’ Workshop
This clinic focuses on enhancing the automaticity of correct English and vocabulary development through extensive reading and discussion. A primary goal of this workshop is to encourage reading for enjoyment. Students read low level graded readers of popular fiction and non-fiction in English.

ESL 0071 (F,S) 3 hrs. cr.
Level 3: Grammar Functions
Students focus on basic and intermediate grammar structures in English at the sentence level. Emphases include verb forms and tenses, modals, conditionals and causatives, noun and pronoun forms and active/passive voices. Sentence construction is stressed, including complex sentence structures. The course emphasizes use and understanding of these structures.

ESL 0072 (F,S) 3 hrs. cr.
Level 3: Speaking and Listening
Students focus on basic and intermediate speaking and listening skills, including practice in language production and understanding. Primary focus of the course is conversation in American Standard English, with additional work to assist students’ communication needs in American higher education. Topics include general conversation, interviewing, requests, questions and answers and expressing opinions.

ESL 0073 (F,S) 3 hrs. cr.
Level 3: Reading and Vocabulary
Students focus on basic and intermediate reading skills, stressing reading strategies and vocabulary development. Primary focus stresses reading skills necessary in the general environment of American higher education by way of an introduction to American culture. Topics include general purpose and recreational reading, reading speed and comprehension strategies, vocabulary and idiomatic expression development.

ESL 0074 (F,S) 3 hrs. cr.
Level 3: ESL Composition
This course is designed to help the ESL learner master English syntax at the sentence and paragraph level, with an introduction to basic academic essay form. Emphasis is on competency in expressing clearly complex ideas through developing various types of paragraphs. Students learn development of main and supporting ideas.

ESL 0075 (Su) 2 hrs. cr.
Level 3: ESL Tech: American Culture Studies
This course addresses the technical needs for English language instruction: email, Blackboard instruction, Internet information search, electronic presentation skills, online and print reference tools, English spelling and handwriting skills. Not all topics will be presented each semester. Each semester’s offering will focus on a specific skills set. Students enrolled in more than six credits in any semester in the IEP are required to take two language enhancement courses, meeting 1-2 hours weekly. This course is one of the options in meeting that requirement.
ESL 0077  (Demand)  3 hrs. cr.
Level 3: Intermediate ESL Skills
Students focus on four intermediate English skills: reading, writing, speaking and listening and grammar. Primary focus stresses the skills most important at an intermediate level: vocabulary building, correct grammatical structures for communicative language production and participation in common, everyday communications, questions and answers and expressing opinions.

ESL 0078  (F,S)  .5 hr. cr.
Level 3: Pronunciation Clinic
Students enrolled in more than six credits in any semester in the IEP are required to take two language enhancement courses, meeting 1-2 hours/weekly. This clinic focuses on breaking bad language use habits and enhancing the automaticity of correct English through extensive speaking, error correction and improvement strategies geared to specific student needs.

ESL 0079  (F,S)  .5 hr. cr.
Level 3: Readers’ Workshop
Students enrolled in more than six credits in any semester in the IEP are required to take two language enhancement courses, meeting 1-2 hours/weekly. This clinic focuses on enhancing the automaticity of correct English and vocabulary development through extensive reading and discussion. Students will read and listen to presenters discuss readings important to them. A primary goal of this workshop is to encourage reading for enjoyment.

ESL 0081  (F,S)  3 hrs. cr.
Level 4: Grammar Functions
Students focus on advanced grammar structures in English at the sentence and paragraph level, including: modals, semi-modals and similar constructions; conditionals and causatives; noun, adjective and relative clauses; gerund, infinitive and participial phrases; prepositions; articles and active/pas-
sive voice structure and use. Highly complex sentence construction and paragraph organization are highlighted as well as choice or grammatical structure to communicate specific intentions.

ESL 0082  (F,S)  3 hrs. cr.
Level 4: Academic Speaking & Listening
Students focus on advanced speaking and listening skills appropriate to American higher educational settings, including language production and understanding. The course emphasizes academic lecture discourse and note-taking skills; discussion leadership and participation styles; researching, analyzing and expressing opinions on a variety of academic topics. Requires a placement test or approval of the IEP director.

ESL 0083  (F,S)  3 hrs. cr.
Level 4: Academic Reading
Students focus on reading skills necessary for university academic work, stressing reading strategies and vocabulary development. Primary focuses are understanding difficult texts and vocabularies, increasing reading speed and encouragement of recreational reading in English. Topics include essay and academic texts; careful reading, skimming and scanning skills and summarizing. Requires a placement test or permission of the IEP director.

ESL 0084  (F,S)  3 hrs. cr.
Level 4: ESL Composition
This course is designed to help the ESL learner master English syntax at the essay and formal paper level, with introduction to basic citation form. Emphasis is on academic discourse styles in development of the essay and other types of classroom written work. Topics include development of a thesis through essay organization and writing clearly under the pressure of time. Requires a placement test or permission of the IEP director.

ESL 0085  (Demand)  3 hrs. cr.
ESL Skills for the University
This is a multi-skills course which focuses on student language needs for the American university classroom. While the topic under study will change from semester to semester, the primary focus on multiple language skills adequate for university work remains the same. Students will explore an academic topic through extensive reading, writing and research, class discussion, lecture note taking and examinations at a level expected of first year students. Students will not only practice skills learned from earlier classes, they will learn strategies to deal with the volume of work required in university classes. Requires a placement test or permission of the IEP director.

ESL 0086  (F,S)  2 hrs. cr.
Level 4: IEP Tech: Vocabulary Development
Development and accurate use of vocabulary is an important skill for language learners. This course focuses especially on development skills such as introducing the academic word lists, enhancing spelling abilities through introduction of spelling strategies, and mastering the most common words in American English.

ESL 0087  (Su,Demand)  3 hrs. cr.
Level 4: Academic ESL Skills
Students focus on four advanced English skills: reading, writing, speaking and listening and grammar. Primary focus stresses the skills most important at an advanced level: vocabulary building in technical, professional and academic areas, correct grammatical structures for business and academic language production and participation in university level communications, discussions, formal questions and expressing opinions.

ESL 0088  (F,S)  .5 hr. cr.
Level 4: Pronunciation Clinic
This clinic focuses on breaking bad language use habits and enhancing the automaticity of correct English through extensive conversation, error correction and improvement strategies geared to specific student needs.

ESL 0089  (F,S,Su)  .5 hr. cr.
Level 4: Readers’ Workshop
This clinic focuses on enhancing the automaticity of correct English and vocabulary development through extensive reading and discussion. It uses common English texts, fiction and non-fiction, modified for beginning English learners. A primary goal of this workshop is to encourage reading for enjoyment.

ESL 0097  (Demand)  0-8 hrs. cr.
ESL Topics
Short term courses for persons desiring short study of English while in the U.S. Non-gradable.

ESL 0128  (Demand)  3 hrs. cr.
Reading for Pronunciation and Vocabulary
This course focuses on two advanced language skills: accent reduction and vocabulary development. Advanced learners often find that residual first language accent inhibits understandability and that the vocabulary they learned initially is inadequate for the communication tasks they face. The course will use extensive oral reading and reading for comprehension to address these difficulties.
ESL 0130  (Demand)  2 hrs. cr.
Studying for the TOEFL
This course focuses on the tools good students use to prepare for the TOEFL examinations. English competence and a number of other factors affect student performance, including test anxiety, assessment misunderstanding, unfamiliarity with key vocabulary, poor study habits and poor strategies. The goal of this short course is to introduce the most helpful things to prepare for the TOEFL and, by extension, other language assessments such as the Michigan Test Battery.

Faculty  Stebbins - Director

Mission
It is the goal of Missouri Southern State University that all academic programs be enhanced through an emphasis on international education. To that end, the University has identified five goals:

1. Graduates will have an understanding of how cultures and societies around the world are formed, sustained and evolve.
2. Graduates will have empathy for the values and perspectives of cultures other than their own and an awareness of international and multicultural influences in their own lives.
3. Graduates can identify and discuss international issues and cultures other than their own.
4. Graduates have communicative competence in a second or third language.
5. Graduates have experienced or desire to experience a culture other than their own.

Several activities have been designed and implemented to help make these goals possible. They include encouraging and supporting faculty to lead student groups abroad; providing grants for faculty to internationalize the curriculum; developing bilateral exchange agreements with universities in other countries; developing “themed” semesters featuring special course offerings, lectures and cultural events of a particular country or continent; increasing the number of foreign language course sections and course offerings; and offering Performing Aid Awards for students majoring or minoring in a foreign language.

The Institute of International Studies, moreover, is committed, through its leadership, in assisting global education to become more pervasive throughout the curriculum and extracurricular activities of the University.

Finally, the Institute is committed to continual assessment of international programs and its mission to ensure that students develop not only an awareness of international problems but specific competencies needed in business, industry, government, education and the professions.

Study Abroad Programs
(Semester and Year-Long Opportunities)
Chad Stebbins
Webster Hall 337A, 417.625.9736

Missouri Southern students have many exciting opportunities to study for a semester or year in other countries. The University is a member of the International Student Exchange Program (ISEP), through which MSSU students can study and earn credit at nearly 150 colleges and universities in 50 countries around the world. In addition, students may choose to participate in the Bilateral Exchange Program. The University has negotiated a number of departmental bilateral agreements with international institutions; these exchanges are usually specific to a student’s major. For semester or year-long exchanges, MSSU students studying abroad through most ISEP or Bilateral Exchange Programs pay regular MSSU tuition and room/board fees.

To participate in a long-term study abroad program, students must have a minimum GPA of 2.75 (higher for some host institutions); be degree seeking and enrolled full time; intend to return to MSSU to graduate; and generally have completed 60 credit hours by the time of the exchange.

More information on study abroad programs is available on the Institute of International Studies’ website: http://www.mssu.edu/international-studies/

International Studies Major
The major in International Studies is committed to the development in students of high intellectual standards, concern for the whole person and practical cross-cultural and professional skills to enable them to embark upon immediate employment or graduate study.

It is the goal of the major in International Studies that students who complete the program shall:

1. Demonstrate communication skills in a language other than their own at a proficiency beyond the intermediate level of study.
2. Analyze a variety of problems of international significance, selecting or creating possible solutions and defining possible means of implementation.
3. Compare values of one culture with those of another, demonstrating an understanding of individuals' roles in these systems, be they governmental, economic, religious, family or occupational.
4. Analyze the impact of social institutions in their own culture as well as in another, demonstrating an understanding of individuals' roles in these systems, be they governmental, economic, religious, family or occupational.
5. Identify activities and products which constitute the scientific/technological aspects of a culture other than their own, demonstrating an understanding of the impact of such activities and products on the individuals and the physical environment in a culture.
6. Identify those activities and products which constitute the artistic aspects of a culture other than their own; understand the impact which art, in its various forms, has on individuals in a culture; and analyze the uses of works of art within that culture.

International Studies as defined by the Institute of International Studies allows as many disciplines as possible to become involved in the internationalizing of the University. The International Studies major and minor is an interdepartmental degree program administered by the Institute of International Studies. The program offers students an opportunity to enhance their understanding of the diverse cultures of the world and provides a substantial foundation for professional careers in diplomacy, law, education, international business and commerce, journalism, the military, research, public health, human service
organizations and much more. Opportunities in most of these professions are available in both the public and private sectors in the United States and abroad. The major is also a good foundation for graduate study in such diverse areas as international law, business, history, political science, foreign languages, anthropology, as well as international relations, intercultural communication, peace studies and other interdisciplinary programs.

Course Descriptions

INTS 0298  (Demand)  3 hrs. cr.
Topics in International Studies
Topics not normally included in another course. Prerequisites are determined
by the Institute of International Studies and stipulated in the course syllabus.

INTS 0301  (F)  3 hrs. cr.
World Humanities
Transcultural study of the manifestations of the major art forms of the humanities:
literature, theatre and film, painting and sculpture, music and dance.
The course will stress critical exploration of the relation of the art forms to
the cultures from which they emerge and comparative study of the nature
and function of the art forms in traditions temporally or spatially distinct from
each other, including western and eastern traditions. Required of Interna-
tional Studies majors; open to all others. Prerequisite: must have completed
general education core in Humanities and Fine Arts.

INTS 0302  (S)  3 hrs. cr.
People and the Environment: A Global Perspective
A global survey of the environmental disasters, both natural and man-made,
that plague the world community, including earthquakes, volcanoes, floods,
avenches, atmospheric phenomena, climate modification, radiation, de-
struction of tropical rainforests, declining biodiversity, resource depletion,
stratospheric ozone depletion, urbanization and overpopulation; discussion
of global carrying capacity and limits to growth; analysis of sustainable global
communities; an overview of global responses to environmental issues
through economic policies, the United Nations, international treaties and the
Green political movement; and critical review of the various philosophies
which underpin contemporary evaluations of the condition of the environ-
ment. Required of International Studies majors; open to all others. Prereq-
usite: must have completed general education core in Life and Physical Sci-
ces. Cross listed as GEOG 302.

INTS 0303  (S)  3 hrs. cr.
Contemporary World Civilizations
A systematic and comparative introduction to the contemporary history of
major world civilizations, with a special emphasis on historical developments
that have influenced more than one civilization or cultural region. Required
of International Studies majors; open to all others. Prerequisite: at least one
non-U.S. history course.

INTS 0304  (S)  3 hrs. cr.
Comparative Political Economy
Comparative study of alternative methods of solving the political and eco-
omic problems of production, distribution and allocation. Required of In-
ternational Studies majors; open to all others. Prerequisite: three hours of
economics.

INTS 0306  (F)  3 hrs. cr.
Introduction to Global Health
This course will introduce students to the main concepts of the global health
field and the critical links between global health and social and economic de-
velopment. Students will get an overview of the principles and goals of global
health, the burden of disease and key measures to improve global health.
Required of International Studies majors; open to all others. Prerequisite: BIO
101 or 105 or 121 or 122.

INTS 308  (F)  3 hrs. cr.
Model United Nations
A study of the United Nations and selected issues in recent global history
from the perspective of a United Nations member state. Both the nation and
topics studied will be determined by the agendas of the collegiate Model Unit-
ed Nations conferences in which Missouri Southern participates. Although this course is designed to prepare delegates for these conferences, enrollment is not limited to Model UN participants. May be repeated for a total of 9 credit hours.

INTS 0333  (S-Odd)  3 hrs. cr.
What in the World is Going On Now?
Selected International Issues
In-depth study of a few current international issues and problems among the states of the world. Specific topics covered will be determined by the international agenda at the time the course is taught. Research, analysis and discussion will cover historical background, nature and motivations of parties involved and differing explanations of the issues selected. Prerequisite: PSC 120 and PSC 321 or consent of the instructor. Cross listed as PSC 333.

INTS 0401  (F)  3 hrs. cr.
Research Seminar in International Studies
This course will address the scope of research topics in contemporary international studies, as well as the variety of research methods associated with international studies. Fundamental elements of research design and execution will be addressed in order to prepare students for their senior thesis projects. Though there will be a substantive focus on international studies in this course, any student preparing to write a senior thesis will be allowed to enroll with consent of their adviser. Required of International Studies majors. Prerequisites: junior or senior standing.

INTS 0402  (F,S)  3 hrs. cr.
Senior Thesis in International Studies (Writing Intensive)
With a faculty supervisor, the student will explore and challenge a topic of global concern and produce a senior thesis and make an oral presentation. Required of all International Studies majors. Prerequisite: Senior standing, permission of the director of the Institute of International Studies and INTS 401 or applicable research course determined by the Director of the Institute of International Studies.

INTS 0498  (Demand)  3 hrs. cr.
Advanced Topics in International Studies
For upper-division students. Topic to be announced each time the course is offered. Prerequisites are determined by the Institute of International Studies and stipulated in the course syllabus.

INTS 0499  (Demand)  1-3 hrs. cr.
Independent Study in International Studies
An independent course structured by the adviser with approval of the Director of the Institute of International Studies. Prerequisite: Must have completed 90 hours with a cumulative GPA of 3.0 and have completed a minimum of 15 hours of International Studies courses. Project must be approved by adviser, by the course director and by the Director of the Institute of International Studies prior to enrollment.

Faculty  Johnson - Head, L. Adkins, Charles Curtis, Carrie Curtis, Hand, Harmon, Laird, Lathrom, Vazquez

Mission
The Mathematics Department of Missouri Southern fills several key roles within the University. The Department contributes to the breadth of all majors on campus by providing the mathematics portion of the General Education requirements. For disciplines with a larger quantitative component, the Department offers courses that develop the mathematical tools that students in these disciplines will require. The Department provides a pair of courses to increase future elementary teacher’s command of mathematics and imbue them with confidence in its use. For prospective middle school and secondary mathematics teachers, the department offers a comprehensive curriculum designed to ensure that these students have both a mastery of the material they will be teaching and a depth of understanding that will allow them to see this material in a larger context. Additionally, the Department provides a comprehensive mathematics major, preparing students for careers in the academic, industrial or governmental arenas and a computational mathematics option, which allows a student to obtain a double major in mathematics and computer science.

The faculty of the Mathematics Department of Missouri Southern State University are committed to excellence in teaching and learning. Recognizing that a successful department is dependent on successful students, the faculty devotes a great deal of energy to communicating mathematics well both in and out of the classroom. Department faculty constantly pursue techniques to further the effectiveness of their teaching and to promote an environment conducive to the current and future success of its students.

In an increasingly technological society, applications of mathematics continue to increase in variety. Persons with quantitative ability and training are in high demand. Career opportunities exist in a diversity of fields such as engineering, computer science, economics, statistics, operations research, management and education. Missouri Southern graduates are enjoying success in all of these areas. Some graduates choose to begin careers immediately upon graduation; others choose to continue their education in graduate school. The curriculum is designed to prepare students for either path.

General Education Requirements for the bachelors and the associate of arts degree can be met with any mathematics course numbered 120 or above. Note the limitations on MATH 119 in the course description.

General education requirements for the associate of science degree can be met with any mathematics course numbered 030 or above.

For students majoring in mathematics, mathematics education, or computational math (or minorin in math), only courses in which they have earned a grade of ‘C’ or above can be used to satisfy departmental mathematics requirements and supporting requirements. Mathematics courses used as prerequisites require a grade of ‘C’ or better. Placement in the first college math course is based on the student’s score on the Mathematics Section of the ACT. More information is available in the individual course description, the Mathematics Department Office or on the following website: www.mssu.edu/math/place.htm.
### Bachelor of Science with a Major in Mathematics

**Course Descriptions**

**MATH 0020 (F,S,Su)** 3 hrs. cr.

**Beginning Algebra**
The real number system, solving and graphing linear equations and inequalities, applications of linear equations, and systems of linear equations. No credit toward baccalaureate degree.

**MATH 0025 (F,S)** 2 hrs. cr.

**Accelerated Beginning Algebra**
Linear equations and inequalities with applications, graphing linear equations, systems of linear equations and inequalities, exponents. Other topics may be covered as time permits. Designed as a preparation for intermediate algebra for those students already having mastered real number arithmetic and solution of basic linear equations. No credit toward baccalaureate degree. Prerequisite: One year of high school algebra and score of at least 16 on the ACT Mathematics Section or qualifying score on the Mathematics Placement test.

**MATH 0030 (F,S,Su)** 3 hrs. cr.

**Intermediate Algebra**
Factoring, solving quadratic equations, operations on polynomials, operations on rational expressions, solving rational equations, operations on radicals, solving radical equations. Prerequisite: A Math ACT score of 19 (or higher) or MATH 020 or MATH 25 with a grade of 'C' or better. No credit toward baccalaureate degree.

**MATH 0119 (F,S)** 3 hrs. cr.

**Mathematics for Elementary Teachers I**
The real number system and its subsystems, relations and functions, numeration systems. Prerequisite: One year of high school algebra and one of the following: a) MATH 030 with a grade of 'C' or better, b) a score of 22 or above on the ACT Mathematics Section or c) a qualifying score on the departmental placement exam. (Will not meet the General Education mathematics requirements for non-elementary education majors.)

**MATH 0120 (F,S,Su)** 3 hrs. cr.

**Mathematics for Elementary Teachers II**
A continuation of MATH 119. Geometric concepts in two and three dimensions, networks, constructions and similarity, probability and an introduction to statistics. This course satisfies the general education mathematics requirement for elementary education majors. Prerequisite: MATH 119 with a grade of 'C' or higher or permission of department.

**MATH 0125 (F,S,Su)** 3 hrs. cr.

**Contemporary Mathematics**
An introduction to various areas of mathematics, such as geometry, statistics, set theory, algebra and other topics. Satisfies the requirement in mathematics for General Education. Prerequisites: A Math ACT score of 22 (or higher) or MATH 030 with a grade of 'C' or higher.

**MATH 0130 (F,S,Su)** 3 hrs. cr.

**College Algebra**
A study of functions and their graphs; including linear and quadratic, polynomial, rational, exponential, and logarithmic functions. Prerequisites: A Math ACT score of 22 (or higher) or MATH 030 with grade of 'C' or higher.

**MATH 0131 (F,S,Su)** 3 hrs. cr.

**Finite Mathematics**
This course is designed for majors in the School of Business. The main topics for the course include: Functions and graphs (linear, polynomial, exponential, and logarithmic), linear programming, sets and probability, and an introduction to statistics. All topics emphasize applications in a business environment. Prerequisite: A Math ACT score of 22 (or higher) or MATH 030 with a grade of 'C' or higher.

**MATH 0135 (F,S,Su)** 3 hrs. cr.

**Trigonometry**
Trigonometric functions and applications, right triangle trigonometry, radian measure and applications, graphing trigonometric functions, using and verifying trigonometric identities, using sum, difference, half, and double angle formulas, solving trigonometric equations, inverse trigonometric functions, the law of sines and the law of cosines. Prerequisite: A Math ACT score of 22 (or higher) or MATH 030 with grade of 'C' or higher.

**MATH 0140 (F,S)** 5 hrs. cr.

**Algebra and Trigonometry**
Equivalent of MATH 130 and MATH 135. Prerequisites: A Math score of 22 (or higher) or MATH 030 with a grade of 'C' or higher. Only two hours credit for students with MATH 135 or MATH 130 credit. No credit for students with credit for MATH 130 and MATH 135.

**MATH 0150 (F,S)** 5 hrs. cr.

**Calculus with Analytic Geometry I**
Limits, differentiation, and integration of algebraic and transcendental functions as well as the application of these concepts to real world situations. Prerequisite: MATH 140 with a grade of 'C' or higher or a Math ACT score of 27 (or higher).

**MATH 0250 (F,S)** 5 hrs. cr.

**Calculus with Analytic Geometry II**
Differentiation and integration of transcendental functions, parametric equations, conic sections and polar coordinates. Infinite series. Applications to physical problems. Prerequisite: MATH 150 with a grade of 'C' or better.

**MATH 0260 (F,S)** 3 hrs. cr.

**Calculus with Analytic Geometry III**
Solid analytic geometry, partial differentiation and multiple integrals. Applications to physical problems. Prerequisite: MATH 250 with a grade of 'C' or better.

**MATH 0300 (S)** 3 hrs. cr.

**Fundamentals of Mathematical Thought**
Introduction to proofs, sets, logic, predicate calculus, relations, partitions, functions, and cardinality. Includes topics in number theory, discrete mathematics, analysis, and algebra. Prerequisite or co-requisite: MATH 260 with a 'C' or better.

**MATH 0302 (Demand)** 3 hrs. cr.

**Applied Calculus**
Calculus applications of differentiation and integration in business, social science, life sciences, and engineering technology. Prerequisites: MATH 130 or MATH 131 with a grade of 'C' or better. Will not count toward a major or minor in mathematics.

models and computer simulation. Prerequisite MATH 260 with a grade of ‘C’ or better and CIS 210 with a grade of ‘C’ or better or equivalent computer programming ability.

MATH 0462  (S-Even)  3 hrs. cr.
Probability and Statistics II
Distributions of discrete and continuous random variables, sampling distributions and estimation of parameters. Investigation of the techniques of hypothesis testing, correlation and regression. Prerequisite: MATH 361 with a grade of ‘C’ or better.

MATH 0485  (S)  3 hrs. cr.
Topics in Mathematics
Advanced topics in mathematics. Each year a topic will be chosen from Complex Variables, Number Theory, Partial Differential Equations, Topology and Numerical Analysis, with the possibility of additional topics subject to demand. Prerequisites: MATH 260 with a grade of ‘C’ or better, with additional prerequisites depending on the topic.

MATH 0498  (Demand)  1-3 hrs. cr.
Advanced Topics in Mathematics
Designed to give advanced instruction in some area of mathematics not covered in other courses. For upper division majors. Prerequisites to be determined by the department.

MATH 0499  (Demand)  1-3 hrs. cr.
Independent Study
Course structured by the adviser with approval of the department head and school dean. Prerequisite: Advanced standing in the major field with a GPA of 3.0. Students must make application several weeks in advance. Registration must be approved by the adviser, department head and school dean. See department head for details.

The Department of Music offers a Bachelor of Arts degree and a Bachelor of Science in Education degree with a major in Music. Each degree prepares graduates for performance, studio teaching and/or continued study toward an advanced degree. In addition, the Bachelor of Science in Education degree prepares graduates for teaching in public education.

General education requirements for one course in Area F, Humanities and Fine Arts, are fulfilled by MUS 110 Music Appreciation and/or MUS 106 World Music.

All music majors (with exception of piano majors) are required to pass a piano proficiency examination prior to graduation. Students must continue to enroll in piano courses regardless of credit requirements until piano proficiency is passed.

Bachelor of Arts with a Major in Music
Major Code MU00

| Total .................................................. | 124** |

*See Prerequisites
**Must include at least 40 Upper Division (300-400 level) hours.
*** Must be taken the last eight semesters of residency.
**** Voice majors may substitute with MUS 309 Choral Techniques.
***** Instrumental majors may substitute with MUS 413 Instrumental Music Methods.
^Typical Piano sequence: Class Piano 103, 104, 203, remaining credits can be filled with repeat enrollment in MUS 203 (until piano proficiency is passed) or Applied Piano credits (MUS 125, 126, 325, 326). Students with advanced piano skills may be eligible to test out of piano courses with approval of the department. (Also see Credit Options: “Advanced Standing Examination: on p. 43.)
#Piano majors must take 4 semester hours of music electives in lieu of the applied Piano elective. This is in ADDITION to the 4 credits of music electives required of all BA music majors.

Faculty
Macomber - Head, Barelos, Carnine, Cifelli, Fronzaglia, Liu, Raymond, Sharlow, Smith, Snodgrass, Wise

Mission
The Music Department of Missouri Southern State University seeks to serve the University and its many constituents, in the following ways: by providing access to a general foundation in music education, by providing professional preparation to individuals interested in selected fields of study within the discipline of music, by providing an environment of cultural enrichment and by providing departmental support to the institutional commitment of the International Mission.

The Music Department acknowledges these activities as parts of its Mission:
- music performance
- teacher preparation
- community involvement
- the consistent delivery of a quality-driven curriculum
- support of the institutional International Mission through travel, studies conducted abroad, international performance and studies directed in support of the International Semester
- promote varied musical opportunities grounded in the Liberal Arts

MUS 0101 (S) .................................................. 3 hrs. cr.
Jazz Styles & Appreciation
This survey course is geared to the non-musician and explores the stylistic
periods of jazz as well as its most influential performers, starting with its roots
in the music of West Africa through the years of Dixieland, Swing, Bebop,
Cool and Progressive Jazz. Music literature, style and performance are ex-
amined, along with the lives of significant composers/musicians and their im-
pact on the cultural, philosophical and aesthetic issues of their day.

MUS 0102, 0202, 0302, 0402 (Demand) .............. 1 hr. cr.
Opera or Musical Theatre Performance
Performance of a role along with active participation in the different areas
of staging the musical or opera. Credit is applied after departmental evalua-
tion and approval at the end of the semester. (Students may not receive
credit from both the theatre department and music department for the same
production.)

MUS 103 (F) .................................................. 1 cr. hr.
Class Piano I
Beginning piano for majors with little or no background. Emphasis on key-
board orientation, intervallic reading, and I, IV, V chord structures.

MUS 104 (S) .................................................. 1 cr. hr.
Class Piano II
A continuation of Class Piano 103. Emphasis on improving reading skills and
musicianship. Includes elementary repertoire, harmonization and accompa-
niment. Prerequisite: MUS 103 or approval of instructor.

MUS 0106 (F,S) ................................................. 3 hrs. cr.
World Music
An ethnomusicological survey of select indigenous musics and their cultures.
The musical cultures selected for study are not those found in Eurocentric
(Western art) musics. There are no prerequisites.

MUS 0110 (F,S,Su) ................................................. 3 hrs. cr.
Music Appreciation
A survey of masterpieces of Western musical literature; intended for non-
music major.
<table>
<thead>
<tr>
<th>Course Code</th>
<th>Credits</th>
<th>Description</th>
</tr>
</thead>
</table>
| MUS 0111    | 4 hrs. cr. | Music Theory I  
Basic fundamentals of music with initiation of harmonic analysis, partwriting and ear training. Basic course for music majors; others by consent of instructor. |
| MUS 0112    | 4 hrs. cr. | Music Theory II  
Sequential course in written harmony, including inversion, seventh chords, non-harmonic tones and ear training. Prerequisite: MUS 111. |
| MUS 0121, 0321 (F) | 1 hr. cr. | Concert Chorale  
Open to all university students. Preparation and performance of great choral works. Prerequisite: Permission of instructor. Lower division may be taken twice for credit and upper division three times. |
| MUS 0133 (Demand) | 2 hrs. cr. | Opera  
History, production and performance of one act operas, operatic excerpts, musicals and light opera. Academic concentration the first six weeks on opera history and opera production with the last 10 weeks focusing upon the particular opera selected for production the spring semester of that year. |
| MUS 0141, 0341 (F,Su) | 1 hr. cr. | Jazz Orchestra  
A jazz ensemble open to all students who are qualified instrumentalists. The Jazz Orchestra will prepare and present several concerts during the year, while dealing primarily with music of the jazz idiom. Prerequisite: Permission of instructor. Lower division may be taken twice for credit and upper division three times. Co-requisite: MUS 191, 391, 192 or 392. |
| MUS 0151, 0351 (F) | 1 hr. cr. | Orchestra  
Open to all qualified students who play orchestral instruments. Rehearsal and public performance of standard orchestral literature. Prerequisite: Permission of director of orchestra. Lower division may be taken twice for credit and upper division three times. |
| MUS 0161, 0361 (F) | 1 hr. cr. | Southern Exposure  
Small select ensemble. Performs all literature from madrigal to modern music, written for small vocal ensemble. Prerequisite: Audition. Lower division may be taken twice for credit and upper division three times. Co-requisite: MUS 121, 122, 321 or 322. |
| MUS 0171, 0371, 0172, 0372 (Demand) | 1 hr. cr. | Brass Choir  
Open to all students with band instrument experience. Performance of literature for brass ensemble. Lower division may be taken twice for credit and upper division three times. |
| MUS 0182 (S) | 2 hrs. cr. | Conducting Techniques  
Baton technique, factors in interpretation, score reading and rehearsal procedures for instrumental and vocal organizations. Included is experience conducting live rehearsals. Prerequisite: MUS 211. |
| MUS 0183, 0383 (F) | 1 hr. cr. | Percussion Ensemble  
Select chamber ensemble open to percussion majors and other qualified percussionists. Includes the study and performance of a cross-section of literature for percussion ensemble to include classical, popular and ethnic styles. Prerequisite: Permission of instructor. Lower division may be taken twice for credit and upper division three times. |
| MUS 0185, 0385 (F) | 1 hr. cr. | Woodwind Chamber Ensemble  
Select chamber ensemble open to woodwind majors and other qualified woodwind performers. Includes the study and performance of literature for various woodwind ensembles including classical, romantic and 20th century music. Prerequisite: Permission of instructor. Lower division may be taken twice for credit and upper division three times. |
| MUS 0187, 0387 (F) | 1 hr. cr. | Wind Ensemble  
This select ensemble is open to instrumental music majors and non-majors of qualified musical ability. The ensemble will study and perform challenging wind ensemble and symphonic band literature from the baroque, classical, romantic and 20th century contemporary music. The ensemble will prepare and present several concerts during the year. Prerequisite: Permission of instructor. Lower division may be taken twice for credit and upper division three times. |
| MUS 0191, 0391 (F) | 1 hr. cr. | Marching Band  
Open to all qualified students with high school band experience. A study and practice of the fundamentals of drill and presentation of musical marching maneuvers. Prerequisite: Permission of instructor. Lower division may be taken twice for credit and upper division three times. |
| MUS 0192, 0392 (S) | 1 hr. cr. | Concert Band  
Open to all qualified students with band instrument experience. Rehearsal and public performances of composite repertoire. Prerequisite: Permission of instructor. Lower division may be taken twice for credit and upper division three times. |
| MUS 203 (F,S) | 1 hr. cr. | Class Piano III  
A continuation of Class Piano 104. Emphasis on developing the skills required to pass the Piano Proficiency Exam. Repeatable until piano proficiency is achieved. Prerequisite: MUS 104 or approval of the instructor. |
| MUS 0211 (F) | 3 hrs. cr. | Music Theory III  
Secondary dominant functions, augmented sixth chords, advanced chromatic and enharmonic modulation, introduction to contemporary styles and short original compositions. Prerequisite: MUS 112. |
| MUS 0212 (S) | 3 hrs. cr. | Music Theory IV  
A study of selected contemporary styles: pan-triadic, bitonal and poly-chordal, quartal harmony, pandiatonicism, serial techniques and short original compositions. Prerequisite: MUS 211. |
MUS 0215 (S-Even)  2 hrs. cr.
**Vocal Pedagogy**
An introduction to the science and teaching of singing. Emphasis is placed upon the study of the physiology and anatomy, breathing and phonation and acoustics of the vocal instrument as well as the pedagogical approaches to training the singing voice.

MUS 0219 (S-Odd)  2 hrs. cr.
**Vocal Diction and Literature**
Applied voice students receive instruction in the correct pronunciation of English, Italian, French, German and Ecclesiastical Latin as used in the study of vocal literature.

MUS 0231 (S-Even)  1 hr. cr.
**String Techniques**
Class instruction in the string instruments, including a study of methods and materials to be used in the teaching of beginning students.

MUS 0232 (F-Odd)  1 hr. cr.
**Brass Techniques**
Class instruction in the brass instruments, including a study of methods and materials to be used in the teaching of beginning students.

MUS 0233 (S-Odd)  1 hr. cr.
**Percussion Techniques**
Class instruction in the percussion instruments, including a study of methods and materials to be used in the teaching of beginning students. Not open to percussion majors.

MUS 0234 (F-Even)  1 hr. cr.
**Woodwind Techniques**
Class instruction in the woodwind instruments, including a study of methods and materials to be used in the teaching of beginning students.

MUS 0240 (F,S)  0 hrs. cr.
**Recital Attendance**
Attendance at designated afternoon and evening recitals and concerts is required of all music majors each semester. BSE majors may take the course seven times for credit; BA majors may take the course eight times for credit.

MUS 0243 (F-Odd)  3 hrs. cr.
**Musical Theatre**
History, production and performance of musical theatre. Academic concentration on scenes from musicals with emphasis on acting, music and dance techniques needed for musical productions and focus upon representative musicals from the past fifty years and more specifically on the particular musical selected for production in the spring semester of that school year. Course also offered under TH 243.

MUS 0298 (Demand)  1-3 hrs. cr.
**Topics in Music**
Study of special topics in music not included in another course. Prerequisite: Permission of instructor.

MUS 0309 (F-Even)  2 hrs. cr.
**Choral Techniques**
Designed to formulate principles for directing secondary and adult choral ensembles. Covers motivational techniques, including body language, verbal skills, understanding of the vocal mechanism and the function of rhythm in the musical phrase. Explores various organizational methods, rehearsal procedures and teaching materials. Also includes conducting techniques conducive to encouraging proper vocal technique. Prerequisite: MUS 182.

MUS 0311 (F-Even)  3 hrs. cr.
**History of Music I (Writing Intensive)**
General survey of history of music from Greek period to 18th century. Prerequisite: MUS 112.

MUS 0312 (S-Odd)  3 hrs. cr.
**History of Music II (Writing Intensive)**
From 18th century to the present. Score reading required. Prerequisite: MUS 112.

MUS 0332 (F,S)  2 hrs. cr.
**Music for the Elementary School**
Methods of teaching music in the elementary classroom and a study of materials to be used. (Not designated for Music Majors.)

MUS 0333 (S-Even)  2 hrs. cr.
**Music for the Elementary Grades**
Methods of teaching music in the elementary classroom and a study of materials to be used. Restricted to music majors and advanced music students. Prerequisite: MUS 112.

MUS 0409 (S-Even)  2 hrs. cr.
**Choral Literature**
Study of choral and vocal chamber literature from the early Renaissance through the twentieth century. Concentrate on performance styles of various kinds of choral literature. Prerequisite: MUS 211.

MUS 410 (F-Even, Demand)  2 hrs. cr.
**Music Industry and Copyright**
For music majors or related minors. Includes the study of career paths within the music industry, networking, copyright and intellectual property issues and music industry resources. Prerequisites: MUS 112, junior standing or permission of instructor.

MUS 0411 (F-Odd)  2 hrs. cr.
**Marching Band Methods**
Procedures needed in organization, promotion, equipping, rehearsing and performance of a marching band including study of musical repertoire and charting of field maneuvers. For music majors; others by consent of instructor. Prerequisite: 2 semesters marching band. Co-requisite: MUS 391.

MUS 0412 (S-Odd, Demand)  2 hrs. cr.
**Music Technology**
For music majors or related minors. Includes the study of music notation programs, midi programs and sequencing, audio editing, recording techniques and applications and applications of technology. Prerequisites: MUS 112, junior standing or permission of instructor.

MUS 0413 (F-Even)  2 hrs. cr.
**Instrumental Music Methods**
Acquaints instrumental music education majors with the administration and supervision of the instrumental program through the high school level. Content includes curriculum, schedules, budget, instructional techniques, classroom management, public relations, philosophy and psychology as they relate to instrumental music education. Prerequisite: MUS 182.
MUS 0420  (F-Odd)  3 hrs. cr.
Form and Analysis
Harmonic and formal analysis of composition from the Baroque Era through contemporary music. Prerequisite: MUS 212.

MUS 0433  (S-Even)  4 hrs. cr.
Instrumental & Vocal Arranging
An in-depth study of wind, string and percussion instruments. Scoring for various instrumental and vocal combinations. Prerequisite: MUS 211.

MUS 0443  (S-Odd)  2 hrs. cr.
Advanced Choral Conducting
Conducting techniques specifically related to choral music. Prerequisite: MUS 182 hrs. cr.

MUS 0444  (F-Even)  2 hrs. cr.
Advanced Instrumental Conducting Techniques
Conducting skills, including irregular beat patterns, advance technical problems and methods developed for solving them. Prerequisite: MUS 182.

MUS 0450  (F,S)  0 hrs. cr.
Senior Recital
A solo recital is required of all music majors. The recital is to be given within the last year of residency. Co-requisite: MUS 417, 427, 437, 447, 467, 418, 428, 438, 448, 458 or 468.

MUS 0470  (F,S,Su)  3-4 hrs. cr.
Internship in Music Industry
For music majors. Includes the application of materials and fundamentals in a real world experience. Students will choose from the areas of: arts or artist management, music retail, arts related manufacturing and sales, recording industry and technology, theatrical industry and contemporary church music ministry for cooperative experience. Prerequisites: MUS 410, MUS 412, MM 350. Course may be repeated one time for a maximum of six credit hours.

MUS 0498  (Demand)  1-3 hrs. cr.
Advanced Topics in Music
For upper division music majors or related majors. Topics and methods not included in other courses. Permission of instructor is required.

MUS 0499  (F,S)  1-3 hrs. cr.
Independent Study
Designed for the individual who desires to explore a topic more completely than can be done in a regular course offering. Prerequisite: See General Regulations in the catalog.

Applied Music Elective (Private Lessons)
Private study in: Brass, Piano, Percussion, String, Woodwind and Voice. All lower division applied music offerings may be taken twice for credit and upper division three times.

MUS 0114  1 hr. cr.
MUS 0214  2 hrs. cr.
MUS 0156, 0356  (F) Applied Music Woodwind Elective  1 hr. cr.
MUS 0166, 0366  (F) Applied Music Voice Elective  1 hr. cr.
MUS 0117, 0317  (S) Applied Music Brass Elective  2 hrs. cr.
MUS 0127, 0327  (S) Applied Music Piano Elective  2 hrs. cr.
MUS 0137, 0337  (S) Applied Music Percussion Elective  2 hrs. cr.
MUS 0147, 0347  (S) Applied Music String Elective  2 hrs. cr.
MUS 0157, 0357  (S) Applied Music Woodwind Elective  2 hrs. cr.
MUS 0167, 0367  (S) Applied Music Voice Elective  2 hrs. cr.
MUS 0118, 0318  (F) Applied Music Brass Elective  2 hrs. cr.
MUS 0128, 0328  (F) Applied Music Piano Elective  2 hrs. cr.
MUS 0138, 0338  (F) Applied Music Percussion Elective  2 hrs. cr.
MUS 0148, 0348  (F) Applied Music String Elective  2 hrs. cr.
MUS 0158, 0358  (F) Applied Music Music Elective  2 hrs. cr.
MUS 0168, 0368  (F) Applied Music Voice Elective  2 hrs. cr.

Elective in Jazz Improvisation (F,S)
A performance-oriented lab in jazz combo and small ensemble settings which includes study of chord types, scales, chord progressions, standard literature and transcription. Each course number may be taken eight times for credit. MUS 0114  1 hr. cr.
MUS 0214  2 hrs. cr.
MUS 0217, 0417  (S) Applied Music Brass Major  2 hrs. cr.
MUS 0227, 0427  (S) Applied Music Piano Major  2 hrs. cr.
MUS 0237, 0437  (S) Applied Music Percussion Major  2 hrs. cr.
MUS 0247, 0447  (S) Applied Music String Major  2 hrs. cr.
MUS 0257, 0457  (S) Applied Music Woodwind Major  2 hrs. cr.
MUS 0267, 0467  (S) Applied Music Voice Major  2 hrs. cr.
MUS 0218, 0418  (F) Applied Music Brass Major  2 hrs. cr.
MUS 0228, 0428  (F) Applied Music Piano Major  2 hrs. cr.
MUS 0238, 0438  (F) Applied Music Percussion Major  2 hrs. cr.
MUS 0248, 0448  (F) Applied Music String Major  2 hrs. cr.
MUS 0258, 0458  (F) Applied Music Woodwind Major  2 hrs. cr.
MUS 0268, 0468  (F) Applied Music Voice Major  2 hrs. cr.

Applied Music Major (Private Lessons)
Private study in: Brass, Piano, Percussion, String, Woodwind and Voice. All lower division applied music offerings may be taken twice for credit and upper division three times.

Mission
Preparing students for dynamic leadership and responsible citizenship is the mission of the Department of Social Sciences. The department provides students with the opportunity to cultivate critical thinking, communication and technological skills that will continue to be of value in the complex world of the 21st century. The faculty offers substantive instruction and intellectual challenge within the Social Sciences. The department emphasizes opportunities to engage in the international world in support of the University's international mission. Finally, the Department of Social Sciences builds bridges to the local community through academic internships, public events, partnerships with local institutions and sponsorship of academic programs and events for local schools' students and teachers.
The paralegal program is designed for the student seeking a career as a legal assistant working under the direction and supervision of an attorney in private practice, government service or legal aid. However, the knowledge and skills acquired in the paralegal program are also beneficial to students in the areas of law enforcement, prelaw, business law and political science. Students who wish to learn more about the legal system and how to develop their own skills in legal research for personal enrichment are also encouraged to enroll.

Students enrolled in the paralegal program may obtain a certificate or use it as a minor for any Bachelor of Arts or Bachelor of Science degree. Students who wish to take classes in paralegal studies only may receive a certificate for successfully completing 24 hours of coursework. This certificate qualifies students for employment. The required courses are the same for the minor or the certificate. Students must have an adviser in paralegal studies.

Physics & Pre-Engineering

Reynolds Hall 210 • 417.625.9766

Faculty  Archer - Head, Chelf, Knapp, Marsh

Mission
The Chemical and Physical Sciences Department is a learning community dedicated to:

- delivering undergraduate instruction for physics and physics education majors
- offering physics courses suitable for students majoring in other fields
- offering general education requirement science courses in support of the university's liberal arts curriculum
- supporting a two year transfer program for students majoring in engineering
- providing a positive environment for students, staff and faculty

Physics graduates obtain a strong diversified background in science and mathematics which will qualify them to enter various areas of employment in industry, government or secondary education or for entrance into graduate programs in physics, engineering and many other disciplines. Students who plan to do graduate work in engineering should, with the help of a faculty adviser, select their free electives in the area they plan to enter.

The physics area of the Chemical and Physical Sciences Department participates in cooperative two-year pre-engineering programs which allow students to complete the first two years of an engineering degree at Missouri Southern and then transfer to an engineering school to complete the remaining two years of the degree. (See page 224).

**Course Descriptions**

**PHYS 0100 (F,S,Su) 5 hrs. cr.**

**Fundamentals of Physical Science**

Basic concepts in the fields of physics, chemistry, geology and astronomy will be presented as time permits. Central to the course will be a working ability in applying some of the basic laws of nature to specific problems. Lecture and demonstration periods. Prerequisite: MATH 030 with a grade of ‘C’ or better.
PHYS 0101  (F,S,Su)  5 hrs. cr.
Physical Science for Elementary Teachers
Basic concepts in the field of physical science. Central to the course will be a working ability in applying some of the basic laws of nature to specific problems. Four lecture and demonstration periods and one 3-hour lab per week. Prerequisite: MATH 119.

PHYS 0102  (F,S,Su)  1 hr. cr.
Physical Science Laboratory
Experiments related to topics studied in Physics 101 will be conducted. One 3-hour laboratory per week. Prerequisite or co-requisite: Physics 101. (Physics 100 may be allowed with permission of instructor.)

PHYS 0150  (Demand)  5 hrs. cr.
Environmental Physics
Emphasis on physics-based problems and laws related to the environment and to human health. Topics include forces in nature, energy, laws of thermodynamics, heat transfer and radiation, properties of fluids and fluid flow, mechanical properties of solids, sound, electromagnetic waves and spectra, basic electricity, radioactivity and nuclear physics. Designed for students in environmental health and students in biology needing only one course in physics. Students may not receive credit for both Physics 150 and 151 or Physics 150 and 152. Four hours lecture, one 3-hour laboratory per week. Prerequisite: MATH 140.

