Blackboard

If a student is taking an internet class or a class on MSSU's campus there is likely to be a course web site on Blackboard. Faculty members use the Blackboard sites to post course materials, grades, discussion boards, and sometimes to administer tests. The course sites are accessed through <http://mssu.blackboard.com/>. A link to this site is available on the MSSU home page. Students can call (417) 625-9885 or send an email to: blackboardhelp@mssu.edu. All MSSU students will see the "Blackboard Orientation and Information Course Site" in their course listings once they've logged into MSSU's Blackboard. This site contains helpful tips and information about the requirements and general use of Blackboard.