PHYS 0151  (F,S,Su)  5 hrs. cr.
Elementary College Physics I
Mechanics, rotational dynamics, properties of matter, heat, wave motion and sound. Four hours lecture, one 3-hour laboratory per week. Prerequisite: MATH 140.

PHYS 0152  (S)  4 hrs. cr.
Elementary College Physics II
Electricity, circuits, magnetism, optics, relativity, radioactivity and nuclear reactions. Three hours lecture, one 3-hour laboratory per week. Prerequisite: PHYS 151.

PHYS 0250  (F,S)  2 hrs. cr.
General Physics I
Introductory study of physics covering vectors, geometric and trigonometric applications in physics, kinematics and dynamics of particles in one and two dimensions and Newton's laws of motion. Course meets for the first five weeks of the semester. Four hours lecture and one 3-hour laboratory per week. Prerequisite or co-requisite: MATH 150.

PHYS 0251  (F,S)  3 hrs. cr.
General Physics II
Introductory study of physics covering problem solving, spreadsheets, word processors, vector techniques, kinematics and dynamics of particles in one and two dimensions and Newton's laws of motion. Since the course is an enhanced version of PHYS 250, credit will not be given for both PHYS 250 and PHYS 251. PHYS 251 cannot be combined with PHYS 250 to satisfy five hours of physics credit. Class begins the sixth week of the semester following PHYS 250. Four hours of lecture and one 3-hour lab per week. Prerequisite or co-requisite: MATH 150.

PHYS 0260  (F,S)  3 hrs. cr.
General Physics II
Introductory study of energy, momentum, kinematics and dynamics of rigid bodies, equilibrium, fluids, heat and thermodynamics. The course is sequential to PHYS 250 and begins the sixth week of the semester. Four hours lecture, one 3-hour laboratory/recitation session per week. Prerequisite: PHYS 250 or 251 with a grade of ‘C’ or better. Prerequisite or co-requisite: MATH 150.

PHYS 0290  (F,S)  4 hrs. cr.
General Physics III
Introductory study of wave motion, electricity, magnetism and geometrical and physical optics. Four hours lecture per week. Prerequisite: PHYS 260 and MATH 250 or permission of instructor.

PHYS 0291  (F,S)  1 hr. cr.
General Physics III Lab
Laboratory in wave motion, electricity, magnetism and geometrical and physical optics. One 3-hour laboratory per week. Prerequisite or co-requisite: PHYS 290.

PHYS 0297  (Demand)  1-3 hrs. cr.
Introduction to Research in Physics
Introduction to research techniques, laboratory work and literature search under the supervision of an instructor on a Physics research project. Involves laboratory experimentation as well as a written report on a project from any area of Physics. Open to students with: 1) freshman or sophomore standing, 2) the ability to undertake independent work and 3) permission of the instructor. Registration must be approved by the adviser and the department head.

PHYS 0298  (Demand)  1-3 hrs. cr.
Topics in Physical Science
Special topics in physical science not normally offered in other courses. Prerequisite to be determined by department.

PHYS 0300  (Demand)  3 hrs. cr.
Astronomy
Study of our solar system and universe including the following topics: the solar system, Kepler’s laws, celestial coordinates and observing. Hertzprung-Russell diagrams, stellar evolution, pulsars, black holes, nebulae, galaxies and cosmology. Three lectures per week. (Does not count toward a physics major.) Prerequisite: PHYS 100 or equivalent and one year high school algebra or permission of instructor.

PHYS 0301  (F)  4 hrs. cr.
Modern Physics
Special theory of relativity, wave-particle experiments, introductory quantum mechanics and nuclear physics. Prerequisite: PHYS 290; co-requisite: MATH 260 or permission of instructor.

PHYS 0312  (Su,Demand)  3 hrs. cr.
Statics
Principles of mechanics as applied to problems of engineering in which the structures under consideration are in static equilibrium. Three lectures per week. Prerequisite: PHYS 260 and MATH 250 or permission of instructor.

PHYS 0322  (S-Even)  3 hrs. cr.
Classical Mechanics
Kinematics and dynamics of particles and systems of particles including the harmonic oscillator, potential functions, conservative fields of force, accelerated reference frames, energy, gravitation and rigid bodies. Three hours lecture per week. Prerequisite: PHYS 260; co-requisite: MATH 322 or permission of instructor.
PHYS 0341  (S-Odd)  4 hrs. cr.
Thermal Physics
Temperature, laws of thermodynamics, entropy, enthalpy, reversibility and irreversibility, thermal properties of materials, change of phase, use of thermodynamic tables and introduction to heat transfer. Four hours lecture per week. Prerequisite: PHYS 260; co-requisite: MATH 260.

PHYS 0372  (S-Even)  4 hrs. cr.
Electronic Circuits
Ohm’s law, Kirchoff’s laws, Nodal analysis, mesh analysis, Thevenin’s and Norton’s theorems, superposition, inductors and capacitors, source-free RL and RC circuits, RLC circuits. Complex variables and their application to steady-state AC circuits. Three lectures and one 3-hour laboratory per week. Prerequisite: PHYS 290; co-requisite: MATH 322 or permission of instructor.

PHYS 0381  (Demand)  3 hrs. cr.
Intermediate Physics Laboratory  (Writing Intensive)
Experiments in classical and modern physics, including wave phenomena, heat transfer, electrical measurements, optics, photoelectric effect and radioactivity. Two 3-hour labs per week. Prerequisite: PHYS 301 or permission of instructor.

PHYS 0401  (F-Odd)  4 hrs. cr.
Electricity and Magnetism
Electrostatic forces, electric fields, electric potential, properties of conductors and dielectrics, magnetic fields, magnetic properties of matter, induced electromotive force, Maxwell’s equations and electromagnetic waves. Four lectures per week. Prerequisite: MATH 260 and PHYS 290.

PHYS 0430  (Demand)  1-3 hrs. cr.
Internship in Physics
In conference with departmental representatives at least six weeks in advance, the student shall elect to work and observe in any area of applied physics in which on-the-job experience would be beneficial to the student’s training. Prerequisites: Junior standing in physics with a minimum of 17 hours of physics or by permission.

PHYS 0440  (Demand)  3 hrs. cr.
Test and Evaluation of Electrochemical Device
Testing and evaluation of electrochemical cells and batteries. Included with an introduction to battery technology is material emphasizing test safety and operational hazards. Prerequisite: CHEM 152.

PHYS 0452  (Demand)  3 hrs. cr.
Quantum Mechanics
Time independent Schroedinger equation, eigenfunctions, expectation values, differential operators, perturbation theory, multi-electron atoms and applications to solid state physics. Three hours lecture per week. Prerequisite: PHYS 301 and MATH 322.

PHYS 0480  (Demand)  3 hrs. cr.
Selected Topics in Physics and Engineering
Selected topics for further study, e.g., solid state physics, optics, nuclear physics, advanced mechanics, quantum mechanics, circuit analysis, thermodynamics, fluid mechanics heat transfer and mechanics of materials or other topics. Open to students having a minimum of 18 hours of physics and permission of instructor. Prerequisites to be determined by department.

PHYS 0490  (Demand)  1-3 hrs. cr.
Seminar
Students will select two subjects from areas of physics and engineering in which they have an interest. The student will research the area and communicate the results with the physics faculty and the class. One area will require a written paper with a short (15 minute) presentation and the other will require a written paper and a one-hour presentation. Both presentations will have question and answer sessions. Secondary education majors will be required to present several lecture-demonstration programs illustrating the basic concepts of physics at the secondary level. Open to students having a minimum of 18 hours of physics and permission of the instructor.

PHYS 0497  (Demand)  1-3 hrs. cr.
Research in Physics
Independent research technique, laboratory work and literature search under the supervision of an instructor on a physics research project. Involves laboratory experimentation or theoretical calculation, written report and an oral presentation from any area of physics. Open to students having: 1) minimum of 15 hours of physics, 2) junior or senior standing, 3) the ability to undertake independent work and 4) permission of the instructor. Registration must be approved by the adviser and the department head.

PHYS 0498  (Demand)  1-3 hrs. cr.
Advanced Topics in Physics
Designed to give advanced instruction in some area not covered in other courses. For upper division majors. Prerequisites to be determined by the department.

PHYS 0499  (Demand)  1-3 hrs. cr.
Independent Study
Course structured by the adviser with approval of the department head. Prerequisite: Advanced standing with a GPA of 3.0 in the major field. Registration must be approved by the adviser, department head and school dean.
Science in Education degree with a major in Social Studies - Political Science emphasis certifies a student to teach on the secondary school level. A minor in Political Science is available for students majoring in other disciplines.

General Education requirements and Missouri statute requirements are met by PSC 120.

PSC 120 is a prerequisite for all other political science courses.

**Bachelor of Arts with a Major in Political Science**
Major Code PS01

Course Descriptions

PSC 0120 (F,S) 3 hrs. cr.  
Government: US State & Local  
Designed to give students an understanding of their governments, enabling them to keep up with political developments with the goal of becoming informed citizens needed to sustain democracy. Successful completion of this course fulfills the requirements for the state-mandated Missouri Constitution Test.

PSC 0201 (Demand) 3 hrs. cr.  
Introduction to Political Science  
Introduction to the discipline of political science. The course is a preview of the major subunits of the discipline: American politics including public administration and legal studies; international relations; political theory; and comparative politics. Recommended for all Political Science majors.

PSC 0298 (Demand) 3 hrs. cr.  
Topics in Political Science  
Special political science topics of current interest to the student or faculty member who offers the class. Subjects and instructors change each semester. Students are encouraged to suggest possible course topics to the political science faculty. Prerequisite: PSC 120.

PSC 0305 (F) 3 hrs. cr.  
Social Science Statistics  
Provides basic tools necessary to gather, describe, analyze and present quantitative social science data. Focus will be on conducting basic univariate and bivariate analyses. Prerequisite: MATH 125.
PSC 0306 (Demand)  3 hrs. cr.  
Introduction to Political Science Research Methods  
An introduction to the ways in which political scientists conduct research. An emphasis will be placed on quantitative analysis and the decisions faced by political scientists when designing and applying social research. Prerequisites: PSC 305.

PSC 0398 (Demand)  1 hr. cr.  
Political Discourse  
A topics and event driven, open forum for examination of current issues at the national, state and local levels of government. The course is conducted as a discussion group with the instructor providing directed reading assignments and presentations on discursive practices, traditions and models within the discipline as appropriate. May be repeated one time for credit.

PSC 0411 (Demand)  3 hrs. cr.  
Great Political Thinkers  
The course will introduce selected political philosophies from the ancient Greeks to modern times. Philosophies studied will represent the development of Western political philosophy over time, as well as its comparison with selected Islamic and Asian political ideas.

PSC 0412 (Demand)  3 hrs. cr.  
Contemporary Political Thought  
Twentieth century political ideas.

PSC 0493 (Demand)  8 hrs. cr.  
Legislative Internship  
Students will be assigned to a legislator or other qualified person involved in the Missouri Legislative Process to observe and participate in a legislative session. The students will be required to live and work in the capital from the beginning of the session until its conclusion and comply with the MSSU Legislative Intern Handbook. Prerequisites: PSC 120, 30 hours of credit, 2.5 GPA. Cross listed as UE 493.

PSC 0494 (Demand)  3 hrs. cr.  
Seminar in Political Science  
Specialized knowledge and/or current research in the discipline. Topics will vary by situation and instructor. Students will prepare and critique papers based on original research. Prerequisite: 9 hours of upper division political science.

PSC 0495 (Demand)  3 hrs. cr.  
Directed Research  
Students design and conduct research projects resulting in a written report and an oral presentation. Prerequisites: PSC 305, PSC 306 and senior standing.

PSC 0496 (Demand)  3-8 hrs. cr.  
Internship in Political Science  
Observation of and participation in governmental work under the direct supervision of a faculty member and a professional who is employed in the governmental position being observed. No more than 3 hours may be counted toward a major or minor. Repeatable for up to 16 credit hours.

PSC 0498 (Demand)  3 hrs. cr.  
Advanced Topics in Political Science  
For upper division political science majors. Topics covered and methods used will place emphasis on student-instructor interest, desire to pursue in-depth research and ability to assimilate topics. It will include areas not already treated in other political science courses. Prerequisite: 15 hours of political science or consent of instructor.

PSC 0499 (Demand)  1-4 hrs. cr.  
Independent Study  
For students who wish to do an in-depth study of some specialized topic or who wish to pursue a topic not considered in the department's course offerings. The student will select an adviser from the political science faculty who will structure the independent study in consultation with the student and with the approval of the department head. Prerequisite: Junior or senior status and an overall cumulative GPA of 3.0 or better. Enrollment must be approved by department head and school dean. Repeatable or up to six credit hours.

American Politics

PSC 0301 (Demand)  3 hrs. cr.  
Political Parties and Elections  
Analysis of the origins, structure and functions of political parties; the dynamics of the two-party system; the role of third parties and the election process.

PSC 0302 (Demand)  3 hrs. cr.  
Public Opinion and Pressure Groups  
Origins, impact and measurement of public opinion. Scope, nature and powers of interest groups in American society with special attention to their role in formulating public opinion and public policy.

PSC 0311 (Demand)  3 hrs. cr.  
American Presidency  
Politics of presidential selection, the powers of the President, the organization of the executive branch and its relations with other organs of government.

PSC 0312 (Demand)  3 hrs. cr.  
Legislative Process  
Problems of representation, organization of the legislature, participation and proposals for improved organization. Emphasis on the Missouri General Assembly.

PSC 0320 (Demand)  3 hrs. cr.  
State Government  
General structure, theories, operation and problems of state government with special emphasis on the government of Missouri.

PSC 0341 (Demand)  3 hrs. cr.  
Municipal Government  
Structure, legal status, functions and organization of city, town and village government in the United States.

Law

PSC 0208 (F)  1 hr. cr.  
The Road to Law School  
Thanks to media portrayals of lawyers and law schools, many students choose a career in the legal field without core knowledge of the principles, objectives and goals of lawyering. Students in this course will explore the core skills necessary to be successful as a lawyer and be exposed to the skill set that can improve performance on the necessary exams for admittance. Students will be required to take part in a law school visitation.

PSC 303 (F,S)  1 hr. cr.  
Mock Trial Workshop  
Advanced practicum in the area of advocacy, rules of evidence, courtroom presentation and issue spotting. Students will work on the development
of tem events and presentation of both Plaintiff and Defense positions on detailed cases as provided by the College Mock Trial Association. May be repeated for a maximum of four hours of credit. Prerequisite: Consent of instructor.

PSC 0304  (F-Odd)  3 hrs. cr.
Legal Research
Research involved in case preparation; use of the law library and the various digests, encyclopedias, reports, etc., contained therein. Course is cross-listed as PLS 304.

PSC 0310  (Demand)  3 hrs. cr.
Law, Society and the Judicial Process (Writing Intensive)
American legal system viewed from a social and political as well as legal perspective. Focus on the structure and organization of courts, the processing of civil and criminal cases and the behavior of judges, lawyers and other participants in the judicial process.

PSC 0313  (S-Odd)  3 hrs. cr.
Property
Laws relating to real and personal property with emphasis on the procedures and forms used in real estate transactions and conveyances such as deeds and contracts. Course is cross-listed as PLS 313.

PSC 0314  (S-Even)  3 hrs. cr.
Civil Litigation
Process of civil litigation from filing to appeal including rules for instituting and conducting lawsuits before federal and state courts, rules of procedure and the preparation of pertinent legal forms. Course is cross-listed as PLS 314.

PSC 0322  (Demand)  3 hrs. cr.
International Law
Rules and principles accepted by the members of the community of nations as defining their rights and duties and the procedures employed in protecting their rights and performing their duties.

PSC 0324  (S-Even)  3 hrs. cr.
Family Law
Laws regulating marriage, adoption, divorce, division of property, child custody and support, adult abuse and termination of parental rights and the preparation of pertinent legal forms. Course is cross-listed as PLS 324.

PSC 0402  (Demand)  3 hrs. cr.
Advocacy & Legal Reasoning
Introduction to the methods and applications used in understanding and advocating issues in law. The goal of the course is to allow students to learn how to read, write and speak as an effective advocate using the applications of basic legal reasoning. Class will meet for 3 hours each week for lecture and interactive classroom assignments/applications. Prerequisites: PSC 120, 201 and 208.

PSC 0431  (Demand)  3 hrs. cr.
Constitutional Law I
Political and legal aspects of Supreme Court decision making, the nature and scope of judicial review, the constitutional relationships between levels and branches of government and the First Amendment rights of freedom of expression.

PSC 0432  (Demand)  3 hrs. cr.
Constitutional Law II
Legal issues concerning the Bill of Rights and the First Amendment areas of free exercise and establishment of religion, the right to privacy, the 14th amendment due process and equal protection clauses.

International Relations

PSC 0321  (Demand)  3 hrs. cr.
International Relations
Present-day relations and problems among the states of the world and the major factors which underline and influence these relations.

PSC 0322  (Demand)  3 hrs. cr.
International Law
Rules and principles accepted by the members of the community of nations as defining their rights and duties and the procedures employed in protecting their rights and performing their duties.

PSC 0330  (Demand)  3 hrs. cr.
Comparative Politics: Developed Countries
Comparative analysis of government and politics in both the major developed democracies and in developing states. The course examines themes of democratization, institutional design, parties and party systems, as well as the impact of social and economic change on the conduct and evolution of modern political systems. Prerequisite: PSC 120.

PSC 0332  (Demand)  3 hrs. cr.
Comparative Politics: Developing Countries
This course is designed to develop a broadly based understanding of governments and cultures of developing countries and their relative positions in the global system. Themes to be examined in both theory and practice include colonialism, democratization, persistent economic underdevelopment, political processes and cultural factors. Prerequisite: PSC 120.

PSC 0333  (S-Odd)  3 hrs. cr.
What in the World is Going On Now?
Selected International Issues
In-depth study of a few current international issues and problems among the states of the world. Specific topics covered will be determined by the international agenda at the time the course is taught. Research, analysis and discussion will cover historical background, nature and motivations of parties involved and differing explanations of the issues selected. Prerequisite: PSC 120 and PSC 321 or consent of the instructor. Cross listed as INTS 333.

Public Service & Public Administration

PSC 0320  (Demand)  3 hrs. cr.
State Government
General structure, theories, operation and problems of state government with special emphasis on the government of Missouri.

PSC 0341  (Demand)  3 hrs. cr.
Municipal Government
Structure, legal status, functions and organization of city, town and village government in the United States.
PSC 0342  (Demand)  3 hrs. cr.
Public Policy
An introductory survey of the formulation, execution and evaluation of public policy in the United States.

PSC 0421  (Demand)  3 hrs. cr.
Public Administration
Administrative aspects of government. Surveys the major subfields of public administration, including politics and administration, organizational theory, organizational behavior, management, decision making, personnel, public budgeting and finance, policy analysis and program evaluation and administrative law.

This curriculum allows Missouri Southern students to complete admission requirements for professional schools that accept applicants who have completed approximately 60 hours. Students should incorporate professional school requirements into their schedule and work closely with an adviser at Missouri Southern. Also, students who are completing certification requirements for paramedic programs may transfer among Missouri public four-year colleges and universities.

Faculty  Locher - Head, Derfelt, Greer, Gubera, Jerome, Smith, Tannenbaum, Teverow, Wagner, Wells-Lewis, Wyman

Mission
Preparing students for dynamic leadership and responsible citizenship is the mission of the Department of Social Sciences. The department provides students with the opportunity to cultivate critical thinking, communication and technological skills that will continue to be of value in the complex world of the 21st century. The faculty offers substantive instruction and intellectual challenge within the Social Sciences. The department emphasizes opportunities to engage in the international world in support of the University’s international mission. Finally, the Department of Social Sciences builds bridges to the local community through academic internships, public events, partnerships with local institutions and sponsorship of academic programs and events for local schools’ students and teachers.

A bachelor's degree in Sociology prepares students for a variety of occupations and graduate programs. The student may select from a Bachelor of Arts (BA) in Sociology, a Bachelor of Science (BS) in Sociology or Bachelor of Secondary Education (BSE) with a major emphasis in Sociology. Sociology graduates pursue many different careers which include but are not limited to those in human and social services, human resources, business or teaching. Advanced graduate or professional school training would also be a choice for the student who successfully completes one of our bachelor degrees. A minor in sociology provides students majoring in other areas with specialized interpersonal, group and organizational knowledge and skills.

Sociology 110 is a prerequisite to most Upper Division courses in sociology.

Certain sociology courses may be used to satisfy General Education Requirements. SOC 110, ANTH 101 and GEOG 101 are options for the requirement in the Social and Behavioral Sciences; ANTH 155, 342 or SOC 303 meet the requirement in Area I, International Cultural Studies.

Student Organizations
The Sociology Club is open to all students who are interested in sociology regardless of major. The club provides a setting for students to interact with their peers and a wide range of activities throughout the year.

Alpha Kappa Delta is the national honor society in sociology. Alpha Kappa Delta recognizes academic excellence in the field and encourages its members to participate in the activities of its national organization. The members have the opportunity each year to attend a professional conference with minimal personal expense.

Anthropology

ANTH 0101 (F) 3 hrs. cr.  
General Anthropology  
An introduction to the field of anthropology, including its historical origins and the four sub-fields central to the discipline today: sociocultural, linguistic, archaeological and physical/biological branches. Applied aspects of each of the four subfields will also be addressed. An emphasis is placed on the holistic nature of the discipline, centering around an evolutionary and comparative approach to our species. The role of culture as the primary human adaptation for survival is emphasized, as well as the origins of the biological traits necessary for the development of culture. This course documents the interrelationship of ecology and subsistence patterns with social structures and institutions across different historic periods and cultures.

ANTH 0155 (F) 3 hrs. cr.  
Physical Anthropology and Archaeology  
An introduction to physical (biological) anthropology that emphasizes the study of Homo Sapien evolution and diversity, as well as archaeology which focuses upon the myriad of artifacts created by this species. Languages, cultures, social organization and human ecology are incorporated to facilitate an understanding of the people of the earth. A recognition and appreciation of the flora and fauna are basic to this course.

ANTH 0298 (Demand) 3 hrs. cr.  
Topics in Anthropology  
Special Anthropology topics of current interest. Subjects and instructors may vary each semester. Students are encouraged to submit areas of interest to the Social Science Department.

ANTH 0302 (Demand) 3 hrs. cr.  
North American Indians  
Ethnographic survey of the indigenous tribes of North America (excluding Mexico), including earliest archeological sequences followed by a description of the culture areas and traditional lifeways encompassed therein at the time of European contact. Emphasis upon the processes of culture change and adaptation over the past two centuries. Contemporary issues such as language renewal, the Pan-Indian movement, religious freedom and tribal sovereignty are then placed within their cultural and historical contexts.

ANTH 304 (F) 3 hrs. cr.  
Magic, Ritual, and Religion  
This course will examine early anthropological theories on the evolution of religion. It will also document the variety of belief systems surrounding the spiritual world in traditional and contemporary societies, including sorcery, shamanism, ancestor veneration, and transcendent experiences. Concepts of the sacred and the significance of place make up another segment of the course, as does the role of myth in structuring human thought and societies. Religious practice in the form of ritual, prayer, and symbolism are included from the framework of cultural anthropology. Finally, it will address the effects of culture contact and diffusion of major world religions upon indigenous peoples’ belief systems.

ANTH 0342 (S) 3 hrs. cr.  
Comparative Cultures  
A comparative study of human society and culture, focusing on theories of culture and cultural institutions as they relate to contemporary preindustrial peoples. An ethnographic examination of representative groups is provided for purposes of cross-cultural comparison. Prerequisite: SOC 110 or ANTH 155 or consent of instructor.

ANTH 0385 (Demand) 3 hrs. cr.  
Language & Culture  
Exploration of the relationship between language and culture from theoretical approaches within anthropology, including the Sapir-Whorf hypothesis and the attempts to support or refute it. The expressive potentialities of diverse languages and cultures illustrate human creativity and diversity.

ANTH 0498 (Demand) 3 hrs. cr.  
Advanced Topics in Anthropology  
Specialized knowledge and/or current research in the discipline. Topics will vary by situation and instructor. Students will prepare and critique papers based on original research.

ANTH 0499 (Demand) 3 hrs. cr.  
Independent Study  
Structured by the adviser with approval of the department chair and school dean. Repeatable up to six credit hours.

Sociology

SOC 0110 (F,S) 3 hrs. cr.  
Introduction to Sociology  
An introductory course focused on the systematic study of society. Emphasis on major concepts of sociology and the scientific point of view in understanding and explaining human behavior and social phenomena.

SOC 0210 (Demand) 3 hrs. cr.  
Social Problems  
A survey of contemporary social problems including racism, sexism, crime and deviance, drug use and mental disorders. The course encourages a critical examination of society and focuses on the structural sources of social problems such as class, race and gender. The role of the U.S. in global social problems is also explored. Prerequisite: SOC 110.

SOC 0221 (Demand) 3 hrs. cr.  
Marriage and Family  
Analysis and study of paired relationships, marriage as the genesis of family life, elements in the preparation for marriage and parenthood and the development of family relationships throughout the life cycle.

SOC 0231 (F) 3 hrs. cr.  
Introduction to Social Work  
Philosophical and historical development of social work as a professional career. Focuses on role of the social worker within the various practice settings. May entail field trips and guest speakers. Prerequisite: SOC 110.

SOC 0298 (Demand) 3 hrs. cr.  
Special Topics in Sociology  
Special sociology topics of current interest. Subjects and instructors may vary each semester. Students are encouraged to submit areas of interest to the social science department.

<tr>
<td></td>
<td>Analysis of work, occupations, career mobility and job satisfaction as important elements in society. Examination of leisure activities which alter with technological advances and the changing economic base.</td>
<td></td>
</tr>
<tr>
<td></td>
<td>Prerequisite: SOC 110.</td>
<td></td>
</tr>
<tr>
<td>SOC 0341</td>
<td>Gender Roles</td>
<td>3 hrs. cr.</td>
</tr>
<tr>
<td></td>
<td>An introduction to the biological, cultural and structural foundations of gender. Explores theories that help to explain gender, a fundamental and pervasive determinant of social life. Includes the review of studies that illustrate differences in the evaluations of men's and women's activities and traditional gender roles. Sociological implications of sex and gender at both the personal (micro) and societal (macro) levels of analysis will be discussed.</td>
<td></td>
</tr>
<tr>
<td></td>
<td>Prerequisite: SOC 110.</td>
<td></td>
</tr>
<tr>
<td>SOC 0351</td>
<td>Criminology</td>
<td>3 hrs. cr.</td>
</tr>
<tr>
<td></td>
<td>This course examines the social and legal concept of crime, the review of measurements of crime(s) and crime statistics and the theories related to the causes of criminal behaviors. Also includes discussion of profiles of different adult offenders and their behavioral characteristics relative to the major felonies committed in contemporary society.</td>
<td></td>
</tr>
<tr>
<td></td>
<td>Prerequisite: SOC 110.</td>
<td></td>
</tr>
<tr>
<td>SOC 0354</td>
<td>Medical Sociology</td>
<td>3 hrs. cr.</td>
</tr>
<tr>
<td></td>
<td>A survey of the social causes and consequences of health and illness, the expanding role of health-related organizations, the training of health care personnel and the contemporary consumer's movement. A cross-cultural comparison of health care delivery systems and a review of various social problems associated with health care in the U.S. is provided.</td>
<td></td>
</tr>
<tr>
<td></td>
<td>Prerequisite: SOC 110.</td>
<td></td>
</tr>
<tr>
<td>SOC 0361</td>
<td>Social Demography</td>
<td>3 hrs. cr.</td>
</tr>
<tr>
<td></td>
<td>A look at changes in human population through an analysis of birth rates, death rates and migrations. Social demographic analysis of census and independent research data. Various population theories are applied to national and world situations. Concepts of over-population, minority groups and aging are analyzed.</td>
<td></td>
</tr>
<tr>
<td></td>
<td>Prerequisite: SOC 110.</td>
<td></td>
</tr>
<tr>
<td>SOC 0362</td>
<td>Deviant Behavior</td>
<td>3 hrs. cr.</td>
</tr>
<tr>
<td></td>
<td>A survey of the theoretical explanations of socially disapproved behavior from the sociological perspective and the application of these concepts to specific forms of deviance. Also includes analysis of the social nature of conforming behavior as a way of increasing understanding of deviant behavior.</td>
<td></td>
</tr>
<tr>
<td></td>
<td>Prerequisite: SOC 110.</td>
<td></td>
</tr>
<tr>
<td>SOC 0369</td>
<td>Sociology Through Film</td>
<td>3 hrs. cr.</td>
</tr>
<tr>
<td></td>
<td>Focuses on a social image and social change as reflected through cinema. Discussion will emphasize film as an important agent of socialization and the impact of its messages on society. By the completion of the course students will be able to examine and discuss the one-way flow of information and how it reflects and impacts cultural ideology.</td>
<td></td>
</tr>
<tr>
<td></td>
<td>Prerequisite: 12 hours of sociology or consent of instructor.</td>
<td></td>
</tr>
</tbody>
</table>
SOC 0370  (Demand)  3 hrs. cr.
The Sociology of Death & Dying
A review of the international religious, secular and scientific expressions regarding death. Historical and current issues pertaining to death are explored and a critical perspective is taken on all positions. The course incorporates both philosophical and pragmatic overviews of death and dying. Prerequisite: SOC 110.

SOC 0382  (Demand)  3 hrs. cr.
Ethnic Relations
A study of racial and cultural groups particularly focusing on the United States with some analysis of international ethnic relations. Analyzes several general theories and explanations for minority-dominant relations. Prerequisite: SOC 110.

SOC 0391  (Demand)  3 hrs. cr.
Penology and Corrections
Philosophy, history and operations of penitentiary systems with special attention given to changes in adult institutions. Explanation of the problems associated with prison populations and types of facilities along with sentences, therapeutic models and community treatment. Prerequisite: SOC 110.

SOC 0395  (Demand)  3 hrs. cr.
Collective Behavior
A survey examination of riots panics, mass hysterias/collective delusions, fads, social movements and other emergent forms of social behavior. Includes examination of the theories that have been applied to such occurrences and the examination of several specific episodes of collective behavior. Prerequisite: SOC 110.

SOC 0396  (Demand)  3 hrs. cr.
Sociology of Education
An analysis of the functions and processes that characterize the social institution of education, including cultural transmission and social control, and the role of education in the process of social stratification. Includes examination of attempts to achieve equality of educational opportunity by race/ethnicity, gender and social class and the relationships between education and the other social institutions including the family, religion and the economy. Prerequisite: SOC 110.

SOC 0402  (Demand)  3 hrs. cr.
The Community - Rural and Urban  (Writing Intensive)
Social processes of human groups who share common unites of territory and cultural bonds. Major attention on Gemeinschaft-Gesellschaft theories as they pertain to national, rural, urban, ethnic and subcultural communities and how these intertwine in contemporary societies. Prerequisite: SOC 110.

SOC 0406  (Demand)  3 hrs. cr.
Sociology of Child Abuse
An analysis of child abuse and neglect within the United States. The dynamics of the family environment as well as the victim-perpetrator relationship will be examined. Emphasis will be placed on societal reaction to both abuser and the abused in addition to the behavior itself. Potential treatment alternatives will be analyzed. Prerequisite: 9 hours of sociology.

SOC 0431  (S)  3 hrs. cr.
Sociological Research Methods  (Writing Intensive)
An exploration of the skills employed in conducting research as utilized in various designs, including interviewing, observation, survey design and content analysis. Methods of problem and hypothesis formulation, data collection and instrumentation will be examined. Emphasis will be placed on ethical issues in research. Prerequisite: 9 hours of sociology.

SOC 0482 (F)  3 hrs. cr.
Sociological Theory
An exploration of classical and contemporary sociological theory placed in historical perspective from Auguste Comte to the modern era. Prerequisite: 9 hours of sociology.

SOC 0496  (Demand)  1-4 hrs. cr.
Internship in Sociology
Observation of and participation in various social service agencies in the community. All internships must conform with institutional policy regarding the number of hours per credit and contractual agreements with cooperating agency personnel. No more than three hours may be counted toward a major or minor. Prerequisites: 15 hours of sociology, junior standing or above and a GPA of 2.75. Repeatable for up to eight credit hours.

SOC 0498  (Demand)  3 hrs. cr.
Advanced Topics in Sociology
For upper division sociology majors. Topics covered and methods used will place emphasis on student-instructor interest, desire to pursue in-depth research and ability to assimilate topics. It will include areas not already treated in other sociology courses. Prerequisite: 15 hours of sociology or consent of instructor.

SOC 0499  (Demand)  1-3 hrs. cr.
Independent Study
Structured by the adviser with the approval of the department head and school dean. Prerequisite: Advanced standing in the major field with a GPA of 3.0. Enrollment in the course must be approved by department head and dean. Repeatable for up to six credit hours.

THEATRE

Thomas E. Taylor Performing Arts Center 237 • 417.625.9393

Faculty  J. Lile, Jr. - Head, Hunt (Professor Emeritus), Jaros, Klein, A. Lile, Williams

Mission
The Theatre Department affirms the mission of Missouri Southern State University and contributes to it by committing to the total education of each student. Every member of the theatre faculty is dedicated to the highest quality teaching and learning of both general education and discipline specific materials. The department prepares its majors for a large variety of careers as well as graduate education. In addition to providing scholarly and creative expression for students through its production program, it exposes the community to a diverse assortment of topical, global issues. The Theatre Department is at the very center of most creative and artistic on-campus and community events through its involvement in all cultural activities housed in Taylor Auditorium.

Implementation
Quality Teaching and Learning/Total Education
of Each Student: The theatre faculty works closely with students in an effort to continually improve their learning experiences. Independent studies are offered each semester and new courses are introduced upon students' requests. Instructors take students with them to professional theatre conferences to introduce them to other avenues of their chosen careers. Academic and performance requirements are designed to accommodate various learn-
ing styles and artistic intelligences. Faculty and students work side by side in production situations. The Theatre Department has updated its assessment program so that it now measures the primary objectives of the core and it requires that all graduating seniors participate in two exit exams: 1) Academic Profile; 2) a creative project within the department or an oral research project presented to the theatre faculty.

A Strong Commitment to International Education:
The Theatre Department supports the international mission of the university in its theatre classrooms, on its stages and especially in the international plays selected for themed semesters. As students must become aware of the global nature of all information and comprehend the international arena in which most topical issues reside, the theatre continues to provide a fertile ground upon which to inspire such a comprehension. International travel is encouraged for all faculty and students of the department.

A Strong Commitment to Liberal Arts and General Education Requirements: Every member of the theatre faculty is dedicated to each and every student in the university. Theatre Appreciation (the departmental General Education Requirements course), offered to over 600 students per year and taught by almost every member of the theatre faculty, provides many students with their first theatre experience. Students return having had a cultural experience about which they can think, speak and write. Theatre Appreciation includes all the primary General Education Requirements objectives: communicating, problem-solving/critical thinking, clarifying values, functioning with social institutions, using science and technology and using the arts.

Scholarly and Creative Expression: All theatre productions are the end product of scholarly and creative expressions. Directors, designers and actors continually research different eras, cultures, social mores and customs and historical, economic, political and literary influences in an attempt to bring accurate realities to the stage. The Theatre Department brings a balanced, comprehensive variety of plays to its students and audiences.

Community Service: All of the Theatre Department’s productions, raising a diverse range of topics, are performed for the campus and public communities. The children’s theatre program alone, plays (both on campus and at local elementary schools), to approximately 10,000 people each year. The Theatre Department is totally responsible for the operation of Taylor Auditorium, a 2000-seat auditorium, which houses both community and campus-sponsored events. In some capacity, theatre faculty and students supply the human resources which make these events possible. Missouri Southern State University and especially the theatre department serve as the intellectual, creative and cultural center of the area.

Specialized theatre training provides students with a broad academic background that can lead to a number of careers. Graduates of the Missouri Southern Theatre Department are currently employed in fields such as:

- Theatre Performance/Design
- Television Production/Performance
- Commercials
- Public Relations
- Stage Management
- Graduate Study
- Executive Leadership
- Recreational Directorship
- Technical Theatre
- Personnel Management
- Government Service
- Fashion Industry

• Arts, Entertainment & Tourism Marketing*
• International Human Resource Management*

Mission
The mission of The Robert W. Plaster School of Business Administration (SOBA) is to prepare our students to be responsible, productive professionals who serve in the global business environment. We fulfill our mission through quality programs in a student-centered learning community.

Vision
We will be recognized by the community as the leader in business education.

Core Values:
• Learning and Research
We promote an environment that facilitates and supports learning, collaboration and communication by both faculty and students directed at scholarly activity and the application of knowledge.

• Community
We respond to the needs of our global community by preparing responsible, productive citizens for leadership roles and by providing services that support economic development.

• Innovation
We cultivate a spirit of entrepreneurship by developing new offerings and activities and by incorporating technological and pedagogical advances that support the learning environment.

• Social Responsibility
We believe that faculty and students should engage in activities that foster social and ethical awareness and respond to domestic and international needs for sustainable societies.

• Continuous Improvement
We commit to continually assess and improve our current programs and activities that support our mission, vision and core values.

Accreditation
The Robert W. Plaster School of Business Administration is accredited by the Accreditation Council for Business Schools and Programs (ACBSP). ACBSP is the leading specialized accreditation association for business education to support, celebrate and reward teaching excellence.

Student Organizations
The Accounting Club provides accounting students information about the profession, along with the opportunity to network with practicing accountants. Members can interact through monthly meetings and various social functions and are encouraged to become active in the area’s professional accounting organizations. The club publishes an annual Resume Book that is distributed as a resource to area employers that wish to hire new accounting graduates.

The Finance and Investment Club is open to all majors who desire knowledge about financial careers and investments. Meetings allow students to network with each other and financial professionals and an annual trip allows students to gain exposure to financial markets and companies.

Omicron Delta Epsilon is the honorary economics fraternity open to juniors with at least 15 hours in economics or finance and a 3.5 GPA in economics or finance courses.

Collegiate DECA is an international organization that engages students from a variety of educational disciplines while maintaining a strong focus on business-related areas such as marketing, management and entrepreneurship. Competitive events at the state and national levels allow students to gain recognition and develop leadership skills. Meetings provide networking opportunities with business professionals.

Phi Beta Lambda aims to develop competent and aggressive business leadership, to create more interest and understanding of American business enterprise and to improve business and citizenship through participation in worthy undertakings. PBL is open to all students.

Delta Mu Delta is an international honor society in Business Administration that exists to promote higher scholarship in training for business and to recognize and reward scholastic achievement in business subjects. To be inducted in the Lambda Gamma Chapter, students must major in business and graduate in the top 20% of their class.

Missouri Southern Business Education Association is open to all business education majors. Its primary goal is to provide students with information regarding the teaching profession and to prepare them for their careers. Meetings offer students the chance to make important contacts with public school teachers and administrators, state department personnel and other professionals who are featured as speakers.
The Society of Human Resource Management is designed to familiarize students with human resource administration, industrial psychology and labor relations. It also functions as a way to keep students up-to-date on new professional human resources developments.

The International Business Club is open to those interested in any facet of international business. Both U.S. and international students are represented. Monthly meetings give members a chance to hear guest speakers from different businesses engaged in international activities, as well as experience field trips to area businesses.

Economic Development
Small Business and Technology Development Center
The Robert W. Plaster School of Business Administration, in conjunction with the Small Business Administration, has formed a Small Business and Technology Development Center. The SBTDc was established in April 1987 and is located in the Robert W. Plaster Free Enterprise Center. The SBTDc provides existing and start-up for-profit small businesses in Jasper, Newton, Barton, Vernon, Cedar, Dade, Lawrence and McDonald counties with one-on-one consulting. In addition, the SBTDc assists businesses with their training and educational needs. The Center seeks to serve those needs by developing and/or coordinating various seminars and workshops for the local businesses.

The International Trade and Quality Center
The mission of the International Trade and Quality Center in the Robert W. Plaster School of Business Administration is to:
1. Develop international consulting and other relevant services for four-state organizations and individuals who are or wish to be involved in international trade;
2. Assist area organizations in their quest for continuous improvement of products, processes and services to enhance quality while reducing cost;
3. Enhance the business curriculum by providing international and quality resources, internship opportunities and other appropriate assistance for faculty and students.

Business and Economic Lecture Series
The Robert W. Plaster School of Business Administration sponsors an annual lecture series. Speakers of interest to both students and local business people are featured.

SBTDC Workshops
The Robert W. Plaster School of Business Administration has established workshops to help local businesses with their training and educational needs. The Center seeks to serve those needs by developing and/or coordinating various seminars for the local businesses.

The Center for Entrepreneurship
The Center for Entrepreneurship provides practical and relevant information concerning the implementation and operation of a small business. Courses are offered in the areas of management methods, accounting, financing, marketing, business plans, legal aspects and business opportunities. These courses are offered online as distance learning courses. Students can earn a minor or certificate in Entrepreneurship.

Heartland Procurement Technical Assistance Center (PTAC)
Heartland PTAC’s mission is to assist viable businesses located in Southwest Missouri and the State of Kansas with potential market expansion through procurement opportunities with the government which enhances local economies.

Heartland PTAC provides businesses with government procurement counseling that can enable businesses to expand their markets by selling goods and services to the government. Heartland PTAC offers assistance with bidder application forms, matching of products and/or services with appropriate buying activities, bid package review, pre-award and post-award assistance, government registrations and provides government specifications and standards and other information necessary to complete government bids. Heartland PTAC also provides a bid-matching program that electronically locates federal, state and local government bidding opportunities for any business based on the products and services that the business wants to sell to the government.

Business General Education Requirements
All BSBA candidates must take the following “core” courses in addition to the courses required in their major (see course descriptions for prerequisites):

Business Administration

Total Business Core .................................................. 39

*Prerequisites: Senior standing, MM 300, MM 350 and ECON 350 and should be taken during last semester of university work.

**IB 310 will satisfy Area I of the General Education requirements.

Mathematics - All candidates for the BSBA degree must complete Mathematics 130 (College Algebra) or the preferred MATH 131 (Finite Math) or higher as their General Education mathematics course.

Faculty D. Smith - Head, Agee, Comstock, Huffman, Mattix, J. Smith

Mission
The mission of the Department of Accounting at Missouri Southern State University is to help meet the needs of our society for business school graduates by providing quality accounting education. Consistent with the University’s mission, the Department of Accounting embraces an integration of liberal and professional education to enable students to develop the ability to excel in the complex work environment of business. The curriculum combines extensive accounting study with a focus on development of student competencies in the areas of professional integrity, social responsibility oral and written communications, interpersonal relationships, technology management, research experience, international business affairs and critical thinking skills.
The BSBA accounting major course of study is designed to prepare the student to enter any area of the accounting profession, to successfully complete the Certified Public Accountant or other professional certification examination and/or to enter graduate school. Majors in accounting must earn a grade of ‘C’ or above in all accounting courses in order to earn a BSBA.

Prospective accounting majors should take note of the requirements for entry into the profession. The State of Missouri requires 150 hours of college credit, including an undergraduate degree, before a candidate may sit for the Certified Public Accountant examination. Most other states have similar requirements. The American Institute of Certified Public Accountants requires new members to have 150 semester hours of college credit in order to join. Accounting majors desiring to meet this requirement should note the “150-hour” recommendations at the end of the BSBA suggested order of study or plan to attend graduate school (see your adviser).

A minor in accounting for both BSBA and non-BSBA degree candidates is also offered.

</tbody>
</table>
ACCOUNTING 151

ACCT 0312  (F,S)  3 hrs. cr.
**Intermediate Accounting**
Examination of current and emerging financial accounting theory and techniques used to measure and report financial information to investors, creditors and other external users. Emphasizes asset and income determination, preparation and interpretation of financial statements and related disclosure requirements. Prerequisites: ACCT 201 and 202 with a grade of 'C' or above.

ACCT 0322  (F,S)  3 hrs. cr.
**Intermediate Financial and Capital Accounting**
Course that covers financial and capital accounting for business enterprises (with emphasis on the corporation). Emphasizes topics in areas of: (1) accounting for liabilities, (2) shareholders’ equity, (3) earnings per share, (4) investments, (5) income taxes and (6) the statement of cash flows. Prerequisites: ACCT 201 and 202 with a grade of ‘C’ or above.

ACCT 0325  (Demand)  3 hrs. cr.
**Managerial Accounting**
Use of accounting as a tool for the process of planning, controlling and decision making. Emphasis on where accounting data is obtained, what kind of information is needed and how it is used in the management process. This course may not be taken by the accounting major to satisfy accounting General Education Requirements. Prerequisite: ACCT 202.

ACCT 0332  (Demand)  3 hrs. cr.
**Intermediate Accounting III**
Third of three courses that comprehensively cover financial accounting concepts and standards for business enterprises (with emphasis on the corporation). Coverage includes: (1) earnings per share, (2) investments, (3) income taxes, (4) post-retirement benefits, (5) leases, (6) cash flows and (7) accounting changes and errors. Prerequisite: ACCT 322.

ACCT 0341  (Demand)  3 hrs. cr.
**Accounting Law**
An in-depth study of legal issues of primary interest to professional accountants with particular emphasis on government regulation, consumer protection statutes, insurance, bankruptcy, agency law, equal employment opportunity laws, business organizations, real property, decedent's estates and trusts, and environmental law and land use controls. Prerequisite: GB 301.

ACCT 0350  (Demand)  3 hrs. cr.
**Financial Statement Analysis**
Keys to both accounting and financial analysis. Examines the relevance of financial statement analysis to all business decisions. Priorities: (1) relevance, (2) decision inferences, and (3) practicality. Prerequisite: ACCT 202 or permission.

ACCT 0375  (F)  3 hrs. cr.
**Tax Accounting I**
Procedures for reporting federal income taxes with emphasis on income and deductions for individuals. Practice in preparing federal income tax returns. Prerequisites: ACCT 201 and 202 with a ‘C’ or above or permission.

ACCT 0385  (Demand)  3 hrs. cr.
**Cost Accounting**
Study of accounting cost systems providing information generation for managerial planning and control. Special emphasis is placed on both technology and Quality Management as applied to industrial and service enterprises. Prerequisites: ACCT 202 with a ‘C’ or above, GB 321.

ACCT 0402  (Demand)  3 hrs. cr.
**Strategic Financial Accounting**
Application of accounting principles of business combinations, consolidated financial statements, foreign currency transactions, postretirement benefits and leases. Prerequisite: ACCT 322.

ACCT 0408  (S)  3 hrs. cr.
**Tax Accounting II**
Procedures for reporting federal income taxes with emphasis on corporations, partnerships, estates and trusts. Practice in preparing federal income tax returns of these business entities. Prerequisite: ACCT 375 or permission.

ACCT 0411  (F,S)  3 hrs. cr.
**Auditing**
Overview of the certified public accounting profession with special attention to auditing standards, professional ethics, the legal liability inherent in the attest function, the study and evaluation of internal control, the nature of evidence, the use of statistical sampling and performing an audit. Prerequisites: ACCT 312, ACCT 309. Prerequisite or co-requisite: ACCT 322.

ACCT 0420  (Su)  3 hrs. cr.
**International Accounting**
Examination of accounting operations within a multinational corporate environment. Primary emphasis is on international financial reporting and standard setting with regard to different needs within different countries, international financial statement analysis and accounting standards and practices in selected countries. Prerequisite: ACCT 202. Cross listed as INTS 0420.

ACCT 0421  (Demand)  3 hrs. cr.
**Governmental and Nonprofit Accounting**
Study of accounting principles, standards and procedures that apply to governmental entities. Primary emphasis is accounting for municipalities. Provides background for studying accounting systems of colleges and universities, hospitals and other nonprofit entities. Prerequisite: ACCT 322.

ACCT 0422  (Su)  3 hrs. cr.
**Controllership**
Advanced study in decision models and cost information, system choice, strategy and management control. Special emphasis on Quality Management and time related management control initiatives. Prerequisite: ACCT 385.

ACCT 0431  (S)  3 hrs. cr.
**Forensic and Investigative Accounting**
An integration of concepts from auditing, emphasizing forensic and investigative accounting, as well as fraud examination. In addition, examination of internal, operational and compliance audits, as well as specialized reports. Prerequisite: ACCT 411.

ACCT 0491  (Demand)  1-12 hrs. cr.
**Internship in Accounting**
An internship for senior accounting students with an opportunity to observe and participate in actual business operations within the community. All internships must conform to institutional policy regarding the number of hours of work, the number of credit hours and written agreements with the cooperating business or agency. Prerequisites: 65 hours, 3.0 GPA and department approval.
ACCT 0498  (Demand)  1-3 hrs. cr.
Advanced Topics in Accounting
For upper division accounting or related majors with topics to be announced
each time the course is offered. Prerequisite: Senior standing or permission.

ACCT 0499  (Demand)  1-6 hrs. cr.
Independent Study in Accounting
Individually directed readings, research and discussion in selected areas of ac-
counting for advanced majors. Scope, depth, area of concentration and credit
to be arranged upon entry into course. Offered by arrangement. Prerequisites:
Permission and a minimum 3.0 GPA. Repeatable up to six credit hours.

Faculty  Block
The BSE business major course of study prepares graduates to teach busi-
ness at the secondary level.

Business education majors must have a cumulative GPA of 2.75 in all course
work and must maintain a cumulative GPA of 2.75 in business courses.

Course Descriptions

ENT 0201 (F)  Developing a Business Plan  1 hr. cr.
This course focuses on the proper techniques to use in preparing and presenting a business plan, which will provide the necessary goals and directions for creating, managing and gaining profit from a business.

ENT 0202 (F)  Business Opportunities  1 hr. cr.
A course concentrating on analyzing the feasibility of starting or expanding a business venture. Topics include developing strategies for various types of existing business ventures and new startups, product positioning, the purchase of existing businesses, franchising and determining and creating a competitive advantage for products and services.

ENT 0203 (F)  Legal Aspects for Entrepreneurs  1 hr. cr.
Legal Aspects for Entrepreneurs
This course will cover the formation, advantages and disadvantages of corporations, partnerships, LLCs and sole proprietorships as different forms of legal ownership for new businesses. Topics include business licenses, business insurance, government regulations, government support systems, liability and ethical issues.

ENT 0204 (S)  Initial Capitalization  1 hr. cr.
Initial Capitalization
A course to help prepare the entrepreneur for presenting their “initial capital” needs to the appropriate audience in obtaining financing for their new business.

ENT 0205 (S)  Cash Flow Analysis  1 hr. cr.
Cash Flow Analysis
A course for preparing analysis on a new or existing business in the areas of business operating cycle, quality indicators, financial ratios, permanent working capital and cash flow analysis.

ENT 0206 (S)  Microcomputer Applications  1 hr. cr.
A course to prepare the entrepreneur for applying computerized accounting technology to a small business situation. QuickBooks for Windows will be used for the course.

ENT 0207 (F)  Accounting Procedures  1 hr. cr.
Accounting Procedures
A course to teach entrepreneurs accounting concepts so they will have background knowledge of the how and why of financial statement preparation as related to managing small businesses.

ENT 0208 (F)  Accounting Records  1 hr. cr.
A course to acquaint entrepreneurs with the various accounting and financial records needed to successfully operate a small business.

ENT 0209 (F)  Accounting Taxation  1 hr. cr.
Accounting Taxation
A course to acquaint entrepreneurs with the tax consequences of the different forms of business organization and the documents necessary to get a business “legal” with authorities for “tax” purposes.

ENT 0210 (S)  The Management Process for Entrepreneurs  1 hr. cr.
The Management Process for Entrepreneurs
A course to acquaint the entrepreneur with basic theories and principles of management as they relate to an entrepreneurial and newly formed business. Using E-commerce in traditional companies will be evaluated. Small business survival by gaining the competitive edge will be stressed.

ENT 0211 (S)  Strategic Planning & Organizing  1 hr. cr.
Strategic Planning & Organizing
A course to help small business people develop and implement management strategies for efficiency and to learn and practice the important functions of planning and organizing a small business. Topics include the balanced scorecard concept, analytical tools, methods of managing entrepreneurial firms and the formation of strategy for E-commerce trends and the application of this strategy.
ENT 0212 (S) 1 hr. cr.
Human Resource Issues for Entrepreneurs
This course is designed to help the students and owners of small businesses improve their human relations skills needed in running a business. The discovering of one’s management style and the development of new management skills will be covered.

ENT 0213 (S) 1 hr. cr.
Promotion
This course will introduce the entrepreneur to the complexities of advertising for smaller businesses. The entrepreneur will learn to develop the marketing goals of a business and select a marketing mix to communicate those ideas to the marketplace. Utilizing the Internet in promotional strategies will be covered.

ENT 0214 (S) 1 hr. cr.
Pricing
This course will concentrate on the pricing of products for a small business for profit and the development of pricing strategies and sales promotion techniques that will allow businesses to attract customers for the buying process. The emphasis will be on pricing strategies for goods and/or services.

ENT 0215 (S) 1 hr. cr.
Merchandise/Inventory Planning
This course will acquaint the entrepreneur with various techniques of inventory/merchandise planning and controls. It will also focus on merchandising strategies, salesmanship, location analysis and the purchasing function.

ENT 0301 (S) 3 hrs. cr.
New Business Formation
Students, as officers or employees, will be required to complete the following tasks generally inclusive with creating and managing a small business: identify a viable product/service and target market; develop an organizational structure for the company; write a business plan; maintain internal cost and accounting procedures; develop advertising and marketing strategies; and harvest the business. Prerequisite: ENT 201.

ENT 0302 (F) 3 hrs. cr.
Managing Innovation and Technology
Students work in a consulting capacity problem solving for entrepreneurial companies that may be located in a business innovation center or referred by the Small Business Development Center. Students work with problems related to marketing, financial management, managerial issues, and other business requirements in which students will combine business and consulting skills in a way that leads to innovation and sustainable growth in the small businesses. Prerequisite: EnT 201.

### Course Descriptions

**ECON 0180** *(F,S,Su)*  
**The American Economic System**  
3 hrs. cr.

A core course on the goals organization and operation of the U.S. economy. Topics include: scarcity and choice; the role of profits, saving, investment and competition; the economic functions of government; limitations of the market system; other types of economic systems; and international trade. Personal finance topics include setting goals, budgeting, savings and investing, credit management and retirement planning. Not for business majors or for those who have taken ECON 201 or 202. Prerequisite: ACT MATH Score of 19 or higher or MATH 030 or above.

**ECON 0201** *(F,S,Su)*  
**Principles of Economics (Macro)**  
3 hrs. cr.

A basic course that explains the organization, operation and goals of the U.S. economic system with emphasis on basic principles and concepts; measurement, determination and stabilization of national income; unemployment and inflation; the role of money and monetary policy; fiscal policy; economic growth; international finance; and current economic problems. Prerequisite: MATH 030 or above.

**ECON 0202** *(F,S,Su)*  
**Principles of Economics (Micro)**  
3 hrs. cr.

A continuation of economic principles with emphasis on the theory of price determination and income distribution, with particular attention to the nature and application of those bearing on decision making within a household, firm or industry; cost and revenue implications of various product and factor market structures; and international trade and finance. Prerequisite: MATH 030 or above.

**ECON 0300** *(F,S)*  
**Money and Banking**  
3 hrs. cr.

The nature, need, functions, role, creation and destruction of money and credit; financial institutions and their functions with special emphasis on the commercial banking system and the Federal Reserve system; introduction to monetary theory and policy; and international aspects of money and monetary policy. Prerequisites: ECON 201 and ECON 202.

**ECON 0320** *(F)*  
**Pension Planning**  
3 hrs. cr.

Pension Planning is the establishment, implementation and management of private retirement plans. Topics include: the history of private pension plans in the United States, the debate over defined benefit versus defined contribution plans, tax considerations in pension planning, important aspects of various types of pension plans, funding of pension plans, terminating pension plans and investment issues for pension plans. Prerequisites: ECON 201, ECON 202 and ACCT 201. Co-requisite: GB 301.

**ECON 0330** *(F)*  
**Principles of Insurance**  
3 hrs. cr.

Survey of the fundamentals of insurance, including risk management, interpretation of policies, property insurance, liability insurance, health insurance and life insurance. Prerequisites: ECON 201 and ECON 202.

**ECON 0350** *(F,S,Su)*  
**Financial Management**  
3 hrs. cr.

Study of the financial operating environment and financial analysis; risk and valuation; time value of money; capital budgeting; cost of capital and leverage; working capital management; and dividend policy. Prerequisites: ECON 201, ECON 202, ACCT 201. Co-requisite: GB 301.

**ECON 0370** *(S)*  
**Estate Planning**  
3 hrs. cr.

The study of the efficient conservation and transfer of wealth, consistent with the client’s goals. The course will consider the legal, tax, financial and non-financial aspects of this process. Topics covered will include trusts, wills, probate, advanced directives, charitable giving, wealth transfers and related taxes. Prerequisites: ECON 350, ACCT 375 and GB 301.

**ECON 0400** *(F)*  
**Bank Management**  
3 hrs. cr.

Provides an introduction to the commercial bank industry, its organization, structure and regulation. The lending and investment functions of banking are examined along with liability and capital management issues, including de nova banking and merger/acquisitions. Its’ purpose is to offer an overview of commercial banks and their delivery role in the financial services industry. Prerequisites: ECON 300 and ECON 350.
A broad introduction to basic stock selection using “fundamental” analysis whereby “over” and “under” valued stocks are to be identified. The class will construct a common stock portfolio of 10 to 25 stocks. Other topics covered will include basic schools of investment thought, diversification, quality of earnings and factors affecting equity ownership. Prerequisite: ECON 350 or permission.

ECON 0421 (F)  3 hrs. cr.
Portfolio Management I
Theories of diversification, portfolio construction and portfolio management; fundamental analysis of securities; investment goals and strategies; economic and industry analysis; decision making for the Youngman Portfolio. Prerequisite: ECON 411. Students are admitted into this class on a selective basis determined by an application and interview process.

ECON 0422 (S)  3 hrs. cr.
Portfolio Management II
Theories of diversification, portfolio construction and portfolio management; fundamental analysis of securities; economic and industry analysis; financial software competencies; derivatives; decision making for the Youngman Portfolio. Prerequisite: ECON 421. Students are admitted into this class on a selective basis determined by an application and interview process.

ECON 0440 (S)  3 hrs. cr.
Advanced Financial Planning:
Cases and Applications
This course will integrate material presented in the financial planning track coursework. Students will be engaged in critical thinking and decision making regarding personal financial management topics in the context of the financial planning process. Prerequisites: ACCT 375, ECON 320 and ECON 330. Co-requisites: ECON 370 and ECON 411.

ECON 0450 (S)  3 hrs. cr.
Financial Strategy
Financial planning, capital budgeting under constraints of mutual exclusiveness and capital rationing, leverage (both operating and financial), debt financing, common stock (including dividend policy), preferred stock, leasing, mergers and LBOs using a case study approach. Prerequisite: ECON 350.

ECON 0491 (Demand)  1-6 hrs. cr.
Internship in Finance and Economics
An internship for senior Finance/ Economics students with an opportunity to observe and participate in actual business operations within the community. All internships must conform to institutional policy regarding the number of hours of work, the number of credit hours and written agreements with the cooperating business or agency. Prerequisites: 65 hours, 3.0 GPA and department approval. Repeatable up to six credit hours.

ECON 0498 (Demand)  1-3 hrs. cr.
Advanced Topics in Economics
For upper-division students. Topics to be announced each time the course is offered. Examples of seminars offered in the past are: 498-Seminar in International Economics, 498-Seminar in Business Cycles and 498-Seminar in Public Finance.

ECON 0499 (Demand)  1-6 hrs. cr.
Independent Study in Finance/Economics
Individually directed readings, research and discussion in selected areas of Finance/Economics for advanced majors. Scope, depth, area of concentration and credit to be arranged upon entry into course. Offered by arrangement. Prerequisites: Permission and a minimum 3.0 GPA. Repeatable up to six credit hours.
Marketing:
MM 401  Integrated Marketing Communications
MM 405  Internet Marketing
MM 432  Consumer Behavior

Advanced Business Electives (300 level or above) 12
Choose 12 hours from courses with the following prefixes:
ACCT, ECON, ENT, GB, IB, MM

Electives 17-18

Total 124

*Required course in economics (ECON 201) satisfies major requirement and
3 hours of General Education Requirements.

Minor in General Business
(Non-BSBA degree candidates)

Semester Hours
ACCT 201  Principles of Financial Accounting 3
ACCT 202  Principles of Managerial Accounting 3
ECON 202  Principles of Economics-Micro 3
ECON 350  Financial Management 3
MM 237  Using Information Systems 3
MM 300  Principles of Marketing 3
MM 350  Fundamentals of Organizational Management 3

Methods of collection, analysis, interpretation and presentation of data re-
lated to business. Topics include frequency distribution, measures of central
tendency and dispersion, regression and correlation analysis, probability
concepts, sampling distributions, estimation procedures and hypothesis test-
ing. Computer statistical packages will be utilized in analysis and application
of problems. Prerequisites: MATH 130, 131 or higher and MM 237.

GB 0322  (S) 3 hrs. cr.
Business Statistics II
Methods of statistical analysis relating to business decision making and re-
search in business and economics. Emphasizes sampling theory, parametric
tests of hypotheses, analysis of variance, multiple regression, non-paramet-
ric tests of hypotheses and other selected statistical techniques. Computer
statistical packages (and spreadsheet packages) will be utilized in analysis of
problems. Prerequisite: GB 321.

GB 0361  (Demand) 1 hr. cr.
Personal Development
Identifying interests, skills and abilities in relation to prospective jobs. Establish-
ishing short-term and long-term career goals. Developing job search skills.
Demonstrating dining etiquette. Prerequisite: 6 hours English Composition or
permission of instructor.
GB 0362  \text{(Demand)}  \quad 1 \text{ hr. cr.}
\text{Career Development}
Increasing verbal and nonverbal job related communication and presentation skills. Acquiring networking abilities. Exploring business etiquette and dress in order to adjust to the corporate environment and the professional image. Improving time management skills. Prerequisite: 6 hours English Composition or permission of instructor.

GB 0363  \text{(Demand)}  \quad 1 \text{ hr. cr.}
\text{Interpersonal Development}
Learning to work with others and exploring techniques of negotiation. Developing assertiveness and learning to resolve conflict. Developing leadership skills. Understanding how to serve customers/clients and developing sensitivity to other cultures. Prerequisite: 6 hours English Composition or permission of instructor.

GB 0405  \text{(S)}  \quad 3 \text{ hrs. cr.}
\text{Statistical Quality Control}
Theory and methods used in statistical quality control. Emphasizes basic statistical analysis, variables control charts, attributes control charts, interpretation of control charts, estimation of process parameters, gage capability, acceptance sampling and service quality. Students will be encouraged to use spreadsheets to solve SPC problems. Prerequisite: GB 321 or consent of instructor.

GB 0412  \text{(Su)}  \quad 3 \text{ hrs. cr.}
\text{Implementing Business Education Programs}
This course includes a study of teaching techniques and devices organization and development of curriculum, testing and measurements, funding, special populations, integrating academics, business/education partnerships and multicultural activities. Special emphasis is given to innovations, systems and developments in business and education. For business education majors only. (To be taken the summer prior to student teaching.)

GB 0491  \text{(Demand)}  \quad 1-3 \text{ hrs. cr.}
\text{Internship in General Business}
An internship for senior General Business students with an opportunity to observe and participate in actual business operations within the community. All internships must conform to institutional policy regarding the number of hours of work, the number of credit hours and written agreements with the cooperating business or agency. **Course Descriptions**

**IB 0210**  *(Demand)*  3 hrs. cr.

**Global Business Literacy**

This course provides an introduction to international organizations and business. The course will focus on cultural differences; theories and interdependencies of international trade and economic development; and discuss the positions of proponents and opponents of International Trade development. Not for Business Majors or for those who have taken IB 310. Prerequisites: None.

**IB 0310**  *(Demand)*  3 hrs. cr.

**International Business**

This course provides an introduction to the development of management skills related to international business. The students will study the international business environment, international business strategy, international organizational structure and international management. Management issues for small and large international companies will be examined in the areas of management of activities, building of capabilities, management across boundaries, coordination and control and human resource management. Prerequisites: IB 310 and MM 350.

**IB 0352**  *(F)*  3 hrs. cr.

**International Human Resource Management**

This course will focus on the development of management skills related to international business. The students will study the international business environment, international business strategy, international organizational structure and international management. Management issues for small and large international companies will be examined in the areas of management of activities, building of capabilities, management across boundaries, coordination and control and human resource management. Prerequisites: IB 310 and MM 350.

Dr. Chris Moos  
Office: Plaster Hall 309L  
Phone: 417.625.9703  
Email: moos-c@mssu.edu
IB 0420  (Su)  3 hrs. cr.
International Accounting
Examination of accounting operations within a multinational corporate environment. Primary emphasis is on international financial reporting and standard setting with regard to different needs within different countries, harmonization, international financial statement analysis and accounting standards and practices in selected countries. Prerequisites: IB 310 and ACCT 202. Cross listed as ACCT 0420.

IB 0430  (F)  3 hrs. cr.
International Corporate Finance
This course focuses on the environment in which the international financial manager operates. Students study the risks of doing business overseas and the tools available to minimize those risks. Foreign exchange risk, political risk, foreign investments and international financing, working capital management, accounting and control are examined within this context. Prerequisites: IB 310 and ECON 350.

IB 0460  (S)  3 hrs. cr.
Global Supply Chain Management
This course will focus on the development of logistics management skills related to global supply chains. The students will study the international business environment as it relates to transportation modes and methods, trade agreements and trade zones, legal and security transportation issues, international conventions and import and export regimes. Particular attention will be given to supply chain management as part of the firm’s strategic positioning, cultural interactions and quality considerations as well as to the importance of third party logistics providers. Prerequisites: IB 310 and IB 400.

IB 0491  (Demand)  1-6 hrs. cr.
Internship in International Business
An internship for senior International Business students with an opportunity to observe and participate in actual business operations within the community. All internships must conform to institutional policy regarding the number of hours of work, the number of credit hours and written agreements with the cooperating business or agency. Prerequisites: 65 hours, 3.0 GPA and department head approval. Repeatable up to six credit hours.

IB 0498  (Demand)  1-3 hrs. cr.
Advanced Topics in International Business
Special topics in international business. For upper-division students. Topics to be announced each term the course is offered.

IB 0499  (Demand)  1-6 hrs. cr.
Independent Study in International Business
Individually directed readings, research and discussion in selected areas of International Business for advanced majors. Scope, depth, area of concentration and credit to be arranged upon entry into course. Offered by arrangement. Prerequisites: 65 hours, 3.0 GPA and department head approval. Repeatable up to six credit hours.

Faculty  Moos - Head, Agee, Cragin, Dawson, Douglas, Marion, Myers, Philibert, Schmidt, Vernon, Yantis

Mission
The mission of the Department of Management at Missouri Southern State University is to provide students with a superior education. Faculty combine effective teaching with scholarship and professional service and strive to provide students with practical and theoretical business competencies. These competencies prepare students for leadership positions and service in a diverse, global and competitive economy. Consistent with the university’s mission, the Department of Management embraces an integration of liberal and professional education to enable students to develop the ability to excel in the complex work environment of business. The curriculum combines extensive management study with a focus on development of student competencies in the areas of professional integrity, social responsibility oral and written communication, interpersonal relationships, technology management, research experience, international business affairs and critical thinking skills.

The BSBA management major course of study is designed to prepare the graduate for entry-level positions of responsibility in the for-profit, nonprofit and public sectors.

MM 0401 \( (S,Su-Even) \) 3 hrs. cr.  
**Integrated Marketing Communications**  
This course examines the planning, development, and execution of integrated marketing communications programs with a focus on the promotional aspects of the marketing mix. Both traditional and online applications of marketing strategies are studied as they pertain to achieving an organization’s goals and objectives. The analysis of advertising media, the preparation of advertising programs, and the formulation of campaigns are included in the course. Prerequisite: MM300.

MM 0405 \( (F,S,Su) \) 3 hrs. cr.  
**Internet Marketing**  
Addresses the new technological environment that marketers are facing by introducing strategic considerations related to technology and technology implementation. Explores the basics of marketing exchange utilizing the information highway, multimedia techniques, database marketing, and interactive telecommunications; also gives students hands-on experience with relevant software. Prerequisites: MM 300 and MM 237 (or equivalent).

MM 0411 \( (F,S) \) 3 hrs. cr.  
**Employment Law**  
A primary emphasis on Fair Employment practices, Title VII of the Civil Rights Act and other major employer/employee legal relationships including, but not limited to, affirmative action, race, gender, age, disability and affinity orientation discrimination. Additional topics include Fair Labor Standards Act, Immigration Reform and Control Act, worker’s compensation and privacy issues. A secondary emphasis on the Labor-Management Relations Act, as amended, the bargaining unit and unfair labor practices. Prerequisite: Junior standing. Formerly GB 411.

MM 0412 \( (F,S,Su-Demand) \) 3 hrs. cr.  
**Marketing Strategy**  
Strategic aspects of marketing; problems involved in environmental scanning, goal setting, planning and strategies as they apply to product and service policy, financial objectives, promotional objectives, distribution policy and marketing intelligence. Prerequisites: Senior standing, MM 432, MM 470, MM 350, and ECON 350.

MM 0431 \( (F,S,Su) \) 3 hrs. cr.  
**Operations Management**  
Principles and decision analysis related to the effective utilization of the factors of production and operations in manufacturing activities for both intermittent and continuous systems. The study of operations management, analytical models and methods, facilities design and the use of computer modeling for control systems for effective production operations. Prerequisite: GB 321.

MM 0432 \( (F,S,Su-Demand) \) 3 hrs. cr.  
**Consumer Behavior**  
An interdisciplinary approach to the analysis and interpretation of consumer buying habits and motives and the resulting purchase of goods and services. The purchaser’s psychological, economic and socio-cultural actions and reactions are stressed. Prerequisite: MM 300.

MM 0436 \( (S) \) 3 hrs. cr.  
**Services Marketing**  
The course focuses on the knowledge needed to implement quality service and service strategies for competitive advantage within the service sector. Service quality and recovery, the linking of measurement to performance, service mapping and cross functional treatment of issues are covered in this course. Prerequisite: MM300.

MM 0441 \( (Demand) \) 3 hrs. cr.  
**Organizational Behavior**  
The purpose of this course is to introduce the student to the study of individual and group behavior within an organization. Current and emerging theoretical and practical knowledge for understanding topics such as motivation, leadership, managerial decision making, group processes and conflict resolution. Prerequisite: MM 350.

MM 0445 \( (Demand) \) 3 hrs. cr.  
**Compensation and Benefits Management**  
This course studies principles and practices of compensation and benefit management with an emphasis on strategic analysis, as well as current human resource theory and practices. The course examines the field of compensation and benefits by addressing both intrinsic and extrinsic issues, as well as the basis for compensation, compensation systems, benefits, executive compensation, and the international implications of the global economy. Prerequisites: MM 350 and GB321 or consent of the instructor.

MM 0447 \( (Demand) \) 3 hrs. cr.  
**Employee Training and Development**  
An examination of current practices and research in the area of employee training and development to include needs analysis, instructional design and the evaluation of training in organizations. Additional course topics include the strategic role of training, learning management, knowledge management, as well as employee and career development. Prerequisite: MM 350.

MM 0450 \( (S) \) 3 hrs. cr.  
**The Psychology of Human Resource Management**  
Traditional areas of human resource management/organizational psychology are addressed, including group interaction, communication, retention, interviewing, diversity, conflict management and legal issues. An interdisciplinary approach will be taken. The contents will be presented using both theory and experimental methods.

MM 0452 \( (F,S,Su) \) (Writing Intensive) 3 hrs. cr.  
**Strategic Management**  
A capstone course integrating business disciplines with formal analyses of the organization’s macro and industry environment; mission and goals; and strategy formulation, implementation and control using computer simulation and/or the case method approach. Prerequisites: Senior standing, MM 300, MM 350 and ECON 350; should be taken during the last semester of university work.

MM 0470 \( (F,S) \) 3 hrs. cr.  
**Marketing Research**  
The systematic gathering, recording, analyzing and presentation of data relating to market analysis, sales analysis, consumer research, advertising research and attitude research. Prerequisites: GB 321 and six hours of marketing.

MM 0491 \( (Demand) \) 1-6 hrs. cr.  
**Internship in Marketing/Management**  
An internship for senior marketing/management students with an opportunity to observe and participate in actual business operations within the community. All internships must conform to institutional policy regarding the number of hours of work, the number of credit hours and written agreements with the cooperating business or agency. Prerequisites: 65 hours, 3.0 GPA and department approval. Repeatable up to six credit hours.
MM 0498  (Demand)  1-3 hrs. cr.
Advanced Topics in Marketing/Management
For upper-division students. Topics to be announced each time the course is offered. Prerequisite: Senior standing or permission.

MM 0499  (Demand)  1-6 hrs. cr.
Independent Study in Marketing/Management
Individually directed readings, research and discussion in selected areas of Marketing/Management for advanced majors. Scope, depth, area of concentration and credit to be arranged upon entry into course. Offered by arrangement. Prerequisites: Permission and a minimum 3.0 GPA. Repeatable up to six credit hours.

Mission
The mission of the Missouri Southern School of Education is to create an inclusive and equitable learning environment that promotes intellectual and personal growth through scholarship, research and practical application.

Objectives
The objectives of the School of Education are:
1. to ensure the transmission of knowledge regarding the social, historical and philosophical foundations of each discipline;
2. to foster an awareness of the cultural diversity that exists in society and to provide knowledge relative to the contributions made by various cultures in each discipline;
3. to integrate and apply technology relevant to research and professional productivity;
4. to develop critical thinking, communication and professional collaboration skills;
5. to instill an awareness and understanding of the personal and professional impact of participation in professional organizations and a commitment to life-long learning;
6. to develop professional attitudes and ethical standards;
7. to support opportunities for faculty and staff to remain current and to conduct research in their respective disciplines;
8. to provide instructional facilities and equipment essential to the delivery of effective instruction;
9. to encourage faculty to provide consultation services and to otherwise serve as resources for the area and;
10. to maintain the viability of the School of Education’s programs through systematic and continuous assessment, evaluation and modification.

Faculty
Lipira - Head, Beeler, Bruggeman, Conklin, Darnell, Gray, Hobbs, Hubbard, Mitts, Ressel, Rutledge, Vavra, Wright

Mission
The Department of Kinesiology supports the Missouri Southern State University mission to offer a liberal arts baccalaureate program that fosters the total education of each student. The department emphasizes quality teaching and academic advising, while promoting dedicated community and university service. The curriculum prepares future professionals to be successful at promoting healthy, active lifestyles in a global society.

The Kinesiology Department offers two degrees: the Bachelor of Science in Education degree (BSE) with a major in Physical Education K-12 and the Bachelor of Science (BS) degree with a major in Health Promotion and Wellness.

Candidates in the Department of Kinesiology are strongly encouraged to become involved with professional clubs and organizations at the departmental, state and national levels. The Department’s programs of study reflect guidelines from the National Council for Accreditation of Teacher Education (NCATE), the American Alliance for Health, Physical Education, Recreation and Dance (AAHPERD), the National Association for Sport and Physical Education (NASPE), Missouri Department of Elementary and Secondary Education (DESE), the American College of Sports Medicine (ACSM), the American Red Cross and requirements from the School of Education at Missouri Southern State University. Students studying in the Department of Kinesiology must earn a grade of ‘C’ or better in all required courses with a KINE, EDUC or PSY prefix.

Physical Education
Students who desire certification as a teacher of physical education will become qualified at both the elementary and secondary level (K-12). Physical Education K-12 majors should refer to page 185 where the requirements for Missouri Southern’s teacher education program are listed.

Health Promotion and Wellness
Graduates in this major will be prepared to promote lifestyle strategies to prevent illness and improve quality of life. Students seeking the health promotion and wellness degree must have a cumulative GPA of 2.5 for all university course work prior to admission into KINE 495, Internship in Wellness.

Students who wish to pursue the degree in health promotion and wellness must have a cumulative GPA of 2.5 for all university course work prior to admission into KINE 495, Internship in Wellness.
Additional Interest Areas

Health
The Missouri Department of Elementary and Secondary Education (DESE) identifies Health as a certification area. To teach health in the State of Missouri, one must be certified. Courses required for such certification are offered at Missouri Southern. An alternative path to health certification is passing the Praxis Exam for Health Education (#5050).

Coaching
In the state of Missouri, head and assistant coaches in all sports must be certified teachers or administrators and be contracted by the Board of Education for the full school year as a full- or part-time teacher or administrator. The school board may also hire, as an assistant coach only, an individual who possesses a valid substitute or temporary authorization certificate, provided the school gives evidence that the position is required to maintain the existence of the program and/or an adequate safety level, the coach completes an inservice training program and a copy of the current teaching certificate is on file at the school. For the coaching requirements of another state, students will need to contact the state’s governing agency. For students with an interest in coaching, we offer a number of related courses. These courses are not required and are considered electives.

Athletic Training
To become a certified athletic trainer, one must pass the National Athletic Training Examination. Only persons with a degree in Athletic Training are eligible to take the exam. Missouri Southern does not offer a degree in Athletic Training; however, for students who desire to pursue athletic training at the graduate school level, we do offer a number of related courses.

### Course Descriptions

#### KINE 0101  (F,S,Su)  1 hr. cr.
**Introduction to Physical Activity**
Designed to assist students in developing proficiency in a physical activity to increase the likelihood of lifetime participation. Non-repeated activities may be taken a maximum of three times for credit.

#### KINE 0103  (F,S,Su)  2 hrs. cr.
**Lifetime Wellness**
Designed to provide students with the knowledge and self-management skills that will assist them in adopting healthy lifestyles. The course will encompass all areas of wellness: physical, emotional, spiritual, social and intellectual.

#### KINE 0113  (F,S)  2 hrs. cr.
**Wellness for the Health Professional**
Contemporary information about the beneficial effects of a healthy lifestyle and how to implement and live such a lifestyle. Required and limited to students studying in the Department of Kinesiology.

#### KINE 0114  (F,S)  2 hrs. cr.
**Fitness Programming and Assessment**
Designed to teach introductory theory and technique in exercise testing and programming, based on the American College of Sports Medicine guidelines and certification requirements. Students will participate in and conduct tests of cardio respiratory fitness, muscular strength and endurance, joint flexibility and body composition. Prerequisite: KINE 113 or KINE 103.

#### KINE 0135  (S)  2 hrs. cr.
**History and Philosophy of Physical Education**
Changing role of physical education from past to present as evidenced through the influence of the various philosophies. Prerequisite: KINE 113 or concurrently.

#### KINE 0150  (Demand)  3 hrs. cr.
**Rules and Officiating of Team Sports**
Knowledge and skills for officiating basketball, volleyball, softball, baseball and football; officiating laboratory required in some areas.

#### KINE 0160  (Demand)  2 hrs. cr.
**Personal and Community Health**
Study of the major risk factors determining health status, with special consideration given to principles and practices of good health for individual and community concerns, including personal and community assessments, body mechanics, nutrition, legal and illegal substances, responsible sexual behavior, mental health and the cause and prevention of disease.

#### KINE 0170  (Demand)  2 hrs. cr.
**Drug Education**
Examine the dimensions and problems of drug use and abuse in our society. Basic information on drug classifications, as well as specific content areas dealing with pharmacology, legislation, drug testing, drug education and prevention efforts will be covered. Key societal influences will be addressed including drugs in the workplace, in sports, in medicine and throughout our culture.

#### KINE 0220  (F,S,Su)  2 hrs. cr.
**First Aid and Sport Safety**
Designed to offer students the knowledge and skills necessary to sustain life, in an emergency situation, by minimizing the consequences of injury and sudden illness until medical help arrives. Strategies for providing a safe environment for athletes and injury prevention will also be presented. Students receive certification through the American Red Cross in First Aid and CPR. Fee required.

#### KINE 0251  (F)  3 hrs. cr.
**Lifetime Activities I**
Study of the skills and instructional strategies of selected lifetime activities commonly found in the school physical education curriculum. Enrollment restricted to Physical Education majors. Prerequisite: KINE 113.

#### KINE 0252  (S)  3 hrs. cr.
**Lifetime Activities II**
Study of the skills and instructional strategies of selected lifetime activities commonly found in the school physical education curriculum. Enrollment restricted to Physical Education majors. Prerequisite: KINE 113.

#### KINE 0255  (F,S)  2 hrs. cr.
**Dance & Recreational Pursuits**
Students will develop and refine the content knowledge and pedagogical skills needed for instructing dance, rhythms and lifelong leisure activities. Prerequisite: KINE 113.

#### KINE 0260  (Demand)  2 hrs. cr.
**Theory of Basketball**
Organization and management of a school basketball program. Offensive and defensive systems, rules, strategies, drills and fundamentals are studied.

#### KINE 0261  (Demand)  2 hrs. cr.
**Theory of Football**
Organization and management of a school football program. Offensive and defensive systems, rules, strategies, drills and fundamentals are studied.

#### KINE 0262  (Demand)  2 hrs. cr.
**Theory of Track and Field**
Organization and administration of meets, coaching, physical conditioning and training for each event in track and field programs.

#### KINE 0263  (Demand)  2 hrs. cr.
**Theory of Volleyball**
Organization and management of volleyball competition. Offensive and defensive systems, rules, strategies, drills and fundamentals are studied.
KINE 0264  (Demand)  2 hrs. cr.
Theory of Baseball & Softball
Organization and management of a school baseball/softball program including individual techniques, team play and challenges in coaching.

KINE 0265  (Demand)  2 hrs. cr.
Theory of Soccer
Organization and management of soccer competition. Systems of offense and defense, rules, strategy and fundamentals of soccer are studied.

KINE 0292  (F,S)  2 hrs. cr.
Theory and Technique of Strength Training
Designed to assist health promotion professionals with designing and implementing strength training programs and with weight room management. Required and limited to students studying in the Department of Kinesiology. Prerequisite: KINE 113.

KINE 0295  (F,S)  1 hr. cr.
Orientation to Health Promotion and Wellness
An orientation to health promotion and wellness. A 15 clock-hour field based component is a part of this class. Students will receive initial exposure to community and hospital health promotion and wellness programs as well as Southern’s Wellness Program. Limited to Kinesiology majors. Prerequisite: KINE 113.

KINE 0305  (S)  2 hrs. cr.
Aging and Health
Designed to explore the physiological process of aging and the role of interventions. Students will conduct assessments and participate in activities appropriate for the aging population. Prerequisite: KINE 103 or KINE 113.

KINE 0310  (F)  3 hrs. cr.
Theory and Technique of Elementary Physical Education I
Designed to provide pedagogical knowledge and application necessary for instruction of physical education with the elementary school child. Emphasis on motor skill instruction and analysis, curricular design, lesson planning and class management. Enrollment restricted to Physical Education majors. Prerequisite: KINE 251 or KINE 252.

KINE 0311  (F,S)  2 hrs. cr.
Physical Education for the Elementary School
Provides elementary education candidates with the skill, content and pedagogical knowledge necessary to design and implement an interdisciplinary physical education program. Emphasis is on development of the total child through physical activity. Prerequisite: EDUC 329 or concurrent enrollment in EDUC 329.

KINE 0312  (S)  3 hrs. cr.
Theory and Technique of Elementary Physical Education II
Designed to provide pedagogical knowledge and practical experience for instruction in the elementary school physical education setting. Emphasis on physical fitness assessment, unit planning and lifetime activity and sport instruction. Includes an 18-hour field experience. Prerequisite: KINE 310.

KINE 0321  (S)  3 hrs. cr.
Theory and Technique of Secondary Physical Education
Offers pedagogical considerations necessary to develop teaching methodologies relative to lesson plan construction, class organization and evaluation of students. Teaching sessions will provide the opportunity to experience a variety of teaching methods and organizational styles. Enrollment restricted to Physical Education majors. Prerequisite: KINE 251 or KINE 252.

KINE 0325  (F,S)  2 hrs. cr.
Practicum in Sports Medicine
This course is designed to provide the student the opportunity to observe and participate in athletic training procedures performed on athletes in the MSSU athletic training facility. (80 hours). Can be repeated once for additional credit. Prerequisites: KINE 220 and permission of instructor.

KINE 0332  (F,S)  2 hrs. cr.
Theory and Technique of Movement and Rhythms
Designed to develop content knowledge and pedagogical skill in the area of dance and rhythmic activities developmentally appropriate for the PK-6 elementary physical education curriculum. Emphasis on movement concepts through activities involving creative dance, singing games, dances of American origin, international folk dances and a variety of rhythmic activities. Prerequisite: KINE 251 or KINE 252.

KINE 0340  (F,S,Su)  2 hrs. cr.
Motor Learning in Physical Education
Designed to provide students with the background necessary for identification of physical, mental, social and emotional development and the effects on behavior movement. Prerequisite: 30 hours.

KINE 0342  (F,S)  3 hrs. cr.
Biomechanical Analysis of Movement
A biomechanical approach to the study of forces on the human body with an emphasis on performance improvement, injury prevention and rehabilitation in sport and exercise. Prerequisite: BIO 201.

KINE 0345  (F,S)  2 hrs. cr.
Tests and Measurements in Physical Education
Designed to introduce students to the techniques of measuring and evaluating performance. Includes preparation and administration of skill, fitness and written tests along with statistical procedures for data analysis. Prerequisite: KINE 114 and MATH 125 or higher.

KINE 0351  (F,S)  3 hrs. cr.
Exercise Interventions
An introduction to the skills and instructional strategies of selected traditional as well as contemporary group exercise programs. Enrollment restricted to Health Promotion and Wellness majors. Prerequisite: KINE 113 and KINE 114.

KINE 0352  (F,S)  3 hrs. cr.
Administration in Health Promotion
Provides students with the skills and knowledge necessary to design organize and implement appropriate health promotion programs. Required and limited to students seeking a degree in Health Promotion and Wellness. Prerequisites: KINE 113 and KINE 295.

KINE 0355  (Su)  1 hr. cr.
Lifetime Sports Academy Practicum
A one-week practicum designed to provide students with practical teaching experience of children in lifetime sports and recreational activities. The Lifetime Sports Academy is held annually on the campus of Missouri Southern State University during the second week of June and is open to all elementary-aged children. Required of Physical Education majors. Can be repeated once for additional credit.
KINE 0365  (F)  2 hrs. cr.  Psychological Aspects of Physical Education  
Behavior exhibited in the learning of skills and physical performance related to psychological concepts connected with the demands of physical activities. Particular attention given to self-efficacy, motivation and participation and their effect on physical performance and personal wellness.

KINE 0366  (S)  2 hrs. cr.  Social Aspects of Physical Education  
Knowledge of the sociological aspects of physical activity relevant to physical education in schools. Particular attention given to the role of physical activity in social, ethical and moral development of citizens.

KINE 0370  (F,S)  3 hrs. cr.  School Health Education  (Writing Intensive)  
This course provides the background information and skills teachers need to implement comprehensive school health education at the grade levels in which they are certified. Prerequisite: EDUC 329 or concurrent enrollment in EDUC 329.

KINE 0375  (F,S)  2 hrs. cr.  Adapted Physical Education  (Writing Intensive)  
Provides information and strategies to assist professionals in designing and implementing appropriate physical activity programs for individuals with disabilities.

KINE 0385  (F,S,Su)  3 hrs. cr.  Nutrition for Human Development  
Students will examine nutrition associated with human development and performance. Emphasis on the physiological and biochemical basis of nutrient absorption and utilization. Particular attention will be given to evaluating and developing strategies for optimal nutrition at various life stages. Prerequisite: any biology or chemistry course.

KINE 0395  (F,S)  2 hrs. cr.  Practicum in Wellness  
Students will gain experience in planning, implementing and evaluating various aspects of health promotion programs. Knowledge of wellness programs will be enhanced by the development and refinement of skills appropriate to the discipline. Out of class opportunities will include working with the Missouri Southern Wellness Program and/or the community. Prerequisite: KINE 295.

KINE 0431  (F,S)  2 hrs. cr.  Physiology of Exercise  
Study of the effects of acute and chronic exercise on the systems of the body. Emphasis on metabolism, nutrition and human performance. Prerequisite: BIO 201.

KINE 0432  (F,S)  2 hrs. cr.  Physiology of Exercise Laboratory  
Lab activities with emphasis on instrumentation and techniques used in the assessment of the physiological response to exercise. Required course for Health Promotion and Wellness majors. Prerequisite: BIO 201.

KINE 0438  (F,S)  1 hr. cr.  Applications in Physical Education  
This course is designed to prepare physical education candidates for the teaching profession. Emphasis will be on developing the electronic portfolio, preparing a yearly curriculum and addressing issues within the profession. Restricted to Physical Education majors. Prerequisites: Completion of all course work in Health Promotion and Wellness degree, application for experience at least one semester in advance and consent of department.

KINE 0495  (F,S,Su)  6 hrs. cr.  Internship in Wellness  
Extensive, off-campus internship providing opportunity for students to be an integral component of a wellness or health promotion facility. Students and on-site supervisor will develop a contractual agreement that provides specific learning experiences for the internship. Prerequisites: Health Promotion and Wellness major, application for experience at least one semester in advance and consent of department.

KINE 0498  (F,S)  1-3 hrs. cr.  Seminar in Health or Physical Education  
A thorough study of an advanced problem in health or physical education for selected students. Prerequisites: senior standing and permission of department head.

KINE 0499  (F,S)  1-3 hrs. cr.  Independent Study  
Research of a problem or field of study relating to kinesiology. Material, content, credit and schedule to be arranged by the department head. Prerequisites: senior standing, 3.0 GPA in major and permission of department head.
In order to graduate with a major in Psychology, a student must meet the following three requirements:
1. Earn a 2.50 or above overall GPA.
2. Earn a 2.50 or above in the Psychology major.
3. Successfully complete online training in academic integrity and then sign a pledge, after the online training, to indicate that the student:
   a) understands the issues related to plagiarism and cheating;
   b) will uphold high standards of academic integrity; and
   c) may not be allowed to continue taking psychology courses if found to have cheated or plagiarized.

Student Organizations
Psychology Club is open to all students who are interested in psychology. The club provides an informal setting for students to learn more about psychology. The club sponsors a wide variety of social and intellectual activities each semester.

Psi CHI - The International Honor Society in Psychology recognizes academic excellence and stimulates further scholarship. Psi CHI members are invited to participate in national and regional professional events. Locally, the Psi CHI members share many activities with the Psychology Club.

<thead>
<tr>
<th>Course Descriptions</th>
</tr>
</thead>
</table>
| **PSY 0100** (F,S) 3 hrs. cr. **General Psychology**  
Introductory course stressing the importance of the psychological mechanisms underlying all human behavior. Honors: The same topics as General Psychology above. Designed and specially taught for Honors students. |
| **PSY 0200** (F,S) 3 hrs. cr. **Child Development**  
The course covers development from conception to late childhood, including physical, cognitive, emotional and social development. Theories and methods of developmental psychology will be discussed. Prerequisite: PSY 100 with a minimum grade of 'C'. No credit will be given if PSY 205 has been completed. |
| **PSY 0201** (F,S) 3 hrs. cr. **Adolescent Development**  
The course covers development from puberty to early adulthood including physical, cognitive, emotional and social development. Theories and methods of developmental psychology will be discussed. Prerequisite: PSY 100 with a minimum grade of 'C'. No credit will be given if PSY 205 has been completed. |
| **PSY 0205** (F,S) 4 hrs. cr. **Child and Adolescent Development**  
Various aspects of human development from conception, infancy, childhood, transcence to adolescence will be examined, including, physical, emotional, social and cognitive development. Emphasis is given to theoretical framework its practical implications. Cross-cultural variety will be included wherever appropriate. Prerequisites: PSY 100 with a minimum grade of 'C'. One hour credit will be given if PSY 200 or PSY 201 have been completed. |
| **PSY 0221** (F,S) 3 hrs. cr. **Personal Adjustment**  
The course addresses selected principles of adjustment, ways of coping and research of practical value. Topics include the nature and management of stress, interpersonal communication, relationship dynamics, self concept and the connection between physical and mental health. |
| **PSY 0282** (F) 3 hrs. cr. **Applied Behaviorism**  
Techniques of modifying behavior through principles developed by learning psychology. Emphasis on design and implementation of behavioral strategy in the laboratory, as well as practical settings. Prerequisite: PSY 100 with a minimum grade of 'C'. |

**PSY 0298** (Demand) 1-3 hrs. cr. **Topics in Psychology**  
Designed to give instruction in some area of Psychology not covered in other courses. Prerequisites to be determined by department. |

**PSY 0310** (F,S) 2 hrs. cr. **Educational Psychology**  
Psychological problems involved in education and the practical application of psychological principles of teaching. Special emphasis on the learner, the learning process and the learning situation. Prerequisite: PSY 100 with a minimum grade of 'C'. |

**PSY 0320** (F,S) 3 hrs. cr. **Applied Statistics for the Behavioral and Natural Sciences**  
The course includes descriptive and inferential techniques. The analysis and interpretation of data is emphasized. Prerequisites: PSY 100 with a minimum grade of 'C' (or permission) and MATH 125, 130 or 131 with a minimum grade of 'C'. |

**PSY 0325** (F) 3 hrs. cr. **Computers in the Behavioral Sciences**  
Applications of computers in behavioral sciences with an emphasis on statistical analysis, data collection and report generation. Prerequisite: PSY 320 with a minimum grade of 'C'. |

**PSY 0330** (F,S) 5 hrs. cr. **Experimental Psychology** (Writing Intensive)  
The research process is the foundation for knowledge in the field of psychology. This laboratory course stresses the acquisition of basic skills in conceiving and carrying out research, as well as analyzing results and writing reports in a professionally acceptable manner. Prerequisites or co-requisites with a minimum grade of 'C': PSY 325, ENG 101, 102 or 111. |

**PSY 0341** (F) 3 hrs. cr. **Social Psychology**  
Introduction to the scientific study of social thinking (how we view ourselves and others), social influence including conformity, persuasion and group influence and social relations (including prejudice, aggression, attraction and altruism). Prerequisite: PSY 100 with a minimum grade of 'C'. |

**PSY 0343** (S) 3 hrs. cr. **Human Sexuality**  
Surveys current research and theory related to human sexuality. Human sexual behavior and attitudes are viewed from biological, psychological, historical and cultural perspectives. Prerequisite: PSY 100 with a minimum grade of 'C'. |

**PSY 0386** (F,S) 3 hrs. cr. **Conditioning and Learning**  
Leading theories and research in the field of learning. Topics include Non-Associative Learning, Classical Conditioning, Instrumental Learning, Stimulus Control of Behavior, Punishment, Avoidance Behavior and Cognitive Processes. Prerequisite: PSY 320 with a minimum grade of 'C'. |

**PSY 0390** (F,S) 1 hr. cr. **Junior Seminar** (Writing Intensive)  
For Junior Psychology majors. Information & experiences helpful in making decisions about and preparing for careers, emphasizing preparation for either graduate school or baccalaureate level employment. Co-requisites or prerequisites with a minimum grade of 'C': PSY 320, ENG 101, 102 or 111. |
PSY 0411  (S-Odd)  3 hrs. cr.  
Sensation and Perception  
Includes classical and modern psychophysical techniques. The physiology of various sensory systems, e.g. vision and audition, are examined in order to appreciate the nature of perception. Prerequisites: PSY 100 and any Biology course with a minimum grade of ‘C’ in each.

PSY 0412  (F,S)  2 hrs. cr.  
Measurement and Evaluation in Education and Psychology  
Explores theories and problems of measurement and the assessment of learning. Contemporary and classical approaches to measuring achievement in the educational setting are examined. Prerequisite: PSY 310 with a minimum grade of ‘C’ or consent of instructor.

PSY 0415  (F)  3 hrs. cr.  
Animal Behavior  
Research in animal behavior from a phylogenetic perspective. Includes theoretical approaches, ethological methods, ethical concerns, sensory capacities, learning, cognition and social behavior of animals. Field observations and experimental research for each topic. Field trips are planned to supplement lectures and discussions. Prerequisites: PSY 100 and any Biology course with a minimum grade of ‘C’ in each.

PSY 0420  (Demand)  3 hrs. cr.  
Psychology in Film  
An advanced course in psychology examining the use of psychological concepts in feature films. Readings will accompany each film and address the significant concepts illustrated. Specific topics will vary. Prerequisites: PSY 100 with a grade of ‘C’ or better and 6 additional hours of psychology or permission from instructor.

PSY 0422  (S)  3 hrs. cr.  
Theories of Personality  
Survey of major contemporary theories of personality, issues of personality assessment and current research. Prerequisite: PSY 100 with a minimum grade of ‘C’ and junior standing.

PSY 0432  (F,S)  3 hrs. cr.  
Abnormal Psychology  
Recognition and classification of the systems of mental disorders, specifying causes and possible therapeutic techniques. Extensive use of the American Psychiatric Association’s Diagnostic and Statistical Manual of Mental Disorders. Prerequisite: PSY 100 with a minimum grade of ‘C’.

PSY 0435  (S)  3 hrs. cr.  
Clinical Psychology  
Survey of history, current methods, guild issues and future developments of clinical practice. Seminar format with considerable student participation. Prerequisites: Junior standing and 15 hours of psychology with minimum grades of ‘C’.

PSY 0442  (S-Even)  3 hrs. cr.  
Physiological Psychology  
Structure and function of the nervous system from the individual neuron to the behavior of the organism. The biological basis of movement, sleep, homeostasis, sexual behavior, emotion, learning, language and abnormal behavior will be examined from an ontogenetic and phylogenetic perspective. Prerequisites: PSY 100 and any Biology course with a minimum grade of ‘C’ in each.

PSY 0443  (F,S)  3 hrs. cr.  
Memory and Cognition  
Designed to acquaint the student with the classic and current research findings in the field of cognitive psychology. General topics include attention, working memory, long-term memory; knowledge representation and language processing. Prerequisites: Junior standing and 15 hours of Psychology with a grade of ‘C’ or above.

PSY 0481  (F,S)  3 hrs. cr.  
Senior Thesis  
Students design and conduct research projects resulting in a written thesis and an oral presentation. Prerequisites: PSY 330, ENG 101, 102 or 111 with a minimum grade of ‘C’ and Senior standing.

PSY 0498  (Demand)  1-3 hrs. cr.  
Advanced Topics in Psychology  
Designed to give advanced instruction in some area not covered in other courses. For upper division majors. Prerequisites to be determined by department.

PSY 0499 (Demand)  1-3 hrs. cr.  
Independent Study  
Course structured by adviser with approval of department head. Prerequisite: Advanced standing in major field. Registration must be approved by adviser and department head.

Faculty  Cade - Head, Cozens, Craig, Day, Edwards, Faine, Flatt, Freeman, Gallemore, Hackett, Hicklin, Overdeer, Pulliam, Robertson, V. Spencer

Mission  
The mission of the Teacher Education Department is to develop reflective educators for a global society

Vision  
The MSSU Teacher Education faculty and staff are dedicated to developing competent teachers who will incorporate into their classrooms a strong foundation of knowledge and pedagogy; a lifelong love of teaching and learning; and motivation to improve practice through reflection, self-study and professional development. It is our goal to assure that all candidates become ethical classroom practitioners, cognizant of the need to help all students meet their full learning potential.

All Teacher Education programs have been approved by the Missouri Department of Elementary and Secondary Education (DESE) and accredited by the National Council for the Accreditation of Teacher Education (NCATE).

Program Objectives  
Objectives for all programs in teacher education can be found in the Teacher Education Program Policy Handbook for Faculty and in the Teacher Education Program Policy Handbook for Students. Objectives for the student teaching program can be found in the Policy Handbook for Student Teachers, Cooperating Teachers and University Supervisors.
Teacher Education

The descriptions of the teacher education programs and the requirements that are listed for each program in teacher education in this catalog are subject to change during the period that this catalog is in use as required by external agencies. As changes are made by the State Department of Elementary and Secondary Education (DESE), legislative and regulatory bodies and accrediting agencies; candidates in the program will be alerted through the advising process. Teacher education candidates are responsible for their programs of study. They are encouraged to obtain degree plan sheets for the program they are pursuing and work closely with their advisers.

Eligibility for current certification is a requirement for graduation. Transfer students with a Missouri Associate of Arts degree will need to meet several MSSU General Education Requirements. The Assistant Teacher Certification Officer, Taylor Hall 222, must complete a transcript evaluation as the core is not automatically complete for certification.

The Teacher Education Program consists of the Teacher Education Department and Conceptual Framework Committee, the Teacher Education Council and NCATE sub-committees. The Teacher Education Department oversees all teacher education programs and is specifically responsible for the elementary education program grades 1 through 6; early childhood education program, birth through grade 3; middle school program, grades 5 through 9; special education programs, grades K through 12.

The Dean of the School of Education is the chief spokesperson for the teacher education program and in this capacity is the chief administrator responsible for the teacher education programs. The Dean serves under the direction of the President of the University and the Vice President for Academic Affairs.

The Teacher Education Program is based on a conceptual framework that defines the role of the teacher as a reflective decision maker. In this role, the teacher must make decisions about pedagogical design and lesson design. Our conceptual framework creates teachers who can think critically, formulate decisions related to the multiple roles of teaching for its successful achievement and develops reflective educators for a global society. An extension of the role of the teacher as a reflective decision maker includes the teacher as a practitioner, lifelong learner, researcher, provider of service and change agent.

Central to the preparation for teaching is the conceptual framework, composed of professional knowledge, skills and dispositions that have been gathered from research, reported effective practices, from learned societies in such areas as human growth and development, learning theory, assessment, cultural diversity and special needs, curriculum content, psychological, sociological, historical and philosophical foundations, principles of effective instruction and school effectiveness.

The Professional Dispositions recognized by the MSSU Teacher Education Department consist of the following four areas: Disposition Toward Self, Disposition Toward Others, Perception of Purpose and Frame of Reference.

In order to be an effective educational decision maker, the teacher must possess certain knowledge, cognitive abilities and pedagogical skills. These are included in the following 9 standards:

1. The teacher candidate understands the central concepts, structures, and tools of inquiry of the discipline(s) and creates learning experiences that make these aspects of subject matter meaningful for students.
2. The teacher candidate understands how students learn, develop, and differ in their approaches to learning. The teacher candidate provides learning opportunities that are adapted to diverse learners and support the intellectual, social, and personal development of all students.
3. The teacher candidate recognizes the importance of long-range planning and curriculum development. The teacher candidate develops, implements, and evaluates curriculum based on standards and student needs.
4. The teacher candidate uses a variety of instructional strategies to encourage students’ critical thinking, problem solving, and performance skills including instructional resources.
5. The teacher candidate uses an understanding of individual and group motivation and behavior to create a learning environment that encourages positive active engagement in learning, positive social interaction, and self-motivation.
6. The teacher candidate models effective verbal, nonverbal and media communication techniques with students and parents to foster active inquiry, collaboration, and supportive interaction in the classroom.
7. The teacher candidate understands and uses formative and summative assessment strategies to assess the learner’s progress, uses assessment data to plan ongoing instruction, monitors the performance of each student, and devises instruction to enable students to grow and develop.
8. The teacher candidate is a reflective practitioner who continually assesses the effects of choices and actions on others. The teacher actively seeks out opportunities to grow professionally in order to improve learning for all students.
9. The teacher candidate has effective working relationships with students, parents, school colleagues, and community members.

Admission to the Teacher Education Program

After the candidate declares a major in teacher education, two levels of admission to the Teacher Education Program exist.

The first level is application for tentative formal admission, which may be after the candidate has declared a teacher education major and successfully completed 55 semester hours of prescribed course work. See the Department of Teacher Education for application deadlines for fall and spring semester.

Students must have tentative formal admittance before courses can be taken in professional education. Courses with an EDUC prefix cannot be taken until the Junior Block (EDUC 321, 329, & 423) has been completed. EXCEPTIONS: EDUC 100, EDUC 280, and EDUC 302 or 304, should be taken prior to the Junior Block. EDUC 301 must be taken before or concurrently with the Junior Block. EDUC 316, EDUC 323, EDUC 340, EDUC 348, EDUC 422 and EDUC 430 may be taken concurrently with the Junior Block classes.

Qualifications for tentative formal admission include the following:

1. Submit a completed application that is signed by the candidate’s adviser.
2. Have a cumulative GPA of 2.75 in all course work. All candidates in education must maintain a cumulative GPA of 2.5 in their teaching areas, e.g., art, mathematics, elementary education, etc. Additional department/content requirements may apply.
3. Pass all sections of the Missouri C-Base Test with a minimum score of 235. (This test is not required of post baccalaureates.)
4. Have a composite ACT enhanced score of 20 (for candidates with an SAT score see the department of Advising, Counseling and Testing Services for conversion).
5. Applicants who have been convicted of a misdemeanor or felony, including a suspended imposition of sentence (SIS) must identify themselves by so indicating on the application for admission form. Upon identification the candidate will need to make certain documents and information available to the Admissions and Retention Committee of the Teacher Education Program, i.e., conviction status, probation information, and recommendations from court and public officials associated with the conviction. This process must be repeated when application is made for student teaching. There is a process that must be followed before consideration is given for certification in the State of Missouri. Failure to identify oneself will cause the candidate to be immediately removed from the program.

6. Submit a faculty recommendation form completed by an MSSU faculty member.

When candidates attain these qualifications, they will receive tentative formal admission to the Teacher Education Program and subsequent notification.

The second level is formal admission, which is granted after the candidate successfully completes the eight credit hour Junior Block: EDUC 321, Microteaching; EDUC 329, Pedagogical Theory, Methods and Practices; and EDUC 423, Classroom Management. The candidate must be recommended by the instructors of these courses.

In addition to successful completion of the Junior Block, candidates must complete the required disposition assessment. This assessment, taken during the junior block semester is required for formal admission to the program.

The candidate must maintain a cumulative GPA of 2.75. If at any point in the program a candidate’s GPA drops below accepted levels, the candidate will be dismissed from the teacher education program.

Grades below a ‘C’ in professional education courses will not be accepted for the degree requirements in teacher education. Candidates seeking certification in elementary education, middle school education, secondary education, special education and early childhood education must have a grade of ‘C’ or better in each of the courses in these certification areas.

The following list are courses at MSSU that must have a grade no lower than a ‘C’. The Department of Elementary and Secondary Education (DESE) classifies these courses under professional requirements as foundations of teaching, teaching methods, elementary school courses and clinical experiences.

A) ALL “EDUC” prefix classes

B) Psychology classes:
- PSY 100 General Psychology
- PSY 200 Child Development
- PSY 201 Adolescent Development
- PSY 205 Child/Adolescent Development
- PSY 310 Educational Psychology
- PSY 412 Measurement & Evaluation

C) Elementary Education Requirements:
- GEOG 101 OR GEOG 211 3
- ECON 180 American Economic System 3
- MATH 119 Math Elementary Teacher I 3
- MATH 120 Math Elementary Teacher II 3
- ENG 325 Children’s Literature 3
- ART 220 Art Education 2
- MUS 332 Music for Elementary School 2
- KINE 311 PE for Elementary School 2
- KINE 370 School Health 3

Candidates qualifying for formal admission to the program will be notified in writing. The date of formal admission will be entered on the candidate’s record by the Registrar. Candidates who have not met the criteria will also be notified and corrective measures suggested.

Admission to Student Teaching

After completion of EDUC 329, Pedagogical Theory, Methods and Practices, but before the professional semester, candidates in early childhood education, elementary education, middle school education and special education take approximately 26 or more hours of work in professional education and in a teaching specialty. During this time, the candidate must maintain a cumulative GPA of 2.75 or better and a GPA of 2.5 or better in the teaching specialty.

The candidate must earn a ‘C’ or better in all professional education courses and must retake courses in which a grade lower than ‘C’ is earned. Additional department/content requirements may apply. The candidate is expected to maintain those personal and professional requirements that were met as part of the admission requirements to teacher education. Requirements that must be met prior to admission to student teaching are:

1. Be fully admitted to the teacher education program.
2. Have a cumulative GPA of 2.75.
3. Have all previous course work completed at the time of student teaching.
4. Have a completed application for student teaching on file at least one semester prior to the student teaching semester.
5. Have a grade of ‘C’ or better in each professional education course.
6. Have an approved typewritten autobiography on file. The autobiography must consist of two or more paragraphs.
7. Submit portfolio for initial assessment by assigned teacher education adviser.
8. Show proof of liability coverage as required by the Department of Teacher Education.
9. Background check verification from the approved agency or a current substitute certificate.

The student teaching program is designed for candidates who have met all of the requirements for student teaching at Missouri Southern State University.

Attendance is required at a student teaching orientation the semester prior to student teaching. This orientation is held the second week of the semester. Attendance is also required at student teaching seminars. These seminars are held during the student teaching semester.

Note: In accordance with Mo. Rev. Stat. 168.400 (2005) and Mo. Code Regs. 5 CSR 80-805.40. Alternative clinical practice in lieu of conventional student teaching. Candidates must see the Teacher Education Certification Officer for eligibility requirements. All other university and departmental requirements for graduation still apply.

Graduation Requirements

In order to graduate from the Teacher Education Program, the candidate must successfully complete the following exit requirements, in addition to all other academic requirements of the University:

1. Demonstrate mastery of pedagogical knowledge and skills included in the 9 standards which are required of all teacher education students.
2. Submit a portfolio of the candidate’s work in the teacher education program for faculty assessment.
3. Have a cumulative GPA of 2.75 or higher.
4. Have a cumulative GPA of 2.5 or higher in the teaching specialty area. Additional department/content requirements may apply.
5. Pass the Teaching Specialty Exam, currently the ETS PRAXIS II Series.
6. Successfully complete student teaching requirements.
7. Complete the exit interview.
8. Clear the state required background check.

Advisement
Advisers will be assigned to candidates following admission to the University. For those without advisers, freshmen with declared majors in teacher education will have an advisor assigned as part of EDUC 100, Introduction to Teacher Education I and sophomores declaring a major in teacher education will be assigned advisers in EDUC 280, Foundations of Education in a Global Society. All secondary teacher education majors will have advisers in their teaching specialty area, due to the many specific course requirements and entrance and exit requirements for teacher education. Effective academic advisement is a partnership, with advisees taking responsibility for course work and degree completion.

Post-graduates holding Missouri certificates must have the Missouri State Department of Elementary and Secondary Education (DESE) evaluate their transcripts and make recommendations for course work that will lead to certification. After a plan sheet is received by the candidate, the requirements specified by DESE may be translated into MSSU courses by the Assistant Certification Officer in the Office of the Dean.

All students who enter Missouri Southern as a freshman teacher education candidates are strongly recommended to take EDUC 100, Introduction to Teacher Education I, during their freshman year.

Psychology Requirements
All teacher education majors must take PSY 310 Educational Psychology.

Elementary education candidates (grades 1 through 6) and early childhood education candidates (birth through grade 3) must take PSY 100 General Psychology and PSY 200 Child Development.

Middle school education candidates (grades 5 through 9), must take PSY 100 General Psychology and PSY 205 Child/Adolescent Development.

K-12 candidates, including special education candidates (grades K through 12), music education candidates (grades K through 12), art education candidates (grades K through 12), physical education candidates (grades K through 12) and foreign language education candidates (grades K through 12) must take PSY 100 General Psychology and PSY 205 Child/Adolescent Development.

Secondary education candidates in business education, English education, mathematics education, social studies education, speech/theatre education, categorical science or unified science education must take PSY 100 General Psychology and PSY 201 Adolescent Development.

Certification
Candidates majoring in elementary education, elementary education/early childhood education, early childhood education/special education, middle school education, secondary education or K-12 education, who successfully complete the requirements for this degree will be recommended for the Initial Professional Certificate (IPC). This is a probationary certificate that is granted for four years. Additional certification is granted by the Missouri Department of Elementary and Secondary Education. Candidates with degrees from MSSU or another institution who wish to be certified in the State of Missouri must meet all of the requirements that are set forth in this catalog for the BSE degree. All programs are designed to exceed minimal requirements for certification. Programs of study and courses required may be obtained through the Assistant Certification Officer and in the Teacher Education Department.

Exceptions to the General Education Requirements:
Elementary education majors must complete GEOL 210/212.

Physical Education Requirements
All teacher education candidates must meet the General Education Requirements with the exception of elementary education, early childhood education or special education candidates. These candidates are not required to take KINE 103 Lifetime Wellness. In place of this course, these teacher education candidates are required to take KINE 370, School Health Education and KINE 311, Physical Education for the Elementary School.

Bachelor of Science in Education (BSE) - Elementary Education
Area of Concentration
Candidates who elect elementary education (grades 1 through 6) as their teaching area must complete an area of concentration consisting of a minimum of 21 hours. This requirement may be met in one of two ways as follows:

Option 1: A collection of 21 hours of approved courses in an area of study, including art, English/language arts, mathematics, music, science, social studies, speech/theatre or other approved areas in which the state of Missouri offers certification.

Option 2: An added certification in an area of study, such as early childhood education (birth-grade 3), special education (K-12). A course of study for these certificates is available in the Teacher Education Department Office. The elementary professional education sequence (1-6) must be followed along with the selected area of the added certificate.

1-6 Elementary Professional Education (Option 1)

Bachelor of Science in Education - Secondary Education or K-12

The curriculum for secondary education is a joint effort of each department supporting a teaching specialty area and the Teacher Education Department.

The candidate who desires to teach in a secondary school may choose to become qualified in a single teaching field with a high degree of specialization. Specialties available for secondary and K-12 school teaching are:

1. Art K-12
2. Biology 9-12
3. Business Education 9-12
4. Chemistry 9-12
5. English 9-12
6. French K-12
7. German K-12
8. Industrial Technology 9-12
9. Mathematics 9-12
10. Music K-12 (Vocal and/or Instrumental)
11. Physical Education K-12
12. Physics 9-12
13. Social Sciences 9-12 (with emphasis in History, Political Science or Sociology)
14. Spanish K-12
15. Speech/Theatre 9-12
16. Unified Science 9-12 (with emphasis in Biology, Chemistry or Physics)

For content area requirements please see the respective degree program in catalog.

Plan A: (Double Teaching Field)

Plan A is intended for those who desire to qualify as teachers in two different secondary content areas. Plan A is not available in all specialty areas. Please see your department/content area for advisement. Each area requires a minimum of 30 semester hours of specific course work which must meet Missouri State Department of Elementary and Secondary Education requirements.

Plan B: (Single Teaching Field)

Plan B is intended for persons who wish to concentrate teacher preparation in one subject matter area only. Forty or more semester hours are required in the subject matter area or related supporting courses listed in this catalog by department.

The Teaching Specialty for Secondary Education K-12/9-12

Candidates in secondary education must meet the same General Education Requirements as all MSSU students. Depending on the teaching specialty, these candidates will differ in the order in which they take the General Education Requirements. Each specialty area has a sequence of courses for the teaching specialty. Candidates should refer to the catalog under the teaching specialty.

</tbody>
</table>
**EDUC 0321**  (F,S)  2 hrs. cr.
**Microteaching**
A required part of Education 329. Short teaching episodes are prepared, taught and analyzed via video-tape. The basic concern is with the demonstration of effective teaching skills as enumerated in the outline. Must be taken concurrently with EDUC 329 and EDUC 423. Tentative admission to Teacher Education.

**EDUC 0322**  (F,S,Demand)  3 hrs. cr.
**Teaching Social Studies in Elementary and Middle School**
An introduction to the instructional materials and methods of teaching social studies in the elementary and middle school. Prerequisite: Junior Block.

**EDUC 0323**  (S)  3 hrs. cr.
**Building Family and Community Relationships**
To acquaint the teacher candidate with (1) the complex characteristics and concerns of children's families and their communities; (2) ways to support, empower and link families with key community resources appropriate for specific purposes; (3) strategies to involve families and communities in their children's development and learning through respectful, reciprocal relationships. Lecture, field trips and field experiences. Prerequisite: Junior standing or instructor permission.

**EDUC 0329**  (F,S)  4 hrs. cr.
**Pedagogical Theory, Methods and Practices**
Examines the theoretical basis for the decision making model of the teacher education program. Provides the methodological basis for making pedagogical decisions concerning lesson design, identification of learning styles and assessment techniques. Microteaching provides an opportunity to practice methods and techniques for teaching. Thirty-two hours of junior internship in the elementary, middle and secondary school classroom provides an opportunity to refine theory into practical applications. Must be taken concurrently with EDUC 321 and EDUC 423. Tentative admission into Teacher Education. Prerequisite: EDUC 280.

**EDUC 0330**  (S,Demand)  3 hrs. cr.
**Industrial Technology Methods**
This is a required teacher education course, which is an introduction to the instructional planning, materials, philosophy, rationale and methods of teaching Industrial Technology. Prerequisite(s): Recommend concurrent enrollment with Junior Block. Must be taken prior to professional education semester.

**EDUC 0332**  (F,S)  3 hrs. cr.
**Teaching English and Language Arts in Secondary School**
Provides an introduction to the instructional materials and methods of teaching English and language arts in the Secondary School. Prerequisite(s): Recommend concurrent enrollment with Junior Block. Must be taken prior to professional education semester.

**EDUC 0333**  (F)  3 hrs. cr.
**Teaching Science in Secondary School**
An introduction to the instructional materials and methods of teaching science. Prerequisite(s): Recommend concurrent enrollment with Junior Block. Must be taken prior to professional education semester.

**EDUC 0334**  (S)  2 hrs. cr.
**Teaching Social Science in Secondary School**
A required education course which is an introduction to the instructional planning, materials, philosophy, rationale and methods of teaching Social Studies. Prerequisite(s): Recommend concurrent enrollment with Junior Block. Must be taken prior to professional education semester.

**EDUC 0335**  (S)  2 hrs. cr.
**Teaching Music in Secondary School**
An introduction to the instructional planning, materials and methods of teaching music. Prerequisite(s): Recommend concurrent enrollment with Junior Block. Must be taken prior to professional education semester.

**EDUC 0336**  (S)  2 hrs. cr.
**Teaching Business in Secondary School**
An introduction to the instructional planning, materials and methods of teaching business. Prerequisite(s): Recommend concurrent enrollment with Junior Block. Must be taken prior to professional education semester.

**EDUC 0337**  (S)  2 hrs. cr.
**Teaching Art in Secondary School**
An introduction to the instructional planning, materials and methods of teaching art. Prerequisite(s): Recommend concurrent enrollment with Junior Block. Must be taken prior to professional education semester.

**EDUC 0339**  (F)  3 hrs. cr.
**Teaching Mathematics in Secondary School**
An introduction to the instructional planning, materials and methods of teaching mathematics. Includes brief survey of the history of algebra and trigonometry. Prerequisite(s): Recommend concurrent enrollment with Junior Block. Must be taken prior to professional education semester.

**EDUC 0340**  (F,S,Demand)  2 hrs. cr.
**Language Arts**
A foundations course for the development of understanding the attitudes necessary to teach written and oral communication at the elementary and middle school level. Must be taken concurrently with Junior Block.

**EDUC 0342**  (F,S,Demand)  3 hrs. cr.
**Developmental Reading: Elementary**
Explore, study and apply a variety of reading strategies that provide understanding of effective, current text-based and experience-based teaching practices; review and compile information from journals/literature which includes research, ideas, trends, methods and experiences relevant to developmental reading; evaluate various reading approaches and programs; construct reading enrichment materials; and develop an attitude that will positively affect the self-concept of children with diverse learning styles, abilities, backgrounds and attitudes as they learn to read. Includes practicum. Prerequisite: Junior Block.

**EDUC 0343**  (F,S,Demand)  3 hrs. cr.
**Content Area Literacy: Middle School**  (Writing Intensive)
Expand and extend the knowledge base acquired from Introduction to Developmental Reading; explore, study, apply and assimilate new learning about effective reading/study-skill strategies appropriate to the development and needs of the middle-school population; design and construct enrichment materials to enhance reading in the content areas; develop knowledge on assessing middle-school students' needs, plan instruction based on those needs and select appropriate and effective reading/study-skills instruction...
strategies; and focus on the importance of recreational reading as a lifetime habit. Includes practicum. Prerequisite: EDUC 342, taken concurrently with EDUC 470.

EDUC 0344 (S,Demand) 2 hrs. cr. Teaching Speech and Theatre in Secondary School Techniques, methods and course content used in teaching speech and theatre. Prerequisite(s): Recommend concurrent enrollment with Junior Block. Must be taken prior to professional education semester.

EDUC 0345 (F) 2 hrs. cr. Teaching Foreign Language in PK-12 An introduction to the instructional materials and the methodology used in the teaching of foreign languages in PK-12. Prerequisite(s): Recommend concurrent enrollment with Junior Block. Must be taken prior to professional education semester.

EDUC 0348 (S) 2 hrs. cr. Transition Services A coordinated set of activities for a student designed within an out-coming oriented process that promotes movement from school to post-school activities, including post-secondary education, vocational training, integrated employment, continuing and adult education, adult services, independent living or community participation. Study of coordinated activities, including instruction, community experiences, employment and other post school adult living objectives. Prerequisite: EDUC 304. May be taken concurrently with or after the Junior Block.

EDUC 0380 (F,Demand) 3 hrs. cr. Theories of Teaching English as a Second Language An introduction to the fundamental concepts and processes of first and second language acquisition. A systematic overview of factors that affect an individual’s ability to acquire a new language both during childhood and later in life. Special emphasis is on acquiring English as a second language in instructed settings. (May be taken concurrently with or after Junior Block).

EDUC 0381 (S,Demand) 3 hrs. cr. Teaching in a Multicultural Society The foundations of multicultural education along with approaches to multicultural education and teaching strategies applicable to all ages, grades and subjects. (May be taken concurrently with or after Junior Block).

EDUC 0385 (Demand) 3 hrs. cr. Introduction to Teaching English to Speakers of Other Languages (TESOL) This course is an overview of what Teaching English to Speakers of Other Languages (TESOL) entails. It is divided into five components: a. Methods and resources for teaching English as a second/foreign language, b. Language acquisition development, c. The structure of the English language, d. Assessing language learning and e. The role of culture in learning a second/foreign language. Prerequisite: Junior status or course instructor’s permission.

EDUC 0387 (S,Demand) 3 hrs. cr. Grammar for Pedagogical Purposes A systematic overview of the elements of the English language. Focus on grammatical analysis and the approaches to English grammar that are particularly relevant for language educators. Linguistic analysis of academic tasks for making sound pedagogical decisions and scaffolding instruction. Prerequisite: Junior status.

EDUC 0402 (F,S) 2 hrs. cr. Historical and Philosophical Perspectives in Education (Writing Intensive) Analysis of the historical, philosophical, political and sociological aspects of education and their impact on professional educators today. Emphasis is on the development of the American education system from the colonial period and the acquisition of educational belief systems. Prerequisite: Recommend concurrent enrollment with Junior Block. Must be taken prior to the professional education semester.

EDUC 0403 (Demand) 3 hrs. cr. Methods of Teaching Students with Mental Handicaps Designed to help the prospective or in-service teacher understand mental retardation and how to work effectively with students with mental retardation. Includes appropriate curriculum, individualized program development and teaching strategies. Prerequisite: EDUC 304 & Junior Block.

EDUC 0404 (Demand) 3 hrs. cr. Methods of Teaching Students with Learning Disabilities Designed for the prospective or in-service teacher of students with learning disabilities: diagnosis, evaluation, programming, instructional approaches, instructional strategies and materials. Prerequisite: EDUC 304 and Junior Block.

EDUC 0405 (Demand) 3 hrs. cr. Methods of Teaching Students with Behavior Disorders Establishes a teaching rationale utilizing an individualized teaching strategy which enables the student with severe emotional disturbance to profit more fully from school experiences. Prerequisite: EDUC 304 and Junior Block.

EDUC 0407 (Su) 2 hrs. cr. Overcoming Math Anxiety Designed to help students overcome their personal mathematics anxiety, this course will also teach students how to stop the math anxiety cycle for their prospective elementary school students. Using a variety of intervention strategies and instruction in elementary education mathematics and mathematics education pedagogy, the course will enable students to help reduce, prevent and eliminate fear and avoidance of mathematics in future generations of students. Prerequisite: MATH 111 or MATH 119.

EDUC 0408 (F,Demand) 4 hrs. cr. Assessment and Practicum in Early Childhood An in-depth study of standardized early childhood screening instruments, informal observation techniques and current assessment strategies will be provided along with supervised administration, scoring and interpretation of standardized screening instruments. Course requires three hours of lecture and two clock-hours of practicum per week to practice systematic informal observation techniques and administer screening instruments, culminating in a written case study report. Prerequisites: EDUC 316, EDUC 318 and EDUC 319 or instructor permission.

EDUC 0410 (S,Demand) 3 hrs. cr. Teaching in the Mild/Moderate: Cross-Categorical Classroom: K-12 A methods course designed to give students numerous examples of curricular and instructional methodologies in the teaching of elementary and secondary students with mild disabilities in cross-categorical classrooms. Methodologies for students with learning disabilities, mental handicaps, behavior disorders, physical disabilities and other health impairments are discussed. Prerequisite: EDUC 304 and Junior Block.
EDUC 0412  (F,S,Demand)  2 hrs. cr.
Middle School Philosophy Organization, and Curriculum
Effective teaching and learning strategies for the Middle School and Junior High students, including comprehension of the developmental and academic needs of students. Designed for teacher education majors seeking middle school certification (Grades 5-9) and for others interested in upper elementary grades and curriculum and instruction. A 10 clock hour practicum is included. Prerequisite: Junior Block.

EDUC 0413  (F,S,Demand)  2 hrs. cr.
Methods of Teaching Students in the Middle Grades  (Writing Intensive)
Exploration of middle school developmentally appropriate instructional planning, materials, evaluation and reporting of pupil progress. Student communication and personal development are stressed through exploratory programs and the balance of teaching and learning styles. Inquiry, problem solving and discovery methods used to show the importance of content knowledge and its application to decision making. Emphasis on the importance of interdisciplinary units of instruction to acculturate students. Designed for teacher education majors seeking middle school certification (Grades 5-9) and for others interested in upper elementary grades and curriculum and instruction. A 10 clock hour practicum is included. Prerequisite: Junior Block, EDUC 412 or recommended to be taken concurrently. Must be taken prior to professional education semester.

EDUC 0420  (F,S)  3 hrs. cr.
Introduction to Counseling  (Writing Intensive)
Survey course exploring the role and function of counseling, including theories, techniques, legal issues, ethical issues, diversity and current issues and trends. Designed as an overview for the classroom teacher and the special educator for use with students and parents: Prerequisite. EDUC 302 or 304. Must be taken prior to or concurrently with the Junior Block.

EDUC 0422  (F,S,Demand)  2 hrs. cr.
Content Area Literacy: Secondary  (Writing Intensive)
Secondary education majors explore, study and apply a variety of research-based and classroom-tested teaching/learning strategies designed to enhance and extend teaching in their content areas; develop and design materials that integrate reading, writing and conversation into their content areas; identify and modify critical thinking strategies relevant to their content areas; compile and understand effective reading/study skills components appropriate for secondary students; compare their philosophy of reading; and review assessment techniques relevant to reading in the secondary school. Prerequisite(s): Recommend concurrent enrollment with Junior Block. Must be taken prior to professional education semester.

EDUC 0423  (F,S)  2 hrs. cr.
Classroom Management
Classroom Management teaches an understanding of individual and group motivation and behavior to create a learning environment that encourages active engagement in learning, positive social interaction, and self-motivation. Current theory will be investigated to devise strategies for a proactive approach to managing student behavior, immediate responses to classroom situations, and long-term maintenance of a positive learning environment. To be taken concurrently with EDUC 329 and EDUC 321.

EDUC 0430  (F)  3 hrs. cr.
Language Development for Exceptional Children
Required for certification in special education. Basic structures of language, normal sequence of language acquisition and characteristics of language disabilities. Strategies suggested for both assessing and remediation language delays or disorders. Prerequisite: EDUC 304. May be taken concurrently with Junior Block.

EDUC 0432  (F,S)  2 hrs. cr.
Critical Issues in Education
This course will concentrate on the exploration of current school problems with special regard to the following three categories: Law and Ethical Issues related to jurisprudence, legislation, and values; Classroom Management including dispositions for teachers and relationships with administration, pupils, parents, and the community; and Differentiation of Instruction to manage behavior and to accommodate the needs of learners in twenty-first century classrooms. The course includes field-based work and is part of the student teaching semester. Part of Professional Semester.

EDUC 0440  (F)  1 hr. cr.
International Student Teaching Seminar I
Offered to students selected to participate in the International Student Teaching Program. One credit hour of course work will be completed during the Fall Semester and one credit hour of course work will be completed during the Spring Semester. Class discussion will focus on the (given) culture, the applicable educational systems as they relate to the development of the American educational system and current educational trends in both countries. Specifically, the history, structure and pedagogical practices of both countries will be examined in a comparative education format. Specific travel requirements such as passports, insurance and cultural adaptation will be addressed. The culminating activity is the successful completion of student teaching abroad. Prerequisite: Enrollment is limited to selected program participants.

EDUC 0441  (S)  1 hr. cr.
International Student Teaching Seminar II
Offered to students selected to participate in the International Student Teaching Program. One credit hour of course work will be completed during the Fall Semester and one credit hour of course work will be completed during the Spring Semester. Class discussion will focus on the (given) culture, the applicable educational systems as they relate to the development of the American educational system and current educational trends in both countries. Specifically, the history, structure and pedagogical practices of both countries will be examined in a comparative education format. Specific travel requirements such as passports, insurance and cultural adaptation will be addressed. The culminating activity is the successful completion of student teaching abroad. Prerequisite: Enrollment is limited to selected program participants.

EDUC 0442  (F,S)  10 hrs. cr.
Student Teaching - Elementary
Supervised participation on the elementary level in an assigned off-campus school site. The elementary student teaching experience requires the student teacher to demonstrate his/her ability to be an entry-level, effective decision making teacher. Arrangements for placement are to be made in the semester preceding the actual student teaching block. Prerequisites: Please see Requirements for Admission to Student Teaching.

EDUC 0444  (F,S)  10 hrs. cr.
Student Teaching - Special Education
Supervised teaching in a special education setting in an assigned off-campus site. Course assignments require students to demonstrate their ability to be entry-level effective decision making teachers. Arrangements for placement are to be made in the semester preceding the actual student teaching block. The student will be required to divide the experience into two equal segments - elementary and secondary. Assignment to the sites is determined by the special education practicum assignment. Prerequisites: Please see Requirements for Admission to Student Teaching.
EDUC 0446  (F)  2 hrs. cr.
Practicum in Special Education
Clinical experience in special education settings with students who have mild/moderate disabilities. This experience will occur in one of the following classroom settings: cross-categorical, learning disabled, mentally handicapped or behavior disordered. Includes both time in special education classes and on-campus seminar sessions. Prerequisites: EDUC 304 and 3 credit hours of special education methods.

EDUC 0452  (F,S)  10 hrs. cr.
Student Teaching - Middle School
Supervised teaching on the middle school level in an assigned off-campus school site. The middle school teaching experience requires the student teacher to demonstrate his/her ability to be an entry-level, effective decision making teacher. Arrangements for placement are to be made in the semester preceding the actual student teaching block. Prerequisites: Please see Requirements for Admission to Student Teaching.

EDUC 0462  (F,S)  10 hrs. cr.
Student Teaching - Secondary
Supervised teaching on the secondary level in an assigned off-campus school site. The secondary school teaching experience requires the student teacher to demonstrate his/her ability to be an entry-level, effective decision making teacher. Arrangements for placements are to be made in the semester preceding the actual student teaching block. Prerequisites: Please see Requirements for Admission to Student Teaching.

EDUC 0464  (F,S)  10 hrs. cr.
Student Teaching - (K-12)
Supervised teaching on the secondary and elementary levels in assigned off-campus school sites. The PK-12 teaching experience requires the student teacher to demonstrate his/her ability to be an entry-level, effective decision making teacher. The student will be required to divide the experience into two equal segments - elementary and secondary. Arrangements for placements are to be made in the semester preceding the actual student teaching block. Prerequisites: Please see Requirements for Admission to Student Teaching.

EDUC 0470  (F,S,Demand)  3 hrs. cr.
Diagnostic & Remedial Reading
Prepares the beginning remedial reading teacher and the regular classroom teacher to deal with remedial reading problems. Emphasis on diagnosing strengths and weaknesses in a student's reading as well as tutoring experience that provides developmentally appropriate instruction. Class requires administering informal assessments and reporting test results, student instruction and recommendations for future instruction. Prerequisites: EDUC 342, taken concurrently with EDUC 343.

EDUC 0471  (Demand)  3 hrs. cr.
Practicum in Diagnosis of Reading Difficulties
Practice in administering, interpreting and reporting diagnostic test results of reading assessments. Emphasis on developmentally appropriate instruction based on testing results. Requires working with a reading disabled student and may involve off campus travel. Prerequisites: EDUC 342 or EDUC 422, EDUC 343, EDUC 474. May be taken concurrently with EDUC 470.

EDUC 0474  (F)  3 hrs. cr.
Educational-Psychological Testing in Special Education
Comprehensive study of the various psycho-educational assessment techniques for diagnosis of learning problems of exceptional children, including educational, intelligence and psychomotor. Emphasis on translating assessment data to remedial programs. Prerequisites: EDUC 304, PSY 310 and Junior Block.

EDUC 0480  (Su,Demand)  3 hrs. cr.
Methods & Techniques for TESOL
Current program designs for teaching English language learners with a focus on English as a second language and sheltered immersion. Recent methodologies in language teaching, such as task-based and content-based instruction. Effective techniques for developing language skills, curriculum development, lesson planning, needs and task analysis. (May be taken concurrently with or after Junior Block).

EDUC 0481  (F,S,Demand)  3 hrs. cr.
Material Development and Assessment for TESOL
Considerations for evaluating, selecting and adapting materials for the development of reading, writing, listening and speaking skills. The use of a variety of assessment methodologies to guide instruction and practice, evaluate language proficiency and measure learner progress, especially in the context of content-based English language instruction. Prerequisite: Junior Block.

EDUC 0482  (F,S,Demand)  3 hrs. cr.
Practicum for Teaching English to Speakers of Other Languages
The application of TESOL coursework supervised by the TESOL faculty. Training in the sheltered instruction observation protocol (SIOP) with particular attention given to implementing language objectives. Supervised practical classroom experience. Prerequisites: EDUC 380, EDUC 381, EDUC 480 and EDUC 481 and Junior Block.

EDUC 0483  (Demand)  2 hrs. cr.
Comparative Education and Cultures
One credit hour of course work will be completed on campus prior to and following the field experience. Class lectures will focus on the culture and educational systems of designated countries as they relate to the development of the American education system and current educational trends in the various applicable cultures. One additional credit hour of the course will be gained from the field experience component. Travel in cultures studied will include visits in schools with interviews arranged to meet the certification profile of class participants.

EDUC 0484  (Demand)  1-2 hrs. cr.
Seminar in Science Education
This course is designed to explore science and science education related to topics not currently in the required teacher education curriculum. Offerings will vary by term to meet the needs of students and availability of faculty. Prerequisite: Completion of Junior Block and permission of instructor.

EDUC 0498  (Demand)  1-3 hrs. cr.
Seminar in Problems of Education
A weekly seminar for upper division majors. Credit hours determined by the department each semester. Covers specialized knowledge and/or current research in the discipline. Topics vary by semester and situation. Prerequisites: Advanced standing and consent of department head.
EDUC 0499  (Demand)  1-3 hrs. cr.
Independent Study
Structured by the adviser with approval of department head. Prerequisites: Advanced standing in the major field and approval of adviser and department head.

The Child Development Center (CDC) serves as the child care center for children of students, faculty, staff and alumni. The CDC has been in operation since 1986. It is licensed by the Missouri Department of Health and Senior Services to care for children from six weeks through five years old. The CDC has been accredited by Missouri Accreditation since 1996. The center is also utilized by students in various departments for child observation, research and practicum experiences. The Child Development Center is committed to providing high quality care and early education in a safe, nurturing and supportive environment for optimal growth and development of the children enrolled.

- Process Improvement

Mission
The mission of the School of Health Sciences, Public Safety and Technology is to develop high quality, well-educated students with degrees and certificates in professional fields such as criminal justice, computer information science, engineering and health care. This specialized education is supported by a liberal arts and global perspectives curriculum that also includes experiential learning opportunities. The school is committed to the advancement of discipline-specific knowledge, improvement of society and service to all its stakeholders.

Role
The School of Health Sciences, Public Safety and Technology is one of the four major instructional entities of Missouri Southern. As such, it offers quality instruction by and under the leadership of professional educators who also have the advantage of actual work experience in business, industry, health care and government. Instruction is further enhanced by the utilization of qualified individuals from business and professionals in the community as guest lecturers and part-time instructors.

Courses offered by individual departments within the School of Health Sciences, Public Safety and Technology are specifically career oriented toward a specialized field. The faculty in these departments recognize the necessity of providing an understanding of the relationships between careers and society; therefore, courses from the fine arts, humanities and natural sciences, as well as courses to refine a student’s ability to read, write, speak and think are a required part of each department’s curriculum. As a result, the students majoring in the various curricula in the School of Health Sciences, Public Safety and Technology are integral parts of the entire student body.

All courses offered in the School of Health Sciences, Public Safety and Technology are designed to provide students with the experience, skills or expertise that enable them to enter their professional field and meet requirements imposed by any certifying and licensing examination that may be required.

The School of Health Sciences, Public Safety and Technology also recognizes that in many respects the community is also a classroom. Therefore, a number of curricula include courses that are offered by other educational agencies. In some courses, area facilities are used as laboratory resources with students utilizing them under the direct supervision of regular university instructional personnel.

The School of Health Sciences, Public Safety and Technology offers curricula leading to a Master of Science, Bachelor of Science and Associate of Science degrees as well as certificates. Programs of shorter duration required for licensure or certification also are offered, often in conjunction with the Division of Lifelong Learning. Numerous courses and workshops are offered to meet specific and often rapidly emerging demands of business, industry and public services.

All departments work closely with advisory boards composed of professionals from area business, industry, government and health care. The advisory board assists the faculty of the various departments in maintaining relevancy of curriculum content and identifying special needs that can be addressed through continuing education programs.
Goals
The goals of the School of Health Sciences, Public Safety and Technology are:

1. To provide opportunities for students to prepare for a broad range of established and emerging careers;
2. To maintain and develop curricula which provide the opportunity for students to obtain the background in liberal arts and sciences so they may appreciate their heritage and contemporary society to become a contributing member of their society;
3. To provide programs in the most cost effective method possible, that are cognizant of contemporary requirements of career fields and which provide best available preparation for emerging requirements;
4. To provide opportunities and encouragement for faculty and staff to remain current and conduct research in their respective disciplines;
5. To provide instructional facilities and equipment essential to the maintenance of academically excellent instruction;
6. To provide a variety of supportive functions that serve a variety of area needs;
7. To offer quality programs and in areas where required, maintain program content necessary for special accreditation;
8. To offer a variety of continuing education programs to meet special needs and demands;
9. To encourage faculty to provide consultation services and otherwise serve as resources for the area;
10. To advise people, including students and potential students, regarding knowledge, skills and abilities required to enter and succeed in various career fields;
11. To assist faculty to meet and maintain eligibility for special certification required in numerous programs.

AV 0200 (Demand) 5 hrs. cr.
Basic Pilot Training
An integrated course designed to meet ground school and flight training requirements for eligibility to take the Federal Aviation Administration examination for a Private Pilot Certificate. In addition to scheduled ground school classes, the course requires approximately 45 hours of dual and solo flight and check flight. Credit is awarded when the FAA certificate is obtained. Special fees and a third class medical certificate are required. Special fees for this course include plane rental and examiners test fee. Course grade is recorded as Pass or Fail.

Faculty Oakes - Head, Collins, Herr, Pinet, Schiavo, Tunnell

Mission
The Computer Information Science (CIS) Department provides opportunities for a broad undergraduate education in the many aspects of computer information technology. The program offers courses of instruction that develop a thorough understanding of current methods used in the design and implementation of computer based solutions.

Fundamental Values: Pursuant to the department’s educational mission, the faculty:

- Maintains the currency of the curriculum through ongoing research and consultation with industry representatives.
- Engages in professional development that allows its members to remain current in their fields and to provide technological leadership to the university community.
- Is committed to the success of its students, both during and after college.

Program Goals: The Computer Information Science program will produce graduates who:

- Understand and can utilize core information technologies.
- Can analyze, design and implement effective technology based solutions.
- Have requisite communication and quantitative skills.
- Work effectively as team members.
- Are committed to lifelong personal and professional development.
- Conduct themselves in an honorable and ethical manner.

Curricula Options: Within this context, the Department offers the following curricula options:

- Bachelor of Science in CIS–Information Technology
- Bachelor of Science in CIS–Information Systems
- Bachelor of Science in CIS–Computational Mathematics
- Bachelor of Science in CIS–Bioinformatics
- Bachelor of Science in CIS–Computer Forensics
- Bachelor of Science in CIS–Computer Technology
• Minor in CIS–Network Systems Administration
• Minor in CIS–Information Systems
• Minor in CIS–Website Administration
•Minor in CIS–Information Assurance and Security
• Associate of Science in CIS

The six Bachelor of Science in CIS alternatives prepare the student for graduate school or entry-level positions such as systems programmer, systems analyst, applications programmer, database administrator, bioinformatics specialist, computer forensics analyst, user support specialist, network administrator or website administrator.

Information Technology and Information Systems are distinguished by selected courses that develop the student’s understanding of an organization’s information requirements and procedures for designing and implementing an information system that will facilitate its management. The Information Systems option results in a minor in Business while Information Technology allows the most flexibility in selecting supporting courses.

Computational Mathematics meets the requirements for a double major in Computer Information Science and Mathematics. The student takes CIS and mathematics classes that develop an emphasis in advanced applied mathematics and the theoretical foundations of computer science. Such knowledge is required to design and implement computer solutions for a wide range of problems encountered in science and engineering.

Bioinformatics provides a double major in Computer Information Science and Biology. Bioinformatics is an emerging discipline that is concerned with designing and implementing computational algorithms for managing, processing and analyzing databases of genetic sequences.

Computer Forensics fulfills the requirements for a double major in Computer Information Science and Criminal Justice Administration. Computer Forensics involves techniques for securing computer networks as a precaution against criminal threat. In addition, it includes the identification, extraction, preservation and documentation of computer evidence for the purpose of identifying and prosecuting perpetrators of computer-based crime.

The Computer Technology option not only meets the requirements for a Bachelor of Science in CIS, but also qualifies the student for an Associate of Science degree in Drafting and Design Engineering Technology (DDET).

A minor or associate of science degree provides the student pursuing some other major with a credential and expertise in computing, an enhancement that is becoming increasingly important in almost every area of science, education, business and the arts. The Network Systems Administration alternative is designed to provide the student with the knowledge base necessary for managing local/wide area computer networks, as well as being able to provide user support and training in the area of personal computer hardware and application software. The Website Administration curriculum focuses on the knowledge and skills needed to build and provide ongoing support for effective and useful Internet websites. The Information Assurance and Security minor develops the skills needed for the protection of computer networks and institutional data.

In addition to these options, the Computer Information Science Department and the School of Business Administration have developed a curriculum alternative that will qualify the student for a Bachelor of Science in CIS, along with a Bachelor of Business Administration degree with a selected emphasis such as accounting, finance and economics, marketing, management, international business or general business.

The nature of Computer Information Science is such that a student selecting this major should enjoy and have a talent for solving problems. The effectiveness of the CIS curricula is measured by the success of our graduates. Their average starting salaries are among the highest when compared to other majors and placement records indicate that they have enjoyed an excellent placement rate. Many hold positions as middle and upper-level managers for a wide range of organizations and several have earned graduate degrees.

Only courses in which a student has earned a grade of 'C' or above will satisfy departmental requirements for the major or minor in Computer Information Science.

Course Descriptions

CIS 0101  
(Demand)  
3 hrs. cr.  
Internet Computing: Getting Connected
Introduces the student to the effective use of the various resources of the Internet. Topics will include hardware requirements, software setup, browsing, searching, publishing, sharing and communicating. The course will consider the social issues of using the Internet in a safe and ethically responsible way. The student will develop and post personal web pages. Prerequisite: A basic background in using Windows.

CIS 0105  
(F,S)  
3 hrs. cr.  
Introduction to Microcomputer Use
Instruction in the fundamental use of microcomputers through packaged software and operating systems. The course provides a broad introduction to hardware, software, computer networks, online social networking and library database searches. Major application areas are discussed, such as word processing, spreadsheets and presentation tools.

CIS 0110  
(F,S)  
3 hrs. cr.  
Programming I
Introduces programming in a personal computer-based environment. The student will learn the fundamentals of PC hardware, operating systems and programming. Special emphasis is placed on proper program style, including modularity and structured design. The language of implementation is Visual C#. Co-requisite: MATH 130 or above.

CIS 0115  
(F,S)  
3 hrs. cr.  
Introduction to Microcomputer Use
Instruction in the fundamental use of microcomputers through packaged software and operating systems. The course provides a broad introduction to hardware, software, computer networks, online social networking and library database searches. Major application areas are discussed, such as word processing, spreadsheets and presentation tools.

CIS 0202  
(F,S)  
3 hrs. cr.  
Information Systems I
This course provides an overview of the broad field of information systems and technology. Explores the function of information systems and technology in modern organizations. Explores the options for graduates in the field. Introduces terms and concepts that are used throughout the field. Examines options for professional development in the field. Examines the design of information systems. Emphasizes the student's ability to clarify problem statements and define objectives with discussion of analysis of information systems using standard methodologies.

CIS 0210  
(F,S)  
3 hrs. cr.  
Programming II
Continued development of the programming and problem solving skills introduced in CIS 110. Structured programming and the object-oriented paradigm are emphasized. Includes an in-depth coverage of strings, arrays, files, classes and namespaces. Introduces Windows application programming. The language of implementation is Visual C#. Prerequisite: CIS 110 with a grade of 'C' or above.

CIS 0230  
(S)  
3 hrs. cr.  
Programming with RPG
Introduces the programming language RPG in an OS/400 environment. Includes language syntax and practice in preparing, compiling and executing applications of increasing complexity. Prerequisite: CIS 210 with a grade of 'C' or above.

CIS 0234  
(F)  
3 hrs. cr.  
Programming with COBOL
Methods and techniques for solving business related problems using the business-oriented language COBOL. Applications may include payroll processing, inventory control, billing systems. Syntax of the language, report production using both sequential and indexed files and structured methodologies are major topics. Prerequisite: CIS 210 with a grade of 'C' or above.

CIS 0298  
(Demand)  
1-3 hrs. cr.  
Topics in Computer Information Science
Addresses emerging topics in computer science and management information systems. Each offering will be on a subject not normally included in another course. Prerequisites may be specified in each course syllabus.

CIS 0305  
(F,S)  
3 hrs. cr.  
Microcomputer Applications
Provides an overview of the most common environment and software tools for the serious user of microcomputers. Hardware topics are included to allow the student to compare and select from system configurations according to their application’s requirements. An introduction to the basic elements of an operating system and a graphic user interface is followed by intensive practice with the major components of an integrated software suite of applications: word processing, spreadsheets, graphics and presentation software. A variety of data communications topics are included from the use of a local area network through connections to a world-wide system. Prerequisite: CIS 105 (or higher) or MM237 or DDET 115 or consent of the department head.

CIS 0308  
(S)  
3 hrs. cr.  
Website Administration I
Provides an introduction to the administration of a World Wide Website. Includes Internet concepts, design strategies, graphic and multimedia construction, legal and ethical implications, dynamic HTML and client-side programming. Prerequisite: CIS 110 with a grade of 'C' or above.
CIS 0310 (F,S) 3 hrs. cr.  
**Database Management Systems I**  
Introduces the fundamentals of database management, relational database management systems and programming for GUI. Database topics covered include entities, attributes, relationships, transactions, queries and integrity rules. Server side database concepts are illustrated with MS Access. The client side user interface and business logic is implemented in Visual Basic. Prerequisite: CIS 210 with a grade of 'C' or above.

CIS 0315 (F,S) 3 hrs. cr.  
**Computer Networks**  
Introduces the hardware and software that are integrated to form a computer network. Topics include an in-depth look at TCP/IP, data communication hardware, public networks such as the Internet and LAN and WAN network standards. Co-requisite: CIS 110 or CIS 305 or DDET 115 or MM 237.

CIS 0321 (F) 3 hrs. cr.  
**Advanced RPG**  
Emphasizes online programming of business applications. Major topics include file creation and maintenance, structured methodologies, advanced features of RPG, IBM OS environment, CL programming, Queries, Database, SQL and Internet application connectivity. Prerequisite: CIS 230 with a grade of 'C' or above.

CIS 0325 (S) 3 hrs. cr.  
**Windows LAN Administration**  
Provides a thorough introduction to the design, installation and management of Microsoft Server local area networks. Network configuration, security, backup and recovery are major topics. User rights and privileges, file and device sharing and Web applications are also covered. Prerequisite: CIS 315 with a grade of 'C' or above.

CIS 0334 (S) 3 hrs. cr.  
**Advanced COBOL**  
On-line programming and special considerations implicit in real-time business applications are studied. Creation and maintenance of indexed and sequential files and advanced features of COBOL are major topics. Prerequisite: CIS 234 with a grade of 'C' or above.

CIS 0340 (F) 3 hrs. cr.  
**Website Administration II**  
Continued development of subjects related to the administration of a World Wide Website. Emphasizes server-side programming issues. Particularly concerned with the creation and maintenance of a commercial site. Includes syntax and practice in ASP, CSS, CGI/Perl, VBScript, JavaScript and XML. Prerequisites: CIS 308 and CIS 310, with a grade of 'C' or above.

CIS 0345 (F,S) 3 hrs. cr.  
**UNIX System Administration**  
Introduces the UNIX operating system. Topics covered include basic UNIX commands, system configuration, the file system, process control, shell programming, the network file system, CGI programming and system security. Prerequisites: CIS 210 and CIS 315 with a grade of 'C' or above.

CIS 0350 (F,S) 3 hrs. cr.  
**Data Structures**  
Provides for the continued development of the student’s knowledge of data structures and object-oriented programming. Includes an in-depth coverage of linked lists, stacks, queues, trees and graphs. Special emphasis is placed on the coverage of algorithms that are designed to efficiently manipu-
### CIS 0410  (F)  3 hrs. cr.  
**Information Systems II (Writing Intensive)**  
Continued development of the ability to analyze and design computer-based information systems. Includes coverage of analysis and design methodologies, computer-aided software engineering tools and project management techniques. Topics are illustrated with in-depth case studies. Emphasizes teamwork. Prerequisites: CIS 202 and 310 with a grade of ‘C’ or above.

### CIS 0425  (S)  3 hrs. cr.  
**Database Management Systems II (Writing Intensive)**  
Includes a survey of database management theories with experience in the application of database technology. An emphasis will be placed on the relational model. Functions of database management systems, data modeling and database systems design and implementation in a client/server environment are stressed through case studies. Prerequisites: CIS 310 and CIS 410, with a grade of ‘C’ or above.

### CIS 0430  (Demand)  3 hrs. cr.  
**Introduction to Artificial Intelligence**  
Introduces the process of developing intelligent computer software. Topics covered include knowledge abstraction and representation, heuristic search techniques, game playing, expert systems and meta-programming. Prerequisite: CIS 350 with a grade of ‘C’ or above.

### CIS 0435  (Demand)  3 hrs. cr.  
**Data Mining**  
Introduces data warehousing and data mining. The former being a standard approach to archiving summary data for analysis; the latter being techniques of analysis intended to discover subtle and unexpected relationships in the historical data, for use in design, marketing, research and engineering. Topics include concepts, principles and architectures and the design and implementation of Data Mining applications. Prerequisites: CIS 310 and (GB 321 or MATH 310 or MATH 361 or BIO 290) with a grade of ‘C’ or above.

### CIS 0440  (S)  3 hrs. cr.  
**Computer Forensics I**  
Introduces the basics of computer forensics. Topics covered include backups and data recovery, hard drive imaging and forensic analysis of recovered data, data hiding and encryption techniques, reconstruction of past events, techniques used to compromise and safeguard computers, surveillance tools, analysis of data and collection and preservation of electronic evidence. Students will be introduced to forensic techniques and available electronic tools for forensic analysis. A basic knowledge of networks and UNIX/Linux, as well as a thorough knowledge of Windows is assumed. Prerequisites: CIS 315 and CIS 345 with a grade of ‘C’ or above.

### CIS 0445  (F)  3 hrs. cr.  
**Computer Forensics II**  
A continuation of Computer Forensics I with an emphasis on the use of the professional forensic software tools like Access Data’s Forensic Tool Kit and Guidance Software’s EnCase. Prerequisite: CIS 440 with a grade of ‘C’ or above.

### CIS 0450  (F)  3 hrs. cr.  
**Operating Systems (Writing Intensive)**  
Fundamental concepts of operating system design. Emphasis is placed on identifying the problems an operating system must solve and considering the range of alternative solutions that may be implemented. Topics include process management, memory management, processor management, auxiliary storage management and security. The Linux operating system is highlighted. Prerequisite: CIS 350 with a grade of ‘C’ or above. Co-requisite: CIS 345.

### CIS 0498  (Demand)  1-3 hrs. cr.  
**Advanced Topics in Computer Information Science**  
Addresses emerging topics in computer science and management information systems. Each offering will be on a subject not normally included in another course. Prerequisite: May be specified in each course syllabus.

### CIS 0499  (Demand)  1-3 hrs. cr.  
**Independent Study**  
The adviser, with approval of the department head, structures an independent study course. Prerequisite: Upper division standing with an overall GPA of 3.0 or above. The adviser, the department head and the dean of the school must approve registration in the course.

**Faculty**  
Spencer – Interim Director, Adams, Scott, Spurlin, Wilson

**Mission**  
The mission of the Criminal Justice Administration Department is to encourage lifelong learning and scholarship, to produce qualified and knowledgeable graduates and to foster development of ethical professionals prepared for leadership positions in the criminal justice and justice fields. The department is devoted to emphasizing quality teaching and learning, to providing an international perspective and to promoting the value of community service. The Department seeks to further the study and understanding of criminal justice through our teaching, service to the University and service to the community.

In addition to the extremely versatile Bachelor of Science degree in Criminal Justice Administration and the Associate of Science in Law Enforcement, the Criminal Justice Department offers the Bachelor of Science in Juvenile Justice. Another recent addition is the dual degree in Computer Forensics, offered with the Computer Information Science Department.

These exciting degree programs are complemented by four minors, including criminal justice administration, juvenile justice, corrections and the very popular CSI-Crime Scene Investigation. The many new combinations offer a myriad of opportunities for students who are seeking careers in the justice system and justice related fields.

The Criminal Justice Administration degree offers academic training coupled with “real world” practical training for students pursuing careers as criminal justice professionals. The Criminal Justice program provides a varied and flexible curriculum, small classes, faculty who provide individual academic attention, international educational opportunities and a unique learning environment.

The Criminal Justice Administration degree program offers a varied curriculum to meet the needs of a diverse student body. The program prepares students for a wide variety of careers as criminal justice professionals as well as graduate programs in law, criminal justice and other related fields. The Criminal Justice Administration degree program prepares students for careers in traditional fields such as law enforcement, juvenile justice, corrections, probation and parole and private or industrial security. The program also prepares students for investigative positions with federal agencies, state and local agencies, insurance companies and other private enterprises. In addition, a criminal justice administration degree will prepare students for the many new opportunities in the areas of safety and security.
The Criminal Justice Department offers a flexible curriculum to serve the needs of the student body. In addition to day and evening courses, students can obtain the Criminal Justice Administration degree and the Associate of Science degree over the Internet. The many hybrid courses combine the benefits of the classroom experience with the flexibility of the Internet courses by meeting on campus weekly, monthly or at other intervals, but conducting much of the course via the Internet. The Department offers criminal justice professionals who have experience in the field college credit for work experience through the portfolio process. The Department also recommends that all students participate in the internship program, where students receive college credit for working side by side with practicing criminal justice professionals.

Our faculty members are attentive to student needs and strive to prepare students for challenging criminal justice careers. They have 100 years of combined practical experience in criminal justice fields, including experience as law enforcement officers, juvenile officers, assistant prosecutors, legal advisors, criminal investigators and child abuse investigators. In addition, our faculty members have experience in private law practice, security administration, mental health coordination and non-profit agency administration.

The Criminal Justice Department emphasizes the international mission and provides students with opportunities to study and travel abroad to view firsthand other criminal justice systems around the globe. Our faculty and students have explored the justice systems in England, France, Australia, New Zealand, Morocco, Italy, Israel, Spain and Costa Rica. In the years since the international mission was implemented, approximately 350 criminal justice students have studied abroad.

The state-of-the-art Mills Anderson Public Safety Center is the busy home of the Criminal Justice Administration Department at Missouri Southern State University. The Department boasts a high-tech mobile Crime Scene Investigation Unit. The facility features a modern indoor “live-fire” firearms range and two firearms training simulation systems. The auditorium provides a forum for lectures and meetings as well as for advanced training seminars for practicing criminal justice professionals. These seminars are taught by nationally recognized criminal justice professionals, allowing students to learn from the experts and network with potential employers.

The Criminal Justice Department at Missouri Southern State University also operates the 600-hour Basic Law Enforcement Training Academy. (See Law Enforcement.)

The Criminal Justice Administration degree will allow students to take advantage of the many traditional career opportunities as well as the multitude of new opportunities in criminal justice, especially in the areas of homeland security and global security.

*Math course in major requirements satisfies three hours of the General Education Requirements.

Minor in CSI-Crime Scene Investigation  
Minor Code CJ81

A minor in CSI-Crime Scene Investigation is designed to prepare students who are seeking careers utilizing crime scene investigation techniques and crime scene analysis. The minor provides students with the necessary skills to accurately investigate and process crime scenes, which include legal aspects, police response, photography, diagramming and collecting physical evidence. Writing reports and presenting courtroom testimony are additional skills that will be developed.

Students pursuing this minor may seek employment with investigative agencies on the federal, state and local levels.

A minor in CSI-Crime Scene Investigation consists of 24 credit hours. Students must have a faculty adviser for a minor in CSI-Crime Scene Investigation.

**Course Descriptions**

**CJAD 0210**  (Demand)  3 hrs. cr.  
Basic Photography  
Lecture and laboratory procedures for use of cameras, lenses, developing negatives and prints. Lab fee and additional lab time arranged.

**CJAD 0275**  (F)  3 hrs. cr.  
The Juvenile Justice System  
The Juvenile Justice System is a survey course that is designed to introduce the student to the organizations, processes and actors that comprise the Juvenile Justice System. The course emphasizes the history of the juvenile justice system, the agency interactions and interrelationships, the concepts of prevention and diversion, the development of juvenile gangs, the roles of criminal justice professionals and the future of the Juvenile Justice System.

**CJAD 0298**  (Demand)  1-8 hrs. cr.  
Topics in Criminal Justice Administration  
Course content varies and is designed to meet current needs and interests in the rapidly changing field of criminal justice administration. Precise topics are announced with prerequisites stipulated in the course syllabus.

**CJAD 0300**  (S)  3 hrs. cr.  
Criminal Investigation  (Writing Intensive)  
Major case investigative methods, sources of information, development of leads, methods applicable to organized crime and specific offenses.

**CJAD 0301**  (S)  3 hrs. cr.  
International Justice Systems  
A study of justice systems around the world, comparing them to America’s justice system. Course considers the three important components of a justice system: police, courts and corrections. Includes cultural differences of the countries studied as they relate to their justice systems.

**CJAD 0302**  (Demand)  2 hrs. cr.  
Comparative Criminal Justice Systems and Cultures  
Comparative Criminal Justice Systems and Cultures will focus on the criminal justice systems and cultures of selected countries as they compare to the American justice system and culture. Travel in selected countries will include visits to criminal justice agencies and facilities as well as interactions with criminal justice professionals.

**CJAD 0310**  (Demand)  3 hrs. cr.  
Traffic Accident Investigation and Control  
Theory and techniques for investigating and reducing occurrence of motor vehicle accidents. Includes collection and evaluation of physical evidence reporting.

**CJAD 0320**  (F)  3 hrs. cr.  
Probation and Parole  
Study of the entire system of probation and parole internationally, nationally and locally. Prepares students for the state merit exam in probation and parole. Study of pre-sentence investigation methods, predicting parole behavior, supervisory practices, legal aspects, the use of amnesty and pardons. Prerequisites: LE 100.

**CJAD 0330**  (S)  3 hrs. cr.  
Asset Protection  
Security techniques in loss prevention for retail business, industry, governmental protection, hotel and motel, hospital, school, transit systems and utilities.

**CJAD 0340**  (S)  3 hrs. cr.  
Crime Scene Investigation II  
Advanced methods and techniques used by investigators to identify and collect items of evidentiary value left at crime scenes. Topics to include the use of forensic light sources to locate physical evidence, bloodstain pattern analysis, casting impression evidence, fingerprint processing and entomological evidence. Prerequisite: LE 200, Crime Scene Investigation I or permission.

**CJAD 0350**  (Demand)  3 hrs. cr.  
Fish and Game Enforcement  
Problems and procedures encountered and used by conservation enforcement officers. Laws and enforcement procedures.

**CJAD 0360**  (Demand)  2 hrs. cr.  
Professional Development  
Development of employability and career skills will be emphasized focusing on tools necessary for employment: communication skills, corporate etiquette, business dress, adjusting to the corporate environment and the professional image.

**CJAD 0367**  (Demand)  3 hrs. cr.  
Racial Disparity in the Criminal Justice System  
This course will address the race-based disparities in the criminal justice system from the early 1920’s to present, using film and documentaries. In addition, this course will examine how race-based disparities in the criminal justice system impacted the civil rights movement. Prerequisites: LE 210 and LE 250.

**CJAD 0370**  (F)  3 hrs. cr.  
International Terrorism  (Writing Intensive)  
International Terrorism examines the known facets of contemporary terrorism. Analyzes the laws and special forces/law enforcement agencies which nations within the international community have created to meet the chal-
lenges of international terrorism. Examines anticipated patterns of terrorism in the new century. Emphasis on legal and security measures designed to prevent terrorism.

**CJAD 0390**  (F)  3 hrs. cr.  
**Crime Analysis**
A study of the patterns of crime. The course will emphasize the analysis of crime patterns and criminal behavior. The course will consider the identification of evolving or existent crime patterns and series crime, the forecasting of future crime occurrences and the initiation of target profile analysis.

**CJAD 0400**  (F)  3 hrs. cr.  
**Homicide Investigation**
Legal and criminalistic concepts and procedures for the medico-legal investigation of death due to natural, accidental, suicidal or criminal cause.

**CJAD 0405**  (Demand)  3 hrs. cr.  
**Homicide Investigation II**
This course will primarily focus on adult and child sex-related homicides. In addition, this course will examine various homicide cases using a case study analysis to better understand the investigative process involved in a homicide investigation. Prerequisites: CJAD 400 or permission.

**CJAD 0410**  (S)  3 hrs. cr.  
**Juvenile Procedures**
Examines the evolution of the juvenile justice system as well as current practice and procedure in juvenile and family courts. Focus on law, jurisdiction, constitutional requirements and court rules. Also considers topics such as juvenile gangs, child abuse and neglect, child custody and status offenders.

**CJAD 0411**  (F)  3 hrs. cr.  
**Juvenile Corrections**  
(Writing Intensive)
Overview of the design and legal requirements of juvenile correctional institutions including an analysis of the juvenile interstate compact laws and management principles of juvenile correctional institutions.

**CJAD 0412**  (S)  3 hrs. cr.  
**Correctional Practices**  
(Writing Intensive)
History of corrections as it relates to correctional practices. In-depth study of the rights of the incarcerated inmate as well as the powers and duties of the correctional officer.

**CJAD 0430**  (Demand)  3 hrs. cr.  
**Family Violence**
Introduces the dynamics of family violence from the perspective of law enforcement. Examines the relationships between victims, offenders and other family members. Focuses on these relationships and the challenge they pose to the criminal justice system.

**CJAD 0440**  (Demand)  3 hrs. cr.  
**Victims and the Criminal Justice System**
Introduces the study of victimization. Examines the relationship between victims and the criminal justice system.

**CJAD 0450**  (Demand)  3 hrs. cr.  
**Criminal Evidence**
Rules of evidence, admissibility, presumptions, inferences, burden of proof and exceptions to the hearsay rule. Prerequisites: LE 210, LE 250 or permission.
Faculty

Spencer - Interim Director, Adams, Scott

Juvenile Justice is a Bachelor of Science degree designed to prepare students for employment with the various juvenile justice agencies. These agencies deal with children and adolescents who are subject to the juvenile justice system because they have committed acts that would be crimes if they were adults or offenses such as truancy or running away. The juvenile justice system also deals with children who are neglected or abused. Moreover, there are many prevention programs that although not part of the juvenile justice system, are designed to keep juveniles from entering the system. Students majoring in Juvenile Justice will have an opportunity to explore the many facets of the juvenile justice system and to gain an understanding of the legal and practical aspects of the system.

Our faculty has many years of experience in the juvenile justice field in such positions as deputy juvenile officer, legal adviser to the juvenile court and child abuse investigator. Through local contacts, students will have the opportunity to gain real-world experience through an internship with a juvenile justice agency.

Career options include working with the court system, social service agencies, the schools, prevention programs, juvenile corrections or the many private treatment programs. The system is always evolving with new programs and policies, creating new opportunties for students majoring in Juvenile Justice.

Course Descriptions

JJ 0490 (F,S,Su) 4 hrs. cr.
Internship in Juvenile Justice
Extensive practical experience with a juvenile justice agency, under the direction of the internship committee approval. Prerequisites: Junior or senior standing, CJAD major, department approval, cumulative GPA of 2.5 and a CJAD GPA of 3.2.

JJ 0499 (F,S,Su) 1-3 hrs. cr.
Independent Study in Juvenile Justice
Individually directed study for advanced majors in areas of juvenile justice selected with the direction of the Division Dean. A minimum GPA of 3.0 in major area or permission required.
**Course Descriptions**

**LE 0100** (F) 3 hrs. cr.
Introduction to Criminal Justice Administration
Municipal, county, state and federal police organizations. History and administration of justice. Responsibilities and opportunities in the field of criminal justice.

**LE 0180** (F,S) 13 hrs. cr.
Basic Law Enforcement Academy
The pre-licensing training course for new law enforcement officers in Missouri, approved by P.O.S.T. (Peace Officer Standards and Training) Office of the State Department of Public Safety. The broad range of topics includes Missouri criminal law, traffic law, criminal investigation, reports, defensive tactics, firearms, legal subjects and human relations. The topics are designed and required by P.O.S.T. under Section 590.100 et. seq. RSMo. Prerequisites: Permission of Training Director. (Additional lab fee for course.)

**LE 0181** (F,S) 13 hrs. cr.
Basic Law Enforcement Academy II
The pre-licensing training course for new law enforcement officers in Missouri, approved by P.O.S.T. (Peace Officer Standards and Training) Office of the State Department of Public Safety. The broad range of topics includes Missouri criminal law, traffic law, criminal investigation, reports, defensive tactics, firearms, legal subjects and human relations. The topics are designed and required by P.O.S.T. under Section 590.100 et. seq. RSMo. Prerequisites: Permission of Training Director and LE 180 (Additional lab fee for course.)

**LE 0190** (Demand) 2 hrs. cr.
First Responder
Provides basic emergency care knowledge and skills to the student. Designed to prepare students to recognize traumatic injuries and deliver quality emergency medical care to victims.

**LE 0200** (F) 3 hrs. cr.
Crime Scene Investigation I
An introduction to the basic protocol of crime scene investigation to include first response, diagramming, photography, fingerprinting and the preservation and collection of physical evidence.

**LE 0210** (S) 3 hrs. cr.
Criminal Procedure
Overview of criminal justice process and procedure from first contact with law enforcement through the criminal trial. Topics include “stop and frisk”, arrest, search and seizure, interrogation, identification and the criminal trial.

**LE 0220** (F) 3 hrs. cr.
Crime Scene Photography
A photography course designed to instruct the law enforcement student in the fundamentals of photography, as it relates to the documentation and administration of justice. Responsibilities and opportunities in the field of criminal justice.
investigation of crime scene evidence. This course discusses traditional photography techniques in addition to the use of digital photography for law enforcement.

**LE 0225** *(Demand)* 3 hrs. cr.
**Patrol Procedures**
Covers numerous areas confronting today's law enforcement officer during tours of duty and the proper techniques and procedures used in handling each area.

**LE 0230** *(Demand)* 3 hrs. cr.
**Community Policing**
An introduction to and analysis of theories, techniques and programs involving police image and public response. Special attention will be paid to problems of crime prevention, community oriented problem solving policing, police-public interaction and public safety.

**LE 0232** *(S)* 3 hrs. cr.
**Ethics in Criminal Justice**
A comprehensive investigation of ethical problems confronting criminal justice professionals. Focus is placed on the philosophical and practical dilemmas surrounding the modern criminal justice system, in the United States and foreign countries, to include the police, courts and correctional subsystems. Examines various value systems and historical theories as well as promotes discussions of moral and ethical behavior from personal, social and criminal justice perspectives.

**LE 0250** *(F)* 3 hrs. cr.
**Criminal Law**
Criminal law purposes and functions; rights and duties of officers and citizens in relation to local, state and federal laws. The development, application and enforcement of laws.

**LE 0260** *(Demand)* 3 hrs. cr.
**Legal and Technical Aspects of Firearms**
History and development of firearms. The nomenclature of the most commonly used police firearms and the duties and requirements of a range master. The laws concerning firearms acquisitions, ownership and use. Three hours lecture per week. Lab fee and additional lab time arranged.

**LE 0280** *(F)* 3 hrs. cr.
**Report Writing** *(Writing Intensive)*
Introduces various methods and styles of report writing and professional communication in the criminal justice field together with use of basic report forms and follow-up reports. Prerequisites: English 101 and 102.

**LE 0290** *(Demand)* 3 hrs. cr.
**Police Supervision and Management**
Principles of personnel management as applied to law enforcement agencies: evaluation, promotion, discipline, training, employee welfare and problem-solving leadership.

**LE 0298** *(Demand)* 1-3 hrs. cr.
**Topics in Law Enforcement**
Course content varies and is designed to meet current needs and interests in the rapidly changing field of law enforcement. Precise topics to be announced and prerequisites stipulated in course syllabus.

---

**Dental Hygiene**
Health Sciences 143 • 417.625.9302

**Faculty**
Gerecke – Department Head/Program Director, Kelley, Leslie, Little, Moore, Rogers, Scrivner, Taubel, White

**Mission**
Missouri Southern State University Dental Hygiene program empowers students to become life-long learners and facilitate the development of ethical and competent oral healthcare professionals, who provide patient care to a diverse population utilizing innovative technologies.

**Goals**
**Goal 1:** Provide quality education that reflects best practices in dental hygiene in order to become an ethical licensed oral healthcare professional.

**Competencies**
1.1: Apply a professional code of ethics in all endeavors.
1.2: Adhere to state and federal laws, recommendations, and regulations in the provision of oral health care.
1.3: Use critical thinking skills and comprehensive problem-solving to identify oral health care strategies that promote patient health and wellness.
1.4: Assume responsibility for professional actions and care based on accepted scientific theories, research, and the accepted standard of care.
1.5: Integrate accepted scientific theories and research into educational, preventive, and therapeutic oral health services.
1.6: Apply quality assurance mechanisms to ensure continuous commitment to accepted standards of care, while obtaining the patient’s informed consent based on thorough case presentations.
1.7: Initiate a collaborative approach with all patients when developing individualized care plans that are specialized, comprehensive, culturally sensitive, and acceptable to all parties involved in care planning.
1.8: Initiate consultations and collaborations with all relevant health care providers to facilitate optimal treatments.
1.9: Manage medical emergencies by using professional judgment, providing life support, and utilizing required CPR and any specialized training or knowledge.
1.10: Use patient assessment data, diagnostic technologies, and critical decision making skills to determine a process of comprehensive care.

**Goal 2:** Provide comprehensive dental hygiene services to the communities served by Missouri Southern State University.

**Competencies**
2.1: Promote the values of the dental hygiene profession through service-based activities, positive community affiliations and active involvement in local organizations.
2.2: Communicate effectively with diverse individuals and groups, serving all persons without discrimination by acknowledging an appreciating diversity.
2.3: Assess the oral health needs and services of the community to determine action plans and availability of resources to meet the health care needs.
2.4: Provide screening, referral, and educational services that allow patients to access the resources of the health care system.
2.5: Provide community oral health services in a variety of settings.
2.6: Facilitate patient access to oral health services by influencing individuals or organizations for the provision of oral health care.
DENTAL HYGIENE

Goal 3: Promote the significance of dental hygiene professional development and commitment to lifelong learning.

Competencies
3:1: Use evidence-based decision making to evaluate emerging technology and treatment modalities to integrate into patient dental hygiene care plans to achieve high-quality, cost-effective care.
3:3: Provide specialized treatment that includes educational, preventive, and therapeutic services designed to achieve and maintain oral health. Partner with the patient in achieving oral health goals.
3:4: Evaluate the effectiveness of the provided services, and modify care plans as needed.
3:5: Determine the outcomes of dental hygiene interventions using indices, instruments, examination techniques, and patient self-reports as specified in patient goals.
3:6: Pursue career opportunities within health care, industry, education, research, and other roles as they evolve for the dental hygienist.

The dental hygienist is a licensed health care professional and member of the dental health team. The diverse duties of the dental hygienist include oral prophylaxis (cleaning); exposing, processing and mounting radiographs; collecting and evaluating medical history information; performing head and neck screening examinations; periodontal assessment and therapy; applying agents for the prevention of decay; applying desensitizing and antimicrobial agents and administering local anesthesia and nitrous oxide analgesia. The dental hygienist acts as a dental health educator and is responsible for teaching patients prevention of dental disease and providing nutritional counseling.

Dental hygiene employment opportunities are numerous and vary greatly. They include general practice and specialty dental offices; federal, state, county and city health clinics; public schools; hospitals; long-term care facilities; dental schools; industrial clinics; the armed services; and research facilities; dental schools; industrial clinics; the armed services; and research institutions.

Missouri Southern offers an associate of science degree in dental hygiene. Upon satisfactory completion, graduates are eligible to take the National Board Examination and practical examinations required for licensure in Missouri and other states. The MSSU Dental Hygiene Program is accredited by the Commission on Dental Accreditation (CODA).

Admission to Missouri Southern does not automatically grant admission to the Dental Hygiene Program. In addition to meeting admission requirements for the University, candidates must apply for admission to the Department of Dental Hygiene. Applications are reviewed by the Selection Committee for Dental Hygiene. Applicants must submit the necessary information by January 31. Applicants must have an overall GPA of 2.75 to apply.

Evidence of satisfactory completion of the following prerequisites with a grade of ‘C’ or better:

- ENG 101 College Composition (WI)
- BIO 121 Human Anatomy & Physiology I
- BIO 221 Human Anatomy & Physiology II
- BIO 231 General & Medical Microbiology
- CHEM 120 Chemistry for Allied Health Sciences
- COMM 100 Oral Communications
- KINE 103 Lifetime Wellness
- MATH 030 Intermediate Algebra (or higher)

Enrollment is limited by selection and applicants are admitted contingent upon a criminal record check, random drug testing, the completion of physical and dental examinations and the rendering of an acceptable health status. Students are admitted to the dental hygiene program only in the fall of each year. As students in a health care profession, Dental hygiene students may be exposed to bloodborne pathogens and infectious diseases.

Students may complete the Dental Hygiene Associate of Science Degree in Joplin or at one of two distance sites: Rolla, MO at the Rolla Technical Center and in Sikeston, MO on the Southeast Missouri State University Sikeston Campus.

Lecture courses are taught using Interactive Television, Internet or a combination of these formats. Using the ITV format students interact live with instructors and fellow students at all sites. Each site has a clinic for the clinical instruction experience.

In addition to established fees for all college students, the following are minimum costs incurred by dental hygiene students, $1250 to $1500 per academic year for laboratory fees. Various expenses will be incurred for transportation to campus clinical sites and professional meetings. In addition, approximately $1500 for licensure exams, which will vary depending on state in which license, is desired.

The Associate of Science in dental hygiene requires a minimum of 90 credit hours, including the prerequisite courses. Course grades of ‘C’ or above in dental hygiene and supporting science courses are necessary for retention in the dental hygiene program.

Total: 93-94
Course Descriptions

**DH 0101**  
(F)  
2 hrs. cr.  
Fundamentals of Dental Hygiene  
This course is an introduction to the Dental Hygiene Process of Care with an emphasis on professionalism, infection control, patient assessment processes and basic instrumental skills. Two hours of lecture per week. Prerequisite: acceptance into the dental hygiene program. Co-requisites: DH 103, DH 140, and DH 150.

**DH 0103**  
(F)  
2 hrs. cr.  
Fundamentals of Dental Hygiene - Lab  
This course provides clinical application to the Dental Hygiene Process of Care. The primary emphasis is on professionalism, infection control, patient assessment processes and basic instrumentation skills. The dental hygiene student will have an opportunity to practice these techniques on mannequins and student partners in the laboratory setting. Six hours of lab per week. Prerequisite: acceptance into the dental hygiene program. Co-requisites: DH 101, DH 140 and DH 150.

**DH 0105**  
(S)  
2 hrs. cr.  
Fundamentals of Instrumentation  
This course provides clinical application of instrumentation theory and skills to provide comprehensive patient care. The dental hygiene student will have an opportunity to practice instrumentation techniques on mannequins and student partners in the laboratory setting. This course will culminate with a patient experience appointment. Lecture and lab. Prerequisites: DH 101 and DH 103.

**DH 0120**  
(S)  
1 hr. cr.  
Medical Emergencies  
In this course students develop an orderly and confident approach to assessing and planning supportive care for all patients. Instruction is provided toward the recognition and management of medical emergencies. One hour of lecture per week.

**DH 0140**  
(F)  
1 hr. cr.  
Dental Morphology  
Detailed study of morphology of deciduous and permanent teeth in relation to fossal cusps, grooves, ridges, roots and the relationship of form and function. Occlusion and malocclusion are studied according to their relationship to dental health. A self-instructional program supplemented by one hour lecture per week. Practical aspects of this course will be covered in DH 103 Fundamentals of Dental Hygiene Lab. One hour of lecture per week.

**DH 0150**  
(F)  
3 hrs. cr.  
Oral Histology and Embryology  
Study of the gross and microscopic development of the teeth, supportive structures of the teeth and embryology and anatomy of head and neck region. Two hours lecture, three hours lab per week.

**DH 0160**  
(S)  
2 hrs. cr.  
Dental Radiology  

**DH 0165**  
(S)  
1 hr. cr.  
Dental Radiology Lab  

**DH 0190**  
(Su)  
4 hrs. cr.  
Clinical Dental Hygiene I  
Introduction to clinical practice of dental hygiene. Experience in providing patient services through performing oral prophylaxis, periodontal assessment, exposing and processing radiographs, presenting patient education, preventive applications and charting the oral cavity. Sixteen hours lab per week, thirty-two hours of lab will be used for clinical application of DH 210. Co-requisites: DH 210. Prerequisites: DH 103, DH 105, and CPR Certification Course.

**DH 0210**  
(Su)  
1 hr. cr.  
Pain Management  
This course is designed to prepare the dental hygiene student with the necessary theory to appropriately carry out treatment plans and successfully administer topical anesthesia, local infiltration anesthesia and/or nitrous oxide analgesia to increase patient comfort and control pain when providing dental hygiene services. One hour of lecture per week. Co-requisite: DH 190.

**DH 0220**  
(F)  
2 hrs. cr.  
Dental Materials  
Information about various dental materials including the physical & chemical properties of dental materials and the application and manipulation of materials used in dentistry. Students learn to make alginate impressions, plaster models and manipulate other materials. One hour lecture with two hour lab per week. Prerequisites: DH 101, DH 140, and DH 150.

**DH 0280**  
(S)  
2 hrs. cr.  
Periodontics I  
Periodontics I introduces students to the specialty of dentistry that encompasses the prevention, diagnosis and treatment of diseases affecting the gums and supporting structures of the teeth. Two hours lecture per week. Clinical applications to this course will be implemented in DH 105 and DH 190.
DH 0290  (F)  4 hrs. cr.
Clinical Dental Hygiene II  (Writing Intensive)
Continuation of DH 190 with added responsibilities as skills develop. Multicultural experience is gained through rotations in extended campus facilities. Sixteen hours clinical lab per week (one hour per week MAY be used for content and organizational review). Prerequisites: DH 190.

DH 0295  (F)  1 hr. cr.
Seminar in Dental Hygiene I
This seminar course is offered in conjunction with DH 290, Dental Hygiene Clinic II and is part of the clinical education continuum. Emphasis will be placed on developing advanced clinical techniques, adjunctive dental hygiene treatment and increased case based learning and problem solving in the clinical setting. One hour lecture per week with three-four lab sessions per semester.

DH 0300  (F)  3 hrs. cr.
Community Dental Health Education
Fundamentals of teaching and learning theories. Development of teaching units and lesson plans for various public groups and/or organizations, practical experience in public schools and community groups with experience in providing dental health education to the public. This course is designed to increase student knowledge of concepts of community dentistry and dental epidemiology that is used in population based health care. Students are allowed to critically evaluate biostatistics, scientific literature, dental care delivery and mechanisms for financing dental care. Three hrs. lecture per week.

DH 0301  (S)  1 hr. cr.
Community Dental Health Education Practicum
This course will build upon the basics of DH 300 Community Dental Health Education. Students will apply theories, skills of communication and oral health education to various diverse groups. Through field assessments students will have the opportunity to participate in a variety of community dental health programs and services learning activities which require application of dental public health principles and concepts. One hour lecture per week. Prerequisite: DH 300.

DH 0310  (F,S)  2 hrs. cr.
Nutrition
Nutrition and diet as related to dental health, biochemistry of digestion and the utilization of nutrients. Special emphasis on dietary analysis as part of total health care and the role of the dental hygienist in providing nutritional counseling. Two hours lecture per week. Requirement: dental hygiene students must take course during second semester of program. Two hour lecture per week.

DH 0320  (F)  2 hrs. cr.
Pharmacology
Principles of drug actions and characteristics of major drug groups including sources of drugs, methods of their administration, classification, dosage, therapeutic action and drug interactions. Emphasis on drugs affecting oral health and drugs used in dentistry. Two hours lecture per week.

DH 0340  (Su)  3 hrs. cr.
Oral Pathology
Oral Pathology includes both general and oral pathology. General pathology includes an overview of basic disease processes, inflammation, immunology and wound healing. Oral pathology emphasizes recognition of oral diseases based on clinical signs and symptoms and radiographic manifestations. Treatment planning principles, based on collection of information using a variety of assessment procedures is included. Three hours of lecture per week. Prerequisite: student must have successfully completed the first three semesters of dental hygiene curriculum.

DH 0350  (F)  2 hrs. cr.
Periodontics II
Periodontics II is a continuation of Periodontics I focusing further on the prevention, diagnosis and treatment of diseases affecting the gums and supporting structures of the teeth. Clinical application will be implemented in DH 290 and DH 390. Two hours lecture per week. Prerequisites: DH 280, DH 190 and DH 210.

DH 0390  (S)  4 hrs. cr.
Clinical Dental Hygiene III
Continuation of DH 290: Clinical experience in advanced clinical procedures and discussion of the recognized dental specialties including their relationship to preventive dentistry. Sixteen hours lab week. Prerequisite: DH 290.

DH 0395  (S)  1 hr. cr.
Senior Seminar in Dental Hygiene
This seminar course serves as a means of combining information from all courses in the dental hygiene curriculum and applying content to patient cases and practice management issues. This course is also designed to assist in preparing senior dental hygiene students for the written and clinical examinations required for licensure and entry into the profession. One hour lecture per week.

Faculty  Howe – Head, Bartholet, Koch, Marsh

Mission
The Department of Engineering Technology (ET) provides programs designed to develop leaders in industry and society as a whole by providing a quality education to students that is application-oriented and connected to the needs of regional and global businesses.

Department Objectives
The Engineering Technology department at Missouri Southern will produce graduates who
1. have an appropriate mastery of the knowledge, techniques, skills and modern tools of engineering technology.
2. have the ability to apply current knowledge and adapt to emerging applications of mathematics, science, engineering and technology.
3. are able to identify and analyze problems and design effective engineering technology based solutions.
4. contribute professionally by functioning effectively on teams.
5. communicate effectively with professionals and lay audiences.
6. have an understanding for the discipline of engineering technology and its role in a societal and global context.

Curricular Options
The department offers a variety of instructional programs. These programs are:
• Industrial Engineering Technology (IET), BS
• Industrial Technology Education (ITE), BS
• Drafting and Design Engineering Technology (DDET)*, AS
• Manufacturing Engineering Technology (MET), AS
• Process Improvement, Minor
• Certification - Six Sigma Black Belt and Green Belt
• Certification - Land Surveyor in Training Courses
• Certification – Other
  o CAD Operator
  o CNC Operator
  o Quality Technician
• Industrial Training
*Designates program that has been accredited by the Technology Accreditation Commission (TAC) of the Accreditation Board for Engineering and Technology (ABET), 111 Market Place, Suite 1050, Baltimore, MD 21202-4012, Telephone: 410.347.7700.

Industrial Engineering Technology (IET), BS
The Bachelor of Science in Industrial Engineering Technology program provides a broad curriculum focused on determining the most effective and efficient ways to make a product or to provide a service. Industrial Engineering Technology is concerned with increasing productivity and quality and reducing cost through the management of people, methods of business organization and technology.

Industrial Engineering Technologists have skills and knowledge that allow them to work in a wide variety of businesses. The curriculum prepares individuals for entry-level positions such as industrial engineer, quality engineer, manufacturing engineer, design engineer, process engineer, improvement specialist, quality assurance specialist or production supervisor as well as graduate school.

The industrial engineering technology program at Missouri Southern is unique for it will allow students to earn their Six Sigma Green Belt and/or Black Belt should they choose to do so.

Industrial Technology Education (ITE), BS
The Industrial Technology Education program prepares students to teach Industrial Technology subjects at the Middle School or High School level. The program of study has foundations in problem-based learning utilizing math, science and technology principles.

The Industrial Technology Education degree has certifications for both middle school (grades 5-9) and secondary (grades 9-12). The middle school certification in Industrial Technology is one of two areas of concentration that a student may select from to complete their education degree. The student who desires to teach in a secondary school will have a single teaching field.

Technology education is an applied discipline designed to promote technological literacy at all levels. It is the intent of such study to provide students with an understanding of their technological culture so they can become intelligent consumers of their technology. Therefore, the program is designed to produce individuals who can solve problems involving the technical means humans use for their survival. Technology education capitalizes on the needs humans have for expressing themselves with tools and materials. Technology literacy is considered a basic and fundamental study for all persons regardless of educational or career goals. As a result of these goals, the discipline is both academic and laboratory oriented.

Manufacturing Engineering Technology (MET), AS
The Associate of Science in Manufacturing Engineering Technology program prepares students for a broad range of career opportunities in both traditional and highly computer-automated manufacturing environments.

Graduates enter employment with positions such as technicians, CNC programmers, first-line supervisors in manufacturing industries or pursue a baccalaureate degree.

Students graduating with the Associate of Science in Manufacturing Engineering Technology may continue their education by pursuing a baccalaureate degree in one of three areas:
• Industrial Engineering Technology (IET)
• Management Technology
• Industrial Technology Education

Drafting and Design Engineering Technology (DDET), AS
The Associate of Science in Drafting and Design Engineering Technology program prepares students to work in the Engineering Technology disciplines related to the field of drafting and design. The student will be introduced to the areas of Architecture, Technical Illustration, Surveying as well as 3D Design within the curriculum.

This program is accredited by TAC (Technology Accreditation Commission) of ABET (Accreditation Board for Engineering and Technology). The ABET accreditation is used to assure quality in educational institutions and programs. Accreditation is a voluntary, non-governmental process of peer review. It requires an educational institution or program to meet defined standards or criteria.

The curriculum prepares graduates to pursue a baccalaureate degree in Industrial Engineering Technology, Computer Information Science, Management Technology, Industrial Technology Education or enter employment as drafters/designers in the fields of manufacturing, civil, architecture or construction.

Process Improvement Minor
This minor was developed for non-Engineering Technology majors and focuses on skills and techniques used to improve processes and systems in a variety of industries. Any student majoring in business, health, criminal justice, CIS, biology, chemistry, technical writing or other fields will increase their competitiveness with this minor because any organization benefits from reducing cost and increasing productivity and quality. Some examples of industries who are looking for improvement analysts include Biotechnology, Pharmaceuticals, Food, Chemical Industry, Healthcare Services, Telecommunications Services, Medical Devices and Supplies, Financial Services, Insurance, Law enforcement, Business Services, Computer Software, Computer Hardware, Management Consulting Services, Government and Military Engineering Services, Mortgage Industry, Aerospace and Defense, as well as Energy and Utilities.

Six Sigma Green Belt and Black Belt Certification
This program is designed to provide participants with the knowledge, techniques and tools necessary to successfully fulfill the Green Belt or Black Belt role in many sectors of industry.

Six Sigma is a data-driven methodology used to improve a product or process. Six Sigma has become the world standard for manufacturing as well as service companies. Six Sigma is about understanding customer requirements, tying improvements to strategic goals of the company, quantifying the financial benefits of improvement projects and following a disciplined process in applying statistical tools to achieve a “near-perfect” process.

Land Surveyor in Training
Completion of the 15 credit hours of surveying classes will allow a person who has the necessary field experience and work related hours to sit for the Land Surveyor in Training licensing test in the State of Missouri. The Missouri Board of Architecture, Professional Engineering and Land Surveyors has approved this sequence of courses to meet statute Section 327.312.1(3) RSMo.
CAD Operator Certificate of Competency
This certificate was developed for non-degree seeking students.

The program is structured to prepare individuals to perform Drafting and Design work. The trained individual will have the skills to prepare drawings for manufacture and make design amendments to existing drawings using CAD programs. The certificate program prepares individuals to work as a CAD operator, as well as a drafting technician and a detailer.

CNC Operator Certificate of Competency
This certificate was developed for non-degree seeking students.

The program is designed to provide skills in the operation of Computer Numerical Controlled (CNC) lathes and milling machines. The student will be equipped to be a CNC Technician upon completion of the program.

Quality Technician Certificate of Competency
This certificate was developed for non-degree seeking students.

The program is structured to prepare individuals to assure quality in manufacturing and service industries. The trained individual will have the skills to assist a Quality, Manufacturing or Industrial Engineer in gathering and analyzing data pertinent to products and services to maintain and improve quality. The program prepares the individual to work as a Quality Technician, Quality Inspector, Quality Analyst or Process Improvement Technician.

Industrial Training
The department offers professional development opportunities for engineers, technicians and managers in areas of engineering technology. Examples of seminar or workshop topics include Root Cause Analysis, Basic Quality Tools with Minitab, Process Mapping, Failure Mode Effect Analysis, Understanding Heat-Treatment, AutoCad, Six Sigma Green Belt and Six Sigma Black Belt.

Facilities
The department provides an excellent environment for instruction and has several laboratories with sophisticated design, production and testing equipment. The manufacturing laboratory at Missouri Southern State University is a modern facility for learning about manufacturing processes. The lab contains full-size industrial machining equipment including manual lathes and milling machines as well as CNC machining centers. The material testing lab is a hands-on laboratory where students gain experience on the following equipment: metallurgical prep equipment and microscope, impact tester, universal testing machine, Rockwell hardness tester, micro-hardness tester and precision measuring equipment. Our computer facilities are equipped with personal computers and software including Minitab, Design Expert, AutoCad, Inventor, Solidworks, Mastercam, Cosmos and 3D Studio, as well as a 3-D printer.

Bachelor of Science in Education

**Middle School Education**

Candidates who elect middle school (grades 5-9) as their major must complete two areas of concentration consisting of 22-32 hours in each area. The curriculum for these areas is a joint effort by the departments of teacher education and the teaching specialty. Students who desire to teach in a middle school may choose to become qualified in any two of the following seven areas: Language Arts (English), Math, Science, Social Studies, Business, Industrial Technology or Speech/Theatre.

**Middle School Professional Education sequence Grades 5-9**

**Land Surveyor in Training Program of Study**

Completion of the following classes will allow a person who has the necessary field experience and work related hours to sit for the Land Surveyor in Training licensing test in the State of Missouri. The Missouri Board of Architecture, Professional Engineering and Land Surveyors has approved this sequence of courses to meet statute Section 327.312.1(3) RSMo.

**Certificates of Competencies**

The certificates were developed for non-degree seeking students.

The competency certificate programs in Manufacturing Applications are offered through Engineering Technology and can be earned by completing four course sequences.

**CAD Operator**

The program is structured to prepare individuals to perform Computer Aided Drafting and Design work in various industries. The trained individual will have the skills to prepare drawings for manufacture and make design amendments to existing drawings using CAD programs. The program will prepare the individual to work as a CAD operator, as well as a drafting technician and a detailer.

**Missouri Southern Six Sigma Certification**

Six Sigma is a data-driven methodology used to improve products or processes. Six Sigma has become the world standard for manufacturing as well as service companies. Six Sigma is about understanding customer requirements, tying improvements to strategic goals of the company, quantifying the financial benefits of improvement projects and following a disciplined process in applying statistical tools to achieve a “near-perfect” process.

Six Sigma certifications are offered through Engineering Technology and Life-long Learning. The student has two options to choose from.

* Six Sigma Green Belt
* Six Sigma Black Belt
Each belt certification can be achieved either through academic credit (option A) or as professional industry training (option B).

Industry professionals wishing to pursue option B, contact Dr. Elke Howe at 417.625.9849. The requirements for option A are outlined below.

**Six Sigma Green Belt**

Students can earn Green Belt certification by successfully completing the following courses with an average grade of B or higher. There is a special fee associated with Green Belt certification.

**Required Engineering Technology Curriculum**

**Course Descriptions**

**Drafting and Design Engineering Technology (DDET)**

**DDET 0110 (F,S)**

*Engineering Graphics I*
Preparation of drawings by using state-of-the-art CADD. Spreadsheet, word-processing, and electronic and photogrammetric methods are incorporated along with geometric construction, lettering orthographic projection, dimensioning, sections, pictorial drawing, graphs and diagrams. One hour lecture, four hours lab per week. Co-requisite: MATH 30.

**DDET 0115 (S)**

*Introduction to 3D Computer Aided Drafting*
Computer aided drafting and the design of basic 3D wireframe and 3D models. Individuals who have a background in CAD should take the course for personal or professional improvement. One hour lecture, four hours lab per week. Prerequisite: DDET 110 & MATH 30.

**DDET 0120 (F)**

*Descriptive Geometry*
Practical applications of advanced projection techniques to problems in civil, structural, mechanical and architectural engineering. Manual and computer assisted projects on methods are introduced. One hour lecture, four hours lab per week. Prerequisite: DDET 110, DDET 115, MATH 135 or instructor’s permission.

**DDET 0130 (F)**

*Engineering Graphics II*
Detail and assembly drawings of machines and machine elements. Survey of the use of machine tools, processes and materials in the design and fabrication of machine parts. The use of 3D and parametric design software enhance the industrial applications within this course. One hour lecture, four hours lab per week. Prerequisite: DDET 110, MATH 135.

**DDET 0204 (F)**

*Industrial Statics and Strength of Material*
Introductory survey of selected topics of statics and strength of materials, with emphasis on equilibrium friction, summation of forces and moments. The strength of materials will concentrate on simple stress and strain, basic beam relationships and torsional load carrying members. Two hours lecture, two hours lab per week. Prerequisite: DDET 110, MATH 135, Co-requisite: PHYS 151 or instructor’s permission.

**DDET 0210 (S)**

*Technical Illustration*
Pictorial drawing with an emphasis on mechanical and architectural applications. Major topics include mechanical illustrations, exploded views and perspectives drawn with a computer aided drafting system. Drawings will involve 2D and 3D illustration, lettering styles and computer generated rendering and animation. One hour lecture, four hours lab per week. Prerequisite: DDET 115, MATH 135.

**DDET 0220 (S)**

*Architectural Drafting*
Principles of architectural design, preparing sets of working drawings, building details and use of modern construction materials for residential building. Manual and computer aided design techniques used throughout the course. One hour lecture, four hours lab per week. Prerequisite: DDET 110, MATH 135.

**DDET 0230 (S)**

*Elementary Surveying*
Use and care of surveying instruments, fundamental surveying methods, traverse measurements, area computations, precise equipment, and topographic mapping. One hour lecture and four hours lab per week. Prerequisites: DDET 110 or permission of instructor and MATH 135.

**DDET 0231 (Demand)**

*Advanced Surveying*

**DDET 0232 (Demand)**

*Surveying Computations*
Introduction to the theory of measurements in surveying. Error propagation in horizontal and vertical position. The analysis of surveying measurement error. Error propagation in rectangular coordinate systems. Introduction to the techniques of compass rule adjustment and least squares for the adjustment of surveying data. Least squares adjustment of triangulation, trilateration and traverse network. Least squares adjustment of level networks. The use of...
surveying software will be utilized. Three one-hour lectures. Required background or experience: Prerequisite: MATH 135.

DDET 0233  (Demand)  3 hrs. cr.
Boundary Control and Legal Principles
Boundary retracement principles based on common laws. Emphasis on simultaneous conveyances, rancho lands, resurvey problems and legal descriptions. Three one-hour lectures. Required background or experience: DDET 230.

DDET 0234  (Demand)  3 hrs. cr.
Land and Survey Descriptions
History of land ownership and transfer of title; types of document of land conveyance; forms of legal descriptions of public and private lands; the bureau of land management; interpretation of maps and documents for the physical survey location of land boundaries; principles of writing precise land boundary descriptions; study of easements; value of monuments rectangular surveys; monumentation, restoration of lost corners, subdivision of sections, special surveys, plats and patents, meander lines and riparian rights. Three one hour lecture-problem sessions per week. Required background or experience. Prerequisite: DDET 230.

DDET 0260  (S)  3 hrs. cr.
Engineering Graphics III
Topics not covered in lower DDET courses, including Vector Graphics and DDET Applications pertaining to Descriptive Geometry. Geometric Dimensioning and Tolerancing and working drawings and CAM Design will be re-emphasized. Engineering design and problem solving will be an essential aspect of this course. Special topics in DDET. Finite elements will be introduced. Drafting facility management concepts will also be covered. Three hours lecture per week, open labs as required. Prerequisites: DDET 110, 120, 130, 204, MATH 135, PHYS 151. Co-requisite: MATH 302, PHYS 152 or instructor’s permission.

DDET 0271  (Demand)  3 hrs. cr.
Graphic Communication Tech I
Basic applications of data transfer and manipulations within industrial environments. Topics could include: basic Internet applications, Web page design, introduction to data formatting for the Internet and other topics as the technology changes. One hour lecture, four hours of lab.

DDET 0298  (Demand)  1-8 hrs. cr.
Special Topics Drafting & Design Engineering Technology
A special topic or topics not normally included in another drafting/design course. Prerequisites determined by the department and stipulated in a course syllabus.

DDET 0490  (Demand)  1-8 hrs. cr.
Internship in Drafting and Design Engineering Technology
A structured work experience in drafting/design at an institution, facility or industry not directly related to Missouri Southern. The work experience will be a practical application of the students major field of study under the direct supervision of an on-site professional who is not a Southern faculty or staff member. The on-site professionals will supervise the students activity in the field. A faculty member will be responsible for approving the placement site and supervising the overall activities of the internship. Prerequisite: 15 hours of DDET.

DDET 0498  (Demand)  1-3 hrs. cr.
Advanced Topics in Drafting and Design Engineering Technology
Specialized knowledge and skills related to new developments in drafting and design. Topics will vary by the semester and situation. Prerequisite: An associate degree in drafting & design or senior standing in management-technology or industrial technology.

DDET 0499  (Demand)  1-3 hrs. cr.
Independent Study in Drafting & Design Engineering Technology
Individually directed reading, research and discussions in selected areas of drafting and design for advanced majors. Scope, depth, area of concentration and credit hours will be arranged when registering for the course. Offered by arrangement. Prerequisite: 15 hours of DDET with a 3.0 GPA and permission of instructor, department head and school dean.

**Industrial Engineering Technology (IET)**

IET 0105  (F,S)  3 hrs. cr.
Introduction to Industrial Engineering Technology
This course introduces students to skills and resources that will help them be successful in their academic and professional career. Emphasis is provided in the areas of goal setting and personal development, use of research facilities and tools available on campus, problem solving and using data, teamwork, effective communication, professional ethics, as well as introductory concepts in engineering technology. Three one-hour lectures per week. Prerequisites: MATH 30 or above.

IET 0205  (S)  3 hrs. cr.
Computer Applications and Cost Analysis
Provides experiences in software applications in manufacturing settings and fundamentals of cost and analysis. Software applications include spreadsheets, databases, project planning, and charting. Three hours lecture per week. Prerequisite: Math 30 or above.

IET 300  (S)  3 hrs. cr.
Engineering Economics
Basics of engineering economics. Assessment of economic viability of a project. Evaluation of decision alternatives using different economic criteria. Three one-hour lectures per week. Prerequisites: MATH 130 with a grade of “C” or better and IET 205.

IET 0305  (S)  3 hrs. cr.
Basic Electricity and Electronics
This course provides an introduction into the principals of electricity/electronics with an emphasis on applications, problem solving and laboratory experiments. Topics covered will include AC and DC circuits, Series and Parallel circuits, Electrical components, Magnetism, Power and Instruments and Measurements. Two hours lecture and two hours lab per week. Prerequisite: MATH 130 with a grade of ‘C’ or better.

IET 0310  (F)  3 hrs. cr.
Computer Production/Planning Control
The course is designed to provide the theory and application of production and inventory management philosophies and techniques. The topics covered in this course will be discussed in light of the framework suggested in the APICS curriculum guides so that this can serve as a foundation for students preparing for certification exams. Applications will be illustrated through the use of computers. Three one-hour lectures per week. Prerequisite: MATH 130 with a grade of ‘C’ or better.
Wood and plastic products. The student will develop an appreciation for and knowledge of materials, products, tools and process. Emphasis is placed on the proper and safe use of wood and plastic machines, tools and chemicals as well as pride in workmanship. Students will be given an opportunity to design and build wood and plastic products throughout the course. Two hours lecture and two hours lab per week.

IET 0393  (Demand)  3 hrs. cr.  
**Wood and Plastic Science**  
This is a required industrial technology education course, which is an introduction to the science of wood and plastic and the processing and production of wood or plastic components as well as basic cabinet construction. The student will develop an appreciation for and knowledge of materials, products, tools and process as required in shop and industrial applications. Emphasis is placed on the proper and safe use of wood and plastic machines, tools and chemicals in the processing or production of wood and plastic components. Students will be given an opportunity to investigate their knowledge of design and building of wood and plastic products throughout the course. Prerequisites: of technical math or equivalent and IET 391. Two hours lecture and two hours lab per week.

IET 0355  (F)  3 hrs. cr.  
**Work Measurement/Ergonomics**  
This course covers work measurements and methods. The course will focus on the use of standards, value engineering, methods design, workstations, time studies and ergonomics. Prerequisite: MATH 130 with a grade of 'C' or better.

IET 0440  (S)  3 hrs. cr.  
**Six Sigma Methodology**  
This course is about building on skills and knowledge gained in prior coursework and demonstrating the successful use of Six Sigma tools and concepts toward reducing costs, increasing quality, or improving lead-time. Any knowledge and tools gained throughout the curriculum may be used through the application of the DMAIC model to do the project work. This course also completes the training basis for achieving the skill level of a Six Sigma Green Belt and is part of the requirements for a Six Sigma Black Belt. Three one hour lectures per week. Prerequisites: MET 250, IET 320, IET 355, and IET 310 or IET 450 or IET 460 or permission of instructor. Co-requisite: IET 425 or permission of instructor.

IET 0450  (F)  3 hrs. cr.  
**Plant Layout / Material Handling**  
This course is designed to give the students a comprehensive understanding of the issues involved in the design of an industrial production system. It will cover the problems in plant location, product analysis, process design, equipment selection, material handling and plant layout. Three one-hour lectures per week. Prerequisites: DDET 110, DDET 115, MATH 130 with a grade of 'C' or better.

IET 0460  (F)  3 hrs. cr.  
**Competitive Industrial Practices**  
Explores concepts and principles guiding today's businesses. Provides students with powerful approaches for eliminating waste and improving operations in organizations. Three one-hour lectures per week. Prerequisite: Senior Standing.
MET 0100  (F,S)  3 hrs. cr.
Introduction to Machine Tool Processes
The theory and safe operation of basic machine tools. Fundamental practices include: safety, basic mathematics, blueprint reading, bench-work, precision measurement, metal sawing, drills and drilling, pedestal bench grinding, engine lathes, mills. One hour lecture, four hours lab. Prerequisites: MATH 30 or higher.

MET 0105  (Demand)  3 hrs. cr.
Precision Machining
An introduction to the operation of surface, cylindrical, tool and cutter grinders. Principles of inspection and gaging, applied trigonometry, tooling geometry and advanced lathe and milling practices will be covered. One hour lecture, four hours of lab. Prerequisites: MET 100, DDET 110, MATH 130 or MATH 135 or MATH 140 or consent of instructor.

MET 0110  (Demand)  1 hr. cr.
Fundamentals of Cutting Tools
Introduction to tool geometry, chip formation and effects of coolants and tool design on tool life. Instruction on the sharpening of standard cutting tools for drilling, formed relieved end mills and mill cutters and the applications of various factors on machinability. The use of carbides and ceramics as cutting tools. One hour lecture, four hours of lab.

MET 0145  (S)  3 hrs. cr.
Industrial Automation
This course will provide the student with the ability to program equipment used in industrial automation to perform multiple processes. This course will also focus on operation, maintenance, and safety requirements of automation equipment in a manufacturing environment. Two hours lecture, two hours lab. Prerequisite: MATH 30 or higher or ACT score of 20 or higher.

MET 0160  (Demand)  3 hrs. cr.
Inspection and Gaging
Inspection, gaging and precision measurement procedures utilizing mechanical, electronic and optical measuring equipment and related math. Geometric dimensioning and tolerancing emphasized. Computer assisted process control methods are introduced and applied to specific inspection procedures. One hour lecture, four hours of lab.

MET 0200  (F)  3 hrs. cr.
Computer Numerical Control
Basic numerical control concepts and applications, the operation and setup of numerical control machines, including vertical machining centers and turning centers, numerical control programming as applied to machining applications using MDI. One hour lecture, four hours of lab. Prerequisites: MET 100, DDET 110, MATH 30 or 130 and MATH 135 or MATH 140 or consent of instructor.

MET 0240  (S)  3 hrs. cr.
Engineering Materials
Introduction to materials currently used in today's manufacturing settings with emphasis on metals, plastics, ceramics and composites. Laboratory activities involve both manual and computer assisted testing. Two hours lecture and two hours of lab. Prerequisite: MATH 130 with a grade of 'C' or better.

MET 0245  (F)  3 hrs. cr.
Manufacturing with Metals
Practical introduction to metals and alloys with emphasis on optimal use of materials in a variety of manufacturing applications. This course focuses on providing an understanding of how and when materials are used, examining specific applications and their requirements and relating those requirements to the properties of various materials. Criteria for appropriate materials selection as well as techniques for maintaining control over material properties during processing will be illustrated. Two hours lecture and two hours lab per week. Prerequisite: MATH 130 with a grade of 'C' or better.

MET 0298  (Demand)  1-8 hrs. cr.
Topics in Manufacturing Technology
Special topics in new or emerging manufacturing technology not normally included in another course. Prerequisites specified by the department in a course syllabus.

MET 0304  (S)  3 hrs. cr.
CNC Project & Cost Analysis
This course will focus on the development of a CNC project applying the principles of design, material selection, cost analysis, planning, and numerical control concepts, including vertical machining centers and turning centers, numerical control programming, and proofing. Students will gain an understanding of basic project management skills as well as project realization. Two hours lecture, two hours lab. Prerequisites: MET 200, MET 240 or MET 245, IET 205, IET 300.

MET 0490  (F,S)  1-3 hrs. cr.
Professional Internship
This course is intended to provide the student with "real-world professional" experience in the area of Industrial Engineering Technology by working with an external organization. The Engineering Technology department has several placement opportunities available to students. Students interested in pursuing an internship must start the application process the semester before they intend to work. Prerequisites: 2.5 Overall GPA minimum, 3.0 IET GPA minimum, Junior or Senior status, ET department approval.

MET 0494  (F,S)  1 hr. cr.
Senior Seminar
This class is designed to prepare the Industrial Engineering Technology senior for the transition from the university environment to the real world of work. It will cover topics such as: career development, employer expectations, job research, resume development, interviewing skills and transition issues. One hour lecture per week. Prerequisites: Senior Standing.

MET 0498  (Demand)  1-3 hrs. cr.
Advanced Topics in IET
Special topics in Industrial Engineering Technology.

IET 0490  (F,S)  1-3 hrs. cr.
Professional Internship
This course is designed to provide the student with "real-world professional" experience in the area of Industrial Engineering Technology by working with an external organization. The Engineering Technology department has several placement opportunities available to students. Students interested in pursuing an internship must start the application process the semester before they intend to work. Prerequisites: 2.5 Overall GPA minimum, 3.0 IET GPA minimum, Junior or Senior status, ET department approval.

IET 0494  (F,S)  1 hr. cr.
Senior Seminar
This class is designed to prepare the Industrial Engineering Technology senior for the transition from the university environment to the real world of work. It will cover topics such as: career development, employer expectations, job research, resume development, interviewing skills and transition issues. One hour lecture per week. Prerequisites: Senior Standing.

IET 0498  (Demand)  1-3 hrs. cr.
Advanced Topics in IET
Special topics in Industrial Engineering Technology.

Manufacturing Engineering Technology (MET)
MET 0498  (Demand)  1-3 hrs. cr.
Advanced Topics in Manufacturing Technology
Covers specialized knowledge and skills related to new developments in manufacturing technology. Topics will vary by the semester and situation. Prerequisite: Senior standing in management-technology or an associate degree in manufacturing technology.

MET 0499  (Demand)  1-3 hrs. cr.
Independent Study in Manufacturing Technology
Individually directed reading, research and report preparation in selected areas of contemporary manufacturing technology, for advanced majors. Scope, depth and area of concentration and credit will be arranged when enrolling in the course. Offered by arrangement. Prerequisite: Completion of required manufacturing technology courses with minimum 3.0 GPA and permission of instructor, department head and school dean.

Faculty  Gerecke, Peine, Pippin, Lemmons, Schiska, Strait

Mission
The mission of the Health Science degree is to provide a comprehensive baccalaureate degree that complements an associate allied health major. The degree is designed to promote critical thinking, leadership, communication and information skills, with a commitment to lifelong learning. Our graduates are academically prepared to pursue opportunities for advancement or graduate school.

Goal 1
To prepare undergraduate students with the knowledge skills and ethics needed to advance the health and quality of life of a diverse public.

Objectives
• Collect, store, retrieve, analyze and interpret health data; in order to be prepared to design health needs assessments and establish basic health programs and services. (HS 350, HS 380, HS 390, PSY 320, GB 321, MATH 310, SOC 305.)
• Describe the U.S. health profile, including key indicators, determinates, disparities, access to health services, historical and contemporary trends and implications. (HS 390, HS 370, HS 380)
• Identify and describe the evolution of the U.S. health services system and the major settings, providers and funding for the delivery of public and private preventive and treatment services. (HS 390 & Finance course)
• Recognize the importance of honoring diversity, acting with civility, practicing ethically and promoting mutual respect when working with diverse individuals, groups and communities. (HS 390, HS 312, HS 305)
• Describe the business and financial implications in the cost of health care. (HS 390)
• Identify physical, chemical or biological hazards that adversely impact human health. (HS 380, HS 370)

Objective
• Emphasis One: Allows students who complete an Associate in an allied health field to select a degree that will strengthen and utilize the associate curriculum within the Health Science degree. There are four specific...
options in this emphasis area. Three are designed for MSSU graduates who complete a degree in Dental Hygiene, Radiology or Respiratory with the fourth area for students who transfer with an Associate Allied Health Degree. Students who completed one of the aforementioned allied health programs may qualify for earned retro-credit.

- **Emphasis Two:** Is available for students who do not have a health profession background but would like to pursue a Bachelor of Health Science degree. As a major in BS Health Science, students will undertake a course of study that blends three areas of emphasis that is comprised not only of the Health Science (18 hours) General Education Requirements but includes courses in Business (21 hours) and the Life/Health Sciences (21-27 hours).

The courses in the curriculum are offered on campus as well as web based. The demand for this degree will be great among current students, past graduates and clinicians currently working in the health industry. The following is the curriculum for the Bachelor of Science Degree in Health Science.

**Bachelor of Science Degree in Health Science**

**Major Code HS00**

**Option:**
- Dental Hygiene
- Radiology Technology
- Respiratory Therapy
- Transfer Allied Health majors
- Business / Life-Health Science

**Option – Dental Hygiene**

**Semester Hours**

(18 Upper division hours in Dental Hygiene Core)

**Electives (Upper Division)**

**Total** 128

*Required courses satisfy major requirements and General Education Requirements. Both Sociology and Psychology are required. One course is built into the General Education Requirements and the other should be taken as a dental hygiene requirement.

**Four hours of upper division electives needed after completion of the Dental Hygiene and Health Science Core. ENG 305 recommended to satisfy GER Area F2 to help meet upper division requirements.

**Option – Radiology Technology**

**General Education Requirements (p. 45) 47* | 40**

Select two courses from the list below: ............. 4-6

- HS 340  Theory & Practice Teaching Health Science | 3
- MM 354  Quality Management | 3
- MM 321  Professional Sales & Sales Management | 3
- EH 378  Occupational Health & Safety | 3
- KINE 305  Aging and Health | 3
- HS 499  Independent Study | 1-3

### Total ............................................... 144-150

*Required courses satisfy major requirements and General Education Requirements.

*Transfer courses from the students Associate Allied Health degree may meet some of the MSSU Core requirements. These courses will be reviewed on a course by course basis by the Registrar's Office.

**Students who transfer with an Associate Degree in Dental Hygiene, Radiologic Technology or Respiratory Care may qualify for upper division retro-credit hours. Retro-credit will be granted to transfer students in these fields who meet the following requirements:

- Graduate with an associate degree from an accredited program (Commission on Dental Accreditation, Commission on Accreditation for Respiratory Care or Joint Review Commission on Education in Radiologic Technology)
- Passed a national written board examination and/or regional practical examination.
- Current license to practice in at least one state in the United States.
Option – Business / Life-Health Science

Course Descriptions

HS 0111 (F,S) 3 hrs. cr.
Medical Terminology
The language of medicine, especially as related to radiology, through a comprehensive study of the more common medical roots, prefixes andsuffixes. Relates medical roots to everyday English words. A survey of medical diseases and surgical terms is included. This particular course is recommended for pre-radiology students. Three hours lecture per week. Cross-listed as RAD 111.

HS 0305 (F,S) 3 hrs. cr.
Intercultural Communication (Writing Intensive)
Analysis of variables influencing communication among peoples from different cultures. Emphasis on developing interpersonal skills needed in multicultural encounters. Prerequisite: COMM 100. Cross-listed as COMM 305.

HS 0312 (F-Even,S,Su) 3 hrs. cr.
Biomedical Ethics (Writing Intensive)
A comprehensive investigation of ethical problems relating to health care and the practice of medicine, including study of such issues as euthanasia and the right to die, abortion, confidentiality, patient rights and professional responsibilities, allocation of medical resources and medical experimentation. Prerequisites: ENG 101 and 102 or ENG 111. Cross-listed as PHIL 312.

HS 0340 (Su) 3 hrs. cr.
Theory & Practice Teaching Health Science
Provide the methodological basis for making pedagogical decisions concerning lesson design and presentation. Microteaching provides an opportunity to practice methods and techniques for teaching. Short teaching episodes are prepared, taught and analyzed via video-tape. The basic concern is with the demonstration of effective teaching skills as enumerated in the outline.

HS 0350 (F,S,Su) 3 hrs. cr.
Fundamentals of Organizational Management (Writing Intensive)
A study of the fundamentals and functions of organizational management including planning, decision making organization, leading and controlling from individual and group behavior perspectives. Prerequisites: Junior standing and ENG 101/102 or equivalent. Cross-listed as MM 350.

HS 0370 (S) 3 hrs. cr.
Environmental Health
Contemporary environmental health problems and public protection measures, including public health disease prevention and environmental health
A student may enroll in the professional courses either at the hospital-based school or through Missouri Southern, depending on the policies of the hospital-based school. Students enrolled at the hospital-based school are not considered members of the Missouri Southern student body, since the hospital-based school in such cases is considered as any other accredited institution of higher education. A student enrolling through Missouri Southern is considered a member of the University student body and is therefore eligible for benefits offered all students. The weekly time requirements for the professional medical technology courses (400 level) are based on the minimum requirements for a course meeting for a normal academic term for a minimum of 16 weeks. Actual scheduling of classes may vary according to custom of the individual professional school to meet these minimum total hour requirements.

Students in this major whose career goals change or are unsuccessful in gaining admission to a professional training program are ideally suited to complete another science major with virtually no loss of academic credits.

Course Descriptions

MT 0401  (S)  10 hrs. cr.
Clinical Chemistry
Analytical and theoretical aspects of the clinical biochemistry of body fluid constituents utilizing both manual and instrumental techniques, including automation and special procedures. Five hours lecture, twenty hours clinic/lab per week.

MT 0402  (S)  1 hr. cr.
Clinical Microscopy
Principles and techniques of the physical, chemical and microscopic examination of urine and other excretory as related to disease processes. One hour lecture, clinic by arrangement.

MT 0403  (F)  6 hrs. cr.
Clinical Hematology
The cellular elements of blood and bone marrow; theory of cell production, release and survival; morphological characteristics of normal and abnormal cells; quantitative and qualitative abnormalities. Principles and techniques involved in the study of hemostasis, blood coagulation and hemorrhagic disorders. Three hours lecture, twelve hours clinic/lab per week.

MT 0404  (S)  3 hrs. cr.
Clinical Serology-Immunology
The science of immunity including antibody development, principles of antigen-antibody interactions and techniques of serological testing for various disease states. Three hours lecture, twelve hours clinic/lab per week.

MT 0405  (S)  7 hrs. cr.
Clinical Microbiology
Sterile technique, methods of handling and inoculating specimens containing pathogenic micro-organisms, isolation and identification of pathogenic microorganisms, laboratory tests in chemotherapy and diagnostic bacteriology, mycology and parasitology. Four hours lecture, twelve hours clinic/lab per week.

MT 0406  (S)  3 hrs. cr.
Clinical Immunohematology-Blood Bank
Blood group systems and the immune response. Methods of cross matching, antibody screening and phenotyping. Administrative safeguards and legal aspects of blood banking. Proper clinical utilization of blood components. One hour lecture, eight hours clinic/lab per week.

MT 0407  (S)  2 hrs. cr.
Special Topics in Medical Technology
Lecture and/or clinical practice in the areas of in-service education, management and supervision, research and development and principles and techniques of the instructional process. Lecture and labs to be arranged.

Faculty  Linder - Director, Ayton, Bush, Corcoran, Eller, Haggard, Hart, Hempsmyer, Jackson

Mission
Provide contemporary nursing education at the undergraduate and graduate levels. Improve healthcare in culturally diverse local and global communities through excellence in nursing education, practice and service.

Nursing Program
The Bachelor of Science degree Nursing Program provides intensive preparation for the first-time entering student, baccalaureate degree graduate, licensed practical nurse seeking licensure as a registered nurse and for the registered nurse pursuing baccalaureate education in the nursing discipline.

The program is based on the Betty Neuman Systems Model, emphasizing Person, Health, Environment and Nursing. General Education Requirements and required support courses augment nursing courses in preparing a professional nurse who is able to function at the client’s side in a diverse healthcare delivery system.

The program has full approval by the Missouri State Board of Nursing, PO Box 656, Jefferson City MO, (573) 751-0681.

Application for registered nurse licensure in Missouri
According to Section 335.066 Missouri Nursing Practice Act (1-16), granting of the nursing baccalaureate degree does not guarantee eligibility to sit for the licensure examination or guarantee issuance of a license to practice nursing in the state of Missouri. For eligibility requirements to apply, write the National Council Licensure Examination for Registered Nurses (NCLEX-RN) as specified in section 335.046-1 of the Missouri Nursing Practice Act. In addition, the applicant should: 1) be of good moral character; 2) have completed high school or equivalent; 3) have successfully completed basic professional curriculum in accredited school of nursing. Section 335.086, Missouri Nursing Practice Act (1-16), provides rules for denial, revocation or suspension of license and grounds for civil immunity. The Board may refuse to issue any certificate of registration or authority and permit or license stated in subsection two of this section. Detailed information may be obtained through the Missouri State Board of Nursing Website – www.pr.mo.gov/nursing.asp

Completion of the nurse education program does not guarantee eligibility to take the licensure examination.

The program is nationally accredited by The National League for Nursing Accrediting Commission (NLNAC), 3343 Peachtree Road NE Suite 850, Atlanta, GA 30326, Phone 404-975-5000 and Fax 404-975-5020.

Department of Nursing Program Objectives
- Offer a nationally accredited Baccalaureate Degree in Nursing.
- Enhance higher order thinking, communication, research and therapeutic interventions in the practice of professional nursing.
- Promote lifelong learning activities for personal and professional development.
- Furnish a foundation for management and leadership roles in nursing.
- Prepare graduates to use Standards of Clinical Nursing Practice in a variety of settings.
- Provide a foundation for graduate education studies in nursing.
• Promote empathy for the values and perspectives of diverse cultures including an awareness of international and multicultural influences in nursing.

Graduate Outcomes
Upon completion of the program the graduate will:
• Apply the Neuman systems model in the promotion of the person’s optimal systems stability.
• Promote health by empowering the person through health education.
• Provide self-directed contemporary health care through application of the nursing process.
• Practice within the professional standards of care.
• Use current technologies in providing culturally sensitive care through primary, secondary and tertiary prevention.
• Manage health care delivery through coordination, collaboration and delegation.
• Integrate communication strategies in interacting with the person.
• Apply nursing and health related research to nursing practice.

Admission Criteria
1. Continuous enrollment, readmission or admission to the University as a transfer student.
2. Cumulative GPA of 2.5 minimum based upon completion of freshman and sophomore courses listed in the suggested order of study.
3. Completion of the following required support courses with a grade of ‘C’ or higher:
   BIO 121  Anatomy and Physiology I
   BIO 221  Anatomy and Physiology II
   BIO 231  General and Medical Microbiology
   CHEM 120  Chemistry for Allied Health Sciences
   BIO 308  Pathophysiology
   KINE 385  Nutrition for Human Development
4. All courses from the Suggested Order of Study must be completed prior to entering the nursing major at the junior level.
5. Criminal Record check
6. State of Missouri Caregiver Background Screening
7. Drug/Alcohol Screen
8. Physical examination with health requirements documented
9. Non-refundable application fee

RSMO 660.317 prohibits a hospital from knowingly allowing those guilty of Class A and B felonies as defined by state law to give care to clients in the agency. Missouri Southern State University students are assigned to do clinical practice in cooperating hospitals and the Department is in agreement that students must meet these requirements. Results of a personal criminal history record check and caregiver background screening must be on file prior to fall semester of the Junior Year of nursing courses. Applicants who have been found guilty and/or listed on background check lists in the Family Care Safety Registry pursuant to sections 210.900 to 210.937, RSMo of Class A and B felonies will be ineligible to enter the program.

ADMISSION TO THE PROGRAM IS COMPETITIVE.

Applicants must demonstrate evidence of personal characteristics and integrity that indicate high probability of successful degree completion and must meet application criteria necessary to complete the National Council Licensure Examination (NCLEX-RN).

Application, readmission and transfer forms and criteria are available from the Department of Nursing.

Deadline for Department of Nursing application and Missouri Southern State University transcript is January 31.

The applicant is responsible for verifying that the Missouri Southern State University transcript contains all transcribed courses from other colleges and universities prior to the application deadline and submitting the Missouri Southern State University transcript to the Department of Nursing by the stated deadline.

Students who meet all admission criteria and have completed the Suggested Order of Study for the Bachelor of Science Degree in Nursing at Missouri Southern State University will be given preference in admission.

Progression policies: Refer to the Department of Nursing Student Handbook for progression policies. The Department of Nursing Student Handbook can be accessed at www.mssu.edu/academics/technology/nursing.

Freshman Option: Direct Provisional Admission (DPA)
Students entering as first time freshmen to Missouri Southern State University will have the opportunity to receive direct provisional admission to the nursing program based upon the following criteria:
1. Meet all requirements for regular admission to Missouri Southern State University as a first-time freshman.
2. ACT composite score of 25 or higher.
3. Maintain a 3.0 GPA in required courses each semester with a grade of ‘C’ or above (refer to catalog for required courses).
4. Meet all other requirements for admission to nursing major prior to matriculation.

Admission of Baccalaureate Degree Applicants
Applicants holding a baccalaureate degree are considered by the University as having completed the General Education Requirements. Degreed nursing applicants must meet all stated admission requirements.

The cumulative GPA on baccalaureate degree earned will apply to degreed nursing applicants.

Required support courses for admission into the nursing major including natural area physical sciences courses requiring a grade of ‘C’ or higher are as follows:

Admission of Registered Nurses (RNs)
Registered nurses are admitted to the University as graduates of Southern’s Associate Degree Nursing Program or as transfer students. In addition to the program admission requirements, registered nurses must also meet the following requirements:
1. Graduation from a state-approved and National League for Nursing Accrediting Commission (NLNAC) accredited associate degree or diploma nursing program. Registered nurse applicants from non-NLNAC
NURSING 221
accredited nursing programs must complete NURS 301 Transitions in
Nursing and attain a GPA of 3.0 in the first semester of coursework in
order to be granted regular admission status.
2. Current registered nurse licensure or eligibility in the state of Missouri.
3. Upon successful completion of NURS 301 Transitions in Nursing, 3
credit hours, validation of 31 credit hours of nursing knowledge will be
transcribed for credit as follows:
		 NURS 310 Health Assessment and Technologies. . . . . . 5 cr
		 NURS 330 Adult Nursing I. . . . . . . . . . . . . . . . . . . . . . . . 3 cr
		 NURS 335 Adult Nursing II . . . . . . . . . . . . . . . . . . . . . . . 4 cr
		 NURS 340 Nursing Care of the Childbearing Family. . . . 4 cr
		 NURS 360 Mental Health Nursing. . . . . . . . . . . . . . . . . . 4 cr
		 NURS 380 Nursing Care of the Child and Family. . . . . . 5 cr
		 NURS 400 Complex Nursing. . . . . . . . . . . . . . . . . . . . . . 6 cr
An assessment fee per credit hour will be charged to the student’s account.
4. The RN has an option to challenge NURS 305 Pharmacology in Nursing
(3 credit hours) and NURS 370 Gerontologic Nursing (3 credit hours)
through departmental examination. An assessment fee per credit hour
will be charged to the student’s account.

Admission of Licensed Practical Nurses (LPNs)

Licensed Practical Nurses (LPNs) are admitted to the University as first-time
(generic) or transfer students. LPN applicants must meet all University and
program requirements for admission. The LPN has the option to challenge 11
credit hours for NURS 305 Pharmacology in Nursing, NURS 310 Health Assessment and Technologies, and NURS 370 Gerontologic Nursing through
departmental examination. An assessment fee per credit hour will be charged
to the student’s account.
Transfer Policy for Students from a Baccalaureate
Degree Nursing Program
1. All program admission criteria must be met.
2. A letter of reference is required from the Dean or Director of the nursing
program previously attended stating the student left in good standing
and is eligible for readmission.
3. Transfer courses will be evaluated for course equivalency at Missouri
Southern on an individual basis.
4. Nursing courses with a clinical component must be fully met.
5. Transfer is based on space availability.

Special Fees

In addition to all established fees for University students, special laboratory
fees are assessed for:
• Fall semester Junior Year – NURS 310
		 Nursing Assessment and Technologies . . . . . . . . . . . . . . . . . .  $635.00
• Spring Semester Junior Year – NURS 380
		 Nursing Care of the Child and Family. . . . . . . . . . . . . . . . . . . .  $350.00
• Fall semester Senior Year – NURS 430
		 Advanced Health Assessment . . . . . . . . . . . . . . . . . . . . . . . . .  $635.00
• Spring Semester Senior Year – NURS 450
		 Community Health Nursing. . . . . . . . . . . . . . . . . . . . . . . . . . . .  $440.00
Other costs incurred during the program include, but are not limited to: required nurse bag equipped for courses, uniforms, pins, standardized examination fees, graduation fees, licensing examination fees, hepatitis series,
current immunizations, etc. An estimated cost sheet for nursing students is
available in the Department of Nursing.

Minors

Minors in supportive disciplines are available to nursing students. See requirements for the following suggested (but not exclusive) minors: Informatics, Business, Spanish, etc.


Course Descriptions

NURS 0301  (F)  3 hrs. cr.  Transitions in Nursing
This course will assist the Registered Nurse student to examine the role of a baccalaureate degree prepared nurse in a changing healthcare environment. The student will have the opportunity to integrate current nursing practice, philosophy, concepts and theories into his/her professional practice. Offered online only. Prerequisite: Admission to the nursing program and registered nurse licensure.

NURS 0302  (F,Demand)  3 hrs. cr.  Herbal and Complementary Therapies
Herbal and Complementary Therapies is a course designed to enhance the learner’s understanding and appreciation of universal alternative and holistic approaches to health. “Nontraditional” treatment methods that comprise complementary therapies include herbal medicine, homeopathy, naturopathy, therapeutic massage and acupuncture. One 3-hour lecture per week. Prerequisite: BIO 101 General Biology.

NURS 0305  (F)  3 hrs. cr.  Pharmacology in Nursing
This course is designed to introduce the nursing student to essentials of basic and clinical pharmacology in preparation for application with patient populations in a clinical setting. The student will focus on the commonalities of drug classifications related to the physiologic systems of clients during the life span. Prerequisite: Admission to the nursing program and concurrent with NURS 310 and NURS 320. (Concurrent enrollment in NURS 301 Transitions in Nursing is required for RNs.)

NURS 0310  (F)  5 hrs. cr.  Health Assessment and Technologies
Incorporates a systematic approach to basic health assessment and application of basic nursing interventions for the person with limited variances in health. Three hours lecture and six hours lab per week. Prerequisite: Admission to the nursing program and concurrent with NURS 305 and NURS 320.

NURS 0330  (F)  3 hrs. cr.  Adult Nursing I
This course focuses on beginning concepts in nursing practice and variances in health of adults with common health problems. Emphasis is on application of the nursing process in secondary prevention. Four (4) hours lecture per week for the first half of term of the fall semester concurrent with nine (9) hours clinical per week for the first half of term of the fall semester. Prerequisite: Admission to the nursing program and concurrent with NURS 305 and NURS 310. This course precedes NURS 335 that is offered in the second half of term of the fall semester.

NURS 0335  (F)  4 hrs. cr.  Adult Nursing II
NURS 335 builds on the concepts of NURS 330 and expands on nursing practice regarding variances in health of adults with common health problems. Emphasis is on application of the nursing process in secondary prevention. This course is taught in the second half of term of the fall semester with four (4) hours lecture per week, and nine (9) hours clinical per week for the second half of term of the fall semester. Prerequisite: Admission to the nursing program, successful progression from NURS 330 with minimum grade of “C” and concurrent with NURS 305 and NURS 310.

NURS 0340  (S)  4 hrs. cr.  Nursing Care of the Childbearing Family
Focuses on health promotion of the developing family and nursing care of the maternity client with variances of health. Four (4) credit hours. Three (3) hours of lecture and three (3) hours clinical per week. Prerequisites: NURS 305, NURS 310, NURS 330 and NURS 335 with a minimum GPA of 2.5 and concurrent with NURS 360, NURS 370, and NURS 380.

NURS 0360  (S)  4 hrs. cr.  Mental Health Nursing
Focuses on assessment, promotion of mental health and care of the person with variances in mental health. Use of therapeutic communication and the nurse-client relationship are emphasized. Two hours lecture, six hours of clinical per week. Prerequisites: Minimum 2.5 GPA in prior semester in NURS 305, NURS 310, NURS 330 and NURS 335 and concurrent with NURS 340, NURS 370, and NURS 380.

NURS 0370  (S)  3 hrs. cr.  Gerontologic Nursing  (Writing Intensive)
Focuses on the normal aging process and common health variances of the older person. Three hours lecture per week. Prerequisites: Minimum 2.5 GPA in prior semester in NURS 305, NURS 310, NURS 330 and NURS 335 and concurrent with NURS 340, NURS 360 and NURS 380 or RN status with permission of instructor.

NURS 0380  (S)  5 hrs. cr.  Nursing Care of the Child and Family
Focuses on health promotion of the developing family and nursing care of the pediatric client with variances of health. Five (5) credit hours. Three (3) hours of lecture and six (6) hours of clinical per week. Prerequisites: NURS 305, NURS 310, NURS 330 and NURS 335 with a minimum GPA of 2.5 and concurrent with NURS 340, NURS 360 and NURS 370.

NURS 0400  (F)  6 hrs. cr.  Complex Nursing
Focuses on the nursing care of persons with complex variances in health in acute care and rehabilitation settings. Three hours lecture, nine hours of clinical per week. Prerequisites: Minimum of 2.5 GPA in prior semester in NURS 340, NURS 360, NURS 370, and NURS 380 and minimum score of 850 on Evolve MC-1 or MC-2 test and concurrent with NURS 420 and NURS 430.
NURS 0420  (F)  3 hrs. cr.
Nursing Ethics and Informatics  (Writing Intensive)
Focuses on the process of ethical decision making. Ethical issues confronting
the professional nurse including issues related to informatics in healthcare
are explored. Writing intensive. Three hours lecture per week. Prerequisites:
Minimum 2.5 GPA in prior semester in NURS 340, NURS 360 NURS 370 and
NURS 380 and minimum score of 850 on Evolve MC-1 or MC-2 and concurrent
with NURS 301 (RNs), NURS 400 and NURS 430.

NURS 0430  (F)  3 hrs. cr.
Advanced Health Assessment
The emphasis of advanced health assessment will be refining abilities to uti-
lize techniques to assess, identify and describe variances from normal. Two
hours lecture, three hours of lab per week. Prerequisites: Minimum of 2.5
GPA in prior semester in NURS 340, NURS 360, NURS 370 and NURS 380
and minimum score of 850 on Evolve MC-1 or MC-2 test and concurrent with
NURS 400 and NURS 420.

NURS 0450  (S)  5 hrs. cr.
Community Health Nursing
Concepts and methods for assessment of community strengths and health
needs will be analyzed to improve the overall health status of the person and
aggregates. Three hours lecture, six hours of clinical per week. Prerequisites:
Minimum 2.5 GPA in prior semester in NURS 400, NURS 420 and NURS 430
and concurrent with NURS 460 and NURS 470.

NURS 0460  (S)  3 hrs. cr.
Nursing Research  (Writing Intensive)
Emphasizes evaluation of nursing research, utilization of research findings in
the clinical setting and assisting in the conduct of research. Three hours of
lecture per week. Prerequisites: PSY 320, minimum 2.5 GPA in prior semes-
ter in NURS 400, NURS 420 and NURS 430 and concurrent with NURS 450
and NURS 470.

NURS 0470  (S)  5 hrs. cr.
Nursing Management and Leadership
Emphasis is on nursing management and organization, nursing leadership
skills and resource allocation. Three hours lecture and six hours clinical per
week. Prerequisites: Minimum 2.5 GPA in prior semester in NURS 400,
NURS 420 and NURS 430 and concurrent with NURS 450 and NURS 460.

NURS 0498  (Demand)  1-3 hrs. cr.
Advanced Topics in Nursing
Special topic or topics not normally included in another course. Prerequisites:
Upper division standing; additional requirements will be stipulated in the syl-
labus of the course.

Faculty  Peine-Head

Mission
The mission of the Missouri Southern State University Department of Emer-
gency Medical Services is to educate and graduate an EMS professional who
is a competent entry-level practitioner. The program is designed to develop
and promote conceptual, technical, contextual, integrative and adaptive com-
petence so that graduates are well rounded in all phases of professional be-
havior. Graduates will be prepared to enter the health professions workforce
and be eligible for licensure, certification and advanced education.

The School of Health Sciences, Public Safety, Technology and the Depart-
ment of Emergency Medical Services offer certificate programs preparing
students to challenge the National Registry examinations. The program is
closely integrated with area Emergency Medical Services and area Trauma
Centers. Students seeking information about these programs should con-
act the Director of EMS programs for details about applying for admission
to the program. The program meets all requirements of the National Cur-
riculum. The Department of Emergency Medical Services is an accredited
training entity for the Missouri Department of Health and Senior Services
and the Missouri Unit of Emergency Medical Services. Classroom instruction
is supplemented by clinical observation and field experience. The program
meets through three consecutive semesters beginning each fall semester.
The clinical training is arranged through area hospitals and advanced life
support ambulance services.

The completed application packet must be submitted to the Department of
Emergency Medical Services by June 1 for all students wishing to enter
the program in the fall. Special book and equipment fees are assessed for this
course.

Paramedic
Certificate Code PA80

Paramedic Certificate Requirements
PARA 250  Paramedic I ................................. 12
PARA 270  Paramedic II ............................. 12
PARA 290  Paramedic III ............................. 9
Total .................................................... 33

Admission Criteria
1. Must be 18 years of age before first class.
2. High school graduation diploma or its equivalent.
3. Evidence of successful completion of Emergency Medical Technician
course.
4. Possession of current State of Missouri EMT license, or eligibility and
ability to obtain one by first day of class.
5. Maturity of judgment, sound moral character and health status, which
provide reasonable assurance that the student will meet the physical
and mental demands of the occupation.
6. Completion of PARA 201 or BIO 121 (or equivalent) with a grade of "C"
or better.
7. Submission of completed application and required materials by applica-
tion deadline.
8. Submission of MSSU admission application by program application
deadline.

Final selection of student by the admissions committee shall be based on the
following factors:
1. Oral interview to determine career goals, communication skills, back-
ground, and orientation toward the paramedic educational program.
2. Written and practical exam which will include Emergency Medical Tech-
nician and math questions.
3. Letters of recommendation from employers, professional personnel,
and/or past instructors.
The School of Health Sciences, Public Safety, Technology and the Department of Emergency Medical Services offer certificate programs preparing students to take the National Registry examinations. The program is closely integrated with area Emergency Medical Services and area Trauma Centers. Students seeking information about these programs should contact the Director of EMS programs for details about applying for admission to the program. The Department of Emergency Medical Services is an Accredited Training Entity for the Missouri Department of Health and Senior Services and the Missouri Unit of Emergency Medical Services. Classroom instruction is supplemented by clinical observation and field experience. The program meets through one semester beginning each fall and spring semester. The clinical training is arranged through area hospitals and advanced life support ambulance services.

EMT Certificate Code PA80

PARA 220 Emergency Medical Technician ............... 9
Admission Criteria
1. Must be 18 years of age to sit for the National Registry examinations.
2. High school graduation diploma (or equivalent) or a student in good standing at the high school junior or senior level.
3. Maturity of judgment, sound moral character and health status, which provide reasonable assurance that the student will meet the physical and mental demands of the occupation.
4. Must submit proof of required immunizations.
5. Pass a thorough, department approved background check.
7. Submit application and required documents by the application deadline.

Course Descriptions

PARA 0201 (F,S) 4 hrs. cr.
Concepts of Anatomy & Physiology in Emergency Medical Care
Concepts of Anatomy & Physiology in Emergency Medical Care is a fundamental course designed to provide you with the understanding and knowledge to help you succeed in pre-hospital emergency care. The course covers how the structure and function of various systems and organs in the human body interact to function as a unit. Emphasis will be placed on the cardiovascular, respiratory, gastrointestinal, musculoskeletal, and central nervous systems. Four hours of lecture per week. Enrollment is restricted to Pre-Paramedic students only.

PARA 0220 (F,S) 9 hrs. cr.
Emergency Medical Technician
This training course is organized to provide the student with knowledge about the acute, critical differences in physiology, pathophysiology, or clinical symptoms, as they pertain to the pre-hospital emergency medical care of the infant, child, adolescent, adult and geriatric patient. The student will have an opportunity to acquire clinical experience and practical skills related to the emergency medical care of these patients.

PARA 0250 (F) 12 hrs. cr.
Paramedic I
This training course is organized to cover the Preparatory, Airway Management, Patient Assessment, and introduce the Trauma portion of the National Curriculum. The classes will meet for three, four-hour classes each week of the semester. The class time will include both didactic and hands-on training of the skills needed including medication administration, airway maintenance, IV access, monitoring, and patient assessment. Prerequisites include completion of PARA 201 or BIO 121 (or equivalent) with a "C" or higher, a current Missouri EMT-Basic license, and a current CPR for Healthcare Provider card.

PARA 0270 (S) 12 hrs. cr.
Paramedic II
Paramedic II is organized to cover the Trauma and Medical portion of the National Curriculum. The course provides the student with knowledge about the acute, critical differences in physiology, pathophysiology, or clinical symptoms, as they pertain to the pre-hospital emergency medical care of the infant, child, adolescent, adult, and geriatric patient. The student will have an opportunity to acquire clinical experience and practical skills related to the emergency medical care of these patients both during class time and during hospital-based clinical rotations. Prerequisites include completion of PARA 250 with a "C" or higher, current CPR for Healthcare Provider certification, and a current Missouri EMT-Basic license.

PARA 0290 (Su) 9 hrs. cr.
Paramedic III
Paramedic III is organized to cover the Special Populations and EMS Operations portions of the National Curriculum. During Paramedic III, the student will meet for one class a week for the didactic portion covering special considerations in emergency medicine, assessment based management, and operations of the Emergency Medical Services. During the remaining part of the week, the student will be assigned specific hours with Advanced Life Support Ambulance Services and specified Preceptors to complete the Field Internship portion of the training. Prerequisites include completion of Para 270 with a "C" or higher, current CPR for Healthcare Provider certification, and a current Missouri EMT-Basic license.
riculum at Southern and planning to transfer to MS&T or UMC. The plan also includes the courses the student will take at MS&T or UMC to complete a BS degree in various engineering disciplines. Engineering school general education requirements are different from liberal arts requirements so it is strongly recommended that the student consult with a pre-engineering adviser in the Physical Science dept. Any student or adviser who desires a copy of the booklet should contact the Chemical and Physical Sciences Department.

Although most of the engineering programs are standard for the first two years, there are a few differences and thus the student should meet with a pre-engineering adviser during the first semester. If a student wishes to transfer to a school other than MS&T or UMC, it is suggested that the catalog of that school be reviewed for any differences in its program and the MS&T or UMC outline. College catalogs are available in the Reserve Area of Spiva Library. Any adviser who desires a copy of the booklet should contact the Chemical and Physical Sciences Department.

Faculty Schiska - Head

Mission
Consistent with the philosophy of MSSU, the mission of the radiologic technology program is to provide high quality entry-level radiographers for the service area of the university. Attention is focused on the needs of each student for local and international service.

The Associate of Science Degree in Radiologic Technology combines General Education Requirements courses, a supportive course in the behavioral sciences, natural sciences and special courses in the field of radiology, including extensive clinical laboratory experiences. The clinical laboratory experiences are provided through agreements between Missouri Southern and other accredited facilities and may include weekends and evening rotations. The student successfully completing the curriculum is eligible to write the National ARRT Certification Examination to become a Registered Technologist.

Completion of the degree requires the completion of General Education Requirements for the Associate of Science Degree, all Radiologic Technology courses, BIO 221 and BIO 240. Students must complete the prerequisites of Anatomy and Physiology I (BIO 121), Medical Terminology (RAD 111), English Composition I (ENG 101) and Intermediate Algebra (MATH 30) before entering the program. Transfer students should check course equivalencies prior to enrolling in courses at other institutions.

Special admissions procedures are required for admittance into this program in addition to those required for admission to Missouri Southern State University. This includes a "C" in all prerequisites and other classes required for the course of study taken prior to admission. A limited number of students are allowed into the program each year (see website: http://www.mssu.edu/technology/Rad/ for additional information on admission requirements). A special Radiologic Technology application with supporting materials must be submitted to the Director of the Radiology Program by January 31st of the year the student wishes to enter the program (see application process on website). Accepted students begin the program at the beginning of the following fall semester.

Students seeking admission to the program should possess superior academic and critical thinking skills. They should possess the ability to problem-solve, communicate effectively and have strong interpersonal skills. In addition, they must possess strong academic skills in the sciences, with a good background in anatomy and physiology. Basic courses in physical science and/or chemistry will help prepare students for successful completion of the program. They must have the physical abilities to hear, see, lift and remain on their feet for long periods of time in order to provide safe patient care in clinical rotations. They should have the ability to lift a minimum of 50 pounds on a frequent basis. Students who have further questions regarding the above abilities and skills should contact the radiologic technology department at MSSU (see contact information in this section of the catalog). Or may visit our web site "http://www.mssu.edu/academics/technology/radiology/index.php".

In addition to established fees for all university students, special fees of $17.50 for the first semester of each year for insurance and $250 for the last summer semester are required for enrollment in radiology courses. These fees may change annually.

Students who are already Registered Technologists (through the American Registry of Radiologic Technologists) may also enter the program. Radiol-
ogy course credit may be granted to the Registered Radiologic Technologist equal to that granted to the graduating Associate of Science student at the time the Registered Radiologic Technologist starts the program. Students must then complete the additional Associate of Science Degree General Education Requirements as outlined in the catalog.

A BS in Health Science with an emphasis in radiologic technology option is also available to those wishing to seek a more advanced degree beyond the A.S. option. For more information, please see the health science degree option in this catalog.

For additional information visit our website: http://www.mssu.edu/academics/technology/radiology/index.php

Course Descriptions

RAD 0101  (F) 3 hrs. cr.
Introduction to Radiology
Basic procedures and equipment in the radiology department. Includes organization, function and supervision of a radiology department with a history of x-ray, patient care basics, ethical principles and legal aspects of radiologic technology and basic principles of radiation protection. Three hours lecture per week.

RAD 0110  (F) 2 hrs. cr.
Clinical Training I
Clinical training with special emphasis in the areas of the thorax, pelvis, extremities and spine radiography.

RAD 0111  (F,S) 3 hrs. cr.
Medical Terminology
The language of medicine, especially as related to radiology, through a comprehensive study of the more common medical roots, prefixes and suffixes. Relates medical roots to everyday English words. A survey of procedural, pharmacological, medical and surgical terms are included. Three hours lecture per week. Cross-listed as HS 111.

RAD 0132  (S) 3 hrs. cr.
Principles of Radiographic Exposure
Fundamental principles of technique and technique conversion with particular emphasis on the factors that directly and indirectly affect radiographic exposure. Emphasis on radiation protection, processing, image artifacts and digital modalities. Three hours lecture per week.

RAD 0142  (F) 3 hrs. cr.
Radiographic Positioning I
Basic radiographic positioning including both standard and specialized positions of the abdomen, chest, bony thorax and spine. Image critique and radiation protection are included as critical parts of this course. One and a half hours lecture, three hours lab per week.

RAD 0170  (F) 3 hrs. cr.
Radiologic Physics
The physics of radiology. The physical principles of X-ray production, including theory in electricity, rectification, circuitry and basic equipment maintenance. Three hours lecture per week.

RAD 0210  (F) 2 hrs. cr.
Clinical Training II
Intensive clinical training with emphasis in fluoroscopy and various contrast studies. Additional experience and competencies will also be obtained in the areas of general radiography, portables and an introduction to surgical rotations.

RAD 0241  (S) 3 hrs. cr.
Radiographic Positioning II
Radiographic procedures and positioning related to the bony thorax, digestive, urinary and reproductive systems. A basic overview is given of surgical, mobile and trauma radiography. Special emphasis on the use and preparation of contrast media, patient preparation and procedures employed, including tomography to visualize organs of interest and pathophysiology of the above systems. Two and one half hours lecture, one hour lab per week. Prerequisites: RAD 142 or permission of instructor.

Faculty  Pippin - Head, Dunaway, Whiteman

Mission
The mission of the program is to provide an outstanding educational program that offers students an opportunity to develop knowledge, skill and attitudes essential for safe, effective practice within the scope of respiratory care practitioners.

Goals

Program goals are:
1. To supply the community with respiratory care practitioners.
2. To prepare program graduates to pass the National Board for Respiratory Care Credentialing Examinations.
3. To prepare students for the national certification examination.

A career in the medical field can be a dynamic and rewarding opportunity. The changing nature of the medical profession is creating a demand for multi-skilled health professionals with communication, interpersonal and excellent clinical skills such as the respiratory care practitioner. The Respiratory Therapy Program is designed to prepare students to be employed in the hospital, clinic, sleep laboratory and alternate care settings such as a durable medical equipment company. Respiratory Therapy Practitioners perform a variety of clinical, diagnostic and management functions in these settings.

The Respiratory Therapy Department offers these career tracts:
1. Associate of Science Degree
2. Baccalaureate Degree in Health Sciences. See General Education Requirements and course descriptions on page 49.

The curriculum offers the following options:
- Graduates of the associate degree respiratory care program will be eligible to take the NBRC Certification in Respiratory Therapy to become a Certified Respiratory Therapist (CRT). Successful completion of the CRT exam will allow the graduate to take the written registry and clinical simulation exams to become a Registered Respiratory Therapist (RRT).
- For those students interested in a bachelor degree, there are three options. A Bachelor of Science in Management Technology with an emphasis in General Business, a Bachelor of General Studies or a Bachelor’s in Health Sciences, designed for graduates of the Respiratory Therapy program.

The Associate of Science Degree Program in Respiratory Therapy prepares students for a position as a respiratory care practitioner. The program is provided by Missouri Southern State University and Franklin Technology Center, through a consortium for respiratory care education. The program is accredited by the Commission on Accreditation for Respiratory Therapy,

Clinical Training III
Clinical training in special procedures requiring sterile fields and surgical cases. Continued practice and competency in general radiography, surgery and contrast studies. Prerequisites: RAD 110, RAD 210.

RAD 0301  | (Su) | 2 hrs. | Image Critique and Quality Management in Radiology |
|             |      |         | Theory and practice in the art and science of evaluating the technical quality of images. Students will develop critical-thinking and problem-solving skills to correct positioning and technical errors. Includes an introduction to quality assurance and pathophysiology of the skeletal and respiratory systems. Prerequisites: RAD 132, RAD 170. Four hours of lecture per week. |

RAD 0320  | (F) | 3 hrs. | Radiographic Positioning III |
|             |      |         | An in-depth study of the anatomy and radiographic equipment and positioning used in skulls, facial bones, sinuses, arthrography, long bone measurements and mammography. Part II of this course will include an introduction to CT and an overview of sectional anatomy of the brain, spine, neck, chest and abdomen. One and a half hours of lecture, three hours of lab per week. Prerequisite RAD 241. |

RAD 0340  | (F) | 3 hrs. | Clinical Training IV |
|             |      |         | Continued training in special procedures with increased responsibility in surgical radiography. Continued clinical proficiency development in general radiography, including contrast studies, surgical, portable, facial and skull radiography. Prerequisite: RAD 290 or permission of instructor. |

RAD 0350  | (F) | 3 hrs. | Patient Care and Radiation Protection in Radiology |
|             |      |         | A continuation of basic patient care and radiation protection learned to this point in the program. Course content includes signs, symptoms and appropriate technologist response to common emergencies encountered in radiology. Infection control, chest tubes, enteral tubes and vascular access lines, as well as medication administration, venipuncture and basic ECG will also be covered. Emphasis will be placed on radiation biology and radiation protection of the patient and technologist involved in patient care procedures. Three hours lecture per week. Prerequisites: RAD 101 or permission of instructor. |

RAD 0360  | (S) | 3 hrs. | Clinical Training V |
|             |      |         | Students will rotate through special procedures with increased responsibility and do an introductory rotation through CT scans. In addition, students will continue to incorporate skills and competencies in basic radiologic procedures. Prerequisite: RAD 340. |

RAD 0370  | (S) | 3 hrs. | Special Topics in Radiology |
|             |      |         | Course covers angiography, myelography, digital modalities, bone densitometry and CT with an introductory segment on MRI and ultrasound. Special emphasis on equipment operation, patient care, contrast preparation, procedural steps and pathophysiology. Three hours lecture. |

RAD 0380  | (Su) | 2 hrs. | Clinical Training VI |
|             |      |         | Clinical training in CT and an optional rotation through MRI or other advanced modality. Continued work in proficiency in basic radiographic examinations and competencies. Prerequisite - RAD 360. |
Respiratory Therapy Students must demonstrate numerous competencies representing all three learning domains: the cognitive, psychomotor and affective domains. Students learn, practice and verify these competencies in a number of settings including the classroom, laboratory and clinic. To achieve the required competencies in the classroom setting, respiratory care students must perceive, assimilate and integrate information from a variety of sources. These sources include oral instruction, printed material, visual media and live demonstrations. Students must participate in classroom discussion, give oral reports and pass written and/or computer-based examinations of various formats. Completion of these tasks requires cognitive skills, such as reading, writing and problem-solving. To be physically capable of the classroom work, students must, with assistance, be able to: hear, see, speak, sit and touch. Respiratory care laboratories provide students with the opportunity to view demonstrations, evaluate and practice with medical devices and perform simulated clinical procedures. In addition to the cognitive skills required in the classroom, students must demonstrate psychomotor skills in manipulation of patients and equipment, as well as general professional behaviors, like team-building and interpersonal communications. To satisfy laboratory and clinic requirements, students must perform all procedures without critical error.

Admission to Missouri Southern or Franklin Technology Center does not automatically grant admission to the respiratory care program. In addition to meeting admission requirements to the University, candidates must apply for admission to the Department of Respiratory Therapy. Applications are accepted during the Spring semester for the Fall class.

Enrollment is competitive; Applicants must submit the necessary information to the department office by the designated deadline to be considered for acceptance. Evidence of computer literacy and satisfactory completion of the following prerequisites with a ‘C’ or better must be presented: MATH 030 Intermediate Algebra or higher and BIO 121 Human Anatomy and Physiology I. Department Recommendation: High school or college course work in Physical Science and Chemistry. Interested individuals are encouraged to contact the Program Director of Respiratory Therapy for more specific information regarding admissions criteria.

In addition to established fees for all university students, other costs are incurred by respiratory care students such as: uniforms, books, self-assessment examinations, graduation pins, AARC student membership dues, liability insurance and various expenses for transportation to off campus clinical sites and professional meetings.

Graduate outcomes
Graduates of the program will:

- **Cognitive** - Demonstrate the ability to comprehend, apply and evaluate clinical information relevant to their role as a respiratory care practitioner.

- **Psychomotor** - Demonstrate the technical proficiency in all skills necessary to fulfill the role as a respiratory care practitioner.

- **Affective** - Demonstrate personal behavior consistent with professional and employer expectations for the respiratory care practitioner.

**Admission Criteria**
(Associate of Science in Respiratory Therapy)
Application should be made directly to the Respiratory Therapy Department Office on the Missouri Southern State University campus (special admissions procedures are required for admittance into this program in addition to admission to MSSU).

1. Continuous enrollment, readmission or admission to Missouri Southern and Franklin Technology Center as a transfer student.

2. Completion of an approved college-level math and Anatomy & Physiology I course.

3. Provide documentation of computer literacy.

4. Minimum percentile score on the Health Occupations Basic Entrance Test administered by the Department.

5. Submit to background check and drug screen.

Admission to the program is competitive. Applicants who meet all admission criteria, have completed math and biology courses and/or have healthcare experience will be given preference in admission.

**Associate of Science in Respiratory Therapy**

*Prerequisites BIO 121 & MATH 030 or higher meet AS degree requirement.

Associate of Science degree students must meet the Missouri Constitution Requirement by completing PSC 120 or the Missouri Constitution Test.

Students must pass the National Board for Respiratory Therapy Self Assessment Exam (SAE) for both CRT and RRT prior to graduation from Missouri Southern State University.
## Course Descriptions

**RESP 0101 (F) 3 hrs. cr.**  
**Respiratory Therapy Foundations**  
Enter level information is presented regarding respiratory care history from its conception to its current goals and standing. Topics covered include medical terminology, hospital and respiratory care department structure and management, psychosocial aspects of patient care and medical ethics. A clinical session, allows the student an orientation rotation at the program's clinical sites. Prerequisite: Admission to the respiratory care program.

**RESP 0102 (F) 3 hrs. cr.**  
**Cardiopulmonary Sciences**  
Focuses on the sciences used in the practice of respiratory care. Emphasis will be placed upon physics, chemistry and microbiology and infection control related to the cardiopulmonary sciences. Prerequisite: Admission to the respiratory care program and completion of a college-level math course.

**RESP 0105 (S) 3 hrs. cr.**  
**Cardiopulmonary Anatomy and Physiology**  
An in-depth presentation of the cardiopulmonary system, its abnormalities and corrective techniques as related to respiratory care. Included are the concepts of the cardiovascular system, ventilation, diffusion of pulmonary gases, hemodynamic measurements, ventilation perfusion relationships, oxygen and carbon dioxide transport, acid base balance and arterial blood gas analysis. Prerequisite: Admission to the respiratory care program, college level math course and completion of BIO 121.

**RESP 0107 (F) 3 hrs. cr.**  
**Respiratory Therapy Procedures**  
Theory and practice of basic respiratory care procedures as outlined in the National Board for Respiratory Therapy (NBRC) CRT examination content outline. Including cardiopulmonary assessment, medical gas administration, oxygen therapy, equipment maintenance, chest physiotherapy, chest expansion therapy, airway management, bedside pulmonary function testing, arterial puncture and administering medicated aerosol therapy. Prerequisites: Admission to the respiratory care program and concurrent enrollment or completion of the Respiratory Therapy Procedures Laboratory course.

**RESP 0108 (F) 3 hrs. cr.**  
**Respiratory Therapy Procedures Laboratory**  
Students practice entry level respiratory care procedures, using state-of-the-art equipment, in the clinical laboratory under simulated patient situations. The student will address the three difficulty levels of learning, in the laboratory environment (Recall, Application and Analysis). Prerequisites: Admission to the respiratory care program and concurrent enrollment or completion of RESP 107.

**RESP 0120 (S) 3 hrs. cr.**  
**Cardiopulmonary Pathology**  
Study of concepts and theory of selected cardiopulmonary diseases, to include: definition, clinical manifestations, etiology, pathologic, radiologic and laboratory findings; prevention, prognosis and treatment. Prerequisite: Admission to the respiratory care program and completion of BIO 121.

**RESP 0125 (S) 3 hrs. cr.**  
**Clinical Respiratory Therapy Experience I**  
Clinical instruction supplemented by clinical SOAP assessments that allow the student to apply the classroom and laboratory respiratory care competencies mastered in specific respiratory care courses. Prerequisites: RESP 107 & RESP 108.

**RESP 0129 (S) 3 hrs. cr.**  
**Cardiopulmonary Pharmacology**  
Comprehensive overview of the general principles of pharmacology. Focuses on the drugs and drug groups that are either administered by respiratory care personnel or those that play a role in the care of cardiopulmonary patients. Prerequisite: BIO 121 and admission to the respiratory care program.

**RESP 0222 (F) 4 hrs. cr.**  
**Introduction to Mechanical Ventilation (Life Support Technology)**  
Emphasis on the technical components of mechanical ventilators, their classification, principles of operation, attachments and the flow/pressure/volume curves generated by various ventilators, as well as compliance and resistance. An introduction to the management of patients receiving mechanical ventilation will be presented in a laboratory format. Prerequisite: Admission to the respiratory care program.

**RESP 0226 (F) 3 hrs. cr.**  
**Cardiopulmonary Diagnostics**  
Theory, application and equipment for diagnosing respiratory pathologies through the diagnostic concepts used in respiratory care. Include techniques utilized for measurement of lung gas volumes, capacities, flows and cardiopulmonary status during exercise testing. Basic EKG interpretation will be presented. A secured SAE will be administered during the course. Prerequisite: Admission to the respiratory care program.

**RESP 0239 (F) 5 hrs. cr.**  
**Clinical and Laboratory Experience II**  
Clinical instruction supplemented by clinical SOAP assessments that allow the student to apply the knowledge and respiratory care skills mastered in the Respiratory Therapy courses: Cardiopulmonary Diagnostics, Introduction to Mechanical Ventilation and Neonatal and Pediatric Respiratory care in the laboratory and clinical setting. The course will emphasize ventilator care, diagnostic procedures and alternate site care (home care). Prerequisite: RESP 125.

**RESP 0307 (S) 6 hrs. cr.**  
**Cardiopulmonary Assessment**  
A systematic approach to advanced cardiopulmonary patient assessment. Emphasis is on evaluation of the respiratory care plan based upon laboratory data, electrocardiogram interpretation, fluid and electrolyte balance, acid base balance and oxygen transport, pulmonary function testing, exercise testing, interpretation of chest x-rays, bronchoscopy and hemodynamic monitoring. Prerequisite: Admission to the respiratory care program. In addition the course addresses ACLS (Advanced Cardiac Life Support). Course will consist of four (4) lecture hours and four (4) lab/clinical hours each week.
RESP 0311 (F)  3 hrs. cr.
Neonatal and Pediatric Respiratory Therapy
Respiratory care of the neonatal and pediatric population beginning with fetal development and continuing through assessments of infants including, gestational age, APGAR scoring and Silverman scoring. Various heart/lung deficiencies will also be discussed as well as treatment modalities. Prerequisite: Admission to the respiratory care program.

RESP 0312 (S)  3 hrs. cr.
Advanced Mechanical Ventilation
(Advanced Life Support)
A continuation of the Introduction to Mechanical Ventilation (Life Support Technology) course. In-depth study of ventilator management in critical care, long-term care and the home environment utilizing case studies and clinical problem based learning sessions. Prerequisite: RESP 222 and admission to respiratory care program.

RESP 0313 (S)  3 hrs. cr.
Alternate Site Respiratory Therapy  (Writing Intensive)
Theoretical aspects of providing respiratory care at alternate sites. Includes components of home respiratory care, extended care units, long term care facilities, ventilator rehabilitation centers, physician offices, land/air transport, outpatient diagnostic clinics. Introduces the fundamentals of teaching and learning theories. Prerequisite: Admission to the respiratory care program.

RESP 0340 (Su)  5 hrs. cr.
Advanced Level Respiratory Therapy Clinical Experience
Progressive process of developing cognitive levels at the recall, application and analysis levels as a respiratory care practitioner. Correlates directly with the Advanced Mechanical Ventilation (Advanced Life Support) course, Cardiopulmonary Assessment, Neonate/Pediatric and the Alternate Site (Management/Pulmonary Rehabilitation/Home Care) courses, to provide the student a clinical environment to demonstrate these learned advanced-level respiratory care competencies. Prerequisite: Admission to the respiratory care program and concurrent enrollment or completion of theory coursework.

RESP 0341 (Su)  1 hr. cr.
Research Issues, Methods and Problems in Respiratory Therapy
Directed research and discussion in selected areas of respiratory care for advanced-level respiratory therapist. Course work includes independent literature search under the supervision of a respiratory care instructor that utilizes the student’s program acquired respiratory care critical thinking, writing and oral presentation skills. Research scope, depth and area of concentration to be approved by the program director. A secure WRRT exam will be administered during this course.

Process Improvement
This degree is offered on-line to allow students who transfer into Missouri Southern with an Associate of Science or Associate of Applied Science degree from a community college to complete an undergraduate degree that will facilitate their employment. Designed to enhance and continue the area of specialization chosen in the associate’s degree, the student will enroll in courses that will prepare them to compete for entry management positions.

The First-Year Experience Program at Missouri Southern State University has been established to assist first year students in the transition to university life and to introduce new students to the opportunities at MSSU. The FYE program oversees several components that help accomplish these goals such as the UE 100: The University Experience course, the Common Reading Program and the Leadership Training courses for peer mentors. For further information on this program, see the FYE section under New Student Programs.

For additional information contact:  
Dr. Susan Craig  
Director, First-Year Experience Program  
Office: Hearnes Hall 209B  
Phone: 417.625.9731  
Email: craig-s@mssu.edu

**Course Descriptions**

**UE 0100** (F,S,Su)  
3 hrs. cr.

**The University Experience**  
UE 100 is required for all degree-seeking students having completed fewer than 30 credit hours. UE 100 is a fundamentals course designed to assist first-year students in successfully defining themselves both as active participants in the MSSU community and as citizens of a twenty-first century global community. The course offers information on university personnel, services, facilities, policies and emphasizes MSSU’s international programs and international study opportunities. Student participation in co-curricular activities is required.

**UE 0105** (F,S)  
1 hr. cr.

**Career and Life Planning**  
Materials and methods to help students investigate their present lifestyles including concrete methods of decision making and goal setting. Concentrated career/vocational choice sessions will help students determine an appropriate career. Offered during the first and second half of each semester.

**UE 0150** (F,S)  
2 hrs. cr.

**College Academic Skills**  
A course designed to develop and strengthen an understanding of student responsibility, goals and attitudes necessary for the successful transition from secondary school to college. Active learning through critical thinking, reading and writing to support academic success at the University level will be practiced. Students will identify learning styles and strengths and weaknesses associated with their learning processes. UE 150 is a prerequisite for HIST 110/120 for all students with an ACT reading score of 17 or less or students who have not taken the ACT.

Course Descriptions

HNRS 0101 (F,S) 1 hr. cr.
Honors Forum
An open forum to introduce Honors Scholars to the principles and practices of scholarly inquiry and active learning. Students in small groups are responsible for the selection, design, research and presentation of topics covering a range or a combination of disciplines. Either HNRS 101 or HNRS 201 may be repeated once for credit.

HNRS 0201 (F,S) 1-4 hrs. cr.
Service Learning
By engaging the Honors Scholar as a volunteer in an unfamiliar, public service-oriented institution, this course experience is designed to expose the student to the concepts of self and cognitive awareness and to lead the student through a critical analysis of the dominant paradigms of thought encountered during the service. Either HNRS 101 or HNRS 201 may be repeated once for credit.

HNRS 0298 (Demand) 1-3 hrs. cr.
Interdisciplinary Seminar
An interdisciplinary Honors course. Topics will vary. Open to all Honors students and other qualified students with instructor’s permission. Emphasis on discussion, group activities and projects.

HNRS 0390 (F,S) 3 hrs. cr.
Honors International Study
A directed reflective analysis of an international study experience in either a domestic or foreign culture wherein the Honors Scholar is engaged in service and/or learning which requires an understanding of the world views and principal paradigms which shape that culture. The course is designed to equip the student to articulate with maturity and sophistication the values of a service and/or learning experience in a foreign culture. Prerequisite: Approved international study experience prior to course.

HNRS 0498 (Demand) 1-3 hrs. cr.
Advanced Honors Seminar
An interdisciplinary Honors course for upper-division students. Topics to be announced each time the course is offered. Open to Honors students and other qualified students with instructor’s permission.

HNRS 0499 (F,S,Su) 1-3 hrs. cr.
Independent Study
Course structured by the instructor with approval of the Director of the Honors Program. Prerequisite: member in good standing of the Honors Program. Registration must be approved by the student’s adviser, department head and school dean.

The Honors Program serves Missouri Southern State University by recruiting academically talented and motivated students and engaging them in enhanced educational opportunities and challenges designed to promote their development as scholars and citizens. While students will take courses offered in Missouri Southern’s regular curriculum, the following courses are specifically designed for Honors students. For a complete description of the program, please see pages 56-57.
The minor in Multimedia is designed to allow students to gain the skills necessary for careers in a variety of occupations such as business communication, advertising, graphics and the arts, network communication systems and business and media communication. Students will gain skills in software, multimedia design, programming, communication, marketing and strategy development.

**Faculty** Agee, Derfelt, Scott

Law schools agree that a variety of majors prepare students for law school; there is no single preferred course of study for prelaw students. There are a variety of majors they advise students to pursue in order to prepare for law school. The U.S. Department of Labor (www.bls.gov/oco/ocos053.htm) recommends that students who wish to attend law school should become proficient in writing and speaking, reading, researching, analyzing and thinking critically. They recommend “Courses in English, foreign languages, public speaking, government, philosophy, history, economics, mathematics and computer science, among others.” Students may also find useful any courses that acquaint students with legal vocabulary and “hypothetical” exam questions, a staple of law school exams. Some of the MSSU majors that help prepare a student for law school include: Accounting, Criminal Justice, English, History, International Studies, Justice Studies, Mathematics, Political Science and Sociology. There is also a Legal Studies minor open to any student regardless of major. There are a variety of courses which would be helpful to any student desiring to enter law school no matter what major he or she chooses.

Missouri Southern also offers a variety of activities to prepare students for the law school experience. These activities include Law School Admissions Test (LSAT) training sessions, field trips to law schools and on-campus visits by law school recruiters to help students prepare for and select a law school.

The curriculum for prelaw students should be jointly planned by the student and one of the prelaw advisers below. The student may major in almost any discipline emphasizing development of the academic skills necessary to prepare the student for performing well on the LSAT and for the rigorous study required in law school. The major may be determined by the student’s
general area of academic interest and by the type of law the student plans to practice, such as government service, private practice, corporate law, criminal prosecution or criminal defense.

This minor was developed for non-Engineering Technology majors and focuses on skills and techniques used to improve processes and systems in a variety of industries. Any student majoring in business, health, criminal justice, CIS, biology, chemistry, technical writing or other fields will increase their competitiveness with this minor because any organization benefits from reducing cost and increasing productivity and quality. Some examples of industries who are looking for improvement analysts include Biotechnology, Pharmaceuticals, Food, Chemical Industry, Healthcare Services, Telecommunications Services, Medical Devices and Supplies, Financial Services, Insurance, Law enforcement, Business Services, Computer Software, Computer Hardware, Management Consulting Services, Government and Military Engineering Services, Mortgage Industry, Aerospace and Defense, as well as Energy and Utilities.

University History
The citizens of Joplin, who in the late 1930s asked the public school district to offer college classes, could not have envisioned the sprawling campus and multidiscipline curriculum that today is Missouri Southern State University. From that initial request came Joplin Junior College, founded in 1937 as part of the Joplin school system. Nine faculty members and 114 students began classes under the auspices of the Extension Division of the University of Missouri in the new high school building.

In the spring of 1938, voters approved almost 5-to-1 a bond proposal that would assure the continuation of the junior college. During the next 25 years Joplin Junior College established a national reputation for outstanding academic strength, a strong foundation for what was to come. By the mid-1960s, area citizens again recognized the need for expanded educational opportunities.

In 1964, the citizens voted in an 8-1 majority to create the Junior College District of Jasper County with a Board of Trustees to govern the newly named Jasper County Junior College. The following year, the Missouri General Assembly established a two-year senior college to be funded by the state. The district would continue to provide the freshman and sophomore years.

The area again responded with enthusiastic and generous support with the building of a new campus on the site of the Mission Hills Farm to house the growing college. Administration and faculty, working with other college educators around the state, began developing the new curriculum. In August 1967, students gathered for the first time on the new campus of Missouri Southern State College.

In 1977, the State of Missouri officially took on the responsibility of paying for the entire College. Today Missouri Southern State University remains a proud member of the state's higher education family while continuing to serve the region that is an integral part of its past.

The dual funding arrangement with the state continued until 1977 when on July 1 the State of Missouri officially took on the responsibility of funding the entire College.

With growing global interdependence, it became clear that Missouri Southern must prepare its students to function successfully in the emerging global economy. So in June 1990, plans were announced to pursue the expansion of the College’s mission to incorporate an international emphasis in all its academic and special programs. In 1995, the Missouri General Assembly approved House Bill 442, directing the institution to “develop such academic support programs and public service activities it deems necessary and appropriate to establish international or global education as a distinctive theme of its mission.” Many new programs in international education that enrich and complement the existing programs are now in place.

On July 12, 2003, Missouri Governor Bob Holden officially signed Senate Bill 55, which renamed Missouri Southern State College as Missouri Southern State University-Joplin. August 28, 2003 marked the official date the name changed. The legislation was sponsored by Gary Nutler in the Senate and Bryan Stevenson in the House. Provisions of the legislation also allowed MSSU to begin offering cooperative master’s degree programs.

Information concerning accreditation, including copies of pertinent documents, may be obtained from the Office of the Vice President for Academic Affairs.
University Faculty

Associate Professor, Kinesiology 1995
Bachelor's (B.S.E.), Missouri Southern State College
Master's (M.S.E.), Central Missouri State University
Doctorate (Ed.D.), St. Louis University

Maria Bejan
Assistant Professor, International Business 2011
Bachelor's (B.Sc.), University of Bucharest (Romania)
Master's (M.A.), University Carlos III de Madrid (Spain)
Doctorate (Ph.D.), University Carlos III de Madrid (Spain)

Robert S. Black
Assistant Professor, Library 1988
Serials/Reference Librarian
Bachelor's (B.A.), Millikin University
Master's (M.L.S.), Indiana University

Beverly A. Block
Professor, Business 1984
Bachelor's (B.S.), Southern Nazarene University
Master's (M.Ed.), University of Arkansas
Doctorate (Ed.D.), University of Arkansas
Summer Studies, Oxford University, England

Karen Bradshaw
Instructor, Business 1985
Bachelor's (B.B.A.) Pittsburg State University
Master's (M.B.A.) Pittsburg State University

Barry E. Brown
Professor, English & Philosophy 1987
Bachelor's (B.A.), Kalamazoo College
Master's (M.A.), Columbia University
Master's (M.A.), University of Rochester
Doctorate (Ph.D.), University of Rochester

James F. Brown
Professor, English & Philosophy 1984
Bachelor's (B.S.), University of Iowa
Master's (M.A.), University of Iowa
Master's (M.A.), University of Iowa
Doctorate (Ph.D.), University of Iowa
Joey R. Brown  
Professor, English & Philosophy 2000  
Bachelor's (B.A.), Cameron University  
Master's (M.A.), University of Oklahoma  
Doctorate (Ph.D.), University of Oklahoma

Maria Bruggeman  
Assistant Professor, Kinesiology 2010  
Bachelor's (B.S.), University of North Dakota  
Master's (M.S.), University of North Dakota

Robert Bruno  
Assistant Professor, Communication 2011  
Bachelor's (B.A.), SUNY Stony Brook  
Master's (M.S.), Ohio University  
Doctorate (Ph.D.), Purdue University

Ward H. Bryant  
Associate Professor, Communication 1992  
Bachelor's (B.S.J.), University of Kansas  
Master's (M.S.), University of Kansas

F. Burt Bucher  
Associate Professor, Art 2005  
Bachelor's (B.F.A.) Eastern Kentucky University  
Master's (M.F.A.) University of Cincinnati

Gregory J. Buchholz  
Assistant Professor, Economics 2001  
Bachelor's (B.S.B.A.), Rockhurst University  
Master's (M.A.), University of Notre Dame  
Doctorate (Ph.D.), University of Notre Dame

Dana Bush  
Associate Professor, Nursing 2010  
Bachelor's (B.S.N.), Old Dominion University  
Master's (M.N.), University of Washington  
Doctoral Studies, Capella University

Teddy Byler  
Instructor, Dental Hygiene 2011  
Associate's (A.A.S.), Ozarks Technical Community College  
Bachelor's (B.S.D.H.), University of Missouri-Kansas City

Al Cade  
Professor, Teacher Education 1996  
Head, Department of Teacher Education  
Bachelor's (B.S.E.), Northwest Missouri State University  
Master's (M.Ed.), Northwest Missouri State University  
Doctorate (Ed.D.), St. Louis University

James J. Capeci  
Assistant Professor, Library 2002  
Document Delivery and Projects Librarian  
Bachelor's (B.S.) Southwest Missouri State University  
Master's (M.L.S.) University of Missouri-Columbia

Albert J. Carnine  
Professor, Music 1977  
Bachelor's (B.M.E.), Illinois Wesleyan University  
Master's (M.M.), Southern Methodist University  
Master's (M.M.E.), Southern Methodist University  
Doctorate (D.M.A.), University of Texas

Amber A. Carr  
Assistant Professor, Library 2005  
Bachelor's (B.S.B.A.), Missouri Southern State University  
Master's (M.L.S.), University of Missouri-Columbia

Roger D. Chelf  
Professor, Physics 1995  
Bachelor's (B.S.), University of Kentucky  
Master's (M.S.), University of Kentucky  
Doctorate (Ph.D.), Georgia Institute of Technology

Cheryl Cifelli  
Associate Professor, Music 2005  
Director of Woodwind Studies  
Bachelor's (B.M.), University of North Texas  
Master's (M.M.), University of North Texas  
Doctorate (D.M.A.), University of North Texas

Rhonda Clark  
Assistant Professor, Communication 2008  
Bachelor's (B.A.), Missouri Southern State University  
Master's (M.S.), Oklahoma State University

AmyKay Cole  
Associate Professor, Psychology 2002  
Bachelor's (B.A.), University of New Mexico  
Master's (M.A.), Kent State University  
Doctorate (Ph.D.), Kent State University

K. Casey Cole  
Professor, Psychology 1996  
Bachelor's (B.A.), Shippensburg State University of Pennsylvania  
Master's (M.A.), Kent State University  
Doctorate (Ph.D.), Kent State University

James D. Collins  
Professor, Computer Information Science 1998  
Bachelor's (B.S.), St. Louis University  
Master's (M.S.), Southern Illinois University  
Doctorate (Ph.D.), Nova Southeastern University

S. Mark Comstock  
Professor, Accounting 1993  
Bachelor's (B.S.B.A.), Missouri Southern State University  
Doctorate (Ph.D.), University of Oklahoma  
Certified Public Accountant (CPA)  
Diplomat, American Board of Forensic Accounting (DABFA)

C. Martin Conklin  
Associate Professor, Kinesiology 1988  
Bachelor's (B.S.E.), Missouri Southern State College  
Master's (M.A.), University of Tulsa
Chrys A. Corcoran  
Assistant Professor, Nursing 2001  
Bachelor’s (B.S.N.), University of Tulsa  
Master’s (M.S.), University of Kansas  

Robert L. Corn  
Assistant Professor, Kinesiology 1989  
Head Men’s Basketball Coach  
Bachelor’s (B.S.E.), Missouri Southern State College  
Master’s (M.A.), University of Alabama at Birmingham  

Matt Cowdin  
Instructor, Criminal Justice 2008  
Bachelor’s (B.S.), Missouri Southern State University  

Clara Jean Cozens  
Associate Professor, Teacher Education 2005  
Bachelor’s (B.S.E.), Arkansas Tech University  
Master’s (M.Ed.), Arkansas Tech University  
Doctoral Studies, University of Arkansas  

Nancy M. Crabtree  
Assistant Professor, Library 2003  
Reference/Instruction Librarian  
Bachelor’s (B.S.), Syracuse University  
Master’s (M.L.S.), University of South Carolina  

E. Scott Cragin  
Professor, Marketing 1989  
Bachelor’s (B.S.), Rose-Hulman Institute of Technology  
Master’s (M.M.), Northwestern University  
Doctorate (Ph.D.), Oklahoma State University  

Susan Craig  
Assistant Professor, Teacher Education 1993  
Director First-Year Experience  
Bachelor’s (B.S.E.), Missouri Southern State University  
Master’s (M.S.), Missouri State University  
Doctorate (Ed.D.), University of Missouri - Columbia  

Sabine Cramer  
Professor, Foreign Languages 1996  
Bachelor’s (B.A.), University of Bielefeld  
Staatsexamen, University of Siegen  
Master’s (M.A.), University of Houston  
Master’s (M.A.), Rice University  
Doctorate (Ph.D.), University of Texas at Austin  

Bradley Creamer  
Assistant Professor, Biology 2011  
Bachelor’s (B.S.), Washington State University  
Master’s (M.S.), University of Nebraska-Lincoln  
Doctorate (Ph.D.), University of Nebraska-Medical Center  
Post-Doctoral Studies, Vanderbilt University  

Carrie Curtis  
Instructor, Mathematics 2009  
Bachelor’s (B.S.), Missouri Southern State University  
Master’s (M.S.), University of Missouri-Columbia  

Charles N. Curtis  
Professor, Mathematics 1992  
Bachelor’s (B.S.), University of Washington  
Master’s (M.S.), University of Washington  
Doctorate (Ph.D.), University of Washington  

Bryce Darnell  
Instructor, Kinesiology 2007  
Head Baseball Coach  
Bachelor’s (B.S.), Missouri Southern State University  
Master’s (M.S.), Missouri State University  

Brian Davis  
Assistant Professor, Biology 2011  
Bachelor’s (B.S.), College of William and Mary  
Master’s (M.S.), University of Oklahoma  
Doctorate (Ph.D.), University of Oklahoma  

Michelle Dawson  
Instructor, Marketing 2009  
Bachelor’s (B.S.B.A.), Missouri Southern State University  
Master’s (M.B.A.), Missouri State University  

Peggy Day  
Assistant Professor, Teacher Education 2011  
Bachelor’s (B.S.E.), Missouri Southern State University  
Master’s (M.A.), Pittsburg State University  

Will Delehanty  
Assistant Professor, Political Science 2010  
Bachelor’s (B.G.S.), University of Kansas  
Master’s (M.A.), University of Kansas  
Doctorate (Ph.D.), University of Kansas  

Jennifer Dennis  
Assistant Professor, Biology 2011  
Bachelor’s (B.A.), University of Missouri-Kansas City  
Master’s (M.S.), University of Arizona  
Doctorate (Ph.D.), University of Kansas Medical Center  
Post-Doctoral Studies, University of Texas  

JoAnna Derfelt  
Assistant Professor, Political Science 2009  
Bachelor’s (B.A.), Missouri Southern State University  
Law Degree (J.D.), University of Kansas  

James Donelson  
Assistant Professor, Chemistry 2010  
Bachelor’s (B.S.), University of Arkansas  
Doctorate (Ph.D.), Purdue University  

Megan Douglas  
Instructor, Management 2010  
Bachelor’s (B.S.B.A.), Missouri Southern State University  
Master’s (M.B.A.), Pittsburg State University  

Stu Dunlop  
Instructor, Marketing 2008  
Bachelor’s (B.S.), Missouri University of Science and Technology  
Master’s (M.B.A.), Missouri State University
Joy S. Dworkin
Professor, English & Philosophy 1991
Bachelor’s (B.A.), Reed College
Master’s (M.A.), University of Michigan
Master’s (M.F.A.), University of Michigan
Doctorate (Ph.D.), University of Michigan
Summer Studies, University of Hyderabad, Hyderabad, India

William L. Edwards, Jr.
Associate Professor, Teacher Education 2002
Bachelor’s (B.S.), University of Nevada, Las Vegas
Master’s (M.Ed.), University of Nevada, Las Vegas
Doctorate (Ed.D.), University of Nevada, Reno

Christine B. Eller
Associate Professor, Nursing 1981
Bachelor’s (B.S.N.), University of Connecticut
Master’s (M.S.N.), University of North Carolina

Elliott Ennis
Assistant Professor, Chemistry 2010
Bachelor’s (B.S.), South Dakota State University
Master’s (M.S.), Oregon State University
Doctorate (D.A.), Middle Tennessee State University

Devon Estes
Assistant Professor, Art Graphics 2011
Bachelor’s (B.S.), Cornell College
Master’s (M.F.A.), Iowa State University

Gloria J. Faine
Professor, Teacher Education 1999
Bachelor’s (B.S.), Langston University
Master’s (M.S.), Northeastern State University
Doctorate (Ph.D.), Oklahoma State University

Larry Flatt
Associate Professor, Teacher Education 2005
Bachelor’s (B.A.), Northeastern Oklahoma State University
Master’s (M.Ed.), University of Missouri-Columbia
Doctorate (Ph.D.), University of Missouri-Columbia

Michael D. Fletcher
Professor, Biology 1994
Director of Environmental Health
Bachelor’s (B.S.), Southwest Missouri State University
Master’s (M.S.), University of Oklahoma
Doctorate (Ph.D.), Oklahoma State University

Hillary Fogerty
Assistant Professor, English & Philosophy 2008
Bachelor’s (B.A.), University of California, Berkeley
Master’s (M.A.), University of Washington
Doctorate (Ph.D.), University of Washington

Rolland Fraser
Instructor, Biology 2006
Bachelor’s (B.S.), Emporia State University
Master’s (M.S.), Emporia State University
Doctorate (Ph.D.) University of Nebraska-Lincoln

C. Elaine Freeman
Professor, Teacher Education 1980
Bachelor’s (A.B.), Pittsburg State University
Master’s (M.S.), Pittsburg State University
Specialist (Ed.S.), Pittsburg State University
Doctorate (Ph.D.), University of Tulsa
Summer Studies, Oxford University, England

Brian Fronzaglia
Assistant Professor, Music 2006
Director of Percussion Studies
Director of Athletic Bands
Bachelor’s (B.S.E.), Pennsylvania State University
Master’s (M.M.A.), Michigan State University
Graduate Studies, University of Missouri-Kansas City

Rebecca S. Gallemore
Assistant Professor, Teacher Education 2006
Bachelor’s (B.S.), Northern Illinois University
Master’s (M.S.), Northern Illinois University
Specialist (Ed.S.), Missouri State University

Michael P. Garoutte
Professor, Chemistry 1997
Bachelor’s (B.S.), Missouri Southern State College
Doctorate (Ph.D.), University of Kansas

Deborah Gerecke
Assistant Professor, Dental Hygiene 2006
Director of Dental Hygiene Programs
Associate’s (A.A.S.), Illinois Central College
Bachelor’s (B.S.), University of Missouri, Kansas City
Master’s (M.A.), Southeast Missouri State University

Lynell Gilbert-Saunders
Assistant Professor, Chemistry 2006
Bachelor’s (B.S.), Missouri Southern State University
Doctorate (Ph.D.), University of Missouri-Rolla

William Gray
Instructor, Kinesiology 2008
Head Softball Coach
Bachelor’s (B.S.E.), Pittsburg State University
Master’s (M.S.), Texas Women’s University

George C. Greenlee
Professor, English & Philosophy 1970
Bachelor’s (B.A.), Northeast Louisiana State College
Master’s (M.A.), Northeast Louisiana State College
Doctoral Studies, North Texas State University

Jill Greer
Associate Professor, Sociology, 2005
Bachelor’s (B.A.), University of Arkansas
Master’s (M.A.), University of Missouri – Columbia
Doctorate (Ph.D.), University of Missouri – Columbia
Postgraduate Studies, University of Arizona
John D. Groesbeck  
Professor, Economics and Management 2012  
Dean, School of Business Administration  
Bachelor’s (B.A.), Boise State University  
Master’s (M.S.S.), Utah State University  
Doctorate (Ph.D.), Utah State University

Conrad E. Gubera  
Professor, Sociology 1967  
Bachelor’s (B.S.), Pittsburg State University  
Master’s (M.S.), Pittsburg State University  
Doctorate (Ph.D.), Oklahoma State University  
Post-Doctoral Studies, Columbia University/University of Chicago  
Fellow with National Council on US-Arab Relations, Washington, DC  
Fellow with East-West Center, University of Hawaii (Honolulu)  
Fulbright-Hayes Scholar (Hungary & Poland)  
Fulbright-Hayes Scholar (Egypt)

Béatrice Haase-Dubuis  
Assistant Professor, Foreign Languages 2005  
Bachelor’s (B.A.), Université de Dijon  
CAPES (Secondary Education Certification), Paris  
Master’s (M.A.), Université de Dijon  
Master’s (M.A.), University of Arkansas  
Doctorate (A.B.D.), University of Arkansas

Holly Hackett  
Assistant Professor, Psychology 2011  
Bachelor’s (B.S.), Missouri Southern State University  
Master’s (M.A.), New Mexico State University

Lorinda Hackett  
Assistant Professor, Teacher Education 2006  
Bachelor’s (B.S.E.), Northwest Missouri State University  
Master’s (M.S.Ed.), Northwest Missouri State University  
Specialist (Ed.S.), Pittsburg State University

Lauren Haggard  
Assistant Professor, Nursing 2010  
Bachelor’s (B.S.N.), Lincoln University  
Master’s (M.S.N.), University of Missouri-Columbia  
Doctoral Studies, Capella University

Linda M. Hand  
Professor, Mathematics 1988  
Bachelor’s (B.S.), University of Missouri-Rolla  
Master’s (M.S.), Central Missouri State University  
Doctorate (Ed.D.), Oklahoma State University

Dennis R. Harmon  
Professor, Mathematics 1989  
Bachelor’s (B.S.), University of Oklahoma  
Master’s (M.A.), University of Oklahoma  
Doctorate (Ph.D.), University of Oklahoma

Sheila A. Hart  
Assistant Professor, Nursing 2002  
Bachelor’s (B.S.N.), Missouri Southern State University  
Master’s (M.S.N.), University of Missouri-Columbia  
Doctoral Studies, Capella University

Patricia Hempsmyer  
Assistant Professor, Nursing 2005  
Bachelor’s (B.S.N.) Wichita State University  
Master’s (M.S.N.) Wichita State University

Dennis L. Herr  
Associate Professor, Computer Information Science 1985  
Bachelor’s (B.S.), Missouri Southern State University  
Master’s (M.B.A.), Pittsburg State University  
Certified Data Processor (CDP)

Robert (Kip) Heth  
Associate Professor, Biology 2000  
Bachelor’s (B.S.E.), Illinois State University  
Master’s (M.Div.), Central Baptist Theological Seminary  
Master’s (M.S.), Northeastern State University  
Doctorate (Ph.D.), University of Arkansas

Cherona Hicklin  
Assistant Professor, Teacher Education 2010  
Bachelor’s (B.S.E.), Missouri Southern State University  
Master’s (M.S.), Pittsburg State University  
Specialist (Ed.S.), Southwest Baptist University  
Doctoral Studies, Southwest Baptist University

Jean M. Hobbs  
Associate Professor, Kinesiology 1991  
Bachelor’s (B.S.), Missouri Southern State College  
Master’s (M.S.), Baylor University  
Doctorate (Ph.D.), University of Arkansas

Delores A. Honey  
Professor, 1980  
Assistant Vice President for Assessment and Institutional Research  
Bachelor’s (B.S.), Southwest Missouri State University  
Master’s (M.Ed.), University of Missouri-Columbia  
Specialist (Ed.S.), Pittsburg State University  
Doctorate (Ph.D.), University of Missouri-Columbia  
Summer Studies, Oxford University, England

Sherman X. Hou  
Professor, Foreign Languages 1996  
Head, Department of Foreign Languages  
Bachelor’s (B.S.), Donghua University  
Master’s (M.A.), Beijing Foreign Language University  
Master’s (M.A.), University of Hawaii at Manoa  
Doctorate (Ph.D.), Nova Southeastern University

Michael Howarth  
Assistant Professor, English & Philosophy 2008  
Director of Honors Program  
Bachelor’s (B.A.), James Madison University  
Master’s (M.A.), University of Alaska at Anchorage  
Doctorate (Ph.D.), University of Louisiana at Lafayette

Elke M. Howe  
Associate Professor, Engineering Technology 2001  
Head, Department of Engineering Technology  
Bachelor’s (B.S.E.T.), Pittsburg State University  
Master’s (M.B.A.), Pittsburg State University  
Doctorate (Ed.D.), University of Arkansas
Ronda Hubbard
Assistant Professor, Kinesiology 2001
Assistant Women's Basketball Coach
Bachelor's (B.S.), Southwest Missouri State University
Master's (M.S.), Southwest Baptist University
Specialist (Ed.S.), University of Missouri-Kansas City
Ph.D. Candidate, University of Missouri-Kansas City

Loreen R. Huffman
Professor, Psychology 1996
Bachelor's (B.S.), Pennsylvania State University
Master's (M.S.), Rutgers University
Doctorate (Ph.D.), Rutgers University

William E. Huffman
Professor, Accounting 2000
Bachelor's (B.B.A.), Pittsburg State University
Master's (M.Acct.), Kansas State University
Doctorate (Ph.D.), University of North Texas
Certified Public Accountant (CPA)

Vivian Jackson
Assistant Professor, Nursing 2011
Bachelor's (B.S.N.), Pittsburg State University
Master's (M.S.N.), University of Kansas

Karen Jacobs
Instructor, Dental Hygiene 2007
Associate's (A.S.), Missouri Southern State University

Anne M. Jaros
Professor, Theatre 1989
Bachelor's (B.F.A.), University of Illinois
Master's (M.F.A.), Northwestern University

David Jerome
Assistant Professor, Political Science 2009
Bachelor's (B.S.B.A.), Central Missouri State University
Master's (M.B.A.), Florida Tech
Doctorate (Ph.D.), University of Arkansas

Donna Johnson
Associate Professor, Biology 2006
Bachelor's (B.S.), University of Missouri
Doctorate (D.V.M.), University of Missouri

Kerry D. Johnson
Professor, Mathematics 1998
Head, Department of Mathematics
Bachelor's (B.S.), Arkansas Tech University
Master's (M.S.), Oklahoma State University
Doctorate (Ed.D.), Oklahoma State University

Lisa Kelley
Instructor, Dental Hygiene 2009
Associate's (A.S.), University of Southern Indiana (Dental Hygiene)
Bachelor's (B.S.), University of Southern Indiana (Health Sciences)

Michael C. Kennedy
Associate Professor, Biology 2001
Bachelor's (B.S.), Montana Tech
Master's (M.S.), Montana Tech

Kimberly Kester
Assistant Professor, Institute of International Studies
Director, International English Program
Bachelor's (B.A.) University of North Carolina, Pembroke
Master's (M.Ed.) Grand Canyon University

James E. Kilpatrick, Jr.
Associate Professor, Foreign Languages 2004
Bachelor's (B.S.E.), Missouri Southern State University
Master's (M.A.), University of Arkansas
Doctorate (Ph.D.), University of Kansas

Hyunjung Kim
Assistant Professor, Communication 2011
Bachelor's (B.A.), Seoul Women's University
Master's (M.A.), Florida State University
Doctorate (Ph.D.), SUNY Buffalo

Timothy Klein
Assistant Professor, Theatre 2008
Bachelor's (B.A.), St. Bonaventure University
Terminal Degree (M.F.A.), University of North Carolina at Chapel Hill

John S. Knapp, Jr.
Professor, Geophysics 1989
Bachelor's (A.B.), University of California Berkeley
Master's (M.S.), University of Washington
Doctorate (Ph.D.), University of Washington
Summer Studies, Oxford University; University of Cambridge, England

Claudia Koch
Assistant Professor, Engineering Technology 2008
Bachelor's (B.S.), Freiberg University of Mining & Technology
Master's (M.A.), Freiberg University of Mining & Technology

Karen Kostan
Assistant Professor, Psychology 2008
Bachelor's (B.S.), University of Wisconsin
Master's (M.A.), University of California-Davis
Ph.D. Candidate, University of California-Davis

William A. Kumbier
Professor, English & Philosophy 1989
Bachelor’s (B.A.), Michigan State University
Doctorate (Ph.D.), State University of New York at Buffalo

Richard A. Laird
Professor, Mathematics 2000
Bachelor's (B.S.E.), Emporia State University
Master's (M.S.), Emporia State University
Doctorate (Ph.D.), Kansas State University
Richard E. La Near  
Professor, Finance 1987  
Bachelor’s (B.S.), Pittsburg State University  
Master’s (M.B.A.), Memphis State University  
Doctorate (Ph.D.), University of Mississippi

Kelly B. Larson  
Associate Professor, Communication 1999  
Head, Department of Communication  
Director of Debate and Forensics  
Bachelor’s (B.S.), North Dakota State University  
Master’s (M.A.), North Dakota State University  
Ph.D. Candidate, University of Missouri-Columbia

Grant Latham  
Associate Professor, Mathematics 2006  
Bachelor’s (B.S.), Missouri State University  
Master’s (M.S.), Missouri State University  
Doctorate (Ph.D.), Missouri University of Science & Technology

Michael A. Lawson  
Professor, Biology 1991  
Bachelor’s (B.S.E.), Missouri Southern State College  
Master’s (M.S.), Pittsburg State University  
Doctorate (Ed.D.), University of Missouri – Columbia

Crystal R. Lemmons  
Associate Professor, Biology 2001  
Head, Department of Biology & Environmental Health  
Doctorate (D.V.M.), University of Missouri-Columbia

Emily Leslie  
Instructor, Dental Hygiene 2011  
Bachelor’s (B.S.D.H.), Southern Illinois University-Carbondale

Ann Lile  
Assistant Professor, Theatre 2008  
Bachelor’s (B.A.), Midwestern State University  
Master’s (M.S.), East Texas State University  
Master’s (M.Ed.), Kent State University

James E. Lile, Jr.  
Associate Professor, Theatre 2004  
Head, Department of Theatre  
Interim Head, Department of Art  
Bachelor’s (B.A.), East Texas State University  
Master’s (M.A.), East Texas State University  
Doctorate (Ph. D.), Kent State University

J. Mari Beth Linder  
Professor, Nursing 1999  
Director of Nursing  
Bachelor’s (B.S.N.), Pittsburg State University  
Master’s (M.S.N.), University of Mississippi  
Doctorate (Ph.D.), University of Missouri-Kansas City

Patsy K. Lipira  
Professor, Kinesiology 1981  
Head, Department of Kinesiology  
Bachelor’s (B.S.E.), Northwest Missouri State University  
Master’s (M.S.), Kansas State University  
Doctorate (Ed.D.), University of Arkansas

Susana Liso  
Assistant Professor, Foreign Language 2011  
Bachelor’s (B.A.), University of Navarra  
Master’s (M.A.), Ohio State University  
Doctorate (Ph. D.), Ohio State University

Erica Little  
Assistant Professor, Dental Hygiene 2004  
Bachelor’s (B.A.), Missouri Southern State University  
Master’s (M.P.H.), A. T. Still University

Kexi Liu  
Professor, Music 1991  
Director of Suzuki Violin Academy  
Director of Southern Symphony Orchestra  
Director of String Studies  
Master’s (M.M.), East Carolina University  
Doctorate (D.M.A.), University of North Carolina at Greensboro

Kristen Livingston  
Assistant Professor, Communication 2009  
Associate’s (A.S.), Independence Community College  
Bachelor’s (B.A.), Pittsburg State University  
Master’s (M.A.), Pittsburg State University

David A. Locher  
Professor, Sociology 1996  
Head, Department of Social Science  
Bachelor’s (B.G.S.), Kent State University  
Master’s (M.A.), Kent State University  
Doctorate (Ph.D.), Kent State University

Jeffrey Macomber  
Associate Professor, Music 2002  
Head, Department of Music  
Director of Brass Studies, Arranging & Theory  
Bachelor’s (B.M.), Bowling Green State University  
Master’s (M.M.), Bowling Green State University  
Doctorate (D.M.A.), University of Iowa

Josie Mai  
Associate Professor, Art 2005  
Bachelor’s (B.A.E.), University of Kansas  
Master’s (M.F.A.), Parsons School of Design

Terry D. Marion  
Professor, Management 1976  
International Trade and Quality Center  
Bachelor’s (B.S.), Southwest Missouri State University  
Master’s (M.S.), Pittsburg State University  
Specialist (Ed.S.), Pittsburg State University  
A.B.D., University of Arkansas
James J. Marsh  
Assistant Professor, Engineering Technology 2011  
Bachelor’s (B.S.), Worcester Polytechnic Institute  
Master’s (M.B.A.), Lawrence Tech University

Daniel B. Marsh  
Professor, Physics 1997  
Bachelor’s (B.A.), Drury College  
Master’s (M.S.), University of Arkansas  
Doctorate (Ph.D.), University of Missouri-Rolla

Christi Mattix  
Instructor, Accounting 2011  
Bachelor’s (B.S.B.A), Missouri Southern State University  
Master’s (M.B.A.), Pittsburg State University

Robert D. McDermid  
Professor, Psychology 1990  
Head, Department of Psychology  
Bachelor’s (B.S.), Graceland College  
Master’s (M.Ed.), University of Kansas  
Doctorate (Ph.D.), University of Kansas

Wendy McGrane  
Associate Professor, Library 1999  
Library Director  
Bachelor’s (B.A.), Mercer University  
Master’s (M.L.S.), University of Oklahoma

Holly McSpadden  
Professor, English & Philosophy 1999  
Bachelor’s (B.A.), University of Colorado  
Master’s (M.A.), University of Southern California  
Doctorate (Ph.D.), Indiana University

Thor Mednick  
Assistant Professor, Art History 2010  
Bachelor’s (B.F.A.), University of Southern California  
Master’s (M.A.), University of Southern California  
Doctorate (Ph.D.), Indiana University

John P. Messick  
Professor, Biology 1984  
Bachelor’s (B.S.), Southwest Missouri State University  
Master’s (M.S.), University of Idaho  
Doctorate (Ph.D.), University of Idaho

Richard B. Miller  
Professor, Sociology 1985  
Dean, School of Arts and Sciences  
Bachelor’s (B.A.), Henderson State University  
Master’s (M.A.), University of Memphis  
Doctorate (Ph.D.), Oklahoma State University

Maryann Mitts  
Instructor, Kinesiology 2001  
Head Women’s Basketball Coach  
Bachelor’s (B.A.), Rockhurst College  
Master’s (M.A.), University of Missouri-Kansas City

Teresa Diane Moore  
Assistant Professor, Dental Hygiene 1999  
Bachelor’s (B.G.S.), Missouri Southern State University  
Master’s (M.S.), Pittsburg State University  
Specialist (Ed.S.), Pittsburg State University

J. Chris Moos  
Assistant Professor, International Business 2003  
Head, Department of Marketing and Management  
Bachelor’s (B.S.B.A.), Wichita State University  
Master’s (M.B.A.), Wichita State University  
Doctoral Studies, Swiss Management Center University

Patricia Murphy  
Professor, English & Philosophy 1999  
Bachelor’s (B.A.), Indiana University  
Master’s (M.A.), Northwestern University  
Doctorate (Ph.D.), University of Iowa

Douglas Myers  
Instructor, Management 2011  
Bachelor’s (B.S.B.A), Missouri Southern State University  
Master’s (M.B.A.), Missouri State University

Brian K. Nichols  
Associate Professor, Finance 2000  
Bachelor’s (B.S.B.A.), Missouri Southern State College  
Master’s (M.B.A.), University of Chicago  
Doctorate (Ph.D.), University of Arkansas

Charles E. Nodler  
Professor, Library 1978  
Archivist/Reference Librarian  
Bachelor’s (B.A.), Missouri Southern State University  
Master’s (M.A.), University of Texas at Arlington  
Master’s (M.L.S.), University of Missouri-Columbia  
Certificate of Archival Administration (CAA)  
Certified Archivist (CA)

Jack L. Oakes  
Professor, Computer Information Science 1983  
Head, Department of Computer Information Science  
Bachelor’s (B.S.), Missouri Southern State University  
Master’s (M.S.), University of Wisconsin  
Doctorate (Ph.D.), University of Missouri-Rolla

Danny C. Overdeer  
Professor, Teacher Education 1990  
Bachelor’s (B.A.), Missouri Southern State University  
Bachelor’s (B.S.), Oklahoma State University  
Master’s (M.S.), Oklahoma State University  
Doctorate (Ed.D.), Oklahoma State University

Leslie Parker  
Assistant Professor, Foreign Languages 2003  
Bachelor’s (B.A.), Missouri Southern State University  
Master’s (M.A.), University of Arkansas - Fayetteville
Brett Peine  
Instructor, Paramedic 2011  
Director, EMS  
Bachelor’s (B.S.), Pittsburg State University  
Paramedic Licensure – Missouri, Kansas

Alla Peters  
Assistant Professor, Biology 2011  
Doctorate (M.D.), Northern State Medical University

Nanette Philibert  
Associate Professor, Management 2006  
Bachelor’s (B.S.), University of the State of New York, Albany  
Master’s (M.Ed.), Texas Woman’s University  
Doctorate (Ph.D.), University of North Texas

William T. Pinet  
Associate Professor, Computer Information Science 1997  
Bachelor’s (B.S.), The School of the Ozarks  
Master’s (M.S.), University of Missouri-Rolla

Glenda A. Pippin  
Director, Respiratory Therapy 2000  
Bachelor’s (B.S.), California College for Health Sciences  
Registered Respiratory Therapist (RRT)  
Certified Pulmonary Function Technologist (CPFT)  
Neonatal/Pediatric Specialist (NPS)

Frank Pishkur  
Associate Professor, Art 2005  
Bachelor’s (B.F.A.), Indiana State University  
Master’s (M.F.A.), Wichita State University

Karen E. Plucinski  
Associate Professor, Biology 2002  
Bachelor’s (B.A.), University of New Hampshire  
Master’s (M.A.), University of Vermont  
Doctorate (Ph.D.), University of Maine

Deborah J. Pulliam  
Professor, Teacher Education 1994  
Bachelor’s (B.S.), Southwest Missouri State University  
Master’s (M.S.), University of Missouri-Columbia  
Doctorate (Ph.D.), University of Missouri-Columbia

Richard B. Rawlins  
Professor, Finance 1988  
Bachelor’s (B.S.) University of Missouri-Columbia  
Master’s (M.S.), Oklahoma State University  
Doctorate (Ph.D.), University of Arkansas

David “Rusty” Raymond  
Assistant Professor, Music 1999  
Director of Bands  
Bachelor’s (B.M.E.), North East Missouri State University  
Master’s (M.A.), North East Missouri State University

Ronnie Ressel  
Instructor, Kinesiology 2002  
Assistant Men’s Basketball Coach  
Bachelor’s (B.S.E.), Missouri Southern State College  
Master’s (M.E.), William Woods University

Keith Robertson  
Associate Professor, Teacher Education 2003  
Director of Clinical Field Experiences  
Bachelor’s (B.S.E.), University of Missouri-Columbia  
Master’s (M.Ed.), University of Missouri-Columbia  
Specialist in Education (Ed.S.), Southeast Missouri State University  
Doctoral Studies-Vanderbilt University

Michael T. Rodgers  
Associate Professor, English & Philosophy 1987  
Bachelor’s (B.A.), Central State University, Ohio  
Master’s (M.A.), Pittsburg State University  
Doctoral Studies, University of Tulsa

Vickie R. Roettger  
Professor, Biology 1997  
Bachelor’s (B.S.), University of Iowa  
Medical Technologist Certification (ASCP), University of Iowa  
Master’s (M.S.), University of Iowa  
Doctorate (Ph.D.), Wright State University

Kim Rogers  
Assistant Professor, Dental Hygiene 2000  
Associate’s (A.S.), Missouri Southern State University  
Bachelor’s (B.G.S.), Missouri Southern State University

Tom Rutledge  
Assistant Professor, Kinesiology 1988  
Head Men’s Cross Country/Track and Field Coach  
Bachelor’s (B.S.E.), Quachita Baptist University  
Master’s (M.Ed.), Henderson State University

J. Stephen Schiavo  
Associate Professor, Computer Information Science 2001  
Bachelor’s (B.A.), Trinity University  
Master’s (M.S.), University of Texas-San Antonio

Alan Schiska  
Assistant Professor, Radiologic Technology 2001  
Director, Radiologic Technology  
Associate’s (A.S.), Missouri Southern State College  
Bachelor’s (B.S.), Missouri Southern State College  
Master’s (M.S.E.), Pittsburg State University

Gerald T. Schlink  
Professor, Biology 1989  
Bachelor’s (B.A.), University of Missouri  
Master’s (M.S.), University of Missouri  
Doctorate (Ph.D.), University of Missouri  
Post-Doctoral Studies, University of Missouri
Thomas Schmidt  
Associate Professor, Marketing 2011  
Bachelor’s (B.A.), Drury University  
Master’s (M.B.A.), Drury University  
Doctorate (Ph.D.), Saint Louis University

Trina J. Scott  
Professor, Criminal Justice 1994  
Bachelor’s (B.A.), Indiana University  
Law Degree (J.D.), University of Missouri-Columbia

Stacie Scrivner  
Instructor, Dental Hygiene 2009  
Associate's (A.S.), Missouri Southern State University  
Bachelor’s (B.H.S.), Missouri Southern State University  
Master’s (M.Ed.), William Woods University

David Sharlow  
Associate Professor, Music 2010  
Director of Choral Studies  
Bachelor’s (B.M.E.), Friends University  
Master’s (M.M.E.), Wichita State University  
Doctorate (Ph.D.), University of Missouri-Kansas City

Dale W. Simpson  
Professor, English & Philosophy 1979  
Bachelor’s (B.A.), Harding University  
Master’s (M.A.), University of North Texas  
Doctorate (Ph.D.), University of North Texas  
Oxford Summer Study, 2001

Shanna Slavings  
Assistant Professor, Communication 2010  
Bachelor’s (B.S.), Missouri Southern State University  
Master’s (M.A.), Missouri State University

David M. Smith  
Professor, Accounting 1995  
Head, Department of Accounting and Finance/Economics  
Bachelor’s (B.S.), University of Illinois at Urbana-Champaign  
Master’s (M.A.S.), University of Illinois at Urbana-Champaign  
Doctorate (Ph.D.), University of North Texas  
Certified Public Accountant (CPA)

Jill A. Smith  
Assistant Professor, Accounting 1996  
Bachelor’s (B.S.B.A.), Missouri Southern State University  
Master’s (M.B.A.), University of Minnesota  
Certified Public Accountant (CPA)

Stephen D. Smith  
Associate Professor, Geography 2004  
Bachelor’s (B.S.), University of Central Arkansas  
Master’s (M.S.), Georgia Institute of Technology  
Master’s (M.A.), Pennsylvania State University  
Doctorate (Ph.D.), Pennsylvania State University  
Postgraduate Studies, University of Michigan  
Freeman Foundation Scholar, Japan Studies Association

Susan K. Smith  
Professor, Music 1996  
Director of Vocal Studies  
Bachelor’s (B.M.), University of Wisconsin-Eau Claire  
Master’s (M.M.), University of Northern Colorado  
Doctorate (D.A.), University of Northern Colorado

Debra Snodgrass  
Assistant Professor, Music 2007  
Music for Elementary Schools and Piano  
Bachelor’s (B.M.), Pittsburg State University  
Master’s (M.M.), Pittsburg State University

Richard E. Spencer  
Assistant Professor, Criminal Justice 1995  
Interim Head, Department of Criminal Justice  
Bachelor’s (B.S.), Missouri Southern State University  
Master’s (M.S.), Central Missouri State University

Vikki J. Spencer  
Professor, Teacher Education 1989  
Bachelor’s (B.S.E.), University of Missouri  
Master’s (M.S.), Pittsburg State University  
Doctorate (Ph.D.), University of Kansas

J. J. Spurlin, Jr.  
Associate Professor, Criminal Justice 1998  
Bachelor’s (B.S.), Missouri Southern State University  
Master’s (M.S.), Pittsburg State University  
Specialist (Ed.S.), Pittsburg State University

Chad D. Stebbins  
Professor, Communication 1984  
Director, Institute of International Studies  
Bachelor’s (B.S.), Missouri Southern State University  
Master’s (M.A.), Central Missouri State University  
Doctorate (Ph.D.), Bowling Green State University

Tia Marie Strait  
Professor, Dental Hygiene 1991  
Dean, School of Health Sciences, Public Safety and Technology  
Associate’s (A.S.), Missouri Southern State College  
Bachelor’s (B.G.S.), Missouri Southern State College  
Master’s (M.S.), Pittsburg State University  
Doctorate (Ed.D.), Saint Louis University

Olive Sullivan  
Assistant Professor, Communications 2011  
Bachelor’s (B.A.), Pittsburg State University  
Master’s (M.A.), University of Colorado

John H. Summerfield  
Professor, Chemistry 1995  
Bachelor’s (B.S.), Portland State University  
Bachelor’s (B.S.), The Evergreen State College  
Doctorate (Ph.D.) Oregon State University
Pedro L. Talavera-Ibarra
Professor, Foreign Languages 1995
Bachelor’s (B.A.), People’s Friendship University of Russia
Master’s (M.A.), People’s Friendship University of Russia
Master’s (M.A.), University of Texas at Austin
Doctorate (Ph.D.), University of Texas at Austin

William Z. Tannenbaum
Professor, History 1991
Bachelor’s (B.A.), University of California, Davis
Master’s (M.A.), University of California, Davis
Master’s (M.A.), Stanford University
Doctorate (Ph.D.), Stanford University
Post-Doctoral Studies, University of Munich, Hebrew University of Jerusalem, Tel Aviv University

Gail A. Taubel
Instructor, Dental Hygiene 2007
Associate’s (A.A.), East Central College
Bachelor’s (B.S.), University of Missouri-Kansas City
Master’s (M.Ed.), William Woods University

Paul Teverow
Professor, History 1982
Bachelor’s (B.A.), Case Western Reserve University
Master’s (M.A.), Ohio State University
Doctorate (Ph.D.), Ohio State University
Summer Studies, Oxford University, England

Achala Tiwari
Assistant Professor, English & Philosophy 2010
Bachelor’s (B.A.), University of Jabalpur
Master’s (M.A.), University of Jabalpur
Doctorate (Ph.D.), University of Jabalpur

Cliff Toliver
Associate Professor, English & Philosophy 2001
Bachelor’s (B.A.), Texas Tech University
Master’s (M.A.), University of Texas
Law Degree (J.D.), University of Texas
Doctorate (Ph.D), University of Texas

Susan Tucker
Assistant Professor, Psychology 2010
Bachelor’s (B.A.), Missouri Western State College
Master’s (M.A.), University of Missouri
Doctorate (Ph.D.), University of Missouri

L. Hartford Tunnell
Associate Professor, Computer Information Science 1985
Bachelor’s (B.A.), Texas A & M University
Master’s (M.Ed.), Texas State University
Certified Data Processor (CDP)
Graduate Studies, Incarnate Word University, St. Mary’s University

David Varmecky
Assistant Professor, Art 2009
Bachelor’s (B.F.A.), Kansas City Art Institute
Master’s (M.F.A.), University of Tulsa

Patricia D. Vavra
Assistant Professor, Kinesiology 1994
Head Women’s Cross Country/Track and Field Coach
Bachelor’s (B.S.), Missouri Southern State College
Master’s (M.S.), Pittsburg State University

Juan L. Vázquez
Professor, Mathematics 1992
Bachelor’s (B.A.), University of Puerto Rico
Master’s (M.Ed.), University of Illinois
Doctorate (Ph.D.), University of Florida

T. A. Vernon
Professor, Management 1988
Bachelor’s (B.S.), University of Tennessee-Knoxville
Master’s (M.B.A.), University of Mississippi
Doctorate (D.B.A.), Louisiana Tech University
CQE (Certified Quality Engineer)

Steven T. Wagner
Professor, History 2000
Bachelor’s (B.A.), Purdue University
Master’s (M.A.), Purdue University
Doctorate (Ph.D.), Purdue University
Summer Studies, Oxford University, England

Lydia Welhan
Instructor, Library 2009
Technical Services Librarian
Bachelor’s (B.A.), University of Idaho
Bachelor’s (B.M.), University of Idaho
Master’s (M.M.), University of Maryland
Master’s (M.L.S.), Indiana University

N. Ree Wells-Lewis
Professor, Sociology 1993
Bachelor’s (B.S.), Louisiana State University
Master’s (M.A.), Louisiana State University
Doctorate (Ph.D.), Louisiana State University
Summer Studies, University of Hyderabad, Hyderabad, India

Scott J. Wells
Professor, Biology 1993
Doctorate (D.V.M.), University of Missouri

Norton Wheeler
Assistant Professor, History 2008
Bachelor’s (B.A.), University of Kansas
Master’s (M.A.), University of Kansas
Doctorate (Ph.D.), University of Kansas

Rhonda L. White
Assistant Professor, Dental Hygiene 1987
Bachelor’s (B.S.), University of Missouri-Kansas City

Daniel Williams
Assistant Professor, Theatre 2011
Bachelor’s (B.F.A.), Tarkio College
Master’s (M.F.A.), Southern Illinois University-Carbondale
Tim Wilson  
Assistant Professor, Criminal Justice 2006  
Bachelor’s (B.S.), Missouri Southern State University  
Master’s (M.S.), University of Central Missouri

Phillip C. Wise  
Professor, Music 1995  
Director of Jazz Studies  
Director of Music Education  
Bachelor’s (B.A.), William Penn University  
Master’s (M.A.), California State University, Dominguez Hills  
Doctorate (Ph.D.), Union Institute & University

David Wright  
Instructor, Kinesiology 2005  
Assistant Softball Coach  
Bachelor’s (B.S.E.), Central Missouri State University  
Master’s (Administration), Southwest MO. State University  
Specialist (Administration), Central Missouri State University

Ann C. Wyman  
Associate Professor, Political Science 2003  
Bachelor’s (B.S.), Lindenwood College  
Master’s (M.A.), Mississippi State University  
Master’s (M.A.), University of Maryland  
Doctorate (Ph.D.), University of Maryland  
Summer Studies, Oxford University, England

Tanya Yantis  
Instructor, Marketing 2011  
Bachelor’s (B.S.B.A.), Southeast Missouri State University  
Master’s (M.B.A.), Southeast Missouri State University

Disability Access

It is Missouri Southern State University’s policy to provide access to its programs and facilities to all students, faculty, staff and guests so that no one shall, solely by reason of disability, be denied access to, participation in or the benefits of any program or activity. Students, faculty, staff and guests shall receive reasonable accommodations to provide equally effective access to educational opportunities, programs and activities in the most integrated setting appropriate unless provision for reasonable accommodation would constitute an undue hardship on the University or would substantially alter essential elements of the academic program or course of study or would otherwise compromise academic standards. This policy shall apply to all programs, services and activities of the University, including, but not limited to recruitment, admissions, registration, financial aid, academic programs, advising, counseling, student health, housing and employment.

This policy is intended to be consistent with Section 504 of the Rehabilitation Act of 1973, which states that no recipient of federal financial assistance may discriminate against qualified individuals with disability solely by reason of a disability. This policy is also intended to be consistent with Title II of the Americans with Disability Act of 1990 and the Missouri Human Rights Act. To the extent it is inconsistent with said laws, the legal requirements and standards shall govern.

If you are an individual with a disability and require a reasonable accommodation, please contact Judy Elimelech, Coordinator for Disability Services in the Learning Center (417.659.3725).

In accordance with the policies and procedures that govern Missouri Southern as a whole, students and faculty members who feel that they have not been accorded their due rights are entitled to grieve the action or lack of action against them. Grievances that are related to an individual’s disability, the services provided to him/her or the provision of these services, should follow the procedure outlined in Procedure 9.01 when the circumstances relate to academic issues. All other issues (i.e. housing, sporting events, facility access, etc.) should follow the grievance procedures outlined in Procedure 9.02. Information about these procedures is available from the Coordinator for Disability Services, the Dean of Students or the Vice President for Academic Affairs or our website: www.mssu.edu/disabilityservices.

Policy Changes

The University reserves the right to make changes as required in course offerings, curricula, academic policies and other rules and regulations affecting students to be effective whenever determined by the University. These changes will govern current and formerly enrolled students. Enrollment of all students is subject to these conditions.

Applicant's Signature
REQUIREMENTS
For entering freshmen, an ACT composite score of 28 or above or a GPA of at least 3.5 (on a 4-point scale) is required for eligibility to apply for admission to the Honors Program.

Students who have completed at least 15 but fewer than 30 hours of coursework with at least a 3.5 GPA either at Missouri Southern State University or at another accredited college or university are eligible to apply for admission to the Honors Program. Additionally, students with as many as two years of college experience in another Honors Program or College are invited to apply.

APPLICATION PROCEDURES

INCOMING FRESHMAN
- A COMPLETED Application form must be filed.
- Please request that an official high school TRANSCRIPT be sent directly to the Honors Program.
- Your ACT RESULTS must be on record, either separately or on your transcript.
- Arrange to have two LETTERS OF RECOMMENDATION sent directly to the Honors Program from personnel in your high school. These letters should address the qualities you possess as a student.
- When your application is complete, you may be invited for an INTERVIEW.
- You may be required to submit an ESSAY describing your academic goals and explaining your desire to participate in the Honors Program.

ALREADY ENROLLED OR TRANSFER STUDENT
- A COMPLETED Application form must be filed.
- Please request that an official college TRANSCRIPT be sent directly to the Honors Program.
- Your ACT RESULTS must be on record, either separately or on your transcript.
- Arrange to have two LETTERS OF RECOMMENDATION from your college instructors sent directly to the Honors Program.
- When your application is complete, you may be invited for an INTERVIEW.
- You may be required to submit an ESSAY describing your academic goals and explaining your desire to participate in the Honors Program.

In order to be considered for entrance into the program in the fall semester, all application requirements should be completed by Feb 15; for the spring semester all requirements should be completed by November 1. Interviews will be scheduled at a later date.

Send all application materials to:
Honors Program Director
Missouri Southern State University
3950 East Newman Road
Joplin, MO 64801-1595

Telephone: In Joplin 1.417.625.9300 or 625.3005
Toll free: 1.866.818.MSSU (6778)

Missouri Southern State University is an equal opportunity and affirmative action institution. The college reserves the right to amend regulations when necessary.

• I further understand this application must be received by March 1 for priority consideration.
• Scholarships must be coordinated to ensure awards do not exceed university tuition, room and board.
• Scholarships are issued for one academic year. Hours enrolled and GPA needed varies based on donors.
• All scholarships are subject to change without notice and are subject to review by the Scholarship Committee upon receipt of funds and authorization by the Board of Governors.
• All qualified applicants will receive consideration without regard to non-merit factors: race, sex, creed or disability.

MISSOURI SOUTHERN STATE UNIVERSITY
3950 E. Newman Road | Joplin, MO 64801-1595

GENERAL EDUCATION REQUIREMENTS • MINIMUM REQUIREMENTS
Welcome to residence hall living at Missouri Southern! Over 600 students will join you living on campus. For some of you this will be a new experience and we hope it will be enjoyable, educational and rewarding. (Keep in mind that students who live in university residence halls are more likely to obtain high grades, become involved in extracurricular activities and complete degree programs than their peers living off-campus!) Missouri Southern offers outstanding residence hall units including both traditional, suite and private styles. Rooms are furnished with twin-extra long size beds (36 x 80), desks, chairs, wastebaskets, mini blinds and nightstands. Specially designed suites are available for students with special needs. Each of the three meal plans include Dining Dollars, which can be redeemed at the Lions Den Food Court and UniversityJava Coffee Shop.

Campus Residence Requirements – All freshmen students under 21 years of age are required to live in university residence halls to the extent available, unless they are married or live with their parents.

Additional Advantages of On-Campus Living

- Low Cost – 23 meal, 15 meal, & 10 meal plan (Fall & Spring only)
- May purchase additional Dining Dollars
- Small Community Environment
- Individually air conditioned
- Adjacent to acres of land for recreation/no high-rise buildings
- Convenient parking for all residents
- Carpentry suites & hallways
- Telephone voice mail available upon request
- Mayes Student Life Center – mailroom, computer lab, lounges, aerobics room, weight room, laundry room, vending machines, video games, billiards, ping pong, movies & board games
- Cable access in all rooms
- Internet access available in all student rooms
- Microwaves and refrigerators in all suites
- Residence Hall Association providing social, cultural & educational programs
- Three full-time professional Resident Directors living on-campus
- 24-hour campus Police Department
- Dining hall centrally located in the Student Life Center, outdoor patio & BBQ pit

PERSONAL INFORMATION
